"SEC. 91.42 WRECKING OF STRUCTURES--FILING OF APPLICATIONS, EXPIRATION OF PERMIT

The applicant shall file an application for a demolition permit on a form provided by the Department of Building Inspection for that purpose. The applicant shall furnish all information to the Department as set forth on the application form.

The demolition permit shall expire and become null and void if the work authorized by such permit is not commenced within sixty (60) days, or is not completed within ninety (90) days from the date the permit is issued. Upon application by the permittee, the Director of Building Inspection is authorized to extend the completion date one additional 60-day period if work is delayed for reasons beyond the permittee's control and the application for such extension is made prior to the expiration date of the permit.

"SEC. 91.43 WRECKING OF STRUCTURES--BOND AND INSURANCE REQUIRED

A. Surety Bond. No person shall demolish a building or structure within the City, or cause the same to be done, unless he shall have first filed with The City of San Diego a surety bond issued by a surety company authorized to do business in the State of California in principal amounts as follows:

<u>Floor Area of Structure</u>	<u>Amount of Bond</u>
Up to 2,000 square feet	\$2,000.00
2,000 - 6,000 square feet	5,000.00
Over 6,000 square feet	10,000.00

The bond shall be approved by the City Attorney and by the Director of Building Inspection. In lieu of a surety bond, the permittee may deposit a cash bond in the amount named and conditioned as required in the case of the surety bond.

The bond shall be joint and several in form and shall inure to the benefit of The City of San Diego and be conditioned upon the completion of the demolition and associated work, in accordance with the terms of the sections regulating wrecking of structures, within the period of time or extension thereof as provided in Section 91.42. The bond shall be conditioned upon the payment to the City of any costs incurred by it in completing such work in accordance with the terms of the sections regulating wrecking of structures, or in employing a private contractor to complete such work. Whenever the City Manager shall find that a default has occurred in the performance of any term or condition of the work authorized by the permit, written notice thereof shall be given to the principal and the surety of the bond. Such notice shall state the work remaining to be done, the estimated cost of completion thereof, and the period of time deemed by the City Manager to be reasonably necessary for the completion of such work. After receipt of such notice the principal or the surety must, within the time specified, either cause the required work to be performed or, failing therein, deposit with The City of San Diego the estimated cost of doing the work as set forth in the notice, plus an additional sum equal to ten per cent (10%) of such cost.

In the event that the principal or surety fails to complete such work within the time specified in the notice, or fails to deposit the estimated cost plus ten per cent (10%) with the City, the City Manager shall proceed by such method as he deems convenient to cause the required work to be performed and completed. The principal and the surety shall be jointly and severally liable for the cost of completing such work.

If the principal or surety deposits the estimated cost plus ten per cent (10%) as set forth in the notice, the City Manager shall proceed by such method as he deems convenient to cause the required work to be performed and completed. The unexpended money shall be returned to the depositor at the completion of such work, together with an itemized accounting of the cost. The principal and surety shall hold the City blameless from any liability in connection with the work so performed by the City, its authorized agent, or contractor employed by the City. The City shall not be liable in connection with such work other than for the expenditure of said money.

If a cash bond has been posted, notice of default as provided above shall be given to the principal and, if compliance is not had within the time specified, the City Manager shall proceed without delay and without further notice of proceedings whatever to use the cash deposit or any portion of such deposit to cause the required work to be done by contract or otherwise in his discretion. The balance, if any, of such cash deposit shall, upon completion of the work, be returned to the depositor or to his successors or assigns after deducting the cost of the work.

No performance bond shall be required from the State of California, political subdivision thereof or any governmental agency.

B. Insurance. Every person demolishing a structure or building or causing the same to be done shall take out and maintain public liability insurance to protect against loss from liability for damages on account of bodily injury, including death, and to protect against loss for liability or damages to any property caused

directly or indirectly by the demolition or associated work of the building or structure. Such insurance policy shall be maintained in full force and effect during the demolition and associated work of the building or structure in amounts of not less than Fifty Thousand Dollars (\$50,000.00) for one person injured in one accident and not less than One Hundred Thousand Dollars (\$100,000.00) for more than one person injured in one accident, and in an amount of not less than Five Thousand Dollars (\$5,000.00) with respect to any property damage aforesaid. Proof of insurance, acceptable to and approved by the Director of Building Inspection and the City Attorney, shall be filed with The City of San Diego and shall provide that copies of all cancellation notices shall be sent to the City. The provisions of this section as to insurance shall not be construed as limiting in any way the extent to which the permittee may be held responsible for the payment of damages. A policy of insurance shall not be required from the State of California, political subdivision thereof, or any governmental agency.

"SEC. 91.44 WRECKING OF STRUCTURES--REGULATIONS

Every person demolishing a structure or building in whole or in part shall comply with the following regulations:

(a) The remaining excavations or depressions shall be restored to the level of the adjacent ground.

(b) All debris, including portions of the building or structure and contents, shall be removed from the site within ninety (90) days from the date the permit was issued, or one hundred fifty (150) days if an extension has been granted as provided heretofore in Section 91.42.

(c) Combustible material must be removed from the site as demolition proceeds.

(d) Dry or dusty materials or debris must be wet down to allay the dust.

(e) All glass must be removed from the building or structure before beginning demolition.

(f) Street drainage, drainage structures, natural drainage or diversion must not be obstructed.

(g) Demolition work must not be done on public easements without permission.

(h) All sewer, gas and water connections must be capped and approval obtained from the Director of Building Inspection prior to covering such connections.

(i) All damages or injuries arising from the demolition and associated work must be made good.

(j) Debris or other combustibles shall not be burned on the site without a written burning permit issued by the Fire Marshal of The City of San Diego.

(k) Electric or gas welding or gas cutting shall not be done on the site without written permit issued by the Fire Marshal of The City of San Diego."

