ORDINANCE NO. 9205
(New Series)

AN ORDINANCE AMENDING DIVISION 1, ARTICLE 1, CHAPTER X OF THE SAN DIEGO MUNICIPAL CODE BY ADDING THERETO TWO NEW SECTIONS TO BE KNOWN AS SECTION 101.0101.51 AND SECTION 101.0101.52 RELATING TO DEFINITIONS, AND AMENDING SECTION 101.0505, DIVISION 5, ARTICLE 1, CHAPTER X OF THE SAN DIEGO MUNICIPAL CODE RELATING TO CONDITIONAL USE PERMITS.

WHEREAS, it is the purpose and intent of the City Council in enacting this ordinance to provide an expedient method of permitting college fraternities, sororities and student dormitories to be located within close proximity to major college and university campuses under the conditional use permit procedure; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Division 1, Article 1, Chapter X of the San Diego Municipal Code be, and the same is hereby amended by adding thereto Section 101.0101.51 to read as follows:

"SEC. 101.0101.51 STUDENT DORMITORY

Student dormitory means a building designed principally for sleeping accommodations for students enrolled at an institution for higher learning."

Section 2. That Division 1, Article 1, Chapter X of the San Diego Municipal Code be, and the same is hereby amended by adding thereto Section 101.0101.52 to read as follows:

"SEC. 101.0101.52 FRATERNITY/SORORITY HOUSE

Fraternity or sorority house means a building used as a place of residence for members of a regularly organized college fraternity or sorority while enrolled at an institution of higher learning."

Section 3. That Section 101.0505, Division 5, Article 1, Chapter X of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC. 101.0505 CONDITIONAL USE PERMITS AUTHORIZED BY PLANNING COMMISSION

The Planning Commission shall have authority under conditions herein provided to permit by Conditional Use Permit the following uses in any zone, including interim zones, except that fraternity houses, sorority houses and student dormitories as provided in (17) below may be permitted only in the R-3, R-4 and R-4C zones:

- (1) Golf courses, golf practice driving tees or ranges, pitch and putt golf courses, but not including miniature courses;
- (2) Hospitals or sanitariums;
- (3) Mausoleums;
- (4) Radio or television transmission stations and broadcasting studios;
- (5) Educational institutions;
- (6) Airports;
- (7) Cemeteries;
- (8) Any non-profit institution whose primary purpose is the promotion of public health and welfare, and which service is available to the needy without charge;
- (9) Buildings, structures, and uses operated by a public utility or by a public body having the power of eminent domain;
- (10) Research, development and testing laboratories and facilities;
- (11) Professional and administrative offices accessory to uses authorized by Conditional Use Permit but prohibiting the sale or offering for sale of merchandise; except as permitted in Subsection (15) following;

(12) Establishment of enterprises involving large assemblages of people or automobiles, provided such establishments are served by separate approved access roads to main highways, including but not limited to:

- (a) Amusement Parks;
- (b) Circuses;
- (c) Fairgrounds;
- (d) Open-air theatres;
- (e) Race tracks;
- (f) Recreational centers privately operated;

(13) Natural resources, development of, together with necessary buildings, apparatus or appurtenances incident thereto;

(14) Trailer parks, provided such parks are within an approved Trailer Park District;

(15) Housing projects in which incidental business or recreational facilities for the convenience of the occupants may be located, provided that all buildings and structures shall not cover more than 30 per cent of the lot area, nor shall there be more than 30 living units per usable acre. There shall also be a minimum lot size of one usable acre with a minimum frontage of 100 feet on a public street;

(16) Land storage of small boats with sales and repair incident thereto; provided, however, that the lot or premises shall have a minimum usable area of two acres and shall lie within a radial distance of not more than one mile from small boat or trailer boat launching facilities on a public body of water;

(17) Fraternity houses, sorority houses and student dormitories including accessory uses provided that such use is within one mile of the exterior boundaries of the campus of a major institution for higher learning."

ORDINANCE NO. 9208
(New Series)

AN ORDINANCE APPROPRIATING THE SUM OF \$300.00 OUT OF THE UNAPPROPRIATED BALANCE FUND OF THE CITY OF SAN DIEGO FOR A CONTRIBUTION TOWARD THE COST OF PRODUCTION OF A LIAISON COLOR MOTION PICTURE UNDER DIRECTION OF THE AMERICAN RIGHT OF WAY ASSOCIATION.

WHEREAS, the American Right of Way Association was formed thirty (30) years ago to promote better liaison among all groups concerned with problems related to the acquisition of rights of way for streets, highways and public utilities; and

WHEREAS, careful liaison among said groups can produce very real and substantial savings in the costs of public improvement projects; and

WHEREAS, said Association is an educational, nonprofit and nonpolitical organization and proposes to sponsor the production of a color motion picture dramatizing the need for careful liaison; and

WHEREAS, said Association is soliciting \$600.00 subscriptions from Highway Departments, private and public utilities and other agencies to pay for the cost of said color motion picture; and

WHEREAS, the County of San Diego has proposed a joint subscription of Three Hundred Dollars (\$300.00) each from the County of San Diego and The City of San Diego for the aforementioned purpose; and

WHEREAS, said \$600.00 subscription will entitle the City and County jointly to receive a copy of the finished motion picture without charge; and

WHEREAS, City's \$300.00 share of the subscription shall be made payable to the Title Insurance and Trust Company, Los Angeles, California, to be placed in trust for the aforementioned use until such time as all necessary money has been subscribed; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. The sum of Three Hundred Dollars (\$300.00) is hereby set aside and appropriated out of the Unappropriated

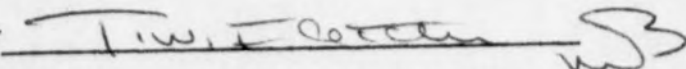

Balance Fund of The City of San Diego, solely and exclusively to be used for the purpose of paying for one-half the cost of the \$600.00 subscription to be made jointly in the name of The City of San Diego and the County of San Diego as a contribution toward paying the cost of producing a color motion picture dealing with liaison problems, said motion picture being sponsored and produced under the direction of the American Right of Way Association.

Section 2. Said Three Hundred Dollars (\$300.00) shall not be paid out of said Unappropriated Balance Fund unless and until the County of San Diego authorizes the expenditure of a like amount for the aforesaid purpose.

Section 3. The Property Director of City is hereby authorized to coordinate the joint subscription with the County of San Diego and take all necessary steps to ensure that said joint contribution shall be placed in trust with the Title Insurance and Trust Company in Los Angeles for use solely for the purpose of the cost of the production of said color motion picture dealing with liaison problems.

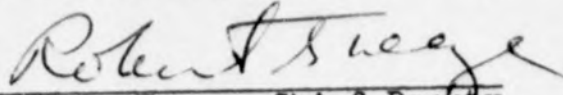

Section 4. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

9212

AN ORDINANCE AMENDING ARTICLE I of CHAPTER IX OF THE SAN DIEGO MUNICIPAL CODE BY ADDING SECTIONS 91.02.0301 AND 91.02.0303 AND REPEALING SECTION 91.02.6 REGULATING BUILDING CONSTRUCTION.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Article 1 of Chapter IX of the San Diego Municipal Code be, and the same is hereby amended by adding Sections 91.02.0301 and 91.02.0303 to read as follows:

"SEC. 91.02.0301 SECTION 301(a) OF THE UNIFORM BUILDING CODE AMENDED.

Section 301(a) PERMITS REQUIRED. No person, firm or corporation shall construct, alter or repair any building or structure in the City, or cause the same to be done, without first obtaining a building permit therefor from the Department of Building Inspection.

This section shall not be construed to require separate building permits for a dwelling and auxiliary buildings or structures on the same property which are described in the building permit application, plot plan and other drawings.

A building permit is required for construction, alteration or repair exceeding \$100.00 in valuation, except the following:

- (1) Fences and free-standing masonry walls up to thirty-six inches (36") in height.
- (2) Curbs, retaining walls and planter boxes up to eighteen inches (18") in height.
- (3) Sunshade structures up to three hundred (300) square feet and at least six feet (6') from any other building on the same property.

(4) Tool and storage sheds and other accessory buildings up to fifty (50) square feet.

(5) Television and radio antennas supported on roofs.

(6) Awnings projecting up to six feet (6') and attached to the exterior walls of buildings of Group I or J occupancy.

"SEC. 91.02.0303 SECTION 303 OF THE UNIFORM BUILDING CODE AMENDED.

Section 303(a) BUILDING PERMIT FEES. The fees for building permits shall be as follows:

<u>TOTAL VALUATION</u>	<u>FEE</u>
Less than \$100.00	No Fee
\$100.00 to \$400.00	\$3.00
\$400.01 to \$700.00	\$5.00
\$700.01 to \$1,000.00	\$6.00
\$1,000.00 to \$25,000.00	\$6.00 plus \$3.00 for each \$1,000 or fraction over \$1,000.00
\$25,000.00 to \$50,000.00	\$78.50 ⁸⁰ plus \$2.50 for each \$1,000 or fraction over \$25,000.00
\$50,000.00 to \$100,000.00	\$140.50 plus \$1.50 for each \$1,000 or fraction over \$50,000.00
More than \$100,000.00	\$215.50 plus \$1.00 for each \$1,000.00 or fraction over \$100,000.00

The determination of value or valuation shall be made by the Director of Building Inspection.

The fee for building permits required by this Code shall be twice the regular fee when work is commenced prior to obtaining a building permit.

(b) PLAN CHECKING FEE. When the valuation of proposed construction exceeds \$1,000.00 and plans are required by this Code, a plan checking fee for each building or structure shall be paid at the time of

submitting the building permit application. The plan checking fee shall be one-half of the building permit fee. Plan checking fees shall not be refundable.

The Director of Building Inspection may authorize a change in street number or a correction in the description of the site when it is determined that the permit application was submitted in error and written request therefor has been made by the original applicant or authorized agent.

Applications for which no permit is issued and on which no action is taken by the applicant within two hundred forty (240) days following the date of application shall expire by limitation, and plans submitted for checking may thereafter be returned to the applicant or destroyed by the Director of Building Inspection. The Director of Building Inspection may extend the time for action by the applicant for a period not exceeding one hundred twenty (120) days upon written request by the applicant showing that circumstances beyond the control of the applicant have prevented action from being taken.

Plans submitted for checking shall comply with the provisions of this Code. Plan checking fees shall be adjusted if the valuation stated on the application is less than actual value.

Plans altered or revised after submission for checking shall be subject to an additional plan checking fee. Only those portions of the plans which have been altered or revised shall be considered in determining such fee.

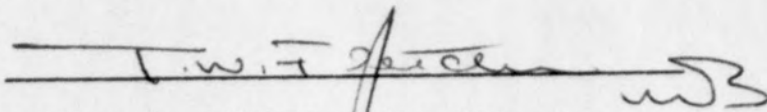

(c) RE-INSPECTION FEE. A fee of \$2.50 shall be charged for re-inspection caused by (1) failure to provide access on the date for which inspection is requested;

(2) deviation from plans requiring the approval of the building official; and (3) failure to substantially complete the work for which inspection is requested."

Section 2. That Article 1 of Chapter IX of the San Diego Municipal Code be, and the same is hereby amended by repealing Section 91.02.6.

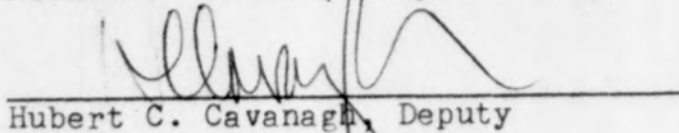

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

BE IT ORDAINED, by the Council of The City of San
Diego, as follows:

Section 1. That Section 102.0701, Article 2,
Chapter X, of the San Diego Municipal Code be, and the
same is hereby amended to read as follows:

"SEC. 102.0701 IMPROVEMENTS AND LAND DEVELOPMENT

1. Subdividers shall improve public rights of
way and perform land development work as required
in this Article and in accordance with the con-
ditions of the resolution approving the tentative
map and the standards prescribed in Chapter VI,
Article 2.

2. No public improvements shall be required
where the tentative map qualifies for filing as
a division plat under Section 102.0502 (c) or (d).

3. In agricultural and residential subdivisions
of five (5) lots or less, the following public
improvements may be waived when any of the fol-
lowing facts are found to exist by the Commission
(or Council upon appeal):

a. Pavement, curb and gutter, and sidewalk.

(1) Like improvements do not exist
within six hundred (600) feet on the same
street or on an intersecting street.

(2) Such improvements would create a
drainage or traffic hazard.

b. Grading. There would be created a drainage or traffic hazard.

c. Drainage. Because of the size or hazard to adjoining properties drainage facilities are impractical.

4. Streets in and adjacent to subdivisions shall be improved as follows:

a. Interior streets full width and extending to the boundary.

b. Ordinary boundary streets to the center line or to the boundary, whichever is greater; except that where such a street is dedicated full width, grading is to extend to the opposite curb line.

c. Boundary streets which are used for access or which are located where topography creates a hazardous condition are to be paved to a point twenty-four (24) feet from the curb in single family residential zones and twenty-eight (28) feet from the curb in other zones.

5. Streets which must be constructed off-site to provide the required improved access shall be improved as follows:

a. Within existing street reservations which are to be dedicated, complete improvements shall be installed as for on-site streets.

b. Within regularly dedicated streets, improvements shall consist of not less than a twenty-four (24) foot width of paving together with necessary berms and aprons to control drainage. Where the volume of anticipated traffic warrants, additional width paving may

be required.

6. Sidewalks shall be constructed on both sides of all streets except that they may be omitted in whole or in part in the following cases:

a. Large lot agricultural or residential subdivision where all the following conditions exist:

(1) Entire area of the subdivision is in an R-1-10 or more restrictive zone;

(2) Lots have a minimum frontage of ninety (90) feet or approved equivalent frontage on turnarounds or knuckles;

(3) Street rights of way are not less than approved minimum widths including ten (10) foot curb to property line distance;

(4) Streets are local in character, and do not provide principal access to schools or other institutional uses.

b. Large lot industrial subdivision where all the following conditions exist:

(1) Entire area of the subdivision is in an M-1D, M-1A, or M-2A zone;

(2) All lots fronting on local industrial streets have a minimum area of two (2) acres and a minimum frontage of two hundred (200) feet or approved equivalent frontage on turn-arounds or knuckles; and

(3) All lots fronting on primary streets have a minimum area of five (5) acres and a minimum frontage of three hundred (300) feet.

7. Provision shall be made for sewer and water services connecting to the City sewer and water systems for each lot. Water systems shall provide for fire flow required to service entire subdivision. Individual sewer or water systems may be recommended by the City Engineer subject to the concurrence of the Utilities Director and approval of the Health Director in subdivisions of five (5) lots or less where the installation of extension mains to connect to the existing City systems would be impractical. In such cases, contracts shall be executed for installation of future permanent facilities.

8. Privately owned public utility systems and service facilities shall be located underground, except where a final subdivision map has been previously accepted by the City Council, and sewer and water utilities have been installed.

Subdividers shall make the necessary cost and other arrangements with each of the public utility companies for the installation of underground facilities and relocation of existing facilities in conformance with the respective operating company's rules and regulations then on file with and approved by the State of California Public Utilities Commission.

The provisions of this subsection shall not require undergrounding of power transmission lines of 60,000 volts or more.

A subdivider or public utility company may apply to the Council for special permission to

vary from the requirements of this subsection. Applications shall conform to the procedure set forth in Section 102.0201.5(4).

After the public hearing, the Council may direct that the conditions of the resolution approving the tentative map contain allowance for overhead utility facilities if the Council finds from the evidence presented at the hearing, that all the following facts exist:

- (a) That such special permission will not, under the circumstances of the particular case, be detrimental to the health, safety or general welfare of the neighborhood.
- (b) That extraordinary conditions exist to the extent that enforcement of this subsection would result in unnecessary hardship.

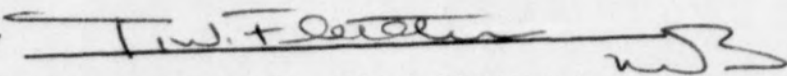

9. Street lights shall be installed at each street intersection, at mid-block locations where the distance between intersections exceeds 850 feet, and at the end of each cul-de-sac which exceeds 200 feet in length. Such lights shall be required on both interior streets and on boundary streets. Whenever, in the opinion of the City Engineer, a dangerous condition is created by sharp curves or irregularities in street alignment, additional lights shall be required. The street light and mounting pole shall be of a type approved by the City Engineer and shall be wired for underground service.

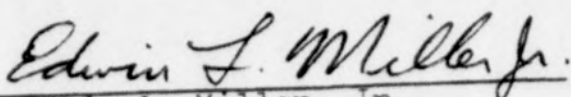

10. Masonry walls or fences shall be required adjacent to rights-of-way of flood control channels,

railroads, freeways, expressways, major streets,
and other streets where necessary or desirable
from the standpoint of public health and safety.

11. Any private improvements existing or to
be installed in public rights-of-way shall require
encroachment permits in accordance with the pro-
visions of Chapter VI, Article 2."

Section 2. This ordinance shall take effect and be
in force on the thirty-first day from and after its passage.

BE IT ORDAINED, by the Council of the City of San Diego, as follows:

Section 1. That Section 102.0701, Article 2, Chapter X of the San Diego Municipal Code be and the same is hereby amended to read as follows:

SECTION 102.0701 IMPROVEMENTS AND LAND DEVELOPMENT

1. Subdividers shall improve public rights of way and perform development work as required in this Article and in accordance with the conditions of the resolution approving the tentative map and the standards prescribed in Chapter VI, Article 2.

2. No public improvements shall be required where the tentative map qualifies for filing under Section 102.0615 (c) or (d).

3. Agricultural and residential subdivisions of five (5) lots or less, the following public improvements may be waived when any of the following facts are found to exist by the Commission (or Council upon appeal):

a. Pavement, curb and gutter, and sidewalk.

b. Grading.

c. Drainage.

d. Easements.

e. Other improvements.

4. Streets in and adjacent to subdivisions shall be improved as follows:

a. Interior streets full width and extending to the boundary.

b. Ordinary boundary streets to the center line or to the boundary, whichever is greater; except that full width, grading is to extend to the opposite curb line.

c. Boundary streets which are used for access or which are located where topography creates a hazardous condition shall be paved to a point twenty-four (24) feet from the curb in single-family residential zones and twenty-eight (28) feet from the curb in other streets.

AN ORDINANCE AMENDING SECTION 101.0506,
CHAPTER X, ARTICLE 1, OF THE SAN DIEGO
MUNICIPAL CODE, RELATING TO CONDITIONAL
USE PERMIT OR VARIANCE..

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Section 101.0506, Chapter X, Article 1,
of the San Diego Municipal Code be, and the same is hereby
amended to read as follows:

"SEC. 101.0506 FAILURE TO UTILIZE CONDITIONAL
USE PERMIT OR VARIANCE

Any conditional use permit or zone variance granted
by the City as herein provided shall be conditioned upon
the privileges granted being utilized within one (1)
year after the effective date thereof.

Failure to utilize such conditional use permit or
zone variance within one (1) year period, will auto-
matically void the same. In the event construction
work is involved it must actually commence within the
stated period and must be diligently prosecuted to
completion. If the City should find that there has
been no construction substantial in character taken
under said conditional use permit or zone variance,
or that there has been a lapse of work for six (6)
months, the said conditional use permit or zone
variance shall be void.

However, if the Zoning Administrator or the Board
of Zoning Appeals grants by zone variance, the right
to construct a residence upon a parcel of land divided
prior to December 5, 1954, as evidenced by official
record, the limitations of this section shall not apply."

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Section 91.03 of the San Diego Municipal Code
be, and the same is hereby amended to read as follows:

"SEC. 91.03 BOARD OF APPEALS AND ADVISORS

(a) General Provisions.

There shall be a Board of Appeals and Advisors
consisting of ten (10) members who are qualified by
experience and training to pass upon matters pertaining
to design and construction of buildings. The members
of the Board shall be appointed by the Mayor, with
Council confirmation, and shall hold office at the
pleasure of the Mayor. The members shall serve for
a term of two (2) years but not longer than the elective
term of the appointing Mayor. However, each member
shall serve until his successor is duly appointed and
qualified. The Director of Building Inspection, the Chief
of the Fire Department, and the City Attorney shall be
ex officio members of the Board but they shall have no
vote. The Director of Building Inspection or his appointed
representative shall act as Secretary to the Board. The
Board shall select a chairman from its membership
annually. Five members shall constitute a quorum for
the transaction of business, and a majority vote but not
less than four affirmative votes shall be necessary to pass
any recommendation.

The Board shall adopt rules to govern its meetings
and shall render its findings and recommendations in
writing to the City Manager and to applicants for Board

action. All officers and department heads of the City shall cooperate with the Board and render all reasonable assistance to it.

(b) Duties of Board.

On its own motion, or at the request of an applicant for Board action, or when requested by the Director of Building Inspection, the Board shall investigate and advise as to the suitability of alternate materials and types of construction, and shall recommend reasonable interpretations of the provisions of this chapter. The Board may also conduct public hearings upon, and recommend to the City Council, the passage of new legislation pertaining to the design and construction of buildings.

The Board may recommend approval of minor deviations from the provisions of this chapter upon demonstration:

(1) That strict application, operation, or enforcement thereof would result in practical difficulty or unnecessary hardship; and

(2) The alternate materials or type of construction proposed is, for the purpose intended, at least equivalent to the requirements of this chapter in quality, strength, effectiveness, fire resistance, and durability, and also in providing for the public health and safety."

ten (10) members who are quali-
fied by experience and training to
pass upon matters pertaining to
design and construction of build-
ings. The members of the Board
shall be appointed by the Mayor,
with Council confirmation, and
shall hold office at the pleasure of
the Mayor. The members shall
serve for a term of two (2) years
but not longer than the elective
term of the appointing Mayor.
However, each member shall
serve until his successor is duly
appointed and qualified. The Di-
rector of Building Inspection, the
Chief of the Fire Department, and
the City Attorney shall be ex
officio members of the Board but
they shall have no vote. The
Director of Building Inspection or
his appointed representative shall
act as Secretary to the Board.
The Board shall select a chair-
man from its membership annual-
ly. Five members shall constitute
a quorum for the transaction of
business, and a majority vote but
not less than four affirmative
votes shall be necessary to pass
any recommendation.

The Board shall adopt rules to
govern its meetings and shall
render its findings and recom-
mendations in writing to the City
Manager and to applicants for
Board action. All officers and
department heads of the City
shall cooperate with the Board
and render all reasonable assis-
tance to it.

(b) Duties of Board.

On its own motion, or at the
request of an applicant for Board
action, or when requested by the
Director of Building Inspection,
the Board shall investigate and
advise as to the suitability of
alternate materials and types of
construction, and shall recom-
mend reasonable interpretations
of the provisions of this chapter.
The Board may also conduct pub-
lic hearings upon, and recommend
to the City Council, the passage of
new legislation pertaining to the
design and construction of build-
ings.

The Board may recommend ap-
proval of minor deviations from
the provisions of this chapter upon
demonstration:

(1) That strict application, opera-
tion, or enforcement thereof
would result in practical difficulty
or unnecessary hardship; and

(2) The alternate materials or
type of construction proposed is,
for the purpose intended, at least
equivalent to the requirements of
this chapter in quality, strength,
effectiveness, fire resistance, and
durability, and also in providing
for the public health and safety.

