AN ORDINANCE AMENDING SECTIONS 2801 AND 2802 AND REPEALING SECTION 2803 OF ORDINANCE No. 3674 (NEW SERIES), (BUILDING CODE), ADOPTED MARCH 2, 1948, AND REPEALING ORDINANCE No. 3473 (NEW SERIES) ADOPTED JULY 15, 1947, OF THE ORDINANCES OF THE CITY OF SAN DIEGO.

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. That section 2801 of Ordinance No. 3674 (New Series) of the ordinances of The City of San Diego, entitled, "An ordinance regulating the safety, construction, alteration, repair, moving, demolition, occupancy, use, location, and maintenance of buildings and structures in the City of San Diego, California.", adopted March 2, 1948, be, and the same is hereby amended to read as follows:

"Section 2801. HOUSE MOVING.

No person except a licensed house mover shall move any building within The City of San Diego except as hereinafter provided. No licensed house mover will be required where a building is to be moved from one part of the lot, or from one lot to another, owned by the same person and where such building is to be moved without crossing any street, alley, public property, or the property of another person. Type V buildings under 14 feet in height, less than 200 square feet in area, and having a horizontal dimension not exceeding 18 feet, when entirely supported upon a suitable vehicle, without the assistance of any additional wheels or rollers, may be moved without the services of a licensed house mover.

"All house movers must comply with all conditions governing such work or applicable thereto, as laid down in the ordinances of The City of San Diego and must make good all damages or injuries caused by moving of any house or structure. The wheels and rollers shall have sufficient tire or bearing width to prevent any grooving, marring or damaging of the pavements.

"Before placing any dwelling, apartment house or hotel upon a lot, the distance as required by law between such building and adjacent structures on the same lot, shall be verified and the structure placed accordingly.

"Before moving any building or structure, a permit to do so shall first be obtained from the Building Inspector.

"The fee for a moving permit shall be based upon the area of the building to be moved and shall be \$5.00 for all buildings up to 500 square feet in area; \$10.00, from 500 square feet up to 1000 square feet in area; and \$20.00 for all buildings 1000 square feet or more in area.

"The permit shall limit the time for removal and any delay of time longer than specified in such permit shall be deemed a violation of this ordinance.

"The 'Permit Card' shall be tacked up near the front entrance of the house being moved. Otherwise, if no 'card' be tacked up, the Building Inspector may stop the work. A permit to move a building does not cover a permit for underpinning or repairs. No frame or Type V building shall be moved from without to within Fire Zone No. 1, nor from one part of Fire Zone No. 1 to another. Before moving a building past a fire station, the Fire Department shall be duly

notified in advance."

Section 2. That section 2802 of said Ordinance No. 3674 (New Series), be, and the same is hereby amended to read as follows:

"Section 2802. MOVING PERMIT.

"(a) No person shall move any building or structure, or any portion thereof without a written 'Moving Permit' therefor from the Department of Inspection of The City of San Diego. At the time of filing an application for a 'Moving Permit', the applicant shall pay a \$3.00 examination fee, no part of which fee shall be returned to the applicant.

"(b) An application for a Moving Permit shall give the location of the building, location to which it is to be moved, type of construction, alterations, additions, or repairs to be made, and such other pertinent information necessary to fully inform the Department regarding the moving of the building or structure.

"Upon receipt of such application, the Department of Inspection shall refer said application to the Planning Commission or Zoning Committee for its approval, to the Police Department for the routing for the moving of the building or structure, and to any other department of the City which may be affected by such moving, for its report on said application.

"(c) No moving permit shall be granted except under the following conditions:

(1) The building shall not be an old dilapidated building;

(2) The building shall not present any serious

rot, or fungus infection, nor be seriously infested with termites;

(3) The building shall not materially violate any law, nor the public peace and welfare;

(4) The building shall not seriously jeopardize the neighborhood into which it will be moved;

(5) That all agreements and instructions relative to moving will be followed;

(6) Petitioner shall file with the Inspection Department detailed plans and specifications, which may be informal in nature so long as the same may be easily interpreted and understood and which said plans and specifications shall include only exterior alterations, additions and repairs, including those required by the report of the Planning Commission or Zoning Committee.

Upon approval of such plans and specifications the petitioner shall file a faithful performance bond or make a cash deposit, as hereinafter specified, in the amount of 10% more than the Building Inspector's estimated cost for such exterior improvements including cost of foundation.

(a) The hereinbefore required faithful performance bond may be either of a bonding company or of an individual, provided however, that in the event of an individual bond, it shall have two good and sufficient sureties who shall execute an affidavit that each is in fact the owner of property over and above exemptions allowable by law in an amount of the principal of said bond. The form of said bond shall

have been approved by the City Manager and the City Attorney.

Such bond shall be in form joint and several and shall be conditioned as follows: Every bond executed under the provisions of this section shall inure to the benefit of The City of San Diego and be conditioned upon the faithful completion to the satisfaction of the Building Inspector of the required exterior alterations, additions, repairs and foundation.

No such bond shall be void upon the first recovery thereof but suit may afterwards be brought from time to time and judgments may be recovered thereon by the said City of San Diego against the principal and sureties of this bond until the whole penalty of such bond is exhausted.

(b) The hereinbefore required cash deposit may be either cash, cashier's check or certified check. Such cash deposit shall be made to the City Treasurer and be placed by him in the proper suspense fund. At the time of making such cash deposit the petitioner shall sign a permit authorizing the City of San Diego or its duly authorized agent or contractor to enter upon the premises and to make and complete the required exterior alterations, additions and repairs and to apply all or any part of said cash deposit to pay such cost.

Upon completion of the exterior alterations, additions and repairs and approval by the Building Inspector such money, if any, remaining shall

be returned to the petitioner.

(c) The foregoing bond or cash deposit may be waived by the Council of The City of San Diego upon petition for such waiver and good cause appearing therefor.

(7) That the time for completion of the exterior alterations, additions and repairs as set forth in the previous paragraph shall be that of ninety days from and after the placing of said building on its new location, provided, however, that such time may be extended for good cause appearing.

"(d) That the conditions above set forth for the issuance of a moving permit shall not apply to the moving of buildings to storage lots for resale, except that such moving shall be subject to agreements and instructions relative thereto as may be imposed; provided, however, that all of the conditions shall be applicable upon the sale of any building from a storage lot and removal thereof to a location for installation and use of a permanent nature."

Section 3. That section 2803 of Ordinance No. 3674 (New Series) of the Ordinances of The City of San Diego, entitled, "An Ordinance regulating the safety, construction, alteration, repair, moving, demolition, occupancy, use, location, and maintenance of buildings and structures in The City of San Diego, California," adopted March 2, 1948, be, and the same is hereby repealed.

Section 4.
