AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON TUESDAY, JUNE 5, 1962, FOR THE PURPOSE OF PROPOSING AND SUBMITTING TO THE ELECTORS OF SAID CITY A PROPOSITION TO AMEND THE CHARTER OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE PRIMARY ELECTION TO BE HELD IN SAID CITY ON JUNE 5, 1962.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. There is hereby ordered, called and proclaimed a special municipal election to be held in the City of San Diego, California, on the 5th day of June, 1962; and pursuant to the provisions of Section 8 of Article XI of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election the following proposition:

PROPOSITION _____

Amend Section 54 of Article V of the Charter of The City of San Diego to read as follows:

"Section 54. HARBOR DEPARTMENT.

(a) The Mayor, with the approval of the Council, shall appoint five electors of the City as members of the Harbor Commission, one to serve for one year, one for two years, one for three years, one for four years, and one for five years. Thereafter, members of the Harbor Commission shall be appointed to serve for five years and until their successors have been appointed and qualified. The members of the Harbor Commission in office at the time this amendment becomes effective shall remain in office until their successors are appointed and qualified. The Council may at any time by a vote of at least

five (5) of their members remove from office any or all of said Harbor Commissioners. The members of the Harbor Commission shall serve without pay.

(b) The Harbor Commission is vested with jurisdiction and authority to exercise in the name of the City of San Diego such powers as are prescribed by general laws now in force and hereafter enacted, together with such additional powers and duties as may be prescribed by ordinance, this Charter, or the laws of the United States. The Commission shall have jurisdiction, supervision, management and control of the Bay of San Diego fronting upon The City of San Diego and within the jurisdiction of said City, including all tide and submerged lands, whether filled or unfilled, situated below the line of mean high tide within said bay, except, however, such tide and submerged lands within said bay which have heretofore or which hereafter may be transferred to the exclusive control of the United States, and excepting further such other tidelands as may by vote of the people or act of the State Legislature be transferred to a purpose and use inconsistent with commerce, navigation and fisheries.

(c) The Harbor Commission shall have power to adopt, with the approval of the Council by ordinance, such rules and regulations as may be necessary to exercise and carry out the powers and duties prescribed by this Charter for said Harbor Commission.

(d) The Harbor Commission, subject to the Civil Service provisions of this Charter, shall appoint a Port Director, together with such other officers, employees and subordinates as may be necessary in the judgment of said Harbor Commission to carry out the duties prescribed by this Charter for said Harbor Commission and for the promotion of commerce, navigation and fisheries. All such

offices and employments shall be created by ordinance upon the direct recommendation of the Harbor Commission. The Harbor Commission shall also have authority and power to employ legal counsel whenever in the judgment of said Commission such employment is necessary.

(e) The Port Director shall be the chief administrative officer of the Harbor Commission, and he shall exercise such powers and perform such duties as may be prescribed by the Harbor Commission. In addition to any duties imposed by the Harbor Commission and this Charter the Port Director shall also perform such duties as may be imposed upon harbor masters, port directors and administrative heads of harbors and ports by State or Federal law.

(f) All revenues derived from the tidelands and the operation of San Diego Harbor shall be used exclusively for the purpose of improving the harbor and tidelands fronting thereon, including the payment of principal and interest of any general obligation bonds or revenue bonds issued by the City for the improvement of the harbor or of tidelands fronting thereon, and the maintenance and operation of the Harbor Department. Each year there shall be appropriated from funds derived from said revenues the amount or amounts required by any ordinance or resolution authorizing or providing for the issuance of revenue bonds for the improvement of the harbor or of tidelands fronting thereon and such amount or amounts, if any, as the Council shall direct for the payment of principal of and interest on general obligation bonds of the City issued after June 15, 1960, for the improvement of the harbor or of tidelands fronting thereon. If, at the time of submission of its annual budget estimate, as provided in Section 69 of this Charter, the Harbor Commission determines there are or will

be revenues available for the payment of any principal or interest coming due the next fiscal year on general obligation bonds of the City issued prior to June 15, 1960, for harbor purposes, said revenues may be appropriated and used for such payment.

(g) The Harbor Commission shall have authority to lease tidelands for such terms and upon such conditions as may be authorized by law; provided, however, that no lease of any tidelands within the jurisdiction of the City for a term longer than one year shall be valid unless said lease shall have been confirmed by the Council.

