compensate said employee for said overtime work by additional compensation at his regular rate, or allow said employee compensatory time off.

The salaries and compensations assigned to employees working part time for said City shall be full compensation for the actual hours or days in which said part-time employee is performing services for the City.

The Commission hereby adopts, effective July 3, 1951, the following rules to determine the resulting status of each employee in the Classified Service in the allocation of positions to the classes created by Ordinance No. 4821 (New Series) of the ordinances of The City of San Diego, entitled, 'An Ordinance establishing a schedule of compensation for officers and employees in the Classified Service of

The City of San Diego, providing uniform compensation for like service; and establishing a schedule of compensation for officers and employees in the Unclassified Service of said City; and repealing Ordinance No. 4428 (New Series), adopted May 29, 1950, and Ordinance No. 4429 (New Series), adopted May 29, 1950, adopted May 29, 1951, as amended:

(a) If there is no change in title or substantial change in duties for the position, the employee shall be allocated to the new class with the same status he had in the old class.

(b) If there is a change in title, but no substantial change in the duties in the position, the employee shall be allocated to the new class with the same status he had in the old class.

(c) If a new class has resulted from the consolidation of all or part of two or more old classes, the employee shall be allocated to the new class with the same status he had in the old class.

(d) If the new class results from the division of an old class, the employee shall be allocated to the new class with the same status he had in the old class; provided, that if another higher class resulted from the division of the old class the employee shall also be placed in the appropriate reemployment list, and shall be eligible for employment in such higher class when a vacancy is available.

(e) If the employee in his present position has been performing duties specified for a new, different, or other class, which is substantially higher than or different from that in which the employee has status, the employee shall be granted status in the new class, upon a temporary basis for a period not to exceed six (6) months. During said six-

Certification for the permanent allocation to said positions shall be in accordance with the Rules of the Civil Service Commission now in force and effect.

(f) Employees of departments where the line of duty is based upon a military or quasi-military rank such as the Police Department, etc., shall retain their present rank and status, until they have qualified for and taken competitive promotional examinations, or have been certified to a higher rank from the present existing eligible lists; said examinations and the certification for the position therefrom to be in accordance with the Rules of the Civil Service Commission now in force and effect; and from and after the 12th day of January, 1952, permanent allocations to the positions in said departments shall be made only from the eligible lists for which promotional examinations have been given as herein provided.

(g) If an employee believes that the allocation made for him is not just, he may, within thirty (30) days from the date he receives notice of such allocation, fill out an Allocation Appeal Form furnished by the Civil Service Commission, and submit the same to the department head. The department head shall review the allocation with the employee, and in writing on said Allocation Appeal form show his agreement or disagreement with said allocation. The Allocation Appeal Form shall then be forwarded to the Civil

Service Commission, where further investigation shall be made, and the employee affected shall be given a reasonable opportunity to be heard. The Commission may in its discretion order the allocation of the employee to the same or another position, or may deny the appeal. A copy of the written statement of the reasons for the Civil Service Commission's order shall be furnished to said employee, and a copy filed as a public record in the office of the Civil Service Commission.

ORDINANCE NO. 4894
(New Series)

AN ORDINANCE AMENDING SECTION 164 OF ORDINANCE NO. 11648 OF THE ORDINANCES OF THE CITY OF SAN DIEGO (PLUMBING ORDINANCE), APPROVED MARCH 28, 1928.

WHEREAS, the provisions of Ordinance No. 11648 of the ordinances of The City of San Diego prohibit the use of brass traps of a lesser weight than 17-gauge, and the United States Department of Commerce National Production Authority has recently issued a directive prohibiting the manufacture and sale of brass traps of greater weight than 20-gauge, and as a result of such directive the builders and building contractors of the City are unable to install brass traps of greater weight than 20-gauge, and the building of necessary housing facilities in The City of San Diego is being obstructed and impeded, and therefore it is immediately necessary, in order to preserve the public peace, health and safety of the City, to enact amending legislation permitting the use of brass traps of lesser weight than presently prescribed by said Ordinance No. 11648; NOW, THEREFORE,

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That Section 164 of Ordinance No. 11648 of the ordinances of The City of San Diego, entitled, "An Ordinance relating to and regulating sanitary plumbing and drainage, prescribing the conditions under which plumbing may be carried on in The City of San Diego, California, and repealing Ordinances Numbered 8628 and 9323, and all ordinances and parts of ordinances in conflict herewith," approved March 28, 1928, be, and the same is hereby amended to read as follows:

"Section 164. Every trap shall be self-cleansing. No form of trap which depends upon the action of movable or mechanical parts for its seal shall be used. No trap which depends upon concealed interior partitions for its

seal, or which has interior partitions that, in case of defect, would allow the passage of sewer air, will be permitted. All traps shall be full bore, and have a smooth interior water way. Traps which are made of drawn tube will be permitted, provided that brass of no lighter weight than 17-gauge is used, and that the maker's name and gauge of tubing is stamped thereon; PROVIDED, however, that if and in the event, by reason of any legislative directive issued by or under the authority of the United States Government, or any of its departments, bureaus or commissions, the sale and use of traps of greater weight than 20-gauge is prohibited, then the Plumbing Inspector of the City shall have authority to permit the use of traps of lesser weight than 17-gauge if in the opinion of said Plumbing Inspector the use of such lesser weight traps will not affect the public peace, health and safety of the people of The City of San Diego."

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety of The City of San Diego and its inhabitants, for the reasons set forth in the preamble hereof, and shall take effect and be in force from and after its passage.

ORDINANCE NO. 4894 (NEW SERIES)

AN ORDINANCE AMENDING SECTION 164 OF ORDINANCE NO. 11648 OF THE ORDINANCES OF THE CITY OF SAN DIEGO (PLUMBING ORDINANCE), APPROVED MARCH 28, 1928.

