The Zoning Administrator may hold a public hearing on said application if he deems it necessary.

He shall give notice of any public hearing or of the filing of such application to any person or persons who might be adversely affected by such adjustment, at least five (5) days prior to the date of such hearing, if any, or the rendering of a decision if there be no public hearing, in order that said affected person or

trailer park regulations in such man-  
ner as provided by rules established  
by the Board of Zoning Adjustment.

(10) To authorize construction of  
garages in embankments as set forth  
in said rules.

The Zoning Administrator shall in-  
vestigate applications for conditional  
use permits to zone variances. He  
may hold public hearings thereon in  
accordance with the rules and regu-  
lations of the Board of Zoning Ad-  
justment when so requested by the  
Board. The Zoning Administrator shall  
give due notice of said public hearing  
as required by Section 101.0503 or by  
Section 101.0504.

(b) Application for Minor Adjust-  
ments. Applications for such minor  
adjustments shall be filed with the  
Zoning Administrator, in writing, ac-  
companied by sufficient data and  
plans to enable the Zoning Adminis-  
trator to make a decision and finding  
thereon.

(c) Notice. The Zoning Administra-  
tor shall investigate all applications  
for minor adjustments as specified  
in Section 101.0507.

The Zoning Administrator may hold  
a public hearing on said application  
if he deems it necessary.

He shall give notice of any public  
hearing or of the filing of such ap-  
plication to any person or persons  
who might be adversely affected by  
such adjustment, at least five (5) days  
prior to the date of such hearing, if  
any, or the rendering of a decision  
if there be no public hearing, in  
order that said affected person or  
persons may file a written protest  
with the Zoning Administrator, or  
attend the public hearing, if any.  
Such notice will not be necessary if  
the signature of such affected person  
appears on the application as being  
in favor of said adjustment.

(d) Decision of Zoning Administra-  
tor. After investigation and notice to  
affected parties, if any, or after pub-  
lic hearing, the Zoning Administrator  
may grant minor adjustments as  
specified in Section 101.0507 if he  
finds that all the following facts exist:

- (1) There are special circum-  
stances or conditions applying to  
the property, which make the strict  
letter of the ordinance impractical.
- (2) The request is reasonable and  
the adjustment is the minimum ad-  
justment to secure the proper use  
of the property.
- (3) The property use, after utiliz-  
ing the minor adjustment, will not  
be injurious to the neighborhood.

The decision of the Zoning Adminis-  
trator must be in writing, accom-  
panied by a written finding of facts  
relied upon by said Zoning Adminis-  
trator in making such decision.

Copies of the decision and finding  
of the Zoning Administrator shall be  
filed in the office of the Planning  
Commission, the office of the Director  
of Building Inspection, the office of  
the City Clerk and mailed to the appli-  
cant.

The decision of the Zoning Adminis-  
trator shall be final on the eleventh  
day following its filing in the office  
of the City Clerk, except when ap-  
peal is taken to the Board of Zoning  
Adjustment."

ORDINANCE NO. 6222  
(New Series)

AN ORDINANCE APPROVING THE ANNEXATION TO THE CITY OF SAN DIEGO OF CERTAIN PORTIONS OF THE TIDELANDS OF SAN DIEGO BAY, IN THE COUNTY OF SAN DIEGO, STATE OF CALIFORNIA, KNOWN AND DESIGNATED AS "SAN DIEGO HARBOR TIDELANDS."

WHEREAS, pursuant to the Annexation of Uninhabited Territory Act of 1939, as amended, the Council of The City of San Diego, being the legislative body of said City, at a regular meeting held on the 5th day of January, 1954, adopted Resolution No. 116008, by which said resolution said Council initiated proceedings for the annexation to, incorporation and inclusion in The City of San Diego of certain uninhabited territory in the County of San Diego, State of California, consisting of all those portions of the tidelands of San Diego Bay south of said City which are at present without the boundaries of the Cities of Coronado, National City and Chula Vista, and which said lands were particularly described in said resolution; and

WHEREAS, the reasons said legislative body desired such annexation are that the inclusion of said lands within The City of San Diego will enable said City to provide better governmental control of the operation of ships within San Diego Harbor, and provide uniform regulation for shipping within said San Diego Bay; and

