"SEC. 65. 02 STREET LIGHTING SYSTEM OPERATION ACT - PURPOSE.

This Article shall be entitled 'STREET LIGHTING SYSTEM OPERATION ACT, 1962'. It is the intention of this Council, by the passage of this Act, to provide for the furnishing of electric current to lighting systems along public ways when the property benefited is served by a single public utility whose rates are subject to regulation by the Public Utilities Commission of the State of California; and to provide for the assessment of cost and expense upon the property benefited, together with the manner of collecting such assessments. Neither the assessment for the cost and expense of maintaining such lighting systems nor assessment for the furnishing of electric current in an area served by competitive producers is provided for herein. Assessment for such purposes will require proceedings under applicable provisions of the laws of the State of California, or appropriate amendments thereto."

"SEC. 65.03 SAME - SCOPE OF ARTICLE

This Article provides for the operation of a street lighting system by a special assessment district when the entire area of the district is served, or will be so served by a single public utility whose rates are subject to regulation by the Public Utilities Commission of the State of California. The provisions of this Article shall not apply to or affect any other provisions of this Code. When any proceedings are commenced under this Article, the provisions of this Article, and no other enactments shall apply to all such proceedings. The election of the City Council to proceed under the provisions of this Article shall be expressed in the resolution of intention to order the improvement. "

"SEC. 65.04 SAME - AUTHORITY TO CREATE THE DISTRICT

Whenever the public interest or convenience may require, the City Council of The City of San Diego, may order that the expenses of furnishing electric current or other illuminating agent, including all expenses incidental thereto, for the operation of a street lighting system which has been or is to be installed within the City be assessed, either partly or wholly, upon the lands in the City lying within a district which will be benefited by such operation.

Any number of public ways and one or more street lighting systems within the City may be included in one district. 'Public ways,' as used herein, includes all public highways, roads, streets, avenues, boulevards, alleys, parkways and other public places and ways dedicated to public use, or any portion thereof, within the City or along a boundary of the City.

The lands which will be benefited by and which are to be assessed for the operation of the system shall form and be known as a Lighting Operation District.

The provisions of this Article shall not be limited to the furnishing of electric current or other illuminating agent for the

operation of street lighting systems owned only by the City, but the City Council may also order such energy to be furnished to street lighting systems provided and installed or to be installed by and remaining the property of any public utility, public corporation, or private person and may assess the costs thereof in accordance with the provisions of this Article. "

"SEC. 65.05. SAME - THE PRELIMINARY REPORT

Each such lot or parcel of land shall be given a separate number upon the map. The map, as finally approved by the City Council shall govern for all details as to the lots or parcels of land benefited by the proceeding;
- (b) A statement that the entire area included within a district made up of the lots or parcels of land shown on the map referred to in subdivision(a) above, is being served or will be so served by a single public utility whose rates are subject to regulation by the Public Utilities Commission of the State of California;
- (c) The cost proposal submitted by the public utility for the furnishing of energy to the district for the period of time recommended to be specified in the resolution of intention, together with an estimate of the expenses incidental to the proceedings;

- (d) A proposed assessment of the sum of the cost of the energy as determined by the public utility in its cost proposal and the estimated incidental expenses upon the several lots or parcels of land shown on the map referred to in subdivision(a) above, in proportion to the estimated benefits to be received by each such lot or parcel of land, respectively, for the period of time recommended for the continuance of the improvement and which is to be set out in the resolution of intention. The assessment shall refer to such lots or parcels of land upon the map by the respective numbers thereon;
- (e) A general description of the lighting system to be operated.

The report shall be presented to the City Council for its examination, and it may be modified by the City Council at any time prior to the adoption of the resolution of intention. After the report is finally approved by the City Council, it shall be filed with the Clerk. "

"SEC. 65.06( ) SAME - THE RESOLUTION OF INTENTION

- (f) The designation of a time when and a place where all persons having any interest in lands within the district liable to be assessed for the costs of the operation may be heard, together with a statement that any of said persons may present any objections that they may have to the proposed operation, to the awarding of a contract to the public utility or to the proposed assessment, by written protest filed with the Clerk at or **before** the time set for hearing.

The City Council may order in the resolution of intention that a portion of the costs of such operation shall be paid out of the treasury of the City from such funds as the City Council may designate. "

"SEC. 65.07' @ SAME - PROTEST AND HEARING

After the passage of the resolution of intention, the Clerk shall publish it by at least two insertions in a daily or weekly newspaper of general circulation designated by the City Council for that purpose. Copies of the resolution headed 'Notice of Local Improvement' in letters not less than one-inch in height, and signed by the Clerk shall be posted by the Street Superintendent not more than 300 feet apart, and not less than three in all, along all open streets within the district. In addition, the City Clerk shall mail a copy of the resolution to each of the property owners whose lands are subject to assessment, together with a statement of the proposed assessment upon the land of such property owner. The first posting of notice, the first publication of the resolution of intention and the day of mailing notices to

the property owners shall each be at least 10 days before the date set for the hearing of protests. No proceeding shall be held invalid for failure to post any street or to mail or correctly address any notice, if this section has been substantially complied with.

At any time not later than the hour set for hearing protests the owner of any lot or parcel of land liable to be assessed for the operation of the street lighting system may make written protest against the proposed operation, or against the amount of the assessment, or against the awarding of a contract for the supply of energy to the public utility, by filing his protest with the Clerk. No other protests shall be considered by the City Council.

The City Council shall hear, consider and pass upon the protests at the time appointed therefor, or at any time to which the hearings may be adjourned, and may confirm, correct or modify the proposed assessment or the boundaries of the district, but any land not within the district as described in the resolution of intention may not be included therein. If such protests are sustained, the proceedings shall be abandoned, but may be renewed at any time. If such protests are denied, or if no protests were filed with the City Clerk, the City Council shall have jurisdiction to, and may, by resolution, confirm the assessment, order the proposed electric current to be supplied as provided in this Article, and award the contract to the public utility.

Upon the passage of such resolution, the City Manager shall enter into a contract with the public utility for the supply of electric current to the lighting systems which are to be operated from the funds of the district. Such contract shall provide for payment to the public utility of the amount stated in its cost proposal, from the funds of the district. Security for the faithful performance of the agreement to furnish the energy shall not be required."

