AN ORDINANCE PROPOSING AND SUBMITTING TO THE ELECTORS OF THE CITY OF SAN DIEGO AT THE MUNICIPAL GENERAL ELECTION TO BE HELD IN SAID CITY ON TUESDAY, THE 21ST DAY OF APRIL, 1953, CERTAIN PROPOSITIONS TO AMEND THE CHARTER OF THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. Pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body of said City, hereby proposes and submits to the qualified electors thereof, to be voted on at the Municipal General Election to be held in said City on the 21st day of April, 1953, the following propositions to amend the present Charter of said City:

PROPOSITION A.

Amend Section 107 of Article VII of the Charter of The City of San Diego to read as follows:

"Section 107. The Council shall determine which officers of the City shall give bonds for the faithful performance of their official duties, and fix the amount of such bonds. Each officer upon entering upon his duties shall deliver to the City a surety bond executed by a reliable surety company authorized to do business in the State of California in the penal sum required, which surety bond shall include other offices of which he may be an ex-officio incumbent, and shall also cover the services of any and all assistants and deputies of said officer. The Council may, however, if it so desires, purchase from a reliable surety company authorized to do business in the State of California a blanket surety bond, which shall insure the faithful performance of the official duties of each officer named therein and fix the amount of each bond for each officer named therein. Each bond or the blanket bond if so purchased shall be ap-

proved by the Council and filed with the City Clerk. The premium of all such bonds shall be paid by the City."

PROPOSITION B.

Amend Section 46 of Article V of the Charter of The City of San Diego to read as follows:

"Section 46. There is hereby created a Department of Public Works, which shall be under the supervision and direction of a Director of Public Works, who shall be appointed by the Manager, and who shall perform the duties imposed upon this department by general law, the City Charter or ordinance of the Council. The Department of Public Works shall have charge of streets, sewers, refuse collection and disposal, public buildings, shops, and the manufacturing, storing and repairing of automotive equipment, machinery, tools and other implements and equipment used by the City in connection with the administration of said Department of Public Works.

The Manager is authorized to divide the department into administrative divisions, and if he sees fit appoint a Supervisor for each, who shall, however, be under the supervision and direction of the Director of Public Works. The Manager may prescribe general rules and regulations for the administration of the Department of Public Works as he deems necessary.

The Manager shall also appoint a Street Superintendent, who shall be under the direction of the City Engineer, and shall do and perform any and all duties which may be imposed upon such Street Superintendent by public improvement laws of the State or this Charter."

Sections 47, 48, 49, 50, 51, 52 and 56 of the Charter of The City of San Diego are hereby repealed.

PROPOSITION C.

Amend Section 55 of Article V of the Charter of The City of San Diego to read as follows:

"Section 55. There is hereby created a department, to be known as the Park and Recreation Department, which shall be under the direction and supervision of a Director of Parks and Recreation, who shall be appointed by the Manager, and who shall have the duty of the control and management of parks, parkways, plazas, beaches, cemeteries, street trees, landscaping of city-owned property, golf courses, playgrounds, recreation centers, recreation camps and recreation activities held on any city playgrounds, parks, beaches and piers, which may be owned, controlled or operated by the City. The City Council shall by ordinance adopt regulations for the proper use and protection of said park property, cemeteries, playgrounds and recreation facilities, and provide penalties for violations thereof. The Manager is charged with the enforcement of such regulations.

All real property owned in fee by the City heretofore or hereafter formally dedicated in perpetuity by ordinance of the Council or by statute of the State Legislature for park, recreation or cemetery purposes shall not be used for any but park, recreation or cemetery purposes without such changed use or purpose having been first authorized or later ratified by a vote of two-thirds of the qualified electors of the City voting at an election for such purpose. However, real property which has been heretofore or which may hereafter be set aside without the formality of an ordinance or statute dedicating such lands for park, recreation or cemetery purposes may be used for any public purpose deemed necessary by the Council.

Whenever the City Manager recommends it, and the City Council finds that the public interest demands it, the City

Council may, without a vote of the people, authorize the opening and maintenance of streets and highways over, through and across City fee-owned land which has heretofore or hereafter been formally dedicated in perpetuity by ordinance or statute for park, recreation and cemetery purposes.

The Park and Recreation Director shall have such other duties as may be imposed upon him by ordinance of The City of San Diego or as directed by the City Manager.

The City Manager shall have authority, subject to the approval of the Council, to enter into such contracts as may be deemed desirable for the best interests of the City for the joint operation and control of playgrounds by the San Diego Unified School District and the City. All such contracts shall be executed by the Board of Education of the San Diego Unified School District and the Manager, and may provide:

- (1) For the joint operation and control of playgrounds or recreation fields which may be owned by either the City or the said school district.
- (2) For selection of personnel to control such jointly operated playgrounds and recreation fields.
- (3) For payment of compensation to personnel so selected and by virtue of the authority of said contract.
- (4) For proper maintenance and equipment of such jointly owned and operated playgrounds and recreation fields.