WHEREAS, said resolution gave notice of the proposed annexation, and described the boundaries of the territory so proposed to be annexed, which said territory was designated as "San Diego Harbor Tidelands"; and said resolution provided for a hearing to be held on Tuesday, the 9th day of February, 1954, at the hour of ten o'clock A. M., in the Council Chamber in the City and County Administration Building, Civic Center, San Diego, California, at a regular meeting of the City Council of said City, at which time any person owning real property

within such territory proposed to be annexed and having any objections to the proposed annexation might appear before said City Council and show cause why such territory should not be so annexed; and

WHEREAS, the City Clerk of said City caused a copy of said resolution to be published twice, but not oftener than once a week, in The San Diego Union, a newspaper of general circulation published in said City, to-wit, upon the 7th and 14th days of January, 1954, and also in The National City News, a newspaper of general circulation published outside of the City but in the County in which is located the territory proposed to be annexed, to-wit, upon the 8th and 15th days of January, 1954; and said City Clerk also caused written notice of such proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll available on the date said proceedings were initiated, at the address shown on said assessment roll, or as known to said Clerk, and to any person who has filed his name and address and the designation of the lands in which he has any interest, either legal or equitable, with said Clerk, and to the Attorney General and Secretary of State of the State of California, and to the Board of Supervisors of the County of San Diego; and

WHEREAS, on the 9th day of February, 1954, at ten o'clock A. M., at a regular meeting of the City Council of said City said hearing was held, and it was found that no protests were filed against such proposed annexation; and

WHEREAS, this Council, upon the recommendation of the City Attorney, adopted Resolution No. 118700 on the 22nd day of June, 1954, wherein it was found by said Council that since the proceedings above described had been taken and had certain of said tidelands proposed to be annexed by said City have been represented as being located within the territorial boundaries of the City of Coronado, and that some of said lands

so described in said proceedings have been annexed to the City of Chula Vista; and

WHEREAS, said resolution further found that the interests of The City of San Diego would be protected and better served by eliminating some of the tidelands described in the foregoing proceedings which were annexed to the City of Chula Vista and also that an application for Coronado's consent should be had for the portion of the lands which might lie within the boundaries of the City of Coronado, and further that it would be in the interests of the City to amend the description contained in said original proceedings and provide an opportunity for another hearing on the annexation of those tidelands described in said last resolution; and

WHEREAS, pursuant to said Resolution No. 118700 last described the City Clerk of said The City of San Diego caused a copy of said resolution to be published twice, but not oftener than once a week, in The San Diego Union, a newspaper of general circulation published in said City, to-wit, upon the 1st and 8th days of July, 1954, and also in the Coronado-Journal-Compass, a newspaper of general circulation published outside of the City but in the County in which is located the territory proposed to be annexed, to-wit, upon the 1st and 8th days of July, 1954; and said City Clerk also caused written notice of such proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll available on the date said proceedings were initiated, at the address shown on said assessment roll, or as known to said Clerk, and to any person who has filed his name and address and the designation of the lands in which he has any interest, either legal or equitable, with said Clerk, and to the Attorney-General of the State of California, to the State Lands Commission of the Board of Public Works of said State

of California, and to the Swcretary of State of said State of California; and

WHEREAS, on the 3rd day of August, 1954, at ten o'clock A. M., at a regular meeting of the City Council of said City said hearing as noticed by said City Clerk was held, and it was found that no protests were filed against such proposed annexation; and

WHEREAS, on the 29th day of June, 1954, there was filed with the City Clerk of said City a certified copy of a resolution of the City Council of the City of Coronado, No. 2485, wherein said City Council consented to the detachment from the City of Coronado of the above described tidelands lying within the boundaries of said City of Coronado and to the annexation of said lands to The City of San Diego; NOW, THEREFORE,

Unlighted architectural configuration with no advertising, lettering or design shall not be included within the meaning of this definition.

Area of Sign: The area of a sign shall be the sum of the areas enclosed within parallelograms drawn around each letter or design, and the area of the borders of the sign which shall be computed by including the area enclosed by a line drawn around and two inches distant from the border on all sides. If the letters or designs are connected to one another as in script writing, the parallelograms shall be drawn around each group of letters or designs so connected.

If the frame or backing of the letters, designs or borders of a sign form an integral part of the sign, then the sign area shall be the total area of the face of the sign.

Each face of a multi-face sign shall be counted in computing the permitted area of the sign.

'Face of the building' means the structural load bearing wall of the building fronting on the street excluding any appurtenances such as projecting fins, columns, pilasters, canopies, marquees, show cases or decorations.

