(e), The permit shall further provide that when the owner is in arrears for a period of thirty (30) days, the Port Director may at his option take over such mooring and convert it to use by the Harbor Department and further when such owner has been in arrears for a period of six (6) months or more the title to said mooring shall revert to the Harbor Department, provided, however, that at any time within the said period of six (6) months, the owner shall have the privilege of redeeming such mooring by paying the total accrued charges.

(f) The permit shall further provide that the vessel to be anchored or moored within the designated mooring areas shall be duly documented and/or registered with the United States Coast Guard.

(g) Transfer of ownership of any mooring shall be permitted upon the payment of a one dollar (\$1.00) transfer fee, and presentation of a bona fide bill of sale to the Port Director, and then only when the new owner of said mooring is the actual owner of a vessel of the same approximate size and type and occupation as the vessel for which the original mooring was installed.

such other organizations as it may determine. The Harbor Commission may further, by Resolution, establish a schedule setting forth the charges for the use of said floats, wharves, piers and other harbor facilities, which may be acquired or constructed by the Harbor Department.

(b) It shall be unlawful to occupy any such float, wharf, pier or other harbor facility as set forth in paragraph (a) above, in the designated anchorage areas without a permit first having been issued by the Port Director.

(c) No permit shall be issued by the Port Director for a berthing space at any float, wharf, pier or other harbor facility, as set forth in paragraph (a) above, until the applicant shall have submitted to said Port Director, the length, width and type and occupation of vessel which is to occupy said berthing space, and said berthing is approved by the Port Director.

(d) Any permit issued by the Port Director shall conform to the terms set forth in SECTION 4 hereinabove, except paragraph (d) thereof, and the word "berthing space" shall be construed to mean, and be interchangeable with the word "mooring".

(e) It shall be unlawful for any Master or any person having charge of any vessel to make such vessel fast to the front of any float, wharf, pier or other harbor facility in the designated anchorage areas without the consent of the Lessee, agent, or person in charge of any such float, wharf, pier or harbor facility.

(g) Every vessel lying at any float, wharf, pier or other harbor facility shall be fastened thereto with such head and stern lines from both bow and quarters in such a manner as to meet the approval of the Port Director, and the owner of every such vessel shall provide suitable and sufficient chafing gear to prevent damage to the structure to which it is secured.

(h) It shall be unlawful to make fast more than two vessels abreast at any float, wharf, pier or other harbor facility without first having obtained permission from the Port Director. When permission has been granted to moor more than two vessels abreast, the Port Director may, at his discretion, require that a 24-hour watch be maintained and that fire extinguishing equipment, satisfactory to the Port Director and the Fire Chief, be placed in such a standby position so as to be available in case of any emergency.

(i) The Port Director may require any occupant of any float, wharf, pier or other harbor facility to install and maintain suitable lighting facilities on such float, wharf, pier or other harbor facility, when in the discretion of the Port Director said installation is required as a safety measure.

(c-1) The storage, handling, keeping, use or sale of gasoline, distillate, or any liquid petroleum products on floats, wharves, piers and other harbor facilities is prohibited except as provided for herein. Sale of said petroleum products may be made only from specific locations designated by the Port Director. Sale or delivery of such products to vessels in such areas shall be made by means of pipe lines and hose, suitably equipped and provided with closed connections and valves between pipe line and hose as approved by the Port Director and Fire Chief. It shall be unlawful to conduct any welding or burning operations whatsoever on board any vessel while moored at any marine service station or at any other facility adjacent thereto without the express permission of the Port Director or Fire Chief.

(C-2) It shall further be unlawful for any person, firm, association or corporation to have or to keep in storage any explosive or inflammable gases whatsoever, or empty containers which previously contained such products, on any float, wharf, pier or other harbor facility in the designated anchorage areas, except by special permission of the Port Director and then only in such areas as he may designate. The Port Director may order the removal of such products from any area at any time in the interests of public safety.