(h) Any municipal air ports now established or which may hereafter be established on the tidelands shall be under the control and supervision of the Harbor Commission until such time as the Council by ordinance shall create a Department of Aviation, at which time the Council may provide in such ordinance for the control, regulation and supervision of municipal airports by the Department of Aviation.

(i) And all matters concerning the development of the Harbor of San Diego in which the Planning Commission of The City of San Diego shall have an interest, and which relate to the planning and zoning of The City of San Diego, shall be referred by the Harbor Commission to the Planning Commission for recommendation before final action is taken thereon. In the event of a disagreement between the Harbor Commission and the Planning Commission concerning such proposed development, the matter shall be referred to the Council, whose decision on such development shall be final."

Said proposition shall be presented and printed upon the ballot and submitted to the voters in the manner and form set out in Section 3 of this ordinance.

Section 2. That the polls for said election shall be

opened at seven o'clock A.M. of the day of said election and shall remain open continuously from said time until seven o'clock P.M. of the same day, when said polls shall be closed, except as provided in Section 14436 of the Elections Code of the State of California.

- (e) Container shall mean any can, bucket, barrel, drum or portable tank, except stationary tanks, tank vehicles and tank cars.
- (f) Liquid Fuels Liquid fuels shall be classified as flammable liquids, combustible liquids or flammable liquefied gases.

1. Flammable Liquid. The term flammable or inflammable liquid means any liquid which gives off flammable vapors (as determined by flash point from an open-cup tester as used for burning oils) at or below a temperature of 80°F. (Fahrenheit)

Flammable liquids shall be referred to by grades as follows:

- (a) Grade A: Any flammable liquid having a Reid vapor pressure of 14 pounds or more.
- (b) Grade B: Any flammable liquid having a Reid vapor pressure under 14 pounds and over 8½ pounds.
- (c) Grade C. Any flammable liquid having a Reid vapor pressure of 8½ pounds or less and a flash point of 80°F. or below.

2. Combustible Liquid means any liquid having a flash point above 80°F. as determined from an open-cup tester, as used for test of burning oils. Combustible liquids shall be referred to by grades as follows:

- (a) Grade D: Any combustible liquid with a flash point below 150°F.
- (b) Grade E: Any combustible liquid having a flash point of 150°F. or above.

(3) Marine Fuel Depots shall be divided into two classes as follows:

Marine Service Stations shall include those intended for servicing small craft and which no single delivery to any craft shall exceed 2500 gallons.

Marine Fuel Stations shall include those intended for servicing large craft and at which single deliveries to any craft may exceed 2500 gallons."

Section 2. That Section 55.08.1 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.1 MARINE FUEL FACILITIES - PERMIT REQUIRED

Section 3. That Section 55.08.2 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.2 MARINE FUEL FACILITIES - SPECIAL PERMIT - COUNCIL AUTHORIZATION REQUIRED
The City Council, upon application thereto, by resolution, may authorize the Fire Chief to issue a special permit for the storage, handling, sale or transfer of flammable or combustible liquids or liquefied flammable gas at a marine fuel facility in existence at the time of adoption of this section, which installation does not meet the requirements of this section and when failure to issue such permit would result in undue hardship to the operation of such installation, provided, however, that the operation under such special permit will not constitute a distinct hazard to life or property."

Section 4. That Section 55.08.3 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.3 MARINE FUEL FACILITIES - APPLICATION FOR PERMIT

Every applicant for such permit to store, handle, sell or transfer flammable or combustible liquids or liquefied flammable gas at a marine fuel facility shall file with the Fire Chief and Port Director his written application which will state the name and address of the applicant, a description of the property, its location, street and number where the installation exists or is to be erected, existing or proposed fire protection devices and systems to be provided and the name and address of the contractor who is to perform any new work. Section 5. That Section 55.08.4 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.4 MARINE FUEL FACILITIES - ISSUANCE OF PERMIT, SUSPENSION AND REVOCATION.

On receipt of the application, the Fire Chief and Port Director shall issue such permit if the Fire Department investigation discloses that the facts as set forth in the application are true, the safety conditions in and about the premises wherein and whereupon it is proposed to construct such installation and the installation itself conforms to the requirements of this code and the laws of the State of California and there will be no above ground bulk storage of flammable or combustible liquids. Where above ground bulk storage of flammable or combustible liquids is proposed in conjunction with a marine fuel facility, the application shall be submitted to the City Council for approval. A violation of permit requirements shall be grounds for denial of such permit, or if previously issued, grounds for suspension or revocation."