WHEREAS, the provisions of Ordinance No. 11648 of the ordinances of The City of San Diego prohibit the use of brass traps of a lesser weight than 17-gauge, and the United States Department of Commerce National Production Authority has recently issued a directive prohibiting the manufacture and sale of brass traps of greater weight than 20-gauge, and as a result of such directive the builders and building contractors of the City are unable to install brass traps of greater weight than 20-gauge, and the building of necessary housing facilities in The City of San Diego is being obstructed and impeded, and therefore it is immediately necessary, in order to preserve the public peace, health and safety of the City, to enact amending legislation permitting the use of brass traps of lesser weight than presently prescribed by said Ordinance No. 11648; NOW, THEREFORE

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That Section 164 of Ordinance No. 11648 of the ordinances of The City of San Diego, entitled, "An Ordinance relating to and regulating sanitary plumbing and drainage, prescribing the conditions under which plumbing may be carried on in The City of San Diego, California, and repealing Ordinances Numbered 8628 and 9323, and all ordinances and parts of ordinances in conflict herewith," approved March 28, 1928, be, and the same is hereby amended to read as follows:

"Section 164. Every trap shall be self-cleansing. No form of trap which depends upon the action of movable or mechanical parts for its seal shall be used. No trap which depends upon concealed interior partitions for its seal, or which has interior partitions that, in case of defect, would allow the passage of sewer air, will be permitted. All traps shall be full bore, and have a smooth interior water way. Traps which are made of drawn tube will be permitted, provided that brass of no lighter weight than 17-gauge is used, and that the maker's name and gauge of tubing is stamped thereon; PROVIDED, however, that if and in the event, by reason of any legislative directive issued by or under the authority of the United States Government, or any of its departments, bureaus or commissions, the sale and use of traps of greater weight than 20-gauge is prohibited, then the Plumbing Inspector of the City shall have authority to permit the use of traps of lesser weight than 17-gauge if in the opinion of said Plumbing Inspector the use of such lesser weight traps will not affect the public peace, health and safety of the people of The City of San Diego."

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety of The City of San Diego and its inhabitants, for the reasons set forth in the preamble hereof, and shall take effect and be in force from and after its passage.

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. That Ordinance No. 10792 of the ordinances of The City of San Diego, entitled, "An Ordinance Establishing a City Employees' Retirement System for the Employees of The City of San Diego," approved December 1, 1926, as amended to date, be, and the same is hereby amended by adding a new section thereto, to be numbered Section 5.1, which said section shall read as follows:

In addition to all the benefits, rights, privileges and obligations set forth in this ordinance for and on behalf of the employees of The City of San Diego, each police officer, fireman or lifeguard performing lifeguard service, other than those police officers and firemen who are already members of the pension system under Article X of the Charter of said City, shall receive the following benefits on account of or because of accidental disability or accidental death, which said benefits are herein enumerated as follows:

"(1) Any such member of the City Employees' Retirement System who has been employed by The City of San Diego either as a member of the Police Department or of the Fire Department, and whose such employment in either the Police Department or Fire Department has taken place subsequent to June 30, 1946,

and any member of said City Employees' Retirement System who as a lifeguard is performing lifeguard service at the time of his injury, who shall become physically or mentally disabled by reason of bodily injuries received in or by reason of sickness caused by the discharge of duty, or as a result thereof, to such extent as to render necessary his retirement from active service, may be entitled, with the consent of the head of the department concerned and the approval of the City Manager, to receive as a disability benefit for a period not to exceed one (1) year, a sum of money equal to his full salary, which shall be paid to said member out of the budgeted salary accounts of the City for the fiscal year or years involved, minus, however, such Workmen's Compensation Benefits as said member shall have received for such period of time as he receives the disability benefit equal to his salary.

"(2) After one year, if said employee is still so incapacitated as to render necessary his retirement from active service, the Board of Administration of the City Employees' Retirement System, upon determining such necessity for retirement, shall retire such member or employee and cause to be paid to him the following benefits:

"An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement, together with a pension in addition to such annuity of an amount sufficient to provide a total retirement allowance of money equivalent to one-half of the salary received by such member at the time of injury, but not in excess of one hundred fifty dollars (\$150.00) per month.

00944

"(3) If such disability shall cease, or if such member shall, upon the recommendation of the head of the department in which he was employed, be restored to such active duty, during the year of disability described in Paragraph (1) of this section or thereafter, as he is able to perform with the rank or rating in salary which he held at the time of his injury or illness, the disability payment or the retirement allowance provided hereunder shall terminate and cease. (\$20.00) per month, payable monthly, but in no case shall such payments exceed the sum of seventy-five *dollars* (\$75.00) per month for one family.

"Any payments made under this section to dependents of a member shall cease upon the death or marriage of such dependents, or upon the attainment of eighteen years of such dependents, other than the widow of such member.

"(5) In the event that any member, or widow of a member, or dependent of a member, under this section, shall become entitled to receive benefits by virtue of this section, and also should be entitled to receive Workmen's Compensation Insurance benefits under any law of the State, the City shall be obligated to pay to said employee, or widow, or dependent only such amount as shall represent the difference between the sum paid to such employee, or widow, or dependent, by the State Compensation Insurance Fund and the maximum amount permitted to be paid such employee, or widow, or dependent under this section.

"(6) None of the retirement allowances provided by paragraph 5 of Section 5 of this ordinance shall be paid to any member who is entitled to receive benefits under this section. In all other respects said Section 5, except as in conflict with this section, shall be applicable and control all situations not covered expressly by this amending ordinance."
