ORDINANCE NO. 6911
(NEW SERIES)

AN ORDINANCE INCORPORATING A PORTION OF LOT 67, PARTITION OF RANCHO MISSION OF SAN DIEGO (ADJACENT TO ALLIED GARDENS UNIT NO. 4), IN THE CITY OF SAN DIEGO, CALIFORNIA, INTO R-2 ZONE, AS DEFINED BY SECTION 101.0406 OF THE SAN DIEGO MUNICIPAL CODE, AND REPEALING ORDINANCE NO. 5132 (NEW SERIES), ADOPTED MARCH 25, 1952, IN SO FAR AS THE SAME CONFLICTS HEREWITH.

WHEREAS, pursuant to section 101.0206 of the San Diego Municipal Code, the City Planning Commission fixed and determined a time and place for a public hearing upon a proposed rezoning of a portion of Lot 67, Partition of Rancho Mission of San Diego, in The City of San Diego, California, as indicated on Planning Commission Zone Map Drawing No. B-700, attached to Planning Commission communication on file in the office of the City Clerk as Document No. 530885; and

WHEREAS, after due notice duly and regularly given, hearings were duly held and all persons interested were given an opportunity to appear and be heard before said Planning Commission; and

WHEREAS, the area as designated on Zone Map Drawing No. B-700.1 is proposed to be resubdivided, whereby provision will be made for the installation of public utility services and for the dedication of streets, alleys and easements for public uses; and

WHEREAS, the City Planning Commission by a vote of 7 to 0 has filed a recommendation with the Council of said City, as contained in Document No. 530885, dated March 5, 1956, recommending that a portion of Lot 67, Partition of Rancho Mission of San Diego, in The City of San Diego, California, as indicated on Zone Map Drawing No. B-700.1 be incorporated into R-2 Zone, as such zone is described in section 101.0406

of the San Diego Municipal Code, such zoning restrictions to attach upon the adoption of a final subdivision map of said area; and

WHEREAS, said Council, after public hearing, is of the opinion that the best interests of the people of San Diego will be subserved by adopting the recommendation; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That if, as and when, and in the event that a portion of Lot 67, Partition of Rancho Mission of San Diego, in The City of San Diego, California, as indicated on Zone Map Drawing No. B-700.1 contained in City Clerk's Document No. 530885 is resubdivided, and a map thereof duly recorded, and within such resubdivision, provision is made for the installation of public utility services and the dedication of streets, alleys and easements for public use, the provisions of section 101.0406 of the San Diego Municipal Code shall attach and become applicable to a portion of the said resubdivided lands and said portion of said resubdivided lands shall be incorporated into R-2 Zone as described by section 101.0406 of the San Diego Municipal Code, the boundaries of the zones of said subdivided lands to be as indicated on Zone Map Drawing No. B-700.1 filed in the office of the City Clerk as Document No. 530885.

Section 2. That in the event the zoning restriction shall attach to the said resubdivided lands described in section 1 of this ordinance, Ordinance No. 5132 (New Series), adopted March 25, 1952, entitled, "An Ordinance Incorporating Portions of Lots 66, 67 and 70, Partition of Rancho Mission of San Diego, California, into 'R-1' zone as Defined by section 101.0405 of the San Diego Municipal Code", be, and

ORDINANCE NO. 6915
(New Series)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON TUESDAY, JUNE 5, 1956, FOR THE PURPOSE OF PROPOSING AND SUBMITTING TO THE ELECTORS OF SAID CITY OF CERTAIN PROPOSITIONS TO AMEND THE CHARTER OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE PRIMARY ELECTION TO BE HELD IN SAID CITY ON SAID JUNE 5, 1956.

BE IT ORDAINED By the Council of The City of San Diego,
as follows:

Section 1. There is hereby ordered, called and proclaimed a special municipal election to be held in The City of San Diego, California, on the 5th day of June, 1956; and pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election the following propositions to amend the present Charter of said City:

PROPOSITION C.

Amend Article VII of the Charter of The City of San Diego by adding a new section thereto, to be numbered Section 90.2, which said section shall read as follows:

Section 90.2.

"City" means The City of San Diego.

"This section" as used in this section means this Section 90.2.

"Sewer" or "sewers" as used in this section means sanitary sewers of the City.

"Sewer system" as used in this section means the sanitary sewer system of the City for the collection, transmission, treatment and disposal of sewage and includes all parts thereof.

"Sewer service charges" as used in this section includes fees, tolls, rates and rentals for service by or the use of the sewer system or any part thereof, or in any manner derived from the sewer system or any part thereof.

"Revenues" as used in this section means all sewer service charges received for, and all income and receipts derived by the City from the operation of the sewer system or any part thereof or arising from the sewer system or any part thereof, including any sums received by the City from other cities, districts or public corporations (including the United States of America and the State of California) under contracts providing for the transmission, treatment or disposal of sewage from such other cities, districts or public corporations. "Revenues" shall not be construed to include taxes or assessments levied by the City.

"Sewer revenue fund" as used in this section means the fund derived from "revenues" as hereinbefore in this section defined.

(1) Revenue bonds to provide moneys for the purpose of acquiring, constructing, reconstructing, replacing, extending or improving sewers, sewer works and sewage treatment and disposal works, including all lands, easements and

property necessary therefor and including facilities for the reclamation of water or other by-products of the sewerage system of the City may be issued as provided in this section. Any of the sewers or works or any part thereof may be located outside the City. Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest and any premiums upon the redemption thereof prior to maturity only from the Sewer Revenue Fund; provided, however, that this shall not preclude the payment or redemption thereof from the proceeds of refunding bonds issued to refund said revenue bonds or the use of accrued interest and premiums paid upon the sale and delivery of the revenue bonds for the payment of principal thereof or interest thereon. Refunding revenue bonds for the purpose of refunding any revenue bonds issued under this section may be issued as provided in this section and shall be payable only from the fund from which the revenue bonds to be refunded are to be payable. No restrictions or limitations upon or procedure for the issuance of bonds in other sections of this charter shall apply to revenue bonds issued under this section (including refunding revenue bonds) and this section shall constitute complete authority for the issuance of such revenue bonds (including such refunding revenue bonds) and no action or proceeding not required by this section shall be necessary for the valid authorization and issuance of such revenue bonds. No revenue bond issued under this section or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of said City except such revenues as are required under the provisions of this section to be paid into the Sewer Revenue Fund.

(a) The limitations upon bonded indebtedness of

The City of San Diego contained in Sections 76 and 90 of this charter or in any other section or provision thereof shall not apply to revenue bonds issued under any provisions of this charter where such revenue bonds are payable exclusively from a special fund derived from revenues obtained from any public utility or improvement of the City and are not payable from taxes levied by the City and such revenue bonds shall not be deemed indebtedness of the City within the meaning of the debt limitation provisions contained in sections 76 and 90 of this charter or in any other section thereof.

(2) The Council may issue revenue bonds payable from the Sewer Revenue Fund pursuant to and in the manner provided in this section ~~only~~ after recommendation by the City Manager that bonds be issued hereunder, which recommendation shall state generally the purposes of the revenue bond issue and the principal amount thereof. Such recommendation need not be in any particular form.

(3) After the recommendation by the City Manager has been received by the Council it may adopt an ordinance finding the need for the issuance of revenue bonds under this section for the purposes set forth in the recommendation of the City Manager. The Council, by said ordinance, shall submit to the qualified voters of the City at an election held for that purpose the question of issuing revenue bonds pursuant to this section to provide moneys for the purposes stated in the recommendation of the City Manager.

The Council, by a vote of two-thirds of the members thereof, may adopt a resolution stating that it determines to proceed under this section without a recommendation by the City Manager. Any such resolution also shall state generally the purposes of the proposed revenue bond

issue and the principal amount thereof and in the event such resolution is adopted no recommendation of the City Manager shall be required and the ordinance shall find the need for the issuance of revenue bonds under this section for the purposes stated in the resolution and the purposes stated in the question submitted to the qualified voters of the City shall be the purposes stated in such resolution. In the event the Council adopts a resolution to proceed without the recommendation by the City Manager, the ordinance calling the election may be adopted only by a vote of at least two-thirds of the members of the Council and at a meeting subsequent to that at which the resolution was adopted.

The ordinance calling the election shall:

- (a) state the purposes for which the bonds are proposed to be issued;
- (b) state the principal amount of the bonds;
- (c) state the maximum rate of interest on the bonds, which shall not exceed six per cent per annum, payable semiannually;
- (d) call the election and fix the election date;
- (e) fix the manner of holding the election;
- (f) fix the manner of voting for or against the issuance of the bonds.

In all particulars not stated in said ordinance the election shall be held and the votes canvassed in the manner provided by law for general municipal elections in the City.

The question may be submitted at a special election called for that purpose or at any City election and any special election called for the purpose of voting upon a question of issuing bonds under this section may be consolidated with any election at which all of the qualified voters residing within the City are entitled to vote. Such consolidation may be made

in any manner authorized under the Elections Code of the State of California or under the Elections Code of the City.

(4) The ordinance shall be published once a week for two succeeding weeks in the official newspaper of the City, the first publication to be at least 21 days prior to the election. No other notice of such election need be given. If a majority of the voters voting on the question of issuing the bonds vote in favor of the issuance thereof bonds in an amount not exceeding the amount stated in the ordinance calling the election may be issued.

No error, irregularity or omission in the election or in any of the proceedings prior thereto which does not affect the substantial rights of the people of the City or the electors voting at the election at which any revenue bonds are authorized under this section shall invalidate the election.

(5) The Council may issue all of such bonds in one issue or may divide the principal amount of any issue into two or more series and fix different dates of issuance and maturity for the bonds of each series. The Council may fix a date not more than five years from the date of issuance for the earliest maturity of each issue or series of bonds. Beginning with the date of the earliest maturity of each issue or series not less than one-fortieth of the indebtedness of such issue or series shall be paid every year; provided, however, the bonds of any issue or series may be made to mature and become payable in approximately equal total annual installments of interest and principal during the term of the bonds, computed from the first year in which any part of the principal shall mature to the date of final maturity. The determination of the Council as to what constitutes approximately equal total annual installments of interest and principal shall be final and conclusive.

Any ordinance providing for the issuance of bonds hereunder shall recite the objects and purposes for which the bonds are to be issued, the principal amount of the bonds to be issued pursuant to such ordinance, the maximum rate of interest to be payable thereon, not to exceed six per cent per annum, payable semiannually, the date of issue of said bonds, and the maturities thereof.

Said bonds shall be issued in negotiable form and shall be negotiable. The recitals of regularity of proceedings in any revenue bond issued and sold under this section shall be conclusive evidence of compliance with the provisions of this section and of the validity of such bonds, and no bona fide purchaser of any such bond containing the recital permitted by this section shall be required to see to the existence of any fact or to the performance of any condition or to the taking of any proceeding required prior to the actual issuance and delivery of said bonds or to the application of the purchase price paid for said bonds.

Subdivision 1. REVENUE BONDS - TERMS AND CONDITIONS:

In any ordinance providing for the issuance of revenue bonds under this section, the Council may fix the terms and conditions thereof (including covenants) and may in any article, section, sentence or clause thereof make such provision (including covenant) as it may deem necessary or desirable to facilitate the issuance and sale of the bonds or for the protection or security of the holders thereof, including, without affecting the generality of the foregoing, any or all of the following:

(a) The denomination or denominations of the bonds, the medium of payment thereof, the place or places of payment thereof, which may be within or without the State of California, the form of said bonds (including recitals of regularity) and

of interest coupons pertaining thereto, the form, denomination and conditions of any temporary bonds or interim certificates, and the manual (one signature must be manual) and facsimile signatures to be affixed to said bonds (definitive or temporary) or interim certificates, and the facsimile signature to be affixed to interest coupons;

(b) The terms and conditions under which said bonds or any part thereof may be paid and redeemed before maturity (including the premiums, if any, payable upon bonds redeemed prior to maturity), exchanged, registered, transferred, or negotiated;

(c) Covenants or provisions relating to rates (called in this section Sewer Service Charges). Such sewer service charges shall be fixed by the Council of said City and, with reasonable allowances for contingencies, must be at least sufficient, together with other revenues, if any, payable into the sewer revenue fund, to provide revenues sufficient to pay, as the same become due, principal and interest of all revenue bonds payable out of said sewer revenue fund (including all payments required to be made into reserve and sinking funds, if any, for said revenue bonds) and all other obligations payable from the sewer revenue fund, and the necessary expenses of maintaining and operating the sewer system of the City. The ordinance may also state the extent, if any, to which such sewer service may be furnished or rendered to the City or to the United States of America, the State of California, or to any city or other public corporation or body at lower rates than otherwise charged;

(d) The collection, deposit and safekeeping of the revenues; the permissible uses thereof; provided, however, that such revenue may be used only as authorized in this section and by any ordinance providing for the issuance of

revenue bonds under this section. Nothing in this section shall restrict the Council in its discretion in any ordinance authorizing the issuance of revenue bonds under this section from providing for the payment of the expenses of maintenance and operation of the sewer system of the City prior to or subsequent to the payment of principal and interest of the revenue bonds or the setting aside in the bond service, sinking, redemption, reserve, or other fund, monthly or otherwise, of funds therefor;

(e) The special fund or funds to be established and maintained for the payment of principal and interest of the bonds, including reserve, sinking, bond service, redemption, and trust funds, and any revenue bond payable from the Sewer Revenue Fund may be paid from any such special fund set up therefor; the permissible investments of moneys in said funds, or any thereof; the accounts and records to be kept, audits thereof and examination thereof by bondholders and others;

(f) Carrying of insurance upon any sewers, sewage treatment plant or plants or sewage disposal works against any or all risks, and in case of loss the application of the insurance proceeds;

(g) Prohibition against or limitations upon the sale, lease or other disposition or transfer of the sewer system of the City or any substantial part thereof, and the use of any funds derived from any sale, lease or other disposition or transfer permitted under the terms of said ordinance;

(h) Limitations upon the issuance of any additional bonds payable from the Sewer Revenue Fund, but no bond shall be issued pursuant to this section or under any other provision of this charter or any other law having any priority in payment of principal or interest out of such fund over any

revenue bonds theretofore or thereafter issued and payable out of said fund;

(i) Provisions whereby the consent or agreement of a stated percentage or number of the holders of the bonds may bind all holders to modifications of provisions of any ordinance, resolution or order authorizing or providing for the issuance of such bonds or the sale thereof, or to a refunding of said bonds and to calls or exchanges in connection with such refunding;

(j) For the issuance of a duplicate in the manner and upon such terms and conditions as the Council may determine, in the event any bond, temporary bond, coupon or interim certificate of any such issue is lost, destroyed or mutilated;

(k) Any other provision (including covenant) valid under the Constitution of the State of California and the United States of America.

Such ordinance shall be subject to referendum in the manner that other ordinances of the City are subject to referendum.

Any ordinance providing for the issuance of any revenue bonds under this section and all other ordinances, resolutions or orders in the proceeding for the issuance of said bonds shall constitute a contract with the holders of the bonds and may be enforced by any holder by mandamus, injunction or any applicable legal action, suit, proceeding or other remedy.

Subdivision 2. LIMITATIONS. Revenue bonds issued under this section shall be issued substantially in compliance with the following limitations:

(a) No bond shall run more than forty years from the date of issuance thereof;

(b) Said bonds shall be designated "Sewer Revenue Bonds" and each bond shall state on its face that it does not constitute an indebtedness of the City but is an obligation payable, principal and interest, and premiums, if any, upon the redemption thereof only from the Sewer Revenue Fund, but this shall not preclude the payment or redemption thereof from the proceeds of refunding bonds or the payment thereof from premium and accrued interest received upon the sale of the bonds;

(c) Said bonds shall be sold only at public sale following such notice as the Council by resolution or order may prescribe; provided, however, that if no bid or no satisfactory bid is received pursuant to such notice the Council may reject all bids received, if any, and may thereafter sell such bonds at public or private sale; provided, further, that the provisions of this subsection shall not apply to the exchange of any refunding bonds for outstanding bonds. Any such revenue bonds may be sold at a fixed rate of interest or the bidders may be invited to state the rate or rates of interest at which they will purchase said bonds, but no rate on any of the bonds shall exceed the maximum rate stated in the ordinance calling the election to vote upon the issuance of said bonds. If the bidders are invited to state the interest rate or rates, then upon the acceptance of a bid the Council shall by resolution or order, which shall not be subject to referendum, fix such interest rate or rates as have been bid by the successful bidder as the rate or rates of interest on the bonds sold;

(d) Said bonds shall be sold for not less than par and accrued interest to date of delivery. The proceeds from the sale (except premium and accrued interest which shall be paid into the bond service or other fund designated or established for the payment of principal and interest of the bonds) shall be paid into the construction fund designated

00252

by the ordinance providing for issuance of such bonds and shall be applied exclusively to the objects and purposes set forth in such ordinance; provided, however, (1) that the Sewer Revenue Fund from which the bonds are payable may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made from such Sewer Revenue Fund after the issuance of the bonds has been approved at the election thereon; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which the bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said revenue bonds or for the redemption of any callable bonds thereof.

(6) Refunding revenue bonds may be issued for the payment or redemption of any revenue bonds issued pursuant to this section and such refunding bonds may be issued in principal amount sufficient to refund the outstanding bonds proposed to be refunded thereby, including payment of accrued interest and of any premiums thereon and all expenses of such refunding. Refunding revenue bonds shall be authorized, issued and sold substantially in the manner provided for the issuance and sale of other revenue bonds hereunder or may be exchanged for the outstanding bonds to be refunded upon such terms and conditions as may be stated in the ordinance authorizing such refunding bonds, except that no election shall be necessary to authorize the issuance of refunding bonds hereunder. The ordinance providing for the issuance of refunding bonds shall be subject to referendum in the same manner as other ordinances of the City.

(7) To the extent that any provision of any ordinance authorizing the issuance of revenue bonds pursuant

to this section or any provision of any ordinance, resolution or order pertaining to such revenue bonds adopted pursuant to the authority of this section is inconsistent with any of the provisions of any other section of this charter the provisions of such ordinance, resolution or order shall control so long as any of the bonds or coupons to which the same pertain are outstanding and unpaid. No bond shall be deemed to be outstanding and unpaid within the meaning of this section if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund, or other trust fund created to insure the payment or redemption thereof.

The Council is authorized to take any and all steps necessary or convenient for the authorization, issuance and sale of revenue bonds under this section and for the payment or redemption thereof.

(8) The Council may at any time establish and collect sewer service charges and must establish and collect such sewer service charges as required by any ordinance providing for the issuance of revenue bonds under this section. Sewer service charges shall not be deemed taxes or assessments within the meaning of any section of this charter and shall not be enforceable by any lien upon real property. "Sewer service charges" may be collected with water rates, fees or charges (herein called "water rates") of The City of San Diego. The Council may provide and covenant that the sewer service charges shall be collected with and not separately from the water rates of said City and that all charges shall be billed upon the same bill and collected as one item and may also provide and covenant that in the event of nonpayment of any part of the bill for the sewer service

charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council. Delinquent sewer service charges may be collected by suit in any court of competent jurisdiction. The Council also may prescribe and establish penalties for the nonpayment of sewer service charges. The Council may take any and all steps to provide, establish and collect sewer service charges.

All "revenues" shall be paid into the Sewer Revenue Fund and shall be used only for the following purposes:

(1) paying the cost of maintenance and operation of the sewer system of The City of San Diego; (2) paying principal and interest (including payments into any reserve or sinking fund) and premiums, if any, upon redemption, of sewer revenue bonds issued under this section and payable from said Sewer Revenue Fund; (3) paying all or any part of the cost and expense of extending, reconstructing or improving the sewer system of the City or any part thereof.

Any ordinance providing for the issuance of revenue bonds hereunder may contain covenants defining, limiting or restricting the use of moneys in said Sewer Revenue Fund and said covenants shall control so long as any bonds issued under said ordinance are outstanding and unpaid within the meaning of this section.

Moneys derived from sewer service charges and in the Treasury of The City of San Diego unincumbered at the time revenue bonds are first issued under the provisions of this section shall thereafter be used only for purposes permitted under this section. Interest on investments of any fund created by or under the authority of this section shall be credited to any such fund.

(9) Nothing in this section shall be deemed to

restrict or prevent the City from issuing general obligation bonds for sewer purposes. General obligation bonds of the City may also be issued to refund any revenue bonds, principal, interest and premium, if any, issued under this section, if authorized by a two-thirds vote of the qualified electors of the City voting upon the question of the issuance thereof at an election called and held for that purpose. Such election may be called by ordinance in the same manner as any other special election is called under the charter of the City.

