(g) "Water rates" means rates, tolls or charges for water or for service by the waterworks or any part thereof.

(h) "Revenues" includes all moneys received from rates, tolls or charges for water or for service from the waterworks or any part thereof, and all other income and receipts derived from the use of or operation of the waterworks or any part thereof, or otherwise arising from the waterworks or any part thereof, or any other income of the Water Department, and includes interest on all funds derived from or established for the waterworks. "Revenues" shall not be construed to include taxes or assessments.

(i) "Water Department Revenue Bond Fund" means a special fund which consists and which shall consist of such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department.

(j) "Fiscal year" means the year beginning on July 1st and ending on the next following June 30th.

Section 2. Amount, Issuance, Purpose and Nature of Bonds. The Council hereby provides for and orders the issuance of \$5,000,000 revenue bonds under said Section 90.1 to provide money for all of the purposes set forth in subdivision 4(a) thereof, heretofore quoted in the recitals hereof. Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest and any premiums upon the redemption thereof prior to maturity, only from a special fund, to wit: the "Water Department Revenue Bond Fund," provided, however, (1) that this shall not preclude the payment or redemption of such bonds as are subject to call and redemption prior to maturity from the proceeds of refunding bonds issued to refund said revenue bonds or (2) the use of accrued interest and premiums paid upon the sale and delivery of said revenue bonds for the payment of principal thereof or interest thereon. No revenue bond issued hereunder or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of the City except the revenues in the Water Department Revenue Bond

Fund. Nothing in this Ordinance shall preclude the issuance, subject to the limitations in the covenants in Section 13 hereof, of additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the revenues of the Water Department and ranking on a parity with these bonds.

No bond shall be deemed to be outstanding and unpaid within the meaning of this Ordinance if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund or other trust fund created to insure the payment or redemption thereof.

Section 3. Description of Bonds. Said bonds shall be in the principal amount of \$5,000,000, shall be 5,000 in number, numbered 1 to 5,000, inclusive, and shall be of the denomination of \$1,000 each. Said bonds shall be designated WATERWORKS REVENUE BONDS, ELECTION 1958, SERIES B, shall be dated March 1, 1961, and shall be payable in consecutive numerical order on March 1 in each year of maturity in the amounts for each of the several years as follows:

<u>Years of Maturity, Inclusive</u>	<u>Principal Amount per Year</u>
1962 - 1965	\$120,000
1966 - 1975	180,000
1976 - 1991	170,000

Section 4. Interest. Said bonds shall bear interest at a rate or rates to be hereafter fixed by resolution or resolutions, but not to exceed six per cent (6%) per annum, payable semiannually on the 1st days of March and September of each year. Each bond shall bear interest

until the principal sum thereof has been paid, provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this ordinance, said bond shall then cease to bear interest. Said bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said city, or, at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. Execution of Bonds. The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all of said bonds by their printed, lithographed or engraved facsimile signature, and the City Clerk of the City is hereby authorized and directed to countersign said bonds and to affix thereto the corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. Registration. Said bonds may be registered either as to principal only or as to both principal and interest, and the form of registration of any registered bond may be changed, or any registered bond may be discharged from registration in the manner and with the effect set forth in the provisions for registration to be printed on the bonds as set forth in Section 18 hereof.

Section 7. Call and Redemption of Bonds Prior to Maturity. The bonds maturing on or prior to March 1, 1969 shall not be subject to call or redemption prior to maturity. The bonds maturing on or after March 1, 1970, or any of them, may be called before maturity and redeemed, at the option of the City, on March 1, 1969, or on any interest payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus the following premiums (percentage of par value) if redeemed at the following times:

REDEMPTION DATES AND PREMIUMS

<u>On or after March 1</u>	<u>And prior to March 1</u>	<u>Premium</u>	<u>On or after March 1</u>	<u>And prior to March 1</u>	<u>Premium</u>
1969	1970	4%	1978	1979	1 3/4%
1970	1971	3 3/4%	1979	1980	1 1/2%
1971	1972	3 1/2%	1980	1981	1 1/4%
1972	1973	3 1/4%	1981	1982	1%
1973	1974	3%	1982	1983	3/4%
1974	1975	2 3/4%	1983	1984	1/2%
1975	1976	2 1/2%	1984	1985	1/4%
1976	1977	2 1/4%	1985	Maturity	0
1977	1978	2%			

All or any of the bonds subject to call may be called for redemption at any one time. If less than all of the bonds are redeemed at any one time, such bonds shall be redeemed only in inverse order of maturity and number, beginning with the highest numbered bond. The interest payment date on which bonds are to be presented for redemption prior to

maturity is hereinafter sometimes called the "redemption date."

(a) Notice of Call and Redemption. Notice of the intended redemption prior to maturity shall be published by one insertion in a newspaper of general circulation in The City of San Diego, California, and in a financial newspaper or journal of national circulation published in the City of New York, New York, said publications to be at least 30 days but not more than 60 days prior to the redemption date. The notice of redemption shall (i) state the redemption date; (ii) state the redemption price; (iii) state the numbers and dates of maturity of the bonds to be redeemed prior to maturity, provided, however, that whenever any call includes all of the bonds of a maturity the numbers of the bonds need not be stated; (iv) require that such bonds be surrendered with all interest coupons maturing subsequent to the redemption date (except that no coupons need be surrendered on bonds registered as to both principal and interest) at the office of the Treasurer of The City of San Diego, in said city, or at any of the

aforesaid fiscal agencies of the City; (v) require that bonds which at the time of call are registered so as to be payable otherwise than to bearer shall be accompanied by appropriate instruments of assignment duly executed in blank; and (vi) give notice that further interest on such bonds will not accrue after the designated redemption date.

The Treasurer of the City shall, on or before the date of publication of said notice of call and redemption prior to maturity mail a similar notice, postage prepaid, to any person, firm or corporation that originally purchased these bonds from the City; provided, however, that failure of the Treasurer to mail such notice or any defect therein shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption.

If any of the bonds designated for redemption prior to maturity shall be registered so as to be payable otherwise than to bearer, the Treasurer of the City shall, on or before the date of publication of said notice of redemption, mail a similar notice, postage prepaid, to the respective

registered owners thereof at the addresses appearing on the bond registry books.

The actual receipt by the holder of any bond (hereinafter referred to as "bondholder") of notice of such call and redemption shall not be a condition precedent to redemption, and failure to receive such notice shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption. The notice or notices required by this section shall be given by the Treasurer of the City. A certificate by the Treasurer that notice of call and redemption has been given to original purchasers and to holders of registered bonds as herein provided shall be conclusive as against all parties, and no bondholder whose bond or registered bond is called for redemption may object thereto or object to the cessation of interest on the redemption date fixed by any claim or showing that he failed to actually receive such notice of call and redemption.

(b) Redemption Fund. Prior to the redemption date there shall be established in the City Treasury a redemption fund to be

described or known as WATERWORKS REVENUE BONDS, ELECTION 1958, SERIES B, REDEMPTION FUND (hereinafter sometimes referred to as "Redemption Fund"), and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums payable as in this ordinance provided, the bonds designated in such notice for redemption prior to maturity. Said moneys must be set aside in said fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium) of the bonds to be redeemed prior to maturity upon presentation and surrender of such bonds and (except as to bonds registered as to both principal and interest) all interest coupons maturing after the redemption date, and shall be used only for that purpose. Any interest coupon due on or prior to the redemption date shall be paid from the Bond Service Fund upon presentation and surrender thereof. Any interest due on or prior to the redemption date upon bonds registered as to both principal and interest shall be paid from said Bond Service Fund. Each bond presented (if unregistered or registered as to principal only) must have attached thereto or presented therewith

all interest coupons maturing after the redemption date. If after all of the bonds have been redeemed and cancelled or paid and cancelled there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the Water Department Revenue Bond Fund, provided, however, that if said moneys are part of the proceeds of refunding bonds said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding bonds.

(c) Effect of the Notice of Call and Redemption. When notice of call and redemption prior to maturity has been given, substantially as provided herein, and when the amount necessary for the redemption of the bonds called for redemption prior to maturity (principal and premium) is set aside for such purpose in the Redemption Fund, as provided herein, the bonds designated for such redemption shall become due and payable on the date fixed for redemption thereof, and upon presentation and surrender of said bonds and (except as to bonds registered as to both principal and interest) all interest coupons maturing after the redemption date, at the place specified in the notice of such redemption, and, if any of said bonds be registered, upon the appropriate assignment thereof in blank, such bonds shall be redeemed and paid at said redemption price out

of the Redemption Fund, and no interest will accrue on such bonds called for such redemption or on any interest coupon thereof after the redemption date specified in such notice, and the holders of said bonds so called for such redemption after such redemption date shall look for the payment of such bonds and the premium thereon only to said Redemption Fund. All bonds redeemed and all interest coupons thereof shall be cancelled forthwith by the Treasurer of the City and shall not be reissued.

All interest coupons pertaining to any redeemed bonds, which coupons have matured on or prior to the time fixed for such redemption, shall continue to be payable to the respective holders thereof but without interest thereon. All unpaid interest payable at or prior to the date fixed for such redemption upon bonds registered in such manner that the interest is payable only to the registered owners shall continue to be payable to the respective registered owners of such bonds, or their order, but without interest thereon.

Section 8. Disposition of Bond Proceeds.
For the purpose of insuring the application of the proceeds received from the sale of bonds to the

aforsaid purposes for which said bonds are to be issued, there is hereby established in the City Treasury a fund to be described or known as WATERWORKS REVENUE BONDS, ELECTION 1958, CONSTRUCTION FUND (herein sometimes called "Construction Fund"). The proceeds from the sale of said bonds, except premium and accrued interest, if any, shall be paid into the Construction Fund and shall be applied exclusively to the aforsaid objects and purposes; provided, however, (1) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (2) that when the objects and purposes for which said bonds are issued have been accomplished any remaining unexpended funds derived from the sale of the bonds shall be used for the payment of principal and interest of said bonds or for redemption of any of said bonds which by their terms are subject to call and redemption prior to maturity. Money in the Construction Fund may be temporarily invested in any authorized negotiable direct obligations of the United States, provided that the maturity or maturities thereof shall not be later than

the date or dates on which money must be available to meet scheduled Construction Fund expenditures.

Section 9. Water Department Fund. All revenues of the Water Department shall be deposited in the Water Department Fund. From such Water Department Fund there shall be paid the amount needed to operate and maintain the Water Department.

Section 10. Water Department Revenue Bond Fund. From the Water Department Fund there shall be transferred to the Water Department Revenue Bond Fund monthly, on the first day of each month, all such revenues of the Water Department as are in excess of the amount needed to operate and maintain the Water Department.

Section 11. Bond Service Fund. For the purpose of insuring the payment when due and payable of the principal of and interest on the bonds, there is hereby established in the City Treasury a fund to be described or known as the WATERWORKS REVENUE BONDS, ELECTION 1958, SERIES B, BOND SERVICE FUND (hereinafter sometimes referred to as the "Bond Service Fund"). Upon delivery of the bonds to the purchasers thereof any premium and

accrued interest paid by said purchasers shall be paid into said Bond Service Fund. After said delivery of the bonds and thereafter, so long as any of said bonds are outstanding, on the first day of each calendar month, there shall be set aside and transferred from the Water Department Revenue Bond Fund to the Bond Service Fund sums in equal aliquot parts for each half year so that at least the full amount required to pay, as it becomes due, the interest on the bonds and any maturity or installment of principal of the bonds shall be set aside in the Bond Service Fund at least one month prior to the date the installment of interest or principal becomes due. Such transfer on the first day of the first calendar month subsequent to the date of delivery must be at least sufficient, together with other transfers of the same amount made on the first day of each calendar month thereafter, to provide in said Bond Service Fund one month prior to the maturity of the first installment of interest the full amount of such interest, and to provide in said Bond Service Fund one month prior to the maturity of the first installment of principal the full amount of such principal. All such sums shall be set aside, transferred to and placed in the Bond

Service Fund in such time that the next maturing installment of interest and principal on the bonds shall be set aside in the Bond Service Fund in cash at least one month prior to the time the maturity or installment of interest or principal becomes due.

Any amounts required to be set aside, transferred to and placed in the Bond Service Fund may be prepaid, in whole or in part, by being earlier set aside, transferred to and placed in the Bond Service Fund, and in that event the monthly transfer, or any part thereof, which has been so prepaid need not be made at the time appointed therefor. In any event, at least one month prior to the due date of any maturity or installment of interest on or principal of such bonds, all sums required for the payment thereof must be in such Bond Service Fund in cash.

Such sums shall be so set aside out of the Water Department Revenue Bond Fund and not out of any other fund or moneys of the City. The Council directs that such sums be so set aside through transfers or payments made in such amounts as may be necessary to comply with this Section.

Money set aside and placed in said Bond Service Fund shall remain therein until from time

to time expended for the payment of such interest and principal, and shall not be used for any other purpose whatever, except that any such money so set aside and placed in said Bond Service Fund which at any time may be in excess of the amount which at that time is required by the terms of this section to be in the Bond Service Fund in cash may be temporarily invested in any authorized negotiable direct obligations of the United States maturing not later than 18 months from the date of investment, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Bond Service Fund in cash at the time required by the terms of this section. All moneys remaining in said Bond Service Fund in excess of the amount required to accomplish the purpose of its establishment shall be transferred to the Water Department Revenue Bond Fund.