Section 3. A violation of any provision or the failure to comply with any of the requirements established by this ordinance shall constitute a misdemeanor. Any person convicted of such violation or such failure shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the city jail for a period of not more than six (6) months or by both fine and imprisonment. The provisions of Section 11.12 of the San Diego Municipal Code shall apply.

Section 4. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

When South opened the bidding with one club, North was not far removed from the requirements for a jump shift. Holding 17 points, he chose to bide his time with a simple forcing response of one spade.

South offered a single raise in spades, and North now came out in his true colors by jumping to four clubs.

With the double fit uncovered, South's hand had grown considerably in stature so he made a slam try by cue bidding in diamonds. This was all North needed to hear and he jumped to a small slam in clubs.

ORDINANCE NO. 8835  
(New Series)

AN ORDINANCE ESTABLISHING A SCHEDULE OF COMPENSATION FOR OFFICERS AND EMPLOYEES OF THE CITY OF SAN DIEGO.

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council finds and determines that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies for comparable services; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for bi-weekly salaries, containing minimum, maximum and intermediate range steps for each Standard Rate. Said compensation schedule is attached hereto as Exhibit "A."

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION," as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego, plus the monetary value, as determined by the department head with the approval of the Civil Service Commission, of such housing,

lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the Standard Rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the Standard Rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Classified Service of The City of San Diego the Standard Rate numbers, providing uniform compensation for like service, attached hereto as Exhibit "B," are hereby adopted. Increases in compensation within the range limits of the Standard Rate number attached to the position may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

Section 4. For all positions in the Unclassified Service of The City of San Diego the Standard Rate numbers, attached hereto as Exhibit "C," are hereby adopted.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate numbers attached to the position in said Exhibit "C."

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and

seniority after first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight-hour day and a forty-hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average forty-hour week and eight-hour day throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 A.M. or after 6:00 P.M. or (2) on a long-term schedule, working a shift regularly split by more than two consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized

on all official payrolls and all records pertaining to said employees' compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and nonmanagerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two hours, and shall be computed at the employee's regular rate or at one and one-half times said rate, if the employee is eligible for premium overtime pay.

Section 7. In fixing and approving the Standard Rates for the officers and employees of the City, this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a Standard Rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as

to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

Section 8. There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. The compensation schedule established by Ordinance No. 8653 (New Series) is hereby continued in force and effect through the pay period ending July 4, 1963. The compensation schedule established by this ordinance shall become effective with the pay period commencing July 5, 1963.

Section 10. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

PROPOSITION B

Amend Section 4, second paragraph Section 7, first, second and fourth paragraphs Section 12, paragraph (b) Section 22, and Section 25 of the Charter of The City of San Diego to read as follows:

"Section 4. DISTRICTS ESTABLISHED. For the purpose of electing members of the Council the City shall be divided into eight Districts as nearly equal in registered voter population as practicable. For the municipal primary and general election in 1965, the boundaries of the eight councilmanic districts shall be established by the City Council as such Council was elected at the municipal election in 1963. Thereafter the boundaries of such districts shall be subject to alteration and change under the provisions of this Charter.

In any ordinance adopted by the Council establishing, changing or altering the boundaries of any councilmanic district the ordinance may describe the new boundaries by reference to a map on file in the office of the City Clerk; a metes and bounds description of the new boundaries need not be contained in said ordinance.

"Section 7. ELECTIVE OFFICERS.

. . . . .

(Second paragraph)

In addition to the foregoing qualifications, every Councilman must have been at the time of his election, or appointment in the event of a vacancy, an actual resident in the district from which he was nominated for one year immediately preceding his election or appointment. Any Councilman who moves from the district of which he was a resident at the time of his election or appointment forfeits his office, but no Councilman shall forfeit his office as a result of redistricting; provided, however, that the one year's residency requirement established by the provisions of this paragraph shall not apply to the first councilmanic election following the amendment of Section 4 of Article II of this Charter.

(First paragraph)

"Section 12. THE COUNCIL. The Council shall be composed of nine (9) Councilmen, including the Mayor, and shall be the legislative body of the City, each of the members of which, including the Mayor, shall have the right to vote upon all questions before it.

(Second paragraph)

Councilmen, including the Mayor, shall be elected at a general municipal election held in the odd numbered years and, except as hereinafter provided, shall hold office for the term of four years from and after the first Monday after the first day of December next succeeding their election and until their successors are elected and qualified. Upon any redistricting pursuant to the provisions of this Charter,

incumbent councilmen will continue to represent the district in which they reside, unless as a result of such redistricting more than one incumbent councilman resides within any one district, in which case the City Council shall determine by lot which councilman shall represent each district. At the next municipal primary and general elections following a redistricting, councilmen shall be elected from those districts not represented and from those districts represented by incumbent councilmen whose terms expire as of the general election in said year. If as a result of any redistricting more than a simple majority of the City Council as redistricted shall be elected at the general election next following any such redistricting, the City Council prior to any such election shall designate one or more new districts for which the initial councilmanic term shall be two (2) years in order to retain staggered terms for councilmen.

(Fourth paragraph)

It is the duty of councilmen to attend all Council meetings. The absence of any councilman from eight (8) consecutive meetings or fifty per cent (50%) of any scheduled meetings within a month shall operate to vacate the seat of such councilman, unless the absence thereof is excused by resolution of the Council.

"Section 22. INTERFERENCE BY INDIVIDUAL MEMBERS OF COUNCIL WITH ADMINISTRATIVE SERVICE PROHIBITED.

(Paragraph (b))

(b) Except for the purpose of inquiry, the Council and its members shall deal with that part of the administrative service for which the City Manager is responsible solely through the City Manager or his designated representative and not through his subordinates.