Nothing in this section shall be construed to prevent or restrict the City from expending funds derived from taxes for the maintenance and operation of sewers or the construction of sewers, but no funds derived from taxes shall be used for the payment of principal or interest of any revenue bonds issued under this section and no funds derived from taxes shall be considered "revenues" as in this section defined and no such funds derived from taxes shall be paid into the Sewer Revenue Fund.

Nothing in this section shall be construed to prevent or restrict the City from levying special assessments for the acquisition and construction of sewers or sewer works and such assessments shall not be construed as "revenues" as defined in this section and shall not be paid into the Sewer Revenue Fund.

Nothing in this section shall be construed as implying any doubt of the power of the City to establish sewer service charges prior to adoption of this amendment.

PROPOSITION D.

Amend Section 24 of Article IV of the Charter of The City of San Diego to read as follows:

"Section 24. MAYOR. The Mayor shall preside at the meetings of the Council and perform such other duties as may be prescribed by this Charter or as may be imposed by the Council, consistent with the duties of his office. He shall have no power of veto, but shall have a vote as a member of the Council. He shall be recognized as the official head of the City for all ceremonial purposes, by the Courts for the purpose of serving civil process, for the signing of all legal instruments and documents, and by the Governor for military purposes. In time of public danger or emergency, he may, with the consent of the Council, take command of the police, maintain order and enforce the law.

The rate of pay of the Mayor shall be Twelve Thousand Dollars (\$12,000.00) per year.

In the event of a vacancy occurring in the office of the Mayor, existing by reason of any cause, the Council shall have authority to fill such vacancy, provided, however, that if the Council shall fail to fill such vacancy by appointment within thirty (30) days after the vacancy, the Council must immediately cause an election to be held to fill such vacancy. Any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term."

PROPOSITION E.

Amend Section 12 of Article III of the Charter of The City of San Diego to read as follows:

"Section 12. THE COUNCIL. The Council shall be composed of seven (7) Councilmen, including the Mayor, and

00257

shall be the legislative body of the City, each of the members of which, including the Mayor, shall have the right to vote upon all questions before it.

Councilmen, including the Mayor, shall be elected at a general municipal election held in the odd numbered years and, except as hereinafter provided, shall hold office for the term of four years from and after the first Monday after the first day of May next succeeding their election and until their successors are elected and qualified.

Any vacancy occurring in the Council shall be filled from the District in which the vacancy occurs by appointment by the remaining Councilmen; but in the event that said remaining Councilmen fail to fill such vacancy by appointment within thirty (30) days after the vacancy occurs, they must immediately cause an election to be held to fill such vacancy; provided, however, that any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term.

In case a member of the Council is absent from the City for a period of forty (40) days, unless by permission of the Council, his office shall be declared vacant by the Council and the same filled as in the case of other vacancies.

The rate of pay of each Councilman shall be Five Thousand Dollars (\$5,000.00) a year.

No Councilman shall be eligible during the term for which he was appointed or elected to hold any other office or employment with the City, except as Mayor and a member of any Board, Commission or Committee thereof, of which he is constituted such a member by general law or by this Charter."

PROPOSITION F.

Amend Section 83 of Article VII of the Charter of The City of San Diego to read as follows:

"Section 83. PAYMENT OF CLAIMS AGAINST THE CITY.

No claim against the City shall be paid except by means of a warrant on the treasury issued by the Auditor and Comptroller. The Auditor and Comptroller shall issue no warrant for the payment of a claim unless the claim be evidenced by voucher approved by the head of the Department or office for which the indebtedness was incurred, and each such officer and his surety shall be liable to the City for all loss or damage sustained by reason of his negligence or corrupt approval of any claim. No demand shall be allowed, approved, audited, or paid unless it shall specify each item of the claim and the date thereof; provided, however, that warrants for salaries of officers and employees shall be allowed by the Auditor and Comptroller and paid regularly from the treasury without the necessity of any demand therefor or approval thereof as in this section prescribed for other claims."

PROPOSITION G.

Amend Section 10 of Article II of the Charter of The City of San Diego to read as follows:

"Section 10. ELECTIONS. The regular municipal primary election shall be held on the second Tuesday in March in each odd-numbered year, and the general municipal election shall be held on the third Tuesday in April of the same year, or, if either of these days falls on a legal holiday, then the election shall be held on the next succeeding day which is not a legal holiday. All other municipal elections which may be held under this charter shall be known as special municipal elections.

At the municipal primary election there shall be chosen by the electors of each Council District two candidates for

the office of any councilman from a district whose term expires the succeeding May.

There shall be chosen by all of the electors of the City not more than twice the number of candidates necessary to fill any office of any other officer whose term expires the succeeding May.

In the event that any candidate, other than council candidates, for nomination to any office for which only one person is to be elected, shall receive a majority of the votes cast for all the candidates for nomination to such office at such primary election, the candidate so receiving such majority of all votes shall be deemed to be, and declared by the Council to be, elected to such office. Any candidate for the office of Member of the Board of Education elected at large who shall receive votes on a majority of all the ballots cast for candidates therefor at such primary election, shall be deemed to be, and declared by the Council to be, elected to such office; and where two or more candidates are to be elected to such office and a greater number of candidates receive a majority than the number to be elected, those candidates who secure the highest votes of those receiving such majority, and equal in number to the number to be elected, shall be deemed to be, and declared by the Council to be, elected to such office.

At the general municipal election the electors of the whole City shall select from among the candidates chosen at the primary election in each district one candidate for the office of the Councilman whose term expires the succeeding May, and there shall be chosen by all of the electors of the whole City from among the candidates chosen at the primary one candidate to succeed any other elective officer whose term expires in May succeeding the election.

After the result of an election for any office is declared, or when an appointment is made, the City Clerk, under his hand and official seal, shall issue a certificate therefor, and shall deliver the same immediately to the person elected or appointed, and such person must within ten days after receiving such certificate file his official bond, if one be required for his office, and take and subscribe to the oath of office required of him by this Charter, which oath must be filed with the City Clerk."

Said propositions shall be presented and printed upon the ballot and submitted to the voters in the manner and form set out in Section 3 of this ordinance.

Section 2. That the polls for said election shall be opened at seven o'clock A. M. of the day of said election and shall remain open continuously from said time until seven o'clock P. M. of the same day, when said polls shall be closed, except as provided in Section 5734 of the Elections Code of the State of California.

Section 3. This election being consolidated with the state-wide Primary Election and the Board of Supervisors being authorized to canvass the returns and only one form of ballot being authorized, the method of voting upon said charter propositions shall be as provided in the Elections Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSSES (+) ON BALLOT ONLY WITH RUBBER STAMP;
NEVER WITH PEN OR PENCIL.

(ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK
OR PENCIL.)

INSTRUCTIONS TO VOTERS

To vote on any measure, stamp a cross (+) in the voting square after the word "YES" or after the word "NO." All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absent voter's ballots mark a cross (+) with pen or pencil.

CITY OF SAN DIEGO CHARTER AMENDMENTS

<p>PROPOSITION C. Amend Article VII of the Charter of The City of San Diego by adding a new section thereto to be numbered Section 90.2.</p> <p>This amendment authorizes the City to issue revenue bonds payable from revenue derived from sewer service charges for the purpose of financing additions to and improvements of the sewers, sewer works, and sewage treatment and disposal works (including facilities for the reclamation of water or other by-products) of the City, upon a majority vote of the voters; provides a procedure for the issuance and sale of such bonds, and provides for the use of revenues derived from sewer service charges.</p>	YES	
<p>PROPOSITION D. Amend Section 24 of Article IV of the Charter of The City of San Diego.</p> <p>This amendment removes the provision in the present Charter that the Mayor shall receive each year a sum not to exceed \$1500.00 for entertainment purposes, and fixes the rate of pay of the Mayor at \$12,000.00 a year.</p>	YES	
<p>PROPOSITION E. Amend Section 12 of Article III of the Charter of The City of San Diego.</p> <p>This amendment removes obsolete language from the present Charter relating to the original election of a Mayor and Councilmen at the time of adopting the present Charter in 1931, and fixes the rate of pay of Councilmen at \$5,000.00 a year.</p>	YES	
<p>PROPOSITION F. Amend Section 83 of Article VII of the Charter of The City of San Diego.</p> <p>This amendment removes from the present Charter the requirement that salaries of officers and employees of the City be paid semi-monthly.</p>	YES	
	NO	

<p>PROPOSITION G. Amend Section 10 of Article II of the Charter of The City of San Diego.</p> <p>This amendment provides for the method of electing candidates for the office of Member of the Board of Education who receive votes on a majority of all ballots cast for such candidates at a primary election, and removes obsolete language from the present Charter relating to the duties of the City Clerk in canvassing election returns.</p>	<p>YES</p>	
	<p>NO</p>	

Section 4. A cross (+) placed in the voting square after the word "YES," in the manner hereinbefore provided shall be counted in favor of the adoption of the proposition. A cross (+) placed in the voting square after the word "NO" in the manner hereinbefore provided shall be counted against the adoption of the proposition.

Section 5. That said special municipal election hereby called to be held in The City of San Diego on the 5th day of June, 1956, shall be and is hereby ordered consolidated with the statewide primary election to be held on said date, and within The City of San Diego the precincts, polling places and officers of election for the special municipal election hereby called shall be the same as those provided for said primary election.

The Board of Supervisors of the County of San Diego is hereby requested to order the consolidation of the special municipal election hereby called with said statewide primary election, and said Board of Supervisors is authorized hereby to canvass the returns of the special municipal election hereby called, and the elections shall be held in all respects as if there were only one election, and only one form of ballot, namely, the ballots used at such primary election, shall be used. Said Board of Supervisors shall certify the result of the canvass of the returns of such special municipal election to the Council of The City of San Diego who shall thereupon declare the result thereof.

Said propositions shall be designated on the ballots by letters printed on the left margin of the square containing the description of the measure, as provided in Section 3831 of the Elections Code of the State of California.

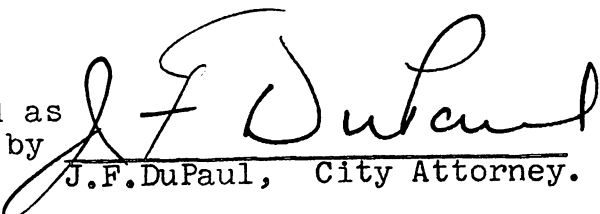

Section 6. That only qualified voters of The City of San Diego shall be permitted to vote at the election hereby called.

Section 7. The City Clerk of said City is hereby directed to cause such proposed amendments to be published once in the official newspaper of said City, to-wit" The San Diego Union, and in each edition thereof during the day of publication, within fifteen days after the passage and adoption of this ordinance, which said publication shall be not less than forty nor more than sixty days prior to the date of said election; and said City Clerk is further directed to cause copies of such proposed amendments to be printed in convenient pamphlet form and in type of not less than ten-point, and to cause copies thereof to be mailed to each of the qualified electors of said City, and said City Clerk shall, until the day fixed for the election upon such amendments, advertise in said The San Diego Union, being the official newspaper of said City, and a newspaper of general circulation published in said City, a notice that copies of said amendments may be had upon application therefor to the City Clerk of said City.

Section 8. The City Clerk of said City is further directed to cause this ordinance to be published once in the City official newspaper, to-wit: The San Diego Union. No other notice of such election need be given.

Section 9. This ordinance shall take effect and be in force from and after its passage.

ORDINANCE NO. 6920
(New Series)

AN ORDINANCE AMENDING CHAPTER II ARTICLE 5 OF THE SAN DIEGO MUNICIPAL CODE BY AMENDING SECTIONS 25.0102, 25.0104 and 25.0118; BY ADDING SECTION 25.0104.1 and REPEALING SECTION 25.0126, PROVIDING FOR FIRE DEPARTMENT MERIT SYSTEM.

BE IT ORDAINED by the Council of The City of San Diego as follows:

Section 1. That Chapter II Article 5 of the San Diego Municipal Code be and the same is hereby amended by amending Sections 25.0102, 25.0104, and 25.0118 to read as follows:

"SEC. 25.0102 APPOINTMENTS, PROMOTIONS,
DISMISSALS

All appointments, promotions, and dismissals shall be approved by the City Manager."

"SEC. 25.0104 POWERS OF OFFICERS - DISCIPLINARY ACTION

The Chief of the Fire Department, subject to the approval of the City Manager, may dismiss, demote, or suspend for more than ten days duration any subordinate in his department for cause.

The Chief of the Fire Department, without the approval of the City Manager, may, for cause; levy extra duty of not more than ten days duration, suspend for not more than ten days duration, or remove from promotional eligible lists any subordinate in his department.

The Assistant Chief, Battalion Chiefs, or any officer acting in their capacity, subject to the approval of the Chief, or Acting Chief, may suspend for not more than ten days duration any subordinate in the department for cause. The officer causing such suspension shall notify the Chief immediately of the action and reasons therefor."

"SEC. 25.0118 PROMOTIONAL ELIGIBLE LISTS

The Chief of the Fire Department shall have power to make rules and regulations for conducting promotional

examinations and shall appoint an officer or officers to conduct the same.

Members of the Fire Department making the eligible list for promotion will be retained on the list for a period of two years, or until another list is established by examination, or until their names are removed from same for cause.

Eligible lists shall be posted at Fire Department headquarters.

Appointment to all positions shall be made by the Chief of the Fire Department from the top of the eligible list of the position to be filled. The names of all contestants who receive an average grade of 75% or over in all promotional examinations shall be placed on the eligible list.

All tests for Fire Department promotions shall be practical and relate to matters which fairly measure the relative fitness and abilities of applicants for the positions to be filled.

Written tests shall count for not more than 60% of the total, the remaining percentage to be given for fitness for the position as determined by oral examinations, demonstrations, and by Fire Department rating forms, records, by performance of duty, and service."

Section 2. That Division 1, Article 5, Chapter II of the San Diego Municipal Code be amended by adding thereto a new section to be known as and numbered Section 25.0104.1 and to read as follows:

"SEC. 25.0104.1 DISCIPLINARY ACTION - PROCEDURE

A written notice of any dismissal, demotion or suspension with the reasons therefor shall be personally served upon the subordinate affected, or mailed by registered mail to his usual place of residence within five days

after such dismissal, demotion, or suspension. Service by mail shall be deemed complete at the time of the deposit of the notice in the mail. The subordinate affected may appeal to the Civil Service Commission, as provided in Section 58 of the Charter of The City of San Diego, within five days after written notice of dismissal, demotion, or suspension. If no appeal is requested the decision of the Chief or officer causing the dismissal, demotion, or suspension shall be final."

Section 3. That Section 25.0126 of the San Diego Municipal Code be and the same is hereby repealed.

Section 4. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

WHEREAS, pursuant to section 101.0206 of the San Diego Municipal Code, the City Planning Commission fixed and determined a time and place for a public hearing upon a proposed rezoning of a portion of Lot 9, Lemon Villa; Lots 5 to 13 inclusive, Arboles; Lots 34 and 35, Block 1, and Lots 1 and 2, Block 2, Monte Mar Vista, in The City of San Diego, as indicated on Planning Commission Zone Map Drawing No. B-701, attached to Planning Commission communication on file in the office of the City Clerk as Document No. 532500; and

WHEREAS, after due notice, duly and regularly given, hearings were duly held and all persons interested were given an opportunity to appear and be heard before said Planning Commission; and

WHEREAS, the portion of Lot 9, Lemon Villa, as designated on Planning Commission Zone Map Drawing No. B-701 is proposed to be subdivided, whereby provision will be made for the installation of public utility services and for the dedication of streets, alleys and easements for public use; and

WHEREAS, the City Planning Commission by a vote of 6 to 0 filed a recommendation with the Council of said City, as contained in Document No. 532500, filed March 15, 1956, recommending that Lots 5 to 13 inclusive, Arboles and Lots 34 and 35, Block 1, and Lots 1 and 2, Block 2, Monte Mar Vista, as indicated

on Planning Commission Zone Map Drawing No. B-701, be incorporated into R-4 zone as such zone is described in section 101.0408 of the San Diego Municipal Code, the boundaries of such zone to be as indicated on said Zone Map No. B-701, and that such zoning restriction should not attach to unsubdivided portion of Lot 9, Lemon Villa, until the recordation of a final subdivision map of said area; and

WHEREAS, said Council, after public hearing, is of the opinion that the best interests of the people of San Diego will be subserved by adopting the recommendation; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That all that territory situated in The City of San Diego, California, within the boundaries of the district designated "R-4" on that certain Planning Commission Zone Map No. B-701 filed in the office of the City Clerk of said City under Document No. 532500, lying within Lots 5 to 13 inclusive, Arboles; Lots 34 and 35, Block 1, and Lots 1 and 2, Block 2, Monte Mar Vista, be, and the same is hereby incorporated into R-4 Zone, as said zone is described and defined by section 101.0408 of the San Diego Municipal Code.

Section 2. That if, as and when, and in the event that a portion of Lot 9, Lemon Villa, in The City of San Diego, California, as indicated on Planning Commission Zone Map Drawing No. B-701, contained in City Clerk's Document No. 532500, is subdivided, and a map thereof duly recorded, and within such subdivision, provision is made for the installation of public utility services and the dedication of streets, alleys and easements for public use, the provisions of section 101.0408 of the San Diego Municipal Code shall attach and become applicable to the said subdivided lands and the said subdivided

SEC. 81.02 AUTHORITY OF POLICE AND FIRE DEPARTMENT OFFICIALS.

Officers of the Police Department and such officers as are assigned by the Chief of Police are hereby authorized to direct all traffic by voice, hand, audible or other signal in conformance with traffic laws, except that in the event of a fire or other emergency or to expedite traffic or to safeguard pedestrians, officers of the Police Department or members of the Fire Department may direct traffic as conditions may require, notwithstanding the provisions to the contrary contained in this chapter or the Vehicle Code.

SEC. 81.03 PERSONS OTHER THAN OFFICIALS SHALL NOT DIRECT TRAFFIC.

It shall be unlawful for any person other than an officer of the Police Department or members of the Fire Department or a person authorized by the Chief of Police or a person authorized by law to direct or attempt to direct traffic by voice, hand or other signal, except that persons may operate, when and as herein provided any mechanical push-button signal erected by order of the City Manager.

SEC. 81.04 OBEDIENCE TO AUTHORIZED PERSONNEL AND TRAFFIC REGULATIONS.

(a) No person shall refuse or fail to comply with any law, any lawful order, signal or direction of a police officer, member of the Fire Department, or person authorized by the Chief of Police.

(b) No person shall disobey the instructions of any official traffic control device placed in accordance with this chapter or the Vehicle Code unless directed by a police officer, or other authorized person, subject to the exceptions granted the operator of an authorized

emergency vehicle when responding to emergency calls.

SEC. 81.05 PUBLIC EMPLOYEES TO OBEY TRAFFIC REGULATIONS.

The provisions of this chapter shall apply to the operator of any vehicle owned by or used in the service of the United States Government, this state, any county or city, and it shall be unlawful for any said operator to violate any of the provisions of this chapter except as otherwise permitted in this chapter or by the Vehicle Code.

SEC. 81.06 EXEMPTION TO CERTAIN VEHICLES.

(a) The provisions of this chapter regulating the operation, parking and standing of vehicles shall not apply to authorized emergency vehicles operated by the Police or Fire Department, any public ambulance or any public utility vehicle or any private ambulance, which public utility vehicle or private ambulance has qualified as an authorized emergency vehicle when any vehicle mentioned in this section is operated in the manner specified by the Vehicle Code in response to an emergency.

(b) The foregoing exemptions shall not, however, protect the operator of any such vehicle from the consequences of his wilful disregard of the safety of others.

(c) The provisions of this chapter regulating the parking or standing of vehicles shall not apply to any vehicle of a City department or public utility while necessarily in use for construction or repair work upon, in, over, under or adjacent to a street or highway.

SEC. 81.07 REPORT OF DAMAGE TO CERTAIN PROPERTY.

(a) The operator of a vehicle or the person in charge of any animal involved in any accident resulting in

damage to any property publicly owned or owned by a public utility, including but not limited to any fire hydrant, parking meter, lighting post, telephone pole, electric light or power pole, resulting in damage to any traffic control device or other property of a like nature located in or along any street, shall within twenty-four (24) hours after such accident make a written report of such accident to the Police Department of this City.