Section 6. That Section 55.08.5 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.5 MARINE FUEL FACILITIES - STORAGE AND DIKING REGULATED

The storage of flammable or combustible liquids and liquid

flammable gases at petroleum marine facilities shall be subject to the following rules and regulations:

- (a) Storage of flammable or combustible liquids at marine fuel facilities shall be in closed containers or tanks outside of any building.
- (b) Storage of Grades A, B, C, D, or E liquids at marine service stations shall be underground in approved tanks except as hereinafter provided.
- (c) Not to exceed 5 gallons of flammable or combustible liquids may be stored above ground, in closed containers, and outside of any building at marine service stations, except the Fire Chief may approve the use of one approved type 60-gallon gasoline buggy for dispensing flammable or combustible liquids at a marine service station.
- (d) No person shall install, maintain, transport, store, dispense or use any liquefied petroleum gas except in accordance with the provision of the City of San Diego Municipal Code and the Liquefied Petroleum Gases Safety Orders issued by the Department of Industrial Relations of the State of California. When not in actual use, liquefied flammable gas cylinders must be provided with shields or guards, in place, to prevent accidental damage to valves and fittings. The storage or filling of leaking or damaged containers or containers other than those meeting the requirements of orders 4933 and 4934 of the California Administrative Code, Title 8, is prohibited.
- (e) Containers, tanks, equipment and apparatus, which by reason of accepted principles or standard tests, conducted by recognized national authorities or technical or scientific organizations, are suitable for the purpose intended or are listed or labelled by the Underwriters Laboratories, Inc., or the Factory Mutual Laboratories shall be considered as meeting the requirements of this section.

- (f) All above-ground tanks at marine fuel facilities shall be diked so as to provide sufficient net impounding basin capacity to retain the volume of the largest tank plus 10 per cent of the volume of all other tanks served by these impounding means.
- (g) Dikes shall be constructed of concrete designed to be liquid tight and to withstand the full hydraulic head. If the floor of the diked area is pervious, it shall be sealed.
- (h) Provision shall be made for draining water from diked areas. The drains shall normally be kept closed and locked and shall be designed so that, when in use, they shall not permit flammable or combustible liquids to enter natural water courses, public sewers, or public drains of the Bay of San Diego
- (i) The bottom of the impounding basin shall be smoothly graded and sloped toward a well defined sump. The slope shall be sufficient to prevent puddling of liquids but not less than one per cent.
- (j) Provision must be made for the prompt removal of flammable or combustible liquid spillages from within impounding basins. Such facilities must be provided on the demand of the Fire Chief or the Port Director."

Section 7. That Section 55.08.6 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.6 MARINE FUEL FACILITIES - INSTALLATION REGULATED

- (a) Tanks and piping for flammable and combustible liquids, both above ground and underground, shall be protected from external corrosion in accordance with generally accepted good practices.

- (b) Tanks and pipe systems shall be substantially supported and protected against physical damage and excessive stresses. A valve shall be provided in each line at or near the approach to the pier or wharf, whereby supply from shore may be cut off.
- (c) Not more than two flexible connections shall be provided in any line leading from a pier or wharf to a float. An approved valve shall be provided on the pier or wharf to stop flow to the float in the event of rupture of such flexible connections.
- (d) Pumps supplying flammable or combustible liquids at marine fuel facilities shall be located on shore or on a pier of solid fill type. Unless fabricated with steel cases, pumps shall not be permitted within dikes surrounding above ground tanks.
- (e) All commodity piping at marine fuel facilities shall be of welded and flanged steel construction except that screwed piping, 2 inches and smaller in nominal size may be permitted if approved in writing by the Fire Chief. Cast iron valves, flanges, fittings and accessories and valves or fittings made of low melting materials such as bronze, brass and aluminum shall not be used. This section shall not apply to liquefied flammable gases held for storage or sale.