Designation Of Principal Use Of Premises: Shall not include a description of, listing of, or advertising of auxiliary service, or accessory use of the premises.

Advertising structure: The term 'Advertising Structure' shall be deemed to mean a structure of any kind or character erected, used or maintained for outdoor advertising purposes, upon which any poster, bill, printing, painting or other advertisement of any kind whatsoever may be placed, including walls of buildings or structures, statuary and billboards for advertising purposes."

Signs in the zones listed below shall be limited or restricted as follows, provided however, that the following requirements or restrictions may be waived, in whole or in part, upon such conditions as are deemed necessary, by a separate variance or as part of a zone variance subject to all the procedures, requirements and rights established for variances in Chapter X, Division 5 of this Code.

(a) Zone R-1A. One (1) unlighted name plate of a maximum of four (4) square feet and one (1) unlighted sign of a maximum of eight (8) square feet offering the premises for sale or lease may be displayed.

(b) Zone R-1. One (1) unlighted name plate of a maximum of one (1) square foot in area attached to and parallel with the exterior wall of the building, or one (1) unlighted name plate of a maximum of four (4) square feet in area identifying farms, nurseries, parks, playgrounds, and golf courses, and one (1) unlighted sign of a maximum of eight (8) square feet offering the premises for sale or lease may be displayed. Signs shall be attached to but not project more than sixteen (16) inches beyond the face of the building nor project above the parapet or eaves of the building. Face of signs shall be parallel to the face of the building.

(e) Zone R-C. ORDINANCE NO. 6246  
(New Series)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON NOVEMBER 2, 1954, FOR THE PURPOSE OF PROPOSING AND SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY A PROPOSITION TO AMEND THE CHARTER OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE GENERAL ELECTION TO BE HELD ON SAID DATE.

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That a special municipal election be held, and the same is hereby called and ordered to be held, in The City of San Diego, California, on the 2nd day of November, 1954; and pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election the following proposition to amend the present Charter of said City:

PROPOSITION

Amend Article VII of the Charter of The City of San Diego by adding a new section thereto to be numbered Section 90.1, which said section shall read as follows:

"Section 90.1. Notwithstanding any of the provisions of this Charter to the contrary the Council of The City of San Diego shall have power, with the consent of a majority vote of the electors of said City, to provide for the expansion, extension, replacement or betterment of the water impounding, treating and distribution system of the City and to provide for the payment of the cost of such public improvements by the issuance and sale of bonds

00267

or other securities payable in whole or in part from the revenues derived from the maintenance and operation of said public improvements as hereinafter provided in sub-paragraph (2) hereof. The Council shall exercise such power only by ordinance after recommendation by the City Manager and a finding by such legislative body that there exists a need therefor, and no such ordinance shall become effective until approved by a majority vote of the electors of said City voting at either a general or special election.

Any ordinance adopted under this section shall provide, in addition to other matters:

(1) A maturity date for the bonds or securities not to exceed thirty (30) years from the date of the issuance shall be fixed.

(2) Each bond or security shall provide that the principal of such bond or security, together with the interest thereon shall be payable only from a special fund which shall consist of such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department.

The Council may, however, if deemed advisable, use premiums or accrued interest payments on such bonds or securities to reduce the interest obligation on such bonds or securities. The Council may also use the proceeds of the sale of any refunding bonds which may be authorized to pay off the principal and interest obligation of said bonds or securities.

(3) Each bond or security authorized hereunder shall contain a clause to the effect that neither the principal nor interest thereon shall under any circumstances ever become an obligation chargeable or enforceable against any of the tax revenues of the City, or any other revenues of said City, except such revenues as are ex-

pressly specified in the bond or security for the payment of such bond or security, or the interest thereon.

The Council may authorize the insertion of a covenant or agreement in each bond or security herein authorized to the effect that during the life of said bond or security and until the principal thereof, together with the interest thereon, is fully paid, the Council will fix such charges or fees for the use of such public improvements or the services furnished the people by the operation of such public improvements, or both, as will produce moneys sufficient in amount to insure the payment in full of the principal and interest of such bond or security when due, and the cost in full of the maintenance and operation of said public improvements during the life of said bond or security.

The Council shall also have power to insert in each bond or security such other covenants as will tend to insure the safety of said bond or security for investment purposes.