"Section 25. DEPUTY MAYOR. The Council shall annually in the month of December select one of its members who shall be the Deputy Mayor. The Deputy Mayor shall perform all the duties of the Mayor as prescribed by this Charter or by ordinance when the Mayor is absent or unable to perform his duties."

PROPOSITION C

Amend Section 16, first paragraph Section 17, Section 26, and first and second paragraphs Section 94 of the Charter of The City of San Diego to read as follows:

"Section 16. INTRODUCTION AND PASSAGE OF ORDINANCES AND RESOLUTIONS. Ordinances shall be introduced in the Council only in written or printed form. All ordinances,

8860

57

except annual appropriation ordinances and ordinances codifying or re-arranging existing ordinances, shall be confined to one subject, and the subject or subjects of all ordinances shall be clearly expressed in the title. The annual appropriation ordinance, any ordinance calling or relating to elections, ordinances recommended by the City Manager or other independent department heads transferring or appropriating moneys already appropriated by the annual appropriation ordinance, ordinances establishing or changing the grade of a public highway, and emergency ordinances as defined by Section 17 of this Charter, may be passed by the Council on the day of their introduction. Other ordinances, however, shall be passed only after six (6) calendar days have elapsed between the day of their introduction and the day of their final passage. Each ordinance shall be read in full prior to the final passage of such ordinance, unless such reading shall be dispensed with by a vote of not less than a majority of the members elected to the Council, and not then unless there shall have been available for the consideration of each member of the Council and the public prior to the day of its final passage a written or printed copy of said ordinance. The yeas and nays shall be taken upon the passage of all ordinances and entered upon the journal of the proceedings of the Council. The yeas and nays shall be taken and entered upon the passage of all resolutions receiving a split vote, or upon the request of two or more members of the Council. The enacting clause of ordinances passed by the Council shall be 'Be it ordained by the Council of The City of San Diego.' The enacting clause of ordinances submitted by the initiative shall be 'Be it ordained by the people of The City of San Diego.'

(First paragraph)

"Section 17. WHEN ORDINANCES AND RESOLUTIONS TAKE EFFECT. EMERGENCY MEASURES. Ordinances making the annual tax levy, the annual appropriation ordinances, ordinances calling or relating to elections, and emergency measures, shall take effect at the time indicated therein. All other ordinances passed by the Council shall take effect at the time indicated therein, but not less than thirty days from the date of their passage. Ordinances adopted by vote of the electors shall take effect at the time indicated therein, or, if no time be specified, then thirty days after their adoption. An emergency measure is an ordinance to provide for the immediate preservation of the public peace, property, health, or safety, in which the emergency claimed is set forth and defined in the preamble thereto. The affirmative vote of at least two-thirds of the members elected to the Council shall be required to pass any ordinance as an emergency measure. No measure making or amending a grant, renewal or extension of a franchise or other special privilege shall ever be passed as an emergency measure. No situation shall be declared an emergency by the Council except as defined in this section, and it is the intention of this Charter that compliance with such definition shall be strictly construed by the courts.

. . . . .

"Section 26. ADMINISTRATIVE CODE. The existing Departments, Divisions and Boards and existing Offices of the City Government are hereby continued unless changed by the provisions of this Charter or by ordinance of the Council. The Council shall by ordinance, by majority vote, adopt an

administrative code providing for the detailed powers and duties of the administrative offices and departments of the City Government, based upon the provisions of this Charter. Thereafter, except as established by the provisions of this Charter, the Council may change, abolish, combine, and rearrange the departments, divisions and boards of the City Government provided for in said administrative code, but such ordinance creating, combining, abolishing or decreasing the powers of any department, division or board shall require a vote of two-thirds of the members elected to the Council. The Council may by ordinance, if authorized so to do by the general law of the State, provide that any function of the City may be performed by the County officer in charge of that respective function for the County or for the establishment of a combined City and County district for the performance of any function.

(First paragraph)

"Section 94. CONTRACTS. In the construction, reconstruction or repair of public buildings, streets, utilities and other public works, and in furnishing supplies, materials, equipment or contractual services for the same, when the expenditure therefor shall exceed the sum of \$2,500.00, the same shall be done by written contract, except as otherwise provided in this Charter, and the Council, on the recommendation of the Manager or the head of the Department in charge if not under the Manager's jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for one day in the official newspaper of the City for sealed proposals for the work contemplated. If the cost of said public contract work exceeds the sum of \$1,000.00, but is not in excess of \$2,500.00, the Council may let said contract without advertising for bids, but not until the Purchasing Agent of the City shall have secured competitive prices from contractors interested, which shall be taken under consideration by said Council before said contract is let. The Council may, however, upon the recommendation of the Manager and by a vote of two-thirds of the members elected to the Council, order the performance of any such construction and reconstruction or repair work by appropriate city forces when the estimates submitted as part of the Manager's recommendation indicate that the work can be done by the city forces more economically than if let by contract.

(Second paragraph)

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the Council may, by resolution passed by a vote of two-thirds of the members elected to the Council, determine and declare that the public interest or necessity demands the immediate expenditure of public money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the City treasury and available for such purpose. All contracts before execution shall be approved as to form and legality by the City Attorney.

. . . . .  
PROPOSITION D

Amend first paragraph Section 24, first paragraph Section 41, Section

43, first paragraph Section 211 of the Charter of The City of San Diego to read as follows, and repeal Section 54:

(First paragraph)

"Section 24. MAYOR. The Mayor shall preside at the meetings of the Council and perform such other duties as may be prescribed by this Charter or as may be imposed by the Council, consistent with the duties of his office. He shall have no power of veto, but shall have a vote as a member of the Council. He shall be recognized as the official head of the City for all ceremonial purposes, by the courts for the purpose of serving civil process, for the signing of all legal instruments and documents, and by the Governor for military purposes. On or before the 15th day of January of each year, he shall communicate by message to the City Council a statement of the conditions and affairs of the City, and make recommendations on such matters as he may deem expedient and proper. In time of public danger or emergency, he may, with the consent of the Council, take command of the police, maintain order and enforce the law.

