permit shall be granted only if the City Manager deter-
mines that the permittee will conduct and use the premises
in accordance with the conditions set forth hereinafter:

(a) That the temporary tent or similar temporary
structure shall be used only for legitimate church pur-
poses, circuses, carnivals, carousels or similar amuse-
ments and accessories thereto.

(b) That such use shall be for a period of time not
exceeding fifteen (15) days and that the use shall be
limited to certain defined premises approved by the

Upon the filing of such appeal the City Council shall appoint a time for hearing. At least five (5) days' notice of such hearing shall be given by the City Clerk to the appellant. Upon the hearing of the appeal the City Council may grant or deny the permit. The decision of the City Council shall be final."

ORDINANCE NO. 8561
(New Series)

AN ORDINANCE AMENDING SECTIONS 32.51,
32.52.1, 32.52.5, 32.53.2 AND 32.53.3
OF THE SAN DIEGO MUNICIPAL CODE RELAT-
ING TO SALES AND USE TAX.

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Section 32.51 of the San Diego Municipal
Code be, and the same is hereby amended to read as follows:

"SEC. 32.51 PURPOSE

The City Council of The City of San Diego hereby
declares that these sections are adopted to achieve the
following, among other purposes, and directs that the
provisions hereof be interpreted in order to accomplish
those purposes:

(a) To adopt sales and use tax requirements which
comply with the requirements and limitations contained
in Part 1.5 of Division 2 of the Revenue and Taxation
Code of the State of California;

(b) To adopt sales and use tax requirements which
incorporate provisions identical to those of the Sales
and Use Tax Law of the State of California insofar as
those provisions are not inconsistent with the require-
ments and limitations contained in Part 1.5 of Division
2 of the said Revenue and Taxation Code;

(c) To adopt a sales and use tax law which imposes
one per cent (1%) tax and provides a measure therefor
that can be administered and collected by the State
Board of Equalization in a manner that adapts itself as
fully as practical to, and requires the least possible
deviation from, the existing statutory and administrative
procedures followed by the State Board of Equalization
in administering and collecting the California State
Sales and Use Taxes;

(d) To adopt sales and use tax requirements which can be administered in a manner that will, to the degree possible consistent with the provisions of Part 1.5 of Division 2 of the said Revenue and Taxation Code, minimize the cost of collecting city sales and use taxes and at the same time minimize the burden of record keeping upon persons subject to taxation under the provisions of these sections."

Section 2. That Section 32.52.1 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC. 32.52.1 SALES TAX - PLACE OF SALE

For the purposes of this ordinance, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-State destination or to a common carrier for delivery to an out-of-State destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the State sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the Board of Equalization."

Section 3. That Section 32.52.5 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC. 32.52.5 SALES TAX - EXCLUSIONS FROM GROSS RECEIPTS

There shall be excluded from the gross receipts by which the tax is measured:

- (a) The amount of any sales or use tax imposed by the State of California upon a retailer or consumer;
- (b) Receipts from sales to operators of common

carrier and waterborne vessels of property to be used or consumed in the operation of such common carriers or waterborne vessels principally outside of this City."

Section 4. That Section 32.53.2 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC. 32.53.2 USE TAX - STATE LAW - SUBSTITUTION OF NAMES

Wherever, and to the extent that, in Part 1 of Division 2 of the said Revenue and Taxation Code the State of California is named or referred to as the taxing agency, the name of this City shall be substituted therefor. Nothing in this subdivision shall be deemed to require the substitution of the name of this City for the word "State" when that word is used as part of the title of the State Controller, the State Treasurer, the State Board of Control, the State Board of Equalization, or the name of the State Treasury, or of the Constitution of the State of California; nor shall the name of the City be substituted for that of the State in any section when the result of that substitution would require action to be taken by or against the City or any agency thereof rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this section or subsections; and neither shall the substitution be deemed to have been made in those sections, including but not necessarily limited to, sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to provide an exemption from this tax with respect to certain storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such storage, use or other consumption remains subject to tax by the State under the provisions of Part 1 of Division 2 of the said

Revenue and Taxation Code, or to impose this tax with respect to certain storage, use or other consumption of tangible personal property which would not be subject to tax by the State under the said provisions of that Code; and in addition, the name of the City shall not be substituted for that of the State in Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797 and 6828 of the said Revenue and Taxation Code as adopted, and the name of the City shall not be substituted for the word 'State' in the phrase 'retailer engaged in business in this State' in Section 6203 nor in the definition of that phrase in Section 6203."