(b) Every such report shall state the time when and the place where the accident took place, the name and address of the person owning and of the person operating or in charge of such vehicle or animal, the license number of every such vehicle, and shall briefly describe the property damage in such accident.

(c) The operator of any vehicle involved in an accident shall not be subject to the requirements or penalties of this section if and during the time he is physically incapable of making a report, but in such event he shall make a report as required in subdivision (a) within 24 hours after regaining ability to make such report.

SEC. 81.08 AUTHORITY OF POLICE IN CROWDS.

At places where large numbers of people and vehicles are to gather or have gathered, nothing in this chapter shall be construed to prevent any police officer from prohibiting any person from parking any vehicle upon or using any street or sidewalk, or from prohibiting any pedestrian from using any street or sidewalk, and said police officer shall have authority to direct the parking of vehicles in any reasonable manner, way or direction, and it is hereby

declared to be unlawful for any person to fail to promptly obey the said police officer's order, signal or command, regardless of any other provision of this chapter.

SEC. 81.09 ANY OFFICERS AUTHORIZED TO REMOVE VEHICLES FROM HIGHWAY.

(a) Any regularly employed and salaried officer of the Police Department of The City of San Diego is hereby authorized to remove a vehicle from a street or highway to the nearest garage or other place of safety or to a garage designated or maintained by The City of San Diego under the circumstances hereinafter enumerated.

(1) When any vehicle has been parked or left standing upon a street or highway for one hundred twenty (120) or more consecutive hours.

(2) When any vehicle has been parked or left standing upon a street or highway between the hours of 7:00 o'clock A.M. and 7:00 p.m. when the parking or standing of vehicles thereon has been prohibited by ordinance or resolution of the City Council, and where signs are posted giving notice of such removal.

(3) When any vehicle has been parked or left standing on a street or highway in violation of temporary "No Parking" signs which have been posted on said street or highway pursuant to Sec. 86.06.

(b) Any officers removing a vehicle as provided herein shall comply with the procedure set forth in Section 585 of the Vehicle Code of the State of California.

Section 2. That Section 82.15 of the San Diego Municipal Code be and the same is hereby renumbered and shall become Section 81.07.1.

Section 3. That the title to Article 2, Chapter VIII be and the same is hereby amended to read as follows:

ARTICLE 2

TRAFFIC MOVEMENT AND CONTROL

Section 4. That Sections 82.01, 82.02, 82.03 and 82.10 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 82.01 AUTHORITY TO INSTALL TRAFFIC CONTROL DEVICES.

(a) The City Manager shall place and maintain or cause to be placed and maintained official traffic control devices when and as required to make effective the provisions of this chapter.

(b) Whenever the Vehicle Code requires for the effectiveness of any provision thereof that traffic control devices be installed to give notice to the public of the application of such law the City Manager is hereby authorized to install the necessary devices subject to any limitations or restrictions set forth in the law applicable thereto.

(c) The City Manager may also place and maintain such additional traffic control devices as he may deem necessary or proper to regulate traffic or to guide or warn traffic, but he shall make such determination only upon the basis of traffic engineering principles and traffic investigations and in accordance with such standards, limitations, and rules as may be set forth in this chapter or as may be determined by ordinance or resolution of the Council.

SEC. 82.02 TRAFFIC CONTROL SIGNS REQUIRED FOR ENFORCEMENT PURPOSES.

No provision of the Vehicle Code or of this chapter for which signs are required shall be enforced against an alleged

violator unless appropriate signs are in place and are sufficiently legible to be seen by an ordinarily observant person, giving notice of such provisions of the traffic laws.

SEC. 82.03 INSTALLATION OF TRAFFIC SIGNALS.

(a) The City Manager is hereby directed to install and maintain official traffic signals at those intersections and other places where traffic conditions are such as to require that the flow of traffic be alternately interrupted and released in order to prevent or relieve traffic congestion or to protect life or property from exceptional hazard.

(b) The City Manager shall ascertain and determine the locations where such signals are required by field investigation, traffic counts and other traffic information as may be pertinent and his determinations therefrom shall be made in accordance with traffic engineering and safety standards.

(c) Whenever the City Manager installs and maintains an Official Traffic Signal at any intersection, he shall likewise erect and maintain at such intersections street name signs except where signs have previously been placed.

SEC. 82.10 LANE MARKING

The City Manager is hereby authorized to mark center lines and lane lines upon the surface of the roadway to indicate the course to be traveled by vehicles and may place signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the center line of the highway.

Section 5. That Article 2, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections to be known as and numbered Sections 82.11, 82.12, 82.13, and 82.14 and to read as follows:

**SEC. 82.11 AUTHORITY TO REMOVE, RELOCATE AND DISCONTINUE
TRAFFIC CONTROL DEVICES.**

The City Manager is hereby authorized to remove, relocate or discontinue the operation of any traffic control device not specifically required by the Vehicle Code or this chapter whenever he shall determine in any particular case that the conditions which warranted or required the installation no longer exist.

**SEC. 82.12 TEMPORARY REMOVAL OF TRAFFIC CONTROL DEVICES OR
OTHER FACILITIES - SUSPENSION OF REGULATIONS.**

Whenever, because of the construction, alteration, repair, or improvement of any street or highway, or because of other emergency, compliance with any of the provisions of this Chapter, including provisions adopted pursuant to authorization contained in this Chapter, will create a traffic hazard and the City Manager so finds, he will either remove or cover up or cause to be removed or covered up any traffic control device setting forth such provisions. While the Traffic Control device is removed or covered the effect of such provision is suspended. At the end of the emergency, the City Manager shall replace or uncover or cause to be replaced or uncovered such Traffic Control Device.

SEC. 82.13 TRAFFIC CONTROL DEVICES: HOURS OF OPERATION.

The City Manager shall determine the hours and days during which any traffic control device shall be in operation or be in effect, except in those cases where such hours or days are specified in this chapter or by ordinance or resolution.

SEC. 82.14 UNAUTHORIZED PAINTING OF CURBS.

No person shall paint or otherwise mark any curb, sidewalk or street surface without first complying with the requirements of this code.

Section 6. That Section 82.15 of the San Diego Municipal Code be and the same is hereby amended to read as follows:

SEC. 82.15 AUTHORITY TO PLACE TURNING MARKERS.

The City Manager is authorized to place markers, signs or devices within or adjacent to intersections indicating the course to be traveled by vehicles turning at such intersections, and the City Manager is authorized to allocate and indicate more than one lane of traffic from which operators of vehicles may make right or left hand turns, and the course to be traveled as so indicated may conform to or be other than as prescribed by the Vehicle Code or this article.

Section 7. That Article 2, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto new Sections to be known as and numbered Sections 82.16, 82.17, 82.18, 82.19, 82.20 and to read as follows:

**SEC. 82.16 AUTHORITY TO PLACE AND OBEDIENCE TO RESTRICTED
TURN SIGNS.**

The City Manager is hereby authorized to determine those intersections at which it shall be unlawful for the operator of any vehicle to make a right, left, or U turn, and shall place appropriate signs at such intersections. The making of such turns may be prohibited between certain hours of any day and permitted at other hours in which event the same shall be plainly indicated on the signs.

Whenever authorized signs are erected indicating that no right or left or U turn is permitted, it shall be unlawful for the operator of any vehicle to disobey the directions of any such sign.

SEC. 82.17 LEFT TURNS BETWEEN INTERSECTIONS.

It shall be unlawful for the operator of any vehicle to turn such vehicle to the left, whether for the purpose of entering or leaving a driveway or otherwise, at any place between the intersections and during the times so designated by the City Manager when such places are appropriately signed or marked.

SEC. 82.18 SIGNAL CONTROLLED INTERSECTIONS - RIGHT TURNS

(a) No driver of a vehicle shall make a right turn against a red or stop signal at any intersection which is signposted giving notice of such restriction as hereinafter provided in this section.

(b) The City Manager shall post appropriate signs giving effect to this section at any intersection where he determines that the making of right turns against a traffic "stop" indication would seriously interfere with the safe and orderly flow of traffic.

SEC. 82.19 ONE-WAY STREETS AND ALLEYS.

The City Council may by resolution designate any street or alley, or portion thereof as a one-way street or alley. The City Manager shall place and maintain signs giving notice thereof. No such regulations shall be effective unless such signs are in place. Signs indicating the direction of lawful traffic movement shall be placed at every intersection where movement of traffic in the opposite direction is prohibited.

SEC. 82.20 AUTHORITY TO ERECT STOP SIGNS.

The Council may by resolution designate and describe any street or portion thereof as a through street, or any intersection at which vehicles are required to stop at one or more entrances thereto, or any railroad grade crossing at which vehicles are required to stop.

The City Manager shall erect and maintain Stop signs on each and every street intersecting such through street or portion thereof so designated and at those entrances of other intersections where a stop is required and at any railroad grade crossing so designated. Every such sign shall conform with and shall be placed as provided in the Vehicle Code.

Section 8. That Section 84.06 of the San Diego Municipal Code be and the same is hereby renumbered and shall become Section 82.21.

Section 9. That Article 2, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto a new section to be known as and numbered Section 82.22 and to read as follows:

SEC. 82.22 EMERGING FROM ALLEY OR PRIVATE DRIVEWAY.

The operator of any vehicle emerging from an alley, driveway or building, shall stop such vehicle immediately prior to driving onto a sidewalk or into the sidewalk area extending across any driveway or alley.

Section 10. That Section 83.01 of the San Diego Municipal Code be and the same is hereby amended to read as follows:

SEC. 83.01 CROSSWALKS.

(a) The City Manager may designate and maintain crosswalks by appropriate devices, marks or lines upon the surface of the roadway.

(b) Crosswalks shall be established and maintained at all places where the City Manager determines that there is particular need therefor.

Section 11. That the following Sections of the San Diego Municipal Code are hereby renumbered and shall become the sections as hereinafter set forth:

OLD SECTION	NEW SECTION
83.01	83.02
83.02	83.05

Section 12. That Article 3, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections to be known as and numbered Sections 83.06, 83.07, 83.07.1 and 83.07.2 and to read as follows:

SEC. 83.06 PEDESTRIANS ON FREEWAYS.

No pedestrian shall walk along or across any Freeway other than in pursuit of authorized activities by properly designated personnel, or in event of emergencies involving vehicles on such highways.

SEC. 83.07 USE OF GRADE SEPARATIONS BY PEDESTRIANS.

No pedestrian shall be in or upon any grade separation, except such grade separations as shall have pedestrian walks specifically designated or constructed thereon, provided that the provisions of this section shall not apply in the event of any emergency, to persons employed to do work or labor upon such grade separation, or to members of the Police Department when engaged in law enforcement or traffic regulation.

SEC. 83.07.1 USE OF GRADE SEPARATIONS BY BICYCLES.

No person shall ride a bicycle upon any grade separation when appropriate signs are posted.

SEC. 83.07.2 USE OF GRADE SEPARATIONS BY ANIMALS.

No person shall ride or drive any animal, even though tethered or harnessed, in or upon any grade separation when appropriate signs are posted.

Section 13. That the title to Article 4, Chapter VIII be and the same is hereby amended to read as follows:

ARTICLE 4

MISCELLANEOUS DRIVING RULES.

Section 14. That Sections 84.01, 84.02, 84.03, 84.04, 84.05, 84.06 be and the same are hereby amended to read as follows:

SEC. 84.01 COMMERCIAL VEHICLES USING PRIVATE DRIVEWAYS.

No person shall operate or drive a commercial vehicle in, on or across any private driveway approach or sidewalk area or the driveway itself without the consent of the owner or occupant of the property, if a sign or markings are in place indicating that the use of such driveway is prohibited.

For the purpose of this section a commercial vehicle shall mean a vehicle having a rated capacity in excess of one-half ton.

SEC. 84.02 BARRICADED STREETS.

No person shall ride or drive any animal or any vehicle over or across any street or portion thereof when a barrier or sign is in place warning persons not to drive over or across such street or portion thereof, or when a sign is in place stating that the street or any portion thereof is closed.

SEC. 84.03 VEHICLES ON PRIVATE PROPERTY.

It shall be unlawful for any person to operate or drive or leave any vehicle in, over, or upon any private property without express or implied permission of the owner thereof, or the person entitled to the possession thereof for the time being, or the authorized agent of either.

SEC. 84.04 RIDING OR DRIVING ON SIDEWALK.

It shall be unlawful for any person to ride, drive, propel, or cause to be propelled any vehicle or animal across or upon any sidewalk excepting over permanently constructed driveways and excepting when it is necessary for any temporary purpose to drive a loaded vehicle across a sidewalk; provided further, that proper protection against sidewalk damage and pedestrian use be provided.

SEC. 84.05 VEHICLE NOT TO OBSTRUCT STREETS.

No person shall operate any vehicle in such a manner as to obstruct the free use of the street. No operator of any vehicle shall enter an intersection or marked crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate the vehicle he is operating without obstructing the passage of other vehicles or pedestrians, notwithstanding any traffic-control signal indication to proceed.

SEC. 84.06 RESTRICTIONS ON USE OF LIMITED ACCESS HIGHWAYS.

(a) No person shall drive a vehicle onto or from

any limited access highway or Freeway except at such entrances and exits as are established by public authority.

(b) No person shall drive or operate any bicycle, scooter or any vehicle which is not drawn by a motor vehicle upon any limited access highway or Freeway, nor shall any pedestrian walk across or along any limited access highway except in space set aside for the use of pedestrians, provided official signs are in place giving notice of such restrictions.

(c) No person shall ride, drive or lead any live-stock within the limits of any limited access highway or Freeway, nor shall any person owning or controlling or having the possession of any livestock permit the same to stray within the limits of any limited access highway or Freeway.

Section 15. That the title to Article 5, Chapter VIII be and the same is hereby amended to read as follows:

"ARTICLE 5
SPECIAL REGULATIONS."

Section 16. That sections 85.01 and 85.02 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 85.01 VEHICLES PROHIBITED.

It shall be unlawful for the driver of any of the following vehicles to drive or park the same in the central traffic district between the hours of 10:00 a.m. and 6:00 p.m. of any day, except Sundays and holidays;

(a) Any vehicle so loaded that any part of its load extends more than three (3) feet to the front, or more than ten (10) feet to the rear of said vehicle;

(b) Any vehicle carrying building material that has not been loaded or is not to be unloaded at some point in the central traffic district;

- (c) Any freight vehicle with a trailer;
- (d) Any vehicle carrying crude oil;
- (e) Any vehicle conveying refuse, rubbish or garbage.

The City Council is hereby authorized by resolution to establish over an appropriate street or streets and to designate by appropriate signs through traffic routes for the movement of vehicles of two (2) or more tons capacity designed for carrying merchandise, freight or material. When any such through traffic route or routes are established and designated by appropriate signs, the driver of any vehicle mentioned in this paragraph shall drive on such routes, and none other, except when it is impractical to do so, or when necessary to traverse another street or streets to a destination for the purpose of loading or unloading, but then only by such deviation from the nearest freight route as is reasonably necessary.

SEC. 85.02 TRUCK PARKING PROHIBITED.

It shall be unlawful for the driver on a motor truck and/or equipment exceeding twenty-four (24) feet in length to drive the same in, or to allow such motor truck and/or equipment to remain parked within the central traffic district of The City of San Diego between the hours of 10:00 o'clock a.m. and 6:00 o'clock p.m. of any day except Sundays and holidays.

The term "equipment," as used in this Section, shall mean and include, but without limitation, trailer, semitrailer, pole or pipe dolly, special mobile equipment, specially constructed vehicle, reconstructed vehicle, and/or any load placed thereon.

Section 17. That Article 5, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections to be known as and numbered Sections 85.03, 85.04, 85.05, 85.06 and 85.07 and to read as follows:

SEC. 85.03 LIVESTOCK IN CENTRAL TRAFFIC DISTRICT.

No person shall ride, drive or lead any livestock or drive any animal-drawn vehicle into or within the Central Traffic District unless he shall have first obtained a permit therefor from the Chief of Police.

SEC. 85.04 COMMERCIAL VEHICLES PROHIBITED ON CERTAIN STREETS.

(a) The City Council may ~~by~~ resolution designate and describe any street or portion thereof as a street the use of which is prohibited by any commercial vehicle of the rated capacity of one (1) ton or more. The City Manager shall erect

and maintain appropriate signs on such streets.

(b) No person shall operate a commercial vehicle of the rated capacity of one (1) ton or more on a street designated and posted as established in (a) of this section. The provisions of this section shall not apply to passenger buses or public utility vehicles under the jurisdiction of the Public Utility Commission nor to commercial vehicles having a destination or point of origin on such street.

SEC. 85.05 REGULATION OF SPEED BY TRAFFIC SIGNALS.

The City Manager is authorized to regulate the timing of traffic signals so as to permit the movement of traffic in an orderly and safe manner at speeds at variance from the speeds otherwise applicable within the district or at intersections, and shall erect appropriate signs giving notice thereof.

SEC. 85.06 VARIATION OF STATE SPEED LIMIT.

(a) Whenever the City Manager determines upon the basis of an engineering and traffic investigation that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street otherwise subject to a prima facie limit of 25 miles per hour under the Vehicle Code, the City Manager may determine and declare a prima facie speed limit of 30, 35, 40, 45 or 50 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon said street.

(b) Whenever the City Manager determines upon the basis of an engineering and traffic survey that the prima facie limit of 55 miles per hour is more than is reasonable or safe upon any portion of any street or highway where such prima facie limit of 55 miles per hour is applicable under the Vehicle Code, the City Manager may determine and declare a prima facie speed limit of 50, 45, 40, 35 or 30 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon such street.

(c) The provisions of this section shall not apply to any state highway or extension thereof.

SEC. 85.07 SHRUBBERY OBSTRUCTING VISIBILITY OF INTERSECTIONS.

Whenever the City Manager finds that any hedge, shrubbery, tree or other foliage obstructs the view of any intersection of any traffic upon the streets approaching an intersection, he shall cause the hedge, shrubbery, tree or other foliage to be immediately removed or reduced in height so as to permit visibility of such intersection.

Section 18. That Sections 86.01 and 86.02 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 86.01 NON-ENFORCEMENT DAYS.

The parking time restrictions imposed under or pursuant to the authority of this article shall not apply on Sundays, New Years Day, July 4, Labor Day, Thanksgiving Day and Christmas Day.

SEC. 86.02 PARKING.

No person shall park, stand or stop any vehicle unless both right wheels are within eighteen (18) inches of the curb or edge of the street, subject, however, to the provisions of Section 86.02.1. When lines indicating parking stalls are designated upon the surface of a street, no person shall park, stand or stop any vehicle unless such vehicle is entirely within the limits of such parking stall.

Section 19. That Article 6, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto a new section to be known as and numbered Section 86.02.1 and to read as follows:

SEC. 86.02.1 ONE - WAY STREET PARKING.

The City Council may by Resolution permit parking of vehicles adjacent to and within 18 inches of the left-hand curb of a one-way street. No person shall park a vehicle on such one-way street with the vehicle facing in a direction other than in the permitted direction of travel.

Section 20. That Sections 86.03, 86.03.1, 86.04, 86.05, 86.06, 86.07 and 86.08 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 86.03 ANGLE PARKING.

The City Council may by resolution permit angle parking on any street. Lines indicating such angle parking shall be shown upon the surface of such street.

The City Council may by resolution designate certain days or limited time periods when angle parking shall be observed. No lines shall be shown upon the street for such limited period, but such restriction shall be effective when appropriate signs giving notice thereof are erected.

SEC. 86.03.1 PASSENGER LOADING ZONES.

No person shall stop, stand or park any vehicle in any "passenger loading zone" for a period of time longer than is necessary for the loading or unloading of passengers and baggage; provided that such loading or unloading shall not consume more than three (3) minutes, except in front of hotels where such loading or unloading shall not consume more than ten (10) minutes.

Passenger Loading Zones shall be operative Twenty-Four Hours a day; provided, however, that the City Manager may determine and declare limited periods during which any "Passenger Loading Zone" shall be operative, and such limited operative period shall be effective when appropriate signs giving notice thereof are erected.

SEC. 86.04 PARKING TIME LIMIT.

The City Council may by resolution determine the parking time limit on any designated street or portion thereof. Such limitations shall be effective when appropriate signs giving notice thereof are erected upon such street.

SEC. 86.05 TOW - AWAY ZONES.

The City Council may by resolution prohibit the parking or standing of vehicles on any street or portion thereof between the hours of 7:00 a.m. and 7:00 p.m. and authorize the removal of any vehicles so parked or standing from such street under or pursuant to Section 81.09.