"SEC. 65.08 SAME - LIMITATION ON CONTEST  
OF VALIDITY

The validity of the assessment levied under this Article shall not be contested in any action or proceeding unless the same is commenced within 30 days after the time the City Council has acquired jurisdiction to confirm the assessment. "

"SEC. 65.09 SAME - LEVYING AND COLLECTING THE  
ASSESSMENT

Upon confirmation of the assessment, the City Clerk shall transmit to the City Treasurer the map of the assessment district and the assessment as finally confirmed by the City Council. The City Treasurer shall record the map and assessment in a suitable book to be kept for that purpose and shall thereupon fix a day not less than 30 nor more than 40 days from the date of the receipt by him of said map and assessment after which all assessments unpaid shall become delinquent. Upon such delinquency the sum of \$5.00 shall be added to the amount thereof and thereafter the sum of \$1.00 per month or portion thereof shall be added to such assessment for each month that such delinquent assessment remains unpaid. Upon recordation of the map and assessment the City Treasurer shall send an assessment notice to each of the property owners whose lands are liable for the assessment, stating that the assessments are due and payable and that the penalty for delinquency as specified herein may be added.

In the event that a notice of assessment is sent to an incorrect address, and the assessment therein referred to becomes delinquent as a result thereof, upon application of the owner of the property assessed or his authorized agent, the City Treasurer may waive the penalty for delinquency, or he may refund the penalty if payment has already been made.

The map and assessment recorded by the City Treasurer shall, during all office hours, be open to inspection of any person wishing

to examine them, free of charge, and shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the land against which it is made, paramount to all other liens, except liens for prior assessments and taxation, and shall only be discharged by payment of the assessment, including penalties, if any, or by redemption of the land after sale for delinquency.

If, because of an area increase in the rates charged for electric current during said contract period, or for any other reason, there is a deficiency in the funds derived from the assessment, the City Council may meet such deficiency by an appropriation out of the general fund of the City, or by ordering a supplemental assessment in the same manner as the first assessment, except that protests may only be made against such supplemental assessment.

Any surplus assessments collected shall be applied to reduce the assessment to be levied against the district for the next ensuing assessment period. If the district boundaries for the next ensuing assessment period are not the same, such reduction shall be made as nearly as possible to the lots or parcels from which such surplus assessments were collected. If new proceedings are not started within one year after the close of the period for which the contract to furnish energy was made, such surplus shall become and remain a part of the general fund of the City, except that such surplus shall be repaid pro-rata to the persons who paid such assessments upon a verified claim thereof made within one year from the close of said contract period."

"SEC. 65.10 SAME - LOAN TO DISTRICT

The City Council may, as necessary, order a loan to the special fund created for the lighting operation district to be made from the general fund and to be repaid out of assessments."

"SEC. 65.11 SAME - SALE OF DELINQUENT PROPERTY

The City Treasurer shall, not less than one year, but not more than one year and 15 days after the date of delinquency, begin publication of a notice of sale of the property upon which the assessments have not been paid, which publication shall be made by two insertions in a daily newspaper published and circulated in the City of San Diego. The notice of sale so published shall contain a description sufficient to identify each lot or parcel of delinquent property, and opposite each description the name of its owner, if known, otherwise designating as unknown, the amount of the assessment, the delinquency penalties, and the portion of the costs of sale attributable to such lot or parcel. The notice shall also contain a statement that unless each delinquent assessment, together with the penalties and costs thereon, is paid, the land upon which the assessment is a lien will be sold to the City by operation of law at a sale to take place in the City Treasurer's office, and at a time to be specified in the notice. The City Treasurer shall also mail notice containing the same information to the owner of each lot or parcel of delinquent property, if known.

At any time after the delinquency and prior to the sale by operation of law of any lots or parcels of lands assessed and delinquent, any person may pay the assessment thereon, together with the penalties and costs due thereon, which costs shall include the cost of advertising if such payment is made after the first publication of notice of sale has been ordered.

At the time fixed in the notice of sale the City Treasurer shall execute a certificate of sale to the City. This certificate shall refer to the proceedings and shall state that the property was sold to the City for non-payment of delinquent assessments which were a lien

on the property; shall describe the property sold, and shall state the amount for which the property was sold to the City, which shall be the amount of the delinquent assessment, together with the penalties and costs thereon. The certificate shall be kept on file in the City Treasurer's office. "

"SEC. 65.12 SAME - REDEMPTION OF DELINQUENT PROPERTY

At any time after the date of sale by operation of law and prior to the issuance and delivery of a deed to the land sold, any land sold under the provisions of this Article may be redeemed by payment to the City Treasurer of the amount for which the land was sold, with an additional penalty of one-half of one percent per month of said amount, together with such other penalties as may be payable as provided in this Article. Said one-half of one percent penalties shall be added on the first day of each month following the date of sale of the land.

Upon redemption of any parcel of land the City Treasurer shall enter the fact and date of redemption upon the certificate of sale thereof."

"SEC. 65.13 SAME - EXECUTION OF DEED TO PROPERTY

If the property has not been redeemed, the City Treasurer shall, at any time after the expiration of 5 years from the date of sale, execute to the City a deed of the land sold, in which shall be recited substantially the matters contained in the certificate, and the fact that no person has redeemed the land.

The City Treasurer shall, at least 30 days before execution of such deed, cause to be served upon the owner of the land, and upon the occupant of the land, if it is occupied, a written notice setting forth:

- (a) A description of the land;
- (b) That the land has been sold for a delinquent assessment

(specifying the improvement for which the assessment was made);

(c) The amount for which the land was sold;

(d) The amount necessary to redeem at the time of giving notice;

(e) The date when the City Treasurer will deed it to the City.

If the owner cannot be found, after due diligence, the notice shall be posted in a conspicuous place upon the land at least 30 days before the date stated therein, at which the application for a deed will be made. The person actually serving the notice shall file with the City Treasurer an affidavit showing that the notice has been given, as required, and if the notice was not served on the owner of the land personally, that due diligence was used to find the owner. The City Treasurer shall receive and file such affidavit in his office.