Section 8. That Section 55.08.7 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC 55.08.7 MARINE FUEL FACILITIES - DISPENSING METHODS AND DEVICES REGULATED

- (a) Wharves, piers, or floats at marine fuel facilities shall be used exclusively for the dispensing or transfer of fuel to or from marine craft except that transfer of essential ships stores is permitted at marine fuel terminals and marine fuel stations.
- (b) Dispensing of flammable or combustible liquids at marine fuel depots shall at all times be under the direct control of a competent person.
- (c) Dispensing of Grades A, B, and C liquids at marine fuel depots into the fuel tanks of marine craft shall be only by means of hoses equipped with a self-closing nozzle and with a valve, which must be held open manually while making the delivery. All cargo hose shall be capable of withstanding a pressure equal to the maximum working pressure of the system on which it is used. Cargo hose shall be tested at least once each year at a pressure of not less than 125 psi and a record of such tests shall be maintained at the terminal. In the case of tank vessel hose, record of tests will be kept aboard tank vessel.
- (b) At all times when a tank vessel is lying at a wharf it shall have lines of such length and tightness as to prevent a surge of the vessel from placing stress on the hose.

- (e) In loading Grades A, B, and C cargoes, there are no fires or open flames present on the deck, or in any compartment which is located on, facing, open and adjacent to that part of the deck on which cargo hose is connected.
- (f) The shore terminal or the other tank vessel concerned has reported itself in readiness for transfer of cargo.
- (g) All sea valves connected to the cargo piping system are closed.

1. Are warnings displayed as required?
2. Is there any repair work in way of cargo spaces being carried on for which permission has not been given?
3. Is cargo hose of sufficient length properly connected and supported and are cargo valves properly set?
4. Have all cargo hose connections for loading Grades A, B, and C cargoes been made to the vessel's pipelines?

5. Are there any fires or open flames present on the deck or in any compartment which is located on, facing, open and adjacent to that part of the deck on which the cargo hose is connected?
6. Has the shore terminal or other tank vessel concerned reported itself in readiness for transfer of cargo?
7. Are sea valves connected to the cargo system closed?
8. If Grades A, B, and C cargoes are to be loaded and boiler fires are lighted, has an inspection been made to determine that they may be operated with reasonable safety?
9. If Grades A, B, and C cargoes are to be loaded and galley fires are lighted, has an inspection been made to determine that they may be operated with reasonable safety?
10. If Grades A, B, and C cargoes are to be loaded, has an inspection been made to determine whether smoking is to be permitted?
11. If smoking is to be permitted, have spaces been designated for this purpose?
 - (a) Tank vessel officer shall see that all scuppers are effectively plugged before transferring is commenced and that they so remain during the entire time the cargo is being transferred except on tank vessels using water for deck cooling or during rain storms. Pump room sea valves shall be closed and lashed to indicate that they should not be open during all cargo loading operations. Under no circumstances shall such valves be secured by locks.

SEC 55.08.17 CONDITIONS REQUIRING SUMMARY ACTION

Cargo transfer operations shall not be started, or if started shall be discontinued by either the officer of the vessel or the terminal superintendent when any of the following conditions come to his attention:

- (f) If a serious vapor condition develops aboard or around the vessel or wharf.
- (g) If any emergency occurs which in the opinion of the tank vessel officer or the terminal superintendent constitutes a potential hazard to the ship or facilities.
- (h) When ordered to do so by the Port Director or the Fire Chief.

SEC 55.08.18 OVER-ALL LOADING

a tug boat shall be on a stand-by call to move the vessel in an emergency. The terminal superintendent shall notify the Fire Department of the circumstances by telephone as soon as possible prior to the start of repair operations.

- (c) A copy of these regulations shall be maintained at the terminal office available for reference at any time by persons employed in the terminal or on any vessel at the terminal.

"SEC. 95.0302--DEFINITIONS

For the purposes of this division, the following words and phrases shall be construed as defined in the following sections, unless from the context a different

meaning is intended, or unless a different meaning is specifically defined and more particularly directed to the use of such words or phrases, and such definitions shall be applicable only to those scenic freeways, landscaped freeways, scenic highways, parkways, or portions thereof, declared by ordinance of the City Council to be within the regulatory provisions of this division, after findings and a determination that such regulations are necessary in accordance with the purposes stated in Section 95.0301.

"SEC. 95.0302.1 FREEWAY--DEFINED

FREEWAY shall mean a highway in respect to which the owners of abutting lands have no right or easement of access to or from their abutting land, or in respect to which such owners have only limited or restricted right or easement of access and which is declared to be a freeway as provided by the Streets and Highways Code of the State of California.