SEC. 86.06 PARKING, STANDING, LOADING ZONES.

The City Manager is hereby authorized to determine the location of Loading Zones, Passenger Loading Zones,

Bus Loading Zones, Sightseeing Bus Zones, Taxi Zones, prohibited Standing or Parking Zones and Safety Zones. Such Zones shall be effective when appropriate signs or curb markings giving notice thereof are erected upon such zones.

SEC. 86.07 TEMPORARY NO PARKING.

The Chief of Police is authorized to erect or place temporary "No Parking" signs on streets or portions thereof:

- (a) Where such street is undergoing repairs, construction or the installation of underground utilities; or,
- (b) Where the use of such street is authorized for purposes other than the normal flow of traffic; or,
- (c) Where such street is being used for the movement of equipment, articles or structures of unusual size.

Such temporary "No Parking" signs shall be erected or placed at least 24 hours prior to the removal of any vehicles under or pursuant to Section 81.09.

SEC. 86.08 VEHICLES BACKED TO CURB.

- (a) No person shall park or stand any vehicle backed into the curb or headed into the curb in the Central Traffic District between the Hours of 10:00 a.m. and 6:00 p.m.
- (b) No person shall park or stand any vehicle backed into the curb or headed into the curb on any highway designated as a through highway between the hours of 4:00 p.m. and 6:00 p.m.
- (c) The City Manager may prohibit the parking or standing of any vehicle backed into the curb or headed into the curb on any street. Such prohibition shall be effective when appropriate signs giving notice thereof are erected upon such street.
- (d) No person shall park or stand a vehicle

backed into the curb or headed into the curb in such a fashion as to use more than 1/3 the width of any through street or street in any business district, nor to leave less than 20 feet of open traffic way for passing vehicles. The provisions of this section shall not apply to areas designated for angle parking under the provisions of this Article, provided, however, that no vehicle parked or stopped in an angle parking area shall project into the street beyond passenger vehicles so angle-parked.

Section 21. That Section 86.01.1 of the San Diego Municipal Code is hereby renumbered and shall become Section 86.08.1.

Section 22. That Sections 86.09 and 86.10 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 86.09 STANDING OR PARKING IN SPECIFIED PLACES PROHIBITED.

No person shall park or stand a vehicle:

(a) Between a safety zone and the adjacent curb, or within 20 feet of a point on the curb immediately opposite the end of a safety zone.

(b) Within thirty (30) feet of an intersecting roadway, except buses at a designated bus zone.

(c) In any designated taxicab zone, except properly licensed taxicabs.

(d) In such a manner as to obstruct the free use of the street.

SEC. 86.10 STOPPING OR STANDING IN LOADING ZONES.

No person shall stop or stand any vehicle in a "Loading Zone" for a period of time longer than is necessary for the loading or unloading of passengers or materials. No vehicles except motor trucks and commercial vehicles shall stop, stand or park in such zone for the purpose of loading or unloading materials, goods or merchandise.

Such loading or unloading shall not consume more than three (3) minutes for passengers nor more than twenty minutes for materials, goods or merchandise.

Loading Zones shall be operative between 6:00 A.M. and 6:00 P.M. excepting Sundays and Holidays; provided, however, that the City Manager may determine and declare other hours during which any Loading Zone shall be operative, and such operative period shall be effective when appropriate signs giving notice thereof are erect^{ed} upon such street.

Section 29. That the following Sections of the San Diego Municipal Code are hereby renumbered and shall become the Sections as hereinafter set forth:

OLD SECTION	NEW SECTION
86.03	86.10
86.03.1	86.10.1
86.03.2	86.10.2
86.03.5	86.10.4

Section 24. That Article 6, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto a new Section to be known as and numbered Section 86.10.3 and to read as follows:

SEC. 86.10.3 STANDING IN ALLEYS.

No person shall stop or stand any vehicle in an alley for a period of time longer than is necessary for the loading or unloading of passengers or materials. Such loading or unloading shall not consume more than three (3) minutes for passengers nor more than twenty (20) minutes for materials. No person shall stop or stand any vehicle in an alley in such a manner that would prevent the passage of emergency vehicles.

Section 25. That the following Sections of the San Diego Municipal Code are hereby renumbered and shall become the Sections

as hereinafter set forth:

OLD SECTION	NEW SECTION
86.06	86.21
86.09	86.22

Section 26. That Article 6, Chapter VIII of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections to be known as and numbered Sections 86.23, 86.24, 86.24.1, 86.25 and 86.26 and to read as follows:

SEC. 86.23 PARKING VEHICLES FOR SALE OR SERVICE PROHIBITED.

No person shall stand or park any vehicle upon any street while displaying such vehicle for sale, or while selling merchandise therefrom, unless authorized by other provisions of this code.

No person shall stand or park any vehicle upon any street in any business district or upon any Through Highway for the purpose of washing, greasing, or repairing such vehicles, except in an emergency.

SEC. 86.24 STOPPING, STANDING OR PARKING ON GRADE SEPARATIONS.

No person shall stop, stand or park any vehicle in or upon any grade separation, except in the event of an emergency or when necessary to avoid injury or damage to persons or property, or in compliance with the direction of a member of the Police Department or other authorized person, or with the direction of a sign or signal.

SEC. 86.24.1 REMOVAL OF VEHICLES FROM GRADE SEPARATIONS.

When any vehicle in or on any grade separation is stopped for any reason and is obstructing or may obstruct

the flow of traffic, any member of the Police Department may move such vehicle or have such vehicle moved to the nearest terminus of said grade separation and beyond to a place of safety. The registered owner or owners and the operator of such vehicle shall be responsible for all reasonable charges for the moving services.

SEC. 86.25 PARKING ON MEDIAN STRIP PROHIBITED.

No person shall stop, stand or park a vehicle in or upon any median strip, unless parking is authorized on such median strip and appropriate signs permitting such parking are posted.

SEC. 82.26 PARKING ON PARKWAY PROHIBITED.

No person shall stop, stand or park a vehicle in or upon any Parkway or upon any portion of a street between the sidewalk and property line.

Section 27. That Section 88.01 of the San Diego Municipal Code be and the same is hereby amended to read as follows:

SEC. 88.01 SCHOOL SAFETY PATROL.

The Chief of Police is hereby authorized to appoint crossing guards or a school safety patrol to direct traffic at school crossings by means of lawful orders, signs or semaphores. Such persons shall wear a distinctive garb or insignia indicating such appointment. No minor other than a member of the school safety patrol shall direct or attempt to direct traffic unless authorized to do so by a Police Officer.

Section 28. That Sections 83.01.1, 84.09.1, 84.13, 84.15, 84.16, 84.17, 84.18, 86.03.3, 86.03, and 86.10.1 of the San Diego Municipal Code be and the same are hereby repealed.

ORDINANCE NO. 6939
(NEW SERIES)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON JUNE 5, 1956, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY TWO PROPOSITIONS TO INCUR BONDED INDEBTEDNESSES BY SAID CITY FOR CERTAIN MUNICIPAL IMPROVEMENTS, AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE PRIMARY ELECTION TO BE HELD ON SAID DATE.

WHEREAS, the Council of The City of San Diego, California, on the 29th day of March, 1956, by a vote of more than two-thirds of the members thereof, adopted Resolution No. 132,201 entitled "A resolution of the Council of The City of San Diego, California, determining that the public interest and necessity demand the acquisition and construction of certain municipal improvements, and making findings relating thereto", which said resolution was duly passed and signed, approved and attested on said 29th day of March, 1956; and

WHEREAS, permission to consolidate said election with the statewide primary election was requested of the Board of Supervisors of the County of San Diego and said Board has authorized and permitted said consolidation and ordered the same; NOW, THEREFORE,

BE IT ORDAINED By the Council of The City of San Diego as follows:

Section 1. That a special municipal election be held, and the same is hereby called and ordered to be held,

in The City of San Diego, California, on the 5th day of June, 1956, for the purpose of submitting to the qualified voters of said city two propositions of incurring bonded indebtednesses and issuing bonds of said city therefor, in the amounts hereinafter set forth and for the objects and purposes set forth in said resolution and hereinafter stated.

Section 2. That the object and purpose for which each of said indebtednesses is to be incurred and bonds issued therefor are as follows:

(A) The acquisition and construction by The City of San Diego of a certain municipal improvement, to wit: a municipal building to provide facilities for public assemblies, said building to include: (1) an arena for conventions, sports events and other public assemblies; (2) an exhibit hall for trade shows, expositions, displays and civic receptions; (3) a concert hall and theatre; and (4) a little theatre and assembly hall; including all necessary equipment, furniture and furnishings for said building, and the acquisition and construction of parking facilities necessary or convenient therefor; also including the acquisition of real property necessary for said parking facilities and as a site for said building, all to be located in an area bounded on the north by Cedar Street, on the east by Third Avenue, on the south by Ash Street, and on the west by First Avenue.

(B) The acquisition and construction by The City of San Diego of a certain municipal improvement,

to wit: the acquisition and construction of additional recreational facilities in and near Mission Bay, including dredging the Bay, filling of land, the construction of bulkheads, jetties, wharves, boat landings, boat houses, bath houses, anchorages, buildings, parks, playground equipment and facilities and the landscaping of grounds, all for the development of Mission Bay and land adjacent thereto for park and recreation purposes, including in said municipal improvement the construction of all streets, parking lots, utilities, lighting, sewers and drainage structures necessary therefor.

Section 3. That the estimated cost of the municipal improvement described in paragraph lettered (A) of Section 2 hereof is the sum of eight million five hundred thousand dollars (\$8,500,000) and that the amount of the principal of the indebtedness to be incurred therefor is the sum of eight million five hundred thousand dollars (\$8,500,000).

That the estimated cost of the municipal improvement described in paragraph lettered (B) of Section 2 hereof is the sum of five million dollars (\$5,000,000) and that the amount of the principal of the indebtedness to be incurred therefor is the sum of five million dollars (\$5,000,000).

That the maximum rate of interest to be paid on any indebtedness incurred for any of the purposes stated in this ordinance shall not exceed four and one-half percent (4-1/2%) per annum, payable annually for the first year and semiannually thereafter, the actual rate or rates of interest on said bonds to be determined at the time of the sale or sales thereof.

That if any proposition for the incurring of bonded indebtedness so submitted receives the requisite number of votes, to wit, two-thirds of the votes of the qualified electors voting on said proposition, bonds of said city, in not exceeding the principal amount stated in such proposition, shall be issued and sold for the object and purpose set forth in said proposition.

Section 4. That the polls for said election shall be opened at seven o'clock A. M. of the day of said election and shall remain open continuously from said time until seven o'clock P. M. of the same day, when said polls shall be closed, except as provided in Section 5734 of the Elections Code of the State of California.

Section 5. This election being consolidated with the statewide primary election and the Board of Supervisors being authorized to canvass the returns and only one form of ballot being authorized, the method of voting upon said bond propositions shall be as provided in the Elections Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSSES (+) ON BALLOT ONLY WITH RUBBER STAMP;
NEVER WITH PEN OR PENCIL.

(ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK
OR PENCIL.)

INSTRUCTIONS TO VOTERS

To vote on any measure, stamp a cross (+) in the voting square after the word "YES" or after the word "NO". All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absent voter's ballots mark a cross (+) with pen or pencil.

<p>CITY OF SAN DIEGO PUBLIC ASSEMBLY BUILDING BONDS: Shall The City of San Diego incur a bonded indebtedness in the principal sum of \$8,500,000 for the purpose of the acquisition and construction by said City of a certain municipal improvement, to wit: a municipal building to provide facilities for public assemblies, said building to include: (1) an arena for conventions, sports events and other public assemblies; (2) an exhibit hall for trade shows, expositions, displays and civic receptions; (3) a concert hall and theatre; and (4) a little theatre and assembly hall; including all necessary equipment, furniture and furnishings for said building, and the acquisition and construction of parking facilities necessary or convenient therefor; also including the acquisition of real property necessary for said parking facilities and as a site for said building, all to be located in an area bounded on the north by Cedar Street, on the east by Third Avenue, on the south by Ash Street, and on the west by First Avenue?</p>	<p>YES</p> <hr/> <p>NO</p>
<p>CITY OF SAN DIEGO MISSION BAY DEVELOPMENT BONDS: Shall The City of San Diego incur a bonded indebtedness in the principal sum of \$5,000,000 for the purpose of the acquisition and construction by said City of a certain municipal improvement, to wit: the acquisition and construction of additional recreational facilities in and near Mission Bay, including dredging of the Bay, filling of land, the construction of bulkheads, jetties, wharves, boat landings, boat houses, bath houses, anchorages, buildings, parks, playground equipment and facilities and the landscaping of grounds, all for the development of Mission Bay and land adjacent thereto for park and recreation purposes, including in said municipal improvement the construction of all streets, parking lots, utilities, lighting, sewers and drainage structures necessary therefor?</p>	<p>YES</p> <hr/> <p>NO</p>

Section 6. A cross (+) placed in the voting square after the word "YES" in the manner hereinbefore provided shall be counted in favor of the adoption of the proposition. A cross (+) placed in the voting square after the word "NO" in the manner hereinbefore provided shall be counted against the adoption of the proposition.

Section 7. Each of said propositions shall be designated on the ballot by a letter printed on the left margin of the square containing the description of the measure, as provided in Section 3831 of the Elections Code of the State of California.

Section 8. That said special municipal election hereby called to be held in The City of San Diego on the 5th day of June, 1956, shall be and is hereby ordered consolidated with the statewide primary election to be held on said date, and within The City of San Diego the precincts, polling places and officers of election for the special municipal election hereby called shall be the same as those provided for said primary election.

The Board of Supervisors of the County of San Diego is hereby requested to order the consolidation of the special municipal election hereby called with said statewide primary election, and said Board of Supervisors is authorized hereby to canvass the returns of the special municipal election hereby called and the absentee ballots cast by voters residing within The City of San Diego, and the elections shall be held in all respects as if there were only one election, and only one form of ballot shall be used. Said Board of Supervisors shall certify the result of the canvass of the returns of

such special municipal election to the Council of The City of San Diego which shall thereupon declare the result thereof.

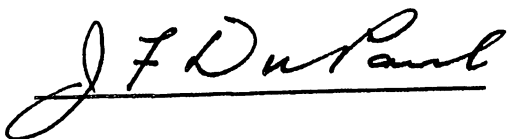

Section 9. That only qualified voters of The City of San Diego shall be permitted to vote at the special election hereby called.

Section 10. That the City Clerk shall certify to the passage and adoption of this ordinance by the Council of said city by a vote of more than two-thirds of all of its members, and shall cause this ordinance to be published once a day for at least seven (7) days prior to the time appointed for the holding of said election in the SAN DIEGO UNION, a newspaper printed and published seven days a week in said city. No other notice of such election need be given. Said City Clerk shall also file a certified copy of this ordinance with the Board of Supervisors of the County of San Diego and a certified copy thereof with the Registrar of Voters of said County.

Section 11. This ordinance shall take effect immediately upon its passage.

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON JUNE 5, 1956, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY TWO PROPOSITIONS TO INCUR BONDED INDEBTEDNESSES BY SAID CITY FOR CERTAIN MUNICIPAL IMPROVEMENTS, AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE PRIMARY ELECTION TO BE HELD ON SAID DATE.

WHEREAS, the Council of the City of San Diego, California, on the 29th day of March, 1956, by a vote of more than two-thirds of the members thereof, adopted Resolution No. 132,201 entitled "A resolution of the Council of the City of San Diego, California, determining that the public interest and necessity demand the acquisition and construction of certain municipal improvements, and making findings relating thereto", which said resolution was duly passed and signed, approved and attested on said 29th day of March, 1956; and WHEREAS, permission to consolidate said election with the statewide primary election was requested of the Board of Supervisors of the County of San Diego and said Board has authorized and permitted said consolidation and ordered the same: NOW, THEREFORE

BE IT ORDAINED By the Council of the City of San Diego as follows:

Section 1. That a special municipal election be held, and the same is hereby called and ordered to be held, in The City of San Diego, California, on the 5th day of June, 1956, for the purpose of submitting to the qualified voters of said city two propositions of incurring bonded indebtednesses and issuing bonds of said city therefor, in the amounts hereinafter set forth and for the objects and purposes set forth in said resolution and hereinafter stated.

Section 2. That the object and purpose for which each of said indebtednesses is to be incurred and bonds issued therefor are as follows:

(A) The acquisition and construction by The City of San Diego of a certain municipal improvement, to wit: a municipal building to provide facilities for public assemblies, said building to include: (1) an arena for conventions, sports events and other public assemblies; (2) an exhibit hall for trade shows, expositions, displays and civic receptions; (3) a concert hall and theatre; and (4) a little theatre and assembly hall; including all necessary equipment, furniture and furnishings for said building, and the acquisition and construction of parking facilities necessary or convenient therefor; also including the acquisition of real property necessary for said parking facilities and as a site for said building, all to be located, in an area bounded on the north by Cedar Street, on the east by Third Avenue, on the south by Ash Street and on the west by First Avenue

(B) The acquisition and construction by The City of San Diego of a certain municipal improvement, to wit: the acquisition and construction of additional recreational facilities in and near Mission Bay, including dredging the Bay, filling of land, the construction of bulkheads, jetties, wharves, boat landings, boat houses, bath houses, anchorages, buildings, parks, playground equipment and facilities and the landscaping of grounds, all for the development of Mission Bay and land adjacent thereto for park and recreation purposes, including in said municipal improvement the construction of all streets, parking lots, utilities, lighting, sewers and drainage structures necessary therefor.

Section 3. That the estimated cost of the municipal improvement described in paragraph lettered (A) of Section 2 hereof is the sum of eight million five hundred thousand dollars (\$8,500,000) and that the amount of the principal of the indebtedness to be incurred therefor is the sum of eight million five hundred thousand dollars (\$8,500,000).

That the estimated cost of the municipal improvement described in paragraph lettered (B) of Section 2 hereof is the sum of five million dollars (\$5,000,000) and that the amount of the principal of the indebtedness to be incurred therefor is the sum of five million dollars (\$5,000,000).

That the maximum rate of interest to be paid on any indebtedness incurred for any of the purposes stated in this ordinance shall not exceed four and one-half percent (4 1/2%) per annum, payable annually for the first year and semiannually thereafter, the said bonds to be determined at the time of the sale or sales thereof.

That if any proposition for the incurring of bonded indebtedness so submitted receives the requisite number of votes, to wit, two-thirds of the votes of the qualified electors voting on said proposition, bonds of said city, not exceeding the principal amount stated in such proposition, shall be issued and sold for the object and purpose set forth in said proposition.

Section 4. That the polls for said election shall be opened at seven o'clock A. M. of the day of said election and shall remain open continuously from said time until seven o'clock P. M. of the same day, when said polls shall be closed, except as provided in Section 5734 of the Elections Code of the State of California.

Section 5. This election being consolidated with the statewide primary election and the Board of Supervisors being authorized to canvass the returns and only one form of ballot being authorized, the method of voting upon said bond propositions shall be as provided in the Elections Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSSES (+) ON BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL. (ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK OR PENCIL.)

INSTRUCTIONS TO VOTERS
To vote on any measure, stamp a cross (+) in the voting square after the word "YES" or after the word "NO". All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void. If you wrongly stamp, tear or deface this ballot, return it to the Inspector of election and obtain another.

On absent voter's ballots mark a cross (+) with pen or pencil.

CITY OF SAN DIEGO PUBLIC ASSEMBLY BUILDING BONDS: Shall The City of San Diego incur a bonded indebtedness in the principal sum of \$8,500,000 for the purpose of the acquisition and construction by said City of a certain municipal improvement, to wit: a municipal building to provide facilities for public assemblies, said building to include: (1) an arena for conventions, sports events and other public assemblies; (2) an exhibit hall for trade shows, expositions, displays and civic receptions; (3) a concert hall and theatre; and (4) a little theatre and assembly hall; including all necessary equipment, furniture and furnishings for said building, and the acquisition and construction of parking facilities necessary or convenient therefor; also including the acquisition of real property necessary for said parking facilities and as a site for said building, all to be located in an area bounded on the north by Cedar Street, on the east by Third Avenue, on the south by Ash Street, and on the west by First Avenue?