Section 2. This ordinance shall
take effect and be in force on the
thirty-first day from and after its
passage.

ORDINANCE NO. 1. 9229
(New Series)

AN ORDINANCE ESTABLISHING A SCHEDULE
OF COMPENSATION FOR OFFICERS AND
EMPLOYEES OF THE CITY OF SAN DIEGO.

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council finds and determines that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies for comparable services; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for biweekly salaries, containing minimum, maximum and intermediate range steps for each Standard Rate. Said compensation schedule is attached hereto as Exhibit "A."

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION," as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego, plus the monetary value, as determined by the department head with the approval of the Civil Service Commission, of such housing, lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees

required by law, the City Auditor and Comptroller shall use the amount fixed in the Standard Rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the Standard Rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Unclassified Service, which are identified by the letters (UC), and for all positions in the Classified Service of The City of San Diego, the Standard Rate numbers, providing uniform compensation for like service, attached hereto as Exhibit "B," are hereby adopted.

Section 4. Increases in compensation for employees in the Classified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate numbers attached to the position.

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight (8)-hour day and a forty (40) -hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as

compensation in full for work performed by them during an average forty (40) -hour week and eight (8) -hour day throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1-1/2) times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 a. m. or after 6:00 p. m. or (2) on a long-term schedule, working a shift regularly split by more than two (2) consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employee's compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and nonmanagerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1-1/2) times said rate, if the employee is eligible for premium overtime pay.

Section 7. In fixing and approving the Standard Rates for the officers and employees of the City, this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a Standard Rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

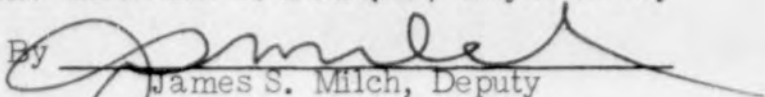

Section 8. There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. The compensation schedule established by Ordinance No. 9028 (New Series) is hereby continued in force and effect through the pay period ending July 1, 1965. The compensation schedule established by this ordinance shall become effective with the pay period commencing July 2, 1965.

Section 10. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

AN ORDINANCE AMENDING SECTION 101.0502 OF THE SAN DIEGO MUNICIPAL CODE RELATING TO BOARD OF ZONING APPEALS.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Section 101.0502 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC. 101.0502 BOARD OF ZONING APPEALS

(a) Creation of Membership. There is hereby created a Board of Zoning Appeals which shall consist of five (5) members. Appointment shall be made by the Mayor, with Council confirmation. The members shall serve for terms of three (3) years, except that the initial appointments of two (2) members shall be for one (1) year, of two (2) members for two (2) years and one (1) member for three (3) years, but no individual appointment shall be longer than the elective term of the appointing Mayor; however, each member shall continue in office until his successor is duly appointed and qualified. Appointments made to fill the unexpired term of any member shall be for the unexpired term. Members may be removed for cause by the Mayor, with Council confirmation.

(b) Meetings. The Board shall meet regularly once a month or oftener if necessary for the transaction of business. It shall elect a Chairman and establish its own rules and procedures necessary or convenient for the conduct of its business.

Three (3) members of the Board of Zoning Appeals shall constitute a quorum. The affirmative vote of not less than three (3) members shall be necessary for any action by the Board.

(c) Powers and Duties. To hear and determine appeals from the rulings, decisions and determinations of the Zoning Administrator, granting or denying applications for conditional use permits or for variances from the zoning provisions of the Municipal Code or Zoning Ordinances."

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Introduced on June 1, 1965.
Passed and adopted by the Council of The City of San Diego on June 8, 1965.

ORDINANCE NO. 9236
(New Series)

AN ORDINANCE AMENDING ARTICLE 1, CHAPTER X, OF THE SAN DIEGO MUNICIPAL CODE, BY AMENDING SUBSECTION (e) OF SECTION 101.0507, AND ADDING THERETO SECTION 101.0507.1, RELATING TO APPEAL TO CITY COUNCIL FROM DECISION OF BOARD OF ZONING APPEALS.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That subsection (e) of Section 101.0507, Article 1, Chapter X, of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"(e) Decision of the Board of Zoning Appeals.

After conducting the public hearing on such appeal, the Board of Zoning Appeals may, by resolution, affirm, change or modify the decision of the Zoning Administrator appealed from, or in lieu thereof, make such other or additional determination as it shall deem appropriate, subject to the same limitations imposed by the Code or City ordinance upon the Zoning Administrator. The resolution shall contain a finding of fact showing wherein the proposed variance or conditional use meets or fails to meet the requirements of Section 101.0503 or Section 101.0504, respectively.

The Board shall file a copy of such resolution and findings with the City Clerk, in the office of the Planning Department, the office of the Director of Building Inspection and shall mail a copy thereof to the applicant."

Section 2. That Article 1, Chapter X, of the San Diego Municipal Code be, and the same is hereby amended by adding

thereto a new section to be known as and numbered Section 101.0507.1, and to read as follows:

"SEC. 101.0507.1 APPEAL TO THE CITY COUNCIL FROM
DECISION OF THE BOARD OF ZONING
APPEALS

(1) An appeal (from any decision of the Board of Zoning Appeals) affirming, changing or modifying any decision of the Zoning Administrator, or making any other or additional determination, may be taken to the City Council within seven (7) days after the decision of the Board of Zoning Appeals has been filed with the City Clerk. Said appeal shall be in writing and filed in duplicate with the City Clerk upon forms provided by the City Council, and shall specify wherein there was error in the decision of the Board of Zoning Appeals.

If an appeal is filed within the time specified, it automatically stays proceedings in the matter until a determination is made by the City Council.

(2) Upon the filing of the appeal, the City Clerk shall bring the appeal to the attention of the City Council by placing the same on the docket for a regular meeting of the City Council within seven (7) days from the time the appeal shall have been filed with the Clerk. The Council at such meeting shall then consider the appeal. In the event, by a majority vote of all of the members of the Council, the Council shall agree to hear the appeal, then the Clerk shall set the matter for public hearing. He shall give notice of the time, place and purpose of such hearing in the manner as provided in Section 101.0503 in an appeal involving a zone variance and in the manner as provided in Section 101.0504 in an appeal involving a conditional use permit.

In addition, the City Clerk shall send the Board of Zoning Appeals a duplicate copy of the appeal and request the Board to transmit to the City Council a copy of its decision, findings, minutes of the hearing and all other evidence, maps, papers and exhibits upon which the Board of Zoning Appeals made its decision.

(3) Upon the hearing of the appeal, the City Council may by resolution affirm, reverse or modify in whole or in part any determination of the Board of Zoning Appeals, subject to the same limitations as are placed upon the Board of Zoning Appeals by law and the provisions of this Municipal Code.

The resolution must contain a finding of fact showing wherein the proposed variance or conditional use, as the case may be, meets or fails to meet the requirements hereof. A majority vote of all of the members of the City Council shall be required to change or modify the decision of the Board of Zoning Appeals.

The Clerk shall transmit a copy of the resolution and finding to the office of the City Planning Department, the office of the Director of Building Inspection, and mail a copy to the applicant."

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

"SEC. 91.02.0100 UNIFORM BUILDING CODE AMENDED AND REVISED.

Section 100(a) PURPOSE AND INTENT. It being desirable to provide for the utilization of improved construction methods and building design without detriment to the public health and safety, certain changes in the Uniform Building Code are adopted to provide therefore.

Section 100(b) NUMERICAL EXPLANATION. To provide ready access and knowledge to those concerned with adopted changes in the Uniform Building Code, the last four digits of the numerical series 91.02.0000 will reflect the change in the appropriate section of the Uniform Building Code.

Section 100(c) DEFINITIONS. As used in this Code Section, an amended section will reflect a change in some sub-section,

sentence or phrase of the Uniform Building Code; a revised section will replace entirely that section of the Uniform Building Code.

"SEC. 91.02.0205 SECTION 205 OF THE UNIFORM BUILDING CODE REVISED.

Section 205 VIOLATIONS. It shall be unlawful for any any person, firm or corporation to erect, construct, enlarge, alter, repair, move, improve, remove, convert or demolish, equip, use, occupy, or maintain any building or structure in the City, or cause the same to be done, contrary to or in violation of any of the provisions of this Code.

"SEC. 91.02.0302 SECTION 302 OF THE UNIFORM BUILDING CODE AMENDED.

Section 302(a) BUILDING PERMITS -- ISSUANCE. The application, plans, and specifications filed by an applicant for a permit shall be checked by the Building Official. Such plans may be reviewed by other departments of the City to check compliance with the laws and ordinances under their jurisdiction. If the Building Official is satisfied that the work described in an application for permit and the plans filed therewith conform to the requirements of this Code and other pertinent laws and ordinances, and that the fee specified in Section 303(a) has been paid, he shall issue a permit therefor to the applicant. In the case of new buildings, all fees required for connection to public water and sewer systems must be paid before the permit is issued.

Section 302(b) RETENTION OF PLANS. One set of approved plans, specifications and computations shall be retained by the Building Official for a period of not less than ninety (90) days from date of completion of the work described therein, and one set shall be on the construction site at all times during construction.

Section 302(d) EXPIRATION. Every permit issued by the Building Official under the provisions of this Code shall expire by limitation and become null and void if the building or work authorized by such permit is not commenced within 120 days. Before such work can be recommenced a new permit shall be first obtained so to do, and the fee therefor shall be one-half the

amount required for a new permit for such work, provided no changes have been made or will be made in the original plans and specifications for such work; and provided, further, that such suspension or abandonment has not exceeded one year.

3. Lath Inspection. To be made after all lathing, interior and exterior, is in place and before any plaster is applied.

"SEC. 91.02.0406 SECTION 406 OF THE UNIFORM BUILDING CODE AMENDED.

Section 406 EXIT DEFINED. EXIT is a continuous and unobstructed means of egress to a public way and shall include intervening doorways, corridors, exterior balconies, ramps, stairways, smoke-proof enclosures, horizontal exits, exit courts, and yards.

"SEC. 91.02.0408 SECTION 408 OF THE UNIFORM BUILDING CODE AMENDED.

Section 408 GRADE DEFINED. GRADE (Ground Level) is the (arithmetical) mean of the finished ground level elevations adjacent to the exterior walls of a building. Finished ground level at any point along a wall shall be taken as the lowest elevation of the surface of the ground within a distance of five feet (5') from the wall, or the lowest elevation of the surface of the ground between the wall and the property line if it is less than five feet (5') distant from the wall.

"SEC. 91.02.0414 SECTION 414 OF THE UNIFORM BUILDING CODE AMENDED.

Section 414 MONUMENTAL STAIRWAY DEFINED.

MONUMENTAL STAIRWAY is a stairway having a width at least three times the minimum width required for exit purposes but not less than eight feet (8'). There shall be not more than five feet (5') vertically between landings and no landing shall have a dimension of less than five feet (5') measured in the direction

of travel. Intermediate landings need not be provided for stair slopes of less than four inches (4") in twenty inches (20"). Risers shall not exceed six inches (6"), and treads shall be not less than twelve inches (12").

"SEC. 91.02.0420 SECTION 420 OF THE UNIFORM BUILDING CODE AMENDED.

Section 420 STORY AND SUN-SHADE STRUCTURE DEFINED.

STORY is that portion of a building included between the uppermost surface of any floor and the upper surface of the floor next above, except that the topmost story shall be that portion of a building included between the upper surface of the topmost floor and the ceiling or roof above.

If the finished floor level directly above a basement or cellar is more than six feet (6') above grade, such basement or cellar shall be considered a story. When determining the number of stories in a building, area separation walls shall be considered exterior walls, and the portions of the buildings so divided by them shall be treated as separate buildings.

SUN-SHADE STRUCTURE is a structure partially or completely covered by a roof, open on two or more sides and used or designed to be used as a shelter for persons for recreational or outdoor living purposes accessory to or incidental to the use of the premises for Group H or I occupancies. Sun-shade structures shall not include car or other storage shelters. Sun-shade structures may either be free-standing or attached to other buildings of Group H, I or J occupancy.

"SEC. 91.02.0423 SECTION 423 OF THE UNIFORM BUILDING CODE AMENDED.

Section 423 VALUE OR VALUATION DEFINED. VALUE OR VALUATION of a building shall be the estimated total cost to replace the building in kind, based on current replacement costs. It shall be deemed to mean the total value of the completed building including all labor and materials even though the labor and materials may be partially or wholly furnished or acquired free of charge.

CODE REVISED.

Section 701 GROUP B OCCUPANCIES DEFINED. GROUP B
OCCUPANCIES shall be:

Division 1. Any assembly building with a stage and an
occupant load of less than 1000 in the building.

Division 2. Any assembly building without a stage and
having an occupant load of 300 or more in the building.

Division 3. Any assembly building without a stage and having
an occupant load of less than 300 in the building.

Division 4. Stadiums, reviewing stands, and amusement
park structures not included within Group A nor Divisions
1, 2, and 3, Group B Occupancies.

CODE REVISED.

Section 801 GROUP C OCCUPANCIES DEFINED. Group C
Occupancies shall be:

Any building or portion thereof used for school or day care
purposes for persons less than 19 years of age involving the
assemblage of six or more persons for instruction or educa-
tion.

Any college, university, or other building or portion thereof
wherein 50 or more persons of any age assemble for the purpose

of instruction or education.

EXCEPTION: Trade, vocational, avocational, professional, recreational, and similar special schools may be classed in the occupancy group they most nearly resemble.

For occupancy separations, see Table No. 5-B.

For occupant load, see Section 3301.

(TABLE No. 5A. WALL AND OPENING PROTECTION OF OCCUPANCIES BASED ON LOCATION OF PROPERTY is revised under the Description of Occupancy column for Group C as follows:

"SEC. 91.02.1102 SECTION 1102 OF THE UNIFORM BUILDING CODE AMENDED.

Section 1102(b) SPECIAL PROVISIONS. Motor vehicle service stations shall be of incombustible or one-hour fire-resistive construction, including canopies over pumps. In all fire zones, canopies over pumps which do not exceed 2,500 square feet in area may be located ten (10) feet from service station buildings and other canopies on the same property and five feet (5') from property lines.

In storage garages, floors shall be entirely protected against saturation.

Storage areas in excess of one thousand square feet (1,000 sq. ft.), in connection with wholesale or retail sales, shall be separated from the public areas by a One-Hour Fire-Resistive Occupancy Separation as defined in Chapter 5.

For attic space partitions and draft stops see Section 3205.

"SEC. 91.02.1305 SECTION 1305 OF THE UNIFORM BUILDING
CODE AMENDED.

Section 1305(a) WINDOWS. All living rooms, kitchens, and other rooms used for living, dining, or sleeping purposes shall be provided with windows with an area not less than twelve square feet (12 sq. ft.), nor one-eighth of the floor area of such rooms.

The window area in bathrooms, water closet compartments, and other similar rooms shall be not less than three square feet (3 sq. ft.) unless a mechanical ventilation system capable of producing a change of air every five minutes and connected directly to the outside is provided.

When such required windows are installed, not less than one-half of the required area shall be openable.

Required windows shall open on a court, yard, or street either directly or through a porch with a minimum clear height of not less than seven feet (7').

Maximum width of the porch shall not exceed the length of the room wall in which the required windows are located, and which abuts the porch, but in no event shall the width of the porch exceed twenty feet (20'). Width shall be considered the dimension of the porch which is approximately perpendicular to the room wall which abuts the porch.

Porches providing indirect light and ventilation to adjoining rooms shall be at least fifty per cent (50%) open on the side opposite the required windows, or may, in lieu of such opening, be fifty per cent (50%) open on at least two sides.

CODE AMENDED.

Section 1405(a) WINDOWS. All living rooms, kitchens, and other rooms used for living, dining, or sleeping purposes shall be provided with windows with an area not less than twelve square feet (12 sq. ft.) nor one-eighth of the floor area of such rooms.

The window area in bathrooms, water closet compartments, and other similar rooms shall be not less than three square feet (3 sq. ft.), unless a mechanical ventilation system capable of producing a change of air every five minutes and connected directly to the outside is provided.

When such required windows are installed, not less than one-half the required area shall be openable.

Required windows shall open on a court, yard, or street either directly or through a sun-shade structure or porch with a minimum clear height of not less than seven feet (7'). Such porch shall be at least 50% open on at least one side.

"SEC. 91.02.1409 SECTION 1409 OF THE UNIFORM BUILDING CODE REVISED.

Section 1409 EXCEPTIONS AND DEVIATIONS. A carport entirely open on two or more sides and which is contiguous with a dwelling only at the walls, need not have a fire separation between the carport and the dwelling.

Windows between such a carport and the dwelling shall not be openable. Doors may be of any type, provided that any sash used in a door is not openable. Doors between a dwelling and a carport shall be self-closing.

"SEC. 91.02.1501 SECTION 1501 OF THE UNIFORM BUILDING CODE REVISED.

Section 1501. GROUP J OCCUPANCIES DEFINED. Group J Occupancies shall be:

Division 1. Private garages, sheds and agricultural buildings when not over 1000 square feet in area, and sun-shade structures.

Division 2. Fences over six feet (6') high, tanks and towers. For occupancy separations see Table No. 5-B.

EXCEPTION: Sun-shade structures need not be separated from buildings of Group I occupancy by one-hour fire-resistive occupancy separations.

For occupant load see Section 3301.

"SEC. 91.02.1502 SECTION 1502 OF THE UNIFORM BUILDING
CODE REVISED.

Section 1502 CONSTRUCTION, HEIGHT AND AREA ALLOWABLE.

Buildings or parts of buildings classed in Group J because of the use or character of the occupancy shall be one of the Types of Construction as specified in Part V of this Code. The floor area shall not exceed one thousand square feet (1000 sq. ft.). The height shall not exceed one story.

When any building except sun-shade structures exceeds the limit specified in this Chapter it shall be classed in the occupancy group, other than Group J, that it most nearly resembles.

"SEC. 91.02.1701 SECTION 1701 OF THE UNIFORM BUILDING
CODE REVISED.

Section 1701 GENERAL CLASSIFICATIONS. The requirements of Part V are for the various Types of Construction and represent varying degrees of public safety and resistance to fire. Every building shall be classified by the Building Official into one of the Types of Construction set forth in Table No. 17-A. Any building which does not entirely conform to a Type of Construction set forth in Table No. 17-A shall be classified by the Building Official into a type having an equal or lesser degree of fire resistance.

No building or portion thereof shall be required to conform to the details of a Type of Construction higher than that type which meets the minimum requirements based on Occupancy (Part III) or Location in Fire Zone (Part IV) even though certain features of such building actually conform to a higher Type of Construction.

Where specific materials, types of construction, or fire-resistive protection are required, such requirements shall be the minimum requirements and any materials, types of construction, or fire-resistive protection which will afford equal or greater public safety or resistance to fire, as specified in this Code, may be used.

Portions of a building separated as specified in Sec. 505(c) may be considered as separate buildings for purposes of classification of types of construction and determination of height. Where there is no such separation, the area of the entire building shall not exceed the least area permitted for the types of construction involved.

"SEC. 91.02.2305 SECTION 2305 OF THE UNIFORM BUILDING CODE REVISED.

Section 2305 ROOF LOADS. Roofs shall sustain, within the stress limitations of this Code, all "dead loads" plus unit "live loads" as set forth in Table No. 23 - B. The live loads shall be assumed to act vertically upon the area projected upon a horizontal plane.

Greenhouses, lath houses, and agricultural buildings shall be designed for a vertical live load of not less than 10 pounds per square foot. Free-standing sun-shade structures not more than 400 square feet in area and attached sun-shade structures having a projection of less than sixteen feet (16') and covering not more than 400 square feet shall be designed and constructed to support a gravity live load of 5 pounds per square foot. Vertical supports shall be designed and anchored to resist an up-lift load of 10 pounds per square foot over the projected area. Sun-shade structures exceeding 400 square feet in area shall be designed for a gravity load of 10 pounds per square foot.

Agricultural and Nursery shade structures used only for the protection of live plants and vegetation may be designed for a vertical live load of 5 pounds per square foot, when covered with incombustible, or plasticized material which is inherently flame retardant and which is approved for external use. Such Agricultural and Nursery shade structures shall be located only in Fire Zones 2 and 3 and when located in Fire Zone 2 shall be not less than ten feet from any adjoining interior lot line or other building or structure, when the covered area exceeds 1000 square feet.

When located in Fire Zone 3 such Agricultural shade structures shall be located as required for Group J occupancies.

Trusses and arches shall be designed to resist the stresses caused by unit live loads on one-half of the span if such loading results in reverse stresses, or stresses greater in any portion than the stresses produced by the required unit live load upon the entire span. For roofs whose structure is composed of a stressed shell, framed or solid, wherein stresses caused by any point loading are distributed throughout the area of the shell, the requirements for unbalanced unit live load design may be reduced by fifty per cent (50%).

Snow load, full or unbalanced, or wind load shall be considered in place of loads as set forth in Table No. 23B, where such loading will result in larger members or connections.

"SEC. 91.02.2307 SECTION 2307 OF THE UNIFORM BUILDING CODE AMENDED.

Section 2307(b) WIND PRESSURE. Roofs of all buildings or other structures shall be designed and constructed to withstand pressures, acting upward normal to the surface, equal to one and one-fourth times those specified for the corresponding height zone in which the roof is located. The height is to be taken as the mean height of the roof structure above the average level of the ground adjacent to the building or other structure and the pressure assumed on the entire roof area.

Greenhouses, sun-shade structures and agricultural buildings shall be designed for a wind pressure of not less than 10 pounds per square foot.

"SEC. 91.02.2313 SECTION 2313 OF THE UNIFORM BUILDING CODE AMENDED.

Section 2313(c) SYMBOLS & NOTATIONS. The following symbols and notations apply only to the provisions of this Section:

C = Numerical coefficient for base shear as specified in Section 2313(d) 1.

- C_p = Numerical coefficient as specified in Section 2313 (d) 2 and as set forth in Table No. 23-G.
- D = The dimension of the building in feet in a direction parallel to the applied forces.
- F_a = Allowable axial stress.
- f_a = Computed axial stress.
- F_b = Allowable bending stress.
- f_b = Computed bending stress.
- F_p = Lateral forces on the part of the structure and in the direction under consideration.
- F_x = Lateral forces applied to a level designated as "x."
- H = The height of the main portion of the building in feet above the base.
- h_x = Height in feet above the base to the level designated as "x."
- J = Numerical coefficient for base moment as specified in Section 2313 (h).
- K = Numerical coefficient as set forth in Table No. 23-F.
- $\sum wh$ = Summation of the products of all " w_x " " h_x " for the building.
- M = Overturning moment at the base of the building or structure.
- N = Total number of stories above exterior grade.
- T = Fundamental period of vibration of the building or structure in seconds in the direction under consideration.
- V = Total lateral load or shear at the base.
- W = Total dead load.
- EXCEPTION: " W " shall be equal to the total dead load plus twenty five per cent (25%) of the floor live load in storage and warehouse occupancies.
- W_p = The weight of a part or portion of a structure.
- W_x = That portion of " w " which is located at or is assigned to the level designated as "x."
- Z = Numerical coefficient dependent upon the zone as determined by the map on the inside back cover. For locations in Zone No. 1 " Z " shall be equal to one-fourth. For locations in

Zone No. 2 "Z" shall be equal to one-half. For locations in Zone No. 3 "Z" shall be equal to one.