In the event that a contract is entered into with the San Diego Unified School District as herein authorized, the Director of Parks and Recreation shall perform such services in connection with such operation as may be provided for in said contract.

00374

The Director of Parks and Recreation shall also have charge of the management, control, preservation, regulation, improvement and embellishment of all public burial grounds and cemeteries belonging to the City, and the sale of lots therein. At least fifty per cent of the net proceeds from the sale of all cemetery lots shall be deposited with the City Treasurer and be kept in a fund to be known as the Cemetery Perpetuity Fund. This fund shall be administered by the Funds Commission and shall be invested in such income-producing securities as the Funds Commission may decide. The principal of the perpetuity fund (subject to such accretion or diminution as may result from investing the same) shall not be available for meeting expenses for maintenance or upkeep of the cemeteries in any manner whatsoever. All income derived from the investment of the moneys in said perpetuity fund, together with the balance of the sale price of said lots not placed in the perpetuity fund, shall be expended in the maintenance and upkeep of the cemeteries and the perpetual care and upkeep of all graves and lots in said cemeteries; provided, however, that if in any one year such income is more than needed for the purpose of such maintenance, upkeep and perpetual care the Council may direct that the excess over and above that needed as above provided may be used for any other municipal purpose. Until the income from said investments of said perpetuity fund and the balance of the sale price of said lots each year are sufficient to maintain the cemeteries and to provide perpetual care and upkeep of all graves and lots in said cemeteries the Council shall annually appropriate from other revenues an amount sufficient to enable the City to provide perpetual care and upkeep of all graves and lots in the cemeteries.

There is hereby created a Park and Recreation Commission to consist of seven members, two of whom shall be appointed by the Board of Education of the San Diego Unified School District, one of whom shall be a member of said Board of Education; two of whom shall be appointed by the City Manager; and three of whom shall be appointed by the Mayor with the consent of the Council. The terms of office of the members of the Commission shall be four years. The members of the first commission appointed hereunder shall by lot stagger their terms so that two shall serve for one year, two shall serve for two years, and two for three years, and the remaining one for four years. The Park and Recreation Commission shall advise with and recommend to the Manager and Director of Parks and Recreation with respect to public policy matters relating to the maintenance and operation of parks, playgrounds, recreational activities and cemeteries in The City of San Diego."

PROPOSITION D.

Amend Article VII of the Charter of The City of San Diego by adding a new section thereto, to be numbered Section 70.1, which said section shall read as follows:

In time of public danger or emergency, he may, with the consent of the Council, take command of the police, maintain order and enforce the law.

The Mayor shall receive as compensation the sum of \$10,000.00 per year, payable semi-monthly.

In the event of a vacancy occurring in the office of the Mayor, existing by reason of any cause, the Council shall have authority to fill such vacancy, provided, however, that if the Council shall fail to fill such vacancy by appointment within thirty (30) days after the vacancy, the Council must immediately cause an election to be held to fill such vacancy. Any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term."

Councilmen, including the Mayor, shall be elected at a general municipal election held in the odd numbered years

Thereafter there shall be elected at each general municipal election according as their respective terms of office expire either four Councilmen, including the Mayor, or three Councilmen.

Any vacancy occurring in the Council shall be filled from the District in which the vacancy occurs by appointment by the remaining Councilmen; but in the event that said remaining Councilmen fail to fill such vacancy by appointment within thirty (30) days after the vacancy occurs, they must immediately cause an election to be held to fill such vacancy; provided, however, that any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term.

In case a member of the Council is absent from the City for a period of forty consecutive days unless by permission of the Council his office shall be declared vacant by the Council and the same filled as in the case of other vacancies.

Each Councilman shall receive as compensation for his services the sum of \$3,000.00 per year, payable semi-monthly. The Council shall appropriate annually such sums of money as may be needed by either the Mayor or the Council, or both,

00378

The members shall serve for a term of six years, or until their successors are elected and qualified, except as herein provided. The present members of the Board shall serve out their unexpired terms. Thereafter, there shall be elected three members in 1941 who shall so classify themselves by lot that the terms of two will expire at the end of four years and the term of the third will expire at the end of six years. Commencing in 1943 and thereafter, all members shall be elected for six year terms. Any vacancy in the Body shall be filled by the Board of Education until the next general municipal election, when a member shall be elected to fill the unexpired term. Each member shall receive a compensation of \$1,200.00 per annum, payable in semi-monthly installments."

PROPOSITION H.