The bonds and interest coupons shall recite that they are payable from the Water Department Revenue Bond Fund, but said bonds and coupons, notwithstanding such recital, shall be paid from the Bond Service Fund which is derived from said Water Department Revenue Bond Fund and is a subdivision thereof.

Section 12. Use of Surplus. In any calendar month after the transfer of the amounts required to be paid into the bond service funds and sinking funds, if any, established and maintained for the payment of principal and interest of all outstanding revenue bonds payable out of the revenues of the Water Department, whether heretofore, herein or hereafter issued, have been made and all other covenants of the City contained herein have been duly performed, any balance remaining in said Water Department Revenue Bond Fund (herein sometimes referred to as "surplus") may be used as directed by the Council for any purposes of the Water Department authorized by the Charter and may also be used for the payment of all or any portion of the tax of The Metropolitan Water District of Southern California which the Council may elect to pay out of funds of the City; and out of said surplus there may be transferred as directed by the Council to the General Fund of the City a sum or sums sufficient to repay any moneys paid by the City that year for the redemption of general obligation water bonds and the payment of interest thereon, and also a sum or sums in payment of the reasonable costs of services and facilities furnished to the Water Department by other City departments, and out of said surplus the Council may purchase from time to time on the open market any revenue bonds payable out of the

revenues of the Water Department, whether heretofore, herein or hereafter issued, whether or not subject to call and redemption prior to maturity (irrespective of the maturity or number of such bonds), at such prices and in such manner, either at public or private sale or otherwise, as the Council in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104% of the principal amount thereof, or if the bonds are subject to call and redemption prior to maturity shall not exceed the redemption price on the next interest payment date of the bonds so purchased, and out of said surplus the Council may transfer to the appropriate redemption fund and use for the purpose of calling and redeeming, prior to maturity, any revenue bonds payable out of the revenues of the Water Department, whether heretofore, herein or hereafter issued, which are subject to call and redemption prior to maturity. Surplus moneys in the Revenue Bond Fund may be temporarily invested in any securities in which the City may legally

invest funds subject to its control.

Section 13. Covenants. So long as any of the bonds or interest coupons thereof are outstanding and unpaid or so long as provision for the full payment and discharge thereof at maturity or upon redemption prior to maturity, through the setting apart in the Bond Service Fund or in the Redemption Fund or in a special trust fund to insure the payment or redemption thereof (as the case may be) of money sufficient for that purpose has not been made, the City makes the following covenants with the bondholders which are necessary and desirable to facilitate the issuance and sale of the bonds and for the protection or security of the bondholders; provided, however, that said covenants do not require the City to expend any funds other than revenues of the Water Department.

Covenant 1. Punctual Payment. The City covenants that it will duly and punctually pay or cause to be paid the principal of and interest on every bond issued hereunder, together with the premium thereon, if any be payable, on the date,

at the place and in the manner mentioned in the bonds and coupons and in accordance with this ordinance, and that the payments into the Water Department Revenue Bond Fund and the Bond Service Fund will be made, all in strict conformity with the terms of said bonds and of this ordinance, and that it will faithfully observe and perform all of the conditions, covenants and requirements of this ordinance and all resolutions supplemental thereto and of the bonds issued hereunder, and that time of such payment and performance is of the essence of the City's contract with the bondholders.

Covenant 2. Discharge Claims. The City covenants that in order to fully preserve and protect the priority and security of the bonds the City shall pay from the appropriate fund and discharge all lawful claims for labor, materials and supplies furnished for or in connection with the waterworks which, if unpaid, may become a lien or charge upon the revenues prior or superior to the lien of the bonds and impair the security of the bonds. The City shall also pay from the appropriate fund all taxes and assessments or other

governmental charges lawfully levied or assessed upon or in respect of the waterworks or upon any part thereof or upon any of the revenues therefrom.

Covenant 3. Commence Acquisition and Construction. As soon as funds are available therefor, the City will commence the accomplishment of the purposes for which the bonds are issued and will continue the same to completion with all practical dispatch and in an economical manner.

Covenant 4. Operate Waterworks in Efficient and Economical Manner. The City covenants and agrees to operate the waterworks in an efficient and economical manner and to operate, maintain and preserve the waterworks in good repair and working order.

Covenant 5. Against Sale, Eminent Domain. The City covenants that the waterworks or any substantial part thereof shall not be sold, leased or otherwise disposed of or transferred, unless such sale, lease or other disposition or

transfer be so arranged as to provide for a continuance of payments into the Water Department Fund sufficient in amount to permit transfers to the Water Department Revenue Bond Fund and payment therefrom in full of the principal of and interest on and all premiums, if any, due upon the call or redemption thereof prior to maturity, on all revenue bonds payable out of the revenues of the Water Department, whether heretofore, herein or hereafter issued, or to provide for such payments into some other fund charged with such payments. The revenues shall not be mortgaged, encumbered, sold, leased, pledged, any charge placed thereon, or disposed of or used except as authorized by the terms of this ordinance. The City shall not enter any agreement which impairs the operation of the waterworks or any part thereof necessary to secure adequate revenues to pay the principal of and interest on the bonds or which otherwise would impair the rights of the bondholders with respect to the revenues or the operation of the waterworks.

The City covenants that any amounts received as awards as the result of the taking of all or any part of the waterworks by the lawful exercise of eminent domain, if and to the extent that such right can be exercised against such property of the City, shall either be used for the acquisition and/or construction of improvements and extensions of the waterworks or shall be placed in the appropriate bond service fund or redemption fund and shall be used to pay or call and redeem outstanding revenue bonds payable out of the revenues of the Water Department, whether heretofore, herein or hereafter issued.

Covenant 6. Insurance. The City covenants that it shall at all times maintain with responsible insurers all such insurance on the waterworks as is customarily maintained with respect to works and properties of like character against accident to, loss of or damage to such waterworks. If any useful part of the waterworks shall be damaged or destroyed, such part shall be restored to use. The money collected from insurance against accident to, loss of or

damages to the waterworks shall be used for repairing or rebuilding said waterworks, and to the extent not so applied shall be transferred to the appropriate bond service fund or redemption fund and shall be used to pay or call and redeem outstanding revenue bonds payable out of the revenues of the Water Department, whether heretofore, herein or hereafter issued.

The City shall also maintain with responsible insurers workmen's compensation insurance and insurance against public liability and property damage to the extent reasonably necessary to protect the City and the bondholders.

Covenant 7. Records and Accounts. The City covenants that it shall cause the books and accounts of the Water Department to be audited annually by an independent certified public accountant or firm of certified public accountants and will make available for inspection by the bondholders at the office of the City Clerk and the office of the Treasurer a copy of the report of such accountant or accountants, and will also furnish a copy thereof upon request to any bondholder.

Covenant 8. No Free Service. The City covenants that no water or other service from the waterworks may be furnished or rendered to the United States of America, the State of California, the City, any municipal or public corporation or district or public agency or any private corporation or person free, and that, except to the extent that the City is required under agreements and/or contracts existing on the effective date of this ordinance, no such service shall be rendered to the aforementioned at rates lower than those charged other persons for similar service. No building or other real property of the waterworks and no services of the Water Department shall be furnished free to other departments of the City. The City shall pay into the Water Department Fund the reasonable value of any such services rendered other departments of the City and the reasonable rental value of any property so used. Reasonable and proper charges for services rendered or quarters furnished to the Water Department by other city departments may be paid to the City from surplus. The City covenants that it shall at all times during the period any

of the bonds are outstanding maintain and enforce valid regulations for the payment of bills for water or water service and that such regulations shall at all times during such period provide that the City shall discontinue water service to any user whose water bill has not been paid within the time fixed by said regulations, which shall not be more than two months from the date the water bill became delinquent.

Nothing in this ordinance shall preclude the collection of sewer service charges with and not separately from the water rates of the City, and the Council may provide and covenant that sewer service charges shall be collected with and not separately from the water rates and that sewer service charges and water rates of the City shall be billed upon the same bill and collected as one item and may also provide and covenant that in the event of nonpayment of any part of the bill for the sewer service charge and water rate the water service shall be shut off within such time as may be or shall have been prescribed by the Council.

Covenant 9. Rates and Charges. The City hereby covenants that it shall prescribe and

collect water rates for the use of water and for services from the waterworks system which shall provide revenues at least sufficient to pay, as the same shall become due:

(a) the necessary expenses of operating and maintaining the Water Department,

(b) the principal of and interest on all outstanding revenue bonds payable out of the revenues of the Water Department, including premiums, if any, due upon the redemption of any thereof prior to maturity, and including all payments required to be made into the Bond Service Fund and into reserve and sinking funds, if any, for said revenue bonds or any thereof, and

(c) all other obligations and indebtedness payable out of said revenues.

Covenant 10. No Priority for Additional Bonds. The City covenants that no bonds shall be issued pursuant to Section 90.1 or under any other provision of the Charter or under any other law, having any priority in payment of principal or interest out of the revenues of the Water Department over any revenue bonds heretofore, herein or hereafter issued and payable out of such revenues.

Covenant 11. Limits on Additional Debt.

The City covenants and agrees that (except for bonds issued to refund revenue bonds payable out of the revenues of the Water Department) no additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the revenues of the Water Department and ranking on a parity with these bonds shall be created or incurred unless:

First: The amount transferred to the Water Department Revenue Bond Fund (hereinafter in this covenant sometimes referred to as "net revenues"), shown by the books of the City for the latest fiscal year or the last completed 12 month period ended prior to the incurring of such additional indebtedness with respect to which such books have been examined and reported upon by an independent certified public accountant or firm of certified public accountants employed by the City, plus, at the option of the City, either or all of the items hereinafter in this Covenant 11 designated (a) and (b), shall have amounted to at least 1.25 times the maximum amount required to be paid in any fiscal year thereafter on account of interest and principal coming due on all revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the revenues of the Water Department

outstanding immediately subsequent to the incurring of such additional indebtedness.

The items either or all of which may be added for the purpose of applying the restriction contained in this Covenant 11 are the following:

(a) An allowance for net revenues from any additions to or improvements or extensions of the waterworks to be made with the proceeds of such additional indebtedness, and also for net revenues from any such additions, improvements or extensions which have been made from moneys from any source but which, during all or any part of such fiscal year or last completed 12 month period, were not in service, all in an amount equal to 90% of the estimated additional average annual net revenues to be derived from such additions, improvements and extensions for the first 36 month period in which each addition, improvement or extension is respectively to be in operation, all as shown by the certificate or opinion of a qualified independent engineer employed by the City.

(b) An allowance for earnings arising from any increase in water rates which has become effective prior to the incurring of such additional

indebtedness but which, during all or any part of such fiscal year or last completed 12 month period, was not in effect, in an amount equal to 90% of the amount by which the net revenues would have been increased if such increase had been in effect during the whole of such fiscal year or last completed 12 month period, as shown by the certificate or opinion of a qualified independent engineer employed by the City.

Section 14. Investments. Obligations purchased as an investment of moneys in any funds which are herein authorized to be invested shall be deemed at all times to be a part of such funds and any profit realized from the investment shall be credited to such funds and any loss resulting from such investment shall be charged to such funds and the interest accruing thereunder shall be credited to such funds. The City shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from such funds. For the purpose of determining at any given time the balance in any such fund any such investment constituting a part of such fund

shall be valued at the then estimated or appraised market value of such investment.

Section 15. Lost, Stolen, Destroyed or Mutilated Bonds. In the event that any bond or any interest coupon pertaining thereto is lost, stolen, destroyed or mutilated, the City will cause to be issued a new bond or coupon similar to the original to replace the same in such manner and upon such reasonable terms and conditions, including the payment of costs and the posting of a surety bond if the City deems such surety bond necessary, as may from time to time be determined and prescribed by resolution. The City may authorize such new bond or coupon or coupons to be signed and authenticated in such manner as it determines in said resolution.

Section 16. Cancellation of Bonds. All bonds and coupons surrendered to any fiscal agent of the City for payment upon maturity or for redemption prior to maturity shall upon payment therefor be cancelled immediately and forthwith transmitted to the Treasurer of the City. All of the bonds and interest coupons surrendered to the Treasurer for payment or redemption shall upon payment therefor be cancelled immediately. Any bonds purchased by the City from surplus as authorized by Section 12 hereof, together with all unpaid coupons pertaining thereto, shall be cancelled forthwith and shall not be re-issued. All of the cancelled bonds and interest coupons shall remain in the custody of the Treasurer until destroyed pursuant to due authorization.

Section 17. Consent of Bondholders. The consents of bondholders provided for in this section shall relate solely to the amendment, waiver or modification of the covenants specified in Section 17 hereof and shall not be effective to waive or modify any other provisions of this ordinance or any other proceedings for the issuance of said bonds. Any act relating to the amendment, waiver or modification of any of the said covenants consented to by bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of bonds, if any, owned by the City, shall be binding upon the holders of all of the bonds and interest coupons, whether such coupons be attached to bonds or detached therefrom, and shall not be deemed an infringement of any of the provisions of this ordinance or of said Charter or section 90.1 thereof, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this ordinance, and after such consent relating to such specified matters has been given, no bondholder or holder of any interest coupon, whether attached to a bond or detached therefrom, shall have any right or interest to object to such action or in any manner to question

the propriety thereof or to enjoin or restrain the City or any officer thereof from taking any action pursuant thereto.