"SEC. 95.0302.2 LANDSCAPED FREEWAY--DEFINED

LANDSCAPED FREEWAY shall be deemed to mean a section or sections of a freeway which is now, or hereafter may be, improved by the planting of at least on one side of the freeway right of way lawns, trees, shrubs, flowers or other ornamental vegetation, which shall require reasonable maintenance, as provided in the California Business and Professions Code Section 5211.

Planting for the purpose of soil erosion control, traffic safety requirements, reduction of fire hazards, or traffic noise abatement, shall not change the character of a freeway to a landscaped freeway, as provided in said California Business and Professions Code Section 5211.

"SEC. 95.0302.3 SCENIC HIGHWAY OR FREEWAY--DEFINED

SCENIC HIGHWAY or FREEWAY shall mean a section or sections of a highway or freeway in respect to which the City Council of the City of San Diego has declared by ordinance to be a scenic highway or freeway because the view from such a highway or freeway encompasses natural and/or man-made phenomena which possess unusual beauty, or an array of imposing vistas, which attract the interest and attention of the beholder.

"SEC. 95.0302.4 PARKWAY--DEFINED

PARKWAY shall mean a section of a street or highway in respect to which the City of San Diego by ordinance has declared that such section of a street or highway is in fact a parkway, because such section is especially landscaped or is a scenic portion of the freeway, expressway, and major street system, which serves and connects the most important parks and scenic areas.

"SEC. 95.0302.5 OUTDOOR ADVERTISING DISPLAY SIGN--DEFINED

OUTDOOR ADVERTISING DISPLAY SIGN shall include those signs defined under similar heading in Section 95.0101 of the San Diego Municipal Code, except that, for purposes of this division, the following signs shall not be included:

- (a) Official notices issued by any court or public body or officer;
- (b) Notices posted by any public officer in performance of a public duty or by any person in giving legal notice;
- (c) Directional warning or information structures required by or authorized by law or by Federal, State or County authority.

"SEC. 95.0302.6 SIGN--DEFINED

SIGN shall mean the same as Outdoor Advertising Display Sign.

"SEC. 95.0303--PROHIBITED SIGNS

No outdoor advertising display sign shall be constructed or maintained within five hundred (500) feet of any portion of a scenic freeway, landscaped freeway, scenic highway or parkway, if the advertising on such sign is designed to be viewed primarily by persons traveling on such scenic freeway, landscaped freeway, scenic highway or parkway. The regulatory provisions of this section and this division shall apply only to those scenic freeways, landscaped freeways, scenic highways or parkways declared by ordinance of the City Council, after findings and determination, to come within the purposes of Section 95.0301.

For the purpose of this division, a sign shall be deemed to be designed to be viewed primarily by persons traveling on such scenic freeways, landscaped freeways, scenic highways or parkways if such sign comes within any of the following provisions:

- (a) A sign display which is located within five hundred (500) feet of the nearest boundary line of a scenic freeway, landscaped freeway, scenic highway or parkway and which is visible only from the declared highway and not from any other street;
- (b) A sign display which is located within two hundred (200) feet of the nearest boundary line of any scenic freeway, landscaped freeway, scenic highway or parkway and which is located to face away from said roadway so that the angle of the advertising face of the sign with a line perpendicular or radial to the centerline of said

roadway, measured from said perpendicular or radial line is not less than fifty-five degrees (55°).

For the purpose of this division, a sign shall NOT be deemed to be designed to be viewed primarily by persons traveling on such scenic freeways, landscaped freeways, scenic highways or parkways if such sign comes within any of the following provisions:

- (a) A sign display which is located within five hundred (500) feet, but more than two hundred (200) feet from the nearest boundary line of a scenic freeway, landscaped freeway, scenic highway or parkway, and which is located to face away from said roadway so that the angle of the advertising face of the sign with a line perpendicular or radial to the centerline of said roadway, measured from said perpendicular or radial line is not less than twenty degrees (20°);
- (b) Notwithstanding the above provisions, a sign display which is located within five hundred (500) feet of the nearest boundary line of a scenic freeway, landscaped freeway, scenic highway or parkway, and which is not visible from any roadway within such scenic freeway, landscaped freeway, scenic highway or parkway.