. . . . .

(First paragraph)

"Section 41. COMMISSIONS. The Mayor shall appoint, subject to the confirmation of the Council, members of the Funds Commission and Civil Service Commission. Not less than once each six months the presiding officers of each of the commissions established by the provisions of this Charter shall have a meeting for the purpose of coordinating mutual problems.

. . . . .

"Section 43. ADVISORY BOARDS AND COMMITTEES.

(a) The City Council may by ordinance create and establish advisory boards. Such boards shall be advisory to the Mayor, Council or City Manager as may be designated by ordinance. All members of such boards shall be appointed by the Mayor with Council confirmation, and the terms of office of such members shall in no case exceed the elective term of the appointing Mayor. The members of such boards shall serve without compensation and it shall be their duty to consult and advise with the Mayor, Council or City Manager, as the case may be, but not to direct the conduct of any Department or Division.

(b) The Mayor, City Council or City Manager may create and establish citizens' committees. Such committees shall be created and established only for the purpose of advising on technical questions with clearly defined objectives, and shall be temporary in nature, and shall be dissolved upon the completion of the objectives for which they were created. Committee members shall serve without compensation.

(First paragraph)

"Section 211. OATH OF OFFICE. Every officer or member of a Committee, Board or of a Commission of the City shall, before entering upon the duties of his office, take and

subscribe to the following oath or affirmation to be filed  
and kept in the office of the City Clerk:

. . . . .  
"Section 54. -- HARBOR DEPARTMENT."

(a) -- The Mayor, with the approval of the Council, shall appoint five electors of the City as members of the Harbor Commission, one to serve for one year, one for two years, one for three years, one for four years, and one for five years. -- Thereafter, members of the Harbor Commission shall be appointed to serve for five years and until their successors have been appointed and qualified. -- The members of the Harbor Commission in office at the time this amendment becomes effective shall remain in office until their successors are appointed and qualified. -- The Council may at any time by a vote of at least five (5) of their members remove from office any or all of said Harbor Commissioners. The members of the Harbor Commission shall serve without pay.

(b) -- The Harbor Commission is vested with jurisdiction and authority to exercise in the name of the City of San Diego such powers as are prescribed by general laws now in force and hereafter enacted, together with such additional powers and duties as may be prescribed by ordinance, this Charter, or the laws of the United States. -- The Commission shall have jurisdiction, supervision, management and control of the Bay of San Diego fronting upon The City of San Diego and within the jurisdiction of said City, including all tide and submerged lands, whether filled or unfilled, situated below the line of mean high tide within said bay, except, however, such tide and submerged lands within said bay which have heretofore or which hereafter may be transferred to the exclusive control of the United States, and excepting further such other tidelands as may by vote of the people or act of the State Legislature be transferred to a purpose and use inconsistent with commerce, navigation and fisheries.

(c) -- The Harbor Commission shall have power to adopt, with the approval of the Council by ordinance, such rules and regulations as may be necessary to exercise and carry out the powers and duties prescribed by this Charter for said Harbor Commission.

(d) -- The Harbor Commission, subject to the Civil Service provisions of this Charter, shall appoint a Port Director, together with such other officers, employees and subordinates as may be necessary in the judgment of said Harbor Commission to carry out the duties prescribed by this Charter for said Harbor Commission and for the promotion of commerce, navigation and fisheries. -- All such offices and employments shall be created by ordinance upon the direct recommendation of the Harbor Commission. -- The Harbor Commission shall also have authority and power to employ legal counsel whenever in the judgment of said Commission such employment is necessary.

(e) -- The Port Director shall be the chief administrative officer of the Harbor Commission, and he shall exercise such powers and perform such duties as may be prescribed by the Harbor Commission. -- In addition to any duties imposed by the Harbor Commission and this Charter the Port Director shall

also perform such duties as may be imposed upon harbor masters, port directors and administrative heads of harbors and ports by State or Federal law.

(f) -- All revenues derived from the tidelands and the operation of San Diego Harbor shall be used exclusively for the purpose of improving the harbor and tidelands fronting thereon, including the payment of principal and interest of any general obligation bonds or revenue bonds issued by the City for the improvement of the harbor or of tidelands fronting thereon, and the maintenance and operation of the Harbor Department. -- Each year there shall be appropriated from funds derived from said revenues the amount or amounts required by any ordinance or resolution authorizing or providing for the issuance of revenue bonds for the improvement of the harbor or of tidelands fronting thereon and such amount or amounts, if any, as the Council shall direct for the payment of principal of and interest on general obligation bonds of the City issued after June 15, 1960, for the improvement of the harbor or of tidelands fronting thereon. -- If, at the time of submission of its annual budget estimate, as provided in Section 69 of this Charter, the Harbor Commission determines there are or will be revenues available for the payment of any principal or interest coming due the next fiscal year on general obligation bonds of the City issued prior to June 15, 1960, for harbor purposes, said revenues may be appropriated and used for such payment.

(g) -- The Harbor Commission shall have authority to lease tidelands for such terms and upon such conditions as may be authorized by law, provided, however, that no lease of any tidelands within the jurisdiction of the City for a term longer than one year shall be valid unless said lease shall have been confirmed by the Council.

(h) -- Any municipal air ports now established or which may hereafter be established on the tidelands shall be under the control and supervision of the Harbor Commission until such time as the Council by ordinance shall create a Department of Aviation, at which time the Council may provide in such ordinance for the control, regulation and supervision of municipal airports by the Department of Aviation.