any liquid petroleum product, explosive or inflammable gas is authorized. The Port Director shall require the installation of fire protection equipment acceptable to the Port Director and the Fire Department at all floats, wharves, piers, and other harbor facilities, including those under lease or otherwise under the control of Yacht Clubs, Associations, or other persons, when five or more craft are regularly berthed at or assigned to such floats, wharves, piers, and other harbor facilities. Said fire protection equipment shall be installed at the head, i.e. shore end, of said floats, wharves, piers and other harbor facility in such manner and location as may be designated by the Port Director, and all fire protection equipment so installed shall be maintained in such a condition and to such standards as may be set forth by the Fire Department. The cost, installation and maintenance of said fire protection equipment shall be borne by Lessees, Yacht Clubs, Associations or other persons using said floats, wharves, piers or other harbor facilities in common. (e) Floats, wharves, piers and other harbor facilities may be maintained by the Harbor Department, and such harbor

facilities shall be available for the loading and unloading of passengers, supplies, boating gear and for similar purposes, and in such manner as will best serve the public use thereof and avoid congestion and the blocking of other facilities. However, the loading and unloading of passengers, supplies, boating gear, shall not be construed so as to include the handling of commercial cargo, in any manner which is unlawful and strictly prohibited. The Port Director shall have the authority to control the use of any and all facilities and to regulate the time and manner of said use for the purpose of maintaining said facilities available to the public.

(f) It shall be unlawful for any person to obstruct the free and easy access to and departure from any portion of any public float, wharf, pier or other harbor facility at any time. (h) It shall be unlawful for any vessel to pump, discharge or dump into the waters of the designated anchorage areas, oil, spirits, gasoline, distillate, or any petroleum product, or any inflammable material whatsoever, or to deposit any refuse matter, rubbish or articles of any offensive nature upon any float, wharf, pier or upon any shoreline, roadway or parkway.

(i) No person, firm, corporation or association shall build or cause to be built or extended, any public or privately owned float, wharf, pier, landing, bulkhead, seawall or structure of any sort whatsoever, nor make, or cause, any filling to be made of any description in the designated anchorage areas, nor shall any dredging or excavating be done within said areas for the benefit or use of any private person, firm, corporation or association unless plans showing the proposed work shall first have been submitted to the Port Director and approved by the Harbor Commission and a permit issued therefore.

(j) It shall be unlawful for any person to throw, discharge, deposit or leave, or cause, suffer or procure to be thrown, discharged, deposited or left, either from out of any vessel or from the shore, any trash, cans or rubbish of any description whatever upon the waters of the designated anchorage areas.

(k) It shall be the duty of every owner or other person in charge of a vessel in the designated anchorage areas to apprise themselves of weather conditions and to heed storm warnings, and to take such steps as are necessary under the circumstances to insure the safety of such vessels in the event of unusual tide and weather conditions. It shall likewise be the duty of every owner or other person

or going upon the same. If the owner, Lessee, or other person or persons having charge of wharves, docks or piers shall fail or neglect to repair or to put up fences or other barriers to prevent persons from using or going upon such defective or dangerous wharves, docks or piers, then the Port Director may put up fences or such other barriers as he may deem necessary for the protection of the public, and charge the cost and expense of the same to such owner, Lessee, agent, person or persons having charge of such wharf, dock or pier, and it shall be unlawful for any person or persons whatsoever to interfere with or molest in any manner whatsoever any fence or barrier which may have been constructed for the purpose of preventing the use of the wharves, docks or piers aforesaid.

If any wharf, or any portion thereof, or any material on such wharf, shall fall into the waters of the designated anchorage areas, it shall be the duty of the owner, agent or Lessee of such wharf to forthwith remove such material from the waters of said area, and if they shall fail to do so, then the Port Director may remove or cause the same to be removed and the cost of such removal by the Port Director shall be recovered from the owner, agent, or Lessee of such wharf in a civil action brought by the City of San Diego.

(q) It shall be unlawful for any person to wilfully or carelessly destroy, damage, disturb, deface or interfere with any buoy, float, life preserver sign, notice or any other municipal property whatsoever under the jurisdiction of the Harbor Commission.

No person shall either individually, or in association with one or more person, wilfully injure or tamper with any

No person shall, with intent to commit malicious mischief, injury or other crime, climb into or upon any boat, vessel, yacht, or other watercraft moored, tied or anchored in the designated anchorage areas.