(b) The storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with Part 1.5 of Division 2 of the Revenue and Taxation Code by any city and county, county, or city in this State.

(c) The storage or use of tangible personal property in the transportation or transmission of persons, property or communications, or in the generation, transmission or distribution of electricity or in the manufacture, transmission or distribution of gas in intrastate,

interstate or foreign commerce by public utilities which are regulated by the Public Utilities Commission of the State of California.

(d) The use or consumption of property purchased by operators of common carrier and waterborne vessels to be used or consumed in the operation of such common carriers or waterborne vessels principally outside the City."

Section 6. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the city jail for a period of not more than six (6) months or by both fine and imprisonment. The provisions of Section 32.57 of the San Diego Municipal Code shall apply.

Each and all of the regulations, provisions, penalties, conditions and terms of such 'Uniform Plumbing Code, 1958 Edition, published by the Western Plumbing Officials Association,' on file in the office of the City Clerk, are hereby referred to, adopted and made a part hereof as if fully set out in this Article; including Appendix "A"; provided, however, that any of the provisions of said Uniform Plumbing Code as herein adopted which are in conflict with any of the provisions of this Article shall be superseded by the provisions of this Article; provided further that the following sections, subsections or portions of the above document are hereby amended as follows:

CHAPTER 1 - DEFINITIONS

Building drain--The building (house) drain is that part of the lowest piping of a drainage system which receives the discharge from all soil waste and other drainage pipes inside the walls of the building and conveys it to the building (house) sewer.

SECTION 313. INDEPENDENT SYSTEMS.

(a) The drainage system of each new building and of new work installed in any existing

building shall be separate and independent of that of any other building except as permitted in SEC. 313 (c).

(b) The drainage system of each habitable building on a corner lot shall be separate and independent of that of any other building.

(c) Buildings on an inside lot, having the same frontage, located on the same legally subdivided parcel of property and constructed so that each building overlaps the prolongation of another building, may be connected to one and the same building sewer.

(d) Public school districts, governmental agencies, churches, incidental accessory buildings, or large commercial or industrial installations may be granted deviations from the provisions of this section after plans have been submitted and approved by the Department of Building Inspection and the City Engineer's Office.

SECTION 401 - MATERIALS

(a) Building drainage pipe shall be cast iron soil pipe, copper tubing or lead pipe.

SECTION 406 - CLEANOUTS

(b) Each change of direction of horizontal drainage pipe shall be served by a cleanout if such change of direction exceeds twenty-two and one-half (22-1/2) degrees from a straight line, except that no cleanout shall be required for not to exceed one (1) forty-five degree change of direction or one (1) twenty-two and one-half (22-1/2) degree offset.

(j) There shall be installed a cleanout in each soil line at the point of connection with the Public Sewer at the property line, said cleanout shall be not more than three (3') feet inside the property line and shall be not more than twelve (12") inches below the finished grade line of the property. Cleanouts in paved areas shall be made accessible in the same manner as provided for in paragraph (f) of this section. All property line cleanout bodies shall be a minimum of four (4") inch size and of the same size as the line from the cleanout to the sewer main.

SECTION 503 - MATERIALS

(d) No vent shall offset horizontally unless the vertical vent above the horizontal offset is constructed of cast iron, copper or lead.

SECTION 604 - INDIRECT WASTE RECEPTORS

(b) Where water service connections are provided for a clotheswasher, an approved receptor shall be provided, or the waste may discharge into the trap of an adjacent laundry tray provided that an indirect connection is made on the inlet side of the trap above the water seal.

SECTION 614 - VERTICAL WET VENTING AND DOMESTIC FOOD DISPOSERS

(a) Waste food disposers shall be installed only with a separate properly vented trap and with a separate waste opening to receive the discharge therefrom. The discharge from no other fixture shall discharge into the waste food disposer.

(b) One waste food disposer and one sink may be connected to approved and properly installed fittings, located in a vertical waste line, provided that the waste openings serving the sink and disposer are not more than seven and one-half (7-1/2") inches center to center apart and that the waste food disposer is connected to the lower waste fitting. Center line of the horizontal outlet of the lower waste fitting shall be not less than nine (9") inches above the finished floor.