For the purpose of this division, the boundary line of a scenic freeway, landscaped freeway, scenic highway or parkway shall mean the outer edge of the pavement of such scenic freeway, landscaped freeway, scenic highway or parkway.

Shown on Exhibit 1 of this section are examples illustrating the applicability and nonapplicability of the definitions relating to signs designed to be viewed primarily by persons traveling on highways.

"SEC. 95.0304--REMOVAL REQUIRED

1. All outdoor advertising display signs, as defined herein, which do not conform to the regulations of this division but which were legally existing at the time of the adoption of this division, shall be regarded as non-conforming and may be continued; provided, that within three (3) years after:

- (a) The effective date of the ordinance adopting this section; or
- (b) The date on which a scenic freeway, landscaped freeway, scenic highway or parkway is declared by action of the City Council to be within the provisions contained in this division, whichever is later,

all sign displays which are in conflict with the provisions of this division shall be removed or shall be rearranged or relocated so as to eliminate any conflict with the provisions of this division.

2. No such nonconforming signs shall be altered, reconstructed or relocated unless the same when so altered, reconstructed, or relocated will comply with all the provisions of this division.

"SEC. 95.0305--EXEMPT OUTDOOR ADVERTISING DISPLAY SIGNS

The provisions of Section 95.0303 and Section 95.0304 shall not apply to any sign if the same is used exclusively as follows:

1. One (1) sign not exceeding eight (8) square feet in area in Zone R-4 and all more restrictive zones, and one (1) sign not exceeding thirty-two (32) square feet in area in all other zones, used exclusively to advertise the sale or lease of the property upon which the sign is placed; provided, that no such sign erected on the ground shall exceed eight (8) feet in total height. More than one such

sign located on the same premises shall be permitted:

(a) If placed not less than five hundred (500) feet from any other such sign on the same premises; or

(b) If the advertising on such sign or signs is not legible from a landscaped or scenic freeway;

2. Signs designating the name of the owner or occupant of the premises upon which such signs are placed, or to identify such premises;

3. Signs advertising goods manufactured, or produced, or services rendered, on the property upon which such signs are placed.

"SEC. 95.0306--CONSTRUCTION STANDARDS

1. NO display sign shall be maintained, constructed, altered or relocated hereafter within five hundred (500) feet of the nearest boundary line of any portion of a scenic freeway, landscaped freeway, scenic highway or parkway, unless such sign is entirely supported on vertical steel posts or columns with all design loads and forces supported thereby, without external bracing or guy wires, if the advertising thereon is designed to be viewed primarily by persons traveling on such highway.

2. NO portable sign shall be erected or placed within five hundred (500) feet of the nearest boundary line of any scenic freeway, landscaped freeway, scenic highway or parkway.

"SEC. 95.0307--PERMITS

No building or electrical permit shall be issued for any outdoor advertising display sign if the work is located or proposed to be located within five hundred (500) feet of the nearest boundary line of any scenic freeway, landscaped freeway, scenic highway or parkway or portions thereof

that have been declared by the City Council to be within the regulatory provisions of this division, except as permitted in Section 95.0305.

"SEC. 95.0308 DISPLAY SIGNS--BOARD OF ZONING APPEALS

A denial by the appropriate City department of an application for a building or electrical permit for any outdoor advertising display sign may be appealed to the Board of Zoning Appeals in the same manner and with the same fee as provided in Chapter X of the San Diego Municipal Code for appealing zone variance decisions of the Zoning Administrator. If no appeal is filed from the department decision, then such decision shall be final. If the decision is appealed to the Board of Zoning Appeals, the decision of that Board shall be final.

"SEC. 95.0309--ENFORCEMENT

All signs which are determined to be unsightly, unsafe, corroded, dilapidated, or in violation of any of the provisions of this division, are hereby declared to be public nuisances and shall be abated by repair, rehabilitation, demolition or removal in accordance with the procedure specified in Section 203 of the Uniform Building Code adopted as part of the San Diego Municipal Code."

Section 2. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the city jail for a period of not more than six (6) months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

OF COMPENSATION FOR OFFICERS AND
EMPLOYEES OF THE CITY OF SAN DIEGO.

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council finds and determines that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies for comparable services; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for bi-weekly salaries, containing minimum, maximum and intermediate range steps for each standard rate. Said compensation schedule is attached hereto as Exhibit "A."