No such amendment, waiver or modification shall be made which will permit (a) a change in the maturity or term of redemption of the principal of any bond or any installment of interest thereon; (b) a reduction in the principal amount of or redemption price or redemption premium or rate of interest upon any bond without the consent of the holder of such bond; or (c) a reduction of the percentage of the principal amount of bonds the vote or consent of which is required to effect any such amendment.

(a) Calling Bondholders' Meeting. If the City shall desire to obtain any such consent the Council thereof shall call a meeting of bondholders, by resolution, for the purpose of considering the action, the consent to which is desired.

(b) Notice of Meeting. Notice specifying the purpose, place, date and hour of such meeting shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days and not more than ninety (90) days prior to the date fixed for the meeting. Such notice shall set forth the nature of the proposed action, consent to which is desired. If any of the bonds shall be so registered as to be payable otherwise than to bearer, the City Clerk shall, on or before the first publication of such notice, mail a similar notice, postage prepaid, to the respective registered owners thereof at their

addresses appearing on the bond registry books. The place, date and hour of holding such meeting and the date or dates of publishing and mailing such notice shall be determined by the City, in its discretion.

The actual receipt by any bondholder of notice of any such meeting shall not be a condition precedent to the holding of such meeting, and failure to receive such notice shall not affect the validity of the proceedings thereat. A certificate by the City Clerk, approved by resolution of the Council of said City, that the meeting has been called and that notice thereof has been given as herein provided shall be conclusive as against all parties and it shall not be open to any bondholder to show that he failed to receive notice of such meeting.

(c) Voting Qualifications. Any bondholder may, prior to any such meeting, deliver his bond or bonds to any agency designated by the City for the purpose, and shall thereupon be entitled to receive an appropriate receipt for the bond or bonds so deposited, calling for the redelivery of such bond or bonds at any time after the meeting. The Treasurer of the City shall prepare and deliver to the Chairman of the meeting a list of the names and addresses of the registered owners of bonds, with a statement of the maturities and serial numbers of the bonds held and deposited by each of such bondholders, and no bondholder shall be entitled to vote at such meeting

unless his name appears upon such list or unless he shall present his bond or bonds at the meeting or a certificate of deposit thereof, satisfactory to the City, executed by a bank or trust company. No bondholder shall be permitted to vote with respect to a larger aggregate principal amount of bonds than is set against his name on such list, unless he shall produce the bonds upon which he desires to vote, or a certificate of deposit thereof as above provided.

(d) Issuer-owned Bonds. The City covenants that it will present at the meeting a certificate, signed and verified by one member of the Council and by the Treasurer of the City stating the maturities and serial numbers of all bonds owned by, or held for account of, the City, directly or indirectly. No person shall be permitted at the meeting to vote or consent with respect to any bond appearing upon such certificate, or any bond which it shall be established at or prior to the meeting is owned by the City, directly or indirectly, and no such bond (in this ordinance referred to as "issuer-owned bond") shall be counted in determining whether a quorum is present at the meeting.

(e) Quorum and Procedure. A representation of at least sixty per cent (60%) in aggregate

principal amount of the bonds then outstanding (exclusive of bonds, if any, owned by the City) shall be necessary to constitute a quorum at any meeting of bondholders, but less than a quorum may adjourn the meeting from time to time, and the meeting may be held as so adjourned without further notice, whether such adjournment shall have been had by a quorum or by less than a quorum. The City shall, by an instrument in writing, appoint a temporary chairman of the meeting, and the meeting shall be organized by the election of a permanent chairman and a secretary. At any meeting each bondholder shall be entitled to one vote for every \$1,000 principal amount of bonds with respect to which he shall be entitled to vote as aforesaid, and such vote may be given in person or by proxy duly appointed by an instrument in writing presented at the meeting. The City, by its duly authorized representative, may attend any meeting of the bondholders, but shall not be required to do so.

(f) Vote Required. At any such meeting held as aforesaid there shall be submitted for the consideration and action of the bondholders a statement of proposed action, consent to which is desired, and if such action shall be consented to and approved by bondholders holding at least sixty per cent (60%)

in aggregate amount of the bonds then outstanding (exclusive of issuer-owned bonds) the chairman and secretary of the meeting shall so certify in writing to the City, and such certificate shall constitute complete evidence of consent of bondholders under the provisions of this ordinance. A certificate signed and verified by the chairman and the secretary of any such meeting shall be conclusive evidence and the only competent evidence of matters stated in such certificate relating to proceedings taken at such meeting.

Section 18. Bond and Coupon Forms. Said bonds shall be payable to bearer, shall be issued in negotiable form and shall be negotiable, and the form of said bonds and the interest coupons thereof shall be substantially as follows:

UNITED STATES OF AMERICA
STATE OF CALIFORNIA
THE CITY OF SAN DIEGO
WATERWORKS REVENUE BOND, ELECTION 1958
SERIES B

No. _____ \$1,000

THE CITY OF SAN DIEGO (hereinafter sometimes called "City"), a municipal corporation situated in the County of San Diego, State of California, FOR VALUE RECEIVED, hereby promises to pay to bearer, on _____, 19____, out of the Water Department Revenue Bond Fund and not out of any other fund or moneys of the City, upon presentation and surrender of this bond, the sum of ONE THOUSAND DOLLARS, with interest thereon at the rate of _____ per cent (_____) per annum, payable semiannually on the first days of _____ and _____ of each and every year from the date hereof until this bond is paid,

upon presentation and surrender of the respective interest coupons hereto attached; provided, however, that if at the maturity date of this bond, or if the same is callable and redeemable prior to maturity and shall be duly called for redemption and at the redemption date funds are available for the payment or redemption thereof, as provided in the ordinance hereinafter mentioned, this bond shall then cease to bear interest. Both principal and interest and any premium upon the redemption hereof are payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said City, or, at the option of the holder hereof, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

This bond does not constitute an indebtedness of The City of San Diego but is an obligation payable, principal and interest, and premiums, if any, upon the redemption thereof, only from a special fund which shall consist of such revenues of the Water Department of said City as are in excess of the amount needed to operate and maintain the Water Department (and said special fund is presently designated and is herein called the "Water Department Revenue Bond Fund"); provided, however, that the foregoing statement shall not preclude the payment or redemption of this bond, if it is subject

to call and redemption prior to maturity, from the proceeds of refunding bonds, or the payment hereof from premium and accrued interest, if any, obtained upon the sale of the series of bonds of which this is one.

This is one of the second series of a duly authorized issue of bonds of the City, the bonds of which series are designated "Waterworks Revenue Bonds, Election 1958, Series B" (herein sometimes called "bonds" and any one of which may be called a "bond"), all of which have been issued pursuant to amended Section 90.1 of the Charter of said City (herein sometimes called the "Charter"). The terms and conditions of the bonds are provided for by the ordinance of said City designated Ordinance No.

_____ (hereinafter sometimes called "ordinance") and by acceptance hereof the holder of this bond and the coupons hereto attached assents to said terms and conditions. In the manner provided in said ordinance certain of said terms and conditions may be amended, waived or modified with the consent of bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of issuer-owned bonds. Said ordinance, this bond and the coupons thereof are to be construed in accordance with the laws of the State of California.

Unless this bond matures on or prior to _____, 19____, it is callable and redeemable

prior to maturity in accordance with the provisions for redemption endorsed hereon.

This bond and the coupons hereto attached are negotiable instruments and shall be negotiable by delivery. This bond may be registered either as to principal only or as to both principal and interest in accordance with the provisions for registration endorsed hereon.

IT IS HEREBY CERTIFIED AND RECITED that any and all acts, conditions and things required to exist, to happen and to be performed precedent to and in the incurring of the indebtedness evidenced by this bond and in the issuance of this bond, exist, have happened, and have been performed in due time, form and manner, as required by the Constitution and statutes of the State of California, and the Charter of The City of San Diego, and that this bond, together with all other indebtedness of the City pertaining to the aforesaid Water Department, is within every debt and other limit prescribed by the Constitution and statutes of the State of California and the Charter and ordinances of the City.

IN WITNESS WHEREOF, The City of San Diego has caused this bond to be signed by the Mayor and the Treasurer of said City, by their facsimile signatures, countersigned by the City Clerk of said City, and sealed with the corporate seal of said

PROVISIONS FOR REGISTRATION

This bond may be registered in the name of any person as the registered owner hereof, either as to principal only or as to both principal and interest, and, if registered in either of said forms may be changed to registration in the other of said forms or discharged from registration. Each registration, transfer after registration, change of form of registration, or discharge from registration of this bond shall be entered by the Treasurer of the City of San Diego in books kept by him for the purpose and noted by him in the registration blank below. Registration as to principal only shall not affect the negotiability by delivery of the coupons pertaining hereto. Upon registration as to both principal and interest, all unmatured coupons pertaining hereto shall be surrendered to the Treasurer and may be preserved or cancelled in his discretion. So long as this bond is registered no transfer hereof shall be valid for any purpose

unless made by the registered owner and entered and noted as herein provided, and the principal hereof and any redemption premium shall be payable only to the registered owner, or to his order. Interest on this bond, if registered as to both principal and interest, shall be payable to the person whose name appears upon the registry books as the registered owner hereof at the close of business on the tenth day preceding the interest payment date, or to his order. If this bond is registered as to both principal and interest and its registration is changed to registration as to principal only, or if it is discharged from registration, there shall be attached hereto coupons representing interest hereon to become due thereafter to the date of maturity hereof. In lieu thereof, and upon surrender and cancellation hereof, the Treasurer in his discretion may issue in exchange therefor a new bond, with such coupons attached, identical with this bond, except for the previous notations on the registration blank hereon, and except that the signatures on the new bond shall be those of the persons holding the offices at the time of affixing such signatures. The issuance of any such new bond or new coupons shall be at the expense of the registered owner.

Each discharge hereof from registration shall be effected by an entry on the registry books, and a notation in the blank below, that this bond is payable to bearer, whereupon this bond shall become an unregistered bearer instrument, negotiable by delivery as if it had never been registered. Each request for registration, transfer, change or discharge must be in form satisfactory to the Treasurer and must be made in writing, signed by the registered owner, or by his agent duly authorized in writing, or by the bearer, as the case may be.

AN ORDINANCE OF THE CITY OF SAN DIEGO PROVIDING FOR THE ISSUANCE OF \$5,000,000 WATERWORKS REVENUE BONDS, ELECTION 1958, SERIES B, AND FIXING THE TERMS AND CONDITIONS THEREOF.

WHEREAS, The City of San Diego, a municipal corporation, operating under the provisions of a franchise charter, owns and operates waterworks and has under and pursuant to Ordinance No. 402 (New Series) adopted February 8, 1955, in exercise of the power provided by Section 90.1 of said Charter, issued \$4,000,000 Waterworks Revenue Bonds, Election 1955, dated May 1, 1955, and payable in consecutive numerical order \$200,000 on May 1 of each year from May 1, 1956, to May 1, 1975, and

WHEREAS, on June 2, 1958, a majority of the qualified voters voted thereon in favor thereof and ratified an amendment to said Section 90.1 and said amendment was thereafter approved by the Legislature of the State of California and filed with the Secretary of State; and

WHEREAS, said Section 90.1, as amended, provides in subdivision 4(a) thereof as follows:

(a) To provide money for the acquisition and construction of additions to and extensions and improvements of the waterworks of the City and the reconstruction and replacement of parts of such waterworks and the acquisition of all lands, easements, rights and property necessary for such purposes, the Council may issue, in one issue or in separate issues or series from time to time, under this section, revenue bonds not to exceed \$11,000,000 in total principal amount. All waterworks revenue bonds in excess of said sum of \$11,000,000 shall be authorized by proceedings taken in the manner hereinafter provided in paragraph (b) of this subdivision.

AND WHEREAS, of said total principal amount of \$11,000,000 authorized in said Charter amendment, under and pursuant to Ordinance No. 8105 (New Series), \$6,000,000 thereof have been issued as Waterworks Revenue Bonds, Election 1958, Series A, dated June 1, 1959, and payable in consecutive numerical order, \$250,000 on June 1 in each of the years 1960 and 1961, \$120,000 on June 1 in each of the years 1962 and 1963, and \$210,000 on June 1 in each of the years 1964 to 1968, and the Council is herein providing for each of the remaining \$5,000,000 of said authorized amount as the issuance of a remaining \$5,000,000 of said authorized amount as Series B ranking on a parity with the bonds of said Series A;

NOW THEREFORE, by the Council of the City of San Diego as follows:

BE IT ORDAINED By the Council of the City of San Diego as follows:

Section 1. Definitions. Unless the context otherwise requires, the following terms shall have the following meanings:

(a) "City" means The City of San Diego.

(b) "Council" means the Council of said City.