WHEREAS, the Council of said City is of the opinion that the best interests of the people of The City of San Diego will be subserved by adopting the recommendation of the Planning Commission; NOW, THEREFORE

BE IT ORDAINED by the Council of The City of San Diego, as follows:
Section 1. In order to promote the public health, safety and general welfare, to secure provision for adequate light and air, and to conserve the value of property, there is hereby adopted and established a 0-foot setback line on both sides of Evergreen Street between Newell Street and Poe Street, on Lots 6 and 7, Block 121, Lots 1 and 12, Block 122, Lots 1 and 12, Block 131, and Lots 6 and 7, Block 132, Roseville, in The City of San Diego, California.

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Passed and adopted by the Council of the City of San Diego, California, this 12th day of April, 1956, by the following vote, to-wit:

YEAS—Councilmen: Burgener, Williams, Schneider, Kerrigan, Curran, Evenson, Mayor Dail.

NAYS—Councilmen: None.

ABSENT—Councilmen: None.

CHARLES C. DAIL,
Mayor of The City of San Diego, California.

FRED W. SICK,
(SEAL) City Clerk of The City of San Diego, California.

WHEREAS, said petition was accompanied by the written consent of all of the owners of said uninhabited territory subject to taxation that the same may be taxed to pay its proportionate share of any indebtedness or liability of The City of San Diego contracted prior to or existing at the time of the annexation thereof; and

WHEREAS, pursuant to the terms and provisions of said Annexation of Uninhabited Territory Act of 1939, as amended, the Council of The City of San Diego, at a regular meeting held on the 8th day of March, 1956, adopted a resolution giving notice of the proposed annexation, which resolution described the boundaries of the territory so proposed to be annexed to The City of San Diego, and designated such territory as "FOSTER'S

ANNEXATION NO. 1," and said resolution provided for a hearing to be held on the 17th day of April, 1956, at the hour of ten o'clock A. M., in the Council Chamber in the City and County Administration Building, Civic Center, San Diego, California, at a regular meeting of the City Council of said City, at which time any person owning real property within such territory proposed to be annexed and having any objections to the proposed annexation might appear before said City Council and show cause why such territory should not be so annexed; and

WHEREAS, the City Clerk of said City caused a copy of said resolution to be published twice, but not oftener than once a week, in The San Diego Union, a newspaper of general circulation published in said City, to-wit, upon the 16th and 23rd days of March, 1956, and also in the La Mesa Scout, a newspaper of general circulation published outside of the City but in the County in which is located the territory proposed to be annexed, to-wit, upon the 15th and 22nd days of March, 1956; and said City Clerk also caused written notice of such proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll available on the date said proceedings were initiated, at the address shown on said assessment roll, or as known to said Clerk, and to any person who has filed his name and address and the designation of the lands in which he has any interest, either legal or equitable, with said Clerk; and

WHEREAS, on the 17th day of April, 1956, at ten o'clock A. M., at a regular meeting of the City Council of said City said hearing was held, and it was found that no protests were filed against such proposed annexation; NOW, THEREFORE,

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. The City Council of The City of San Diego hereby approves the annexation to The City of San Diego of the following described territory situated in the County of San Diego, State of California, designated as "FOSTER'S ANNEXATION NO. 1," to-wit:

ORDINANCE NO. 6975
(New Series)

AN ORDINANCE AMENDING SECTION 67.05 OF THE
SAN DIEGO MUNICIPAL CODE REGULATING WATER
METER AND SERVICE CONNECTION CHARGES.

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Section 67.05 of the San Diego Municipal Code
be and the same is hereby amended to read as follows:

SEC. 67.05 REGULATION OF WATER SYSTEM -- COST OF WATER SERVICE
CONNECTION AND METER INSTALLATIONS.

The Department shall make the following charges for
installation of, and the perpetual maintenance of all water
services, meters and appurtenances thereto, same to remain the
property of the Department. Said charges, in addition to all
other usual and regular charges of said Department, including
charges for Water Main Extensions and Connections, must be paid
before work will be performed.

SCHEDULE OF CHARGES FOR INSTALLATION AND PERPETUAL
MAINTENANCE OF WATER METERS AND SERVICE CONNECTIONS:

<u>SERVICES</u>		<u>METERS</u>		<u>TOTAL</u>
3/4	\$ 75.00	5/8	\$ 32.00	\$107.00

1	100.00	1	67.00	167.00
1-1/2	195.00	1-1/2	133.00	328.00
2	220.00	2	196.00	416.00

Whenever an installation is required by an applicant that is
not covered by the above schedule of charges, such work will be
done with charges based upon an estimate of costs made by the
Department.

The above schedule of charges includes meter boxes except
where basement is excavated to the curb line, in which case the
applicant shall provide at his own expense an adequate vault
and cover to house said meter and appurtenances in accordance
with Department requirements.

If a meter and service installation exceeds 50 feet in

length or for any other valid reason it cannot be installed for the amount stated in above schedule of charges due to the peculiarity of the proposed service, the Department reserves the right to make said installation on the basis of an estimate of costs.

When services are installed for Automatic Fire Sprinkler Service, the applicant must install at his own expense a detector check valve of design and at a location approved by the Department.

Where a meter and service are installed, and application is made for an increase in size of service and meter at the same location or for moving meter to a new location, the following schedule of credits will be allowed for the meter removed on the above schedule of charges for installation.

SCHEDULE OF CREDITS ALLOWED FOR WATER METERS REMOVED WHEN AN APPLICATION IS MADE FOR AN INCREASE IN SIZE OF METER OR FOR MOVING METER TO ANOTHER SERVICE:

<u>METER SIZE</u>	<u>CREDIT AMOUNT</u>
5/8"	\$ 22.00
3/4"	33.00
1"	49.00
1-1/2"	98.00
2"	150.00

Whenever services, meters, fire hydrants or other appurtenances are requested to be moved by an applicant for any reason whatsoever, the charges shall be made on the basis of an estimate of costs by the Department.

Section 2. This ordinance shall take effect and be in force on the ~~thirty-first day from and after its passage~~ of August, 1956.

AN ORDINANCE AMENDING CERTAIN SECTIONS, ADDING NEW SECTIONS TO CHAPTER IX ARTICLE 3 DIVISION 15 OF THE SAN DIEGO MUNICIPAL CODE AND REPEALING ORDINANCES NOS. 4533 4774 and 3830 (New Series) REGULATING FUEL GAS PIPING.

BE IT ORDAINED by the Council of The City of San Diego
as follows:

SECTION 1 That Sections 93.1501, 93.1502, 93.1503, 93.1504, and 93.1505 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 93.1501 DEFINITIONS

For the purposes of this Division, certain terms, phrases, words and their derivatives shall be interpreted as set forth in this section provided, however, that whenever the words "Gas Meters" appear they shall be construed to mean valves and those devices required for the regulation of pressure and the measurement of Natural Gas being dispensed for any building or structure or premises.

Whenever the words L P G facilities appear, they shall be construed to mean tanks, containers, shut-off valves, regulating valves, measuring devices, and/or appurtances for the storage of and/or supply or dispensing of any liquified petroleum gas for any building, structure, or premises.

(a) Approved: As to materials, workmanship and types of construction, means approval by the Department of Building Inspection as the result of investigation, inspections, and/or test conducted by them or by reason of accepted principles or tests by other approved laboratories or agencies recognized authority.

(b) Gas Fitting: The installation, repair or alteration of gas piping regulated by this Division.

(c) Gas Piping: Any run of pipe or fittings that is used to convey fuel gas, installed on any premises or in any building, but shall not include:

- (1) Any portion of the service piping
- (2) Any approved piping connection less than six (6') feet in length between an existing gas outlet and a gas appliance in the same room with the outlet.

(d) Gas Piping System: Any arrangement of gas piping supplied by one meter and each arrangement of gas piping serving a building, structure, or premises whether individually metered or not.

(e) Gas Utility: The duly enfranchised public utility supplying the gas from its street mains.

(f) Service Piping: The piping and equipment between the street gas main and the gas piping system inlet, which is installed by and is under the control and maintenance of the Gas Utility.

SEC. 93.1502 LICENSE

Only those persons licensed to do gas fitting, utility representatives acting on behalf of, and under the supervision of the gas utility, or who are the bona fide owners of a single family dwelling as set forth in Sec. 93.1503, may install, alter or repair gas piping.

SEC. 93.1503 PERMIT

(a) It shall be unlawful for any person to install, alter or repair, or cause to be installed, altered or repaired any gas piping regulated by this Code, or to maintain any such gas piping in violation of this Code without first having obtained a permit from the Department of Building Inspection so to do. Gas piping lawfully installed prior to the effective date of this Section may be continued in use when there is no evidence of hazard or notice to remove defective piping in accordance with Sec. 93.1520.

(b) No permit shall be issued to any person, to do, or cause to be done any gas piping regulated by this Code except to a contractor licensed by the State of California to engage in the business, or act in the capacity of a contractor relating to the installation of plumbing or gas piping.

Any permit required by this Division may be issued to any person to do any gas piping regulated by this Code in a single family dwelling used exclusively for living purposes, and including the usual buildings accessory thereto, in the event that such person is the bonafide owner of such dwelling, that the same are occupied or designed and intended to be occupied by said owner, provided that said owner shall purchase all material and shall personally perform all labor in connection therewith.

No permit shall be required from a public utility to disconnect defective gas piping or equipment when authorized by Sec. 93.1509.

(c) No permit or license shall be required from a public utility when providing normal service to their customers, including necessary alterations in house gas piping required to maintain service.

(d) Every applicant for a permit to install, add to, alter, relocate or replace gas piping regulated by this Code, or any part thereof, shall state in writing on an application form provided for that purpose, the character of work proposed to be done and the amount and kind in connection therewith,

together with such information pertinent thereto as may be required.

Such applicant shall pay for each permit issued at the time of issuance, a fee in accordance with the following schedule:

Schedule of Fees

For Issuing Each Permit - - - - -	\$2.00
For each Gas Piping System of 6 or more outlets, per outlet - - - - -	.25
In addition to the above, for each Inspection of House Trailer Gas Pip- ing required by this Code, Each Trailer - - - - -	.50
For each repair, replacement or alter- ation of gas piping requiring inspec- tion and in addition to the above - - - -	.50

A separate permit shall be obtained for each house trailer and/or each separate building or structure except that a single permit may be issued when all the gas piping of a single system is extended to minor accessory buildings or structures.

Any person who shall commence any gas piping in any building or structure for which a permit is required by this Division, without first obtaining a permit therefor shall, if subsequently permitted to obtain a permit, pay double the permit fee required by this section for such work, provided however, that this provision shall not apply to emergency work or when evidence of urgent necessity or unusual hardship is proved to the satisfaction of the Building Inspection Department.

All gas piping regulated by this Division shall be inspected by the Department of Building Inspection, shall be approved before covering or concealment and notice that such piping is ready for inspection shall be given to the Building Inspection Department, by the permittee, not less than 24 hours before such work is to be inspected. Adequate tests as required herein shall be provided by the permittee at the time of inspection. When re-inspection of any portion of a gas piping system is necessary in order to determine compliance with this Code and such re-inspection is made necessary by reason of failure to provide facilities for testing or visual access to all portions of the piping, a re-inspection fee of Three Dollars (\$3.00) shall be paid to the Building Inspection Department, in addition to other fees required herein, and before re-inspection is made.

SECTION 93.1504 PLANS REQUIRED

The Department of Building Inspection may require the submission of plans, specifications, drawings and such other information as he may deem necessary, prior to the commencement of any work regulated by this Division.

SECTION 93.1505 WORKMANSHIP

All design, construction and workmanship shall be in conformity with accepted engineering practices and shall be of such character as to secure the results sought to be obtained by this Division. No gas piping shall be strained or bent and no appliance shall be supported by or develop any strain or stress on its supply piping.

SECTION 2. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections, to be known as and numbered Sections 93.1506, 93.1507, 93.1508, and 93.1509, and to read as follows:

SECTION 93.1506 INSPECTIONS

(a) Upon completion of the installation, alteration or repair of any gas piping, and prior to the use or covering thereof, the Department of Building Inspection shall be notified that such gas piping, is ready for inspection.

(b) All excavations required for the installation of underground piping shall be not less than twenty-two (22")^{inches} in depth and shall be kept open until such piping has been inspected and approved. If any such piping is covered or concealed before such approval, it shall be exposed upon the direction of the Department of Building Inspection.

Backfill shall be conducted at all times in a manner to prevent damage and abrasion to exterior protection of pipe.

(1) Approved backfill material, shall consist of sand or earth passing a one-quarter inch screen and shall be on the job immediately adjacent and available to the trench in which the pipe is to be covered and laid.

All pipe shall be laid on a bed of not less than four (4") inches of approved backfill material. Immediately after inspection and approval, additional approved fine backfill shall be placed around and over the pipe to a depth of not less than eight (8") inches above the top of the wrapped pipe.

(2) Settlement of backfill in the trench shall be by means of flooding, puddling, tamping or jetting. Rodding with metal rods will not be permitted.

(c) The Department of Building Inspection shall make the following inspections of all gas piping and shall either approve that portion of the work as completed, or shall notify the permit holder wherein the same fails to comply with this Division.

(1) ROUGH PIPING INSPECTION:

This inspection shall be made after all gas piping authorized by the permit has been installed, and before any such piping has been covered or concealed, or any fixture or appliance has been attached thereto. This inspection will include a determination that the gas piping, size, material, and installation meet the requirements of this Division.

(2) FINAL PIPING INSPECTION:

This inspection shall be made after all piping authorized by the permit has been installed and after all portions thereof which are to be covered or concealed are so concealed and before any fixture or appliance has been attached thereto. This inspection shall include an air pressure test, at which time the gas piping shall stand a pressure of fifteen (15) pounds per square inch gauge pressure, and shall hold this pressure for a period of not less than fifteen (15) minutes with no perceptible drop. For welded piping, and for piping carrying gas at pressures in excess of fifteen (15) inches water column pressure, the test pressure shall be not less than fifty (50) pounds per square inch and shall be continued for a length of time satisfactory to the Department of Building Inspection, but in no case for less than thirty (30) minutes. These tests shall be made using air pressure only, and shall be made in the presence of the Department of Building Inspection. All necessary apparatus for conducting tests shall be furnished by the permit holder. A recording gauge shall be used for an air pressure test on all gas piping distribution lines exceeding $2\frac{1}{2}$ inches nominal diameter.

(d) In cases where the work authorized by the permit consists of a minor installation of additional piping to piping already connected to a gas meter, the foregoing inspections may be waived at the discretion of the Department of Building Inspection. In this event the Department of Building

Inspection will make such inspection as it deems advisable in order to assure the Department that the work has been performed in accordance with the intent of this division.

SEC. 93.1507 CERTIFICATE OF INSPECTION

(a) When the final piping inspection has been made, if the installation is found to comply with the provisions of this code a certificate of inspection shall be issued by the Department of Building Inspection.

(b) Notice of approval of such final piping inspection shall be issued to the Gas Utility supplying gas to the premises.

(c) It shall be unlawful for any Utility or person furnishing gas to turn on, or cause to be turned on, any gas meter or meters, until such certificate of inspection, as herein provided, shall have been issued.

SEC. 93.1508 AUTHORITY TO RENDER GAS SERVICE

(a) It shall be unlawful for any person, firm or corporation, excepting an authorized agent or employee of a person, firm or corporation engaged in the business of furnishing or supplying gas and whose service pipes supply or connect with the particular premises, to turn on or reconnect gas service in or on any premises where and when gas service is not at the time being rendered.

(b) It shall be unlawful to turn on or connect gas in or on any premises unless all outlets are properly and securely connected to gas appliances or capped or plugged with screw-joint fittings.

SEC. 93.1509 AUTHORITY TO DISCONNECT

(a) The Department of Building Inspection or the Gas Utility is hereby authorized to disconnect any gas piping and/or appliance which shall be found not to conform to the requirements of this division or which may be found defective and in such condition as to endanger life or property.

(b) Where such disconnection has been made, a notice shall be attached to such gas piping and/or appliance, which shall state the same has been disconnected, together with the reason therefor.

(c) Such attached notice shall not be removed nor shall the gas piping and/or appliance be reconnected until authorized by the Department of Building Inspection to do so.

(d) It shall be unlawful to remove or disconnect any gas piping or gas appliance without capping or plugging with a screw joint fitting the outlet from which said pipe or appliance was removed. All outlets to which gas appliances are not connected shall be left capped gas tight on

any piping system which has been installed, altered or repaired.

SECTION 3. That Sections 93.1511 and 93.1515 of the San Diego Municipal Code be and the same are hereby re-numbered and shall become new sections numbered as follows:

Old Section Number	New Section Number
93.1511	93.1521
93.1515	93.1522

SECTION 4. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and the same is hereby amended by adding thereto a new section to be known as and numbered Section 93.1511 and to read as follows:

SEC. 93.1511 GAS METER LOCATION

(a) All gas meter locations shall be approved by the Gas Utility. All such locations shall conform to state and local fire prevention regulations.

(b) In multiple meter installations each separate gas piping system shall be identified in a manner satisfactory to the Gas Utility serving the gas.

(c) All gas meters shall be so placed as to be at all times readily accessible for inspection, reading, testing, and shutting off the gas supply.

(d) In order that gas may be supplied, the gas piping inlet shall be located, with respect to the proposed meter location, in accordance with the local Gas Utility instructions.

(e) Access to enclosed gas meters except those located in an approved vault supplied by the Gas Utility shall be through an opening or door not less in size than twenty-two (22") inches by twenty-four (24") inches nor smaller than that specified by the local Gas Utility.

(f) Gas meters shall not be located under show window or under interior stairways, or in engine, boiler, heater, or electric meter rooms. Where not prohibited by other regulation, gas meters may be located in the open under exterior stairways.

SECTION 5 That Section 93.1512 of the San Diego Municipal Code be and the same is hereby amended to read as follows:

Sec. 93.1512 MATERIAL FOR GAS PIPING

(a) All pipe used for the installation, extension, alteration, and/or repair of any gas piping shall be standard weight wrought iron or steel, or yellow brass (containing not more than 75% copper).

(d) All valves and appurtances used in connection with the above piping shall be designed and approved for use with fuel gas.

(e) All joints in the piping system, unless welded, shall be screwed joints, having American Standard or S. A. E. Standard threads. Such screwed joints shall be made up with approved pipe joint compoound, insoluble in the presence of fuel gas, applied to the male threads only.

(f) All gas fired heat producing appliances shall be rigidly connected to the fuel piping outlet with solid iron pipe as hereinafter provided.

Gas appliances burning not more than 100,000 B; T. U. 's per hour may be connected to the rigid piping with seamless metal approved by A. C. A. or Underwriters Laboratory, meeting the following requirements.

The method by which such connectors are attached to the gas piping and appliance shall not depend upon separate ferrules, gaskets, washers or other detachable parts for gas tightness, nor shall such separate parts be used to establish and maintain the method of seal provided within the connector and fitting.

The capacity shall be that required by the appliance.

The over-all length of such connector shall not exceed thirty (30") inches.

Exception: Ranges may be connected with connectors not exceeding six (6) feet in length.

No part of such connector shall be concealed within or run through any wall, floor or partition.

SECTION 6. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and it is hereby amended by adding thereto new sections to be known as and numbered Sections 93.1513, 93.1514, 93.1515, 93.1516, 93.1517, 93.1518, 93.1519, and 93.1520, and to read as follows:

SEC. 93.1513 INSTALLATION OF GAS PIPING

(a) No gas piping shall be built into or imbedded in any brick, stone, masonry or concrete and no such gas piping shall be installed in or on the ground under any building or structure, and all exposed gas piping shall be kept at least six (6") inches above grade.

EXCEPTION: When necessary due to structural conditions, approved type gas piping may be installed in sleeves, chases, ducts, or conduits in other locations when permission has first been obtained from the Department of Building Inspection.

(b) All gas piping installed below ground outside of any building or structure shall be protected against corrosion by the use of wrapping complying with the following provisions:

All gas pipe to be installed underground shall be new, clean pipe free from all rust and dirt and shall have hot protective coatings and wrappers applied to the exterior surface in accordance with the specifications below.

Such hot protective coatings and wrappers shall be applied mechanically in one operation by passing the pipe through a pipe wrapping machine leaving a continuous bead of hot enamel showing.

Wrapping Specifications

1. Clean pipe where necessary
2. Asphalt Enamel (Hot Coat)
3. Asphalt Saturated 15# Rag Felt
4. Asphalt Enamel (Hot Coat)
5. Kraft Paper (Ripple)

Cleaning and Priming of Pipe

Pipe shall be cleaned of all dirt, grease, oil, scale or rust. Immediately after such cleaning, a coat of asphalt primer shall be uniformly applied to the exterior surface of the pipe either by air spray or brushing. Prime coat shall be sufficient to thoroughly and uniformly cover the pipe without pinholes and shall not be permitted to accumulate excessively in any spot.