(i) -- And all matters concerning the development of the Harbor of San Diego in which the Planning Commission of The City of San Diego shall have an interest, and which relate to the planning and zoning of The City of San Diego, shall be referred by the Harbor Commission to the Planning Commission for recommendation before final action is taken thereon. In the event of a disagreement between the Harbor Commission and the Planning Commission concerning such proposed development, the matter shall be referred to the Council, whose decision on such development shall be final."

#### PROPOSITION E

Amend Section 42 of the Charter of The City of San Diego to read as follows:

"Section 42. CITY PLANNING COMMISSION. The City Planning Commission shall be organized as provided by the

laws of the State and have such powers and perform such duties as are prescribed by such laws. The duties of the Commission shall also include advising upon public buildings, bridges, retaining walls, approaches, park and harbor structures, the improvement of Pueblo lands and such other improvements as the Council may by ordinance determine. The Commission shall consist of seven (7) members appointed by the Mayor, subject to the confirmation of the Council. The City Engineer, and the City Attorney, or their designated representatives, shall be members ex-officio, but neither of said officers shall have a vote. The members of this Commission shall serve without compensation for terms of two years or until their successors are elected and appointed and qualified."

PROPOSITION F

Amend Section 28 of the Charter of The City of San Diego by adding thereto new paragraph following first paragraph to read as follows:

"Section 28. DUTIES OF THE MANAGER.

. . . . .

The Planning Department shall be an administrative department under the control of the City Manager.

. . . . ."

PROPOSITION G

Amend Section 27, first, third and sixth paragraphs Section 28, and Section 29 of the Charter of The City of San Diego to read as follows:

"Section 27. THE CITY MANAGER. The Council shall elect a Manager under this Charter, who shall be the chief administrative officer

of the City. The Manager shall be chosen by the Council solely on the basis of his proven administrative qualifications. The Manager need not, when elected, be a resident of the City or State, but must be a citizen of the United States. He shall, upon his election, immediately become a resident of the City. No member of the Council shall, during the time for which he was elected, or for one (1) year thereafter, be eligible to hold the position of Manager. The Manager shall be elected for an indefinite term, but may be removed at the pleasure of the Council; provided, however, that the Manager shall not be removed unless a majority of the members of the Council shall vote in favor of such removal. Before the Manager may be removed he shall, if he shall so demand, be given a written statement of the reasons alleged for his removal and the right to be heard publicly thereon at a meeting of the Council prior to the final vote on the question of his removal, but pending and during such hearing the Council may suspend him from office. At least two weeks shall be given the Manager between notice and hearing for the preparation of his answer to the reasons for removal. The action of the Council in suspending or removing the Manager shall be final and conclusive on everyone, it being the intention of this Charter to vest all authority and fix all responsibility for such suspension or removal in the Council. He shall receive a salary to be fixed in the annual appropriation ordinance. The salary set in the appropriation ordinance shall not be reduced while the Manager holds office, but may be subject to increase by the Council at its discretion. The Manager shall designate one of his subordinates as Assistant Manager, who shall serve as Manager in case of the absence or disability of the Manager.

In the event of a vacancy in the office of City Manager, the Council shall fill the same within sixty (60) days after the vacancy occurs; provided, however, that it shall require the affirmative vote of a majority of the members of the Council to elect a person to the office of Manager.

(First paragraph)

"Section 28. DUTIES OF THE MANAGER. It shall be the duty of the Manager to supervise the administration of the affairs of the City except as otherwise specifically provided in this Charter; to make such recommendation to the Council concerning the affairs of the City as may seem to him

107

desirable; to keep the Council advised of the financial condition and future needs of the City; to prepare and submit to the Council the annual budget estimate and such reports as may be required by that body, including an annual report of all the Departments of the City; to see that the ordinances of the City and the laws of the State are enforced; and to perform such other duties as may be prescribed by this Charter or required of him by ordinance or resolution of the Council. Except as otherwise provided in this Charter, all other administrative powers conferred by the laws of the State upon any municipal official shall be exercised by the Manager or persons designated by him. He shall assume the position of Director of any Department under his control for which a Director has not been appointed. The Directors, or heads of the administrative Departments under the Manager shall be immediately responsible to him for the efficient administration of their respective Departments. The Manager may set aside any action taken by a Director or Department subordinate responsible to him, and may supersede him in authority in the functions of his office or employment. Where no provision has been made by ordinance authorizing a subordinate official to act as departmental head in case of a vacancy, the Manager may designate an interim acting head or perform personally the functions of the office. The Manager, as Chief Budget Officer of the City, shall be responsible for planning the activities of the City government and for adjusting such activities to the finances available. #### PROPOSITION J

Amend Section 35, first paragraph Section 94, Section 98 and Section 102 of the Charter of The City of San Diego, to read as follows:

"Section 35. PURCHASING. He shall prepare in consultation with the administrative officers of the City standard

157

specifications for all supplies, materials, equipment, and insurance necessary for use by the various Departments or offices of the City.

In purchasing any supplies, materials, equipment and insurance required by the various Departments or offices of the City, if the cost of said supplies, materials, equipment and insurance exceeds in amount the sum of \$5,000.00, no such purchase shall be made without advertising for sealed proposals therefor. Notices calling for such sealed proposals shall be published for one day in the official newspaper of the City, and a contract let for such purpose only after the expiration of ten days following said advertising. If the cost of the said supplies, materials, equipment and insurance required by said City exceeds the sum of \$2,500.00, but is not in excess of \$5,000.00, the said purchase may be made without advertising for sealed proposals, but not until competitive prices have been secured from merchants or other persons interested in making the sale to said City and not until the purchase has been authorized by the Council. Purchases of supplies, materials, equipment and insurance required by the various Departments or offices of the City which do not exceed the sum of \$2,500.00 in cost may be made directly upon the request of the department interested. The Council shall by ordinance provide for the sale, exchange or other disposal of any surplus, used, obsolete or depreciated personal property belonging to the City.