(c) "Charter" or "City Charter" means the Charter of The City of San Diego referred to in the recitals hereof.

(g) "Water rates" means rates, tolls or charges for water or for service by the waterworks or any part thereof.

(h) "Revenues" includes all moneys received from rates, tolls or charges for water or for service from the waterworks or any part thereof, and all other income and receipts derived from the use thereof, or of the waterworks or any part thereof, or otherwise of or operation of the waterworks or any part thereof, or any other arising from the Water Department, and includes interest on all income of the Water Department, and includes interest on all funds derived from or established for the waterworks. Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest and any premiums upon the redemption thereof prior to maturity, only from a special fund, to wit: the "Water Department Revenue Bond Fund," provided, however, that this shall not preclude the payment or redemption of such bonds as are subject to call and redemption prior to maturity from the proceeds of refunding bonds issued to refund said revenue bonds or (2) the use of accrued interest bonds for the payment of principal thereof. Delivery of said revenue bonds for the payment of principal and interest thereon shall be or become an obligation chargeable to the Water Department Revenue Bond Fund, and shall be enforceable against any of the revenues of the City or other revenues of the City except the revenues in the Water Department Revenue Bond Fund. Nothing in this Ordinance shall preclude the issuance, subject to the limitations in the covenants in Section 13 hereof, of additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the revenues of the Water Department and ranking on a parity with these bonds.

No bond shall be deemed to be outstanding and unpaid within the meaning of this Ordinance if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund or other trust fund created to insure the payment or redemption thereof.

Section 3. Description of Bonds. Said bonds shall be in the principal amount of \$5,000,000, shall be 5 1/8% in number, numbered 1 to 5,000, inclusive, and shall be of the denomination of \$1,000 each. Said bonds shall be designated WATERWORKS REVENUE BONDS, ELECTION 1958, SERIES B, shall be dated March 1, 1961, and shall be payable in consecutive numerical order on March 1 in each year of maturity in the amounts for each of the several years as follows:

Years of Maturity, Inclusive	Principal Amount per Year
1962-1965	\$120,000
1966-1975	\$210,000
1976-1991	\$170,000

Section 4. Interest. Said bonds shall bear interest at a rate or rates to be hereafter fixed by resolution or resolutions, but not to exceed six per cent (6%) per annum, payable semiannually on the 1st days of March and September of each year. Each bond shall bear interest until the principal sum thereof has been paid, provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for the redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this ordinance, said bond shall then cease to bear interest. Said bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of the City of San Diego, in said city, or, at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. Execution of Bonds. The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all said bonds by their printed, lithographed or engraved facsimile signature, and the City Clerk of the City is hereby authorized and directed to countersign said bonds and to affix thereto the corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. Registration. Said bonds may be registered either as to principal only or as to both principal and interest, and the form of registration of any registered bond may be changed, or any registered

THE CITY OF SAN DIEGO (hereinafter sometimes called "the City")
a municipal corporation situated in the County of San Diego,
State of California, FOR VALUE RECEIVED, hereby promises to
pay to bearer, on demand, out of the Water Department Revenue

upon presentation and surrender of this bond, the sum of ONE THOUSAND
DOLLARS, with interest thereon at the rate of five per cent
per annum, payable semiannually on the first days of
January and July of each and every year from the date hereof until this
bond is paid, upon presentation and surrender of the respective interest
coupons hereto attached; provided, however, that if at the maturity
date of this bond, or if the same is callable and redeemable prior
to maturity and shall be duly called for redemption and at the
maturity date funds are available for the payment or redemption

This bond does not constitute an indebtedness of The City of San Diego but is an obligation payable principal and interest, and interest, if any, upon the redemption thereof, only from the Water Department Revenue Bond Fund which shall consist of such revenues of the City of San Diego as are in excess of the amount needed to operate and maintain the Water Department (and said special fund is hereby designated and is herein called the "Water Department Revenue Bond Fund"); provided, however, that the foregoing statement shall not preclude the payment or redemption of this bond, if it is subject to call and redemption prior to maturity, from the proceeds of any other fund or moneys of the City of San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

THIS IS HEREBY CERTIFIED AND RECITED that any and all conditions and things required to exist, to happen and to be performed hereunder and in the incurring of the indebtedness evidenced by this bond and in the issuance of this bond, exist, have happened, and have been performed in due time, form and manner as required by the Constitution and statutes of the State of California and the Charter of The City of San Diego, and that this bond, together with all other indebtedness of the City pertaining to the said Water Department, is within every debt and other limit prescribed by the Constitution and statutes of the State of California and the Charter and ordinances of the City.

IN WITNESS WHEREOF, The City of San Diego has caused this bond to be signed by the Mayor and the Treasurer of said City by their facsimile signatures, countersigned by the City Clerk of said City, and sealed with the corporate seal of said City, and the interest coupons hereto attached to be signed by the Treasurer of said City by his facsimile signature, and has caused this bond to be dated the first day of 1919.

OF

ORDINANCE NO. 8414
(New Series)

AN ORDINANCE AMENDING SECTIONS 26.68, 26.69
AND 26.70 OF THE SAN DIEGO MUNICIPAL CODE
RELATING TO THE SAN DIEGO CITY-COUNTY CAMP
COMMISSION.

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Section 26.68 of the San Diego Municipal
Code, be, and the same is hereby amended to read as follows:

"SEC. 26.68 SAN DIEGO CITY-COUNTY CAMP
COMMISSION--FISCAL PROCEDURES

(a) BUDGET. The Commission shall annually prepare
and submit to the Board and the Council for approval an
itemized estimate of anticipated revenue and expenditures
at the times and in accordance with the procedure prescribed
by law for the preparation of the County budget.

(b) CITY-COUNTY APPROPRIATIONS AND THEIR EXPENDITURE.
Such portion of the revenue received by the Commission from
County and City funds shall be appropriated in the respective
budgets of the County and the City; and such appropriation
by the County shall be conditioned upon a like sum being
appropriated by the City. Unless otherwise provided by
concurrent resolution of the Board and the Council, all funds
appropriated in the budgets of the City and the County for
expenditure by the Commission shall be expended only for
acquisition of real property by lease or purchase, (including
camp sites,) construction of new camping facilities, (including
plans and related costs,) acquisition of non-recreational and
headquarters equipment, maintenance and supplies for the
headquarters office, and for the payment of salaries and
wages, retirement and insurance costs for compensated County
employees assigned to the headquarters office, it being under-
stood that the City and the County by so limiting the

expenditure of their appropriations do not thereby bind themselves to provide the full amount necessary for the indicated purposes, and will not, in any event, pay for headquarters costs in excess of 15 per cent of the total of the expenditures for the operation and maintenance of all City-County camps exclusive of headquarters and camp site acquisition costs. The Council, the Board and their respective budgetary officers shall provide sufficient detail in the City and County budgets to permit the allocation of expenditure appropriations to these general purposes; where specific items of expenditure may be allocable to more than one such purpose or where their allocation may be uncertain, the allocation shall be determined by the joint action of the City's Manager and the County's Chief Administrative Officer. The Auditor shall develop and prescribe such accounting procedures as are required to insure that expenditure of the City's and County's appropriations whether current or surplus is made in accordance with the provisions of this ordinance.

(c) FUNDS. There are created in the office of the County Treasurer two special funds to be known as the San Diego City-County Camp Commission Camping Fund and the San Diego City-County Camp Commission Trust Fund. All revenue received for expenditure for the maintenance and operation of all City-County camps, including, but not limited to, all campers' fees, shall be deposited in and expended from said Camping Fund; all conditional gifts received by the Commission shall be deposited in and expended from said Trust Fund and said fund shall also be used for the temporary deposit of receipts of uncertain allocation. Both funds shall be maintained and accounted for in accordance with

applicable provisions of the County Charter, County ordinances and regulations, and general law. For the purpose of providing money in said Camping Fund for the maintenance and operation of the camps prior to the receipt of campers' fees and other revenue, the City and/or the County may temporarily transfer any available money to said fund; any such temporary transfer shall be returned to the agency or agencies making the transfer when assets in said Camping Fund are sufficient for current operation. Expenditures for other purposes itemized in Section 26.68(b) above shall be made directly from the County's budget appropriations and reimbursement by the City of its share thereof shall be made monthly or at other regular intervals in arrears in accordance with a procedure to be developed and prescribed by joint action of the Auditor and the City Auditor and Comptroller; no appropriation for acquisition of real property by lease or purchase, including camp sites, construction of new camping facilities or for non-recreational equipment shall be used for maintenance and operation of any City-County Camp or for any headquarters' costs except by concurrent authorization of the Council and the Board. The County Treasurer shall exercise custody of such funds in the manner and under the restrictions and regulations provided by law for County funds and the Auditor shall exercise such supervision and control over said funds as he exercises over County funds.

(d) EXPENDITURES FOR CAMP OPERATIONS. It is the intention of the Council and the Board that all costs for the maintenance and operation of all City-County camps, exclusive of headquarters' costs, be met by fees, subvention gifts and grants. It is recognized, however, that currently these costs are not so met and that a period of adjustment

may be necessary; accordingly, the Council and the Board may, by mutual consent, at any time on or before June 30, 1963, appropriate general fund money of the City and the County to the San Diego City-County Camp Commission Camping Fund to supplement other receipts of that fund for camp operational costs.

(e) SURPLUS FROM PRE-EXISTING FUNDS. All surplus funds and unexpended appropriations remaining in the San Diego City-County Camp Commission Operating Fund on the effective date of this amendment are transferred to the San Diego City-County Camp Commission Camping Fund; all surplus funds and unexpended appropriations in the San Diego City-County Camp Commission Administration and Maintenance Fund and the San Diego City-County Camp Commission Capital Outlay Fund on said effective date are transferred to the appropriate accounts in the County Budget for expenditure for the purposes itemized in Section 26.68(b) above other than for maintenance and operation of camps, except that appropriate funds remaining in said Administration and Maintenance Fund may be transferred to said Camping Fund to supplement that fund during the current fiscal year."

Section 2. That Section 26.69 of the San Diego Municipal Code, be, and the same is hereby amended to read as follows:

"SEC. 26.69 SAN DIEGO CITY -COUNTY CAMP COMMISSION--
PURCHASES

The Purchasing Agent shall act as the Purchasing Agent for the Commission and all purchases by the Commission shall be made pursuant to applicable provisions of the County Charter and Administrative Code."

Section 3. That Section 26.70 of the San Diego Municipal Code, be, and the same is hereby amended to read as follows:

"SEC. 26.70 SAN DIEGO CITY-COUNTY CAMP COMMISSION--
RATIFICATION BY COUNTY

These provisions shall become inoperative unless the Board shall within 10 days from the effective date of these provisions consent to and accept all of the terms and conditions of the agreement incorporated herein by the adoption of substantially identical provisions."

Section 4. A violation of any provision or the failure to comply with any of the requirements established by this Ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than \$500.00 or by imprisonment in the City jail for a period of not more than six months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

Section 5. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

(2) If one of the candidates is employed by the City and the others are not, the City employee shall be given preference.

his examination, and, if successful, of his final average score and his relative position on the eligible list, which shall be subject to meeting the City's medical standards for employment and acceptance of police record, if any. In open series examinations, eligibility will be determined first by the final average scores of eligibles without reference to the date they qualified in the examination, except as consideration of such date is necessary to break tied scores."

All applications and examination papers are the property of the Commission and shall be treated as confidential records. Any candidate may review his examination papers within a 30-day period after receiving notice of the result of the examination. The scoring by the examiners shall be deemed prima facie correct. No examination paper or any part thereof, or any statement rated as part of the examination in connection therewith, shall be subject to alteration, addition, or emendation by the applicant, or to re-marking, except that the Commission may correct any manifest error in scoring."

Applications and examination papers of eligibles who attained the highest final average in each examination shall be preserved at least 5 years, together with the final marking sheets containing the grades of all candidates who competed in the examinations. After the expiration of the eligible lists, applications and examination papers of all other eligibles or candidates may be destroyed."

Section 17. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. AN ORDINANCE ADOPTING AN AMENDMENT TO RULE XI OF THE CIVIL SERVICE RULES OF THE CITY OF SAN DIEGO, AMENDING SECTION 23.1204 OF THE SAN DIEGO MUNICIPAL CODE RELATING TO PROCEDURE FOR REMOVAL AND APPEAL.

WHEREAS, the Civil Service Commission of The City of San Diego has recommended to the City Council that Rule XI of the Civil Service Commission, which rule is codified as Article 3, Division 12 of the San Diego Municipal Code, should be amended; and

WHEREAS, pursuant to the provisions of Section 118 of the Charter of The City of San Diego, the City Council held a public hearing upon the recommended amendment to said Rule XI on the 26th day of January, 1961; and

WHEREAS, this Council is of the opinion that it will be in the best interests of the City and its citizens that the proposed amendment be adopted; NOW, THEREFORE,

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. That Section 4 of Rule XI of the Rules of the Civil Service Commission and Section 23.1204 of the San Diego Municipal Code be, and the same are hereby amended to read as follows:

"SEC. 23.1204 PROCEDURE FOR REMOVAL AND APPEAL:
(Section 4. Rules of the Civil Service Commission)

(1) REQUIRED NOTICE: Written notice of removal given to any officer or employee, or written notice left at or mailed to his usual place of residence, shall be sufficient to put any such removal into effect, and the officer making the removal shall notify the Commission forthwith. The employee shall be advised of his appeal rights.

