As shown by the foregoing report the present revenue from sale of lots is insufficient to pay the running expenses of Mount Hope Cemetery.

This condition arises from the fact that we have no first class lots unsold and only a limited number of medium grades. The sale of the last named grade of lots has not been as large as it would have been, on account of the sale by the Masonic Order and I.O.O.F., who have tracts set apart to them.

We recommend that a levy be made for surveying the unimproved tract and grading a portion of the same north of the present improvement, limiting the first improvement to about 20 acres, which can be made very desirable.

We estimate that it will require about $8000.00 to do this work.

We also ask that the water rate to the Cemetery be reduced to 4 cents.

Respectfully submitted,

_____
President.

_____
Secretary.

Having succeeded to the office of Secretary and Treasurer in Dec. 1909, I have small means of knowing anything about the affairs of the cemetery, and make this report from what I can learn from some very imperfectly kept books, and consequently cannot certify to its correctness.

RECOMMENDATIONS.

We have located some 200 single grave lots in the present improved section, which are selling, and there are a number of the larger lots also for sale.

We have surveyed, and are ready to grade the new dividion (No.7) of about ten acres, and will have it ready for sale and use in about three months.

We ask for $8000.00 in this tax levy. We have to grade, plat, pipe, fence and grass the new division, and want to open up and prepare for about a thousand single lots between the Hebrew section and the railroad, to be sold for five dollars ($5.00) per lot. Also to build a new receiving vault, an office and a waiting room with toilet; and other repairs and improvements among which are a wooden underground conduit, which has collapsed in several places, and a new and corrected map of Mt. Hope and its subdivisions. Also, to inaugurate some new and better method of improvement and care of the entire cemetery grounds.

Respectfully,

Rexford Hoffman

Secretary and Treasurer,

Board of Cemetery Commissioners.

Circular Letter

San Diego, Cal. Jan 1st 1910

To the Patrons of Mt. Hope Cemetery:— Heretofore lots have been cared for by Mr. J.B Smith, former Supt. and Mrs. Whitmore, widow of a former Supt., who received the pay therefor and were responsible to the lot owners individually. Beginning Jan 1st 1910 the Cemetery Commission takes charge of all care of lots and will collect pay for same.

Terms:- On lots less than 150 Sq. feet $ 6.00 per annum } 2 quarters } If paid Yearly in
" " " " 250 " " " 9.00 " } in } advance $5, $7.50 and
" " " " 450 " " " 12.00 " " } Advance }

$10.00 respectively. This Kind of care will be discontinued on any lot in arrear 3 years.

We desire to improve and beautify Mount Hope to the full extent of our financial ability, and hope all patrons will interest themselves to promote the improving of all lots possible.

We are also laying out a new section across the railroad, to be

to be designated as Division No. 7, in which no coping will be allowed, and the lines between lots will be marked with cement stakes set level with the ground so that larger lawns can be maintained at less expense and the whole be beautified on broader lines.

We have had surveyed a new plot adjoining Mount Hope Cemetery,north of the railroad,known as Division #7 and we contemplate,in fact are ready to grade,grass and beautify this entire new division during the ensuing year and place same on the market.This improvement,together with contemplated and necessary improvements in other parts of the cemetery entails an expense far greater than our income.We therefore petition that we be allowed an appropriation of not less than $7500 for the ensuing year.

The Supt Mr Butler laid a proposition before the
Commission in regard to the main drive through the
Masonic Cemetery, from the street to the Main
entrance of Div 7 Mount Hope. His suggestion was that the
drive be prepared and covered with several inches of decomposed
granite, the granite to be furnished and laid down at the entrance
of Div 7 by the Cuyamaca Railroad. This drive is the only feasible
way of getting to and from this portion of Mt Hope Cemetery.
As practically the entire length of it is through the Masonic Cemetery
he thought it only fair that Mt Hope should at least stand part
of the expense of fixing it. The proposition was received favorably by
the Commissioners and the Supt instructed to procure
data as to cost &c and report at the next regular
meeting.

A proposition of the Supt Mr Butler that on and after
Nov 1st 1911 all foundations for monuments be put
in by the Cemetery at the expense of the lot owners
and that ten days notice be given the Supt for such work
Price to be 40cts per sq foot

All markers to be kept level with surface of lawn
The proposition was approved as presented, the Clerk ordered
to have type written copies of the same made and a
copy sent to each of the monument men in the City

The Supt and Clerk both stated that they had had more
or less trouble in collecting for sale of lots from
Undertaker J. T. Barkley and asked for instructions
in regards to the same
After some discussion it was the sense of the Commission
that he should pay for all lots before interment is made
On further discussion however the matter was left to
the judgement of the Supt with full power to act.

The question of fixing drive through the Masonic Cemetery

Mr. Hanafin reported that on Hall, and employe at the Cemetery, had been coming to him with compaints for several weeks; that he Mr. Hanafin, had taken upon himself to investigate the reports brought to him by Mr. Hall, and he found that, in his opinion Mr. Hall was more at fault than any one else.
On questioning Mr. Butler he found that Hall was in the habit of getting mad at times, and doing a great deal of cussing and swearing while on the work, and that to avoid this Mr. Butler had thought best to work Hall by himself as much as possible, and that he had been doing this for some time; but that as far as Mr. Butler knew, Hall had not been particularly bitter against him untill advised by Mr. Hanafin.

Mr. Hanafin reported that he was told that the Clerk in one of the City Hotels had been obliged to ask Hall to refrain from abusive talk while in the Hotel, and that this talk was a reflection on Mr. Butler.

On motion of Mr. Hanafin it was voted to discharge Hall from the force at the Cemetery, as it was thought he was a disturber; this was done by writeing him a letter, saying that his services were no longer required, said letter being signed by the rembers of the Commission then present.

re Oddfellows & Jewish Cemeteries

A copy of Deputy City Attorney S J. Higgins' opinion addressed to J B Cosgrove - City Attorney relative to the authority of Cemetery Assns to sell cemetery lots in Mount Hope Cemetery was introduced & taken under consideration. The opinion starts out with the setting aside of parts of certain Pueblo lands for Cemetery purposes under the name of "Mount Hope Cemetery" & the action of the town trustees being ratified by the State Legislature; Also with the conveyance of certain parts of said Cemetery for use of Masonic Lodge which was also conveyed by the State in an act approved Jan 29. 1870.

The opinion continues to relate that the City has since granted (subject to rights of supervision according to law) other tracts to various fraternal organizations as the Odd Fellows, Masons, Congregation Beth Israel, Members of the G.A.R.

It then contends that, while the State legislature [illegible], the City had not the right to convey or set apart any portion of Mount Hope Cemetery for the exclusive use of such organizations. Several analogous cases are cited before the Supreme Court of the United States - that the City could not delegate its control or powers, insisting that "a use by a private Corporation was not a public use" - finally, the opinion argues that the Congregation Beth Israel

G.A.R + Odd Fellows are private organizations + in no sense public agencies + quotes the Supreme Court that "The public use of public property cannot .... coexist with the private management + control of such property."

Then follows his opinion that grants made to all but the Masons + County of San Diego, which is a public organization, are void + of no effect, + that the full control + management is in the Cemetery Commission + cites the Charter for the regulations concerning revenue + its use.

The Cemetery Commission thereupon addressed a letter to Deputy City Atty Higgins asking for the ruling of a letter to be addressed to the Odd Fellows + Jewish Congregation.