(c) A waste food disposer may be installed in a two-part sink in a dwelling. One of the sink compartments may be connected to the inlet side of a trap serving the food waste disposer by means of a continuous waste, said continuous waste connection shall be below the waste outlet of the grinder and shall be entirely above the water seal of the trap, and shall be installed in the most direct method with a minimum of fittings and shall not be more than thirty (30") inches in length. The disposer connection shall be immediately over the trap inlet.

(d) A food waste disposal unit shall not be connected to, or discharge into, an interceptor or separator.

SECTION 615 - SPECIAL VENTING FOR ISLAND FIXTURES

(a) Island Fixture Vents: Foot vents may be installed where fixtures are located in the center of rooms or away from walls or partitions, and where continuous venting would be impractical.

(b) Where foot venting is permitted, the horizontal section of the waste serving fixtures on such system shall be at least one pipe size larger than required in Table 3.

The vertical portion of the piping serving the foot vented fixtures shall extend to a point at least four (4") inches above the highest possible water line of the fixture served, then returned downward to the horizontal waste line and connected thereto.

The waste opening for the fixture trap connection shall be installed in the vertical line closest to the end of the horizontal waste line.

A vertical relief vent, extending independently through the roof or intersected into the venting system, shall be placed in the horizontal line on the sewer side of the foot vent.

The horizontal distance between the relief vent and the last fixture waste shall at no time exceed twelve (12') feet.

No other fixture shall be connected to any portion of the waste line between the fixtures being served and the relief vent.

(c) Foot venting shall be limited to not more than two sinks or similar fixtures on any one foot vent system.

SECTION 702 - TRAPS PROTECTED BY VENT PIPES

(c) A trap arm may change direction when such change of direction is accomplished by the use of not more than one (1) forty-five degree bend.

SECTION 802 - TYPE OF JOINTS

(f) Hot-Poured joints-- Approved hot poured compound for clay sewer pipe shall not be water absorbent and when poured against a dry surface shall have a bond of not less than 100 pounds per square inch. All surfaces of the joint shall be cleaned and dried before pouring. If wet surfaces are unavoidable, a suitable primer shall be applied. Compound shall not soften sufficiently to destroy the effectiveness of the joint when subjected to a temperature of 160° F. nor be soluble in any of the waste carried by the drainage system. Approximately twenty-five (25%) per cent of the joint space at the base of the socket shall be filled with jute or hemp. A pouring collar, rope, or other device shall be used to hold the hot compound during pouring. Each joint shall be poured in one operation until the joint is filled. Joints shall not be tested until one (1) hour after pouring. Hot pour compounds shall not be used except for repair of and connections to existing lines constructed with hot pour joints.

(g) Cement Mortar joints--Except for repairs and connections to existing lines constructed with such joints, cement mortar joints are prohibited.

Where permitted, cement mortar joints shall be made in the following manner: A layer of jute or hemp shall be inserted into the base of the annular joint space and packed tightly to

prevent mortar from entering the interior of the pipe or fitting. Not more than twenty-five (25) per cent of the annular space shall be used for jute or hemp. The remaining space shall be filled in one continuous operation with a thoroughly mixed mortar composed of one (1) part cement and two (2) parts sand, with only sufficient water to make the mixture workable by hand. Additional mortar of the same composition shall then be applied to form a one (1) to one (1) slope with the barrel of the pipe. The bell or hub of the pipe shall be left exposed and when necessary the interior of the pipe shall be swabbed to remove any mortar or other material which may have found its way into such pipe.

SECTION 802 (j) is hereby deleted.

SECTION 803 - USE OF JOINTS

(a) Clay sewer pipe -- Joints in vitrified clay pipe or between such pipe and metal pipe shall be made with mechanical compression joints.

SECTION 1007 -- WATER PRESSURE, PRESSURE REGULATORS AND PRESSURE RELIEF VALVES

(b) Excessive Water Pressure: Where local pressure is in excess of 100 pounds per square inch, an approved type pressure regulator preceded by an adequate strainer shall be installed and the pressure reduced to 100 pounds per square inch or less. Each such regulator and strainer shall be accessibly located; the strainer shall be readily accessible for cleaning without removing the regulator or strainer body or disconnecting the

supply piping. All pipe size determination shall be based on eighty (80) per cent of the reduced pressure.