- d = Plan dimension of vertical resisting system in feet.
F_y = Lateral force applied to a level designated as "y" which is any level above that designated as "x."
W_y = That portion of "W", which is located or is assigned to level designated as "y."
h_y = Height in feet above the base to the level designated as "y."
J_x = Numerical coefficient for moment at level "x."
F_t = That portion of "V" considered concentrated at the top of the structure.

Section 2313(d) MINIMUM EARTHQUAKE FORCES.

- (1) Total Lateral Force and Distribution of Lateral Force. Every structure shall be designed and constructed to withstand minimum total lateral seismic forces assumed to act nonconcurrently in the direction of each of the main axes of the structure in accordance with the following formula:

$$V = ZKCW$$

The value of "K" shall be not less than that set forth in Table No. 23-F. The value of "C" shall be determined in accordance with the following formula:

$$C = \frac{0.05}{\sqrt[3]{T}}$$

Except as provided in Tables 23-F or 23-G, the maximum value of "C" shall be 0.10.

EXCEPTION: "C" = 0.10 for all one-story and two-story buildings. "T" is the fundamental period of vibration of the structure in seconds in the direction considered. Properly substantiated technical data for establishing the period "T" for the contemplated structure may be submitted. In the absence of such data, the value of "T" for buildings shall be determined by the following formula:

$$T = \frac{.05 H}{\sqrt{D}}$$

EXCEPTION: "T" = 0.10 N in all buildings in which the lateral

resisting system consists of a moment-resisting space frame which resists 100 per cent of the required lateral forces and which frame is not enclosed by or adjoined by more rigid elements which would tend to prevent the frame from resisting lateral forces.

The total lateral force "V" shall be distributed over the height in the following manner:

$$F_x = \frac{VW_x h_x}{\sum wh}$$

A portion of "V" known as " F_T " shall be considered as concentrated at the top of the structure and shall be equal to:

$.004 \left[\frac{H}{d} \right]^2 V$
 need but not exceed .15V and F_T may be considered 0 for $\frac{H}{d}$ of 3 or less. The remaining lateral force shall be distributed over the height of the structure in accordance with the following formula:

$$F_x = \frac{(V-F_T) W_x h_x}{\sum wh} \quad \text{or} \quad F_y = \frac{(V-F_T) W_y h_y}{\sum wh}$$

EXCEPTION: One and two-story buildings shall have a uniform distribution of the entire base shear.

(2) Lateral Force on Parts or Portions of Buildings or Other Structures. Parts or portions of buildings or structures and their anchorage shall be designed for lateral forces in accordance with the following formula:

$$F_p = ZC_p W_p$$

The values of " C_p " are set forth in Table No 23-G. The distribution of these forces shall be according to the gravity loads pertaining thereto.

(3) Pile Foundations. Individual pile or caisson footings of every building or structure shall be so interconnected by ties each of which can carry by tension and compression a horizontal force equal to 10 per cent of the larger pile cap loading unless it can be demonstrated that equivalent restraint can be provided by other approved methods.

Section 2313(h) OVERTURNING. Every building or structure shall be designed to resist the overturning effects caused by wind forces and related requirements set forth in Section 2307, or the earthquake forces specified in this section, whichever governs.

EXCEPTIONS: The axial loads from earthquake force on vertical elements and footings in every building or structure may be modified in accordance with the following provisions:

1. The overturning moment "M" at the base of the building or structure shall be determined in accordance with the following formula:

$$M = J \sum F_x h_x$$

The value of "J" need not be more than 1.00.

2. The overturning moment " M_x " at any level designated as "x" shall be determined in accordance with the following formula:

$$M_x = J_x \left[F_T (H-h_x) + F_y \sum (h_y-h_x) \right]$$

in which

$$J_x = J + (1-J) \left[\frac{h_x}{H} \right]^3$$

At any level, the incremental changes of the design overturning moment, in the story considered, shall be distributed to the various resisting elements in the same proportion as the distribution of the shears in the resisting system. Where other vertical members are provided which are capable of partially resisting the overturning moments, a redistribution may be made to these members if framing members of sufficient strength and stiffness to transmit the required loads are provided.

Where a vertical resisting element is discontinuous, the overturning moment carried by the lowest story of that element shall be carried down as loads to the foundation.

Section 2313(j) STRUCTURAL FRAME. Buildings more than one hundred and sixty feet (160') in height shall have a complete moment resisting space frame capable of resisting not less than

25 per cent of the required seismic load for the structure as a whole. The frame shall be made of a ductile material or a ductile combination of materials. The necessary ductility shall be considered to be provided by a steel frame with moment resistant connections or by other systems proven by tests and studies to provide equivalent energy absorption.

(TABLE NO. 23-F. HORIZONTAL FORCE FACTOR "K" FOR BUILDINGS OR OTHER STRUCTURES is revised by:

1. Adding category and value of "K" as follows:

"Elevated tanks plus full contents not supported by a building.³ K = 3.00 "

2. Changing the last category and value as follows:

"Structures other than buildings and other than those listed in Table 23-F. K = 2.00 "

3. Adding Footnote 3 as follows:

"3. Maximum value of KC = 0.25; minimum value of KC = 0.12. For overturning the factor "J" of Section 2313(h) shall be 1.0 . The torsional requirements of Section 2313(g) shall apply. "

"SEC. 91.02.2509 SECTION 2509 OF THE UNIFORM BUILDING CODE AMENDED.

Section 2509(c) JOIST AND RAFTER BLOCKING AND BRIDGING. Rafters of more than eight-inch (8") depth and floor joists of more than four-inch (4") depth shall be stabilized against overturning or buckling from superimposed loads as follows:

1. At ends and at each support, by solid blocking of not less than two-inch thickness and the full depth of joists, or by nailing to studs when supported by ribbon boards, or by approved hangers or fastenings. Rim-joists nailed into the ends of joists may be used in lieu of solid blocking at ends of joists, in those locations where not more than one story and a roof are supported by the joists.

2. Between supports as required so that joists will be stabilized every eight feet (8') and rafters every ten feet (10') by solid blocking two inches (2") thick and the full depth of the joist or rafter, or by wood cross bridging of not less than one inch (1") by three inches (3") or metal cross bridging of equal strength. Where cross bridging is used, the lower ends of such cross bridging shall be driven up and nailed after the floor or subfloor has been nailed.

Section 2509(f) WOOD MEMBERS ENTERING MASONRY OR CONCRETE. The ends of wood members entering masonry or concrete walls from opposite sides shall be separated by not less than four inches (4") of solid masonry. Other wood members shall be set back not less than four inches (4") from the exterior face of walls, except on street fronts.

Ends of wood beams or joists entering masonry or concrete walls, unless pressure-impregnated or otherwise treated with a preservative in an approved manner, shall be provided with a one-half inch (1/2") air space on sides and end.

Ends of wood beams or joists entering masonry or concrete walls shall be beveled so that top edge does not enter more than one inch (1").

"SEC. 91.02.2516 SECTION 2516 OF THE UNIFORM BUILDING CODE AMENDED.

Section 2516(c) TERMITE PROTECTION.

1. Before any new building is erected, all stumps and roots shall be removed from the soil to a depth of at least twelve inches (12") below the surface of the ground in the area to be occupied by the building.
2. All wood members used to support permanently a load of any kind in buildings over four hundred square feet (400 sq. ft.) in area, shall be of grade and kind of lumber specified in Section 2806(e) when any part of such member is placed

within eighteen inches (18") of any earth, either natural ground or earth fill inside the perimeter of the foundation of the building, unless a concrete slab not less than two inches (2") thick is installed over the entire earth area inside the perimeter of the foundation walls enclosing that section of the building in which less than eighteen inches (18") distance occurs.

3. Wood posts or columns shall not extend through or be placed directly on concrete floors. They shall be supported on concrete footings extending at least two inches (2") above the finished floor or may be placed on a corrosion-resisting metal plate at least one -sixteenth inch (1/16") thick and not smaller than the base of the post or column. Such plate may be flush with the concrete floor.
4. Where timbers extend into a masonry wall at a point below the level of the ground outside of the wall, corrosion-resistant metal wall boxes shall be provided for the embedded portion and all surfaces of the timber within one foot of the end shall be painted with at least two coats of hot coal-tar creosote or other approved wood preservative.
5. All wood forms which have been used in placing concrete, if within the ground or less than eighteen inches (18") above the ground, shall be removed before a building is occupied or used for any purposes.
6. Loose or casual wood shall not be stored in direct contact with the ground under any building.

"SEC. 91.02.2806 SECTION 2806 OF THE UNIFORM BUILDING
CODE AMENDED.

Section 2806(b) BEARING WALLS. Bearing walls shall be supported on continuous solid masonry or concrete footings or piles, which shall be of sufficient size to support safely the loads imposed as determined from the character of the soil. Minimum foundation requirements for stud bearing walls shall be as set forth in Table No. 28-A.

EXCEPTIONS:

1. Interior bearing walls in one-story buildings may be supported on piers.
2. Exterior bearing walls in one-story Type V buildings (except Groups H and I Occupancies) may be supported on piers.
3. A one-story wood frame building which is not used for human occupancy and which does not exceed four hundred square feet (400 sq. ft.) in area, including additions, may be constructed without a masonry or concrete foundation if the walls are supported on a wood foundation plate.
4. The width of footing and depth of foundation below natural surface of ground and finish grade specified in Table No. 28-A may be modified if the modified width and depth are the result of rational design based upon loading and soil bearing conditions which are proven to be applicable.

(TABLE NO. 28-A FOUNDATIONS FOR STUD BEARING WALLS, MINIMUM REQUIREMENTS is revised as follows:

Section 3302(b) NUMBER OF EXITS. Not less than two exits shall be provided from buildings or portions thereof housing

Groups H and I Occupancies having an occupant load of more than 10; or housing Group F Occupancies having an occupant load of more than 50; or housing Groups A, B, C and G Occupancies having an occupant load of more than 50. Groups C and D Occupancies more than one story in height shall have not less than two remotely located exits from each floor. For requirements for Groups D and E Occupancies, see Sections 3319 and 3320.

Buildings, or portions thereof, having an occupant load of 500 to 999 shall have not less than three exits.

Buildings, or portions thereof, having an occupant load of 1000 or more shall have not less than four exits.

Floors above the second story and basements or cellars used for other than service of the building shall have not less than two exits.

When additional exits are provided and are identified as exits, they shall conform to all the provisions for required exits.

"SEC. 91.02.3303 SECTION 3303 OF THE UNIFORM BUILDING CODE AMENDED.

Section 3303(g) EGRESS FROM DOOR. Every exit door shall open into a corridor, enclosed stairway, exterior balcony, exterior stairway where permitted as a required exit, exterior exit court, or public way.

Section 3304(f) OPENINGS. Where corridor walls are required to be one-hour fire-restrictive construction every interior opening shall be protected as set forth in Table No. 33-B. Other interior openings except ventilation louvres equipped with approved automatic fire shutters shall be one-fourth-inch (1/4") fixed wire glass set in steel frames. The total area of all openings in any wall shall not exceed 25 per cent of the area of the interior wall.

EXCEPTIONS: In buildings of Type I or II construction housing Groups F-2 or G Occupancies, openings in corridor

walls and ceilings may be unprotected. Such openings shall be limited in area in accordance with this Section and Section 4303(a).

Section 3305(c) WINDERS. In stairways unrequired for exit purposes, in stairways of Group I occupancies, and in stairways located within individual apartments of Group H occupancies, winders may be used if the required width of run is provided at a point not more than twelve inches (12") from the side of the stairway where the treads are the narrower, but in no case shall any width of run be less than six inches (6") at any point.

Section 3305(g) HANDRAILS. Stairways shall have handrails on each side, and every stairway more than eighty-eight inches (88") in width shall have intermediate handrails dividing the stairway into portions not more than sixty-six inches (66") in width.

Handrails shall be placed not less than thirty inches (30") nor more than thirty-four inches (34") above the nosing of treads, and ends of handrails shall be returned to the wall.

Open-type handrails along the edge of open stairways shall have intermediate members spaced not more than twelve inches (12") apart.

EXCEPTIONS:

1. Stairways forty-two inches (42") or less in width and stairways serving Group I Occupancies may have one handrail.
2. Handrails shall not be required for stairways having less than four risers and serving Group I Occupancies.
3. Handrails shall not be required for exterior monumental stairways.

Section 3305(h) EXTERIOR STAIRWAYS. All openings in the exterior wall of a building served by an exterior stairway used as a required exit shall be protected by a self-closing or automatically

closing fire assembly having a 3/4-hour fire-resistive rating if the opening is within twenty feet (20') of the stairway.

EXCEPTIONS:

1. Openings above or level with the highest portion of the stairway may be unprotected if not nearer than ten feet (10') to the stairway.
2. Protected openings will not be required adjacent to stairways in which the distance from the top of the stairway to the bottom of the stairway does not exceed sixteen feet (16') in vertical projection.

Section 3305 (k) STAIRWAY TO ROOF. In every building more than two stories in height other than those of Group I Occupancy, one stairway shall extend to the roof surface unless the roof has a slope greater than 4 in 12.

"SEC. 91.02.3308 SECTION 3308 OF THE UNIFORM BUILDING CODE AMENDED.

Section 3308(a) GENERAL. Every interior stairway, ramp, or escalator shall be enclosed as specified in this section.

EXCEPTIONS:

1. In occupancies other than Group D, an enclosure will not be required for a stairway, ramp, or escalator serving only the second floor and not connected with corridors or stairways serving floors above the second floor.
2. In buildings of Type I construction housing Groups F and G Occupancies, and equipped with automatic fire-extinguishing systems, enclosures are not required for escalators.
3. Stairs in Group I occupancies and stairs within individual apartments in Group H occupancies need not be enclosed.

"SEC. 91.02.3312 SECTION 3312 OF THE UNIFORM BUILDING CODE AMENDED.

Section 3312(b) EXIT SIGNS. Any exit sign required by this

Code shall be a noncombustible box-type, internally illuminated sign. The word "EXIT" shall be lettered in green on a white or opaque background, and the letters shall be at least five inches (5") in height with the principal strokes of the letters three-fourths inch (3/4") in width.

At every exit doorway, and wherever otherwise required to clearly indicate the direction of egress, an exit sign shall be provided from all areas serving the occupancies specified below. In interior stairways, the floor level leading directly to the exterior shall be clearly indicated.

1. Group B, C, D, and H occupancies with an occupant load of more than fifty.
2. All other occupancies serving an occupant load of more than one hundred.

Section 3312(c) ILLUMINATION OF SIGNS. Exit signs shall be lighted in the following occupancies with two electric lamps producing illumination of not less than 140 lumens each and in the following manner:

1. Two separate sources of supply shall be required for Group A Occupancies and Divisions 1 and 2 of Group B except buildings with occupant loads of less than 750 persons, used as churches, lodge rooms, recreation halls, and gymnasiums.
2. Separate circuits, one of which shall be separate from all other circuits in the building, shall be required for the following occupancies:
 - A. Groups A, B, and C Occupancies with an occupant load over 300 persons and not otherwise regulated in this Subsection.
 - B. Groups D, E, and H Occupancies with an occupant load over 100 persons.
 - C. Groups F and G Occupancies with an occupant load over 1000 persons.

"SEC. 91.02.3314 SECTION 3314 OF THE UNIFORM BUILDING CODE AMENDED.

Section 3314(c) CONTINENTAL SEATING. Continental seating may be used in place of other seating arrangements as prescribed herein. Aisles shall be so located that there are not more than forty-nine (49) seats between any seat and an aisle. The spacing of rows of seats shall be such that the distance measured between plumb lines from the furthestmost projection of an unoccupied seat and the back of the next forward seat shall be not less than twenty-two inches (22"). When this distance is provided by means of the seat in an upright position, seats shall be equipped with not less than two springs or other approved devices. Each spring shall be individually capable of exerting sufficient tension on the seat cushion to keep it in a raised position. Exitways not less than thirty-six inches (36") in width shall be provided along each side of the room or building opposite each three rows of seats. Aisles along each side of the seating shall be not less than forty-four inches (44") wide.

"SEC. 91.02.3601 SECTION 3601 OF THE UNIFORM BUILDING CODE AMENDED.

Section 3601(c) PROHIBITED USES. Penthouses shall be used only for enclosure of mechanical and electrical equipment serving the building, elevator shafts, and stairways.

"SEC. 91.02.3603 SECTION 3603 OF THE UNIFORM BUILDING CODE ADDED.

Section 3603 COOLING TOWERS. Cooling towers having a base area greater than two hundred and fifty square feet (250 sq. ft.), or when located on the roof of buildings in Fire Zones 1 and 2, or when located on buildings exceeding fifty-five feet (55') in height in any Fire Zone, shall be constructed of incombustible materials, except that drip bars may be of wood.

"SEC. 91.02.4303 SECTION 4303 OF THE UNIFORM BUILDING CODE AMENDED.

Section 4303(b) PROTECTED MEMBERS. 1. Attached metal members. The edges of lugs, brackets, rivets, and bolt heads attached to structural members may extend to within one inch (1") of the surface of the fire protection.

2. Reinforcing. Thickness of protection for concrete or masonry

reinforcement shall be measured to the outside of the reinforcement except that stirrups and ties may project not more than one-half inch (1/2") into the protection.

3. Steel Studs and Joists. Steel studs and joists are not required to have individual protection when part of an assembly which has a fire-resistive rating.
4. Columns, spandrel beams, girders, and lintels. Columns, spandrel beams, girders, and lintels which are located on the exterior side of, or within, the plane of the exterior walls shall have fire protection of not less than that required for the exterior walls, and these members shall be of incombustible materials if the wall construction is required to be incombustible.

"SEC. 91.02.4306 SECTION 4306 OF THE UNIFORM BUILDING CODE AMENDED.

Section 4306(c) CLASSIFICATION OF OPENINGS. All fire assemblies having fire-resistive ratings of three (3), two (2), one and one-half (1-1/2), one (1), and three-fourths (3/4) hours shall bear a label or other identification showing the fire-resistive rating thereof. Such label shall be issued by an approved testing agency having a re-examination service.

EXCEPTIONS:

1. Unlabeled passenger elevator hoistway doors may be installed if the panels are certified by the manufacturer to be of equivalent fire resistance.
2. Window frames bearing the manufacturer's fire window label may be installed in openings requiring three-fourths (3/4) hour protection provided they are constructed in the following manner:
 - (1) Solid Section Steel Window Frame -- One and One-Quarter Inch Minimum Depth. The main frame, ventilator, and muntin section shall be not less than one-eighth inch (1/8") in thickness and shall be assembled by welding, riveting, or interlocking together. Windows shall be

limited to twelve feet (12'), one inch (1") in either dimension and a maximum area of eighty-four square feet (84 sq. ft.), and may be provided with ventilators of hinged, pivoted, or projected types, not to exceed sixty inches (60") in either dimension or not more than three thousand square inches (3,000 sq. in.) in area.

Individual windows installed two or more in one opening and joined by vertical mullions shall not exceed seven feet (7') in width and twelve feet (12') in height.

The exposed area per light of glass shall not exceed three-hundred and fifty square inches (350 sq. in.). The inside of glazed windows shall be provided with glazing angles for the entire perimeter of the light. Outside glazed windows shall be prepared for putty glazing and wire clips.

All windows shall be equipped with manufacturer's standard locking hardware and erection fittings. The frame shall have provision for glazing with one-quarter inch (1/4") wire glass.

(2) Solid Section Steel Window Frame -- One inch (1")

Minimum Depth. The main frame, ventilator, and muntin sections shall be not less than one-eighth inch (1/8") in thickness and shall be assembled by welding, riveting, or interlocking together. Windows shall be limited to six feet, six inches (6' 6") in either dimension and a maximum area of thirty-two square feet, (32 sq. ft.), and may be provided with ventilators of hinged or projected type not to exceed twenty-four inches by forty-eight inches (24" x 48"). The windows shall be equipped with the manufacturer's standard locking hardware and erection fittings. The frame shall have provision for glazing with one-fourth inch (1/4") wire glass. The exposed area per light of glass shall not exceed two-hundred square inches (200 sq. in.).

- (3) Cold Formed Steel Window Frame, Double Hung Type. The members, except frame sill and head cover strips, shall be rolled or formed of 18 gauge minimum galvanized steel or 16 gauge minimum plain steel and shall be assembled by welding or riveting. Frame sill members shall be of 14 gauge minimum galvanized or plain steel; head cover strips shall be of 22 gauge minimum galvanized steel. Windows shall be limited to six feet (6') in width and ten feet (10') in height.

The exposed area per light of glass shall not exceed five-hundred and five square inches (505 sq. in.) when one and one-half inch (1 1/2") wide muntins are used, or seven-hundred and twenty square inches (720 sq. in.) when one and three-quarter inch (1 3/4") wide muntins are used. The sash shall be provided with inside glass stops for the entire perimeter of each light.

All windows shall be counter-weighted and equipped with the manufacturer's standard locking hardware and erection fittings. The frame shall have provision for glazing with one-quarter inch (1/4") wire glass.

Section 4306(e) HARDWARE. Every fire assembly required to have a three-hour fire-resistive rating shall be of an automatic type as defined in Section 4306(b). Every fire assembly required to have a two-hour, one and one-half-hour, one-hour or three-fourths-hour fire-resistive rating shall be of an automatic or self-closing type as defined in Section 4306(b).

EXCEPTIONS:

1. Fire Windows unless elsewhere required, need not be either automatic or self-closing.
2. Dual purpose fire-exit doors may have closing devices as set forth in Table No. 33-B.

Heat-actuated devices used in automatic fire assemblies shall be installed, one on each side of the wall at the top of the opening and one on each side of the wall at ceiling height where the ceiling is

more than three feet (3') above the opening.

"SEC. 91.02.4505 SECTION 4505 OF THE UNIFORM BUILDING
CODE AMENDED.

Section 4505(d) THICKNESS. The maximum height or thickness of a marquee, measured vertically from its lowest to its highest point, shall not exceed eighteen inches (18") in depth for a marquee less than twenty-five feet (25') in length or twenty-four inches (24") in depth for a marquee more than twenty-five feet (25') in length. The slope of the soffit of the marquee shall not exceed ten degrees (10°) from the horizontal.

"SEC. 24.0201 CONTRIBUTION OF MEMBERS (Article II, Section 5, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall provide:

1. The normal rates of contribution, except for safety members, shall be based on sex and age as of July 1, 1954, or thereafter at the nearest birthday at the time of entrance into the system.

2. Except as provided in paragraph 3 hereof, the normal rates of contribution for each member, except safety members, shall be such as will provide an average annuity at age 60 equal to 1/120th of his final compensation, according to the tables adopted by the Board of Administration for each year of service rendered after entering the system.

3. On and after the integration date, the normal rate of contribution for each member, except safety members, shall be such as will provide on the average an annuity, according to tables adopted by the Board of Administration, at age 60 equal to the sum of the following:

(a) 1/180th of his basic final compensation for each year of service rendered after entering the system and

(b) 1/120th of his excess final compensation for each year of service rendered after entering the system.

4. No adjustment shall be included in the normal rates of contribution adopted pursuant to paragraph 2 or paragraph 3 of this section because of any time during which members have heretofore contributed at different rates.

"SEC. 24.0202 (Article II, Section 6, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall also provide:

1. Except as provided in paragraph 2 of this section and until revised by the Board of Administration, upon the advice of the Actuary, the normal rate of contribution of each member, except safety members, is that percentage of his compensation earnable shown as the B rate in paragraph 2 of this section according to age and sex at the time of entry into the retirement system.