(2) APPEAL PROCEDURE: If the person so notified wishes to appeal his removal, he shall within five days after such notice make a written demand to the Civil Service Commission for a written statement of the reasons therefor and the right to be heard before the Commission. Upon receiving said statement of the reasons for removal, the employee, if he wishes to pursue his appeal before the Commission, shall submit a written confirmation of his demand for appeal to the Commission within thirty days after his notice of removal.

- (a) Failure of the employee to submit said written confirmation to the Commission within thirty days after the date of his notice of removal shall constitute automatic withdrawal of the appeal and forfeiture of all rights to a hearing in the case before the Commission.
- (b) The employee may, at any time, withdraw his appeal to the Commission. Such withdrawal may be either by written request prior to the public hearing, or may be made orally by the employee at or during the time of public hearing.
- (c) Any employee who has appealed to the Commission for a public hearing and who fails to make an appearance at the hearing either in person or through his attorney after having received notice of the time and place for such hearing may be deemed to have abandoned his appeal. In the event of such failure to appear, the appointing authority or his attorney may move the Commission to dismiss the appeal. The Commission shall have the discretion to grant or to deny such motion.

(3) ADMINISTRATIVE REPLY: Upon proper demand, the appointing authority shall immediately supply the employee and the Commission with a written statement of the reasons for removal.

(4) CONDUCT OF HEARING: With the fulfillment by the employee of the above appeal procedure, the Commission shall fix a time and place for a public hearing.

(a) The employee under charges shall be given an opportunity to produce witnesses, to be heard in his own defense, and to be represented by counsel. The appointing authority shall have the same rights.

(b) The proceedings shall be as informal as is compatible with the requirements of justice, and the Commission need not be bound by the common law or statutory rules of evidence and procedure, but may make inquiry in the matter through oral testimony and records presented at the hearing, which is best calculated to ascertain the substantial rights of the parties and to carry out justly the spirit and provisions of the Charter. The testimony taken at the hearing shall be under oath and shall be recorded by a reporter.

(c) The Commission shall have the power to subpoena and require the attendance of witnesses and the production of pertinent documents, and to administer oaths and, if necessary, to continue the hearing from time to time.

(5) ORDER OF PROOF: The order of proof in any hearing of complaint shall be as follows:

- (a) The appointing authority shall present the evidence in support of the charges.
- (b) The employee shall then produce such evidence as he may wish to offer in his defense.
- (c) The parties in interest may then offer rebuttal evidence.

(6) FINDINGS AND DECISIONS: The Commission shall report its findings and decisions to the appointing authority responsible for the removal. Thereupon, said appointing authority shall make such final disposition of the matter as may be determined by the Commission. The Commission may at its discretion:

- (a) Order the restoration of the employee to his job without loss of pay, or with reduced pay during the period between the filing of the charges and the making of the order.
- (b) Order the demotion of the employee to a class for which a lower maximum rate of compensation is prescribed.
- (c) Order the removal of the employee from the position; provided, that in case of such removal the Commission may at its discretion put the name of the employee on the eligible list for the class for certification when a vacancy occurs in some other department.

The decision of the Civil Service Commission in any such case shall be final. A copy of the written statement of reasons given for any removal, and a copy of any written reply thereto by the officer or employee involved, together with a copy of the decision of the Commission, shall be filed as a public record in the office of the Civil Service Commission."

Section 2. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than \$500.00 or by imprisonment in the City Jail for a period of not more than six months, or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

The Council shall have the right to reject any and all bids herein provided for.

Real property belonging to the City may be put up for sale upon recommendation of the City Manager approved by the City Council, or at the request of any person desiring to purchase City property.

Any person making such request for sale of City property shall concurrently therewith deposit with the City an amount of money designated by the Property Supervisor as sufficient to cover all costs pertaining to the sale, including the cost of a title report and as a guarantee that the depositor will be at the sale, in the case of sale by auction, or will submit a sealed bid, and will bid not less than the minimum amount fixed by the Council, pursuant to subdivision (c) of Section 22.0902. Said deposit shall be in the form of a certified check or a cashier's check, and delivered to the Property Supervisor who shall make disposition thereof as hereinafter provided.

In the event said person becomes the actual purchaser of the property at the sale held pursuant to his request, the Property Supervisor shall place said sum to be deposited in the City treasury, and the same shall be applied on the purchase price; provided, however, that if the City does not have a merchantable title to such real property or if at the sale the same has been sold at a higher price than that bid by such depositor the City Council shall by resolution direct the Property Supervisor to return said deposit to the person from whom the same was received; provided further, that if at the

In the case of sale by sealed bids, such bids must be accompanied by certified check or cashier's check in an amount not less than 10 per cent of the bid; the amount so deposited shall be applied on the purchase price of the bid. In case of a combination of sealed bids and public auction there shall first have been deposited with the City by one or more certified checks or cashier's checks an amount not less than ten per cent (10%) of the combined bid before it can be accepted. In any case the unpaid balance shall be due and payable

(New Series)

**AN ORDINANCE OF THE CITY OF SAN DIEGO PROVIDING FOR THE
ISSUANCE OF \$42,500,000 SEWER REVENUE BONDS, 1961, AND
FIXING THE TERMS AND CONDITIONS THEREOF.**

WHEREAS, The City of San Diego, a municipal corporation operating under the provisions of a freeholders' charter, owns and operates a sewer system; and

WHEREAS, under Section 90.2 of said Charter the Council is authorized to issue in one issue or in separate issues or series from time to time, revenue bonds in total principal amount not to exceed \$42,500,000 to provide money for the purpose set forth in Subsection 2 of said Section 90.2, to wit:

and

WHEREAS, the Council has not issued any of said total principal amount of \$42,500,000 authorized in said Charter and is herein providing for the issuance of said total thereof;

NOW, THEREFORE,

Section 2. Amount, Issuance, Purpose and Nature of Bonds. The Council hereby provides for and orders the issuance of \$42,500,000 revenue bonds under said Section 90.2 to provide money for the objects and purposes set forth in Subsection 2 thereof, heretofore quoted in the recitals hereof. Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest, and any premiums upon the redemption thereof prior to maturity, only from the Sewer Revenue Fund; provided, however, that the cost of maintenance and operation of the sewer system (and only such cost) shall be payable from the Sewer Revenue Fund prior to the payment of principal and interest of the revenue bonds or the setting aside in the Bond Service Fund, the Sinking Fund, the Redemption Fund, the Reserve Fund (all as hereinafter provided for), or other fund, monthly or otherwise, of funds therefor; and provided, further, however, that this shall not preclude the payment or redemption of such bonds as are subject to call and redemption prior to maturity from the proceeds of refunding bonds issued to refund said revenue bonds, or the use of accrued interest and premiums paid upon the sale and delivery of the revenue bonds for the payment of principal thereof or interest thereon, or the payment out of the proceeds of any bonds of the whole or a part of the interest accruing on said bonds during the period of acquisition and construction of the work to be paid for out of such proceeds and for the first six months thereafter. No revenue bond issued hereunder or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of said City except such revenues as are required under the provisions of said Section 90.2 to be paid into the Sewer Revenue Fund.

3-30-61

Nothing in this Ordinance shall preclude the issuance, subject to the limitations in the covenants in Section 14 hereof, of additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of said revenues and ranking on a parity with these bonds.

No bond shall be deemed to be outstanding and unpaid within the meaning of this Ordinance if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund or other trust fund created to insure the payment or redemption thereof.

Section 3. **Description of Bonds.** Said bonds shall be in the principal amount of \$42,500,000, and shall be numbered from 1 consecutively upwards in order of maturity. Serial bonds shall be of the denomination of \$1,000 each. Term bonds shall be of the denomination of \$1,000 each, or any multiple thereof within a single maturity. Each bond of a denomination of more than \$1,000 shall bear numbers representing each \$1,000 of principal amount of said bonds. The bonds shall be designated SEWER REVENUE BONDS, 1961, shall be dated June 1, 1961, and shall be payable on June 1 in each year of maturity in the amounts for each of the several years as follows:

<u>Year of Maturity</u>	<u>Principal Amount</u>
1967.....	\$ 400,000
1968.....	700,000
1969.....	800,000
1970.....	900,000
1971.....	1,000,000
1972.....	1,100,000
1973.....	1,200,000
1974.....	1,300,000
1975.....	1,300,000
1976.....	1,300,000
1981.....	6,500,000
2001.....	26,000,000

The bonds maturing in the years 1967 to 1976, inclusive, are sometimes herein referred to as "serial bonds" and the bonds maturing in the years 1981 and 2001 are sometimes herein referred to as "term bonds".

Section 4. **Interest.** Said bonds shall bear interest at a rate or rates to be hereafter fixed by resolution, but not to exceed six per cent (6%) per annum, payable semiannually on the 1st days of December and June of each year. Each bond shall bear interest until the principal sum thereof has been paid; provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this Ordinance, said bond shall then cease to bear interest. The bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said City, or, at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. **Execution of Bonds.** The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all of said bonds by their printed, lithographed or engraved facsimile signatures, and the City Clerk of the City is hereby authorized and directed to counter-

sign said bonds and to affix thereto the printed, lithographed or engraved facsimile corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. **Registration, Exchange.** Said bonds may be registered only as to both principal and interest, and any registered bond may be discharged from registration in the manner and with the effect set forth in the provisions for registration to be printed on the bonds as set forth in Section 19 hereof.

Term bonds issued hereunder in denominations greater than \$1,000 (herein sometimes referred to as "larger denomination bonds") shall be delivered to the person, firm or corporation that originally purchases the bonds issued hereunder from the City (hereinafter sometimes referred to as "original purchaser") registered to such person, firm or corporation as may be designated by such original purchaser.

Larger denomination bonds may be exchanged for bonds of the denomination of \$1,000 in such manner and upon such reasonable terms and conditions, including, without limitation, the payment of costs, as may from time to time be determined and prescribed by resolution; provided, that the holders of such larger denomination bonds who have purchased their bonds from the original purchasers of these bonds from the City shall be entitled to one exchange for bonds of the denomination of \$1,000 free of any costs or charges, other than any tax or governmental charge that may be imposed in connection with such exchange. The City may authorize the new bonds and coupons thereof to be signed and authenticated in such manner as it determines by resolution.

Section 7. **Call and Redemption of Bonds Prior to Maturity.** The serial bonds shall not be subject to call and redemption prior to maturity.

Except for refunding the term bonds maturing June 1, 1981, or any of them, may be called before maturity and redeemed, at the option of the City, on June 1, 1971, or on any interest payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus the following premiums (percentage of par value) if redeemed at the following times:

When all of the term bonds maturing June 1, 1981, have been redeemed, or purchased as hereinafter permitted, or have been called for redemption prior to maturity, the term bonds maturing June 1, 2001, or any of them, may be called before maturity and redeemed, at the option of the City, on June 1, 1976, or on any interest payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus the following premiums (percentage of par value) if redeemed at the following times:

The term bonds maturing June 1, 1981, may not be called for redemption prior to maturity for the purpose of refunding until June 1, 1976, but said term bonds, and the term bonds maturing June 1, 2001, may be called as a whole (but not in part) for redemption prior to maturity for the purpose of refunding on June 1, 1976, or on any date thereafter at the respective premiums in the two tables set forth above.

If less than all of the outstanding bonds subject to call and redemption prior to maturity are called for redemption at any one time, the bonds shall be selected for redemption by lot.

The date on which bonds are to be presented for redemption prior to maturity is herein sometimes called the "redemption date".

(a) **Notice of Call and Redemption.** Notice of the intended redemption prior to maturity shall be published in one insertion in a newspaper of general circulation in The City of San Diego, California, and in a financial newspaper or journal of national circulation published in the City of New York, New York, said publications to be at least 30 days but not more than 60 days prior to the redemption date. The notice of redemption shall (i) state the redemption date; (ii) state the redemption price; (iii) state the numbers and dates of maturity of the bonds to be redeemed prior to maturity, provided, however, that whenever any call includes all of the bonds of a maturity the numbers of the bonds need not be stated; (iv) require that such bonds be surrendered with all interest coupons maturing subsequent to the redemption date (except that no coupons need be surrendered on registered bonds) at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City; (v) require that bonds which at the time of call are registered so as to be payable otherwise than to bearer shall be accompanied by appropriate instruments of assignment duly executed in blank; and (vi) give notice that further interest on such bonds will not accrue after the designated redemption date.

The Treasurer of the City shall, on or before the date of publication of said notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the original purchasers of these bonds from the City; provided, however, that failure of the Treasurer to mail such notice or any defect therein shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption.

3-30-61

If any of the bonds designated for redemption prior to maturity shall be registered so as to be payable otherwise than to bearer, the Treasurer of the City shall, on or before the date of publication of said notice of redemption, mail a similar notice, postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registry books.