No person shall climb into or upon any boat, vessel, yacht, or other watercraft moored, tied or anchored in the designated anchorage areas without the consent of the owner or operator of said boat.

No person shall tamper with, or in any way molest or interfere with the moorings or anchorages of any boats, vessels, yachts or other watercraft in the designated anchorage areas.

Section 8. CHANGES IN RULES AND CHARGES

(a) The Harbor Commission of The City of San Diego shall by Resolution establish and enforce a schedule of fees for use of floats, wharves, piers and other harbor facilities and equipment under the jurisdiction and control of said Commission, together with Rules and Regulations in connection therewith; and by Resolution from time to time to change or alter the same. Provided, however, that certified copies of all such schedules, together with any changes or alterations therein shall, immediately upon their adoption, be filed in the Office of the City Clerk of the City of San Diego."

WHEREAS, the Harbor Commission of The City of San Diego has adopted rules and regulations governing the mooring of small craft, commercial and pleasure in the Harbor of San Diego, and has asked the City Council to approve said rules and regulations pursuant to the provisions of the City Charter and to provide for punishment for violation of said rules; NOW, THEREFORE, BE IT ORDAINED BY THE Council of The City of San Diego as follows:

SECTION 1. That the rules and regulations governing the mooring of small craft, commercial and pleasure, in the Harbor of San Diego, adopted by the Harbor Commission of said City on the 20th day of August, 1951, as hereinafter more particularly set out, be, and they are hereby approved and ordained by the City of San Diego, in the form and language as follows:

"RULES AND REGULATIONS GOVERNING THE MOORING OF SMALL CRAFT, COMMERCIAL AND PLEASURE, IN THE HARBOR OF SAN DIEGO."

Section 1. GENERAL PROVISIONS.

 (b) "Person" means any person, firm, association, organization, partnership, business trust, corporation or company.
 (c) "Vessel" and "Craft" means and includes ships of all types, steamboats, steamships, canal boats, barges, sailing vessels, motorboats, and every structure adapted to be navigated from place to place for the transportation of property and persons by any means.
 (d) "Float" means and includes wharf, pier, quay, or landing.
 (e) The word "mooring" means any weight, chain, rope, float, structure and/or appliance used by a vessel for anchoring purposes, and which is not carried aboard such vessel as part of her regular equipment.
 (f) "Designated Anchorage Areas" shall mean the areas as set forth more particularly in Section 1, Paragraph (1) below and shall include every mooring, pier, float, wharf, dock or landing within such areas, and the shoreline thereof, together with the approaches thereto.
 (g) Whenever the word "City" shall be used, the same shall be

in such manner as to obstruct the channels, or to prevent or obstruct the passage of other vessels or to voluntarily or carelessly sink or allow or cause to be sunk any vessel in any channel or berthing space, or to float loose timbers, logs or piles in any channel or berthing space, in such a manner as to obstruct, impede or injure other vessels or the navigation thereof, and whenever a vessel is sunk in the designated anchorage areas, accidentally or otherwise, it shall be the duty of the owner thereof to immediately mark it by a buoy during the day and by a lantern or other light at night, and to maintain such markings until the sunken vessel or obstruction is removed, and the neglect or failure of such owner to do so shall be unlawful. The owner thereof shall immediately commence the removal of said obstruction and to prosecute the removal diligently to completion and any failure to do so shall constitute abandonment of such vessel. Whenever the navigation of any of the waters, including moorings and berths, within the designated anchorage areas shall be obstructed or endangered by any vessel or other obstruction, which obstruction or danger has existed for a period longer than ten (10) days, or whenever the abandonment of a vessel or other obstruction can be legally established in a less space of time, the vessel or other obstruction shall be subject to be removed, sold or otherwise disposed of by the Port Director at his discretion without liability for any damage to the owner of same, and at the expense of the owner, who shall pay the cost of such removal, sale or disposition.
 (o) It shall be unlawful to make fast or tie any vessel to a mooring, or to make fast or tie to a vessel already occupying a mooring, or to anchor so close to the vessel occupying a mooring that the other vessel is endangered.

SECTION 2. AUTHORITY OF THE PORT DIRECTOR, CITY OF SAN DIEGO.