2. On and after the integration date and until revised by the Board of Administration, upon the advice of the Actuary, the normal rate of contribution applicable to the basic compensation shall be the A rate shown in the table below and the normal rate of contribution applicable to the compensation earnable in excess of the basic compensation shall be the B rate shown in the table below.

"SEC. 24.0402 RETIREMENT FOR SERVICE OF MEMBERS
AND SAFETY MEMBERS (Article IV,
Section 31, of Ordinance No. 6168 (N.S.)).

(a) The Board of Administration shall provide that upon retirement for service, a member, other than a safety member, is entitled to receive a retirement allowance which shall consist of:

- (1) A service retirement annuity.
- (2) A current service pension.
- (3) A prior service pension.

The service retirement annuity is an annuity which is the actuarial equivalent of the member's accumulated contributions at the time of his retirement.

The current service pension is the pension derived from the contributions of the City, sufficient, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of his retirement, to equal the fraction set forth in the following table opposite his age at retirement, taken to the preceding completed quarter year, in the column applicable to his sex multiplied by the sum of:

(i) $1/60$ th of final compensation multiplied by the number of years, and fractions thereof, of current service prior to the integration date plus

(ii) $1/90$ th of final basic compensation, multiplied by the number of years, and fractions thereof, of current service subsequent to the integration date plus

(iii) $1/60$ th of final excess compensation multiplied by the number of years, and fractions thereof, of current service subsequent to the integra-

(b) The prior service pension for a member is a pension derived from the contributions of the City equal to the following: A fraction of 1/60th of his final compensation set forth opposite his age at retirement taken to the preceding completed quarter year, in the following table in the column applicable to his sex multiplied by the number of years of prior service with which he is entitled to be credited at retirement:

"SEC. 24.0403 (Article IV, Section 32, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall provide that upon retirement for service a safety member or an eligible safety member is entitled to receive a retirement allowance which shall consist of:

- (1) A service retirement annuity.
- (2) A pension.

The service retirement annuity is an annuity which is the actuarial equivalent of the safety member's accumulated contributions or the eligible safety member's accumulated contributions at the time of his retirement.

The pension for safety members who are not eligible for Social Security benefits is a pension derived from the contributions of the City, which, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal 1/55th of his final compensation, regardless of his age at retirement, for each year of service, upon retirement for service at age 55 with at least twenty years of service, or upon completion of twenty years of service at an age higher than 55, or upon retirement with less than twenty years of service at age 65.

A safety member who is permitted to retire between the ages of 50 and 55 shall receive a reduced pension which is the actuarial equivalent of the value of his pension, based upon his actual years of service, otherwise payable at age 55.

The pension for eligible safety members is a pension derived from the contributions of the City, which, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal

(i) $1/55$ th of final compensation multiplied by the number of years, and fractions thereof, of current service prior to the integration date plus

(ii) $1/82.5$ th of final basic compensation, multiplied by the number of years, and fractions thereof, of current service subsequent to the integration date plus

(iii) $1/55$ th of final excess compensation multiplied by the number of years, and fractions thereof, of current service subsequent to the integration date regardless of his age at retirement for each year of service, upon retirement for service at age 55 with at least twenty years of service, or upon completion of twenty years of service at an age higher than 55, or upon retirement with less than twenty years of service at age 65.

An eligible safety member who is permitted to retire between the ages of 50 and 55 shall receive a reduced pension which is the actuarial equivalent of the value of his pension, based upon his actual years of service, otherwise payable at age 55.

"SEC. 24.0504 (Article V, Section 36, of Ordinance No. 6168 (N.S.)).

General Members retired for disability, industrial or nonindustrial, shall receive a disability retirement allowance which shall consist of:

(a) An annuity which is the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) If in the opinion of the Board his disability is not due to intemperance, willful misconduct or violation of law on his part, a disability retirement pension derived from the contributions of the City.

"SEC. 24.0506 (Article V, Section 38, of Ordinance No. 6168 (N.S.)).

In no event shall the industrial or nonindustrial disability retirement pension for general members or the nonindustrial disability retirement for safety members be more than sufficient to make the disability retirement allowance, exclusive of any annuity provided by accumulated additional contributions, exceed the service retirement allowance receivable by the member should he retire at age 60 or a safety member should he retire at age 55.

"SEC. 24.0607 OPTIONAL SETTLEMENT 4 (Article VI, Section 49, of Ordinance No. 6168 (N.S.)).

Optional Settlement 4 consists of such other benefits as are the actuarial equivalent of his retirement allowance that he may select, subject to the approval of the Board, upon the advice of the actuary. However, the actuarial equivalent of benefits under this optional settlement payable to the member's beneficiary shall not exceed the actuarial equivalent of the benefits which would be payable to that beneficiary if the member had elected Optional Settlement 2.

Active Special Class Safety Members may at retirement select the Optional Settlement 4 in order to provide a monthly continuance over and above any amount to which their beneficiary is otherwise entitled to receive from this system.

"SEC. 24.0701 DEATH BENEFITS (Article VII, Section 51, of Ordinance No. 6168 (N.S.)).

This system is liable for one and only one of the following: the basic death benefit, the death while eligible benefit, the special death benefit, or the modified special death benefit upon the death of a member or a safety member

(a) While in City service, before the effective date of his retirement, or with respect to

(1) Any member, including a safety member, whose retirement was not compulsory under this ordinance, and

(2) Any member, including a safety member, who has not elected Optional Settlements 2, 3 or 4 under this ordinance, after such effective date and before his retirement is approved; or

(b) While absent on Military service, and who makes contributions, or for whom contributions will be made under this ordinance; or

(c) Within four months after discontinuance of City service because of abolishment of position; or

(d) While physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of City service.

Upon the death of a member, including a safety member, while in City service before the effective

date of his retirement, or with respect to

(1) Any member, including a safety member, whose retirement was not compulsory; and

(2) Any member who has not elected Optional Settlements 2, 3 or 4 under this ordinance, after such effective date and before his retirement is approved, under circumstances in which this system is not so liable for either the basic or special death benefit, this system is liable for a limited death benefit which consists only of the accumulated contributions of the member with interest payable to his beneficiary or his estate, as determined by the Board.

"SEC. 24.0703 (Article VII, Section 52, of Ordinance No. 6168 (N.S.)).

The basic death benefit is payable in all cases where the retirement system is liable under Section 51 for the basic death benefit, or the special death benefit, or the death while eligible benefit, or the modified special death benefit and none of the latter three benefits are payable.

The basic death benefit shall consist of:

(a) The accumulated contributions, including additional accumulated contributions, of the member, with interest as determined by the Board.

(b) An amount, provided from contributions by the City equal to one-twelfth of the annual compensation earnable by the deceased during the 12 months immediately preceding his death, multiplied by the number of completed years of service for which he receives credit as a member of the system, but not to exceed one-half of such compensation.

"SEC. 24.0708 (Article VII, Section 56, of Ordinance No. 6168 (N.S.)).

The special death benefit, the modified special death benefit, and the death while eligible benefit shall begin to accrue on the day next following the date of the member's, including safety member's, death, and shall be paid in monthly installments to the surviving eligible spouse or children as prescribed in this article."

Section 2. That Ordinance No. 6168 (New Series) of the ordinances of The City of San Diego, adopted June 22, 1954, be, and the same is hereby amended by adding new Section 35.1 of Article V; Sections 53.1, 53.2, 53.3, 53.4, 59.1, 59.2 and 59.3 of Article VII; and by adding a new article thereto to be numbered Article VII(A), Sections 63.1 and 63.2; and amending Chapter II, Article 4 of the San Diego Municipal Code by adding new Sections 24.0503.1, 24.0704.1, 24.0704.2, 24.0704.3, 24.0704.4, 24.0710.1, 24.0710.2 and 24.0710.3; and a new division thereto to be numbered Division 7(A), Sections 24.0714.1 and 24.0714.2, as follows:

"SEC. 24.0503.1 (Article V, Section 35.1, of Ordinance No. 6168 (N.S.)).

Upon retirement of a safety member for nonindustrial disability, he shall receive a nonindustrial disability retirement allowance which shall consist of:

(a) An annuity which is the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) If in the opinion of the Board his nonindustrial disability is not due to intemperance, willful misconduct, or violation of law on his part, a disability retirement pension derived from the contributions of the City. The disability retirement pension shall be such an amount as, with that portion of his annuity provided by his accumulated normal contributions, will make his

disability retirement allowance equal to

(1) 90% of one-fifty fifth of his final compensation multiplied by the number of years of service credited to him; or

(2) If the disability retirement allowance computed under subdivision (1) does not exceed one-fourth of his final compensation, 90% of one-fifty fifth of his final compensation multiplied by the number of years of service which would be creditable to him were his service to continue to attainment by him of the age of 55, but in such case the retirement allowance shall not exceed one-fourth of such final compensation.

"SEC. 24.0704.1 (Article VII, Section 53.1, of Ordinance No. 6168 (N.S.)).

A death while eligible benefit is payable, as an option in lieu of the basic death benefit, if the deceased was an active general or safety member, if the member's death occurs after he/she is eligible but prior to retirement, and if there is a spouse or child who qualifies under the provisions of the following section.

"SEC. 24.0704.2 (Article VII, Section 53.2 of Ordinance No. 6168 (N.S.)).

The death while eligible benefit consists of:

(a) An amount equal to and derived from the same source as the basic death benefit; and

(b) An amount sufficient, when added to the amount equal to the basic death benefit, to provide a monthly allowance equal to one-half of the maximum monthly amount that would have been paid to the deceased member had the member retired on the day of his/her

death, payable to the surviving spouse if he/she is the named beneficiary and to whom the deceased member was married prior to sustaining the injury or disease resulting in death as long as he/she lives; or if there is no surviving spouse or if the surviving spouse dies before all children of the deceased member attain age 18, to the deceased member's children under 18 collectively as beneficiaries until every child dies or attains age 18.

(c) An annuity which is the actuarial equivalent, assuming monthly payments for life to the surviving spouse, of the deceased's accumulated additional contributions at the date of the member's death. In the event that there is no surviving spouse, but there are minor dependent children eligible for the death while eligible benefit, the deceased member's accumulated additional contributions at the date of his/her death will be payable to the minor dependent children, as named beneficiaries, in a lump sum, share and share alike.

"SEC. 24.0704.3 (Article VII, Section 53.3, of Ordinance No. 6168 (N.S.)).

If payment of the death while eligible benefit is stopped because of the death of the surviving spouse or attainment of the age of 18 years by all dependent children, before the sum of the monthly payments made, exclusive of the annuity derived from the accumulated additional contributions of the deceased, equals the basic death benefit, a lump sum equal to the difference shall be paid to the surviving children of the deceased member, if any, share and share alike, and if there are no children, then in accordance with the provisions of Sections 60 through 63.

"SEC. 24.0704.4 (Article VII, Section 53.4 of Ordinance No. 6168 (N.S.)).

A member, including a safety member, whose surviving spouse or minor dependent children would be eligible for the death while eligible benefit in the event of the member's death, may elect, by a writing filed with the Board, the death while eligible benefit for his/her spouse, or if the member has no spouse, for his/her minor dependent children. In such an event, and should the member die while in active service and prior to his/her retirement, the death while eligible benefit shall be paid in accordance with the deceased member's election in lieu of the basic death benefit.

"SEC. 24.0710.1 (Article VII, Section 59.1, of Ordinance No. 6168 (N.S.)).

A modified special death benefit is payable as an option in lieu of the basic death benefit or the death while eligible benefit, if applicable, if the deceased was a general member, if his death was industrial as determined by the Board, and if there is a wife or child who qualifies under the provisions of the following section.

"SEC. 24.0710.2 (Article VII, Section 59.2, of Ordinance No. 6168 (N.S.)).

The modified special death benefit consists of:

- (a) An amount equal to and derived from the deceased member's normal contributions; and
- (b) An amount derived from the Undistributed Earnings of the Retirement Fund sufficient, when added to the amount derived from the deceased member's normal contribution, to provide a monthly death allowance, when added to any Social Security benefits which are payable, equal to one-half of the average compensation

earnable by the deceased member during the five years immediately preceding his death, payable to the surviving wife as the named beneficiary and to whom he was married prior to sustaining the injury or disease resulting in death as long as she lives or until her remarriage; or, if there is no widow as beneficiary, or if such widow dies or remarries before all children of the deceased member attain age 18, to his children under 18 collectively as beneficiaries until every child dies or attains 18.

"SEC. 24.0710.3 (Article VII, Section 59.3, of Ordinance No. 6168(N.S.)).

The deceased member's accumulated additional contributions at the date of his death will be payable in a lump sum to the designated beneficiary and will not be part of nor added to the modified special death benefit.

"DIVISION 7 (A)

"RETIREE DEATH BENEFIT

"SEC. 24.0714.1 (Article VII(A), Section 63.1, of Ordinance 6168 (N.S.)).

This system is liable for a retiree's death benefit if the deceased was a retired member of the City Employees' Retirement System and if his death occurs after the effective date of this ordinance.

"SEC. 24.0714.2 (Article VII(A), Section 63.2, of Ordinance 6168 (N.S.)).

The retiree's death benefit shall consist of \$400.00, payable in lump sum to the designated beneficiary or estate of the retiree. In the event that there is no designated beneficiary or the estate is not so designated, payment of the retiree's death benefit shall be made in accordance with the provision of Sections 60 through 63."

Section 3. That Section 32.1 of Article IV-1/2 of Ordinance No. 6168 (New Series) of the ordinances of The City of San Diego, adopted June 22, 1954; and Section 24.0404 of Division 4, Chapter II, Article 4, of the San Diego Municipal Code, be, and the same are hereby repealed.

Section 4. The provisions of this ordinance establishing new benefits and adopting new contribution rates shall commence in application on July 1, 1966.

Section 5. All members retiring after the effective date of this ordinance, but before the date set for commencement of benefits, shall, after July 1, 1966, be entitled to such benefits as they may have been entitled to if this ordinance's benefits had been in effect on the date of the member's retirement. For the period prior to said July 1, 1966, the only benefits to said retired members shall be as provided under Ordinance No. 6168 (New Series--adopted June 22, 1954).

Section 6. The benefits and provisions of this ordinance are provided solely for those who are active or inactive members on the effective date of said ordinance. All employees who have retired prior to the effective date of this ordinance and are presently receiving a retirement allowance are specifically excluded from this ordinance's application.

Section 7. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

"SEC. 24.0201 CONTRIBUTION OF MEMBERS (Article II,
Section 5, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall provide:

1. The normal rates of contribution, except for safety members, shall be based on sex and age as of July 1, 1954, or thereafter at the nearest birthday at the time of entrance into the system.

2. Except as provided in paragraph 3 hereof, the normal rates of contribution for each member, except safety members, shall be such as will provide an average annuity at age ~~62~~ 60 equal to 1/120th of his final compensation, according to the tables adopted by the Board of Administration for each year of service rendered after entering the system.

3. On and after the integration date, the normal rate of contribution for each member, except safety members, shall be such as will provide on the average an annuity, according to tables adopted by the Board of Administration, at age ~~62~~ 60 equal to the sum of the following:

(a) 1/180th of his basic final compensation for each year of service rendered after entering the system, and

(b) 1/120th of his excess final compensation for each year of service rendered after entering the system.

4. No adjustment shall be included in the normal rates of contribution adopted pursuant to paragraph 2 or paragraph 3 of this section because of any time during which members have heretofore contributed at different rates.

"SEC. 24.0202 (Article II, Section 6, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall also provide:

1. Except as provided in paragraph 2 of this section and until revised by the Board of Administration, upon the advice of the actuary, the normal rate of contribution of each member, except safety members, is that percentage of his compensation earnable shown as the B rate in paragraph 2 of this section according to age and sex at the time of entry into the retirement system.

2. On and after the integration date and until revised by the Board of Administration, upon the advice of the actuary, the normal rate of contribution applicable to the basic compensation shall be the A rate shown in the table below and the normal rate of contribution applicable to the compensation earnable in excess of the basic compensation shall be the B rate shown in the table below.

"SEC. 24.0203 (Article II, Section 7, of Ordinance No. 6168 (N.S.)).

The normal rate of contribution established for age ~~61~~ 59 is the rate for any member, other than a safety member, who has attained a greater age before entrance into the Retirement System, and that established for age 20 is the rate for any member, other than a safety member, who enters the Retirement System at a lesser age.

"SEC. 24.0301 CONTRIBUTIONS OF SAFETY MEMBERS (Article III, Section 12, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall provide:

1. The normal rates of contribution for safety members shall be based on sex and age as of July 1, 1954, or thereafter at the nearest birthday at the time of entrance into the system.

2. Except as provided in paragraph 3 hereof, the normal rates of contribution for each safety member shall be such as will provide an average annuity at age 55 equal to ~~1/120th~~ 1/110th of his final compensation, according to the tables adopted by the Board of Administration for each year of service rendered after entering the system.

3. On and after the integration date, the normal rate of contribution for each eligible safety member shall be such as will provide on the average an annuity according to tables adopted by the Board of Administration, at age 55 equal to the sum of the following:

(a) ~~1/180th~~ 1/165th of his basic final compensation for each year of service rendered after entering the system, and

(b) ~~1/120th~~ 1/110th of his excess final compensation for each year of service rendered after entering the system.

4. No adjustment shall be included in the normal rates of contribution adopted pursuant to paragraph 2 or paragraph 3 of this section because of any time during which members have heretofore contributed at different rates.

"SEC. 24.0302 (Article III, Section 13, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall provide:

1. Except as provided in paragraph 2 hereof and until revised by the Board of Administration, upon the advice of the actuary, the normal rate of contribution for each safety member is that percentage of his compensation earnable as shown as the B rate in paragraph 2 of this section according to age and sex at the time of entry into the retirement system.

2. On and after the integration date and until revised by the Board of Administration, upon the advice of the actuary, the normal rate of contribution applicable to the basic compensation shall be the A rate shown in the table below for all eligible safety members, and the normal rate of contribution applicable to the compensation earnable in excess of the basic compensation for all eligible safety members shall be the B rate shown in the table below.

"SEC. 24.0402 RETIREMENT FOR SERVICE OF MEMBERS AND SAFETY MEMBERS (Article IV, Section 31, of Ordinance No. 6168 (N.S.)).

(a) The Board of Administration shall provide that upon retirement for service, a member, other than a safety member, is entitled to receive a retirement allowance which shall consist of:

- (1) A service retirement annuity.
- (2) A current service pension.
- (3) A prior service pension.

The service retirement annuity is an annuity which is the actuarial equivalent of the member's accumulated contributions at the time of his retirement.

The current service pension is the pension derived from the contributions of the City, sufficient, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of his retirement, to equal the fraction set forth in the following table opposite his age at retirement, taken to the preceding completed quarter year, in the column applicable to his sex multiplied by the sum of:

(i) $1/60$ th of final compensation multiplied by the number of years, and fractions thereof, of current service prior to the integration date plus

(ii) $1/90$ th of final basic compensation, multiplied by the number of years, and fractions thereof, of current service subsequent to the integration date plus

(iii) $1/60$ th of final excess compensation multiplied by the number of years and fractions thereof, of current service subsequent to the integration date.

(b) The prior service pension for a member is a pension derived from the contributions of the City equal

to the following: A fraction of 1/60th of his final compensation set forth opposite his age at retirement taken to the preceding completed quarter year, in the following table in the column applicable to his sex multiplied by the number of years of prior service with which he is entitled to be credited at retirement:

"SEC. 24.0403 (Article IV, Section 32, of Ordinance No. 6168 (N.S.)).

The Board of Administration shall provide that upon retirement for service a safety member or an eligible safety member is entitled to receive a retirement allowance which shall consist of:

(1) A service retirement annuity.

(2) A pension.

The service retirement annuity is an annuity which is the actuarial equivalent of the safety member's accumulated contributions or the eligible safety member's accumulated contributions at the time of his retirement.

The pension for safety members who are not eligible for Social Security benefits is a pension derived from the contributions of the City, which, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal ~~1/60th~~ 1/55th of his final compensation, regardless of his age at retirement, for each year of service, upon retirement for service at age 55 with at least twenty years of service, or upon completion of twenty years of service at an age higher than 55, or upon retirement with less than twenty years of service at age 65.

A safety member who is permitted to retire between the ages of 50 and 55 shall receive a reduced pension which is the actuarial equivalent of the value of his pension, based upon his actual years of service, otherwise payable at age 55.

The pension for eligible safety members is a pension derived from the contributions of the City, which, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal

(i) ~~1/60th~~ 1/55th of final compensation multiplied by the number of years, and fractions thereof, of current service prior to the integration date plus

(ii) ~~1/90th~~ 1/82.5th of final basic compensation, multiplied by the number of years, and fractions thereof,

of current service subsequent to the integration date
plus

(iii) ~~1/60th~~ 1/55th of final excess compensation multiplied by the number of years, and fractions thereof, of current service subsequent to the integration date regardless of his age at retirement for each year of service, upon retirement for service at age 55 with at least twenty years of service, or upon completion of twenty years of service at an age higher than 55, or upon retirement with less than twenty years of service at age 65.

An eligible safety member who is permitted to retire between the ages of 50 and 55 shall receive a reduced pension which is the actuarial equivalent of the value of his pension, based upon his actual years of service, otherwise payable at age 55.

"SEC. 24.0504 (Article V, Section 36, of Ordinance No. 6168 (N.S.)).

~~Every member, including a safety member, retired for disability, for whom a different disability retirement allowance is not prescribed by this ordinance, shall receive a disability retirement allowance which shall consist of:-~~

General members retired for disability, industrial or nonindustrial, shall receive a disability retirement allowance which shall consist of:

(a) An annuity which is the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) If in the opinion of the Board his disability is not due to intemperance, willful misconduct or violation of law on his part, a disability retirement pension derived from the contributions of the City.

"SEC. 24.0506 (Article V, Section 38, of Ordinance No. 6168 (N.S.)).

~~In no event shall disability retirement pension under the last two preceding sections be more than sufficient to make the disability retirement allowance, exclusive of any annuity provided by accumulated additional contributions, exceed the service retirement allowance receivable by the member should he retire at age 62, or a safety member should he retire at age 55.~~

In no event shall the industrial or nonindustrial disability retirement pension for general members or the nonindustrial disability retirement for safety members be more than sufficient to make the disability retirement allowance, exclusive of any annuity provided by accumulated additional contributions, exceed the service retirement allowance receivable by the member should he retire at age 60 or a safety member should he retire at age 55.

"SEC. 24.0607 OPTIONAL SETTLEMENT 4 (Article VI, Section 49, of Ordinance No. 6168 (N.S.)).

Optional Settlement 4 consists of such other benefits as are the actuarial equivalent of his retirement allowance that he may select, subject to the approval of the Board, upon the advice of the actuary. However, the actuarial equivalent of benefits under this optional settlement payable to the member's beneficiary shall not exceed the actuarial equivalent of the benefits which would be payable to that beneficiary if the member had elected Optional Settlement 2.

Active Special Class Safety Members may at retirement select the Optional Settlement 4 in order to provide a monthly continuance over and above any amount to which their beneficiary is otherwise entitled to receive from this system.

"SEC. 24.0701 DEATH BENEFITS (Article VII, Section 51, of Ordinance No. 6168(N.S.)).