The Council may also provide in each issue of revenue bonds herein authorized a reservation on behalf of the City that said City shall have the right at any time to redeem and pay the principal and interest of said revenue bonds out of the proceeds derived from the issuance and sale of such refunding bonds as may be authorized.

All bonds or securities issued pursuant to the provisions of this section of the Charter shall be so worded as to make the same negotiable.

After the revenue bonds herein authorized are fully redeemed, and all the interest thereon paid to the bondholders, the Council shall have power to fix only such charges or fees for the use of such public improvements or for the services furnished the people by the operation

of such public improvements as shall pay the cost of operating and maintaining the same, together with such repairs, replacements and additions as may be needed to keep such improvements in good operating condition.

No bond or security, or any interest payable thereon, issued under this section of the Charter shall ever under any circumstances create or impose any obligation upon the City itself, or the tax revenues of said City, or any revenue of the City other than the revenues which are herein authorized to be pledged to secure the payment of the principal and interest of the bonds or securities issued pursuant to this section of the Charter, and in no event shall the City, during such time as any bonds issued pursuant to this section are outstanding, appropriate its tax revenues for Water Department purposes except to the extent that such may be needed to supplement revenues of the Water Department for any fiscal year during which the anticipated Water Department revenues are insufficient to meet the estimated costs of normal operation and maintenance of the Water Department for such year."

Section 2. That the polls for said election shall be opened at seven o'clock A. M. of the day of said election and shall remain open continuously from said time until seven o'clock P. M. of the same day, when said polls shall be closed, except as provided in Section 5734 of the Elections Code of the State of California.

Section 3. This election being consolidated with the statewide General Election and the Board of Supervisors being authorized to canvass the returns and only one form of ballot being authorized, the method of voting upon said charter proposition shall be as provided in the Election Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters

### ORDINANCE NO. 6246 (NEW SERIES)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON NOVEMBER 2, 1954, FOR THE PURPOSE OF PROPOSING AND VOTERS OF SAID CITY A PROPOSITION TO AMEND THE CHARTER OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE GENERAL ELECTION TO BE HELD ON SAID DATE.

BE IT ORDAINED By the Council of The City of San Diego, as follows:  
 Section 1. That a special municipal election be held, and the same is hereby called and ordered to be held, in The City of San Diego, California, on the 2nd day of November, 1954; and pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election the following proposition to amend the present Charter of said City:

**PROPOSITION**  
 Amend Article VII of the Charter of The City of San Diego by adding a new section thereto to be numbered Section 90.1 which said section shall read as follows:

"Section 90.1. Notwithstanding any of the provisions of this Charter to the contrary the Council of The City of San Diego shall have power with the consent of a majority vote of the electors of said City, to provide for the expansion, extension, replacement or betterment of the water impounding, treating and distribution system of the City and to provide for the payment of the cost of such public improvements by the issuance and sale of bonds or other securities payable in whole or in part from the revenues derived from the maintenance and operation of said public improvements as hereinafter provided in sub-paragraph (2) hereof. The Council shall exercise such power only by ordinance after recommendation by the City Manager and a finding by such legislative body that there exists a need therefor, and no such ordinance shall become effective until approved by a majority vote of the electors of said City voting at either a general or special election.

Any ordinance adopted under this section shall provide, in addition to other matters:

(1) A maturity date for the bonds or securities not to exceed thirty (30) years from the date of the issuance shall be fixed.  
 (2) Each bond or security shall provide that the principal of such bond or security, together with the interest thereon shall be payable only from a special fund which shall consist of such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department.

The Council may, however, if deemed advisable, use premiums or accrued interest payments on such bonds or securities to reduce the interest obligation on such bonds or securities. The Council may also use the proceeds of the sale of any refunding bonds which may be authorized to pay off the principal and interest obligation of said bonds or securities.

(3) Each bond or security authorized hereunder shall contain a clause to the effect that neither the principal nor interest thereon shall under any circumstances ever become an obligation chargeable or enforceable against any of the tax revenues of the City, or any other revenues of said City, except such revenues as are expressly specified in the bond or security for the payment of such bond or security, or the interest thereon.

The Council may authorize the insertion of a covenant or agreement in each bond or security herein authorized to the effect that during the life of said bond or security and until the principal thereof, together with the interest thereon, is fully paid, the Council will fix such charges or fees for the use of such public improvements or the services furnished the people by the operation of such public improvements, or both, as will produce moneys sufficient in amount to insure the payment in full of the principal and interest of such bond or security when due, and the cost in full of the maintenance and operation of said public improvements during the life of said bond or security.