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION," as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego, plus the monetary value, as determined by the department head with the approval of the Civil Service Commission, of such housing, lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the standard rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the standard rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Classified Service of The City of San Diego the Standard Rate Numbers, providing uniform compensation for like service, attached hereto as Exhibit "B," are hereby adopted. Increases in compensation within the range limits of the Standard Rate Number attached to the position may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

Section 4. For all positions in the Unclassified Service of The City of San Diego the Standard Rate Numbers, attached hereto as Exhibit "C," are hereby adopted.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate Numbers attached to the position in said Exhibit "C."

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate Number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight-hour day and a forty-hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average forty-hour week and eight-hour day throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 A.M. or after 6:00 P.M. or (2) on a long-term schedule, working a shift regularly split by more than two consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or non-managerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employees' compensation. When one or more of the said working conditions are commonly accepted conditions for the class of

employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and non-managerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two hours, and shall be computed at the employee's regular rate or at one and one-half times said rate, if the employee is eligible for premium overtime pay.

Section 7. In fixing and approving the Standard Rates for the officers and employees of the City this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a standard rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

Section 8. There is hereby created a class to be known

as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. The compensation schedule established by Ordinance No. 8475 (New Series) is hereby continued in force and effect through the pay period ending July 5, 1962. The compensation schedule established by this ordinance shall become effective with the pay period commencing July 6, 1962.

Section 10. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

She never did return to my wicket, not once that final week. I did get a chance to speak to her elsewhere, asking, as courteously as possible, if she recalled the transaction.

"Why, I wasn't even here on handicap day," she coolly answered....

Crazy Kid In Gold Cup At 100

JOGS: Intriguing to several thousand San Diego racing bugs who have followed his career at Caliente and Del Mar is the 109-pound impost given Crazy Kid in the \$162,000 Hollywood Gold Cup July 14. Kelso, now in New York, is highweight at 132 and T.V. Lark, on the grounds, has 125. Carry Back, second high at 127, also is in New York....

Worthy of the library of anyone interested in racing, or just horses, is the 346-page Silver Anniversary issue of Thoroughbred of California. It's replete with interesting stories by such historians as B. K. Beckwith, Kent Cochrane, Barry Whitehead and Col. F. W. Koester....

Also valuable are a beautiful color-plate album of great California horses and Dick Nash's compendium of California stakes winners, listed alphabetically, from 1934, when mutual betting was legalized, through the last Santa Anita meeting.

It is intended by these sections that the legitimate and recognized charitable and religious organizations should not be hampered by the provisions contained herein, and the Director is given discretion to waive certain of the provisions. Such provisions should be waived only after a careful determination that the public interest will not be adversely affected thereby and that such waiver will not aid in the commission of a fraud or misrepresentation upon the persons being solicited for contribution.

It shall be unlawful for any promoter, in any manner whatsoever, to solicit in public within The City of San Diego any contribution for any actual or purported charitable purpose, or for other purposes, associations,

or institution, unless said promoter shall have first obtained a license from the Director of Social Service so to do.

SEC. 57.01.37 SAME - PROMOTERS - APPLICATION

To obtain such license such promoter shall make and file, at least fifteen (15) days before the proposed commencement of such solicitation in public, an application in writing and under oath with the said Director of Social Service. In such application the applicant shall set forth, in addition to such other information as may be required by the Director of Social Service:

(a) The name and address of the applicant, and if such applicant be a corporation, the name and address of each of its managing officers and agents, and, if it be an unincorporated association, firm or partnership, the name and address of each member of such unincorporated association, firm or partnership;

(b) A succinct statement of facts showing that the applicant, if not a corporation or an unincorporated firm, association or partnership, is of good character and reputation, or if the applicant be a corporation that each of its managing officers and agents is of good character and reputation, or if the applicant be an unincorporated association, firm or partnership that each of its members is of good character and reputation;

(c) The general plan, character and method in or by which applicant proposes to conduct its or his business as a promoter, a statement of any and all agreements or understandings made or had with any person or association in whose behalf such solicitation is being conducted, together with at

least one copy each of any such agreement or understanding which may be in writing, and specifically the amount of pecuniary compensation or consideration or percentage of any fund solicited or raised he or it is to receive for said promotion or solicitation.