The primer shall be given sufficient time to dry thoroughly before the application of the protective coating. However, primed pipe should not be permitted to remain until the primer oxidizes.

The primer shall be a top grade product manufactured, by an accredited company, for the specific purpose of priming pipe.

Asphalt Enamel

The hot enamel shall be applied to the pipe so that the surface will be thoroughly flooded and all pinholes and holidays eliminated. The

temperature of the hot asphalt shall be not less than 370° F. at the time of the application to the pipe. The asphalt shall be equal to Standard Oil 21-30 penetration.

Wrapper and Paper

The wrapper shall consist of an asphalt saturated 15-pound rag felt. The Kraft paper shall consist of long fibered Kraft rippled at least 20% across the grain. It shall have been made from a 55-pound basic sheet. The weight, including the rippling, shall be not less than two pounds per 100 square feet.

In the application of the saturated felt and Ripple Kraft paper to the pipe, a lap shall be maintained of not less than $\frac{1}{2}$ inch. Uniform tension shall be applied to insure the wrappers fitting snugly to the pipe without holidays or other imperfections.

Coating Thickness

The minimum thickness of the entire protective coating shall be not less than $\frac{3}{32}$ inches.

General

Sufficient bare pipe shall be left at the end of each pipe to permit proper joining of the joints in the field. The field joint shall be hand wrapped to the above wrapping specifications.

Any damage to the protective coating caused by handling or any other reason shall be properly repaired before the pipe is placed in the ground.

(c) All gas piping shall be adequately supported by metal straps or hooks at intervals of not more than six (6') feet for piping one (1") inch and smaller and not more than ten (10') feet for larger piping.

(d) Gas piping supplying more than one building on any one premises shall be equipped with separate shut-off valves to each building, so arranged that the gas supply can be turned on or off to any individual or separate building. Such shut-off valve shall be located outside the building it

supplies and shall be readily accessible at all times. Buildings accessory to single family residences are exempt from the requirements of this subsection.

(e) Bushings shall not be used in concealed locations. Where it is necessary to use unions in a gas piping system, ground joint unions shall be used.

(f) When air, oxygen, or other special supplementary gas under pressure is introduced with the regularly supplied gas either directly into the gas piping system or at burners, a device approved by the Department of Building Inspection and the Gas Utility shall be installed to prevent backflow of such special gas into the houseline or utility's meter. This device shall be located between the source of the special gas and the utility's meter and shall be on the gas line leading to the appliance using the special gas. This device may be either a spring loaded or diaphragm type check valve and shall be capable of withstanding any pressures which may be imposed on it.

(g) When liquified petroleum or other stand-by gas is interconnected with the regular gas piping system, an approved valve acceptable to the Department of Building Inspection and the Gas Utility shall be so installed as to prevent backflow into either supply system.

(h) A readily accessible shut off cock shall be installed in the fuel gas piping outside of each appliance and ahead of the union connection thereto in addition to the valve provided on the appliance.

(i) All gas outlets located in a barbecue or fireplace shall be controlled by an approved operating valve located in the same room and

outside the hearth but not more than four (4') feet from such outlets. When piping on the discharge side of any such control valve is standard weight brass or galvanized steel, it may be embedded in, or surrounded by not less than two (2") inches of concrete or masonry.

SEC. 93.1514 LIQUEFIED PETROLEUM GAS FACILITIES AND PIPING

In addition to the requirements of this Division for gas piping, facilities and piping for use with liquefied petroleum gas shall meet the following requirements:

(a) All liquefied petroleum gas facilities shall conform to approved standards. All such facilities and their locations shall be acceptable to the Department of Building Inspection and shall conform to state and local fire prevention regulations.

(b) Where liquefied petroleum gas facilities serve more than one (1) customer through separate piping systems, each system shall be identified in a manner satisfactory to the Department of Building Inspection and the gas supplier, and all meters shall be set at one location.

(c) All liquefied petroleum gas facilities shall be so placed as to be at all times readily accessible for inspection, reading, testing and shutting off the gas supply. All service piping and main supply shut-off valves must be outside of the building. All main supply valves must be of approved type and readily accessible.

(d) In order that gas may be supplied, the gas piping inlet should be located with respect to the proposed liquefied petroleum gas facility location in accordance with the requirements of this section and the supplier's instructions.

(e) Liquefied petroleum gas facilities shall not be located in any pit or basement, under show windows or interior stairways, in engine, boiler, heater or electric meter rooms. When not prohibited by another regulation, approved liquefied petroleum gas metering devices may be located in the open under exterior stairways.

(f) Liquefied petroleum gas piping shall not serve any gas water heater located in a pit or basement where heavier than air gas might collect to form a flammable mixture unless an approved drain providing for flow by gravity of all gases to a point outside the building is provided.

EXCEPTION: Propane air gas supplied by the gas utility as stand by temporary fuel required by emergency conditions is not subject to this regulation.

(g) Compounds used on thread connections shall be insoluble in liquefied petroleum gas.

(h) Every valve and appurtance used on such piping shall be designed and approved for use with liquefied petroleum gas.

(i) A readily accessible shut-off valve shall be installed outside of each building ahead of any union connection.

(j) Discharge from relief valves and regulator vents shall be into the open air and shall be at least five (5') feet away from any opening into a building or shall be conducted to a continuously operated pilot burner.

SEC. 93.1515 LEAKS

(a) Leaks in gas piping shall be located by applying soapy water to the exterior of the piping.

(b) Fire ether or acid shall not be used to locate or repair leaks, nor shall any substance other than air be introduced into the gas piping.

(c) It shall not be permissible to repair defects in gas piping or fittings, but having been located, the defective pipe or fitting shall be removed and replaced with sound material.

SEC. 93.1516 INTERCONNECTIONS OF GAS PIPING SYSTEMS

(a) It shall be unlawful to connect any gas appliance in such a manner that such appliance may receive gas from more than one system of gas piping.

(b) The installation, use and/or maintenance of a gas valve which makes it possible to turn on, control or otherwise direct the flow of gas from one system of gas piping to another, where such systems are supplied with gas from separate meters, is hereby prohibited, and any such valves or other inter-connection between separate systems of gas piping shall be removed upon order of the Department of Building Inspection.

(c) The requirements of this section shall not be applicable when the system uses L.P.G. air mix for standby service.

SEC. 93.1517 REQUIRED GAS SUPPLY

(a) The following regulations as set forth in this section and in Sec. 93.1518 - "Required Gas Piping Size" shall be the standard for the installation of gas piping. All regulations and tables are based on the use of natural gas, of 0.65 specific gravity, supplied at approximately seven (7") inches water column pressure at the inlet of the meter.

(b) The hourly volume of gas required at each piping outlet shall be taken as not less than the maximum hourly rating, as specified by the manufacturer of the appliance or appliances to be connected to each such outlet.

(c) Where the manufacturer's rating of an appliance is given in British Thermal Units (B.T.U.) per hour, this rating shall be divided by the heating value of the gas to be delivered in B. T. U. per cubic foot, to obtain the corresponding gas demand in cubic feet per hour.

(d) Where the gas appliances to be installed have not been definitely specified, Table 1 may be used as a reference to estimate requirements in cubic feet per hour of typical appliances.

(e) The size of the supply piping outlet for any gas appliance shall be not less than the size of the inlet connection of that appliance and in no case smaller than one-half (1/2") inch. The minimum size of any piping outlet for a gas range shall be three fourths (3/4") inch.

EXCEPTION: Appliances burning not more than 35,000 B. T. U. per hour may be connected with not less than a three-eighths (3/8") inch O.D. approved connector.

SEC. 93.1518 REQUIRED GAS PIPING SIZE

(a) Where the maximum demand does not exceed two hundred fifty (250) cubic feet per hour and the maximum length of piping between the meter and the most distant outlet is not over two hundred fifty (250') feet, the size of each section and each outlet of any system of gas piping shall be determined by means of Table 2 of this section. Other systems within the range of Table 2 may be sized from that table or by means of the methods set forth in subsection (c) of this section.

(b) To determine the size of each section of pipe in any system within the range of Table 2, proceed as follows:

- (1) Measure the length of the pipe from the gas meter location to the most remote outlet on the system.
- (2) In Table 2, select the column showing that distance, or the next longer distance, if the table does not give the exact length.
- (3) Use this vertical column to locate ALL gas demand figures for this particular system of gas piping.
- (4) Starting at the most remote outlet, find in the vertical column just selected, the gas demand for that outlet. If the exact figure of demand is not shown, choose the next larger figure below in the column.
- (5) Opposite this demand figure, in the first column at the left in Table 2 will be found the correct size of pipe.
- (6) Proceed in a similar manner for each outlet and each section of pipe. For each section of pipe determine the total gas demand supplied by that section.

(c) For conditions other than those covered by subsection (a) hereof, such as longer runs or greater gas demands, the size of each gas piping system shall be determined by standard engineering methods acceptable to the Department of Building Inspection and each such system shall be so designed that the total pressure drop between the meter or other point of supply, and any outlet, when full demand is being supplied to all outlets, will at no time exceed 0.5 inches (1/2") water column pressure.

(d) Where gas of a different specific gravity is delivered, or where the pressure is higher than eleven (11") inches or lower than seven (7") inches of water column, the size of piping required shall be calculated by means of standard engineering methods satisfactory to both the Department of Building Inspection and the Gas Utility supplying the gas.

EXAMPLE ILLUSTRATING USE OF TABLE 1 and 2

FIGURE 1

Problem: Determine the required pipe size of each section and outlet of the piping system shown in Figure 1. Gas to be used has 0.65 specific gravity and 1100 B.T.U. per cubic foot, delivered at seven (7") inch water column pressure.

SOLUTION:

- (1) Maximum gas demand
 - of outlet A - 30 cu. ft. per hour (from Table 1).
 - Maximum gas demand of outlet B - 3 cu. ft. per hour (from Table 1).
 - Maximum gas demand of outlet C - 75 cu. ft. per hour (from Table 1).
 - Maximum gas demand of outlet D - 136 cu. ft. per hour (150,000 B.T.U. per hour \div 1100).
- (2) The length of pipe from the gas meter to the most remote (outlet A) is 60 feet. This is the only distance used.
- (3) Using column marked 60' in Table 2:
 - Outlet A, supplying 30 c.f.h., requires 1/2" pipe.
 - Outlet B, supplying 3 c.f.h., requires 1/2" pipe.
 - Section 1, supplying outlets A and B, or 33 c.f.h., requires 1/2" pipe.
 - Outlet C, supplying 75 c.f.h., requires 3/4" pipe (due to range connection being 3/4").
 - Section 2, supplying outlets A, B, and C, or 108 c.f.h., requires 3/4" pipe.
 - Outlet D, supplying 136 c.f.h., requires 1" pipe.
 - Section 3, supplying outlets A, B, C, and D, or 244 c.f.h., requires 1" pipe.

SEC. 93.1519 NATURAL GAS FUEL IN HOUSE TRAILERS.

1.. It shall be unlawful for any person to convert Liquid Petroleum Gas fired heaters, ranges, water heaters or any other device, fixture or unit in any house trailer to the use of natural gas fuel.

2. Before gas piping of any kind is installed in any house trailer a permit must be obtained from the Department of Building Inspection so to do.
3. Upon completion of the installation, alteration, or repair of any gas piping and prior to the use thereof, the Department of Building Inspection shall be notified that such gas piping is ready for inspection.
4. When the work for which the permit is issued has been approved by the Department of Building Inspection a certificate so stating shall be issued to the person taking out the permit. Said Certificate of approval must be posted on the trailer in a conspicuous place, visible from outside the trailer at all times.
5. The gas piping supplying natural gas to the house trailer shall comply with all the provisions of this division regulating the installation and use of gas piping.
6. All house trailer gas piping shall be made up of material and pipe sizes and be inspected as specified in this Division.
7. Every gas fired unit in any house trailer shall be mechanically sound; operatively and structurally.
8. All gas space heating equipment and/or water heaters shall be connected to an approved vent extending to a point above the roof and shall not terminate in any roofed over area.
9. The vent may be sized to conform to the size of the vent collar on the unit to be vented.
10. Every gas fired unit in any house trailer shall be approved by the "American Gas Association" or the "Underwriters' Laboratory".
11. An approved vent duct of no less area than that of six (6) inch round pipe, located in the ceiling immediately above the gas range and/or gas actuated refrigerator shall be installed and extended to the outside air.
 - (a) Separate ducts will be required for each device if located in a separate room.
 - (b) In lieu of the above an approved forced draft system of ventilation may be provided.

12. Every trailer or trailer coach shall be provided with an individual branch service line delivering gas at not to exceed seven (7) inches of water column pressure.

(a) The outlet shall terminate on the same side of the site as the sewer connection.

13. All gas piping shall be installed below ground except that portion of the branch line riser to which the trailer gas pipe system and the trailer piping is connected.

(a) All such piping to a point on the trailer riser six inches (6") above the surrounding ground shall be protected from corrosion by the use of wrapping equal to San Diego Pipe Wrapping Specifications No. 1-A-56. Such joints and fittings must be inspected and approved before being wrapped or covered.

14. The gas branch line to the trailer site shall terminate in an approved subgrade pit with cover.

(a) In the pit there shall be a gas service cock or shut off valve (Lever handle cock not permitted) in addition to an approved "snap off" valve to which the house trailer shall be connected.

(b) All shut off valves shall be lubricated plug cocks.

(c) All regulators, risers, cocks and valves shall be protected from physical damage.

(d) The area in the immediate vicinity of any pit, valve, riser, or connection provided for the service of the house trailer shall be kept free from garden tools, boxes, cans, and other obstruction at all times.

15. Responsibility.

The trailer park owner or his agent shall be responsible for compliance with the provisions of this Division in the Trailer Park under his jurisdiction.

SEC. 93.1520 DEFECTIVE GAS PIPING - REMOVAL

Whenever the Director of Building Inspection determines that existing underground gas piping has deteriorated, corroded or otherwise become defective so as to constitute a hazard to persons or property, the Director shall require the abandonment, removal, or replacement of such defective gas piping. Such abandonment, removal or replacement shall be in compliance with the provisions of this Division.

The Director shall give written notice thereof to the owner of the property and occupant thereof. Such persons may, within ten days after receipt of notice of such action, request a hearing before the Director of Building Inspection. The decision of the Director of Building Inspection shall be final.

SECTION 7. That Ordinances 4533, 4774 and 3830 (New Series) be and the same are hereby repealed.

SECTION 8. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Affidavit of Publication of

ORDINANCE NO. 6985 (NEW SERIES)

AN ORDINANCE AMENDING CERTAIN SECTIONS, ADDING NEW SECTIONS TO CHAPTER IX ARTICLE 3 DIVISION 15 OF THE SAN DIEGO MUNICIPAL CODE AND REPEALING ORDINANCES NOS. 4533, 4774 AND 3830 (NEW SERIES) REGULATING FUEL GAS PIPING.

BE IT ORDAINED by the Council of The City of San Diego as follows: SECTION 1. That Sections 93.1501, 93.1502, 93.1503, 93.1504, and 93.1505 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 93.1501 DEFINITIONS For the purposes of this Division, certain terms, phrases, words and their derivatives shall be interpreted as set forth in this section provided, however, that whenever the words "Gas Meters" appear they shall be construed to mean valves and those devices required for the regulation of pressure and the measurement of Natural Gas being dispensed for any building or structure or premises.

Whenever the words L.P.G. facilities appear, they shall be construed to mean tanks, containers, shut-off valves, regulating valves, measuring devices, and/or appliances for the storage of and/or supply or dispensing of any liquefied petroleum gas for any building, structure, or premises.

(a) Approved: As to materials, workmanship and types of construction means approval by the Department of Building Inspection as the result of investigation, inspections, and/or tests conducted by them or by reason of accepted principles or tests by other approved laboratories or agencies recognized authority.

(b) Gas Fitting: The installation, repair or alteration of gas piping regulated by this Division. (c) Gas Piping: Any run of pipe or fittings that is used to convey fuel gas, installed on any premises or in any building, but shall not include:

- (1) Any portion of the service piping. (2) Any approved piping connection less than six (6') feet in length between an existing gas outlet and a gas appliance in the same room with the outlet. (d) Gas Piping System: Any arrangement of gas piping supplied by one meter and each arrangement of gas piping serving a building, structure, or premises whether individually metered or not. (e) Gas Utility: The duly franchised public utility supplying the gas from its street mains. (f) Service Piping: The piping and equipment between the street gas main and the gas piping system inlet, which is installed by and is under the control and maintenance of the Gas Utility.

SEC. 93.1502 LICENSE Only those persons licensed to do gas fitting, utility representatives acting on behalf of, and under the supervision of the gas utility, or who are the bona fide owners of a single family dwelling as set forth in Sec. 93.1503, may install, alter or repair gas piping.

SEC. 93.1503 PERMIT (a) It shall be unlawful for any person to install, alter or repair, or cause to be installed, altered or repaired any gas piping regulated by this Code, or to maintain any such gas piping in violation of this Code without first having obtained a permit from the Department of Building Inspection so to do. Gas piping lawfully installed prior to the effective date of this Section may be continued in use when there is no evidence of hazard or notice to remove defective piping in accordance with Sec. 93.1520.

(b) No permit shall be issued to any person, to do, or cause to be done any gas piping regulated by this Code except to a contractor licensed by the State of California to engage in the business, or act in the capacity of a contractor relating to the installation of plumbing or gas piping. Any permit required by this Division may be issued to any person to do any gas piping regulated by this Code in a single family dwelling used exclusively for living purposes, and including the usual buildings accessory thereto, in the event that such person is the bona fide owner of such dwelling, that the same are occupied or designed and intended to be occupied by said owner, provided that said owner shall purchase all material and shall personally perform all labor in connection therewith.

No permit shall be required from a public utility to disconnect defective gas piping or equipment when authorized by Sec. 93.1509. (c) No permit or license shall be required from a public utility when providing normal service to their customers, including necessary alterations in house gas piping required to maintain service. (d) Every applicant for a permit to install, add to, alter, relocate or replace gas piping regulated by this Code, or any part thereof, shall state in writing on an application form provided for that purpose, the character of work proposed to be done and the amount and kind in connection therewith, together with such information pertinent thereto as may be required. Such applicant shall pay for each permit issued at the time of issuance, a fee in accordance with the following schedule:

Schedule of Fees table with columns for fee type and amount. Includes: For Issuing Each Permit (\$2.00), For each Gas Piping System of 6 or more outlets, per outlet (.25), Inspection of House Trailer Gas Piping required by this Code, Each Trailer (.50), For each repair, replacement or alteration of gas piping requiring inspection and in addition to the above (.50).

A separate permit shall be obtained for each house trailer and/or each separate building or structure except that a single permit may be issued when all the gas piping of a single system is extended to minor accessory buildings or structures. Any person who shall commence any gas piping in any building or structure for which a permit is required by this Division, without first obtaining a permit therefor shall, if subsequently permitted to obtain a permit, pay double the permit fee required by this section for such work, provided however, that this provision shall not apply to emergency work or when evidence of urgent necessity or unusual hardship is proved to the satisfaction of the Building Inspection Department.

All gas piping regulated by this Division shall be inspected by the Department of Building Inspection, shall be approved before covering or concealment and notice that such piping is ready for inspection shall be given to the Building Inspection Department, by the permittee, not less than 24 hours before such work is to be inspected. Adequate tests as required herein shall be provided by the permittee at the time of inspection. When re-inspection of any portion of a gas piping system is necessary in order to determine compliance with this Code and such re-inspection is made necessary by reason of failure to provide facilities for testing or visual access to all portions of the piping, a re-inspection fee of Three Dollars (\$3.00) shall be paid to the Building Inspection Department, in addition to other fees required herein, and before re-inspection is made.

SECTION 93.1504 PLANS REQUIRED The Department of Building Inspection may require the submission of plans, specifications, drawings and such other information as he may deem necessary, prior to the commencement of any work regulated by this Division.

SECTION 93.1505 WORKMANSHIP All design, construction and workmanship shall be in conformity with accepted engineering practices and shall be of such character as to secure the results sought to be obtained by this Division. No gas piping shall be strained or bent and no appliance shall be supported by or develop any strain or stress on its supply piping.

