ORDINANCE NO. 7415
(New Series)

AN ORDINANCE ESTABLISHING A SCHEDULE OF COMPENSATION FOR OFFICERS AND EMPLOYEES OF THE CITY OF SAN DIEGO, PROVIDING UNIFORM COMPENSATION FOR LIKE SERVICE IN THE CLASSIFIED SERVICE, FOR THE FISCAL YEAR BEGINNING JULY 1, 1957.

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Service, for the fiscal year beginning July 1, 1957, there is hereby adopted and established a Table of Standard Rates of Pay, indicating the minimum and maximum and intermediate range steps for each said standard rate, all as more particularly set forth, enumerated and detailed in Exhibit "A", attached to and made a part of this ordinance.

Section 2. "COMPENSATION", as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego, plus the monetary value, as determined by the department head with the approval of the Civil Service Commission, of such housing, lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the standard rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the standard rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Classified Service of The City of San Diego the Standard Rate Numbers, providing uniform compensation for like service, all as more particularly set forth, enumerated and detailed in Exhibit "B" attached to and made a part of this ordinance, are hereby adopted. Increases in compensation for officers and employees in the Classified Service, within the range limits of the Standard Rate Number attached to the position, may be granted upon the recommendation of the appointing authority and the approval of the Civil Service Commission, as follows:

To Step B after six months' continuous service at Step A;

To Step C after six months' continuous service at Step B;

To Step D after one year's continuous service at Step C; and

To Step E after one year's continuous service at Step D.

Skilled Trades Apprentices shall be advanced one step within the range of the Standard Rate for the class upon satisfactory completion of each six-month period of required training, upon the recommendation of the appointing authority and with the approval of the Civil Service Joint Apprenticeship Committee and the Civil Service Commission.

Notwithstanding any other provision in this section, increases in compensation within the range limits of the Standard Rate Number attached to the position may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

Section 4. For all positions in the Unclassified Service of The City of San Diego the Standard Rate numbers, as more particularly set forth, enumerated and detailed in Exhibit "C" attached to and made a part of this ordinance, are hereby adopted.

The compensation for officers and employees in the Un-

classified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate Numbers attached to the position in said Exhibit "C".

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate Number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight-hour day and a forty-hour week. In the event monthly salaries are authorized to be paid bi-weekly, the equivalent bi-weekly rates of pay shall be those set forth, enumerated and detailed in Exhibit "A" of this ordinance.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the foregoing salaries hereinabove provided as compensation in full for work performed by said members of the Classified Service during an average forty-hour week and eight-hour day throughout the fiscal year 1957-58, except as hereinafter provided.

Whenever the City Manager, or other appointing authority, certifies to the Civil Service Commission that the City's interest requires an employee, in order to perform the duties assigned to him or to the position he occupies, to work at times unusual for the class or position he occupies, such as to work (1) on an established annual schedule on all legal holidays throughout the fiscal year without compensatory time off, except at such time as a legal holiday coincides with a day of rest or (2) working a night shift in which the majority of hours of work scheduled for said employee throughout any

pay period are before 8:00 A.M. or after 6:00 P.M. or (3) on a long term schedule, working a shift regularly split by more than two consecutive hours, or such other work schedule as may be determined by the Civil Service Commission and the City Manager or non-managerial appointing authority to be substantially unusual for the class of employment, the Civil Service Commission may authorize an increase of compensation for an employee who is required to work under the unusual conditions above described, in which case such employee shall receive one Standard Rate increase for each of the said unusual conditions which shall be certified by the appointing authority on the official payroll time sheet to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records appertaining to said employees' compensation. When one or more of the said working conditions are commonly accepted conditions for a class or position, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

In addition to the foregoing provisions for extra compensations the Civil Service Commission, upon request of the City Manager or other department head, may authorize the payment of additional compensation for work performed by employees in excess of the normal day and forty-hour week, or authorize the granting of compensatory time off. In this connection the Commission may authorize the payment of overtime pay up to but not in excess of one and one-half times the regular rate for the employees who are required to work overtime. The employees in the Classified Service who shall be entitled to receive overtime payment or compensatory time off, as herein provided, shall be designated by the Civil Service Commission after consultation with the department heads con-

cerned and in accordance with definitions and procedures to be developed by the Civil Service Commission after collaboration with the appointing authorities, which said definitions and procedures after adoption shall be binding on all appointing authorities.