~~This system is liable for either the basic or special death benefit upon the death of a member or safety member~~

This system is liable for one and only one of the following: the basic death benefit, the death while eligible benefit, the special death benefit, or the modified special death benefit upon the death of a member or a safety member

(a) While in City service, before the effective date of his retirement, or with respect to

(1) Any member, including a safety member, whose retirement was not compulsory under this ordinance, and

(2) Any member, including a safety member, who has not elected Optional Settlements 2, 3 or 4 under this ordinance, after such effective date and before his retirement is approved; or

(b) While absent on Military service, and who makes contributions, or for whom contributions will be made under this ordinance; or

(c) Within four months after discontinuance of City service because of abolishment of position; or

(d) While physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of City service.

Upon the death of a member, including a safety member, while in City service before the effective date of his retirement, or with respect to

(1) Any member, including a safety member, whose retirement was not compulsory; and

(2) Any member who has not elected Optional Settlements 2, 3 or 4 under this ordinance, after such effective date and before his retirement is approved, under circumstances in which this system is not so liable for either

the basic or special death benefit, this system is liable for a limited death benefit which consists only of the accumulated contributions of the member with interest payable to his beneficiary or his estate, as determined by the Board.

"SEC. 24.0703 (Article VII, Section 52, of Ordinance No. 6168 (N.S.)).

~~The basic death benefit is payable in all cases where the retirement system is liable under Section 51 for either the basic or a special death benefit and the special death benefit is not payable.~~

The basic death benefit is payable in all cases where the retirement system is liable under Section 51 for the basic death benefit, or the special death benefit, or the death while eligible benefit, or the modified special death benefit and none of the latter three benefits are payable.

The basic death benefit shall consist of:

(a) The accumulated contributions, including additional accumulated contributions, of the member, with interest as determined by the Board.

(b) An amount, provided from contributions by the City equal to one-twelfth of the annual compensation earned by the deceased during the 12 months immediately preceding his death, multiplied by the number of completed years of service for which he receives credit as a member of the system, but not to exceed one-half of such compensation.

"SEC. 24.0708 (Article VII, Section 56, of Ordinance No. 6168 (N.S.)).

~~The basic death benefit or the limited death benefit shall be paid as provided in this ordinance to the beneficiary~~

~~designated-by-the-member, or-if-no-beneficiary-has-been
so-designated, to-the-estate-of-the-member,~~

The special death benefit, the modified special death benefit, and the death while eligible benefit shall begin to accrue on the day next following the date of the member's, including safety member's, death, and shall be paid in monthly installments to the surviving eligible spouse or children as prescribed in this article.

(Added Sections)

"SEC. 24.0503.1 (Article V, Section 35.1, of Ordinance No. 6168 (N.S.)).

Upon retirement of a safety member for nonindustrial disability, he shall receive a nonindustrial disability retirement allowance which shall consist of:

(a) An annuity which is the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) If in the opinion of the Board his nonindustrial disability is not due to intemperance, willful misconduct, or violation of law on his part, a disability retirement pension derived from the contributions of the City. The disability retirement pension shall be such an amount as, with that portion of his annuity provided by his accumulated normal contributions, will make his disability retirement allowance equal to

(1) 90% of one-fifty fifth of his final compensation multiplied by the number of years of service credited to him; or

(2) If the disability retirement allowance computed under subdivision (1) does not exceed one-fourth of his final compensation, 90% of one-fifty fifth of his final compensation multiplied by the number of

years of service which would be creditable to him were his service to continue to attainment by him of the age of 55, but in such case the retirement allowance shall not exceed one-fourth of such final compensation.

"SEC. 24.0704.1 (Article VII, Section 53.1, of Ordinance No. 6168 (N.S.)).

A death while eligible benefit is payable, as an option in lieu of the basic death benefit, if the deceased was an active general or safety member, if the member's death occurs after he/she is eligible but prior to retirement, and if there is a spouse or child who qualifies under the provisions of the following section.

"SEC. 24.0704.2 (Article VII, Section 53.2, of Ordinance No. 6168 (N. S)).

The death while eligible benefit consists of:

- (a) An amount equal to and derived from the same source as the basic death benefit; and
- (b) An amount sufficient, when added to the amount equal to the basic death benefit, to provide a monthly allowance equal to one-half of the maximum monthly amount that would have been paid to the deceased member had the member retired on the day of his/her death, payable to the surviving spouse if he/she is the named beneficiary and to whom the deceased member was married prior to sustaining the injury or disease resulting in death as long as he/she lives; or if there is no surviving spouse or if the surviving spouse dies before all children of the deceased member attain age 18, to the deceased member's children under 18 collectively as beneficiaries until every child dies or attains age 18.
- (c) An annuity which is the actuarial equivalent, assuming monthly payments for life to the surviving spouse,

of the deceased's accumulated additional contributions at the date of the member's death. In the event that there is no surviving spouse, but there are minor dependent children eligible for the death while eligible benefit, the deceased member's accumulated additional contributions at the date of his/her death will be payable to the minor dependent children, as named beneficiaries, in a lump sum, share and share alike.

"SEC. 24.0704.3 (Article VII, Section 53.3, of Ordinance No. 6168 (N.S.)).

If payment of the death while eligible benefit is stopped because of the death of the surviving spouse or attainment of the age of 18 years by all dependent children, before the sum of the monthly payments made, exclusive of the annuity derived from the accumulated additional contributions of the deceased, equals the basic death benefit, a lump sum equal to the difference shall be paid to the surviving children of the deceased member, if any, share and share alike, and if there are no children, then in accordance with the provisions of Sections 60 through 63.

"SEC. 24.0704.4 (Article VII, Section 53.4, of Ordinance No. 6168 (N.S.)).

A member, including a safety member, whose surviving spouse or minor dependent children would be eligible for the death while eligible benefit in the event of the member's death, may elect, by a writing filed with the Board, the death while eligible benefit for his/her spouse, or if the member has no spouse, for his/her minor dependent children. In such an event, and should the member die while in active service and prior to his/her retirement, the death while eligible benefit shall be paid in accordance with the deceased member's election in lieu of the basic death benefit.

"SEC. 24.0710.1 (Article VII, Section 59.1, of Ordinance No. 6168 (N.S.)).

A modified special death benefit is payable as an option in lieu of the basic death benefit or the death while eligible benefit, if applicable, if the deceased was a general member, if his death was industrial as determined by the Board, and if there is a wife or child who qualifies under the provisions of the following section.

"SEC. 24.0710.2 (Article VII, Section 59.2, of Ordinance No. 6168 (N.S.)).

The modified special death benefit consists of:

(a) An amount equal to and derived from the deceased member's normal contributions; and

(b) An amount derived from the Undistributed Earnings of the Retirement Fund sufficient, when added to the amount derived from the deceased member's normal contribution, to provide a monthly death allowance, when added to any Social Security benefits which are payable, equal to one-half of the average compensation earnable by the deceased member during the five years immediately preceding his death, payable to the surviving wife as the named beneficiary and to whom he was married prior to sustaining the injury or disease resulting in death as long as she lives or until her remarriage; or, if there is no widow as beneficiary, of if such widow dies or remarries before all children of the deceased member attain age 18, to his children under 18 collectively as beneficiaries until every child dies or attains 18.

"SEC. 24.0710.3 (Article VII, Section 59.3, of Ordinance No. 6168 (N.S.)).

The deceased member's accumulated additional contributions at the date of his death will be payable in a

lump sum to the designated beneficiary and will not be part of nor added to the modified special death benefit.

"DIVISION 7(A)

"RETIREE DEATH BENEFIT

"SEC. 24.0714.1 (Article VII(A), Section 63.1, of Ordinance No. 6168 (N.S.)).

This system is liable for a retiree's death benefit if the deceased was a retired member of the City Employees' Retirement System and if his death occurs after the effective date of this ordinance.

"SEC. 24.0714.2 (Article VII(A), Section 63.2, of Ordinance No. 6168 (N.S.)).

The retiree's death benefit shall consist of \$400.00, payable in lump sum to the designated beneficiary or estate of the retiree. In the event that there is no designated beneficiary or the estate is not so designated, payment of the retiree's death benefit shall be made in accordance with the provision of Sections 60 through 63.

(Repealed Section)

~~"SEC. 24.0404 (Article IV-1/2, Section 32.1, of Ordinance No. 6168 (New Series)).~~

~~Notwithstanding anything in this ordinance to the contrary, all earned service credits, benefits and rights of every kind based upon the 1/60th formula at age 62 of all members and safety members of the City Employees' Retirement System are hereby preserved in their entirety up to the integration date.~~

Section 4. The provisions of this ordinance establishing new benefits and adopting new contribution rates shall commence in application on July 1, 1966.

Section 5. All members retiring after the effective date of this ordinance, but before the date set for commencement of benefits, shall, after July 1, 1966, be entitled to such benefits as they may have been entitled to if this ordinance's benefits had been in effect on the date of the member's retirement. For the period prior to said July 1, 1966, the only benefits to said retired members shall be as provided under Ordinance No. 6168 (New Series--adopted June 22, 1954).

Section 6. The benefits and provisions of this ordinance are provided solely for those who are active or inactive members on the effective date of said ordinance. All employees who have retired prior to the effective date of this ordinance and are presently receiving a retirement allowance are specifically excluded from this ordinance's application.

Ordinance introduced by Council of the City of San Diego on the foregoing ordinance is in full and is not otherwise unencumbered.

ORDINANCE NO. 9249
(New Series)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1 OF THE SAN DIEGO MUNICIPAL CODE BY ADDING THERETO DIVISION 9, RELATING TO PLANNED UNIT DEVELOPMENT, AND AMENDING SECTION 101.0505 OF THE SAN DIEGO MUNICIPAL CODE, RELATING TO CONDITIONAL USE PERMITS AUTHORIZED BY PLANNING COMMISSION.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Chapter X, Article 1 of the San Diego Municipal Code be, and the same is hereby amended by adding thereto a new Division to be known and numbered Division 9 (commencing with Section 101.0900), and to read as follows:

"DIVISION 9

PLANNED UNIT DEVELOPMENT ORDINANCE

"SEC. 101.0900 PLANNED UNIT DEVELOPMENT ORDINANCE -
PURPOSE AND INTENT

This Division shall be entitled 'PLANNED UNIT DEVELOPMENT ORDINANCE.' This ordinance is intended to encourage the development of residential acreage under an over-all development plan; to encourage imagination and innovation in such development planning to the end that San Diego will have residential communities offering a variety of dwelling unit types, densities and site arrangements with well integrated community facilities and services. It is further intended to permit greater flexibility in the design than would be possible through the strict application of standard zoning and subdivision regulations.

"SEC. 101.0901 SAME - CONDITIONAL USE PERMIT THEREFOR -
CHARACTERIZATION

In addition to those uses enumerated in Section 101.0505 of this Code, and subject to the conditions and regulations contained in this Division and in

Section 101.0505.2, Section 101.0505.3, Section 101.0506, Section 101.0508, and Section 101.0509 of this Code, the Planning Commission may permit by Conditional Use Permit, a Planned Unit Development in any residential zone, including interim zones.

A Planned Unit Development is a relatively large residential development improved to an over-all plan. It may include incidental commercial and professional facilities limited in their capacity to the needs of the development. It is characterized by the following:

The zoning regulations on the ratio of floor area to lot size and on the number of living units permitted in a given area of land are applied in the aggregate rather than separately to the individual lots or building sites.

Standards and regulations for certain public improvements such as sewer laterals, streets and sidewalks are applied to the development in its entirety.

If the land is subdivided, the right to use and enjoy the open areas and the community facilities are coupled with the severalty interests. Severalty interests may be of lots or condominiums or both.

"SEC. 101.0902 SAME - APPLICATION

Application for a Conditional Use Permit for a Planned Unit Development shall be made to the Planning Commission through the Planning Department and shall be accompanied by a tentative subdivision map and seven copies of a plot plan showing the following:

- (a) Title of the plot plan.
- (b) Name, address, and telephone number of the owner or owners and of the applicant if other than owner.

- (c) Name, address, and telephone number of the person or firm preparing the plot plan.
- (d) North point and scale. The plot plan shall be drawn to a scale of not less than one inch = 50 feet, except that in special circumstances and if the required data can be easily read, a scale of one inch = 100 feet will be accepted.
- (e) Description of the parcel involved.
- (f) Location, name, and width of existing and proposed streets, alleys, easements, and interior pedestrian ways, including all abutting streets and streets proposed to provide primary access to the proposed development for a major street or freeway.
- (g) Location of existing and approximate location of proposed buildings and structures.
- (h) General plan for proposed landscaping and permanent watering system.
- (i) Proposed off-street parking facilities including the location, number and dimensions of private and public parking spaces, aisles and driveways.
- (j) Height, type and location of proposed walls and fences.
- (k) Grading plan showing existing topography and proposed finished grades.
- (l) A tabulation of the various dwelling types proposed, showing the average net site area for each type of dwelling and showing the over-all average net dwelling site area.
- (m) A tabulation of all open spaces shown on the plot plan indicating the square footage and the various grades thereof.

The application shall also be accompanied by drawings in

sufficient detail to indicate the size and height of proposed buildings.

If the applicant contemplates the construction of the units and common facilities in increments, he shall so state in his application and shall submit with his application a proposed construction schedule.

If the applicant proposes to divide the parcel involved into two or more separately owned units, he shall so state in his application and the application shall contain a plan for the preservation and continuing maintenance of the common elements of the project. Such application shall also contain a statement agreeing that all the deeds conveying lots or condominiums in the parcel shall set forth or shall incorporate by reference the declaration of covenants, conditions and restrictions recorded with the final subdivision map as provided in Section 101.0911(3), so as to impose equitable servitudes upon all the lots and condominiums in the parcel. The plot plan submitted with such application shall further show the design and dimensions of all proposed lots.

"SEC. 101.0903 SAME - HEARING ON APPLICATION

If the application is sufficient, the Planning Commission shall set the matter for public hearing which shall be at the earliest practicable date. The public hearing shall be noticed and held in accordance with the provisions of Section 101.0505.2.

"SEC. 101.0904 SAME - DECISION OF PLANNING COMMISSION

After the public hearing, the Planning Commission may by resolution grant a Conditional Use Permit for a Planned Unit Development if it finds from the evidence that the facts required by Section 101.0505.3(1)

exist, that the parcel to be developed meets the size requirements of Section 101.0905 (if no deviation therefrom is granted), and that the design criteria set forth in Section 101.0906 will be met. The regulations of the zone in which the property is situated pertaining to signs, maximum building height, minimum yards, maximum building coverage, and off-street parking need not be applied. However, in granting such Conditional Use Permit, the Planning Commission may impose such conditions as it considers necessary or desirable to protect the public health, safety or welfare. The permit shall be subject to the minimum requirements set forth in Section 101.0907, unless relief therefrom has been granted pursuant to Section 101.0908.

"SEC. 101.0905 SAME - MINIMUM AREA

The parcel to be developed as a Planned Unit Development shall be at least five acres in size if it is situated in a single-family residential zone, and at least two acres if it is situated in a multiple-family residential zone. The area of abutting streets and alleys (but not freeways) which lies between the property line of the parcel and the center line of the street or alley may be considered as part of the parcel for the purposes of determining whether the parcel meets the requirements of this section.

"SEC. 101.0906 SAME - DESIGN CRITERIA

The Planned Unit Development should be designed to achieve the following design criteria.

1. Its over-all plan should be comprehensive, embracing both land and buildings and their inter-relationship, and should attain a whole, three-dimensional concept.

2. In relation to the scope and complexity of the development its size should be such as to effect an integral land-planning unit and to provide for adequate open spaces, circulation, off-street parking and pertinent development amenities.

3. Diverse functional elements should be well integrated, properly oriented, and properly related to the topographic and natural landscape features of the site.

4. Developments should be well related to existing and planned land use and circulation patterns on adjoining properties and should not constitute a disrupting element with regard to the character of adjacent neighborhoods or communities.

5. The layout of structures should effect a conversation in street and utility improvements.

6. The internal street system should not be a dominant feature in the over-all design. It should, however, be designed for the efficient and safe flow of vehicles without having a disruptive influence on the activities and functions of the common areas and facilities.

7. Park and recreational areas and facilities should be located adjacent to all dwelling units or easily accessible thereto.

8. The various community facilities should be grouped in places well related to the open spaces and easily accessible to pedestrians. They should be made the focal points for the over-all design of the development.

9. Architectural unity and harmony within the development and with the surrounding community should be attained as far as possible.

"SEC. 101.0907 SAME - MINIMUM REQUIREMENTS

A Conditional Use Permit for Planned Unit Developments shall be made subject to all of the following conditions:

1. Density.

The number of dwelling units to be built shall not exceed that permitted by the density control regulations for the zone in which the land is situated. The land area used as the basis for determining the maximum number of dwelling units permitted shall not include abutting streets or alleys, or graded slopes exceeding a grade of 50% and a height of six feet.

If the regulation on density control for such zone was designed for land developed on the basis of individual lots abutting standard residential streets, the number of dwelling units found to be the maximum permissible in the parcel involved shall be reduced by 20%. All density control provisions in this Article in which the area factor is stated in terms of 'a lot' or 'square feet' are deemed to have been so designed.

2. Size of Buildings.

No horizontal dimension of a dwelling structure shall exceed 200 feet over all.

3. Utilities.

Utility systems and service facilities shall be located underground as provided in Section 102.0701(8) of this Code.

4. Building Coverage.

The regulations of the zone in which the property is situated pertaining to maximum building coverage shall be applied to the total area within the Planned Unit Development.

5. Landscaping and Recreational Facilities.

The open spaces shall be landscaped and recreational facilities shall be installed as may be required by the Planning Commission. Permanent sprinkler systems shall be installed to provide for irrigation of open space planted areas.

6. Non-public Travelways and Parking Areas.

Sidewalks, walkways, roads, travelways, and parking areas, which are not dedicated to public use, shall be improved to the requirements set by the City Engineer.

"SEC. 101.0908 SAME - DEVIATION FROM MINIMUM REQUIREMENTS

Subject to the exception noted below, deviation from the requirements of Section 101.0905, Section 101.0907, and Section 101.0910 may be granted by the Planning Commission or by the City Council on appeal upon a finding, which shall be in writing, that the following facts exist.

1. That there are special circumstances or conditions relating to the property which are peculiar to the property and do not apply generally to the land in the neighborhood, and that such circumstances or conditions have not resulted from any act of the applicant subsequent to the adoption of this ordinance.

2. That the aforesaid circumstances or conditions are such that the strict application of the following standard provisions would deprive the applicant of the reasonable use of his land; that the granting of the adjustment is necessary for said reasonable use, and that the deviation as granted is the least departure from the requirements of Section 101.0905, Section 101.0907 or Section 101.0910, as the case may be, that will

relieve the applicant of such deprivation.

3. That the granting of the deviation will be in harmony with the general purposes and intent of this section and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

4. That the granting of the deviation will not adversely affect the Master Plan of the City.

No deviation from the requirement that utilities be located underground shall be granted except as provided in Section 102.0701(8) of this Code.

"SEC. 101.0909 SAME - COMBINED PROCEEDINGS

All proceedings with regard to the tentative map submitted with an application for a Planned Unit Development shall be combined with those for the Conditional Use permit therefor.

"SEC. 101.0910 SAME - TENTATIVE MAP TO SHOW RESERVATION FOR OPEN SPACE

The tentative map submitted with the application for a Planned Unit Development Conditional Use Permit shall show land reserved as open space as follows:

1. If the development is situated in an R-1 zone, the open space shall be equal to or greater than the area of a lot of the minimum size permitted by the regulations for a standard subdivision for the particular R-1 zone in which the land is situated, times the number of lots, less the total area of the proposed lots.

2. If the development is situated in an R-2 zone, the open space shall be an area of 2000 square feet for each proposed dwelling unit.

3. If the development is situated in an R-3 zone, the open space shall be an area equal to or greater than 1000 square feet, times the number of proposed dwelling units.

4. If the development is situated in an R-4 zone, the open space shall be an area equal to or greater than 400 square feet, times the number of proposed dwelling units.

The topography of such open space shall be as follows:

At least 50% of such open space shall be comprised of level land of moderate slopes of a grade of 10% or less. Water areas and areas occupied by drainage channels, utility easements and slopes, both natural and graded, having a grade in excess of 10% shall not comprise more than a combined total of 50% of such open space, except that no area of a graded slope which extends to a height of more than six feet shall be counted as open space area unless it is landscaped and is not steeper than 50%.

"SEC. 101.0911 SAME - SUBDIVISION - TENTATIVE MAP -
CONDITIONS TO WAIVER OF SUBDIVISION
REGULATIONS

The Planning Commission may approve a tentative map which provides for a division of the parcel into two or more lots notwithstanding non-compliance with the provisions of Chapter X, Article 2 of this Code pertaining to minimum requirements for streets, lots and block design and the provisions of this Code requiring that each lot be connected directly to the City sewer system, provided that open spaces are reserved in accordance with the provisions of Section 101.0910, and provided further that such approval is conditioned on the following special requirements.

1. That The City of San Diego be granted an easement limiting the future use of the open spaces and preserving them as open spaces.

2. That a declaration of covenants, conditions and restrictions relating to the management of the common areas and facilities, signed and acknowledged by those parties having any record title to the land to be subdivided, be recorded with the final map. Such declaration shall provide that an assessment for the purposes of care, maintenance and improvement of the common areas and facilities upon any lot shall become a lien upon the lot and shall establish a method for making the claim and foreclosure including power of sale. Such declaration shall also contain a prohibition against the use of any individual outdoor television or radio antenna. The declaration may provide for termination of the covenants, conditions and restrictions at the expiration of the economic life of the project with the consent of the City Council.

"SEC. 101.0912 SAME - FINAL MAP - CONDITIONS TO APPROVAL - AMENDED MAP

A building permit shall not be issued for any site within the proposed Planned Unit Development unless a final subdivision map has been recorded. A final map which deviates from the conditions imposed by the Conditional Use Permit shall not be approved.

A final map which provides for a division of the parcel into two or more lots shall not be approved unless the special requirements of Section 101.0911 have been fulfilled and the provisions of Chapter X, Article 2, Division 7 of this Code, which are not inconsistent with the provisions of this ordinance, have been satisfied.

"SEC. 101.0913 SAME - CERTIFICATE OF OCCUPANCY

A Certificate of Occupancy shall not be issued for any dwelling unit in a Planned Unit Development

until all improvements required by the Conditional Use Permit to be installed in the common areas, or to be for the common use of the occupants of the development are completed to the satisfaction of the City Engineer.

"SEC. 101.0914 SAME - FAILURE TO MAINTAIN

All improvements located within the common areas, such as landscaping, parks, recreational facilities, travelways and parking areas, shall be maintained in a safe condition and in a state of good repair.

Any failure to maintain such improvements located within the common areas in accordance with the plans approved and made a part of a Conditional Use Permit for a Planned Unit Development, shall be, and the same is hereby declared to be, unlawful and a public nuisance endangering the health, safety, and general welfare of the public and a detriment to the surrounding community.

"SEC. 101.0915 SAME - REPAIR BY CITY ENGINEER - ASSESSMENT - NOTICE

In addition to any other remedy provided by law for the abatement, removal and enjoinder of such public nuisance, the City Engineer may, after giving notice, cause the necessary work of maintenance or repair to be done, and the cost thereof shall be assessed against the owner or owners of the project.