If the redemption of the land is made after affidavits are filed, the person making such redemption shall pay to the City Treasurer, in addition to the other amounts required, \$2.00 for the service of notice and making of such affidavit. No deed for any land sold for delinquent assessments shall be executed by the City Treasurer until all the provisions of this Section have been complied with.

The deed of the City Treasurer shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of the title in the grantee.

Section 3. This ordinance shall take effect and be in force on the 31st day from and after its passage.

ORDINANCE NO. 8724  
(New Series)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON TUESDAY, NOVEMBER 6, 1962, FOR THE PURPOSE OF PROPOSING AND SUBMITTING TO THE ELECTORS OF SAID CITY FOUR PROPOSITIONS TO AMEND THE CHARTER OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE STATEWIDE GENERAL ELECTION TO BE HELD IN SAID CITY ON NOVEMBER 6, 1962.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. There is hereby ordered, called and proclaimed a special municipal election to be held in the City of San Diego, California, on the 6th day of November, 1962; and pursuant to the provisions of Section 8 of Article XI of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election the following four propositions:

PROPOSITION \_\_\_\_\_

Amend Sections 69, 71, second paragraph 77, 91, 92 and 93 of the Charter of The City of San Diego to read as follows:

"Section 69. FISCAL YEAR AND MANAGER'S ESTIMATE. The fiscal year of the City shall begin with the first day of July and shall end with the next succeeding 30th day of June. On or before the first meeting in May of each year the Manager shall prepare and submit to the Council a budget of the expense of conducting the affairs of the City for the ensuing fiscal year. Departments not under the Manager shall submit their annual budget estimates to the Manager, or to such official as he may designate, and in such form as he shall require on or before April 15th for transmittal in proper form by the Manager to the Council. The budget shall include a summary outline of the fiscal policy of the City for the budget year, describing in connection therewith the important features

of the budget plan; a general budget summary setting forth the aggregate figures of the budget in such manner as to show the balanced relations between the total proposed expenditures and the total anticipated income and other means of financing the budget for the ensuing year, contrasted with the corresponding figures for the current year. The classification of the estimate shall be as nearly uniform as possible for the main divisions of all Departments and shall furnish necessary detailed fiscal information.

The Council shall provide for printing a reasonable number of copies of the estimate thus prepared, for distribution to citizens at least fifteen days before final passage. Copies shall also be furnished to the newspapers of the City and to each library thereof which is open to the public.

"Section 71. PREPARATION AND PASSAGE OF ANNUAL APPROPRIATION ORDINANCE. Upon receipt of the Manager's estimate the Council shall prepare an appropriation ordinance using such estimate as a basis. The form, arrangement and itemization of the appropriation ordinance shall be determined and prescribed by the Auditor and Comptroller, and City Attorney. Provision shall be made by the Council for public hearings upon the appropriation ordinance either before a Committee of the Council or before the Council sitting as a committee of the whole. Following the public hearings the appropriation ordinances shall take the same course in the Council as other ordinances but shall not be passed before the first meeting of the Council in July. The Council may reduce or eliminate any item, may increase any amount or add any new item for personal services, contractual services, materials, supplies, and equipment for any Department. Upon final passage, the appropriation ordinance shall be published in the manner provided for the publication of other ordinances.

"Section 77. CAPITAL OUTLAYS FUND.

. . . . .

(2nd paragraph) The moneys in the Capital Outlay Fund shall be used exclusively for the acquisition, construction and completion of permanent public improvements, including public buildings and the initial furnishing and equipping thereof, real property, water and sewer mains and extensions, and other improvements of permanent character, and also the replacement or reconstruction of the same, but not the repair or maintenance thereof, and shall not be used for any other purpose or transferred from said fund, except with the consent of two-thirds of the qualified electors of said City, voting at a general or special election.

. . . . .

"Section 91. GENERAL RESERVE FUND. The Council shall create and maintain a permanent revolving fund, to be known as the General Reserve Fund, for the purpose of keeping the payment of the running expenses of the City on a cash basis. Said fund shall be maintained in an amount sufficient to meet all legal demands against the treasury for the first four months or other necessary period of each fiscal year prior to the collection of taxes. This fund may be expended only in the event of a public emergency when it shall be determined by the affirmative vote of at least two-thirds of the members elected to the Council that such expenditures are necessary in order to insure the safety and lives and property of the City or its inhabitants.

"Section 92. BORROWING MONEY ON SHORT TERM NOTES. If there is not sufficient cash reserve to meet current obligations, bonds or notes may be issued in anticipation of the collection of special assessments, and bonds, notes, or registered warrants on the treasury may be issued in anticipation of the

8724

collection of taxes, as authorized by the City Council by ordinance and shall not be deemed the creation of debt within the meaning of Section 90 of this Article. Bonds, notes, or registered warrants on the treasury issued in anticipation of the collection of the taxes of any fiscal year shall be issued only during the first four months or other necessary period of each fiscal year and each such bond, note, or warrant shall specify that it is payable solely out of the first taxes of the fiscal year in which issued, and before the close of such year, and shall not bear a higher rate of interest than five (5) per cent per annum, and the total amount of such bonds, notes or warrants, authorized and issued in any fiscal year shall not, in the aggregate, be more than twenty-five (25) per cent of the total appropriations of the City for such year. Nothing herein contained shall be construed to authorize the incurring of an obligation against the municipality in excess of that authorized to be incurred by the constitution of the State of California.

"Section 93. LOANS AND ADVANCES. The City Council may from time to time authorize the advance of moneys in the treasury as a temporary loan to any tax-supported fund, which loan shall be repaid from the first property taxes received thereafter; provided, however, that such temporary loans shall not exceed the current property taxes receivable. It shall be lawful from time to time to advance money in the General Fund to any bond fund or to use any money in the General Fund for any purpose for which a loan shall have been authorized and bonds actually voted but not yet issued and sold, and the City officials need not sell said bonds until it is necessary to repay the General Fund advances or to replenish such loan fund or funds. The credit of the City shall not be given or loaned to or in aid of any individual,

association or corporation; except that suitable provision may be made for the aid and support of the poor."