SECTION 2. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections to be known as and numbered Sections 93.1506, 93.1507, 93.1508, and 93.1509, and to read as follows:

SECTION 93.1506 INSPECTIONS (a) Upon completion of the installation, alteration or repair of any gas piping, and prior to the use or covering thereof, the Department of Building Inspection shall be notified that such gas piping, is ready for inspection.

Code be and the same are hereby re-numbered and shall become new sections numbered as follows:

Table with columns: Old Section Number, New Section Number. Rows: 93.1511 to 93.1512, 93.1513 to 93.1514, 93.1515 to 93.1516.

SECTION 4. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and the same is hereby amended by adding thereto a new section to be known as and numbered Section 93.1511 and to read as follows:

SEC. 93.1511 GAS METER LOCATION (a) All gas meter locations shall be approved by the Gas Utility. All such locations shall conform to state and local fire prevention regulations.

(b) In multiple meter installations each separate gas piping system shall be identified in a manner satisfactory to the Gas Utility serving the gas. (c) All gas meters shall be so placed as to be at all times readily accessible for inspection, reading, testing, and shutting off the gas supply.

(d) In order that gas may be supplied, the gas piping inlet shall be located, with respect to the proposed meter location, in accordance with the local Gas Utility instructions. (e) Access to enclosed gas meters except those located in an approved vault supplied by the Gas Utility shall be through an opening or door not less in size than twenty-two (22") inches by twenty-four (24") inches nor smaller than that specified by the local Gas Utility.

(f) Gas meters shall not be located under show window or under interior stairways, or in engine, boiler, heater, or electric meter rooms. Where not prohibited by other regulation, gas meters may be located in the open under exterior stairways.

SECTION 5. That Section 93.1512 of the San Diego Municipal Code be and the same is hereby amended to read as follows:

SEC. 93.1512 MATERIAL FOR GAS PIPING (a) All pipe used for the installation, extension, alteration, and/or repair of any gas piping shall be standard weight wrought iron or steel, or yellow brass (containing not more than 75% copper).

(d) All valves and appurtenances used in connection with the above piping shall be designed and approved for use with fuel gas. (e) All joints in the piping system, unless welded, shall be screwed joints, having American Standard or S. A. E. Standard threads. Such screwed joints shall be made up with approved pipe joint compound, insoluble in the presence of fuel gas, applied to the male threads only.

(f) All gas fired heat-producing appliances shall be rigidly connected to the fuel piping outlet with solid iron pipe as hereinafter provided. Gas appliances burning not more than 100,000 B.T.U.'s per hour may be connected to the rigid piping with seamless metal approved by A.C.A. or Underwriters Laboratory, meeting the following requirements.

The method by which such connectors are attached to the gas piping and appliance shall not depend upon separate ferrules, gaskets, washers or other detachable parts for gas tightness, nor shall such separate parts be used to establish and maintain the method of seal provided within the connector and fitting. The capacity shall be that required by the appliance. The over-all length of such connector shall not exceed thirty (30") inches.

Exception: Ranges may be connected with connectors not exceeding six (6) feet in length. No part of such connector shall be concealed within or run through any wall, floor or partition.

SECTION 6. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and it is hereby amended by adding thereto new sections to be known as and numbered Sections 93.1513, 93.1514, 93.1515, 93.1516, 93.1517, 93.1518, 93.1519, and 93.1520, and to read as follows:

SEC. 93.1513 INSTALLATION OF GAS PIPING (a) No gas piping shall be built into or imbedded in any brick, stone, masonry or concrete and no such gas piping shall be installed in or on the ground under any building or structure, and all exposed gas piping shall be kept at least six (6") inches above grade.

EXCEPTION: When necessary due to structural conditions, approved type gas piping may be installed in sleeves, chases, ducts, or conduits in other locations when permission has first been obtained from the Department of Building Inspection.

(b) All gas piping installed below ground outside of any building or structure shall be protected against corrosion by the use of wrapping complying with the following provisions:

All gas pipe to be installed underground shall be new, clean pipe free from all rust and dirt and shall have hot protective coatings and wrappers applied to the exterior surface in accordance with the specifications below. Such hot protective coatings and wrappers shall be applied mechanically in one operation by passing the pipe through a pipe-wrapping machine leaving a continuous head of hot enamel showing.

Wrapping Specifications 1. Clean pipe where necessary 2. Asphalt Enamel (Hot Coat) 3. Asphalt Saturated 15 lb. Rag Felt 4. Asphalt Enamel (Hot Coat) 5. Kraft Paper (Ripple)

Cleaning and Priming of Pipe Pipes shall be cleaned of all dirt, grease, oil, scale or rust. Immediately after such cleaning, a coat of asphalt primer shall be uniformly applied to the exterior surface of the pipe either by air spray or brush.

Prime coat shall be sufficient to thoroughly and uniformly cover the pipe without pinholes and shall not be permitted to accumulate excessively in any spot. The primer shall be given sufficient time to dry thoroughly before the application of the protective coating. However, primed pipe should not be permitted to remain until the primer oxidizes.

The primer shall be a top grade product manufactured by an accredited company, for the specific purpose of priming pipe. Asphalt Enamel The hot enamel shall be applied to the pipe so that the surface will be thoroughly flooded and all pinholes and holidays eliminated.

The temperature of the hot asphalt shall be not less than 370° F. at the time of the application to the pipe. The asphalt shall be equal to Standard Oil 21-30 penetration.

Wrapper and Paper The wrapper shall consist of an asphalt saturated 15-pound rag felt. The Kraft paper shall consist of long fibered Kraft rippled at least 20% across the grain. It shall have been made from a 55-pound basic sheet. The weight, including the rippling, shall be not less than two pounds per 100 square feet.

In the application of the saturated felt and Ripple Kraft paper to the pipe, a lap shall be maintained of not less than 1/4 inch. Uniform tension shall be applied to insure the wrappers fitting snugly to the pipe without holidays or other imperfections.

Coating Thickness The minimum thickness of the entire protective coating shall be not less than 3/32 inches.

General Sufficient bare pipe shall be left at the end of each pipe to permit proper joining of the joints in the field. The field joint shall be hand wrapped to the above wrapping specifications.

Any damage to the protective coating caused by handling or any other reason shall be properly repaired before the pipe is placed in the ground. (c) All gas piping shall be adequately supported by metal straps or hooks at intervals of not more than six (6') feet for piping one (1") inch and smaller and not more than ten (10') feet for larger piping.

(d) Gas piping supplying more than one building on any one premises shall be equipped with separate shut-off valves to each building, so arranged that the gas supply can be turned on or off to any individual building or separate building. Such shut-off valve shall be located outside the building, it shall be readily accessible at all times. Buildings accessory to single family residences are exempt from the requirements of this subsection.

(e) Bushings shall not be used in concealed locations. Where it is necessary to use unions in a gas piping system, ground joint unions shall be used. (f) When air, oxygen, or other special supplementary gas under pressure is introduced with the regularly supplied gas either directly into the gas piping system or at burners, a device approved by the Department of Building Inspection and the Gas Utility shall be installed to prevent backflow of such special gas into the house line or utility's meter. This device shall be located between the source of the special gas and the utility's meter and shall be on the gas line leading to the appliance using the special gas.

This device may be either a spring loaded or diaphragm type check valve and shall be capable of withstanding any pressure which may be imposed on it. (g) When liquefied petroleum or other stand-by gas is interconnected with the regular gas piping system, an approved valve acceptable to the Department of Building Inspection and the Gas Utility shall be so installed as to prevent backflow into either supply system.

(h) A readily accessible shut-off valve shall be installed on the gas supply line to each building or structure. (i) A readily accessible shut-off valve shall be installed on the gas supply line to each building or structure.

(j) A readily accessible shut-off valve shall be installed on the gas supply line to each building or structure.

(k) A readily accessible shut-off valve shall be installed on the gas supply line to each building or structure.

TABLE 1 APPROXIMATE MAXIMUM DEMAND OF TYPICAL GAS APPLIANCES. Table with columns: Appliance, Demand (Cubic Feet per Hour). Includes Domestic Gas Range, Storage Water Heater, Domestic Clothes Drier, etc.

SEC. 93.1518 REQUIRED GAS PIPING SIZE (a) Where the maximum demand does not exceed two hundred fifty (250) cubic feet per hour and the maximum length of piping between the meter and the most distant outlet is not over two hundred fifty (250') feet, the size of each section and each outlet of any system of gas piping shall be determined by means of Table 2 of this section. Other systems within the range of Table 2 may be sized from that table or by means of the methods set forth in subsection (c) of this section.

(b) To determine the size of each section of pipe in any system within the range of Table 2, proceed as follows:

- (1) Measure the length of the pipe from the gas meter location to the most remote outlet on the system. (2) In Table 2, select the column showing that distance, or the next longer distance, if the table does not give the exact length. (3) Use this vertical column to locate ALL gas demand figures for this particular system of gas piping. (4) Starting at the most remote outlet, find in the vertical column just selected, the gas demand for that outlet. If the exact figure of demand is not shown, choose the next larger figure below in the column. (5) Opposite this demand figure, in the first column at the left in Table 2 will be found the correct size of pipe.

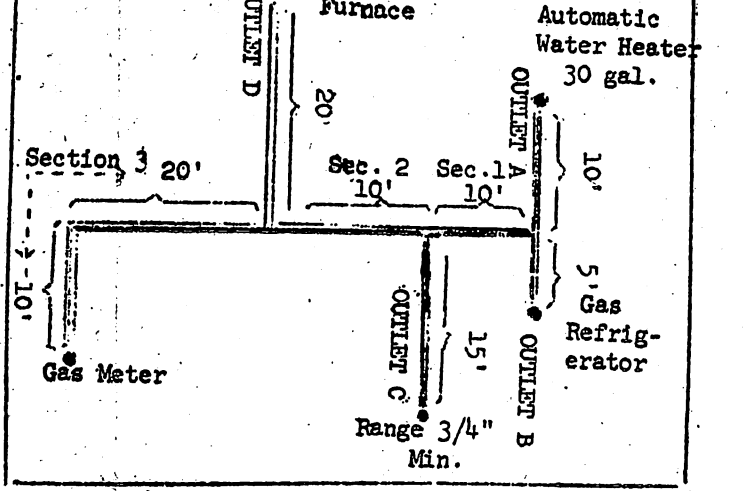

(6) Proceed in a similar manner for each outlet and each section of pipe. For each section of pipe determine the total gas demand supplied by that section.

(c) For conditions other than those covered by subsection (a) hereof, such as longer runs or greater gas demands, the size of each gas piping system shall be determined by standard engineering methods acceptable to the Department of Building Inspection and each such system shall be so designed that the total pressure drop between the meter or other point of supply and any outlet, when full demand is being supplied to all outlets, will at no time exceed 0.5 inches (1/2") water column pressure.

(d) Where gas of a different specific gravity is delivered, or where the pressure is higher than eleven (11") inches or lower than seven (7") inches of water column, the size of piping required shall be calculated by means of standard engineering methods satisfactory to both the Department of Building Inspection and the Gas Utility supplying the gas.

Table 2: Pipe Size Selection Table. Columns: Pipe Size (1/2", 3/4", 1", 1 1/4", 1 1/2", 2", 2 1/2", 3", 4", 6", 8", 10", 12", 16", 20", 24", 30", 36", 48", 60", 72", 96", 120", 144", 180", 240", 300", 360", 480", 600", 720", 960", 1200", 1440", 1800", 2400", 3000", 3600", 4800", 6000", 7200", 9600, 12000). Rows: Maximum Demand (100, 200, 300, 400, 500, 600, 700, 800, 900, 1000, 1200, 1400, 1600, 1800, 2000, 2500, 3000, 3500, 4000, 4500, 5000, 6000, 7000, 8000, 9000, 10000).

EXAMPLE ILLUSTRATING USE OF TABLE 1 AND 2

Problem: Determine the required pipe size of each section and outlet of the piping system shown in Figure 1. Gas to be used has 0.65 specific gravity and 1100 B.T.U. per cubic foot, delivered at seven (7") inch water column pressure.

SOLUTION: (1) Maximum gas demand of outlet A—30 cu. ft. per hour (from Table 1). Maximum gas demand of outlet B—3 cu. ft. per hour (from Table 1). Maximum gas demand of outlet C—75 cu. ft. per hour (from Table 1). Maximum gas demand of outlet D—136 cu. ft. per hour (150,000 B.T.U. per hour ÷ 1100).

(2) The length of pipe from the gas meter to the most remote outlet (outlet A) is 60 feet. This is the only distance used. (3) Use column marked 60' in Table 2: Outlet A, supplying 30 c.f.h., requires 1/2" pipe. Outlet B, supplying 3 c.f.h., requires 1/2" pipe. Section 1, supplying outlets A and B, or 33 c.f.h., requires 1/2" pipe. Outlet C, supplying 75 c.f.h., requires 3/4" pipe (due to range connection being 3/4").

Section 2, supplying outlets A, B, and C, or 108 c.f.h., requires 3/4" pipe. Outlet D, supplying 136 c.f.h., requires 1" pipe. Section 3, supplying outlets A, B, C, and D, or 244 c.f.h., requires 1" pipe.

SEC. 93.1519 NATURAL GAS FUEL IN HOUSE TRAILERS. 1. It shall be unlawful for any person to convert Liquid Petroleum Gas fired heaters, ranges, water heaters or any other device, fixture or unit in any house trailer to the use of natural gas fuel.

2. Before gas piping of any kind is installed in any house trailer a permit must be obtained from the Department of Building Inspection so to do.

3. Upon completion of the installation, alteration, or repair of any gas piping and prior to the use thereof, the Department of Building Inspection shall be notified that such gas piping is ready for inspection.

4. When the work for which the permit is issued has been approved...

Code, or to maintain any such gas piping regulated by this Code without inspection so to do. Gas piping lawfully installed prior to the effective date of this Section may be continued in use when there is no evidence of hazard or notice to remove defective piping in accordance with Sec. 93.1520.

(b) No permit shall be issued to any person, to do, or cause to be done any gas piping regulated by this Code except to a contractor licensed by the State of California to engage in the business, or act in the capacity of a contractor relating to the installation of plumbing or gas piping.

Any permit required by this Division may be issued to any person to do any gas piping regulated by this Code in a single family dwelling used exclusively for living purposes, and including the usual buildings accessory thereto, in the event that such person is the bona fide owner of such dwelling, that the same are occupied or designed and intended to be occupied by said owner, provided that said owner shall purchase all material and shall personally perform all labor in connection therewith.

No permit shall be required from a public utility to disconnect defective gas piping or equipment when authorized by Sec. 93.1509.

(c) No permit or license shall be required from a public utility when providing normal service to their customers, including necessary alterations in house gas piping required to maintain service.

(d) Every applicant for a permit to install, add to, alter, relocate or replace gas piping regulated by this Code, or any part thereof, shall state in writing on an application form provided for that purpose, the character of work proposed to be done and the amount and kind in connection therewith, together with such information pertinent thereto as may be required.

Such applicant shall pay for each permit issued at the time of issuance, a fee in accordance with the following schedule:

Schedule of Fees	
For Issuing Each Permit	\$2.00
For each Gas Piping System of 6 or more outlets, per outlet	.25
In addition to the above, for each Inspection of House Trailer Gas Piping required by this Code, Each Trailer	.50
For each repair, replacement or alteration of gas piping requiring inspection and in addition to the above	.50

A separate permit shall be obtained for each house trailer and/or each separate building or structure except that a single permit may be issued when all the gas piping of a single system is extended to minor accessory buildings or structures.

Any person who shall commence any gas piping in any building or structure for which a permit is required by this Division, without first obtaining a permit therefor shall, if subsequently permitted to obtain a permit, pay double the permit fee required by this section for such work provided however that this provision shall not apply to emergency work or when evidence of urgent necessity or unusual hardship is proved to the satisfaction of the Building Inspection Department.

All gas piping regulated by this Division shall be inspected by the Department of Building Inspection, shall be approved before covering or concealment and notice that such piping is ready for inspection shall be given to the Building Inspection Department, by the permittee, not less than 24 hours before such work is to be inspected. Adequate tests as required herein shall be provided by the permittee at the time of inspection. When re-inspection of any portion of a gas piping system is necessary in order to determine compliance with this Code and such re-inspection is made necessary by reason of failure to provide facilities for testing or access to portions of the piping, a re-inspection fee of Three Dollars (\$3.00) shall be paid to the Building Inspection Department, in addition to other fees required herein, and before re-inspection is made.

SECTION 93.1504 PLANS REQUIRED

The Department of Building Inspection may require the submission of plans, specifications, drawings and such other information as he may deem necessary, prior to the commencement of any work regulated by this Division.

SECTION 93.1505 WORKMANSHIP

All design, construction and workmanship shall be in conformity with accepted engineering practices and shall be of such character as to secure the results sought to be obtained by this Division. No gas piping shall be strained or bent and no appliance shall be supported by or develop any strain or stress on its piping.

SECTION 2. That Chapter IX Article 3 Division 15 of the San Diego Municipal Code be and the same is hereby amended by adding thereto new sections, to be known as and numbered Sections 93.1506, 93.1507, 93.1508, and 93.1509, and to read as follows:

SECTION 93.1506 INSPECTIONS

(a) Upon completion of the installation, alteration or repair of any gas piping, and prior to the use or covering thereof, the Department of Building Inspection shall be notified that such gas piping is ready for inspection.

(b) All excavations required for the installation of underground piping shall be not less than twenty-two (22") inches in depth and shall be kept open until such piping has been inspected and approved. If any such piping is covered or concealed before such approval, it shall be exposed upon the direction of the Department of Building Inspection.

Backfill shall be conducted at all times in a manner to prevent damage and abrasion to exterior protection of pipe.

(c) Approved backfill material, shall consist of sand or earth passing a one-quarter inch screen and shall be on the job immediately adjacent and available to the trench in which the pipe is to be covered and laid.

All pipe shall be laid on a bed of not less than four (4") inches of approved backfill material. Immediately after inspection and approval, additional approved fine backfill shall be placed around and over the pipe to a depth of not less than eight (8") inches above the top of the wrapped pipe.

(d) Settlement of backfill in the trench shall be by means of flooding, puddling, tamping or jacking. Rodding with metal rods will not be permitted.

(e) The Department of Building Inspection shall make the following inspections of all gas piping and shall either approve that portion of the work as completed, or shall notify the permit holder wherein the same fails to comply with this Division.

(1) **ROUGH PIPING INSPECTION:**
This inspection shall be made after all gas piping authorized by the permit has been installed, and before any such piping has been covered or concealed, or any fixture or appliance has been attached thereto. This inspection will include a determination that the gas piping, size, material, and installation meet the requirements of this Division.

(2) **FINAL PIPING INSPECTION:**
This inspection shall be made after all piping authorized by the permit has been installed and after all portions thereof which are to be covered or concealed are so concealed and before any fixture or appliance has been attached thereto. This inspection shall include an air pressure test, at which time the gas piping shall stand a pressure of fifteen (15) pounds per square inch gauge pressure, and shall hold this pressure for a period of not less than fifteen (15) minutes with no perceptible drop. For welded joints, and for piping carrying gas at pressures in excess of fifteen (15) inches water column pressure, the test pressure shall be not less than fifty (50) pounds per square inch and shall be continued for a length of time satisfactory to the Department of Building Inspection, but in no case for less than thirty (30) minutes. These tests shall be made using air pressure only, and shall be made in the presence of the Department of Building Inspection. All necessary apparatus for conducting tests shall be furnished by the permit holder. A recording gauge shall be used for an air pressure test on all gas piping distribution lines exceeding 2 1/2 inches nominal diameter.

(3) In cases where the work authorized by the permit consists of a minor installation of additional piping to piping already connected to a gas meter, the foregoing inspections may be waived at the discretion of the Department of Building Inspection. In this event the Department of Building Inspection will make such inspection as it deems advisable in order to assure the Department that the work has been performed in accordance with the intent of this division.

SEC. 93.1507 CERTIFICATE OF INSPECTION

(a) When the final piping inspection has been made, if the installation is found to comply with the provisions of this code a certificate of inspection shall be issued by the Department of Building Inspection.

(b) Notice of approval of such final piping inspection shall be issued to the Gas Utility supplying gas to the premises.

(c) It shall be unlawful for any Utility or person furnishing gas to turn on, or cause to be turned on, any gas meter or meters, until such certificate of inspection, as herein provided, shall have been issued.