The actual receipt by the holder of any bond (hereinafter referred to as "bondholder") of notice of such call and redemption shall not be a condition precedent to redemption, and failure to receive such notice shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption. The notice or notices required by this section shall be given by the Treasurer of the City. A certificate by the Treasurer that notice of call and redemption has been given to original purchasers and to holders of registered bonds as herein provided shall be conclusive as against all parties, and no bondholder whose bond or registered bond is called for redemption may object thereto or object to the cessation of interest on the redemption date fixed by any claim or showing that he failed to actually receive such notice of call and redemption.

(b) **Redemption Fund.** Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as SEWER REVENUE BONDS, 1961, REDEMPTION FUND (hereinafter sometimes referred to as "Redemption Fund"), and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums payable as in this Ordinance provided, the bonds designated in such notice for redemption prior to maturity. Said moneys must be set aside in said fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium) of the bonds to be redeemed prior to maturity upon presentation and surrender of such bonds and (except as to registered bonds) all interest coupons maturing after the redemption date. Any interest coupon due on or prior to the redemption date shall be paid from the Bond Service Fund (hereinafter provided for) upon presentation and surrender thereof. Any interest due on or prior to the redemption date upon registered bonds shall be paid from said Bond Service Fund. If the redemption date is not an interest payment date, any accrued interest due on the redemption date shall be paid from the Bond Service Fund. Each bond presented (if unregistered) must have attached thereto or presented therewith all interest coupons maturing after the redemption date. If after all of the bonds have been redeemed and cancelled, or paid and cancelled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the Sewer Revenue Fund; provided, however, that if said moneys are part of the proceeds of refunding bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding bonds.

(c) **Effect of the Notice of Call and Redemption.** When notice of call and redemption prior to maturity has been given, substantially as provided herein, and when the amount necessary for the redemption of the bonds called for redemption prior to maturity (principal and premium) is set aside for such purpose in the Redemption Fund, as provided herein, the bonds designated for such redemption shall become due and payable on the redemption date, and upon presentation and surrender of said bonds and (except as to registered bonds) all interest coupons maturing after the redemption date, at the place specified in the notice of such redemption, and, if any of said bonds be registered, upon the appropriate assignment thereof in blank, such bonds shall be redeemed and paid at said redemption price out of the Redemption Fund, and no interest will accrue on such bonds called for such redemption or on any interest coupon thereof after the redemption date specified in such notice, and the holders of said bonds so called for such redemption after such redemption date shall look for the payment of such bonds and the premium thereon only to said Re-

3-30-61

demption Fund. All bonds redeemed and all interest coupons thereof shall be cancelled forthwith by the Treasurer of the City and shall not be reissued.

All interest coupons pertaining to any redeemed bonds, which coupons have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof but without interest thereon. All unpaid interest payable at or prior to the redemption date upon bonds registered in such manner that the interest is payable only to the registered owners shall continue to be payable to the respective registered owners of such bonds, or their order, but without interest thereon. All unpaid accrued interest payable at the redemption date shall continue to be payable to the respective coupon holders but without interest thereon.

(d) **Larger Denomination Bonds.** In case of term bonds issued hereunder in denominations greater than \$1,000 (herein sometimes referred to as "larger denomination bonds"), if less than all of such 1981 or 2001 term bonds then outstanding are to be called for redemption, then for all purposes in connection with redemption, each \$1,000 of face value shall be treated as though it was a separate bond of the denomination of \$1,000 bearing one of the numbers borne by such larger denomination bond. If it is determined by lot as aforesaid that one or more, but not all, of the \$1,000 units of face value represented by any such larger denomination bond is to be called for redemption prior to maturity, then, upon the notice as aforesaid, the owner of such larger denomination bond shall forthwith surrender such bond and (except as to registered bonds) all interest coupons maturing after the redemption date to the Treasurer of the City at the place specified in such notice of redemption (1) for payment of the redemption price of the \$1,000 unit or units of face value so called for redemption, and (2) in exchange for a new bond of the face value of the unredeemed balance of the principal amount of such larger denomination bond, such new bond to bear numbers corresponding to the number of the \$1,000 units of face value not called for redemption and (except as to registered bonds) such new bond to have coupons corresponding to the new face value. New bonds representing the unredeemed balance of the principal amount of such larger denomination bonds shall be issued to the holders thereof without charge therefor. The City may, however, require the payment of costs in connection with the issuance of new coupons. The new bonds and coupons thereof may be signed and authenticated in such manner as may be determined and prescribed by resolution.

If the owner of any such larger denomination bond shall fail to present such bond to the Treasurer for payment and exchange as aforesaid, such bond shall nevertheless become due and payable on the redemption date to the extent of the \$1,000 unit or units of face value so called for redemption, and, to that extent only, interest shall cease to accrue on the portion of such larger denomination bond represented by such \$1,000 unit or units of face value after said redemption date.

Any interest coupon due on or prior to the redemption date or any accrued interest due on the redemption date shall be paid from the Bond Service Fund.

When notice of call and redemption of such larger denomination bond, or part thereof as the case may be, has been given, substantially as provided herein, and when the amount necessary for the redemption of all or part thereof as the case may be (principal and premium) is set aside for such purpose in the Redemption Fund, as provided herein, such larger denomination bond, or part thereof as the case may be, shall become due and payable on the redemption date, and upon presentation and surrender of such larger denomination bond for payment and exchange as aforesaid and (except as to registered bonds) all interest coupons maturing after the redemption date, such larger denomination bond, or part thereof as the case may be, shall be redeemed and paid at said redemption price out of the Redemption

3-30-61

Fund, and no interest will accrue on such larger denomination bond so called for redemption, or part thereof as the case may be, after the redemption date, and the holder of such larger denomination bond after the redemption date shall look for the payment of such part thereof so called for redemption and the premium thereon only to said Redemption Fund. All such larger denomination bonds redeemed in whole or received in exchange as above provided shall be cancelled forthwith by the Treasurer of the City and shall not be reissued.

All interest coupons pertaining to any such larger denomination bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof but without interest thereon. All unpaid interest payable at or prior to the redemption date upon bonds registered in such manner that the interest is payable only to the registered owners shall continue to be payable to the respective registered owners of such larger denomination bonds, or their order, but without interest thereon. All unpaid accrued interest payable at the redemption date shall continue to be payable to the respective coupon holders but without interest thereon.

Section 8. Disposition of Bond Proceeds. For the purpose of insuring the application of the proceeds from the sale of bonds to the aforesaid objects and purposes for which said bonds are to be issued, there is hereby established in the City Treasury a fund to be described or known as SEWER REVENUE BONDS, 1961, CONSTRUCTION FUND (herein sometimes called "Construction Fund"). The proceeds from the sale of said bonds (except premium and accrued interest, if any) shall be paid into the Construction Fund and shall be applied exclusively to the aforesaid objects and purposes; provided, however, (1) that the Sewer Revenue Fund may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made after January 9, 1961; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which said bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said bonds or for redemption of any callable bonds thereof. Money in the Construction Fund may be temporarily invested in any authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity or maturities thereof shall not be more than 90 days later than the date or dates on which money must be available to meet scheduled Construction Fund expenditures.

Section 9. Sewer Revenue Fund. All revenues shall be paid into the Sewer Revenue Fund. The Council hereby directs that sums be set aside through transfers from said fund in such amounts and at such times as may be necessary to comply with this Ordinance. From the Sewer Revenue Fund there shall be paid monthly the sums necessary for the cost of maintenance and operation of the sewer system.

Section 10. Bond Service Fund. For the purpose of insuring the payment when due and payable of the principal of the serial bonds and interest on all of the bonds, there is hereby established in the City Treasury a fund to be described or known as the SEWER REVENUE BONDS, 1961, BOND SERVICE FUND (herein sometimes referred to as the "Bond Service Fund"). Upon delivery of the bonds to the original purchasers any premium and accrued interest paid by said purchasers shall be paid into said Bond Service Fund. After said delivery of the bonds and thereafter, so long as any of said bonds are outstanding, on the first day of each calendar month, after the payments required by Section 9 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Bond Service Fund sums in equal aliquot parts for each half year so that at least the full amount required to pay, as it becomes due, the interest

8464

3-30-61

on all of the bonds and any maturity or installment of principal of the serial bonds shall be set aside in the Bond Service Fund at least one month prior to the date the installment of interest or principal becomes due. Such transfer on the first day of the first calendar month subsequent to the date of delivery must be at least sufficient, together with other transfers of the same amount made on the first day of each calendar month thereafter, to provide in said Bond Service Fund one month prior to the due date of the first installment of such interest the full amount of such interest, and to provide in said Bond Service Fund one month prior to the maturity of the first installment of such principal the full amount of such principal. All such sums shall be set aside, transferred to and placed in the Bond Service Fund in such time that the next maturing installment of principal on the serial bonds and interest on all of the bonds shall be set aside in the Bond Service Fund at least one month prior to the time the maturity or installment of interest or principal becomes due.

Any amounts required to be set aside, transferred to and placed in the Bond Service Fund may be prepaid, in whole or in part, by being earlier set aside, transferred to and placed in the Bond Service Fund, and in that event the monthly transfer, or any part thereof, which has been so prepaid need not be made at the time appointed therefor. In any event, at least one month prior to the due date of any interest or maturity of serial bond principal, all sums required for the payment thereof must be in such Bond Service Fund.

Such sums shall be so set aside out of the Sewer Revenue Fund and not out of any other fund or moneys of the City.

Money set aside and placed in said Bond Service Fund shall remain therein until from time to time expended for the payment of such interest and principal, and shall not be used for any other purpose whatever, except that any such money so set aside and placed in said Bond Service Fund not immediately needed to pay principal and interest may be temporarily invested in any authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, provided that the maturity or maturities thereof shall not be more than 30 days later than the date or dates on which money must be available to meet scheduled payments, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Bond Service Fund at the time required by the terms of this section.

The bonds and interest coupons shall recite that they are payable from the Sewer Revenue Fund and said bonds and coupons, pursuant to such recital, shall be paid from the Bond Service Fund, the Sinking Fund and Redemption Fund which are derived from said Sewer Revenue Fund and are subdivisions thereof.

Section 11. **Sinking Fund.** For the purpose of insuring the payment when due and payable of the principal of and any premium due upon the redemption thereof of the term bonds, there is hereby established in the City Treasury a fund to be described or known as the SEWER REVENUE BONDS, 1961, SINKING FUND (herein sometimes referred to as "Sinking Fund"). On the first day of each calendar month commencing May 1, 1976, after the transfers required by Sections 9 and 10 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Sinking Fund an amount not less than the minimum amount hereinafter specified. Such transfers shall in no event be less than amounts (hereinafter referred to as "minimum sinking fund payments") which will be sufficient to purchase or call and redeem such term bonds (including premiums thereon) in the following respective minimum principal amounts on June 1 in each of the following years, to wit:

<u>Years Inclusive</u>	<u>Minimum Principal Amount Each Year</u>
1977 to 2001	\$1,300,000

8464

3-30-61

The transfer to the Sinking Fund to be made on the first day of each calendar month as aforesaid shall be one-twelfth (1/12th) of the amount needed to call the minimum annual principal amount of term bonds according to the above table, it being the intent of this provision that the respective minimum amounts necessary to call term bonds according to the above table (or to purchase all or any part of such term bonds in lieu of call) shall be set aside in the Sinking Fund on or before the first day of April of each year for such purchase or for transfer to the Redemption Fund. In the event that the transfer made for any month is less than the minimum sinking fund payment for that month because of lack of funds or for any other reason, the deficiency shall be added to and become a part of the minimum sinking fund payment required for the following month.

Except as hereinafter provided, moneys in the Sinking Fund shall be used solely for the purpose of purchasing or calling and redeeming term bonds prior to maturity as hereinafter provided. Money in said fund which has not been set aside in the Redemption Fund for the purpose of call and redemption of term bonds prior to maturity may be used by the City to purchase from time to time in the open market any of the outstanding term bonds (irrespective of the maturity or number of such bonds) at such prices and in such manner, either at public or private sale or otherwise, as the City in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104% of the principal amount thereof, or the redemption price on the next interest payment date of the bonds so purchased, whichever is the lower. Upon maturity of all term bonds then outstanding the money in the Sinking Fund shall be used, to the extent necessary, to pay any of said term bonds. Money in the Sinking Fund not immediately needed to call term bonds may be temporarily invested in any authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, provided that the maturity or maturities thereof shall not be more than 30 days later than the date on which the moneys so invested must be available to call bonds, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Sinking Fund at the time required by the terms of this section. The City covenants that commencing April 15, 1977, whenever on any April 15 of any year there shall be in said Sinking Fund an amount at least sufficient (including premiums) to call \$25,000 principal amount of term bonds, the moneys in said fund shall be used to call term bonds at the next available call date in the largest amount which can be called with the moneys available. Moneys in the Sinking Fund to be used to call term bonds shall for that purpose be transferred to the Redemption Fund.