PROPOSITION

. . . . .

8724

. . . . .

"Section 13. MEETINGS OF THE COUNCIL.

. . . . .

(2nd paragraph) All legislative action shall be by ordinance except where otherwise required by the Constitution or laws of the State of California. The Council shall keep a journal of its proceedings which shall be a public record. On the passage of every ordinance the vote shall be taken by yeas and nays and entered upon the journal and no ordinance shall be passed without concurrence of a majority of the members elected to the Council. The proceedings of the Council shall be public and citizens shall have a reasonable opportunity to be heard. The first meeting of the Council shall be held at ten o'clock A.M. on the first Monday after the first day in December following its election.

. . . . .

"Section 25. VICE-MAYOR. The Council shall annually in the month of December select one of its members who shall be the Vice-Mayor. The Vice-Mayor shall perform all the duties of the Mayor as prescribed by this Charter or by ordinance when the Mayor is absent or unable to perform his duties.

"Section 212. CONTINUANCE OF PRESENT OFFICERS. All persons holding office at the time the provisions of this Charter or any amendments thereto shall take effect shall

8724

continue in office and in the performance of their duties until provisions shall have been made in accordance therewith for the performance of such duties or the discontinuance of such office. The regular Municipal elections shall be held in the odd-numbered years, as in Article II provided. The terms of all elective officers who are in office at the time this Charter or any amendments thereto become effective shall terminate on the first Monday after the first day of December following the holding of such election except as in this Charter otherwise provided.

The powers conferred and the duties imposed upon any Officer, Commission, Board, Committee or Department of the City by the laws of the State and by this Charter or ordinance shall be thereafter exercised and discharged by the Officer, Board, Committee or Department designated by this Charter or by ordinances passed by the Council, unless otherwise provided herein. The members of the Legislative body of The City of San Diego in office at the time the State Legislature ratifies and approves this Charter or any amendments thereto shall take the necessary action and do everything necessary or incidental for the purpose of holding the first election at which municipal officers are elected pursuant to the terms and provisions of this Charter or any amendments thereto."

PROPOSITION 4

Amend fourth paragraph Section 10 and Section 66 of the Charter of The City of San Diego to read as follows, and repeal Section 65:

"Section 10. ELECTIONS.

. . . . .

(4th paragraph) In the event that any candidate, other than council candidates, for nomination to any office for which only one person is to be elected, shall receive a majority of the votes

8724

cast for all the candidates for nomination to such office at such primary election, the candidate so receiving such majority of all votes shall be deemed to be, and declared by the Council to be, elected to such office.

"Section 66. BOARD OF EDUCATION. The government of the San Diego Unified School District shall be vested in a Board of Education, composed of five members who shall be nominated and elected at the regular municipal primary elections and the general municipal elections at the same time and under the same procedure as the election of councilmen. WHEREAS, a public hearing was held before the City Planning Commission for the purpose of determining the advisability of recommending to the City Council the establishment of a setback line on South Frontage Road, adjacent to U.S. Route 80, between Cabrillo Freeway and Texas Street, in the City of San Diego, California; and

WHEREAS, the City Planning Commission has heretofore recommended that said setback as described above be established; and

## Congress Has Only 13 Women

BY FRANCES LEWINE

WASHINGTON (AP) — Idaho's Gracie Pfof lost her bid for a seat in the Senate and one lone Republican newcomer joined the dwindling ranks of women in Congress in Tuesday's elections.

The feminine contingent now stands at 13 — the lowest level since 1953. It had been at a record high of 20 in the 87th Congress.

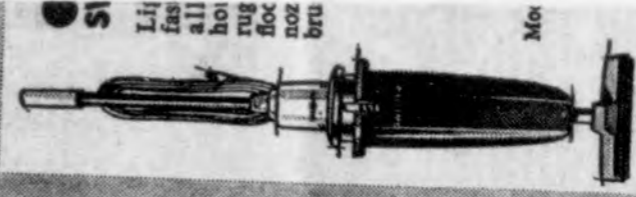

Ten incumbents — six Democrats and four Republicans — easily won reelection to the House. The two women senators — Maureen Neuberger, D-Ore., and Margaret Chase Smith, R-Maine, — were not up for re-election.

The newcomer is Republican Mrs. Charlotte Reid, a 48-year-old former professional singer who stepped in as a candidate in Illinois' 15th District when her attorney husband, Frank Reid, the GOP nominee, died of a heart ailment.

Among the 28 women candidates running, though, Mrs. Pfof's was the most dramatic battle.

A five-term Democratic member of the House, she suffered a close and stinging defeat in her bid for a seat in the Senate.

As returns were counted, Mrs. Pfof, 56-year widow and veteran of more than 30 years in politics, was unable to overcome the lead of former Gov. Len B. Jordan, Republican incumbent.

The City has as its objective the constant stimulation of imaginative and inventive thinking throughout all City departments so as to discover all possible areas for improvement in all aspects of municipal activities and to generate and implement practical suggestions and solutions from as many employees as possible.

"SEC. 22.1008 SUGGESTION AWARDS PROGRAM ESTABLISHED

There is hereby established a Suggestion Awards Program for officers and employees of the City. This Suggestion Awards Program shall be administered in accordance with the provisions of this ordinance.

(c) "NET INCREASE IN REVENUE" means the estimated first year net increase in revenue production from a specific source resulting from the adoption and placing into effect of a suggestion, determined as provided herein and approved by the Council. (d) "NET SAVING" means the estimated first year net cost reduction resulting from the adoption and placing into effect of a suggestion, determined as provided herein and approved by the Council. In computing net cost reduction, the cost of placing the suggestion in effect shall be amortized over a reasonable period of time.

(e) "SUGGESTION" means a written proposal by an employee of the City that clearly suggests to the administration of the City a device or method to do any job, system, or procedure better, quicker, easier, safer and/or at less cost; to handle additional workload with the same staff and/or equipment, or to produce a more efficient operation with better control.

(f) "COORDINATOR" means Suggestion Awards Coordinator.