The Council by resolution may order the purchase without advertising for bids of surplus commodities from the United States of America, or any agency thereof, or from any other public corporation, state or municipal, or any agency thereof. The Council may also authorize the sale to any other public corporation, state or municipal, any supplies, material and equipment which said City may have been able to purchase in quantity at a reduced price.

Supplies shall be furnished upon requisition either from the City stores or by purchase, and whenever so purchased shall be paid for by the Department or office furnished therewith. It shall be the duty of the City Manager to inspect or cause to be inspected all purchases, and reject any of those which are not up to the standard specifications provided therefor, and he shall not approve any bid or voucher for articles which are not in conformity with specifications, or which are at variance with any contract. Supplies shall not be furnished to any Department or office unless there be to the credit thereof an available unencumbered balance sufficient to pay for such supplies.

Materials, supplies or equipment not needed by a Department or office, but necessary to another Department or office, may be transferred and a proper record made of the transaction. The City Manager or such other person as the Council may authorize by ordinance shall have charge of such storerooms and warehouses of the City. The Council may, upon recommendation of the Manager, authorize the purchase of materials, supplies, or equipment in common use by the Departments and offices in large quantities and store the same until requisitioned by the Departments or offices for use. The Council shall provide a sufficient revolving fund in the annual appropriation ordinance of an

adequate amount for the purpose of creating a store's account and stock for future supply of the Departments and offices when needed.

The City Manager shall keep a record of all sources of supply, of all quotations received, of all awards made, of all inspections, of all requisitions filed, and of all vendors furnishing commodities to the City. He shall perform such other duties as may be prescribed by general law or ordinance.

(First paragraph)

"Section 94. CONTRACTS. In the construction, reconstruction or repair of public buildings, streets, utilities and other public works, and in furnishing supplies, materials, equipment or contractual services for the same, when the expenditure therefor shall exceed the sum of \$5,000.00, the same shall be done by written contract, except as otherwise provided in this Charter, and the Council, on the recommendation of the Manager or the head of the Department in charge if not under the Manager's jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for one day in the official newspaper of the City for sealed proposals for the work contemplated. If the cost of said public contract work exceeds the sum of \$2,500.00, but is not in excess of \$5,000.00, the Council may let said contract without advertising for bids, but not until the City Manager of the City shall have secured competitive prices from contractors interested, which shall be taken under consideration by said Council before said contract is let. The Council may, however, upon the recommendation of the Manager and by a vote of five of its members, order the performance of any such construction and reconstruction or repair work by appropriate city forces when the estimates submitted as part of the Manager's recommendation indicate that the work can be done by the city forces more economically than if let by contract. When work performed is in connection with and incidental to capital improvement projects, the City Manager may order the performance of any construction, reconstruction or repair work not exceeding the sum of \$5,000.00 by appropriate City forces when the City Manager estimates that the work can be done by the City forces more economically than if let by contract.

. . . . .

"Section 98. ALTERATION IN CONTRACTS. Whenever it becomes necessary, in the opinion of the Manager, to make alterations in any contract entered into by the City, such alterations shall be made only when authorized by the Council upon written recommendation of the Manager. No such alterations shall be valid unless the new price to be paid for any supplies, material, or work under the altered contract shall have been agreed upon in writing and signed by the contractor and the Manager prior to such authorization by the Council. When the alteration in any contract is less than \$1,000.00 as estimated by the City Manager, the City Manager may, without authorization of the City Council, execute an amendment to the contract.

102

"Section 102. CONTINUANCE OF CONTRACTS. All contracts entered into by the City, or for its benefit, prior to the taking effect of the Charter or any amendments thereto, shall continue in full force and effect. All public work begun prior to the taking effect of the Charter or any amendments thereto shall be continued thereunder. The franchise hereby granted by the City authorizes \_\_\_\_\_

(a) To erect, install, construct, replace, repair, reconstruct, maintain and retain:

(1) television antenna, supporting structures and appurtenances in such streets or other public places as may be authorized by the City Engineer, and

(2) poles, wires, cable, coaxial cable, conductors, ducts, conduit, vaults, manholes, amplifiers, appliances, attachments, and other property as may be necessary and appurtenant to the CATV System, in, along and across streets within the City within the service area designated in Section 3 hereof and, in addition, so to use, operate and provide similar properties rented or leased from other persons, firms, or corporations for such purpose; and

(e) The Grantee shall not engage in the business of selling television or other receivers which make use of signals transmitted by its system, nor shall Grantee engage in the repair of such receivers or the sale of parts for same.

### Section 3. DESIGNATION OF SERVICE AREA.

The service area referred to in Section 2 hereof is described and more specifically referred to in Appendix "A" attached hereto and incorporated by reference hereof.

### Section 4. DURATION OF GRANT.

(a) This franchise shall be effective on the thirty-first (31st) day after the publication of the enacting ordinance, provided the Grantee has filed with the City Clerk within twenty (20) days after such date of publication a written instrument, addressed to the Council, accepting this franchise and agreeing to comply with all

of the provisions hereof.

(b) The term of this franchise shall be thirty (30) years commencing on the effective date hereof; provided, that upon written notice given by the City or Grantee to the other not less than one year prior to the fifteenth (15th) anniversary of said effective date, the terms and conditions of this franchise may be subject to renegotiation for the succeeding fifteen (15)-year term. Renegotiations shall be directed toward effecting alterations in the terms and conditions of the franchise in order to reflect those technical and economic changes which have occurred during the interim period. In no event shall payments under the franchise either be reduced below one per cent (1%) of the total gross annual receipts of the Grantee or be increased in excess of three per cent (3%) of the total gross annual receipts of the Grantee.