Section 12. Reserve Fund. For the purpose of insuring the payment when due and payable of the amounts required to be paid under Sections 10 and 11 hereof there is hereby established in the City Treasury a fund to be described or known as the SEWER REVENUE BONDS 1961, RESERVE FUND (herein sometimes referred to as "Reserve Fund"). On or prior to the delivery of the bonds to the purchasers thereof there shall be transferred from the Sewer Revenue Fund to the Reserve Fund an amount which shall be equal to the first semi-annual interest payment on the bonds. After said delivery of the bonds, on the first day of each calendar month, after the transfers required by Sections 9, 10 and 11 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Reserve Fund sums in equal aliquot parts for each year so that a sum equal to at least 10% of the maximum amount of annual interest is set aside in the Reserve Fund each year until there shall be in such Reserve Fund a sum equal to such maximum amount of annual interest; and thereafter there shall be maintained in such Reserve Fund a sum at least equal to the maximum amount of annual interest coming due in any subsequent year.

Moneys in the Reserve Fund shall be used solely for the purpose of paying the principal of and interest on, or the making of minimum sinking fund payments in respect of, the bonds in the

8464

4-3-61

event that the moneys in the Bond Service Fund or the Sinking Fund are insufficient therefor and for that purpose may be withdrawn and transferred to the Bond Service Fund or to the Sinking Fund, as the case may be; provided, however, that an amount of said moneys equal to the next semi-annual interest payment may be invested in authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, and the remaining moneys in said Reserve Fund (i.e. those in excess of an amount equal to the next semi-annual interest payment) may be invested in any of the above mentioned obligations or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity of any of the above mentioned obligations shall not be later than 12 years from the date of investment. No payment need be made into the Reserve Fund so long as there shall be in said fund a sum at least equal to said maximum amount of annual interest. Whenever moneys are withdrawn from the Reserve Fund for the purposes provided in this section, the amount in the Reserve Fund shall be restored to the amount required in this section by transfers from Surplus (as hereinafter defined). Any amount in the Reserve Fund in excess of the maximum amount of annual interest shall be transferred to the Sinking Fund herein created.

Section 13. **Surplus.** After the monthly transfers required or permitted by Sections 9, 10, 11 and 12 hereof have been made, any remaining balance of the revenues placed in the Sewer Revenue Fund during the preceding month (herein sometimes referred to as "Surplus") shall be used for the restoration, if necessary, of the Reserve Fund as provided in Section 12 hereof.

After the above use has been made and all other covenants of the City contained herein have been duly performed, such Surplus may be used for any or all of the following:

(1) invested in any securities in which the City may legally invest funds subject to its control,

(2) used for the redemption of any of said bonds which are subject to call and redemption prior to maturity or for the purchase from time to time in the open market any of the outstanding bonds whether or not subject to call and redemption prior to maturity (irrespective of the maturity or number of such bonds) at such prices and in such manner, either at public or private sale, or otherwise as the City in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104% of the principal amount thereof, or if the bonds are subject to call and redemption prior to maturity shall not exceed the redemption price on the next interest payment date of the bonds so purchased,

(3) for any lawful purpose authorized by the City Charter,

and except as provided in this Ordinance, the revenues shall not be used for any other purpose.

Section 14. **Covenants.** So long as any of the bonds or interest coupons thereof are outstanding and unpaid or so long as provision for the full payment and discharge thereof at maturity or upon redemption prior to maturity, through the setting apart in the Bond Service Fund or in the Sinking Fund or in a special trust fund to insure the payment or redemption thereof (as the case may be) of money sufficient for that purpose has not been made, the City makes the following covenants with the bondholders which are necessary and desirable to facilitate the issuance and sale of the bonds and for the protection or security of the bondholders; provided, however, that said covenants do not require the City to expend any funds other than revenues.

Covenant 1. **Punctual Payment.** The City covenants that it shall duly and punctually pay or cause to be paid the principal of and interest on every bond issued hereunder, together with the premium thereon, if any be payable, on the date, at the place and in the manner mentioned in the bonds and coupons and in accordance with this Ordinance, and that the payments into the Bond Service Fund, the Sinking Fund and the Reserve Fund shall be made, all in strict conformity

3-30-61

with the terms of said bonds and of this Ordinance, and that it shall faithfully observe and perform all of the conditions, covenants and requirements of this Ordinance and all resolutions supplemental thereto and of the bonds issued hereunder, and that time of such payment and performance is of the essence of the City's contract with the bondholders.

Covenant 2. Discharge Claims. The City covenants that in order to fully preserve and protect the priority and security of the bonds the City shall pay from the appropriate fund and discharge all lawful claims for labor, materials and supplies furnished for or in connection with the sewer system which, if unpaid, may become a lien or charge upon the revenues prior or superior to the lien of the bonds and impair the security of the bonds. The City shall also pay from the appropriate fund all taxes and assessments or other governmental charges lawfully levied or assessed upon or in respect of the sewer system or upon any part thereof or upon any of the revenues therefrom.

Covenant 3. Commence Acquisition and Construction. The City covenants that as soon as funds are available therefor, the City shall commence the accomplishment of the purposes for which the bonds are issued and will continue the same to completion with all practical dispatch and in an economical manner.

Covenant 4. Operate Sewer System in Efficient and Economical Manner. The City covenants that it shall operate the sewer system in an efficient and economical manner and shall operate, maintain and preserve the sewer system in good repair and working order.

Covenant 5. Against Sale, Eminent Domain. The City covenants that the sewer system or any substantial part thereof shall not be sold, leased or otherwise disposed of or transferred, unless such sale, lease or other disposition or transfer be so arranged as to provide for the payment in full of the principal of and interest on all of the bonds and premiums, if any, due upon the call or redemption of any thereof prior to maturity. The revenues shall not be mortgaged, encumbered, sold, leased, pledged, any charge placed thereon, or disposed of or used except as authorized by the terms of this Ordinance. The City shall not enter any agreement which impairs the operation of the sewer system or any part thereof necessary to secure adequate revenues to pay the principal of and interest on the bonds or which otherwise would impair the rights of the bondholders with respect to the revenues or the operation of the sewer system.

If and to the extent that eminent domain can be exercised against property of the City, the City covenants that any amounts received as awards as the result of the taking of all or any part of the sewer system by such exercise shall either be used for the acquisition and/or construction of improvements and extensions of the sewer system or shall be placed in the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

Covenant 6. Insurance. The City covenants that it shall at all times maintain with responsible insurers all such insurance on the sewer system as is customarily maintained with respect to works and properties of like character against accident to, loss of or damage to such sewer system. If any useful part of the sewer system shall be damaged or destroyed, such part shall be restored to use. The money collected from insurance against accident to, loss of or damage to the sewer system shall be used for repairing or rebuilding said sewer system, and to the extent not so applied shall be transferred to the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

The City shall also maintain with responsible insurers workmen's compensation insurance and insurance against public liability and property damage to the extent reasonably necessary to protect the City and the bondholders; provided, however, that with respect to this insurance, the City may be regarded as a responsible insurer.

Covenant 7. Records and Accounts. The City covenants that it shall cause the books and accounts of the sewer system to be audited annually by an independent certified public accountant

8464

3-30-61

or firm of certified public accountants and shall make available for inspection by the bondholders at the office of the City Clerk and the office of the City Auditor and Comptroller a copy of the report of such accountant or accountants, and shall also furnish a copy thereof upon request to any bondholder.

Covenant 8. No Free Service. The City covenants that, except for contracts and agreements existing on the effective date of this Ordinance, no service from the sewer system shall be furnished or rendered to the United States of America, the State of California, the City, any municipal or other public corporation or body or any private corporation or person free, and that, except to the extent that the City is required under contracts and agreements existing on the effective date of this Ordinance, no such service shall be rendered to the aforementioned at rates lower than those charged other persons for similar service. No building or other real property of the sewer system and no services of the sewer system shall be furnished free to other departments of the City. The City shall pay into the Sewer Revenue Fund the reasonable value of any such services rendered other departments of the City and the reasonable rental value of any property so used. Reasonable and proper charges for services rendered or quarters furnished to the sewer system by other City departments shall be paid to the City as a part of the cost of maintenance and operation of the sewer system. The City covenants that it shall at all times during the period any of the bonds are outstanding maintain and enforce valid regulations for the payment of bills for sewer services; and that such regulations shall at all times during such period provide that where the City furnishes water to the property receiving sewer service, the sewer service charges shall be collected with and not separately from the water rates of the City and all charges, i.e. sewer service charges and water rates of the City, shall be billed upon the same bill and collected as one item; and in the event of non-payment of any part of the bill for the sewer service charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council, which shall be not more than 45 days from the date such bill became delinquent. For sewer users not being rendered water service by the City, the City shall diligently proceed to use every lawful means to collect such sewer service charges.

Covenant 9. Rates and Charges. The City covenants that it shall fix and collect sewer service charges which, with reasonable allowance for contingencies, shall be at least sufficient, together with other revenues, if any, payable into the Sewer Revenue Fund to provide revenues sufficient to pay, as the same shall become due:

- (a) all necessary costs of maintenance and operation,
- (b) 1.20 times the principal of and interest on all outstanding revenue bonds issued hereunder, including premiums, if any, due upon the redemption of any thereof prior to maturity, and including all payments required to be made into the Bond Service Fund, the Sinking Fund and the Reserve Fund, and
- (c) all other obligations payable from the Sewer Revenue Fund.

Covenant 10. No Priority for Additional Bonds. The City covenants that no bonds shall be issued pursuant to Section 90.2 or under any other provision of the Charter or under any other law, having any priority in payment of principal or interest out of the Sewer Revenue Fund over any revenue bonds issued hereunder.

Covenant 11. Limits on Additional Debt. The City covenants that (except for bonds issued to refund revenue bonds payable out of the Sewer Revenue Fund) no additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the Sewer Revenue Fund and ranking on a parity with these bonds shall be created or incurred unless:

First: That the principal of and interest on the bonds issued hereunder have been paid as the same have become due; and that payments into the Bond Service Fund, the Sinking Fund and the Reserve Fund have been made, all in conformity with this Ordinance, and

8464

Second: The net revenues of the sewer system as shown by the books of the City for the latest fiscal year or the last completed 12 month period ended prior to the incurring of such additional indebtedness with respect to which such books have been examined and reported upon by an independent certified public accountant or firm of certified public accountants employed by the City shall have amounted to at least 1.30 times the maximum amount of annual debt service on all such indebtedness to be outstanding immediately subsequent to the incurring of such additional indebtedness.

Section 15. **Investments.** Obligations purchased as an investment of moneys in any funds which are herein authorized to be invested shall be deemed at all times to be a part of such funds and any profit realized from the investment shall be credited to such funds and any loss resulting from such investment shall be charged to such funds and the interest (including interest on investments) accruing thereunder shall be credited to such funds. The City shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from such funds. For the purpose of determining at any given time the balance in any such fund any such investment constituting a part of such fund shall be valued at the then estimated or appraised market value of such investment.

Section 16. **Lost, Stolen, Destroyed or Mutilated Bonds.** In the event that any bond or any interest coupon pertaining thereto is lost, stolen, destroyed or mutilated, the City will cause to be issued a new bond or coupon similar to the original to replace the same in such manner and upon such reasonable terms and conditions, including the payment of costs and the posting of a surety bond if the City deems such surety bond necessary, as may from time to time be determined and prescribed by resolution. The City may authorize such new bond or coupon or coupons to be signed and authenticated in such manner as it determines in said resolution.

Section 17. **Cancellation of Bonds.** All bonds and coupons surrendered to any fiscal agent of the City for payment upon maturity or for redemption prior to maturity shall upon payment therefor be cancelled immediately and forthwith transmitted to the Treasurer of the City. All of the bonds and interest coupons surrendered to the Treasurer for payment or redemption shall upon payment therefor be cancelled immediately. Any bonds purchased by the City, together with all unpaid coupons pertaining thereto, shall be cancelled forthwith and shall not be reissued. All of the cancelled bonds and interest coupons shall remain in the custody of the Treasurer until destroyed pursuant to due authorization.

Section 18. **Consent of Bondholders.** The consents of bondholders provided for in this section shall relate solely to the amendment, waiver or modification of the covenants specified in Section 14 hereof and shall not be effective to waive or modify any other provisions of this Ordinance or any other proceedings for the issuance of said bonds. Any act relating to the amendment, waiver or modification of any of the said covenants consented to by bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of bonds, if any, owned by the City, shall be binding upon the holders of all of the bonds and interest coupons, whether such coupons be attached to bonds or detached therefrom, and shall not be deemed an infringement of any of the provisions of this Ordinance or of said Charter or Section 90.2 thereof, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Ordinance, and after such consent relating to such specified matters has been given, no bondholder or holder of any interest coupon, whether attached to a bond or detached therefrom, shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the City or any officer thereof from taking any action pursuant thereto.

Bondholders may consent by affirmative vote at a bondholders' meeting or may consent in writing without a meeting, all as hereinafter provided.

8464

No such amendment, waiver or modification shall be made which will permit (a) a change in the maturity or term of redemption of the principal of any bond or any installment of interest thereon; (b) a reduction in the principal amount of or redemption price or redemption premium or rate of interest upon any bond without the consent of the holder of such bond; or (c) a reduction of the percentage of the principal amount of bonds the vote or consent of which is required to effect any such amendment.

For all purposes connected with this Section 18 each \$1,000 of face value of any larger denomination bond shall be treated as though it was a separate bond of the denomination of \$1,000 bearing one of the numbers borne by such larger denomination bond.