"SEC. 22.1010 SUGGESTION AWARDS COMMITTEE

5. One representative of AFL-CIO Local 145, International Fire Fighters Association or AFL-CIO Local 127, American Federation of State, County and Municipal Employees. In the event said organizations are unable to agree upon a representative, then the City Manager shall appoint a representative who shall be a member of either of said organizations.

"SEC. 22.1011 TERM OF OFFICE

"SEC. 22.1013 QUORUM

Any three (3) members of the Committee shall constitute a quorum.

"SEC. 22.1014 COMMITTEE VOTING

Each member of the Committee shall have one vote, and at least a three-fifths affirmative vote of all members of the Committee shall be necessary to pass any matter requiring Committee action.

"SEC. 22.1015 CONDUCT OF BUSINESS

The Committee shall adopt rules governing the conduct of

the Committee's business, provided such rules are not in conflict with this Ordinance, the City Charter, or other Ordinances of this City.

"SEC. 22.1016 ELIGIBILITY FOR MONETARY AWARDS

Any employee of the City who submits a suggestion in accordance with this Ordinance, which suggestion is approved by the Committee, is eligible to receive a monetary award, with the following exceptions:

1. Members of the Council, appointive advisory boards or commissions.
2. Members and staff of the Committee.
3. Department or assistant department heads.
4. Any employee assigned to a position of conducting research and development, or assigned to a job requiring the solution of specific problems where the suggestion submitted is found by the Committee to be within the scope of such research, development or problem.

Any eligible employee submitting a suggestion which is placed into effect shall not lose his eligibility for a monetary award by reason of termination of employment or by becoming ineligible subsequent to submission of the suggestion.

"SEC. 22.1017 MONETARY AWARD

Upon a finding by the Committee that a net savings or net increase in revenue will accrue to the City through adopting and placing the suggestion into operation, the Committee may recommend to the Council that a monetary award be paid the suggester. Such award shall not exceed \$1,000 or ten percent (10%) of the estimated first year's net savings or net increase in revenue, whichever is less.

Where the Committee finds that it is impracticable or uneconomical to estimate the amount of such savings or increase in revenue, the Committee may nevertheless recommend that the

suggester be paid a monetary award not to exceed \$100 for any one suggestion.

Where the Committee finds that the suggestion cannot be adopted or placed in operation but that the suggestion has led directly to the adoption of improvements or changes that result in a savings or increase in revenue to the City, the Committee may recommend to the Council that the suggester be paid a monetary award not to exceed \$100 for any one suggestion.

At the end of the first 12 months following the granting of any monetary award of less than \$1,000, the Committee shall reinvestigate such suggestion and shall determine or estimate the extent to which said suggestion has resulted in a net savings or a net increase in revenue to the City. If the Committee concludes that a net savings or net increase in revenue for such 12 month period has been realized and that the previous award was less than ten percent (10%) of such savings, then the Committee may recommend that the suggester be paid an additional award not to exceed ten percent (10%) of the difference between the original award and the re-evaluated first year's net savings or net increase in revenue. In no event, however, shall the aggregate total monetary award for any one suggestion exceed \$1,000.

"SEC. 22.1018 COUNCIL APPROVAL: PAYMENT OF AWARD

Upon receiving a recommendation from the Committee, the Council shall consider the recommendation and may approve it. Upon approval by the Council of a recommendation of the Committee, the monetary award, if any is recommended, shall be paid.

Section 2. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the City Jail for a period of not more than six months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

other hydrocarbon substances, but expressly excepting and excluding propane, butane, natural gas and any other hydrocarbon substances primarily in gaseous form at standard temperature and pressures, and to install, construct, replace, reconstruct, repair, maintain, retain and use in streets, manholes and valves, connections, cathodic protection equipment, and other properties appurtenant to such pipeline.

Section 6. DESIGNATION OF PIPELINES.

(a) The pipelines referred to in Section 5 hereof are as more specifically referred to in Appendix "A" attached hereto and made a part hereof and such additional pipeline or lines as may be authorized by ordinance hereafter and as shall be more specifically described in subsequent appendices hereto.

(b) Authorization to install or construct the properties enumerated in this franchise shall expire to the extent not exercised by the Grantee two (2) years after the effective date hereof, subject to the provisions of Section 7 entitled "Installations of, Replacement of, and Additions to Franchise Properties" and to Section 19.

(c) Where Appendix "A" has reference to the construction, operation and maintenance of a pipeline other than in dedicated public streets of the City of San Diego (such as property owned by private individuals or property owned by the City of San Diego in another municipal capacity), special permission must be obtained from the City of San Diego together with additional compensation for that permission or from the owner of the property if other than the City.

Section 7. INSTALLATIONS OF, REPLACEMENT OF, AND ADDITIONS TO FRANCHISE PROPERTIES.

(a) Upon application to the City Engineer by Grantee for approval of the installation of or the replacement of existing pipeline as contemplated by Section 5 hereof and/or additional pipeline or lines and incidental facilities within the streets designated in Appendix "A", the City Engineer may deny such application or may grant such approval upon such conditions as the City Engineer may prescribe. The granting of any application approving

the installation of additional or lateral pipeline or lines and incidental facilities thereto within street routes not contained in Appendix "A" on the effective date of this franchise grant shall be by additional ordinances amending this ordinance. The City Engineer may also approve, upon the Grantee's application, a substitute street route for one to be relinquished or temporarily rendered inoperative pursuant to any provision of Section 21. Properties installed, constructed, maintained and retained pursuant to any authorization of the City Engineer shall be subject to all of the provisions of this franchise and to any additional conditions relating to construction, specifications, protective or sectionalizing facilities, testing or operation that may be prescribed by such authorization.

(b) The Grantee shall, upon making application as provided in Section 7(a) above, make a deposit to a trust fund account to cover the City's expenses and costs of processing and approving the plans and inspection of the work. The amount of said deposit shall be established by the City Engineer and shall be based on his estimate of the processing and inspection costs; provided, however, if said deposit is insufficient to cover the actual costs of the City, the Grantee shall make additional deposits with the City to cover the actual processing and inspection costs. Any portion of said deposit in excess of the actual costs of processing and inspection shall be returned to the Grantee.