SEC. 57.01.38 SAME - PROMOTERS - BOND

At the time of so filing with the Director of Social Service an application for such license the applicant shall file and thereafter maintain with the department if the said license is granted, a good and sufficient bond in the aggregate sum of five thousand dollars (\$5,000.00), running to The City of San Diego for the use and benefit of interested persons and parties, to be approved by the City Attorney, executed by the applicant and by two or more responsible sureties, or a surety company authorized to do business in the State of California. The total aggregate liability on said bond shall be limited to the payment of five thousand dollars (\$5,000.00), said bond shall be conditioned upon the strict compliance by the principal with the provisions of this section and the payment of any direct pecuniary loss sustained through any act of grand or petty theft on the part of the principal, by any donor, or by any person on whose behalf the funds or personal property were solicited or received by the principal.

(a) Said bond shall remain in force and effect until said bond and undertakings in the solicitation of contributions by the promoter are cancelled by the sureties. The sureties may cancel said bond and be relieved of further liability thereunder by delivery of thirty days' written notice to the department. Such cancellation shall not affect any liability incurred or accrued thereunder prior to the termination of said thirty-day period.

(b) Any person who sustains any injury covered

by said bond may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damage sustained by him.

(c) Upon such action being commenced, such bond shall not be void upon first recovery thereon, but may be sued upon from time to time until the whole of such penalty shall be exhausted. The Director of Social Service may require the filing of a new bond, and immediately upon the recovery in any action on such bond such promoter shall file a new bond, and upon failure to file the same within ten (10) days in either case the Director of Social Service shall forthwith suspend such promoter's license to solicit.

(b) That applicant has sufficient financial responsibility to carry out the obligations incident to any solicitation such applicant may make within The City of San Diego as such promoter, and that all of the statements made in such application are, and each of them is, true and that neither the applicant, nor any officer, agent or member of the applicant has engaged in any fraudulent transaction or enterprise, and that the applicant intends to conduct its business fairly and honestly and agrees in writing to uphold the provisions of this section and subsections, the Director of Social Service shall issue to the applicant a license to solicit as a promoter within The City of San Diego. Otherwise, the Director of Social Service shall deny the application and refuse to issue a license, and shall notify the applicant of his decision by registered mail, giving him a written statement of his findings of fact, and notifying him of his right to a hearing and appeal on the denial. Said Director of Social Service shall issue or refuse to issue said license within fifteen (15) days of the filing of said application;

(c) Provided, however, that if the only ground for such refusal or denial is such that it does not substantially affect applicant's honesty and integrity, and if the inability of the applicant to meet any requirement will not in any way interfere with a proper performance by the applicant of his duties as such promoter, the Director of Social Service may waive such grounds and grant the application. This proviso relates only to paragraphs (a) and (b) of this section.

If the said Director of Social Service shall refuse to approve an application for license as provided for in Sections 57.01.36 to 57.01.40 both inclusive, or if the license already issued shall be revoked, the person, organization, society, association, corporation, firm or partnership, or any agent or representative thereof, affected thereby, may appeal to the City Manager of The City of San Diego within five (5) days after receiving notice of such revocation or refusal.

(c) At the time of filing said application for a Certificate of Registration, the applicant shall file with the department and thereafter maintain, if he is granted a Certificate of Registration, a bond approved by the City Attorney in the sum of five hundred dollars (\$500.00), conditioned for the payment of any direct pecuniary loss which may be sustained by any donee, or by any person or association on whose behalf any contribution was solicited or received through any act of grand or petty theft committed by such person;

(d) The provisions of paragraphs (a), (b), (c) and (d) of Section 57.01.38 above shall apply to bonds filed pursuant to this section;

(e) If the application for a Certificate of Registration is approved by the Director of Social Service, said applicant shall be granted a Certificate of Registration signed by the Director of Social Service stating that said applicant is a registered solicitor. Upon the granting of said certificate said Director of Social Service shall forward said certificate to the City Treasurer who shall deliver said certificate upon payment by the applicant of a fee of three dollars (\$3.00);

If the said Director of Social Service shall refuse to approve an application for a Certificate of Registration, as provided for in Sections 57.01.44 and 57.01.45, or if such certificate already issued shall be revoked, the said solicitor affected thereby may appeal to the City Manager of The City of San Diego within five (5) days after receiving notice of such revocation or refusal."