(a) **Calling Bondholders' Meeting.** If the City shall desire to obtain any such consent the Council thereof may call a meeting of bondholders, by resolution, for the purpose of considering the action, the consent to which is desired.

(b) **Notice of Meeting.** Notice specifying the purpose, place, date and hour of such meeting shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days and not more than ninety (90) days prior to the date fixed for the meeting. Such notice shall set forth the nature of the proposed action, consent to which is desired. If any of the bonds shall be so registered as to be payable otherwise than to bearer, the City Clerk shall, on or before the first publication of such notice, mail a similar notice, postage prepaid, to the respective registered owners thereof at their addresses appearing on the bond registry books. The place, date and hour of holding such meeting and the date or dates of publishing and mailing such notice shall be determined by the City, in its discretion.

The actual receipt by any bondholder of notice of any such meeting shall not be a condition precedent to the holding of such meeting, and failure to receive such notice shall not affect the validity of the proceedings thereat. A certificate by the City Clerk, approved by resolution of the Council of said City, that the meeting has been called and that notice thereof has been given as herein provided shall be conclusive as against all parties and it shall not be open to any bondholder to show that he failed to receive notice of such meeting.

(c) **Voting Qualifications.** Any bondholder may, prior to any such meeting, deliver his bond or bonds to any agency designated by the City for the purpose, and shall thereupon be entitled to receive an appropriate receipt for the bond or bonds so deposited, calling for the redelivery of such bond or bonds at any time after the meeting. The Treasurer of the City shall prepare and deliver to the chairman of the meeting a list of the names and addresses of the registered owners of bonds, with a statement of the maturities and serial numbers of the bonds held and deposited by each of such bondholders, and no bondholder shall be entitled to vote at such meeting unless his name appears upon such list or unless he shall present his bond or bonds at the meeting or a certificate of deposit thereof, satisfactory to the City, executed by a bank or trust company. No bondholder shall be permitted to vote with respect to a larger aggregate principal amount of bonds than is set against his name on such list, unless he shall produce the bonds upon which he desires to vote, or a certificate of deposit thereof as above provided.

(d) **Issuer-owned Bonds.** The City covenants that it will present at the meeting a certificate, signed and verified by one member of the Council and by the Treasurer of the City stating the maturities and serial numbers of all bonds owned by, or held for account of, the City, directly or indirectly. No person shall be permitted at the meeting to vote or consent with respect to any bond appearing upon such certificate, or any bond which it shall be established at or prior to the meeting is owned by the City, directly or indirectly, and no such bond (in this Ordinance referred to as "issuer-owned bond") shall be counted in determining whether a quorum is present at the meeting.

(e) **Quorum and Procedure.** A representation of at least sixty per cent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall

8464

be necessary to constitute a quorum at any meeting of bondholders, but less than a quorum may adjourn the meeting from time to time, and the meeting may be held as so adjourned without further notice, whether such adjournment shall have been had by a quorum or by less than a quorum. The City shall, by an instrument in writing, appoint a temporary chairman of the meeting, and the meeting shall be organized by the election of a permanent chairman and a secretary. At any meeting each bondholder shall be entitled to one vote for every \$1,000 principal amount of bonds with respect to which he shall be entitled to vote as aforesaid, and such vote may be given in person or by proxy duly appointed by an instrument in writing presented at the meeting. The City, by its duly authorized representative, may attend any meeting of the bondholders, but shall not be required to do so.

(f) **Vote Required.** At any such meeting held as aforesaid there shall be submitted for the consideration and action of the bondholders a statement of proposed action, consent to which is desired, and if such action shall be consented to and approved by bondholders holding at least sixty per cent (60%) in aggregate amount of the bonds then outstanding (exclusive of issuer-owned bonds) the chairman and secretary of the meeting shall so certify in writing to the City, and such certificate shall constitute complete evidence of consent of bondholders under the provisions of this Ordinance. A certificate signed and verified by the chairman and the secretary of any such meeting shall be conclusive evidence and the only competent evidence of matters stated in such certificate relating to proceedings taken at such meeting.

(g) **Written Consent of Bondholders.** If the City shall desire to obtain any such consent in writing, without a meeting of bondholders, the Council thereof may, by resolution, propose the action, to which consent is desired. A copy of such resolution, together with a request to bondholders for their consent to the action proposed therein, shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York. If any of the bonds shall be so registered as to be payable otherwise than to bearer, the City Clerk shall, on or before the publication of such resolution and request, mail a copy thereof to each registered owner at the address appearing on the bond registry books.

The actual receipt by any bondholder of such resolution and request shall not affect the validity of the proceedings for the obtaining of such consent. A certificate by the City Clerk, approved by resolution of the Council of said City, that said resolution and request has been published and mailed as herein provided shall be conclusive as against all parties, and it shall not be open to any bondholder to show that he failed to receive such resolution and consent.

Each written consent shall be accompanied by proof of ownership of the bonds for which such consent is given. Proof of ownership shall be made in such manner as shall be prescribed by the resolution proposing the action. Any such written consent shall be binding upon the holder of the bonds giving such consent and on any subsequent holder (whether or not such subsequent holder has notice thereof) unless such consent is revoked in writing by the holder giving such consent or by the subsequent holder. To be effective, any revocation of consent must be filed before the adoption of the resolution accepting consents as hereinafter provided.

After the holders of at least sixty per cent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall have consented in writing, the Council shall adopt a resolution accepting such consents and such resolution shall constitute complete evidence of the consent of bondholders under this Ordinance.

(h) **Publication of Consent.** Notice specifying the amendment, waiver or modification that has received the consent of bondholders as required by this Section 18 shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days following the final action in the proceedings for the obtaining of such consent. Said notice is only for the information of bondholders and failure to publish such notice or any defect therein shall not affect the validity of the proceedings theretofore taken in the obtaining of such consent.

3-30-61

Section 19. **Bond and Coupon Forms.** Said bonds shall be payable to bearer, shall be issued in negotiable form and shall be negotiable, and the form of said bonds and the interest coupons thereof shall be substantially as follows:

ORDINANCE No. 8473
(New Series)

AN ORDINANCE APPROVING AND ADOPTING THE ADDITION OF RULE I-A TO THE RULES OF THE CIVIL SERVICE COMMISSION, AND AMENDING SECTION 23.0204 OF THE SAN DIEGO MUNICIPAL CODE, RELATING TO INSTALLATION AND ENFORCEMENT OF CLASSIFICATION PLAN.

WHEREAS, the Civil Service Commission of The City of San Diego has heretofore recommended the addition of Rule I-A to the Rules of the Civil Service Commission, which rules are codified as Article 3, Chapter II of the San Diego Municipal Code; and

WHEREAS, pursuant to the provisions of Section 118 of the Charter of The City of San Diego, the City Council held a public hearing upon the recommended addition of Rule I-A to the Rules of the Civil Service Commission on the 16th day of May, 1961; and

WHEREAS, this Council is of the opinion that it will be in the best interests of the City and its citizens that the proposed addition of Rule I-A be adopted; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego as follows:

Section 1. That the Rules of the Civil Service Commission be amended by adding thereto a new Rule to be known as Rule I-A, and that Section 23.0204 of the San Diego Municipal Code be, and it is hereby amended to read as follows:

"SEC. 23.0204 INSTALLATION AND ENFORCEMENT OF CLASSIFICATION PLAN:
(Rule I-A of the Civil Service Commission)

(1) Installation: The Civil Service Commission is

authorized to implement the classification plan, and it is within the discretion of the Commission to take necessary action to assure equity to employees and the maintenance of merit system principles. In the allocation of positions to classes in this new plan, the following principles shall determine the resulting status of each employee:

a. If there is no change in title or no substantial change in specification in the new plan, the employee shall be allocated to the new class with the same status he had in the old class.

b. If there is a change in title, but no substantial change in the specification in the new plan, the employee shall be allocated to the new class with the same status he had in the old class.

c. If a new class has resulted from the consolidation of all or part of two or more old classes, the employee shall be allocated to the new class with the same status he had in the old class.

d. If the new class results from the division of an old class, the employee shall be allocated to the new class with the same status he had in the old class; provided, however, that if another higher class resulted from the division of the old class, the employee shall also be placed on the appropriate re-employment list, and shall be eligible for employment in such higher class when a vacancy is available.

e. If the new class is different from the old, but is in the same occupational group and is at a substantially similar level of responsibility, the employee shall be allocated to the new class with the same status

he had in the old class, and shall be eligible for transfer to a position in his old class when a vacancy is available.

f. If the new class is substantially higher than or different from that in which the employee has status, but is in the same occupational group, and if it appears after investigation that the employee's duties have gradually changed without purpose of evasion of the Rules of the Commission, and if the employee has occupied the position continuously from August 31, 1960 to the effective date of this rule, the employee shall be granted the same status in the new class that he had in the old. Employees who receive status in a higher class in this manner shall have their salaries adjusted as provided by the rules relating to Promotional Increases, Personnel Manual, Index Code 37.2, and shall serve a six-month probationary period from the date of said salary adjustment.

g. If the new class is in a different occupational group or is at a lower level than that in which the employee has status, the employee and the appointing authority will be granted a reasonable time during which every feasible effort shall be exerted, without delay, to transfer the employee to a position in the class in which he has status, or to allow the employee to qualify for the new class through examination, or to change the duties and responsibilities of the position so that the employee's present class allocation is justified. During said reasonable time, which shall be determined in each case by the Civil Service Commission, the employee

shall retain his status, but if, at the end of said time, the position has not been re-allocated, the employee shall be placed in the allocated class or transferred to the proper occupational group, without the right of appeal to the Civil Service Commission.

h. If the new class is substantially higher than or different from that in which the employee has status, and if it appears that the employee has been performing or has been allowed by his appointing authority to perform different or higher duties in violation of the Rules of the Commission, the employee shall be required to establish status in the manner provided by the Rules of the Commission, and if he fails to do so, shall be restored to a position in the class for which he has status, or shall be laid off.

i. If the new class is substantially higher than or different from that in which the employee has status and the employee was appointed, transferred, promoted, or assigned to the position on or after September 1, 1960, the department will have a reasonable time in which to transfer the employee to a position in the class in which he has status.

j. The provisions of this rule shall apply only to the adjustment of status upon the adoption of this classification plan. All changes in status hereafter shall be by appointment, promotion, transfer, demotion, reinstatement, or other action authorized by the Rules of the Commission.

(2) Enforcement: Each appointing authority and supervisor is responsible for maintaining the integrity

of the classification plan by limiting his employees to the performance of the duties typical of their class, except as hereinafter provided.

From and after the adoption of this rule, as provided by Section 123 of the Charter of The City of San Diego, no employee shall be assigned to duties other than those authorized for his class, except upon approval of the Personnel Director, who may authorize short-term assignments to other duties without change in class, to meet emergencies, for the purpose of training, or to adjust the work to the temporary absence of other employees."

Section 2. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than \$500.00 or by imprisonment in the City Jail for a period of not more than six months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

Section 3. This ordinance shall take effect and be in force commencing the 7th day of July, 1961.

ORDINANCE NO. 8475
(New Series)

AN ORDINANCE ESTABLISHING A SCHEDULE OF COMPEN-
SATION FOR OFFICERS AND EMPLOYEES OF THE CITY
OF SAN DIEGO.

BE IT ORDAINED, By the Council of The City of San Diego,
as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for bi-weekly salaries, containing minimum, maximum and intermediate range steps for each standard rate. Said compensation schedule is attached hereto as Exhibit "A".

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION", as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego, plus the monetary value, as determined by the department head with the approval of the Civil Service Commission, of such housing, lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the standard rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the standard rate attached to the position minus the monetary value of the advantages fur-

nished said employee as compensation, as determined above.

Section 3. For all positions in the Classified Service of The City of San Diego the Standard Rate Numbers, providing uniform compensation for like service, attached hereto as Exhibit "B", are hereby adopted. Increases in compensation within the range limits of the Standard Rate Number attached to the position may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

Section 4. For all positions in the Unclassified Service of The City of San Diego the Standard Rate Numbers, attached hereto as Exhibit "C", are hereby adopted.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate Numbers attached to the position in said Exhibit "C".

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate Number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight-hour day and a forty-hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average forty-hour week and eight-hour day throughout the fiscal year, except as hereinafter

provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 A.M. or after 6:00 P.M. or (2) on a long-term schedule, working a shift regularly split by more than two consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or non-managerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employees' compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and non-managerial department

heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two hours, and shall be computed at the employee's regular rate or at one and one-half times said rate, if the employee is eligible for premium overtime pay.

Section 7. In fixing and approving the Standard Rates for the officers and employees of the City this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a standard rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

Section 8. There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the

time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. In order to maintain the status of the persons presently holding the positions allocated to the classes listed in Exhibit "D", the Standard Rate numbers attached to each such class provide uniform compensation for like service for said positions.

Section 10. The compensation schedule established by Ordinance No. 8304 (New Series) is hereby continued in force and effect through the pay period ending July 6, 1961. The compensation schedule established by this ordinance shall become effective with the pay period commencing July 7, 1961.

Section 11. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.