Should a member other than a policeman, fireman or full-time lifeguard who has attained the age of fifty-five (55) years and has a minimum of twenty (20) years of service, be removed from a regular permanent position of the city without fault or delinquency on his part, before he has attained the age of sixty-two (62) he may receive a special retirement allowance consisting of an annuity which is the actuarial equivalent of the member's accumulated contributions at the time of retirement, plus a pension which is the actuarial equivalent of an annuity that would be payable at age sixty-two (62) from the member's contributions at withdrawal if accumulated to age sixty-two (62), and if the member has prior service certificate in full force and effect, an additional pension which is the actuarial equivalent of a pension payable at age sixty-two (62), equal to one-seventieth (1/70) of the member's average final compensation multiplied by the number of his years of prior service. The total retirement allowance for

members with prior service shall not be less than the actuarial equivalent at the time of retirement of an allowance of four hundred eighty dollars (\$480.00) per annum payable at age sixty-two (62).

(4) DISABILITY RETIREMENT BENEFIT. Upon the application of a member in service, or of his supervisory official, any member who has had ten (10) or more years of creditable service may be retired by the Board of Administration, not less than thirty (30) and not more than ninety (90) days following the date of filing of his application, upon a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that the member is mentally or physically incapacitated for the further performance of duty, and that such incapacity is likely to be permanent and that such member should be retired; provided, however, that no disability benefit shall be granted to any member when it is established to the satisfaction of the Board of Administration that such disability resulted from venereal disease, vicious or licentious habits, or violation of law.

(5) ALLOWANCE ON DISABILITY RETIREMENT. Upon retirement for disability a member shall receive a service retirement allowance if he has attained his minimum service retirement age; otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement, and

(b) A pension which, together with his annuity, shall provide a total retirement allowance equal to ninety per centum (90%) of one-seventieth ($1/70$) of his average final compensation, multiplied by the number of years of his creditable service, if such retirement allowance exceeds twenty per centum (20%) of his average final com-

pensation; otherwise a pension which, together with his annuity, shall provide a total retirement allowance equal to twenty per centum (20%) of his average final compensation, provided, however, that no such allowance shall exceed ninety per centum (90%) of one-seventieth (1/70) of his average final compensation, multiplied by the number of years which would be creditable to him were his service to continue until the attainment of his minimum service retirement age.

(6) EX-EXAMINATION OF BENEFICIARIES RETIRED ON ACCOUNT DISABILITY. At least once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Administration may, and upon his application shall, require any disability beneficiary who has not yet attained his minimum service retirement age to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Administration. Should any disability beneficiary who has not yet attained his minimum service retirement age refuse to submit to such medical examination by a physician or physicians designated by the Board of Administration as the Board may require, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the Board of Administration.

(a) Should the Medical Board report and certify to the Board of Administration that such disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation, and should the Board of Administration concur in such report,

then the amount of his pension shall be reduced to an amount, which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be later changed, the amount of his pension may be further modified; provided that the new pension shall not exceed the amount of the pension originally granted nor an amount which, when added to the amount earnable by the beneficiary together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system.

(b) Should a disability beneficiary under his minimum service retirement age be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become a member of the retirement system and shall contribute thereafter at the same rate he paid prior to disability. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition upon his subsequent retirement he shall be credited with all his service as a member, except that upon subsequent retirement within five (5) years from the date of restoration his creditable service rendered prior to his previous retirement shall be reduced by one-tenth (1/10) the amount thereof.

(7) DEATH BENEFIT. Upon the receipt of proper proofs of the death of a member in service there shall be paid to such person having an insurable interest in the life of the deceased, as he shall have nominated by written designation duly executed and filed with the Board of Administration, otherwise to his estate:

(a) His accumulated contributions; and
(b) From the contributions of the City, based on his last month's salary:

(1) For one year but not exceeding five years of service, one month's salary;

(2) For five years but not exceeding ten years of service, two months' salary;

(3) For ten years but not exceeding fourteen years of service, three months' salary;

(4) For fourteen years but not exceeding sixteen years of service, four months' salary;

(5) For sixteen years but not exceeding eighteen years of service, five months' salary;

(6) For eighteen or more years of service, six months' salary.

(8) RETURN OF ACCUMULATED CONTRIBUTIONS.