This franchise may be terminated by the City Council in the event the Council shall have found, after notice and hearing, that:

(1) the Grantee fails to comply with any provision hereof;

(2) any provision hereof becomes invalid or unenforceable and the Council expressly finds that such provision constituted a consideration material to the grant of this franchise; or

(3) the City purchases the property of the Grantee, as provided in the Charter of the City; provided, however, that the Grantee shall be given thirty (30) days' notice of any termination proceedings.

(c) The Grantee shall not commence construction or operation under this franchise until the happening of the

following events:

(1) the written acceptance hereof by the Grantee accepting all of the terms and conditions of this franchise and agreeing to be bound thereby, delivered to the City Clerk in a form approved by the City Attorney;

(3) the Grantee shall file with the City Clerk a contract between Grantee and the Pacific Telephone and Telegraph Company and a contract between Grantee and the San Diego Gas & Electric Company, or such other or additional utility companies as may be necessary, wherein Grantee is granted the nonexclusive right to use the facilities of such utility or utilities in its operations, said contract to be approved as to form by the City Attorney.

Failure of Grantee to comply with the conditions precedent as stated hereinabove in Section 4(c) within one hundred eighty (180) days after such date of publication shall, at the option of the City, cause this franchise to be forfeited.

#### CONSTRUCTION OF FRANCHISE

##### Section 5. INTERPRETATION.

Unless otherwise specifically prescribed herein, the following provisions shall govern the interpretation and construction of this franchise:

(a) When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number.

(b) Time is of the essence of this franchise. The Grantee shall not be relieved of its obligation to promptly comply with any provision hereof by any failure of the City to enforce prompt compliance with the same or any other provision.

(c) Any right or power conferred, or duty imposed upon any officer, employee, department or board of the City is subject to transfer by operation of law to any other officer, employee, department or board of the City.

(d) The Grantee shall have no recourse whatsoever against the City for any loss, cost, expense or damage arising out of any provision or requirement of this franchise or the enforcement thereof.

(e) This franchise does not relieve the Grantee of any requirement of the City Charter or of any ordinance, rule, regulation or specification of the City, including, but not limited to, any requirement relating to street work, street excavation permits, or the use, removal or relocation of property in streets.

(f) Provisions of this ordinance shall be construed in accordance with Sections 103, 103.1, 104 and 105 of the Charter of The City of San Diego.

Section 6. LIMITATIONS UPON GRANT.

(a) No privilege or exemption is granted or conferred by this franchise except those specifically prescribed herein.

(b) The said franchise and privilege shall be subordinate to any existing franchise or lawful occupancy of any public highway, street, road or other public property for the purpose of erecting, operating and maintaining poles, lines, conduits, cables, gas pipe lines and other necessary fixtures used in connection with the purpose of said existing franchise or franchises or any extension thereof.

(c) This franchise is a privilege to be held in personal trust by the original Grantee. It cannot in any event be transferred in part, and it is not to be sold, transferred, leased, assigned, or disposed of as a whole, either by forced sale, merger, consolidation or otherwise, without prior consent of the City expressed by ordinance, and then only under such conditions as may be therein prescribed; provided, however, that no such consent shall be required for any transfer in trust, mortgage, or other hypothecation, as a whole, to secure an indebtedness.

Section 7. RIGHTS RESERVED TO CITY.

(a) There is hereby provided and reserved to the City every right and power which is required to be herein reserved or provided by any provision of the Charter of the City or of any ordinance of the City, and the Grantee by its acceptance of this franchise agrees to be bound thereby and to comply with any action or requirement of the City in its exercise of any such right or power.

(b) Neither the granting of this franchise nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of the City.

(c) This franchise shall be nonexclusive and neither the granting of this franchise nor any of the provisions contained herein shall prevent the City from granting any identical or similar franchise to any person or corporation other than the Grantee, either within or without the designated area.

Section 8. ESTABLISHMENT OF SERVICE.

Installation of a CATV System shall be commenced within one hundred eighty (180) days after the effective date of this franchise, and extensions and service pursued with due diligence

thereafter. Failure to so commence and diligently pursue to completion shall be grounds for termination of this franchise.

Section 9. ABANDONMENT OF SERVICE.

(a) After the Grantee shall have established service pursuant to this franchise in the franchise area, such service shall not be suspended or abandoned unless such suspension or abandonment be authorized by the City Council.

(b) Whenever the Grantee shall file with the City Council a written application alleging that public interest, convenience and necessity no longer require that the Grantee furnish service as authorized or required by, or pursuant to this franchise, in any service area, the City Council shall, at a public hearing, take evidence upon that question and shall make a finding with respect thereto. Notice of such hearing shall be given by the Grantee to each subscriber in such area at least fifteen (15) days prior thereto. If the City Council shall find that public interest, convenience and necessity no longer require that the Grantee furnish such service, then the City Council shall, after hearing as provided herein, authorize suspension or abandonment of such service upon such reasonable terms and conditions as may be prescribed by the City Council.

Section 10. REGULATION OF RATES AND SERVICE.

(a) The City Council shall have the power and right at all times for the duration of this franchise and privilege to require Grantee to conform to reasonable rules and regulations adopted by the City Council, including the power to regulate and establish reasonable rates and charges by Grantee for services rendered under this franchise and privilege. The establishment of such rules and regulations shall be discretionary with the City Council.

(b) The said CATV System shall be installed and

maintained in accordance with the accepted standards of the industry to the effect that the subscriber shall receive the best signal to his TV set. The City shall establish, in accordance with the practice of the television industry, minimum acceptable standards of signal quality. The provisions of this subsection are a "material provision hereof" as these words are used in Section 4(b)(2) hereof.

(c) The said CATV System shall include, but not be limited to, the broadcast signal of all television stations located within the San Diego Metropolitan Area.