The notice shall be in writing and mailed to all persons whose names appear on the last equalized assessment roll as owners of real property within the project, at the address shown on said assessment roll. Notice shall also be sent to any person known to the City Engineer to be responsible for the maintenance or repair of the common areas and facilities of the project under an indenture or agreement. The City

Engineer shall also cause at least one copy of such notice to be posted in a conspicuous place on the premises. No assessment shall be held invalid for failure to post or to mail or correctly address any notice if this section has been substantially complied with.

"SEC. 101.0916 SAME - CONTENTS OF NOTICE

The notice shall particularly specify the work required to be done and shall state that if said work is not commenced within five days after receipt of such notice and diligently and without interruption prosecuted to completion, The City of San Diego will cause such work to be done, in which case the cost and expense of such work, including incidental expenses incurred by the City, will be assessed against the property or against each separate lot and become a lien upon such property.

"SEC. 101.0917 SAME - ASSESSMENT REPORT - HEARING

If upon the expiration of the five day period provided for in Section 101.0915 the work has not been done, or having been commenced is not being prosecuted with diligence, the City Engineer shall proceed to do such work or cause such work to be done. Upon completion of such work, the City Engineer shall file a written report with the Council setting forth the fact that the work has been completed and the cost thereof together with a legal description of the property against which the cost is to be assessed. The Council shall thereupon fix a time and place for hearing protests against the assessment of the cost of such work. The City Engineer or the City Clerk, if so directed by the Council, shall thereafter give notice in

writing to the owners of the project in the manner provided in Section 101.0914, of the hour and place that the Council will pass upon said City Engineer's report and will hear protests against said assessments. Such notice shall also set forth the amount of the proposed assessment.

Upon the date and hour set for the hearing of protests the Council shall hear and consider the City Engineer's report and all protests, if there be any, and then proceed to confirm, modify or reject the assessments.

"SEC. 101.0918 SAME - NOTICE OF LIEN - RECORDATION

A list of assessments as finally confirmed by the Council shall be sent to the City Treasurer for collection. If any assessment is not paid within ten days after its confirmation by the Council, the City Clerk shall cause to be filed in the office of the County Recorder of the County of San Diego, a Notice of Lien, substantially in the following form:

NOTICE OF LIEN

Pursuant to Chapter X, Article 2, Division 7 of the San Diego Municipal Code, (Ordinance No. _____, New Series, as amended) The City of San Diego did on the ____ day of _____, 19____, cause maintenance and repair work to be done in the Planned Unit Development project known as _____, which was constructed under Conditional Use Permit of The City of San Diego No. _____, for the purpose of abating a public nuisance and enforcing compliance with the terms of said Conditional Use Permit, and the Council of The City of San Diego did, on _____ day of _____, 19____, by its Resolution No. _____, assess the cost or portion of the cost

thereof upon the real property hereinafter described, and the same has not been paid nor any part thereof, and The City of San Diego does hereby claim a lien upon said real property in the sum of \$_____. Said amount shall be a lien upon said real property until the said sum with interest thereon at the rate of 6% per annum from the date of the recordation of this instrument has been paid in full and discharged of record.

The real property hereinbefore mentioned and upon which a lien is hereby claimed is that certain parcel of land in The City of San Diego, County of San Diego, State of California, particularly described as follows:

(Description of Property)

Dated this _____ day of _____, 19____.

City Clerk, City of San Diego

"SEC. 101.0919 SAME - ASSESSMENT LIEN - INTEREST -
PRIORITY - CONSTRUCTIVE NOTICE

From and after the date of the recordation of such Notice of Lien, the amount of the unpaid assessment shall be a lien on the property against which the assessment is made, and such assessment shall bear interest at the rate of 6% per annum until paid in full. Such lien shall continue until the amount of the assessment and all interest thereon shall have been paid. The lien shall be subordinate to tax liens and all fixed special assessment liens previously imposed upon the same property, but shall have priority over all contractual liens and all fixed special assessment liens which may thereafter be created against the property. From and after the date of the recordation of such Notice of Lien, all persons

shall be deemed to have notice of the contents thereof."
Section 2. That Section 101.0505, Chapter X, Article 1,
Division 5 of the San Diego Municipal Code be, and the same
is hereby amended to read as follows:

"SEC. 101.0505 CONDITIONAL USE PERMITS AUTHORIZED
BY PLANNING COMMISSION

The Planning Commission shall have authority under
conditions herein provided to permit by Conditional
Use Permit the following uses in any zone, including
interim zones, except that fraternity houses, sorority
houses and student dormitories as provided in (16)
below may be permitted only in the R-3, R-4 and
R-4C zones:

- (1) Golf courses, golf practice driving tees or
ranges, pitch and putt golf courses, but not including

- (7) Cemeteries;
- (8) Any non-profit institution whose primary
purpose is the promotion of public health and welfare,
and which service is available to the needy without charge;
- (9) Buildings, structures, and uses operated by a
public utility or by a public body having the power of
eminent domain;
- (10) Research, development and testing laboratories
and facilities;
- (11) Professional and administrative offices
accessory to uses authorized by Conditional Use Permit

but prohibiting the sale or offering for sale of merchandise; except as permitted in subsection (15) following:

(12) Establishment of enterprises involving large assemblages of people or automobiles, provided such establishments are served by separate approved access roads to main highways, including but not limited to:

- (a) Amusement Parks;
- (b) Circuses;
- (c) Fairgrounds;
- (d) Open-air theatres;
- (e) Race tracks;
- (f) Recreational centers privately operated;

(13) Natural resources, development of, together with necessary buildings, apparatus or appurtenances incident thereto;

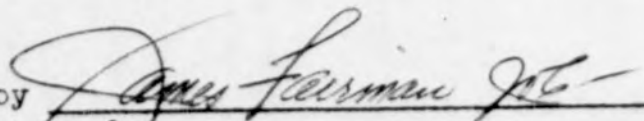

(14) Trailer parks, provided such parks are within an approved Trailer Park District;

(15) Land storage of small boats with sales and repair incident thereto; provided, however, that the lot or premises shall have a minimum usable area of two acres and shall lie within a radial distance of not more than one mile from small boat or trailer boat launching facilities on a public body of water;

(16) Fraternity houses, sorority houses and student dormitories including accessory uses provided that such use is within one mile of the exterior boundaries of the campus of a major institution for higher learning."

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

improvements located within common areas, such as land-... parks, recreational facilities, viewways and parking areas, maintained in a safe condition in a state of good repair. Failure to maintain such improvements located within the common areas in accordance with the approved and made a part of additional Use Permit for a Unit Development, shall be the same as hereby declared unlawful and a public nuisance endangering the health, and general welfare of the community and a detriment to the surrounding community.

101.0915 SAME - REPAIR TY ENGINEER - ASSESSMENT - NOTICE
In addition to any other remedy provided by law for the abatement, removal and enjoyment of such nuisance, the City Engineer after giving notice, cause the necessary work of maintenance or repair to be done, and the cost thereof shall be assessed against the owner or owners of the project. Notice shall be in writing and shall be sent to all persons whose names appear on the last equalized assessment roll as owners of real property on said assessment roll. Notice shall also be sent to any person responsible for the maintenance or repair of the common areas and

CHAPTERS of the project under an agreement. The City Engineer shall also cause at least one copy of such notice to be posted in a conspicuous place on the premises. No assessment shall be held for failure to post or to mail notice if the notice has been substantially complied with.

101.0916 SAME - CONSTRUCTION OF NOTICE
Notice shall particularly specify the work required to be done and shall state that if said work is not commenced within five days of the receipt of such notice and is not completed without interruption by the City of San Diego will cause such work to be done, in which case the cost of such work, including material expenses incurred by the City or against each separate lot, shall become a lien upon such lot.

101.0917 SAME - ASSESSMENT REPORT - HEARING
Upon the expiration of the five day period provided for in Section 101.0915 the work has not been commenced or having been commenced is an ongoing project with diligence, the City Engineer shall proceed to cause such work to be done. Upon completion of such work the City Engineer shall file a report with the Council setting forth the fact that the work has been completed and the cost thereof and a legal description of the property against which the cost of such work is assessed. The Council shall then regulate the cost of such work. The City Engineer or the City Clerk, if directed by the Council, shall after giving notice in writing to the owners of the project in the manner provided in Section 101.0914, and the hour and place that the regular meeting will pass upon said City Engineer's report and will hear objections against said assessments. Notice shall also set forth the date and hour of the proposed assessment hearing, the date and hour set for the hearing of protests against the City Engineer's report and all protests. A protest may be any and then proceed to ratify, modify or reject the assessment.

101.0918 SAME - NOTICE OF LIEN - RECORDATION
List of assessments as finally determined by the Council shall be filed with the City Treasurer for collection. If any assessment is not paid within ten days after its confirmation by the Council, the City Clerk shall cause to be filed in the County Recorder's Office a Notice of Lien substantially in the following form:

NOTICE OF LIEN
Pursuant to Chapter X, Article 2, Section 7 of the San Diego Municipal Code, (Ordinance No. _____, Series, as amended) The City of San Diego did on the _____ day of _____, 19____, cause maintenance and repair work to be done on the _____ known as _____ which was constructed under Conditional Use Permit of The City of San Diego No. _____ for the purpose of abating a public nuisance and enforcing compliance with the terms of said Conditional Use Permit, and the Council of The City of San Diego did, on _____, 19____, by its resolution No. _____, assess the _____ or portion of the cost thereof to the real property hereinafter described, and the same has not been paid nor any part thereof, and the City of San Diego does hereby file a lien upon said real property in the sum of \$ _____ said lien shall be a lien upon said

real property until the said sum with interest thereon at the rate of 6% per annum from the date of the recording of this instrument has been paid in full and discharged of record.
The real property hereinbefore mentioned and upon which a lien is hereby claimed is that certain parcel of land in The City of San Diego, County of San Diego, State of California, particularly described as follows:

(Description of Property)
Dated this _____ day of _____, 19____

City Clerk, City of San Diego.
"SEC. 101.0915 SAME - ASSESSMENT LIEN - INTEREST - PRIORITY - CONSTRUCTIVE NOTICE
From and after the date of the recording of such Notice of Lien, the amount of the unpaid assessment shall be a lien on the property against which the assessment is made, and such assessment shall bear interest at the rate of 6% per annum until paid in full. Such lien shall continue until the amount of the assessment and all interest thereon shall have been paid. The lien shall be subordinate to tax liens and all fixed special assessment liens previously imposed upon the same property, but shall have priority over all contractual liens and all fixed special assessment liens which may thereafter be created against the property. From and after the date of the recording of such Notice of Lien, all persons shall be deemed to have notice of the contents thereof."

Affidavit of Publication

STATE OF CALIFORNIA

scale of not less than one inch equals 50 feet, except that in special circumstances and if the required data can be easily read, a scale of one inch equals 100 feet will be accepted.

(a) Description of the parcel involved.

(f) Location, name, and width of existing and proposed streets, alleys, easements, and interior pedestrian ways, including all abutting streets and streets proposed to provide primary access to the proposed development for a major street or freeway.

(g) Location of existing and approximate location of proposed buildings and structures.

(h) General plan for proposed landscaping and permanent watering system.

(i) Proposed off-street parking facilities including the location, number and dimensions of private and public parking spaces, alleys, and driveways.

(j) Height, type and location of proposed walls and fences.

(k) Grading plan showing existing topography and proposed finished grades.

(l) A tabulation of the various dwelling types proposed, showing the average net site area for each type of dwelling and showing the over-all average net dwelling site area.

(m) A tabulation of all open spaces shown on the plot plan indicating the square footage and the various grades thereof.

The application shall also be accompanied by drawings in sufficient detail to indicate the size and height of proposed buildings.

If the applicant contemplates the construction of the units and common facilities in increments, he shall state in his application and shall submit with his application a proposed construction schedule.

If the applicant proposes to divide the parcel involved into two or more separately owned units, he shall state in his application and the application shall contain a plan for the preservation and continuing maintenance of the common elements of the project. Such application shall also contain a statement agreeing that all the deeds conveying lots or condominiums in the parcel shall set forth or shall incorporate by reference the declaration of covenants, conditions and restrictions recorded with the final subdivision map as provided in Section 101.0911 (9), so as to impose equitable servitudes upon all the lots and condominiums in the parcel. The plot plan submitted with such application shall further show the design and dimensions of all proposed lots.

"SEC. 101.0903 SAME — HEARING ON APPLICATION

If the application is sufficient, the Planning Commission shall set the matter for public hearing which shall be at the earliest practicable date. The public hearing shall be noticed and held in accordance with the provisions of Section 101.0505.2.

"SEC. 101.0904 SAME — DECISION OF PLANNING COMMISSION

After the public hearing, the Planning Commission may by resolution grant a Conditional Use Permit for a Planned Unit Development if it finds from the evidence that the facts required by Section 101.0905.1 (1) exist, that the parcel to be developed meets the site requirements of Section 101.0905 (1) no deviation therefrom is granted, and that the design criteria set forth in Section 101.0905 will be met. The regulations of the zone in which the property is situated pertaining to signs, maximum building height, minimum yards, maximum building coverage, and off-street parking need not be applied. However, in granting such Conditional Use Permit, the Planning Commission may impose such conditions as it considers necessary or desirable to protect the public health, safety or welfare. The permit shall be subject to the minimum requirements set forth in Section 101.0907, unless relief therefrom has been granted pursuant to Section 101.0908.

"SEC. 101.0905 SAME — MINIMUM AREA

The parcel to be developed as a Planned Unit Development shall be at least five acres in size if it is situated in a single-family residential zone, and at least two acres if it is situated in a multiple-family residential zone. The area of abutting streets and freeways (but not freeways) which lie between the center line of the lot or alley may be considered as part of the parcel for the purposes of determining whether the parcel meets the requirements of this section.

"SEC. 101.0906 SAME — DESIGN CRITERIA

The Planned Unit Development should be designed to comply with the following design criteria:

1. Its over-all plan should be comprehensive, embracing both land and buildings and their relationship, and should be a whole, three-dimensional design.

2. In relation to the size and complexity of the development its size should be such as to effect an integral land-planning unit, and to provide for adequate open spaces, circulation, off-street parking and pertinent development objectives.

2. Diverse functional elements should be well integrated, properly oriented, and properly related to the topographic and natural landscape features of the site.

4. Developments should be well related to existing and planned land use and circulation patterns on adjoining properties, and should not constitute a disrupting element with regard to the character of adjacent neighborhoods or communities.

5. The layout of structures should effect a conversation in street and utility improvements.

6. The internal street system should not be a dominant feature in the over-all design. It should, however, be designed for the efficient and safe flow of vehicles without a disruptive influence on the functions of the common areas and facilities.

7. Parks and recreational areas and facilities should be located adjacent to dwelling units or easily accessible thereto.

8. The various community facilities should be grouped in places well related to the open spaces and easily accessible to pedestrians. They should be made the focal points for the over-all design of the development.

9. Architectural unity and harmony within the development and with the surrounding community should be attained as far as possible.

"SEC. 101.0907 SAME — MINIMUM REQUIREMENTS

A Conditional Use Permit for Planned Unit Developments shall be made subject to all of the following conditions:

1. Density.

The number of dwelling units to be built shall not exceed that permitted by the density control regulations for the zone in which the land is situated. The land area used as the basis for determining the maximum number of dwelling units permitted shall not include abutting streets or alleys, or graded slopes of more than a grade of 50% and a width of six feet.

2. Size of Buildings.

No horizontal dimension of a dwelling structure shall exceed 200 feet over all.

3. Utilities.

Utility systems and service facilities shall be located underground as provided in Section 102.0701 (8) of this Code.

4. Building Coverage.

The regulations of the zone in which the property is situated pertaining to maximum building coverage shall be applied to the total area within the Planned Unit Development.

5. Landscaping and Recreational Facilities.

The open spaces shall be landscaped and recreational facilities shall be installed as may be required by the Planning Commission. Permanent sprinkler systems shall be installed to provide for irrigation of open space planted areas.

6. Non-public Travelways and Parking Areas.

Sidewalks, walkways, roads, travelways, and parking areas, which are not dedicated to public use, shall be improved to the requirements set by the City Engineer.

"SEC. 101.0908 SAME — DEVIATION FROM MINIMUM REQUIREMENTS

Subject to the exception noted below, deviation from the requirements of Section 101.0905, Section 101.0907, and Section 101.0910 may be granted by the Planning Commission or by the City Council on appeal upon a finding, which shall be in writing, that the following facts exist:

1. That there are special circumstances or conditions relating to the property which are peculiar to the property and do not apply generally to the land in the neighborhood, and that such circumstances or conditions have not resulted from any act of the applicant subsequent to the adoption of this ordinance.

2. That the aforesaid circumstances or conditions are such that the strict application of the following standard provisions would deprive the applicant of the reasonable use of his land; that the granting of the adjustment is necessary for said reasonable use, and that the deviation as granted is the least departure from the requirements of Section 101.0905, Section 101.0907 or Section 101.0910, as the case may be, that will relieve the applicant of such deprivation.

3. That the granting of the deviation will be in harmony with the general purposes and intent of this section and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

4. That the granting of the deviation will not adversely affect the Master Plan of the City.

No deviation from the requirements that utilities be located underground shall be granted except as provided in Section 102.0701 (8) of this Code.

"SEC. 101.0909 SAME — COMBINED PROCEEDINGS

All proceedings with regard to the tentative map submitted with an application for a Planned Unit Development shall be combined with those for the Conditional Use permit therefor.

"SEC. 101.0910 SAME — TENTATIVE MAP TO SHOW RESERVATION FOR OPEN SPACE

The tentative map submitted with the application for a Planned Unit Development Conditional Use Permit shall show land reserved as open space as follows:

1. If the development is situated in an R-1 zone, the open space shall be equal to or greater than the area of a lot of the minimum size permitted by the regulations for a standard subdivision for the particular R-1 zone in which the land is situated, times the number of lots, less the total area of the proposed lots.

2. If the development is situated in an R-2 zone, the open space shall be an area of 2000 square feet for each proposed dwelling unit.

3. If the development is situated in an R-3 zone, the open space shall be an area equal to or greater than 1000 square feet, times the number of proposed dwelling units.

4. If the development is situated in an R-4 zone, the open space shall be an area equal to or greater than 400 square feet, times the number of proposed dwelling units.

The topography of such open space shall be as follows:

At least 50% of such open space shall be comprised of level land of moderate slopes of a grade of 10% or less. Water areas and areas occupied by drainage channels, utility easements and slopes, both natural and graded, having a grade in excess of 10% shall not comprise more than a combined total of 50% of such open space, except that no area of a graded slope which extends to a height of more than six feet shall be counted as open space area unless it is landscaped and is not steeper than 50%.

"SEC. 101.0911 SAME — SUBDIVISION — TENTATIVE MAP — CONDITIONS TO WAIVER OF SUBDIVISION REGULATIONS

The Planning Commission may approve a tentative map which provides for a division of the parcel into two or more lots notwithstanding non-compliance with the provisions of Chapter X, Article 2 of this Code pertaining to minimum requirements for streets, lots and block design and the provisions of this Code requiring that each lot be connected directly to the City sewer system, provided that open spaces are reserved in accordance with the provisions of Section 101.0910, and provided further that such approval is conditioned on the following special requirements:

1. That the City of San Diego be granted an easement limiting the future use of the open spaces and preserving them as open spaces.

2. That a declaration of covenants, conditions and restrictions relating to the management of the common areas and facilities, signed and acknowledged by those parties having any record title to the land to be subdivided, be recorded with the final map. Such declaration shall provide that an assessment for the purposes of care, maintenance and improvement of the common areas and facilities upon any lot shall become a lien upon the lot and shall establish a method for making the claim and foreclosure including power of sale. Such declaration shall also contain a prohibition against the use of any individual outdoor television or radio antenna. The declaration may provide for termination of the covenants, conditions and restrictions at the expiration of the economic life of the project with the consent of the City Council.

"SEC. 101.0912 SAME — FINAL MAP — CONDITIONS TO APPROVAL — AMENDED MAP

A building permit shall not be issued for any site within the proposed Planned Unit Development unless a final subdivision map has been recorded. A final map which deviates from the conditions imposed by the Conditional Use Permit shall not be approved.

A final map which provides for a division of the parcel into two or more lots shall not be approved unless the special requirements of Section 101.0911 have been fulfilled and the provisions of Chapter X, Article 2, Division 7 of this Code, which are not inconsistent with the provisions of this ordinance, have been satisfied.

"SEC. 101.0913 SAME — CERTIFICATE OF OCCUPANCY

A Certificate of Occupancy shall not be issued for any dwelling unit in a Planned Unit Development until all improvements required by the Conditional Use Permit to be installed in the common areas, or to be for the common use of the occupants of the development are completed to the satisfaction of the City Engineer.

"SEC. 101.0914 SAME — FAILURE TO MAINTAIN

All improvements located within the common areas, such as landscaping, parks, recreational facilities, travelways and parking areas, shall be maintained in a safe condition and in a state of good repair.

Any failure to maintain such improvements located within the common areas in accordance with the plans approved and made a part of a Conditional Use Permit for a Planned Unit Development, shall be, and the same is hereby declared to be, unlawful and a public nuisance endangering the health, safety and general welfare of the public and a detriment to the surrounding community.

"SEC. 101.0915 SAME — REPAIR BY CITY ENGINEER — ASSESSMENT — NOTICE

In addition to any other remedy provided by law for the abatement, removal and enjoyment of such public nuisance, the City Engineer may, after giving notice, cause the necessary work of maintenance or repair to be done, and the cost thereof shall be assessed against the owner or owners of the project.

The notice shall be in writing and mailed to all persons whose names appear on the last equalized assessment roll as owners of real property within the project, at the address shown on said assessment roll. Notice shall also be sent to any person known to the City Engineer to be responsible for the maintenance or repair of the common areas and facilities of the project under an indenture or agreement. The City Engineer shall also cause at least one copy of such notice to be posted in a conspicuous place on the premises. No assessment shall be held invalid for failure to post or to mail or correctly address any notice if this section has been substantially complied with.

"SEC. 101.0916 SAME — CONTENTS OF NOTICE

The notice shall particularly specify the work required to be done and shall state that if said work is not commenced within five days after receipt of such notice and diligently and without interruption prosecuted to completion, the City of San Diego will cause such work to be done, in which case the cost and expense of such work, including incidental expenses incurred by the City, will be assessed against the property or against each separate lot and become a lien upon such property.

"SEC. 101.0917 SAME — ASSESSMENT REPORT — HEARING

If upon the expiration of the five day period provided for in Section 101.0916 the work has not been done, or having been commenced is not being prosecuted with diligence, the City Engineer shall proceed to do such work or cause such work to be done. Upon completion of such work, the City Engineer shall file a written report with the Council setting forth the fact that the work has been completed and the cost thereof together with a legal description of the property against which the cost is to be assessed. The Council shall thereupon fix a time and place for hearing protests against the assessment of the cost of such work. The City Engineer or the City Clerk, if so directed by the Council, shall thereafter give notice in writing to the owners of the project in the manner provided in Section 101.0914, of the hour and place that the Council will pass upon said City Engineer's report and will hear protests against said assessments. Such notice shall also set forth the amount of the proposed assessment. Upon the date and hour set for the hearing of protests the Council shall hear and consider the City Engineer's report and all protests, if there be any, and then proceed to confirm, modify or reject the assessments.