(a) The Board of Administration annually, beginning with the fiscal year 1944-1945, may ascertain and determine the approximate average interest return on the assets of the system during the preceding fiscal year, which hereinafter in this section, shall be referred to as "average interest rate."

If the investigation shows that the said average interest rate is less than the regular established interest rate, then and in that event the Board of Administration may, in its discretion, by resolution entered in the minutes of said Board, establish said average interest rate. In the event the Board of Administration determines it will not be necessary to establish such an amount for any given year, it shall cause to be entered upon the minutes a finding to that effect.

(b) Every member who becomes separated from the service of the City except by death or retirement under the provisions of this ordinance shall, upon written demand made

to the Board of Administration, receive and be paid the amount of his accumulated contributions, less a deduction of an amount approximately equal to the difference between the regular interest rate which has been determined, each year respectively, by the Board of Administration.

(c) The Board of Administration may, in its discretion, before ordering a warrant for the payment of contributions demanded by a member upon separation from the City service, require a written notice to be served on said Board at least sixty (60) days prior to said payment.

(9) OPTIONAL ALLOWANCES. Until the first payment on account of his retirement allowance becomes normally due, any member may elect to convert the retirement allowance otherwise payable to him into a modified retirement allowance of equivalent actuarial value, in accordance with one of the optional forms named below; provided, however, that should he die prior to the expiration of thirty (30) days after the date of filing such election, or prior to thirty (30) days after retirement, his optional election shall not be effective, and he shall be considered to be a member in service at the time of his death. A member who has elected an optional benefit may change such election by due notice to the Board of Administration, but no change may be made after the first payment of his allowance becomes normally due.

OPTION 1.

If he dies before he has received in payments the present value of his retirement allowance as it was at the time of his retirement, the balance shall be paid to his legal representative, or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Administration.

OPTION 2.

Such other form of benefit as shall be certified by

the actuary to be of equivalent actuarial value to his retirement allowance, provided that the Board of Administration shall determine that the granting of such optional allowance is consistent with the purpose of the retirement system and shall be necessary or desirable from the point of view of the member.

(10) PENSION OFFSET BY COMPENSATION BENEFITS. Any amounts which may be paid or payable by The City of San Diego under the provisions of any Workmen's Compensation or similar law to a member, or to the dependents of a member, on account of any disability giving rise to a disability benefit payable hereunder shall be offset against and payable in lieu of any such benefit payable out of funds provided by The City of San Diego under the provisions of this ordinance.

(11) Nothing herein shall be construed to be retroactive."

A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system.

(b) Should a disability beneficiary under his minimum service retirement age be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become a member of the retirement system and shall contribute thereafter at the same rate he paid prior to disability. If the investigation shows that the said average interest rate is less than the regular established interest rate, then and in that event the Board of Administration may, in its discretion, by resolution entered in the minutes of said Board, establish said average interest rate. In the event the Board of Administration determines it will not be necessary to establish such an amount for any given year, it shall cause to be entered upon the minutes a finding to that effect.

(b) Every member who becomes separated from the service of the City except by death or retirement under the provisions of this ordinance shall, upon written demand made to the Board of Administration, receive and be paid the amount of his accumulated contributions, less a deduction of an amount approximately equal to the difference between the regular interest rate which has been determined, each year respectively, by the Board of Administration.

TITLE II - DOMESTIC ANIMALS

Section 1. Definition.

For the purpose of this ordinance, a domestic animal is defined to be any horse, colt, mule, donkey, burro, ox, bull, cow, calf, hog, pig, sheep, or goat.

Section 3. It shall be unlawful for any person owning or having control of any such animal to graze or pasture the same, or cause the same to be grazed or pastured, or permit the same to graze or pasture, upon any land within the limits of The City of San Diego, except upon land owned or leased by the owner of such animal, or upon land for which he has secured permission in writing to use for grazing or pasturing such animals. No such animal shall be picketed or staked out in such a manner as to permit it to cross or trespass upon lands of adjoining owners, or upon any traveled street or sidewalk within the said corporate limits of said City; and provided also, that such animal shall be adequately fed and watered and reasonably protected and sheltered against inclement weather.