The Council shall also have power to insert in each bond or security such other covenants, as will tend to insure the safety of said bond or security for investment purposes.

The Council may also provide in each issue of revenue bonds herein authorized a reservation on behalf of the City that said City shall have the right at any time to redeem and pay the principal and interest of said revenue bonds out of the proceeds derived from the issuance and sale of such refunding bonds as may be authorized.

All bonds or securities issued pursuant to the provisions of this section of the Charter shall be so worded as to make the same negotiable.

After the revenue bonds herein authorized are fully redeemed, and all the interest thereon paid to the bondholders, the Council shall have power to fix only such charges or fees for the use of such public improvements or for the services furnished the people by the operation

of such public improvements as shall pay the cost of operating and maintaining the same, together with such repairs, replacements and additions as may be needed to keep such improvements in good operating condition.

No bond or security, or any interest payable thereon, issued under this section of the Charter shall ever under any circumstances create or impose any obligation upon the City itself, or the tax revenues of said City, or any revenues which are herein authorized to be pledged to secure the payment of the principal and interest of the bonds or securities issued pursuant to this section of the Charter, and in no event shall the City, during such time as any bonds issued pursuant to this section are outstanding, appropriate its tax revenues for Water Department purposes except to the extent that such may be needed to supplement revenues of the Water Department for any fiscal year during which the anticipated Water Department revenues are insufficient to meet the estimated costs of normal operation and maintenance of the Water Department for such year.

Section 2. That the polls for said election shall be opened at seven o'clock a.m. of the day of said election and shall remain open continuously from said time until seven o'clock p.m. of the same day, when said polls shall be closed, except as provided in Section 5734 of the Elections Code of the State of California.

Section 3. This election being consolidated with the statewide General Election and the Board of Supervisors being authorized to canvass the returns and only one form of ballot being authorized, the method of voting upon said charter proposition shall be as provided in the Election Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSSES (x) ON BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL. (ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK OR PENCIL.

**INSTRUCTIONS TO VOTERS**

To vote on any measure, stamp a cross (x) in the voting square after the word "YES" or after the word "NO." All marks, except the cross (x) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absent voter's ballots mark a cross (x) with pen or pencil.

CITY OF SAN DIEGO CHARTER AMENDMENT PROPOSITION: Amend article VII of the Charter of The City of San Diego by adding a new section thereto to be numbered Section 90.1, which authorizes the City to issue revenue bonds for the purpose of financing replacements and improvements to the water system of said City, upon a majority vote of the people; and providing a procedure for the issuance and sale of such bonds.	YES
	NO

A cross (x) placed in the voting square after the word "YES" in the manner hereinbefore provided shall be counted in favor of the adoption of the proposition. A cross (x) placed in the voting square after the word "NO" in the manner hereinbefore provided shall be counted against the adoption of the proposition.

Section 4. That said special municipal election hereby called to be held in The City of San Diego on the 2nd day of November, 1954, shall be and is hereby ordered consolidated with the statewide general election to be held on said date and within The City of San Diego the precincts, polling places and officers of election for the special municipal election hereby called shall be the same as those provided for said statewide general election and to be set forth in the resolution of the Board of Supervisors of the County of San Diego listing and designating the precincts, polling places and election officers for the said general election, entitled "Re the Appointment of Members of the Several Precinct Election Boards, the Designation of Polling Places, the Consolidation of Precincts, the Fixing of the Compensation for Members of Precinct Election Boards, the Rental for Polling Places and the Reimbursement for the Precinct Board Member Returning the Precinct Election Packages for the General Election of November 2, 1954," which resolution is to be adopted September 28, 1954, and entered in the minutes of said Board of Supervisors.

The Board of Supervisors of the County of San Diego is hereby requested to order the consolidation of the special municipal election hereby called with said statewide General Election, and said Board of Supervisors is authorized hereby to canvass the returns of the special municipal election hereby called, and the elections shall be held in all respects as if there were only one election, and only one form of ballot, namely, the ballots used at such General Election shall be used. Said Board of Supervisors shall certify the result of the canvass of the returns of such special municipal election to the Council of The City of San Diego, who shall thereupon declare the result thereof.