(c) Water Heater Valve: All water heaters shall be provided with an approved pressure relief valve and a temperature relief valve, a combination pressure and temperature relief valve or a pressure relief valve and a high temperature energy shut-off device.

(1) Pressure Relief Valve Setting: Pressure relief valves and the pressure relief elements of combination pressure and temperature relief valves shall be set to open at not less than twenty-five (25) pounds per square inch in excess of the pressure setting of a pressure regulating valve if such valve is installed to regulate house water pressure. In no case shall the setting exceed tank working pressure.

(2) Valve Specifications. Each pressure and temperature relief valve shall be approved by the American Gas Association (A.G.A.) or other approved agency and must comply with A.S.A. Section 16. That Section 7 of Rule IV of the Rules of the Civil Service Commission and Section 23.0507 of the San Diego Municipal Code be, and the same are hereby amended to read as follows:

"SEC. 23.0507 REINSTATEMENT REQUESTS
(Section 7, Rule IV of the Rules of
the Civil Service Commission)

Reinstatement to an open eligible list may be had under the following conditions:

(1) Any employee who has served satisfactorily in permanent status or at least 6 months in limited status, and presently fulfills the minimum requirements for the class of employment, and who, without fault or delinquency on his part, resigns from his position or, in the case of a limited employee, is terminated due to lack of funds or work, may request reinstatement to the eligible list for the class of position in which such service was rendered, and/or to the eligible list for a lower class of position for which he is qualified. A permanent employee may request reinstatement after 3 months and within 2 years from the date of resignation. A limited employee may request reinstatement immediately upon

termination but within 2 years from the date of termination.

(a) The Commission shall, in its discretion, grant or deny such request. If the request is granted, the position on such eligible list shall be determined by the Commission. Eligibility shall continue for a period of 2 years, unless the name is removed in accordance with Rule II, Section 7.

(b) On recommendation of the appointing authority and the Personnel Director, the Commission may waive the age requirement for any former employee requesting reinstatement.

(2) If no appropriate eligible list exists, anyone granted reinstatement under this rule shall have the same eligibility as though there were such a list. After the expiration of the eligible list on which there is a reinstated name, such name shall continue to have eligibility until the completion of the prescribed 2-year period, provided that within such period it shall be placed on succeeding eligible lists for the same class of position, according to the position originally approved by the Commission.

ZONE.

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Section 101.0413 of the San Diego
Municipal Code be, and the same is hereby amended to read
as follows:

"SEC. 101.0413 R-1 ZONE

In an R-1 Zone no building or premises shall
be erected, constructed, converted, established,
altered and/or enlarged or used except for one or
more of the following uses:

(1) Only one single family dwelling may
be erected on any one lot, as defined by
Section 101.0101.23; provided, however, that
not more than two (2) persons in addition to
members of the family may be boarded or lodged
therein; and further provided that all boarders
and/or lodgers shall be housed within the single
family dwelling and not in any permitted acces-
sory building;

(2) Farms, truck gardens, including all
types of agriculture and horticulture except com-
mercial dairies, poultry, rabbit, fox, goat or
hog farms, or any commercial raising of animals
or fowl;

(3) Nurseries and greenhouses used only for
the propagation and cultivation of plants, pro-
vided all fertilizers, empty containers and planting

materials are stored a minimum of seventy (70) feet back of street frontage;

(4) Public parks, public playgrounds;

(5) Regulation golf courses;

(6) Accessory buildings and uses customarily incident to any of the above permitted cases.

A lot in an R-1 Zone shall contain not less than 5000 square feet, and shall have a width and street frontage of not less than 50 feet; provided, however, that the above minimum area and width requirements shall not apply to any lot or parcel of land appearing of record on a map or plat on file in the office of the County Recorder of San Diego County, prior to October 4, 1926. In any case where topographic or other unusual conditions exist which would make it unreasonable to enforce said lot width and street frontage requirements and which would result in denying the owner the reasonable use of his land, and where the best interests of the City would not be jeopardized, the Planning Commission may recommend to the Council that said lot width and street frontage be reduced and the Council, in its discretion, may accept, reject or modify said recommendation.

Where the entire lot is not under same ownership, no building shall be erected on a portion of a lot, unless first authorized by zone variance pursuant to Section 101.0503, except, as provided in Section 102.01."