Section 7. In fixing and approving the Standard Rates for the officers and employees in the Classified Service of the City, as hereinafter set forth, this Council has recognized the necessity to increase certain salaries over those heretofore paid during the preceding fiscal year, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a standard rate of pay has been increased for the coming fiscal year from that heretofore paid in the past fiscal year, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

Section 8. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

AN ORDINANCE APPROVING AND ADOPTING AMENDMENTS TO SECTIONS 2 and 3 OF RULE X OF THE RULES OF THE CIVIL SERVICE COMMISSION, AND AMENDING SECTIONS 23.1102 AND 23.1103 OF THE SAN DIEGO MUNICIPAL CODE.

WHEREAS, the Civil Service Commission of The City of San Diego has heretofore recommended the amendment of Sections 2 and 3 of Rule X of the Rules of the Civil Service Commission, which rules are codified as Sections 23.1102 and 23.1103 respectively of the San Diego Municipal Code; and

WHEREAS, the Council has heretofore conducted a public hearing upon the proposed amendments on the 13th day of June, 1957, all as required by Section 118 of the Charter of The City of San Diego; and

WHEREAS, this Council is of the opinion that it will be in the best interests of the City and its inhabitants that the proposed amendments be adopted; NOW, THEREFORE

BE IT ORDAINED by the Council of The City of San Diego as follows:

Section 1. That Section 2 of Rule X of the Rules of the Civil Service Commission, and Section 23.1102 of the San Diego Municipal Code; and Section 3 of said Rule X, and Section 23.1103 of said Code, be, and the same are hereby amended to read as follows:

SEC. 23.1102 ANNUAL VACATION

(1) Full Time Active Service: Each employee paid at a monthly or equivalent rate who has had full-time active service during the calendar year previous to that in which vacation is requested, shall be entitled in each calendar year to an annual vacation of 15 consecutive days, exclusive of Saturdays, Sundays and holidays, as defined in the Government Code of the State of California, with full pay for such time as the employee would have been paid if at work for the City for the same period of time.

(2) Part-Time Service: Each employee who has served continuously part-time during the calendar year previous to that in which

vacation is requested shall be entitled in each calendar year to the regular number of days vacation, payable at their usual part-time rate of pay.

(3) Vacation Earned During First Year: After 12 months of continuous service, each employee who worked only a partial year during the calendar year previous to that in which vacation is requested, shall be entitled to vacation with pay not to exceed one day for each 24 days for which said employee received pay in the previous calendar year.

(4) Vacation Schedule: The arranging of a vacation schedule shall be the responsibility of the appointing authority, first with particular regard to the needs of the service, and then in so far as is possible with the wishes of the employees. Only for reasons deemed good and sufficient by the appointing authority will an employee be permitted to split his vacation or to take a partial vacation in order to accumulate the balance to be taken in a subsequent year.

(5) Accumulation of Vacation: In the event an employee who has served continuously for at least twelve months does not take all the vacation to which he is entitled in any calendar year, he shall be allowed to accumulate the balance to be taken in a subsequent year, provided that accumulated and annual vacation shall not in any case exceed a total of 45 days of earned vacation. No employee shall be granted vacation with pay for more than 30 days exclusive of Saturdays, Sundays, and holidays in any calendar year; provided that an employee with ten or more years of continuous service may be permitted to take 35 days of earned vacation in a calendar year.

(6) Entitlement upon Retirement or Separation: Provided further that prior to retirement or upon separation from the service, whether voluntarily or involuntarily, an employee shall be entitled to vacation with pay for all the unused vacation which has accrued under the provisions of this rule, and in addition to vacation based

upon the length of active service in the year in which the retirement or separation occurs. Vacation earned during the current year shall be computed upon the same basis as for a partial year as set forth in this rule. If an employee fails to take the vacation to which he is entitled prior to the date of his retirement, he shall forfeit all right to such vacation with pay.