Amend Article VII of the Charter of The City of San Diego by adding a new section thereto, to be numbered Section 90.1, which said section shall read as follows:

"Section 90.1. Notwithstanding any of the provisions of this Charter to the contrary the Council of The City of San Diego shall have power, with the consent of a majority vote of the electors of said City, to provide for the acquisition, construction and maintenance of public improvements within said City and to provide for the payment of the cost thereof by the issuance and sale of bonds or other securities payable in whole or in part from the revenues derived from the maintenance and operation of said public improvements. The Council shall exercise such power only by ordinance after recommendation by the City Manager and a finding by such legislative body that there exists a need therefor, and no such ordinance shall become effective until approved by a majority vote of the electors of said City voting at either a general or special election; provided, however, that if any general law of the State authorizes the issuance of revenue bonds for the purpose of acquiring public improvements of particular benefit to a district or districts within said City and that such revenue bonds may be issued by a majority vote of the electors residing in the district thus specially benefited, the Council may provide in such ordinance that it shall become effective upon approval by a majority vote of the electors within the district specially benefited.

Any ordinance adopted under this section shall provide, in addition to other matters:

(1) A maturity date for the bonds or securities not to exceed twenty (20) years from the date of the issuance shall be fixed.

(2) Each bond or security shall provide that the

principal of such bond or security, together with the interest thereon, shall be payable only from the whole or part of the revenues derived from the use of the public improvements to be acquired with the proceeds of the sale of said bond or security.

The Council may, however, if deemed advisable, use premiums or accrued interest payments on such bonds or securities to reduce the interest obligation on such bonds or securities. The Council may also use the proceeds of the sale of any refunding bonds which may be authorized to pay off the principal and interest obligation of said bonds or securities.

(3) Each bond or security authorized hereunder shall contain a clause to the effect that neither the principal nor interest thereon shall under any circumstances ever become an obligation chargeable or enforceable against any of the tax revenues of the City, or any other revenues of said City, except such revenues as are expressly specified in the bond or security for the payment of such bond or security, or the interest thereon.

The Council may authorize the insertion of a covenant or agreement in each bond or security herein authorized to the effect that during the life of said bond or security and until the principal thereof, together with the interest thereon, is fully paid, the Council will fix such charges or fees for the use of such public improvements or the services furnished the people by the operation of such public improvements, or both as will produce moneys sufficient in amount to insure the payment in full of the principal and interest of such bond or security when due, and the cost in full of the maintenance and operation of said public improvements during the life of said bond or security.

The Council shall also have power to insert in each bond

or security such other covenants as will tend to insure the safety of said bond or security for investment purposes.

The Council shall also provide in each issue of revenue bonds herein authorized a reservation on behalf of the City that said City shall have the right at any time to redeem and pay the principal and interest of said revenue bonds out of the proceeds derived from the issuance and sale of such re-funding bonds as may be authorized.

All bonds or securities issued pursuant to the provisions of this section of the Charter shall be so worded as to make the same negotiable.

After the revenue bonds herein authorized are fully redeemed, and all the interest thereon paid to the bondholders the Council shall have power to fix only such charges or fees for the use of such public improvements or for the services furnished the people by the operation of such public improvements as shall pay the cost of operating and maintaining the same, together with such repairs and replacements as may be needed to keep such improvements in good operating condition.

No bond or security, or any interest payable thereon, issued under this section of the Charter shall ever under any circumstances create or impose any obligation upon the City itself, or the tax revenues of said City, or any revenue of the City other than the revenues which are herein authorized to be pledged to secure the payment of the principal and interest of the bonds or securities issued pursuant to this section of the Charter."

PROPOSITION I.

Amend Section 95 of Article VII of the Charter of The City of San Diego to read as follows:

materials, equipment, tools, or other products of industry or manufacture, the cost or expenses of which is to be paid by the City or any board, office, commission or department thereof, may award a contract for the purchase, sale and furnishing thereof to a regular bidder other than the lowest responsible bidder therefor, when, in the judgment of such awarding board, officer, commission or department, the best interests of the City and the public policy relating to the general welfare will be subserved thereby, if the sealed bids submitted disclose the bids of non-residents of The City of San Diego in competition with local residents and the local resident bidders are offering to furnish to the City articles, products or materials which are to be in whole or in part manufactured, made or produced in industries established in The City of San Diego or in the County of San Diego, or that the said articles, products or materials to be furnished are regularly stocked, handled and sold by business establishments located in The City of San Diego or in the County of San Diego; provided, however, that the bid of such local resident higher bidder does not in amount or price exceed by five per cent (5%) that of the lowest responsible bidder for such contract, or the sum of \$500.00, whichever is lower in amount. If there are no non-resident bidders for such proposed contract no preference of any kind shall be granted, and in all such cases the contract shall be awarded to the lowest responsible bidder."

Thereafter the term of each member when appointed shall be for the term of five (5) years, or until his successor is appointed and qualified. The Department shall also have such additional powers and duties as may be conferred upon it by ordinance of the City Council.

The Manager shall also appoint a Director of Social Service, who shall have the necessary qualifications and experience in the field of social welfare work, whose duty it shall be to administer and carry out such programs as shall be authorized by ordinance of the Council, and such other duties in relation to social welfare in The City of San Diego as may be imposed upon him by said ordinance or the City Manager.