(c) Upon addition to the City of any area in which the Grantee retains a pipeline in any street, the Grantee shall submit to the City Engineer an inventory of all properties involved, whether authorized by franchise or prior right, including principal specifications of pipe and maps showing locations of property with respect to street lines.

#### Section 8. DURATION OF GRANT.

(a) This franchise shall be effective on the thirty-first (31st) day after the publication of the enacting ordinance; provided the Grantee has filed with the City Clerk, within twenty (20) days after such date of publication, a written instrument, addressed to the Council, accepting this franchise

and agreeing to comply with all of the provisions hereof.

(b) This franchise shall expire forty (40) years after the effective date hereof unless sooner terminated, by ordinance, in the event (a) the Grantee fails to comply with any provisions hereof; (b) any provision hereof becomes invalid or unenforceable and the Council expressly finds that such provision constituted a consideration material to the grant of this franchise; or (c) the City acquires the property of the Grantee, as provided in the Charter of the City; provided, however, that the Grantee shall be given thirty (30) days notice of any termination proceedings.

(c) Notwithstanding any other provisions herein contained, upon written notice given by the City or Grantee to the other not less than one (1) year prior to the twenty-fifth anniversary of the effective date hereof, the terms and conditions of this franchise for the final fifteen-year term thereof may be renegotiated as follows. (b) All pipe, pipe fittings, and pipe shapes to be placed in streets as franchise property, other than temporary installations or temporary replacements, shall be unused products; provided, however, should market or other conditions render it impracticable to obtain or utilize unused products, the City Engineer may authorize the use of such reconditioned products as it may determine to be satisfactory for any particular installation and under any special conditions.

(c) Steel or wrought iron pipe over two inches (2") nominal internal diameter to be in contact with the ground or in casing across streets shall be covered with a coating or wrapping to minimize corrosion and electrolysis.

Section 13. PRESSURE LIMITATIONS.

No point in any pipeline constituting franchise property shall be subject to an internal pressure (a) at any time from any cause whatsoever in excess of that permitted by the Pipeline Code for testing purposes; or (b) except when under any pressure test, in excess of either the pressure referred to in Section 12, or 66.6% of the pressure to which it was subject under the provisions pressure test conducted pursuant to the provisions of Subdivision (a) of Section 15.

(b) After repair or replacement of any pipe under provisions of Section 19 or 21 of this franchise, the affected portion of the pipeline between sectionalizing valves shall be subjected to a pressure test as provided in Section 15 and within the pressure limitations prescribed in Section 13 not more than thirty (30) days after completion of the work; provided, however, that no such test is required for a minor repair which does not require removal of the pipeline from operation.

(c) No pipeline under this franchise operated at a pressure in excess of 500 psig (pounds per square inch gauge pressure) or used for conveying flammable liquids and over ten (10) years of age, and no other pipeline under this franchise and over twenty (20) years of age, shall be operated beyond the expiration of a 12-month period of time following such a pressure test thereon.

Section 15. PRESSURE TESTS.

(a) For pipelines conveying liquids, each pressure test referred to in this franchise shall be a hydraulic pressure test. Pressure tests after initial installation of pipelines and before they are placed in operation shall show no loss. Other pressure tests shall not show an hourly loss, for each section of the pipeline under test at the time, in excess of either

twelve (12) gallons, or the sum of three (3) gallons and an amount computed at a rate in gallons per mile equivalent to one-tenth (1/10) of the nominal internal diameter of the pipe.

(b) The City may prescribe any reasonable test method, may witness the entire test procedure, and, during a test or at any other time, may measure or ascertain the pressure to which pipe is subject.

(c) Any pipeline authorized by this franchise shall be subjected to a pressure test by the Grantee at any time that may be required by the City Engineer.

(d) The Grantee shall submit to the City Engineer reports of pressure tests made pursuant to the provisions of this franchise within sixty (60) days following the date of the test, showing date of test, description of portion of pipeline tested, identified with respect to City street routes, and test data sufficient in detail to permit analysis of test results and determination of compliance with provisions of Section 13 and Section 15 (a) hereof and such other test information as may be specifically requested by the City Engineer.

(b) Every portion of a pipeline when installed or replaced under authority of this franchise shall be protected by sectionalizing block valves spaced at no greater distances than prescribed by either the Pipeline Code, the Municipal Code, or by the City Engineer. If, at any time during the term of this franchise, protective or sectionalizing facilities, on any pipeline are found to be inadequate, the Grantee shall, at its own expense, make such changes as may be required by the City Engineer.

(c) Pipelines temporarily or permanently abandoned shall be sectionalized, capped, and filled with mud or suitable fluid, or abandoned in such other manner as the City Engineer shall prescribe at either or both times. Upon permanent abandonment of any franchise property, the Grantee shall submit to the City Manager an instrument satisfactory to the City Attorney, transferring to the City the ownership of such property.

(d) For the purposes of the payment provisions in Section 22 franchise property shall exist as such until inspection reports of the City Engineer indicate the work of removal or of temporary or permanent abandonment has been done to his satisfaction.

Such statement and each of the several items therein contained shall be subject to audit and verification by the City Treasurer, who is hereby authorized to examine, audit and inspect such books and records of any licensee or applicant for license as may be necessary in his judgment to ascertain the correct amount of license due.

The information or data obtained from such examination or audit or from any statement required hereunder shall be used for the purpose of enforcing the provisions of this Article and for no other purpose.

The term of this franchise shall be fifty (50) years, commencing on the effective date of this ordinance; provided that upon written notice given by the City or Grantee to the other not less than one (1) year prior to the twenty-fifth anniversary of said effective date, the terms and conditions of this franchise may be subject to renegotiation for the succeeding twenty-five year term.

Renegotiation shall be directed toward effecting alterations in the terms and conditions of the franchise in order to reflect those technical and economic changes which have occurred during the interim period. In no event shall payments under the franchise either be reduced below 1% of the total gross annual receipts of the Grantee arising from the sale

of steam heat or be in excess of 3% of the total gross annual receipts of the Grantee arising from the sale of steam heat.