"SEC. 101.0918 SAME — NOTICE OF LIEN — RECORDATION

A list of assessments as finally confirmed by the Council shall be sent to the City Treasurer for collection. If any assessment is not paid within ten days after its confirmation by the Council, the City Clerk shall cause to be filed in the office of the County Recorder of the County of San Diego, a Notice of Lien, substantially in the following form:

NOTICE OF LIEN Pursuant to Chapter X, Article 2, Division 7 of the San Diego Municipal Code, (Ordinance No. _____, New Series, as amended) The City of San Diego did on the _____ day of _____, 19____, cause maintenance and repair work to be done in the Planned Unit Development project known as _____ which was constructed under Conditional Use Permit of The City of San Diego No. _____ for the purpose of abating a public nuisance and enforcing compliance with the terms of said Conditional Use Permit, and the Council of The City of San Diego did, on _____ day of _____, 19____, by its Resolution No. _____, assess the cost or portion of the cost thereof upon the real property hereinafter described, and the same has not been paid nor any part thereof, and The City of San Diego does hereby claim a lien upon said real property in the sum of \$ _____ Said amount shall be a lien upon said

real property until the said sum with interest thereon at the rate of 6% per annum from the date of the recordation of this instrument has been paid in full and discharged of record.

The real property hereinbefore mentioned and upon which a lien is hereby claimed is that certain parcel of land in The City of San Diego, County of San Diego, State of California, particularly described as follows:

(Description of Property)

Dated this _____ day of _____, 19____.

City Clerk, City of San Diego.

"SEC. 101.0919 SAME — ASSESSMENT LIEN — INTEREST — PRIORITY — CONSTRUCTIVE NOTICE

From and after the date of the recordation of such Notice of Lien, the amount of the unpaid assessment shall be a lien on the property against which the assessment is made, and such assessment shall bear interest at the rate of 6% per annum until paid in full. Such lien shall continue until the amount of the assessment and all interest thereon shall have been paid. The lien shall be subordinate to tax liens and all fixed special assessment liens previously imposed upon the same property, but shall have priority over all contractual liens and all fixed special assessment liens which may thereafter be created against the property. From and after the date of the recordation of such Notice of Lien, all persons shall be deemed to have notice of the contents thereof.

Section 2. That Section 101.0505, Chapter X, Article 1, Division 3 of the San Diego Municipal Code be, and the same is hereby amended to read as follows:

"SEC. 101.0505 CONDITIONAL USE PERMITS AUTHORIZED BY PLANNING COMMISSION

The Planning Commission shall have authority under conditions herein provided to permit by Conditional Use Permit the following uses in any zone, including interim zones, except that fraternity houses, sorority houses and student dormitories as provided in (18) below may be permitted only in the R-3, R-4 and R-4C zones:

- (1) Golf courses, golf practice driving tees or ranges, pitch and putt golf courses, but not including miniature courses;
- (2) Hospitals or sanitariums;
- (3) Mausoleums;
- (4) Radio or television transmission stations and broadcasting studios;
- (5) Educational institutions;
- (6) Airports;
- (7) Cemeteries;
- (8) Any non-profit institution whose primary purpose is the promotion of public health and welfare, and which service is available to the needy without charge;
- (9) Buildings, structures, and uses operated by a public utility or by a public body having the power of eminent domain;
- (10) Research, development and testing laboratories and facilities;
- (11) Professional and administrative offices accessory to uses authorized by Conditional Use Permit but prohibiting the sale or offering for sale of merchandise, except as permitted in subsection (15) following;
- (12) Establishment of enterprises involving large assemblages of people or automobiles, provided such establishments are served by separate approved access roads to main highways, including but not limited to:
 - (a) Amusement Parks;
 - (b) Circuses;
 - (c) Fairgrounds;
 - (d) Open-air theatres;
 - (e) Race tracks;
 - (f) Recreational centers privately operated;
- (13) Natural resources, development of, together with necessary buildings, apparatus or appurtenances incident thereto;
- (14) Trailer parks, provided such parks are within an approved Trailer Park District;
- (15) Land storage of small boats with sale and repair incident thereto; provided, however, that the lot or premises shall have a minimum usable area of two acres and shall lie within a radial distance of not more than one mile from small boat or trailer boat launching facilities on a public body of water;

(16) Fraternity houses, sorority houses and student dormitories including accessory uses provided that such use is within one mile of the exterior boundaries of the campus of a major institution of higher learning."

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Introduced on July 1, 1966.

Passed and adopted by the Council of The City of San Diego on July 8, 1966.

ORDINANCE NO. 9249 (NEW SERIES)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1 OF THE SAN DIEGO MUNICIPAL CODE BY ADDING THERETO DIVISION 9, RELATING TO PLANNED UNIT DEVELOPMENT, AND AMENDING SECTION 101.0505 OF THE SAN DIEGO MUNICIPAL CODE, RELATING TO CONDITIONAL USE PERMITS AUTHORIZED BY PLANNING COMMISSION.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Chapter X, Article 1 of the San Diego Municipal Code be, and the same is hereby amended by adding thereto a new Division to be known and numbered Division 9, commencing with Section 101.0900, and to read as follows:

"DIVISION 9 PLANNED UNIT DEVELOPMENT ORDINANCE

"SEC. 101.0900 PLANNED UNIT DEVELOPMENT ORDINANCE — PURPOSE AND INTENT

This Division shall be entitled 'PLANNED UNIT DEVELOPMENT ORDINANCE.' This ordinance is intended to encourage the development of residential acreage under an over-all development plan; to encourage imagination and innovation in such development planning to the end that San Diego will have residential communities offering a variety of dwelling unit types, densities and site arrangements with well integrated community facilities and services. It is further intended to permit greater flexibility in the design than would be possible through the strict application of standard zoning and subdivision regulations.

"SEC. 101.0901 SAME — CONDITIONAL USE PERMIT THEREFOR — CHARACTERIZATION

In addition to those uses enumerated in Section 101.0505 of this Code, and subject to the conditions and regulations contained in this Division and in Section 101.0605.2, Section 101.0605.3, Section 101.0506, Section 101.0608, and Section 101.0509 of this Code, the Planning Commission may permit by Conditional Use Permit a Planned Unit Development in any residential zone, including interim zones.

A Planned Unit Development is a relatively large residential development improved to an over-all plan. It may include incidental commercial and professional facilities limited in their capacity to the needs of the development. It is characterized by the following:

The zoning regulations on the ratio of floor area to lot size and on the number of living units permitted in a given area of land are applied in the aggregate rather than separately to the individual lots or building sites.

Standards and regulations for certain public improvements such as sewer laterals, streets and sidewalks are applied to the development in its entirety.

If the land is subdivided, the right to use and enjoy the open areas and the community facilities are coupled with the severally interests. Severally interests may be of lots or condominiums or both.

"SEC. 101.0902 SAME — APPLICATION FOR A CONDITIONAL USE PERMIT

An application for a Conditional Use Permit for a Planned Unit Development shall be made to the Planning Commission through the Planning Department and shall be accompanied by a tentative subdivision map and seven copies of a plot plan showing the following:

- (a) Title of the plot plan;
- (b) Name, address, and telephone number of the owner or owners of the property, and the applicant if other than owner;
- (c) Name, address, and telephone number of the person or firm preparing the plot plan;
- (d) North point and scale. The plot plan shall be drawn to a

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON TUESDAY, SEPTEMBER 21, 1965, FOR THE PURPOSE OF PROPOSING AND SUBMITTING TO THE ELECTORS OF SAID CITY PROPOSITIONS TO AMEND, REPEAL AND ADD TO THE CHARTER OF THE CITY OF SAN DIEGO; ALSO FOR THE PURPOSE OF SUBMITTING TO THE ELECTORS OF SAID CITY THE REFERENDUM OF A RESOLUTION HERETOFORE ADOPTED BY THE COUNCIL OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE MUNICIPAL PRIMARY ELECTION TO BE HELD IN SAID CITY ON SEPTEMBER 21, 1965.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. There is hereby ordered, called and proclaimed a special municipal election to be held in the City of San Diego, California, on the 21st day of September, 1965; and pursuant to the provisions of Section 8, Article XI, of the Constitution of the State of California, and pursuant to the authority of Section 27.1411 of the San Diego Municipal Code, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election, the following propositions:

PROPOSITION 1

Approve Resolution No. 183511 of The City of San Diego, adopted by the Council on April 22, 1965, which reads as follows:

"RESOLUTION NO. 183511

"WHEREAS, the Planning Law of the State of California requires that a General Plan shall be adopted by both the planning commission and the local legislative body prior to its being officially certified as such; and

WHEREAS, the Planning Commission of The City of San Diego on March 24, 1965, adopted and recommended for approval to the City Council 'The General Plan for San Diego - 1985,' consisting of a report, a copy of which is on file in the office of the City Clerk as Document No. 679525, a statement of text revisions filed in the office of the City Clerk as Document No.

PROPOSITION 2

Amend Section 12 of Article III of the Charter of The City of San Diego to read as follows:

"Section 12. THE COUNCIL. The Council shall be composed of nine (9) Councilmen, including the Mayor, and shall be the legislative body of the City, each of the members of which, including the Mayor, shall have the right to vote upon all questions before it.

Councilmen, including the Mayor, shall be elected at a general municipal election held in the odd numbered years and, except as hereinafter provided, shall hold office for the term of four years from and after the first Monday after the first day of December next succeeding their election and until their successors are elected and qualified. Upon any redistricting pursuant to the provisions of this Charter, incumbent councilmen will continue to represent the district in which they reside, unless as a result of such redistricting more than one incumbent councilman resides within any one district, in which case the City Council shall determine by lot which councilman shall represent each district. At the next municipal primary and general elections following a redistricting, councilmen shall be elected from those districts not represented and from those districts represented by incumbent councilmen whose terms expire as of the general election in said year. If as a result of any redistricting more than a simple majority of the City Council as redistricted shall be elected at the general election next following any such redistricting, the City Council prior to any such election shall designate one or more new districts for which the initial councilmanic term shall be two (2) years in order to retain staggered terms for councilmen.

Any vacancy occurring in the Council shall be filled from the District in which the vacancy occurs by appointment by the remaining councilmen; but in the event that said remaining councilmen fail to fill such vacancy by appointment within thirty (30) days after the vacancy occurs, they must immediately cause an election to be held to fill such vacancy; provided, however, that any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term.

It is the duty of councilmen to attend all Council meetings. The absence of any councilman from eight (8) consecutive meetings or fifty per cent (50%) of any scheduled meetings within a month shall operate to vacate the seat of such councilman, unless the absence thereof is excused by resolution of the Council.

No councilman during his term of office shall receive any compensation from the City for services

rendered to the City except as provided in this Section. Each councilman shall receive as annual compensation from the City for services rendered to the City an amount equal to, but not greater than, the amount now or hereafter provided by law as annual compensation for a member of the Board of Supervisors of the County of San Diego.

No councilman shall be eligible during the term for which he was appointed or elected to hold any other office or employment with the City, except as Mayor and a member of any Board, Commission or Committee thereof, of which he is constituted such a member by general law or by this Charter."

PROPOSITION 3

Amend Section 24 of Article IV of the Charter of The City of San Diego to read as follows:

"Section 24. MAYOR. The Mayor shall preside at the meetings of the Council and perform such other duties as may be prescribed by this Charter or as may be imposed by the Council, consistent with the duties of his office. He shall have no power of veto, but shall have a vote as a member of the Council. He shall be recognized as the official head of the City for all ceremonial purposes, by the courts for the purpose of serving civil process, for the signing of all legal instruments and documents, and by the Governor for military purposes. On or before the 15th day of January of each year, he shall communicate by message to the City Council a statement of the conditions and affairs of the City, and make recommendations on such matters as he may deem expedient and proper. In time of public danger or emergency, he may, with the consent of the Council, take command of the police, maintain order and enforce the law.

No person during his term of office as Mayor shall receive any compensation from the City for services rendered to the City except as provided in this Section. The Mayor shall receive as annual compensation from the City for services rendered to the City an amount equal to, but not greater than, the amount now or hereafter provided by law as annual compensation for a judge of the Municipal Court of the San Diego Judicial District.

In the event of a vacancy occurring in the office of the Mayor, existing by reason of any cause, the Council shall have authority to fill such vacancy; provided, however, that if the Council shall fail to fill such vacancy by appointment within thirty (30) days after the vacancy, the Council must immediately cause an election to be held to fill such vacancy. Any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term."

PROPOSITION 4

Amend Section 7 of Article II of the Charter of The City of San Diego to read as follows:

"Section 7. ELECTIVE OFFICERS. No person shall be eligible to or hold any elective office of the City, either by election or appointment unless he shall have been a resident thereof for at least three years next preceding his election or appointment and shall have been an elector thereof and a registered voter eligible to vote at the time of his election or appointment.

In addition to the foregoing qualifications, every Councilman must have been at the time of his election, or appointment in the event of a vacancy, an actual resident in the district from which he was nominated for one year immediately preceding his election or appointment. Any Councilman who moves from the district of which he was a resident at the time of his election or appointment forfeits his office, but no Councilman shall forfeit his office as a result of redistricting."

PROPOSITION 5

Repeal Section 119 of Article VIII of the Charter of The City of San Diego, which reads as follows:

"Section 119. APPLICATION REGISTER. There shall be kept in the office of the Civil Service Commission an application register, in which shall be entered the names and addresses and the order and date of application of all applicants for Civil Service tests and the offices or employments which they seek. All applications shall be upon forms prescribed by the Commission."

PROPOSITION 6

Amend Section 122 of Article VIII of the Charter of The City of San Diego to read as follows:

"Section 122. APPOINTMENTS. When any position in the Classified Service is to be filled, the appointing authority shall notify the Personnel Director, who shall promptly certify to such authority the names and addresses of the eligibles on the list for the class or grade to which the position belongs. The number of eligibles certified shall be determined by the Civil Service Commission and published in its Rules. The appointing authority shall appoint to such position one of the persons whose names are so certified. When no eligible list for the position exists, or when the eligible list has become exhausted, and until a new

list can be created, a name may be certified from the eligible list most nearly appropriate to the position to be filled."

PROPOSITION 7

Repeal Sections 140 and 140a of Article VIII of the Charter of The City of San Diego, which read as follows:

"Section 140. PRESENT EMPLOYEES RETAINED. All officers and employees in the classified or unclassified service of the City at the time this Charter becomes effective as provided in Section 212 of Article XIV hereof, shall automatically retain their positions and shall thereafter be superseded, replaced, discharged, reduced in rank, promoted, transferred, or retired, only in accordance with the provisions of this Charter. Employees of any public utility taken over by the City, who are in the service of such utility at the time of its acquisition, shall be deemed to hold their positions as though appointed under the Civil Service provisions of this Charter; but vacancies thereafter occurring in such service shall be filled from eligible lists in the manner herein provided."

"Section 140a. STATUS OF PRESENT EMPLOYEES. All officers, and employees who at the time of the taking effect of this Section would be included in the classified service and who shall have been continuously in the service of the City for a period of six (6) months prior to the effective date of this section, shall automatically retain their positions as if duly appointed thereto as of the date of their original appointment in accordance with the provisions of this Charter and the Civil Service Rules, and shall be deemed to have the necessary qualifications required by the provisions thereof; and thereafter be superseded, replaced, discharged, reduced in rank, promoted, transferred or retired only in accordance with the provisions of this Charter. All officers and employees who at the time of the taking effect of this section would be included in the classified service, but who have been in the service of the City for a period of less than six (6) months, shall be deemed to be serving under probation and be subject to the same regulations as other officers and employees serving under probation as provided by the Civil Service Rules."

PROPOSITION 8

Amend Section 92 of Article VII of the Charter of The City of San Diego to read as follows:

"Section 92. BORROWING MONEY ON SHORT TERM NOTES. Bonds or notes may be issued in anticipation of the

collection of special assessments, and bonds, notes, or registered warrants on the treasury may be issued in anticipation of the collection of taxes, as authorized by the City Council by resolution and shall not be deemed the creation of debt within the meaning of Section 90 of this Article. Bonds, notes, or registered warrants on the treasury issued in anticipation of the collection of the taxes of any fiscal year may be issued during each fiscal year and each such bond, note, or warrant shall specify that it is payable out of the taxes of the fiscal year in which issued, and before the close of such year, and shall not bear a higher rate of interest than five (5) per cent per annum, and the total amount of such bonds, notes or warrants, authorized and issued in any fiscal year shall not, in the aggregate, be more than twenty-five (25) per cent of the total appropriations of the City for such year. Nothing herein contained shall be construed to authorize the incurring of an obligation against the municipality in excess of that authorized to be incurred by the Constitution of the State of California."

PROPOSITION 9

Amend Section 35 of Article V of the Charter of The City of San Diego to read as follows:

"Section 35. PURCHASING AGENT. The Purchasing Agent shall make all purchases of supplies, materials, equipment, and insurance required by the various Departments or offices of the City, except as may be otherwise provided by the Council or this Charter. He shall prepare in consultation with the administrative officers of the City standard specifications for all supplies, materials, equipment, and insurance necessary for use by the various Departments or offices of the City.

In purchasing any supplies, materials, equipment and insurance required by the various Departments or offices of the City, if the cost of said supplies, materials, equipment and insurance exceeds in amount the sum of \$5,000.00, no such purchase shall be made without advertising for sealed proposals therefor. Notices calling for such sealed proposals shall be published for one day in the official newspaper of the City, and a contract let for such purpose only after the expiration of ten days following said advertising. Purchases of supplies, materials, equipment and insurance required by the various Departments or offices of the City which do not exceed the sum of \$5,000.00 in cost may be made by the Purchasing Agent directly upon the request of the department interested, but not until said Purchasing Agent has secured competitive prices from merchants or other persons interested in making the sale to said City.

The Council shall by ordinance provide for the sale, exchange or other disposal by the Purchasing Agent of any surplus, used, obsolete or depreciated personal property belonging to the City.

The Council by resolution may order the purchase without advertising for bids of surplus commodities from the United States of America, or any agency thereof, or from any other public corporation, state or municipal, or any agency thereof. The Council may also authorize said Purchasing Agent to sell to any other public corporation, state or municipal, any supplies, material and equipment which said City may have been able to purchase in quantity at a reduced price.

Supplies shall be furnished upon requisition either from the stores under the control of the Purchasing Agent or by purchase, and whenever so purchased shall be paid for by the Department or office furnished therewith. It shall be the duty of the Purchasing Agent to inspect or cause to be inspected all purchases, and reject any of those which are not up to the standard specifications provided therefor, and he shall not approve any bid or voucher for articles which are not in conformity with specifications, or which are at variance with any contract. The Purchasing Agent shall not furnish supplies to any Department or office unless there be to the credit thereof an available unencumbered balance sufficient to pay for such supplies.

Materials, supplies or equipment not needed by a Department or office, but necessary to another Department or office, may be transferred by the Purchasing Agent and a proper record made of the transaction. He shall have charge of such storerooms and warehouses of the City as the Manager may provide or the Council by ordinance may authorize. The Council may, upon recommendation of the Manager, authorize the Purchasing Agent to purchase materials, supplies, or equipment in common use by the Departments and offices in large quantities and store the same until requisitioned by the Departments or offices for use. The Council shall provide a sufficient revolving fund in the annual appropriation ordinance of an adequate amount for the purpose of creating a store's account and stock for future supply of the Departments and offices when needed.

The Purchasing Agent shall keep a record of all sources of supply, of all quotations received, of all awards made, of all inspections, of all requisitions filed, and of all vendors furnishing commodities to the City. He shall perform such other duties as may be prescribed by general law or ordinance or by the Manager."

PROPOSITION 10

Amend Section 94 of Article VII of the Charter of The City of San Diego to read as follows:

"Section 94. CONTRACTS. In the construction, reconstruction or repair of public buildings, streets,

utilities and other public works, and in furnishing supplies, materials, equipment or contractual services for the same, when the expenditure therefor shall exceed the sum of \$5,000.00, the same shall be done by written contract, except as otherwise provided in this Charter, and the Council, on the recommendation of the Manager or the head of the Department in charge if not under the Manager's jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for one day in the official newspaper of the City for sealed proposals for the work contemplated. If the cost of said public contract work is not in excess of \$5,000.00, the City Manager may let said contract without advertising for bids, but not until the Purchasing Agent of the City shall have secured competitive prices from contractors interested, which shall be taken under consideration by the City Manager before said contract is let. The Council may, however, upon the recommendation of the Manager and by a vote of two-thirds of the members elected to the Council, order the performance of any such construction and reconstruction or repair work by appropriate City forces when the estimates submitted as part of the Manager's recommendation indicate that the work can be done by the City forces more economically than if let by contract.

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the Council may, by resolution passed by a vote of two-thirds of the members elected to the Council, determine and declare that the public interest or necessity demands the immediate expenditure of public money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the City treasury and available for such purpose. All contracts before execution shall be approved as to form and legality by the City Attorney.

Each bidder shall furnish with his bid such security or deposit insuring the execution of the contract by him as shall be specified by the Council or as provided by general law.

The Council shall require each contractor under this Section to insure the faithful performance of his contract by delivering to the City a surety bond in an amount specified by the Council, executed by a surety company authorized to do business in the State of California, and in addition thereto, the retention of sufficient payments under the contract to insure the protection of the City against labor or material liens.

The Council, on the recommendation of the Manager, or the Head of the Department not under the jurisdiction of the Manager, may reject any and all bids and

readvertise for bids. The Council may provide that no contract shall be awarded to any person, firm or corporation if prison or alien labor is to be employed in performing such contract, or if the wage schedule for employees engaged in performing such contract is based on more than eight hours of labor per day. Any contract may be let for a gross price or on a unit basis and may provide for liquidated damages to the City for every day the contract is uncompleted beyond a specified date. It shall be competent in awarding any contract to compare bids on the basis of time completion, provided that when any award has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the performance in accordance with such time limits shall be secured by a surety bond as hereinabove provided with adequate sureties and penalties, and provided further, that for any contract awarded solely or partially on a specified time for completion the Council shall not extend such time limits unless such extension be recommended by the Manager and the Head of the Department concerned.

No officer, whether elected or appointed, of The City of San Diego shall be or become directly or indirectly interested in, or in the performance of, any contract with or for The City of San Diego, or in the purchase or lease of any property, real or personal, belonging to or taken by said City or which shall be sold for taxes or assessments or by virtue of legal process or suit of said City. Any person wilfully violating this section of the Charter shall be guilty of a misdemeanor and shall immediately forfeit his office and be thereafter forever barred and disqualified from holding any elective or appointive office in the service of the City. No officer, whether elected or appointed, shall be construed to have an interest within the meaning of this Section unless the contract, purchase, lease, or sale shall be with or for the benefit of the office, board, department, bureau or division with which said officer is directly connected in the performance of his duties and in which he or the office, board, department, bureau or division he represents exercises legislative, administrative or quasi-judicial authority in the letting of or performance under said contract, purchase, lease or sale.

All contracts entered into in violation of this Section shall be void and shall not be enforceable against said City; provided, however, that officers of this municipality may own stock in public utility service corporations and the City permitted to contract for public utility service when the rates for such service are fixed by law or by virtue of the Public Utilities Commission of the State of California; and provided further, that no officer shall be prohibited from purchasing the services of any utility whether publicly or privately owned, whether or not the rates are fixed by law or by the Public Utilities Commission of the State of California; and provided further, that in designating any bank as a depository for the funds of said City, any officer interested as a stockholder or otherwise in such bank

shall not be deemed to have an interest in such City contract within the meaning of this section, and in each of the cases enumerated herein such contracts shall be valid and enforceable obligations against the municipality."