SEC. 93.1508 AUTHORITY TO RENDER GAS SERVICE

(a) It shall be unlawful for any person, firm or corporation, excepting an authorized agent or employee of a person, firm or corporation engaged in the business of furnishing or supplying gas and whose service pipes supply or connect with the particular premises, to turn on or reconnect gas service in or on any premises where and when gas service is not at the time being rendered.

(b) It shall be unlawful to turn on or connect gas in or on any premises unless all outlets are properly and securely connected to gas appliances or capped or plugged with screw-joint fittings.

SEC. 93.1509 AUTHORITY TO DISCONNECT

(a) The Department of Building Inspection or the Gas Utility is hereby authorized to disconnect any gas piping and/or appliance which shall be found not to conform to the requirements of this division or which may be found defective and in such condition as to endanger life or property.

(b) Where such disconnection has been made, a notice shall be attached to such gas piping and/or appliance, which shall state the same has been disconnected together with the reason therefor.

(c) Such attached notice shall not be removed nor shall the gas piping and/or appliance be reconnected until authorized by the Department of Building Inspection to do so.

(d) It shall be unlawful to remove or disconnect any gas piping or gas appliance without capping or plugging with a screw joint fitting the outlet from which said pipe or appliance was removed. All outlets to which gas appliances are not connected shall be left capped gas tight on any piping system which has been installed, altered or repaired.

SECTION 3. That Sections 93.1511 and 93.1515 of the San Diego Municipal

(a) No gas piping shall be built into or imbedded in any brick, stone, masonry or concrete and no such gas piping shall be installed in or on the ground under any building or structure, and all exposed gas piping shall be kept at least six (6") inches above grade.

EXCEPTION: When necessary due to structural conditions, approved type gas piping may be installed in sleeves, chases, ducts, or conduits in other locations when permission has first been obtained from the Department of Building Inspection.

(b) All gas piping installed below ground outside of any building or structure shall be protected against corrosion by the use of wrapping complying with the following provisions:

All gas pipes to be installed underground shall be new, clean pipe free from all rust and dirt and shall have hot protective coatings and wrappers applied to the exterior surface in accordance with the specifications below.

Such hot protective coatings and wrappers shall be applied mechanically in one operation by passing the pipe through a pipe-wrapping machine leaving a continuous bead of hot enamel showing.

Wrapping Specifications

1. Clean pipe where necessary
2. Asphalt Enamel (Hot Coat)
3. Asphalt Saturated 15 lb. Rag Mat
4. Asphalt Enamel (Hot Coat)
5. Kraft Paper (Ripple)

Cleaning and Priming of Pipe

Pipe shall be cleaned of all dirt, grease, oil, scale or rust. Immediately after such cleaning, a coat of asphalt primer shall be uniformly applied to the exterior surface of the pipe either by air spray or brushing. Prime coat shall be sufficient to thoroughly and uniformly cover the pipe without pinholes and shall not be permitted to accumulate excessively in any spot.

The primer shall be given sufficient time to dry thoroughly before the application of the protective coating. However, primed pipe should not be permitted to remain until the primer oxidizes.

The primer shall be a top grade product manufactured, by an accredited company, for the specific purpose of priming pipe.

Asphalt Enamel

The hot enamel shall be applied to the pipe so that the surface will be thoroughly flooded and all pinholes and holidays eliminated. The temperature of the hot asphalt shall be not less than 370° F. at the time of the application to the pipe. The asphalt shall be equal to Standard Oil 21-30 penetration.

Wrapper and Paper

The wrapper shall consist of an asphalt saturated 15-pound rag felt. The Kraft paper shall consist of long fibered Kraft rippled at least 20% across the grain. It shall have been made from a 95-pound basic sheet. The weight, including the rippling, shall be not less than two pounds per 100 square feet.

In the application of the saturated felt and Ripple Kraft paper to the pipe, a lap shall be maintained of not less than 1/2 inch. Uniform tension shall be applied to insure the wrappers fitting snugly to the pipe without holidays or other imperfections.

Coating Thickness

The minimum thickness of the entire protective coating shall be not less than 3/32 inches.

General

Sufficient bare pipe shall be left at the end of each pipe to permit proper joining of the joints in the field. The field joint shall be hand wrapped to the above wrapping specifications.

Any damage to the protective coating caused by handling or any other reason shall be properly repaired before the pipe is placed in the ground.

(c) All gas piping shall be adequately supported by metal straps or hooks at intervals of not more than ten (10) feet for piping one (1") inch and smaller and not more than ten (10) feet for larger piping.

(d) Gas piping supplying more than one building on any one premises shall be equipped with separate shut-off valves to each building, so arranged that the gas supply can be turned on or off to any individual or separate building. Such shut-off valve shall be located outside the building, it supplies and shall be readily accessible at all times. Buildings accessory to single family residences are exempt from the requirements of this subsection.

(e) Bushings shall not be used in concealed locations. Where it is necessary to use unions in a gas piping system, ground joint unions shall be used.

(f) When air, oxygen, or other special supplementary gas under pressure is introduced with the regularly supplied gas either directly into the gas piping system or at burners, a device approved by the Department of Building Inspection and the Gas Utility shall be installed to prevent backflow of such special gas into the house line or utility's meter. This device shall be located between the source of the special gas and the utility's meter and shall be on the gas line leading to the appliance using this special gas. This device may be either a spring loaded or diaphragm type check valve and shall be capable of withstanding any pressures which may be imposed on it.

(g) When liquefied petroleum or other stand-by gas is interconnected with the regular gas piping system, an approved valve acceptable to the Department of Building Inspection and the Gas Utility shall be so installed as to prevent backflow into either supply system.

(h) A readily accessible shut off cock shall be installed in the fuel gas piping outside of each appliance and ahead of the union connection thereto in addition to the valve provided on the appliance.

(i) All gas outlets located in a barbecue or fireplace shall be controlled by an approved operating valve located in the same room and outside the hearth but not more than four (4') feet from such outlets. When piping on the discharge side of any such control valve is standard weight brass or galvanized steel, it may be embedded in, or surrounded by not less than two (2") inches of concrete or masonry.

SEC. 93.1514 LIQUEFIED PETROLEUM GAS FACILITIES AND PIPING

In addition to the requirements of this Division for gas piping, facilities and piping for use with liquefied petroleum gas shall meet the following requirements:

(a) All liquefied petroleum gas facilities shall conform to approved standards. All such facilities and their locations shall be acceptable to the Department of Building Inspection and shall conform to state and local fire prevention regulations.

(b) Where liquefied petroleum gas facilities serve more than one (1) customer through separate piping systems, each system shall be identified in a manner satisfactory to the Department of Building Inspection and the gas supplier, and all meters shall be set at one location.

(c) All liquefied petroleum gas facilities shall be so placed as to be all time readily accessible where necessary, reading, testing and shutting off the gas supply. All service piping and main supply shut-off valves must be outside of the building. All main supply valves must be of approved type and readily accessible.

(d) In order that gas may be supplied, the gas piping inlet should be located with respect to the proposed liquefied petroleum gas facility location in accordance with the requirements of this section and the supplier's instructions.

(e) Liquefied petroleum gas facilities shall not be located in any pit or basement, under show windows or interior stairways, in engine, boiler, heater or electric meter rooms. When not prohibited by another regulation, approved liquefied petroleum gas metering devices may be located in the open under exterior stairways.

(f) Liquefied petroleum gas piping shall not serve any gas water heater located in a pit or basement where heavier than air gas might collect to form a flammable mixture unless an approved drain providing for flow by gravity of all gases to a point outside the building is provided.

EXCEPTION: Propane air gas supplied by the gas utility as stand by temporary fuel required by emergency conditions is not subject to this regulation.

(g) Compounds used on thread connections shall be insoluble in liquefied petroleum gas.

(h) Every valve and appliance used on such piping shall be designed and approved for use with liquefied petroleum gas.

(i) A readily accessible shut-off valve shall be installed outside of each building ahead of any union connection.

(j) Discharge from relief valves and regulator vents shall be into the open air and shall be at least five (5') feet away from any opening into a building or shall be conducted to a continuously operated pilot burner.

SEC. 93.1515 LEAKS

(a) Leaks in gas piping shall be located by applying soapy water to the exterior of the piping.

(b) Fire either or acid shall not be used to locate or repair leaks, nor shall any substance other than air be introduced into the gas piping.

(c) It shall not be permissible to repair defects in gas piping or fittings, but having been located, the defective pipe or fitting shall be removed and replaced with sound material.

SEC. 93.1516 INTERCONNECTIONS OF GAS PIPING SYSTEMS

(a) It shall be unlawful to connect any gas appliance in such a manner that such appliance may receive gas from more than one system of gas piping.

(b) The installation, use and/or maintenance of a gas valve which makes it possible to turn on, control or otherwise direct the flow of gas from one system of gas piping to another, where such systems are supplied with gas from separate meters, is hereby prohibited, and any such valves or other inter-connection between separate systems of gas piping shall be removed upon order of the Department of Building Inspection.

(c) The requirements of this section shall not be applicable when the system uses L.P.G. air mix for standby service.

SEC. 93.1517 REQUIRED GAS SUPPLY

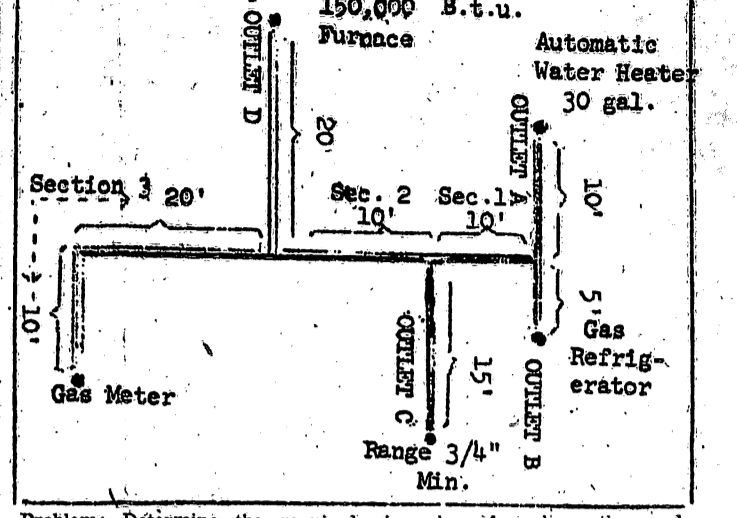

(a) The following regulations as set forth in this section and in Sec. 93.1515—Required Gas Piping Size, shall be the standard for the installation of gas piping. All regulations and tables are based on the use of natural gas, of 0.65 specific gravity, and supplied at approximately seven (7") inches water column pressure at the inlet of the meter.

(b) The hourly volume of gas required at each piping outlet shall be taken as not less than the maximum hourly rating, as specified by the manufacturer of the appliance or appliances to be connected to each such piping outlet.

(c) Where the manufacturer's rating of an appliance is given in British Thermal Units (B.T.U.) per hour, this rating shall be divided by the heating value of the gas to be delivered in B.T.U. per cubic foot, to obtain the corresponding gas demand in cubic feet per hour.

Size	1/2"	3/4"	1"	1 1/4"	1 1/2"	2"	2 1/2"	3"	3 1/2"	4"	4 1/2"	5"	6"	8"	10"	12"	14"	16"	18"	20"	24"	30"	36"	42"	48"	54"	60"	72"	84"	96"	108"	120"	144"	168"	192"	216"	240"	288"	336"	384"	432"	480"	528"	576"	624"	672"	720"	768"	816"	864"	912"	960"	1008"	1056"	1104"	1152"	1200"	1248"	1296"	1344"	1392"	1440"	1488"	1536"	1584"	1632"	1680"	1728"	1776"	1824"	1872"	1920"	1968"	2016"	2064"	2112"	2160"	2208"	2256"	2304"	2352"	2400"	2448"	2496"	2544"	2592"	2640"	2688"	2736"	2784"	2832"	2880"	2928"	2976"	3024"	3072"	3120"	3168"	3216"	3264"	3312"	3360"	3408"	3456"	3504"	3552"	3600"	3648"	3696"	3744"	3792"	3840"	3888"	3936"	3984"	4032"	4080"	4128"	4176"	4224"	4272"	4320"	4368"	4416"	4464"	4512"	4560"	4608"	4656"	4704"	4752"	4800"	4848"	4896"	4944"	4992"	5040"	5088"	5136"	5184"	5232"	5280"	5328"	5376"	5424"	5472"	5520"	5568"	5616"	5664"	5712"	5760"	5808"	5856"	5904"	5952"	6000"	6048"	6096"	6144"	6192"	6240"	6288"	6336"	6384"	6432"	6480"	6528"	6576"	6624"	6672"	6720"	6768"	6816"	6864"	6912"	6960"	7008"	7056"	7104"	7152"	7200"	7248"	7296"	7344"	7392"	7440"	7488"	7536"	7584"	7632"	7680"	7728"	7776"	7824"	7872"	7920"	7968"	8016"	8064"	8112"	8160"	8208"	8256"	8304"	8352"	8400"	8448"	8496"	8544"	8592"	8640"	8688"	8736"	8784"	8832"	8880"	8928"	8976"	9024"	9072"	9120"	9168"	9216"	9264"	9312"	9360"	9408"	9456"	9504"	9552"	9600"	9648"	9696"	9744"	9792"	9840"	9888"	9936"	9984"	10032"	10080"	10128"	10176"	10224"	10272"	10320"	10368"	10416"	10464"	10512"	10560"	10608"	10656"	10704"	10752"	10800"	10848"	10896"	10944"	10992"	11040"	11088"	11136"	11184"	11232"	11280"	11328"	11376"	11424"	11472"	11520"	11568"	11616"	11664"	11712"	11760"	11808"	11856"	11904"	11952"	12000"

EXAMPLE ILLUSTRATING USE OF TABLE 1 AND 2

Problem: Determine the required pipe size of each section and outlet of the piping system shown in Figure 1. Gas to be used has 0.65 specific gravity and 100 B.T.U. per cubic foot, delivered at seven (7") inch water column pressure.

SOLUTION:

- (1) Maximum gas demand of outlet A—30 cu. ft. per hour (from Table 1). Maximum gas demand of outlet B—3 cu. ft. per hour (from Table 1). Maximum gas demand of outlet C—75 cu. ft. per hour (from Table 1). Maximum gas demand of outlet D—136 cu. ft. per hour (150,000 B.T.U. per hour ÷ 1100).
- (2) The length of pipe from the gas meter to the most remote outlet (A) is 60 feet. This is the only distance used.
- (3) Using column marked 60' in Table 2:
Outlet A, supplying 30 c.f.h., requires 1/2" pipe.
Outlet B, supplying 3 c.f.h., requires 1/2" pipe.
Outlet C, supplying outlets A and B, or 33 c.f.h., requires 1/2" pipe.
Outlet D, supplying 75 c.f.h., requires 3/4" pipe (due to range connection being 1/2").
Section 2, supplying outlets A, B, and C, or 108 c.f.h., requires 3/4" pipe.
Outlet D, supplying 136 c.f.h., requires 1" pipe.
Section 3, supplying outlets A, B, C, and D, or 244 c.f.h., requires 1" pipe.

SEC. 93.1519 NATURAL GAS FUEL IN HOUSE TRAILERS

1. It shall be unlawful for any person to convert Liquefied Petroleum Gas fired heaters, ranges, water heaters or any other device, fixture or unit in any house trailer to the use of natural gas fuel.

2. Before gas piping of any kind is installed in any house trailer a permit must be obtained from the Department of Building Inspection so to do.

3. Upon completion of the installation, alteration, or repair of any gas piping and prior to the use thereof, the Department of Building Inspection shall be notified that such gas piping is ready for inspection.

4. When the work for which the permit is issued has been approved by the Department of Building Inspection a certificate of approval shall be issued to the person taking out the permit. Said Certificate of approval must be posted on the trailer in a conspicuous place, visible from outside the trailer at all times.

5. The gas piping supplying natural gas to the house trailer shall comply with all the provisions of this division regulating the installation and use of gas piping.

6. All house trailer gas piping shall be made up of material and pipe sizes and be inspected as specified in this Division.

7. Every gas fired unit in any house trailer shall be mechanically sound, operatively and structurally.

8. All gas space heating equipment and/or water heaters shall be connected to an approved vent extending to a point above the roof and shall not terminate in any roofed over area.

9. The vent may be sized to conform to the size of the vent collar on the unit to be vented.

10. Every gas fired unit in any house trailer shall be approved by the "American Gas Association" or the "Underwriters Laboratory".

11. An approved vent duct of no less area than that of six (6) inch round pipe, located in the ceiling immediately above the gas range and/or gas actuated refrigerator shall be installed and extended to the outside air.

(a) Separate ducts will be required for each device if located in a separate room.

(b) In lieu of the above an approved forced draft system of ventilation may be provided.

12. Every trailer or trailer coach shall be provided with an individual branch service line delivering gas at not to exceed seven (7) inches of water column pressure.

(a) The outlet shall terminate on the same side of the site as the sewer connection.

13. All gas piping shall be installed below ground except that portion of the branch line riser to which the trailer gas pipe system and the trailer piping is connected.

ORDINANCE NO. 6986
(New Series)

AN ORDINANCE APPROPRIATING THE SUM OF \$5,930.00 OUT OF THE CAPITAL OUTLAY FUND OF THE CITY OF SAN DIEGO FOR THE PURPOSE OF PROVIDING FUNDS FOR PAVING AND IMPROVING A PORTION OF WARING ROAD, IN ALLIED GARDENS, UNIT NO. 6.

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. That the sum of Five Thousand Nine Hundred Thirty and no/100 Dollars (\$5,930.00), or so much thereof as may be necessary, be, and the same is hereby set aside and appropriated out of the Capital Outlay Fund of The City of San Diego, for the purpose only and exclusively of providing funds for the grading and paving of two 12 foot strips of WARING ROAD, between Stations 14 + 15.50 and 26 + 38.00 in Allied Gardens, Unit No. 6, in the City of San Diego, California.

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

AN ORDINANCE INCORPORATING A PORTION OF LOT 20, EX MISSION LANDS OF SAN DIEGO IN THE CITY OF SAN DIEGO, CALIFORNIA, INTO M-1 ZONE AS DEFINED BY SECTION 101.0412 OF THE SAN DIEGO MUNICIPAL CODE AND REPEALING ORDINANCES Nos. 35 (NEW SERIES) and 3075 (NEW SERIES), INsofar AS THE SAME CONFLICT HEREWITH.

WHEREAS, pursuant to section 101.0206 of the San Diego Municipal Code, the City Planning Commission fixed and determined a time and place for a public hearing upon a proposed rezoning of a portion of Lot 20, Ex Mission Lands of San Diego, in The City of San Diego, California, as indicated on Planning Commission Zone Map Drawing No. B-696, attached to Planning Commission communication on file in the office of the City Clerk as Document No. 529935; and

WHEREAS, after due notice duly and regularly given, hearings were duly held and all persons interested were given an opportunity to appear and be heard before said Planning Commission; and

WHEREAS, the City Planning Commission has filed a report with the City Council of said City as contained in Document No. 529935 filed February 16, 1956, showing that the Planning Commission by a vote of 5 to 0 recommended that the petition for said proposed rezoning be denied; and

WHEREAS, said Council, after public hearing, is of the opinion that the best interests of the people of The City of San Diego will be subserved by approving said petition; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That all that territory situated in The City of San Diego, California, within the boundaries of the district

designated "M-1" on that certain zone map No. B-696, filed in the office of the City Clerk of said City under Document No. 529935, be, and the same is hereby incorporated into M-1 zone as said zone is described by section 101.0412 of the San Diego Municipal Code.

Section 2. That Ordinance No. 35 (New Series) of the ordinances of The City of San Diego, adopted September 12, 1932, and entitled, "An ordinance incorporating Marilou Park and vicinity in The City of San Diego, California, into R-1, R-2 and C Zones, as defined by Ordinance No. 8924 of the ordinances of said City, and amendments thereto.", be, and the same is hereby repealed, insofar as the same conflicts herewith.

Section 3. That Ordinance No. 3075 (New Series) of the ordinances of The City of San Diego, adopted October 2, 1945, and entitled, "An ordinance incorporating the west half (W 1/2) of Lot 20, Horton's Purchase of Ex-Mission Lands, lying south of Federal Boulevard in The City of San Diego, California, into a C Zone, as defined by Ordinance No. 8924 of the ordinances of said City, and amendments thereto, and repealing ordinance No. 35 (New Series), adopted September 12, 1932, insofar as the same conflicts herewith.", be, and the same is hereby repealed, insofar as the same conflicts herewith.

Section 4. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.