#### STREET WORK

##### Section 11. LOCATION OF FRANCHISE PROPERTY.

Franchise property shall be constructed or installed only at such locations and in such manner as shall be approved by the City Engineer, acting in the exercise of reasonable discretion.

##### Section 12. REMOVAL OR ABANDONMENT OF FRANCHISE PROPERTY.

(a) In the event that the use of any franchise property is discontinued for any reason for a continuous period of twelve (12) months or that franchise property has been installed in any street without complying with the requirements of this franchise, or the franchise has been terminated, cancelled or has expired, the Grantee shall promptly remove from the street all such property other than any which the City Engineer may permit to be abandoned in place. In the event of any such removal, the Grantee shall promptly restore the street or other area from which such property has been removed to a condition satisfactory to the City Engineer.

(b) Franchise property to be abandoned in place shall be abandoned in such manner as the City Engineer shall prescribe. Upon permanent abandonment of any franchise property in place, the Grantee shall submit to the City Manager an instrument, satisfactory to the City Attorney, transferring to the City the ownership of such property.

Section 13. CHANGES REQUIRED BY PUBLIC IMPROVEMENTS.

The Grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the same street, alley, or public place, or remove from any street, alley or public place, any franchise property when required by the City Engineer by reason of traffic conditions, public safety, street vacation, freeway and street construction, change or establishment of street grade, installation of sewers, drains, water pipes, power lines, signal lines, and tracks or any other type of structures or improvements by governmental agencies when acting in a governmental or proprietary capacity, or any other structures or public improvements; provided, however, that Grantee shall in all such cases have the privileges and be subject to the obligations to abandon franchise property in place, as provided in Section 9.

Section 14. FAILURE TO PERFORM STREET WORK.

Upon failure of the Grantee to commence, pursue or complete any work required by law or by the provisions of this franchise to be done in any street, within the time prescribed and to the satisfaction of the City Engineer, the City Engineer may, at his option, cause such work to be done and the Grantee shall pay to the City the cost thereof in the itemized amounts reported by the City Engineer to the Grantee, within thirty (30) days after receipt of such itemized report.

COMPENSATION AND GUARANTEE TO THE CITY

Section 15. ANNUAL PAYMENTS TO THE CITY.

(a) By its acceptance of this franchise, the Grantee agrees to pay to the City annually in lawful money of the United States two per cent (2%) of the total gross receipts collected or received, or in any manner gained or derived by the Grantee in each calendar year, or portion thereof, during the term of this franchise, from the properties, operations and business referred to in Section 2 hereof.

(b) Checks for all such payments shall be made payable to the City Treasurer, and shall be submitted to the City Treasurer on or before March 1 of each year for the previous calendar year or portion thereof.

(c) Each payment shall be accompanied by a statement, in duplicate, verified by the Grantee or by a general officer or other duly authorized representative of the Grantee, showing in such form and detail as the City Manager may require from time to time the facts material to a determination of the amount due.

(d) The payment made to the City by the Grantee pursuant to this section for any calendar year shall be in lieu of any license, fee or business tax prescribed by the City for the same period, but only to the extent of such payment.

Section 16. FAITHFUL PERFORMANCE BOND.

The Grantee shall within the period specified in Section 4(c) file with the City Clerk and, at all times thereafter, maintain in full force and effect an acceptable corporate surety bond, in duplicate, in the amount of FIVE THOUSAND DOLLARS (\$5,000.00), effective for the entire term of this franchise, and conditioned that in the event the Grantee shall fail to comply with any one or more of the provisions of this franchise then there shall be recoverable jointly and severally from the principal and surety of such bond any damages suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of property as prescribed by Sections 15, 17 or 12 hereof which may be in default, up to the full amount of the bond; said condition to be a continuing obligation for the duration of this franchise and thereafter until the Grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of this franchise by the Grantee or from its

exercise of any privilege herein granted.

Neither the provisions of this Section 16, any bond accepted by the City pursuant thereto, nor any damages recovered by the City thereunder shall be construed to excuse faithful performance by the Grantee or to limit the liability of the Grantee under this franchise or for damages, either to the full amount of the bond or otherwise.

Section 17. INDEMNIFICATION TO CITY.

The Grantee shall indemnify the City, its officers and its employees, against all claims, demands, actions, suits and proceedings by others and against all liability to others, and against any loss, cost and expense resulting therefrom, including reasonable attorneys' fees, arising out of the exercise or enjoyment of this franchise, irrespective of the amount of the bond designated in Section 16 hereof.

Section 18. INSPECTION OF PROPERTY AND RECORDS.

(a) At all reasonable times the Grantee shall permit any duly authorized representative of the City Engineer and/or the City Auditor to examine all franchise property, together with any appurtenant property of the Grantee situated within or without the City, and to examine and transcribe any and all maps and other records kept or maintained by the Grantee or under its control which treat of the operations, affairs, transactions or property of the Grantee with respect thereto. If any of such maps or records are not kept in the City, or upon reasonable request made available in the City, and if the City Engineer and/or the City Auditor shall determine that an examination thereof is necessary or appropriate to the performance of any of his duties, then all travel and maintenance expense necessarily incurred in making such examination shall be paid by the Grantee.

(b) The Grantee shall prepare and furnish to the City Engineer and/or the City Auditor, at the times and in the

8866

form prescribed by the City Engineer and/or the City Auditor, such reports with respect to its operations, affairs, transactions or property as may be reasonably necessary or appropriate to the performance of any of the duties of the City Engineer and/or the City Auditor in connection with this franchise. Such reports may include, but are not limited to, a complete set of as-built records and plans of all facilities installed within the franchise service area.

Section 19. Notwithstanding any other provisions contained herein, this franchise is granted solely and exclusively under Sections 103, 103.1, 104 and 105 of the Charter of The City of San Diego and under no other authority.

Section 20. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.