Section 7. This franchise is granted upon the following terms and subject to the following conditions, to-wit:

- (a) The franchise herein granted is upon the express condition that the Grantee, as consideration therefor and as compensation for the use of the city streets, shall pay annually to the City during the term of the franchise a sum equal to 2% of the gross annual receipts of the Grantee arising from the use, operation, or possession of the franchise, such percentage to commence to accrue on the date the ordinance granting the franchise becomes effective.
- (b) The Grantee shall file with the Clerk of the City within three (3) months of the expiration of each calendar year, following the date of granting hereof and during the life of said franchise, a duly verified statement showing in detail the gross receipts of Grantee during the preceding calendar year, arising from the use, operation or possession of the franchise. Grantee shall pay the City within three (3) months and fifteen (15) days after the expiration of the calendar year, in lawful money of the United States of America, the aforesaid percentage of its gross receipts for such calendar year, covered by the above mentioned statement. Any neglect, omission or refusal by Grantee to file such verified statement, or to pay said percentage at the time and in the manner specified shall be grounds for the declaration of a forfeiture of this franchise and of all rights of Grantee hereunder.
- (c) The Grantee of said franchise shall pay to the City a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting thereof; such payment to be made within thirty (30) days after the City shall have furnished Grantee with a written statement of such expenses.

- (d) Before Grantee commences any work, the location of any steam main installation shall be approved by the City Engineer.
- (e) This franchise does not relieve the Grantee of any requirement, ordinance, rule or regulation of the City relating to street work, or the use, removal, or relocation of property in streets.
- (f) The right to grade, sewer, pave, macadamize, or otherwise improve or alter or repair City streets, or to change the grade thereof, shall be reserved to the City. Such work shall be done so as to interfere as little as possible with the rights and privileges enjoyed by the Grantee of this franchise, under the terms and provisions thereof. The Grantee, at its own expense, shall change the location of steam pipe conduits placed in the City streets so as to comply with any change of grade of said streets ordered by the City Council.
- (g) Whenever a street or portion thereof is closed, the Grantee shall be granted by the City a permanent easement covering the location of steam pipe conduits then existing in said closed street or portion thereof, with access for maintenance, repair and operation; provided, however, that (1) when the construction of a structure or structures for municipal purposes shall require the removal or relocation of a portion or portions of said steam pipe conduits, said easement shall be revoked with respect to such portions of said steam pipe conduits and the Grantee shall remove and relocate such portions at its own expense, and (2) in all other cases said easement may be revoked only upon condition that the Grantee is reimbursed for any and all costs incurred by it occasioned by such revocation and for the cost of relocation or removal of existing steam pipe conduits and the construction of alternative steam pipe conduits to supply steam service to its

customers. The Grantee shall not install any new extension of its steam pipe conduits or any new steam service in any streets regarding which Grantee has received written notice that the same shall be closed within a period of five (5) years from date of notice.

- (h) Within ten (10) days after the passage and taking effect of this ordinance, the Grantee shall file with the City Clerk of said City a written acceptance of the franchise hereby granted and an agreement to comply with the terms thereof.
- (i) This franchise shall not be transferred except with the approval of the Council expressed by ordinance.
- (j) This franchise may be amended by agreement of the City and the Grantee, but such amendment must be authorized by ordinance.

Section 8. Notwithstanding any other provisions contained herein, this franchise is granted solely and exclusively under Sections 103, 103.1, 104 and 105 of the Charter of The City of San Diego and under no other authority.

Section 9. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

section to be known as and numbered Section 91.25.2, and to  
read as follows:

"SEC. 91.25.2 MARQUEE SIGNS--VARIANCES--WHEN PERMITTED

(a) Purpose and Intent. The City Council finds  
and determines that in a number of circumstances where  
marquees were constructed and in existence prior to  
September 17, 1954, and the marquees do not comply  
with the present size and construction requirements  
of the San Diego Municipal Code, extreme hardships  
can be imposed upon the owners or occupants of the  
structures by the regulations of Sections 91.25 and  
91.25.1 prohibiting modifications of the design, size  
and area of signs on such old marquees. It is the  
policy of the Council under the provisions of this  
section to delegate to the Director of Building  
Inspection the responsibility and right to permit  
variances from the strict sign requirements mentioned  
above when, in his opinion and determination, he  
finds the existence of facts and circumstances as  
set forth in Paragraph (b) hereinafter.

(b) Powers, Duties and Procedures. The  
Director of Building Inspection shall have the

right to grant variances from the sign requirements of Sections 91.25 and 91.25.1 on marquees in existence on September 17, 1954, when he shall have determined upon competent evidence submitted to him and procured by him:

1. That the existing marquee structure is adequate to support the additional dead loads of any proposed signs and that existing marquee supports and their attachments have not substantially deteriorated and there is no visible external evidence of excessive structural deflection and distortion.

2. That proposed signs shall not extend beyond the perimeter of the existing marquee and shall not increase the projected thickness or height of marquee and sign.

3. That the proposed signs and marquees will not, under the circumstances of the particular case, be detrimental to the health, safety or general welfare of the public, and that the proposed signs are desirable and will contribute to the appearance and general well-being of the neighborhood or the community.

In granting or denying the variance for the proposed sign use, the Director of Building Inspection shall make written findings in rendering his decision and in attaching conditions and safeguards. The decision of the Director of Building Inspection on the application for the variance shall be final."

Section 2. A violation of any provision or the failure to comply with any of the requirements established by this

ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the city jail for a period of not more than six (6) months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

ORDINANCE NO. 8793  
(New Series)

AN ORDINANCE AMENDING DIVISION 8, ARTICLE I, CHAPTER IX OF THE SAN DIEGO MUNICIPAL CODE BY ADDING THERETO NEW SECTIONS TO BE KNOWN AS SECTIONS 91.80 THROUGH 91.88, RELATING TO FALLOUT SHELTERS.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Division 8, Article I, Chapter IX of the San Diego Municipal Code be, and the same is hereby amended by adding thereto new sections to be known as and numbered Sections 91.80, 91.81, 91.82, 91.83, 91.84, 91.85, 91.86, 91.87 and 91.88, and to read as follows:

"SEC. 91.80 FALLOUT SHELTER - DEFINITION

'Fallout shelter' shall mean a structure, or portion of a structure, constructed, altered, designed, maintained or used to provide protection for persons or property from the effects of radioactive fallout.