SEC. 23.1103 SICK, INJURY AND EMERGENCY LEAVES OF ABSENCE.

(1) Sick Leave Definition: Sick leave is hereby defined to mean the necessary absence from duty of an employee because of non-service-connected illness, injury or exposure to contagious disease suffered by the employee.

(2) Sick Leave Provisions: Whenever an employee who is paid at a monthly or equivalent rate, is compelled to be absent from duty on account of non-service-connected illness, injury or exposure to contagious disease, he may, after the first six months of continuous service be granted a maximum of seven calendar days of sick leave with pay, and after one year of continuous service be granted a maximum of 15 calendar days of sick leave with pay in any calendar year, except as herein provided. The Commission may, in its discretion, grant currently earned sick leave with pay in cases of prolonged illness or disability due to injury not incurred on the job.

(3) Sick Leave During Probationary Period: During the original six month probationary period an employee may be granted sick leave without pay because of illness or injury not incurred on the job, or for reasons deemed good and sufficient by the appointing authority and Commission, but such leave shall not extend the regular probationary period which the entrance employee must serve.

(4) Emergency Leave Definition: Emergency leave is hereby defined to mean the necessary absence from duty of an employee because of emergency illness of a member of his immediate family requiring the attendance of the employee upon said member until professional or other attendance can be obtained, or the necessary absence from duty of an employee because of the death of a member

of his immediate family.

(5) Emergency Leave Provisions: An employee who is paid at a monthly or equivalent rate may be granted emergency leave with pay chargeable to his accumulated sick leave credits not to exceed a total of five calendar days for any one case of illness or death in the immediate family.

(6) Accumulation of Sick Leave: All unused sick leave may be accumulative, provided that at no time shall the accumulated and annual sick leave exceed a total of 90 calendar days. No more than 90 calendar days' sick leave with pay shall be granted in any calendar year.

(7) Computation of Sick Leave: Employees absent before and after a holiday or before and after a Saturday and Sunday shall be deemed not ready and able to have worked on the holiday and/or Saturdays and Sundays, or any combination thereof, and shall be charged straight calendar days. If an employee who works regularly Monday through Friday on a 40-hour week returns to work on Monday, the Saturday and Sunday previous shall not be assessed against his sick leave; similarly if a holiday falls on the day before his return from sick leave, such holiday shall not be assessed against his sick leave. If an employee whose schedule requires him to work Saturdays, Sundays, and/or holidays, or a combination thereof, on a 40, 44, or any other hours of work week, returns from sick leave the day following his scheduled day or days off, such day or days shall not be included in his sick leave.

(8) Non-Applicability: None of the foregoing provisions of said or Division 11 of the Municipal Code Rule X/shall be applicable to employees employed on an hourly basis.

(9) Injury Leave: An employee, regardless of length of service with the City, who is compelled to be absent from duty because of service-connected injury suffered without fault on his part shall be entitled to full pay for the first 7 days of absence.

For a service-connected injury suffered while performing the duties of his position, which compels an employee to be absent from

City service, such employee may be granted a leave of absence with full pay for such length of time as is recommended by the department head and approved by the Civil Service Commission, but in no case for a longer period of time than one year; provided, however, that the City Auditor shall deduct from any amount of compensation authorized to be paid hereunder such sums which such employee may have received because of such injury under Workman's Compensation Law or the City Employees' Retirement System provisions.

(10) Evidence of Cause of Absence: In all cases of leaves of absence because of sickness, injury, or illness or death in the immediate family, the employee may be required to furnish to the Commission or the appointing authority, as the case may be, satisfactory evidence substantiating the facts justifying such leave of absence. Failure to furnish such evidence upon request shall be sufficient reason for denying the leave of absence with pay.

Section 2. That Ordinance No. 7479 (New Series) passed and adopted by the Council June 20, 1957, be and the same is hereby repealed.

Section 3. This Ordinance shall take effect and be in force on the thirty-first day from and after its passage.