Said proposition shall be designated on the ballot by a letter printed on the left margin of the square containing the description of the measure, as provided in Section 3881 of the Election Code of the State of California.

ORDINANCE No. 6296  
(New Series)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1  
OF THE SAN DIEGO MUNICIPAL CODE BY ADDING  
THERE TO TWO SECTIONS TO BE NUMBERED 101.0419  
AND 101.0420, REGULATING AIRPORT ZONING.

BE IT ORDAINED, by the Council of The City of San Diego,  
as follows:

Section 1. That Chapter X, Article 1 of the San Diego  
Municipal Code be, and the same is hereby amended by adding  
thereto two sections to be known as and numbered Section  
101.0419 and Section 101.0420, and which are to read as  
follows:

"Section 101.0419. AIRPORT INSTRUMENT APPROACH ZONE.

In an Airport Instrument Approach Zone, no structure,  
building, tower, smokestack, overhead transmission lines,  
trees or any objects of natural growth, shall be erected,  
constructed, altered, moved in, enlarged or allowed to  
grow in such a manner as to create an airport hazard  
which obstructs the aerial approach to an airport or is  
otherwise hazardous to its use for airplane landing or  
taking off.

It is hereby declared that any building, structure,  
tree or object of natural growth which extends through  
or above a height limitation plane, as hereinafter  
defined, shall constitute an airport hazard and a public  
nuisance.

Airport Instrument Approach Zones shall have the

following boundaries and height limitations:

Airport Instrument Approach Zone - (AIA - 1 Zone).

Boundary: An AIA - 1 Zone shall lie on the extended center line of the airport runway (which shall also be the center line of the Zone), beginning two hundred (200) feet from the end of the runway and extending ten thousand (10,000) feet therefrom. The width of such zone shall be one thousand (1000) feet at the end adjacent to the runway and widen to four thousand (4000) feet at the outer boundary of the zone at a distance of ten thousand two hundred (10,200) feet from the end of the runway.

Height Limitation: The height limitation in an AIA - 1 Zone is that of an inclined plane commencing at a line two hundred (200) feet from the end of the airport runway and sloping upward at a slope of 50 units of measure horizontally to 1 unit vertically to the intersection of a plane perpendicular to the outer edge of the AIA - 1 Zone.

Extended Instrument Approach Zone - (AIA - 2 Zone).

Boundary: The AIA - 2 Zone shall lie adjacent to the AIA - 1 Zone on an extended center line of the runway (which shall also be the center line of the Zone). The width of said zone shall be four thousand (4000) feet at the end adjacent to the AIA - 1 Zone and shall broaden to a total width of sixteen thousand (16,000) feet at the exterior boundary of such zone at a distance of forty thousand (40,000) feet therefrom, or fifty thousand two hundred (50,200) feet from the end of the runway.

Height Limitation: The height limitation of an AIA - 2 Zone is that of an inclined plane commencing at the termination of the AIA - 1 height limitation plane, sloping upward at a slope of 40 units of measure horizontally to 1 unit vertically to the intersection of a plane perpendicular to the outer edge of the AIA - 2 Zone."

"Section 101.0420. AIRPLANE FLIGHT TRAINING ZONES.

In an Airplane Flight Training Zone, no structure, building, tower, smokestack or overhead transmission lines, trees or any object of natural growth shall be erected, constructed, altered, moved in, enlarged or allowed to grow to a height which will constitute an airport hazard.

It is hereby found that any structure or tree which extends above the height limits hereinafter established for an Airplane Flight Training Zone, obstructs and restricts the airspace required for the flight of aircraft in landing, taking off and maneuvering in such zone and constitutes an airport hazard and a public nuisance.

An Airplane Flight Training Zone shall be bounded by a circle, the center of which shall be a point upon the runway designated as the "point of origin" which point shall be established by the City in the ordinance creating the particular zone. The height limitation for said zone shall be established by a horizontal plane extending over such zone at a designated elevation above the point of origin.

Six (6) zones for limiting the height of trees and structures are hereby established. In the table below, "F T" stands for "Flight Training". The digit separated from "F T" by a dash, indicates the length in thousands of feet of the radius of said boundary circle. The last figure indicates the height (in feet) of the plane above the elevation of the point of origin above which plane, no structures are permitted - (e. g. F T - 10 - 40) means an area of land within a circle, with a 10,000 foot radius, wherein no tree or structure shall extend above the horizontal plane extending over such zone at a height of 40 feet in elevation above the point of origin).