"SEC. 91.81 FALLOUT SHELTERS - REQUIREMENTS APPLICABLE

(a) All fallout shelters erected, installed, constructed, reconstructed, enlarged, altered, repaired, moved, improved, remodeled, converted or placed within the City of San Diego after the effective date of this Section shall conform to the requirements of this Division, and all existing buildings and structures, the use of which is changed to a fallout shelter, shall conform to the requirements of this Division for new fallout shelters.

(b) Fallout shelters shall meet the structural design requirements contained in the building laws of The City of San Diego.

"SEC. 91.82 FALLOUT SHELTERS - PROTECTION

Every fallout shelter shall provide a reduction factor of 1000 to 1 for gamma radiation from radioactive fallout. With the exception of required access, exits and vents, every fallout shelter shall provide a minimum of 300 pounds of mass per exterior square foot of walls, roofs or other covering which is less than 3 feet below grade. The Director of Building Inspection may accept an external protective covering which provides a gamma radiation reduction factor less than 1000 to 1, but in no case less than 100 to 1, when such lesser protection factor is recommended by the Federal Office of Civil Defense or other qualified agency of Federal Office of Civil Defense or other qualified agency of Federal or State Government.

"SEC. 91.83 FALLOUT SHELTER - CONSTRUCTION

(a) Fallout shelter roof and wall elements shall be designed for a minimum vertical live load of 50 pounds per square foot, applied to roof areas, unless access to exterior roof areas is obstructed in such a manner as to prevent use of such areas for storage or by persons or vehicles. Walls and their supporting elements which are below grade and above the normal water table level may be designed for a pressure equivalent to that exerted by a fluid weighing not less than 30 pounds per cubic foot and having a depth equal to that of the retained earth, unless site conditions require design for surcharge or expansive soils.

(b) Every fallout shelter shall be designed and constructed to provide access, exits and facilities for an occupant load determined from the net usable floor area within the protected portion of the shelter. The number of persons assumed as the occupant load for design shall be the total net usable floor area divided by 12 square feet per person.

(c) Load bearing structural elements of fallout shelters shall be constructed of incombustible materials, except fallout shelters having an occupant load of not more than 12 persons which may be constructed of wood when posts, joists and girders have a minimum nominal dimension of four inches. Such wood structural members may be used to support concrete or masonry.

(d) All fallout shelters shall be designed and constructed in a manner that will not obstruct natural drainage and will prevent the intrusion of surface waters and runoff. All portions of fallout shelter structures which are below adjoining finish grade shall be provided with a waterproofing membrane, admixture or protective covering adequate to prevent the intrusion of ground water.

"SEC. 91.84 FALLOUT SHELTER - VENTILATION

Shelters of the outside underground or above-ground type designed for four or more occupants shall have mechanical air blowers. Smaller shelters may use movable or static head ventilators but in no case shall the vent pipe have an inside diameter of less than three inches.

(a) Mechanical air blowers are optional in basement shelters which are otherwise properly ventilated. Effectively placed vent ports may be used for this purpose. These ports shall provide at least 20 square inches of opening per occupant as defined herein, but in no case shall be less than 80 square inches in total.

(b) Mechanical ventilation systems shall include air intake and exhaust vents and shall be capable of providing at least three cubic feet per minute of fresh outside air per shelter occupant.

(c) Mechanical air blowers must be capable of being manually operable.

(d) Ventilation intake and exhaust pipes shall have an inside diameter of at least three inches when mechanical air blowers are used. Intake and exhaust pipes shall be designed to prevent the infiltration of particles with a minimum diameter of 50 microns.

(e) Engine generator sets for emergency power shall have separate vents to a point outside the shutter area and shall be heat-isolated from the main shelter chamber. Special consideration must be given to the installation of engine generator sets and fuel tanks to minimize hazards from exhaust gases and fire.

(f) Vents shall be of standard weight steel pipe, shall terminate not less than eighteen inches above structure or grade and shall be turned down 180 degrees.

"SEC. 91.85 FALLOUT SHELTER - USE AND OCCUPANCY

A fallout shelter shall not be used for living or sleeping purposes except in the event of a disaster or emergency requiring protection from radioactive fallout.

"SEC. 91.86 FALLOUT SHELTER - UTILITIES

(a) No plumbing fixtures located within a fallout shelter shall be connected to any public sewer system or directly connected to any public water supply.

(b) No connection of piping within a fallout shelter shall be made to a gas supply of a public utility system.

"SEC. 91.87 FALLOUT SHELTER - ACCESS AND EXIT FACILITIES

(a) Access and exits shall be constructed in such a manner that a straight line projected from any portion of any exterior opening will not project into the protected portion of the shelter.

(b) Fallout shelters located on residential premises and having an occupant load of not more than 12 persons may be constructed with one emergency entrance and exit facility consisting of ladders and hatchways which need not be required to meet the requirements for exits in buildings.

(c) Not less than one additional emergency exit from any fallout shelter or portion thereof shall be provided for each 50 occupants or fraction thereof exceeding 12 persons, determined as provided in Section 91.83(b) of this Division.

(d) In no case shall there be more than 50 feet intervening between emergency exits from any portion of a fallout shelter.

"SEC. 91.88 FALLOUT SHELTER - EXCEPTIONS FOR  
EXISTING FACILITIES

The Director of Building Inspection may grant exceptions to the requirements of this Division or any other building ordinance of The City of San Diego, for the purpose of permitting use of all or any portion of existing buildings or other facilities when such use of an existing building or other facilities has been licensed as a fallout shelter by The City of San Diego, or when a state of emergency involving protection from radioactive fallout has been determined to exist by a qualified governmental agency. When shelter areas are designed, used or maintained for other occupancy purposes, the Director of Inspection shall apply the exit, structural, and fire resistive requirements of the San Diego City building laws as standards for the granting of any exceptions authorized by this Section."

Section 2. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the City Jail for a period of not more than six months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.