PROPOSITION 11

Repeal Section 95 of Article VII of the Charter of The City of San Diego, which reads as follows:

"Section 95. PREFERENCE IN ACCEPTING BIDS. Any board, officer, commission or department empowered by this Charter to award contracts for goods, wares, merchandise, stores, supplies, drugs, subsistence, materials, equipment, tools, or other products of industry or manufacture, the cost or expense of which is to be paid by the City or any board, office, commission or department thereof, may award a contract for the purchase, sale and furnishing thereof to a regular bidder other than the lowest responsible bidder therefor, when, in the judgment of such awarding board, officer, commission or department, the best interests of the City and the public policy relating to the general welfare will be subserved thereby, and when the bidder specifies in his bid the following terms and conditions to be observed in the execution of the contract and he furnishes additional security for the fulfillment thereof, to-wit:

That the articles, products or materials are to be in whole or in part manufactured, made or produced in industries established in The City of San Diego or in the County of San Diego, specifying the name and location thereof; or that the articles, products or materials are regularly stocked, handled and sold by business establishments located in The City of San Diego or in the County of San Diego, specifying the name and location of such establishments.

Provided, however, that the bid of such higher bidder does not in amount or price exceed by five per cent (5%) that of the lowest responsible bidder for such contract."

Said propositions shall be presented and printed upon the ballot and submitted to the voters in the manner and form set out in Section 3 of this ordinance.

Section 2. That the polls for said election shall be opened at seven o'clock A.M. of the day of said election and shall remain open continuously from said time until seven

o'clock P.M. of the same day, when said polls shall be closed, except as provided in Section 14436 of the Elections Code of the State of California.

Section 3. This election being consolidated with the municipal primary election and the Board of Supervisors being authorized to canvass the returns and only one form of ballot being authorized, the method of voting upon said propositions shall be as provided in the Elections Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSSES (+) ON BALLOT ONLY WITH RUBBER STAMP;
NEVER WITH PEN OR PENCIL.

(ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK
OR PENCIL.)

INSTRUCTIONS TO VOTERS

To vote on any measure, stamp a cross (+) in the voting square after the word "YES" or after the word "NO." All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absentee voter's ballots mark a cross (+) with pen or pencil.

ORDINANCE NO. 9256^b
(New Series)

R E C I T A L S

1. At the Special Municipal Bond Election on June 5, 1962, the requisite number of voters approved the issuance and sale of bonds for the improvement of the Tenth Avenue Marine Terminal, in the principal amount of \$2,400,000.00, and bonds for the improvement of Harbor Island, in the principal amount of \$1,900,000.00.
2. The result of the canvass of election returns was declared by this Council in Resolution No. 171804 dated July 19, 1962.
3. By virtue of the San Diego Unified Port District Act (Stats. 1962, 1st Ex. Sess., c.67, p.362), and subsequent conveyances by The City of San Diego to the Port District, jurisdiction over the Tenth Avenue Marine Terminal and Harbor Island is now vested in the Port District.
4. These bonds are now carried by the Auditor and Comptroller on the books of The City of San Diego as a contingent liability (authorized but unissued general obligation bonds).
5. Since the authorization of these bonds, none have been printed or issued.
6. Three years have elapsed between the date these bonds were authorized and the date of this ordinance.
7. These authorized bonds are no longer needed and should not be issued; furthermore, a necessity exists for their being voided and removed from the books as a contingent liability.
8. Section 43630, California Government Code, provides a procedure by which this Council may accomplish the foregoing results; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

1. That no part of the following general obligation bonds, authorized by the electorate on June 5, 1962, but never issued or sold since that time, shall be issued or sold:

(a) A principal sum of \$2,400,000.00 for the purpose of the acquisition and construction of a certain municipal improvement, to-wit: additions to and improvements (not including repairs) of the Tenth Avenue Marine Terminal by the acquisition and construction of a warehouse, elevated water tank, railway tracks, utilities, paving, additional bulk handling and storage facilities, including relocation of portions of the now existing bulk handling facility, and appurtenant work.

(b) A principal sum of \$1,900,000.00 for the purpose of the acquisition and construction of a certain municipal improvement, to-wit: the improvement of the area called Harbor Island and the isthmus leading thereto by dredging, grading, capping, utilities, drainage structures, roadways, curbs, sidewalks, automobile parking areas, landscaping and appurtenant work.

2. That upon the effective date of this ordinance, the foregoing general obligation bonds shall become void.

3. This ordinance shall take effect on the thirty-first day after its passage.

The term 'valuation,' as shown in the Table, Section 91.05.1, shall be deemed to mean the total value of the completed building, including all labor and materials. No portion of any building shall be excluded from the valuation for a building permit because of any other permits required by any governing agency. The total value is present even though the materials and labor be furnished free of any charge.

(Amended 11-2-61 by Ord. 8541 N.S.)

SEC. 91.07 EXCEPTIONS TO PERMIT FEE

A permit will be required for the following; however, no fee will be charged: All buildings owned by the State of California, County of San Diego or The City of San Diego. In view of the fact that all public school buildings are subject to the rules and regulations of the State of California Division of Architecture, said rules and regulations may be adopted in lieu of the San Diego Building Code school building requirement; when the drawings and specifications for such structures have been checked and approved by the State Division of Architecture, the City Inspection Department shall issue a permit therefor in due form as required by the San Diego Building Code.

SEC. 91.08 CHECKING AND STAMP OF APPROVAL

(a) Except as otherwise provided in paragraph (b) of this Section, when the plans and specifications filed by an applicant for a permit have been checked by the Building Inspector and found to be complete and in conformity with the requirements of this Code, the Building Inspector shall issue a permit therefor, excepting that in the case of new buildings, the water and sewer connections

ORDINANCE NO. 9276
(New Series)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON TUESDAY, NOVEMBER 2, 1965, FOR THE PURPOSE OF PROPOSING AND SUBMITTING TO THE ELECTORS OF SAID CITY A PROPOSITION TO ADD TO THE CHARTER OF THE CITY OF SAN DIEGO; AND CONSOLIDATING SAID SPECIAL MUNICIPAL ELECTION WITH THE GENERAL MUNICIPAL ELECTION TO BE HELD IN SAID CITY ON NOVEMBER 2, 1965.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. There is hereby ordered, called and proclaimed a special municipal election to be held in the City of San Diego, California, on the 2nd day of November, 1965; and pursuant to the provisions of Section 8 of Article XI of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters of said City at said special municipal election the following proposition:

PROPOSITION 1

Add new Section 99.1 to the Charter of The City of San Diego to read as follows:

"Section 99.1. SPORTS STADIUM. For the purpose of acquiring, constructing and completing on a site in Mission Valley not to exceed 200 acres and lying westerly of Murphy Canyon Road, northerly of Highway 80 and southerly of Friars Road, and maintaining and operating thereon a coliseum, stadium, sports arena, sports pavilion or other building, or combination thereof, and facilities and appurtenances necessary or convenient therefor, for holding sports events, athletic contests, contests of skill, exhibitions

and spectacles and other public meetings, the City may, in addition to other legal methods, enter into contracts, leases or other agreements not to exceed fifty years with any other public agency or agencies, and the provisions of Sections 80 and 99 of this Charter shall not be applicable thereto."

Said proposition shall be presented and printed upon the ballot and submitted to the voters in the manner and form set out in Section 3 of this ordinance.

Section 2. That the polls for said election shall be opened at seven o'clock A.M. of the day of said election and shall remain open continuously from said time until seven o'clock P.M. of the same day, when said polls shall be closed, except as provided in Section 14436 of the Elections Code of the State of California.

Section 3. This election being consolidated with the general municipal election and the City Clerk being authorized to canvass the returns under Section 27.0120 of the San Diego Municipal Code, and only one form of ballot being authorized, the method of voting upon said propositions shall be as provided in the Elections Code of the State of California, and on the ballots to be used at said special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

STAMP A MARK (●) ON BALLOT ONLY WITH BALLOT MARKING DEVICE; NEVER WITH PEN OR PENCIL.

(ABSENTEE BALLOTS MAY BE MARKED WITH BALLOT MARKING DEVICE, PEN AND INK OR PENCIL.)

INSTRUCTIONS TO VOTERS

To vote on any measure, stamp a mark (●) in the voting square after the word "YES" or after the word "NO." All marks, except that made by the marking device, are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absentee voter ballots stamp a mark (●) with marking device, or mark a cross (+) with pen or pencil.

CITY OF SAN DIEGO PROPOSITIONS

PROPOSITION 1 . CITY OF SAN DIEGO CHARTER AMENDMENT. Add new Section 99.1 to the Charter of The City of San Diego. Add new Section 99.1 permitting City to enter into contracts, leases or other agreements in connection with the construction of a sports stadium in Mission Valley.	YES	
	NO	

Section 4. A mark (●) placed in the voting square after the word "YES," in the manner hereinbefore provided, shall be counted in favor of the adoption of the proposition. A mark (●) placed in the voting square after the word "NO" in the manner hereinbefore provided shall be counted against the adoption of the proposition.

Section 5. That said special municipal election hereby called to be held in the City of San Diego on the 2nd day of November, 1965, shall be and is hereby ordered consolidated with the general municipal election to be held on said date, and within the City of San Diego; the precincts, polling places and officers of election for the special municipal

election hereby called shall be the same as those provided for said general municipal election.

Section 6. This ordinance shall take effect and be in force from and after its passage.

AN ORDINANCE FIXING THE TAX RATE AND
LEVYING TAXES FOR THE FISCAL YEAR 1965-66.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. Pursuant to the provisions of Section 75 of the Charter of The City of San Diego, there is hereby fixed a rate of taxation of One Dollar and Seventy-eight Cents (\$1.78) on each one hundred dollars valuation of the taxable property within the City of San Diego, as shown on the assessment roll of the County of San Diego for the fiscal year 1965-66, and said rate is hereby levied on all taxable property, both real and personal, in the City of San Diego. Included herein is the amount required to be levied by Section 77a of said Charter.

Section 2. An allowance of four per cent (4%) for anticipated delinquencies in tax payments upon real property and improvements thereon and personal property secured, other than properties of public utilities, is hereby established.

Section 3. The aforesaid rate is based upon the following:

ORDINANCE NO. 9280
(New Series)

AN ORDINANCE AMENDING ARTICLE 8,
CHAPTER V, OF THE SAN DIEGO MUNICIPAL
CODE BY ADDING THERETO SECTION 58.07,
REGULATING THE DISTRIBUTION OF HARM-
FUL MATERIAL TO MINORS.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Article 8, Chapter V, of the San Diego Municipal Code be, and the same is hereby amended by adding thereto a new section to be known as and numbered Section 58.07, and to read as follows:

"SEC. 58.07 DISTRIBUTION OF HARMFUL MATERIAL TO MINORS

(a) Purpose and Intent. The citizens of this City have a legitimate and exigent interest in the prevention of the distribution of material deemed harmful to minors. While the laws of this State prevent the sale or distribution of obscene matter, no distinction is made in such laws as to matter which is deemed harmful to minors.

Recognizing that the total suppression of material deemed harmful to minors would reduce the adult population of this City to reading, viewing and otherwise observing that which is fit only for children, the further purpose and intent hereof is to distinguish between adults and minors as to material deemed fit for them, and to prohibit the distribution to minors of material, which, while not proscribed for adult consumption under the law as interpreted by the courts, is nevertheless deemed harmful to children, thereby serving the spiritual, emotional, mental and physical welfare of our youth and of all the citizens of this City.

(b) Definitions. As used in this section:

1. "Minor" means any person under the age of 18 years.
2. "Material" means any book, magazine, newspaper, or other printed or written material, or any picture, drawing, photograph, movie picture or other pictorial representation, or any statue or other figure, or any recording, transcription

or mechanical, chemical or electrical reproduction.

3. "Person" means any individual, partnership, firm, association, corporation or other legal entity.

4. "Distribute" means to transfer possession of, whether with or without consideration.

5. "Exhibit" means to show.

6. "Knowingly" means having knowledge of the character and content of the subject matter, or failing to exercise reasonable inspection which would disclose the content and character thereof.

7. "Harmful Material" means that type or quality of material which, taken as a whole, is patently offensive to the prevailing community standard with respect to what is suitable material for minors in that the predominant appeal of the material is to the lascivious interest of minors; i. e., tending to excite lustful thoughts and desires by its description, account or display of nudity, sex or sexual behavior.

(c) It shall be unlawful for any person who, with knowledge that a person is a minor, or who fails to exercise reasonable care in ascertaining the true age of a minor, knowingly distributes to, or exhibits to, or offers to distribute or exhibit to such minor any harmful material.

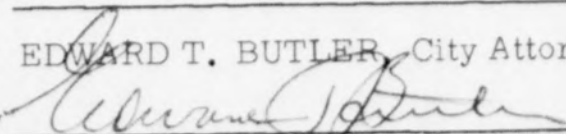

(d) Proof that the defendant or his employee or agent demanded and was shown and acted in reliance upon any of the following documents as proof of the age of a minor shall be a defense to any criminal prosecution under this section:

A document issued by the federal government or any state, county, or municipal government or subdivision or agency thereof, including but not limited to a driver's license, a registration certificate issued under the Selective Service Act, or an identification card issued to a member of the armed forces identifying the holder and showing that the holder is 18 years of age or over."

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

AN ORDINANCE AMENDING ARTICLE 1 OF CHAPTER IX OF THE SAN DIEGO MUNICIPAL CODE BY ADDING SECTION 91.02.4506 REGULATING BUILDING CONSTRUCTION.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Article 1 of the Chapter IX of the San Diego Municipal Code be, and the same is hereby amended by adding Section 91.02.4506 to read as follows:

"SEC. 91.02.4506 SECTION 4506 OF THE UNIFORM BUILDING CODE AMENDED

Section 4506(a) AWNINGS.

1. Definition. Awnings are shelters over doors or windows and supported entirely from the exterior wall of a building.

2. Extension From Building. An awning shall not extend more than seven feet (7') over public property from the face of a supporting building or closer than two feet (2') to the curb line. No awning shall extend more than ten feet (10') from any building.

An awning over public property shall be removed by the owner within thirty days (30) following notice of removal by the City.

3. Collapsible Awnings. Collapsible awnings are movable shelters of a type which can be retracted, folded or collapsed against the face of a supporting building. Collapsible awnings shall not block a required exit when collapsed.

4. Immovable Awnings. Immovable awnings extending over public property are prohibited unless the Chief of the Fire Department determines that they do not constitute a hazard to the public health or safety.

5. Construction. Awning frames and supporting structural members shall be constructed of corrosion-resistant metal designed to support a wind load of ten pounds per square foot. Awnings shall be covered with approved cloth, plastic or corrosion-resistant metal.

No awning shall be less than eight feet (8') above the ground, except valances, which shall not be less than seven feet (7') above the ground. Valances shall not exceed one foot (1') in width.

6. Signs. Signs shall be limited to the name and/or address of the business on the premises and may be affixed only to the valance of an awning in figures not exceeding eight inches (8") in height and not exceeding one (1) line provided the property is located in a zone in which signs are permitted to project more than sixteen inches (16") beyond the face of the building to which they are attached.

7. Maintenance. All awnings shall be maintained in a safe and undamaged condition.

8. Identification. All awnings shall bear an identifying label giving the name and address of the manufacturer.

(b) ENTRANCE CANOPIES.

1. Definition. "Entrance canopies" are shelters entirely or partially self-supporting and attached to the exterior wall of a building entrance.

2. Encroachment on Public Property. The location of entrance canopies shall be approved by the City.

An entrance canopy over public property

shall be removed by the owner within 30 days following notice of removal by the City.

An entrance canopy shall not extend closer than two feet (2') to the curb adjacent to the building entrance.

The width of an entrance canopy shall not exceed the width of the entrance to a building by more than two feet (2').

3. Construction. Entrance canopy frames and supporting structural members shall be constructed of corrosion-resistant metal designed to support a live load of five (5) pounds per square foot and a wind load of ten (10) pounds per square foot. Canopies shall be covered with approved cloth, plastic or corrosion-resistant metal. Canopies shall be attached to the wall of the building with approved quick-release devices.

No canopy shall be less than eight feet (8') above the underlying surface, except valances, which shall not be less than seven feet (7') above the underlying surface. Valances shall not exceed one foot (1') in width.

The covering material and height of an entrance canopy shall be approved by the Chief of the Fire Department prior to the issuance of a permit.

4. Signs. Signs shall be limited to the name and/or address of the business on the premises and may be affixed only to the valance of an entrance

canopy in figures not exceeding eight inches (8") in height and not exceeding one (1) line and a monogram or symbol not exceeding sixteen inches (16") in height may be affixed to the boxed-end of an entrance canopy which is parallel to the face of the building provided the property is located in a zone in which signs are permitted to project more than sixteen inches (16") beyond the face of the building to which they are attached.

5. Lights. Entrance canopies shall not be lighted or illuminated by any light source attached directly thereto.

6. Maintenance. All entrance canopies shall be maintained in a safe and undamaged condition.

7. Identification. Entrance canopies shall bear an identifying label giving the name and address of the manufacturer."

AN ORDINANCE ESTABLISHING A NEW SETBACK LINE
IN LE BARRON ROAD, ON LOTS 113 TO 117, INCLU-
SIVE, ALVARADO UNIT NO. 3, IN THE CITY OF SAN
DIEGO, CALIFORNIA.

WHEREAS, a public hearing was held before the City Planning Commission for the purpose of determining the advisability of recommending to the City Council the establishment of a new setback line 55 feet from the center of a cul-de-sac in Le Barron Road, on Lots 113 to 117, inclusive, Alvarado Unit No. 3, except that such new setback line on portions of Lots 113 and 117 shall not be closer than 40 feet from the center line of Le Barron Road lying northerly of said cul-de-sac; and

WHEREAS, the City Planning Commission has heretofore recommended that said setback as described above be established; and

WHEREAS, the Planning Commission and the City Council of The City of San Diego have found that the establishment of said setback line in the above-described area will promote public safety, health and welfare and will not adversely affect adjacent properties and is necessary to conserve the value of said property; NOW, THEREFORE,

LA JOLLA SHORES INTERIM ZONE ORDINANCE

ORDINANCE NO. 9288
(New Series)

AN INTERIM ORDINANCE ESTABLISHING A HEIGHT
LIMITATION ZONE IN THE LA JOLLA SHORES AREA
IN THE CITY OF SAN DIEGO, CALIFORNIA.

WHEREAS, the City Council and the Planning Commission have directed the Planning Department to make a study in conjunction with La Jollans, Inc., of a comprehensive community plan for the La Jolla area within the City of San Diego, which area includes:

All that territory lying within the corporate limits of the City of San Diego, County of San Diego, State of California, within the following described boundaries:

Beginning at the intersection of the westerly prolongation of the most southerly line of Lot 1, University of California Subdivision Unit No. 1 (Map No. 5214) with the Mean High Tide Line of the Pacific Ocean; thence easterly along said westerly prolongation and said southerly lot line and its easterly prolongation to the intersection with the center line of La Jolla Shores Drive, 150.00 feet wide; thence southerly along said center line to its intersection with the center line of Torrey Pines Road, 150.00 feet wide; thence westerly along the last described center line to its intersection with the easterly line of Amalfi (Map No. 959), being also the westerly line of Pueblo Lot 1285; thence northerly along said westerly lot line to its intersection with the Mean High Tide Line of the Pacific Ocean; thence northerly along said Mean High Tide Line to the point of beginning,

as indicated on Zone Map Drawing No. C.252 on file in the office of the City Clerk as Document No. 689802; and

WHEREAS, it is imperative to regulate the use of said above-described lands pending the study and recommendation of land use objectives, density allocations, utilities, and the adoption of the Community Plan therefor; and

WHEREAS, the development of the land thereon might be accomplished in a manner adverse to said community plan and thereby nullify the entire work of the municipality in endeavoring to carry out the purpose for which the police power was enacted, and also overburden the existing inadequate sewage facilities, as well as other utilities; and

WHEREAS, the City Council is of the opinion that the preservation of the public peace, safety, morals, health and general welfare is to be promoted by the adoption of such temporary interim zoning ordinance; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That all that territory situated in the City of San Diego, California, within the boundary of the Zone Map Drawing No. C.252, on file in the office of the City Clerk as Document No. 689802, and more particularly described in the preamble of this ordinance, be, and the same is hereby incorporated into a temporary interim zone, which in addition to those requirements that now exist in each and every zone classification within the above-described property, there is hereby added to said described property the following property use restrictions:

No building or structure shall be erected, constructed, altered, moved in or enlarged to a greater height therein of thirty (30) feet above grade.

As used herein, "building" or "structure" shall not include utility poles or electrical transmission towers.

The height limitation of a building or structure as herein used is the "height of building" as defined in the Uniform Building Code as adopted by Section 91.01 of the Municipal Code.

Chimneys, ventilators, plumbing stacks, radio and TV antennas, flagstaffs, and like appurtenances customary and incidental to roofs of buildings and structures are not to be considered in determining the permitted maximum height.

Section 2. This ordinance shall remain in force and effect for one year from the date of its adoption thereof.

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

ORDINANCE NO. 9297
(NEW SERIES)

AN ORDINANCE AMENDING ARTICLE 8, CHAPTER IX OF THE SAN DIEGO MUNICIPAL CODE BY AMENDING SECTION 98.01.4 REGULATING HOUSING STANDARDS.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Article 8, Chapter IX, of the San Diego Municipal Code be, and the same is hereby amended by amending Section 98.01.4 to read as follows:

SEC. 98.01.4 UNIFORM HOUSING CODE AUGMENTED AND AMENDED

The following specifically enumerated portion of Sec. H-503 of the "Uniform Housing Code," 1958 Edition, is amended to read as follows:

(a) Ceiling Height. Habitable rooms and service rooms in dwellings, apartment houses, and hotels shall have a ceiling height of not less than seven feet, six inches (7'6"). In rooms with sloping ceilings the required ceiling height shall be provided in at least 50 per cent of the room, and no portion of any room having a ceiling height of less than five feet (5') shall be considered as contributing to the minimum area required by Subsection (b) of this section.

The following paragraphs shall be additions to Section H-503 of the "Uniform Housing Code," 1958 Edition:

(d) Efficiency Living Unit—Defined. Efficiency living unit is any room having cooking facilities used for combined living, dining and sleeping purposes and meeting the requirements of Paragraph (e).

(e) Efficiency Living Unit—authorized. Nothing in the Uniform Housing Code shall prohibit the use of efficiency living units meeting the following requirements:

1. Each efficiency living unit shall have a living room of not less than two hundred twenty square feet (220 sq. ft.) of superficial floor area. An additional one hundred square feet (100 sq. ft.) of superficial floor area shall be provided for each occupant of such unit in excess of two.

2. Entry from the public space to the living room shall be through a foyer.

3. Each efficiency living unit shall be provided with a separate dressing closet of such size as to provide for adequate circulation and storage.

4. Each efficiency living unit shall be provided with a kitchenette not less than three feet by five feet (3' x 5') in size. Each kitchenette shall be accessible from the living room or foyer only; shall be enclosed by a door or doors; shall be equipped with a tenant-operated electric exhaust fan connected to the outside air; and shall be equipped and arranged for complete kitchen use.

5. Each efficiency living unit shall be provided with a separate bathroom meeting the requirements of this Code. Each bathroom shall be accessible from the foyer or dressing closet only.

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Introduced on October 5, 1965.