F T - 10 - 60

## ORDINANCE NO. 6296 (NEW SERIES)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE I OF THE SAN DIEGO MUNICIPAL CODE BY ADDING THERETO TWO SECTIONS TO BE NUMBERED 101.0419 AND 101.0420 REGULATING AIRPORT ZONING.

BE IT ORDAINED, by the Council of The City of San Diego, as follows: Section 1. That Chapter X, Article 1 of the San Diego Municipal Code be, and the same is hereby amended by adding thereto two sections to be known as and numbered Section 101.0419 and Section 101.0420, and which are to read as follows:

### Section 101.0419. AIRPORT INSTRUMENT APPROACH ZONE.

In an Airport Instrument Approach Zone, no structure, building, tower, smokestack, overhead transmission lines, trees or any objects of natural growth, shall be erected, constructed, altered, moved in, enlarged or allowed to grow in such a manner as to create an airport hazard which obstructs the aerial approach to an airport or is otherwise hazardous to its use for airplane landing or taking off.

It is hereby declared that any building, structure, tree or object of natural growth which extends through or above a height limitation plane, as hereinafter defined, shall constitute an airport hazard and a public nuisance.

Airport Instrument Approach Zones shall have the following boundaries and height limitations:

#### Airport Instrument Approach Zone—(AIA-1 Zone).

Boundary: An AIA-1 Zone shall lie on the extended center line of the airport runway (which shall also be the center line of the Zone, beginning two hundred (200) feet from the end of the runway and extending ten thousand (10,000) feet therefrom. The width of such zone shall be one thousand (1000) feet at the end adjacent to the runway and widen to four thousand (4000) feet at the outer boundary of the zone at a distance of ten thousand two hundred (10,200) feet from the end of the runway.

Height Limitation: The height limitation in an AIA-1 Zone is that of an inclined plane commencing at a line two hundred (200) feet from the end of the airport runway and sloping upward at a slope of 60 units of measure horizontally to 1 unit vertically to the intersection of a plane perpendicular to the outer edge of the AIA-1 Zone.

#### Extended Instrument Approach Zone—(AIA-2 Zone).

Boundary: The AIA-2 Zone shall lie adjacent to the AIA-1 Zone on an extended center line of the runway (which shall also be the center line of the Zone). The width of said zone shall be four thousand (4000) feet at the end adjacent to the AIA-1 Zone and shall broaden to a total width of sixteen thousand (16,000) feet at the exterior boundary of such zone at a distance of forty thousand (40,000) feet therefrom, or fifty thousand two hundred (50,200) feet from the end of the runway.

Height Limitation: The height limitation of an AIA-2 Zone is that of an inclined plane commencing at the termination of the AIA-1 height limitation plane, sloping upward at a slope of 40 units of measure horizontally to 1 unit vertically to the intersection of a plane perpendicular to the outer edge of the AIA-2 Zone.

### Section 101.0420. AIRPLANE FLIGHT TRAINING ZONES.

In an Airplane Flight Training Zone, no structure, building, tower, smokestack or overhead transmission lines, trees or any object of natural growth shall be erected, constructed, altered, moved in, enlarged or allowed to grow to a height which will constitute an airport hazard.

It is hereby found that any structure or tree which extends above the height limits hereinafter established for an Airplane Flight Training Zone, obstructs and restricts the airspace required for the flight of aircraft in landing, taking off and maneuvering in such zone and constitutes an airport hazard and a public nuisance.

An Airplane Flight Training Zone shall be bounded by a circle, the center of which shall be a point upon the runway designated as the "point of origin," which point shall be established by the City in the ordinance creating the particular zone. The height limitation for said zone shall be established by a horizontal plane extending over such zone at a designated elevation above the point of origin.

Six (6) zones for limiting the height of trees and structures are hereby established. In the table below, "F T" stands for "Flight Training." The digit separated from "F T" by a dash, indicates the length in thousands of feet of the radius of said boundary circle. The last figure indicates the height (in feet) of the plane above the elevation of the point of origin above which plane no structures are permitted—(e.g. F T-10-40) means an area of land within a circle, with a 10,000 foot radius, wherein no tree or structure shall extend above the horizontal plane extending over such zone at a height of 40 feet in elevation above the point of origin.

Flight Training Zones—

F T-10-50  
F T-10-60  
F T-12-40

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.