Section 4. Unless the owner thereof comes and claims the same prior to sale thereof and proves ownership of said animal and pays all lawful charges thereon, as hereinafter provided, said Poundmaster is hereby authorized and it is his duty to expose said animal for sale at public auction at the time and place fixed in said notice to the highest bidder for cash. All proceeds of such sale, together with all fines, charges, fees and other expense chargeable against said animal, according to the schedule of charges hereinafter specified, shall be delivered to the Treasurer of The City of San Diego, together with a full description of the animal sold as aforesaid, and said Poundmaster shall deliver to the purchaser of any animal sold as aforesaid, a bill of sale therefor, which shall vest the title to said animal in the purchaser.

Section 2. Dog licenses shall be valid for not to exceed twelve (12) months from the date of the original issuance, or date of re-issue, and shall expire on the following June 30, or December 31, whichever is later; and such later date shall thereafter be the re-issue date of such license.

Section 3. A numbered receipt bearing a brief description of a licensed dog, and a correspondingly numbered license tag, bearing the expiration date, shall be issued with each license granted. The numbered license tag shall be firmly attached by the licensee to the collar or harness of the dog for which issued, except when the dog is securely confined on or within the premises of the owner. No licensee, or any other person, shall attach, or permit to be attached, such a tag to the collar or harness of, or otherwise cause such tag to be worn or carried by, any dog other than the dog for which such a tag was issued.

Section 4. Each license applicant shall provide such information as may be required on the license application form approved by the City Manager, and shall, prior to the granting of such a license, furnish proof that the dog for which the license is requested has been vaccinated for rabies within such a recent period that the interval between the date of such vaccination and the expiration date of the license requested shall not exceed by three (3) months the interval required for repeated vaccinations under Title V, Section 1. Licenses shall be issued by the office of the City Treasurer.

Section 7. No license fee shall be required with respect to licenses issued for dogs which have been honorably discharged or released from the service of the armed forces of the United States during World War II, or dogs which have been specifically trained and are principally used for the purpose of leading persons with defective eyesight. The license fee for other dogs shall be \$2.50 if application is made prior to the date the dog is required by this ordinance to be licensed or the license to be re-issued; or \$3.50 if application is made subsequent thereto. Any unlicensed dog impounded in the City Pound shall be conclusively presumed, for purposes of this ordinance, to be prior to the time of impounding, a dog for which a license is required under this ordinance regardless of such dog's actual age or length of stay in San Diego.

No dog shall run at large within the City limits of San Diego. A dog is defined to be at large whenever it is elsewhere than on the owner's premises and is not restrained by a substantial leash. This and the next succeeding section shall not apply to dogs which are in special areas of parks designated and posted by the Park and Recreation Director as dog exercise and training areas and so long as the regulations of the Park and Recreation Director with respect to the use of such areas are complied with.

Section 3. No person shall allow or permit a dog to commit a nuisance on any public property or any improved private property other than that of the owner or person who has accepted custody of such dog, provided that the foregoing shall not apply to street gutters. It shall be the duty of all persons having control of a dog to curb such dog in order to carry out the intent of this section.

Should a criminal complaint be filed under this section with respect to an incident involving the biting of a person by such a dog, proof that the person bitten was at this time entering upon property with criminal intent or engaged in assault or battery, shall be a complete defense to such action under this section. Section 2. Vaccination at City Pound.

The Poundmaster, is hereby authorized to cause dogs to be vaccinated at the City Pound and to issue certificates of vaccination. The City Manager is hereby authorized and empowered to fix and establish a fee which will reimburse the City for cost of such service, to be charged and collected by the Poundmaster for each such vaccination. The City Manager shall have the right to issue an order to have a dog so vaccinated without charge, when in his opinion, the owner of the dog is unable to pay the fee therefor.

Section 3. Quarantine.

cause such animal to be impounded or cause such animal to be placed with a licensed veterinarian for observation. If the Poundmaster has placed a dog with a veterinarian, he shall be deemed to have acted as agent of the owner and all charges shall become a lien upon the animal. Unless some other violation of this ordinance is involved, in which case the Poundmaster may proceed in accordance with other applicable sections of this ordinance, such dog shall be held under observation for not to exceed fourteen (14) days.
