REK

AN ORDINANCE ESTABLISHING A
SCHEDULE OF COMPENSATION FOR
OFFICERS AND EMPLOYEES OF THE
CITY OF SAN DIEGO.

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council finds and determines that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies for comparable services; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for biweekly salaries, containing minimum, maximum and intermediate range steps for each Standard Rate. Said compensation schedule is attached hereto as Exhibit "A."

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION," as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego plus the monetary value, as determined by the department head with the approval of the Civil Service Commission, of such housing, lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the Standard Rate hereinafter set forth

without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officer and employees by such City Auditor and Comptroller shall be for the amount set forth in the Standard Rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Unclassified Service, which are identified by the letters (UC), and for all positions in the Classified Service of The City of San Diego, the Standard Rate numbers, providing uniform compensation for like service, attached hereto as Exhibit "B," are hereby adopted.

Section 4. Increases in compensation for employees in the Classified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate numbers attached to the position. In the case of the City Attorney, said determination and setting shall be made by the City Council pursuant to Section 40 of the City Charter.

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority; provided, however, no exceptional merit increases or increases of more than one step shall be granted to those set forth in Section 7 (b) without first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based

upon an eight (8)-hour day and a forty (40)-hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average forty (40)-hour week and eight (8)-hour day throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1 1/2) times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 a.m. or after 6:00 p.m. or (2) on a long-term schedule, working a shift regularly split by more than two (2) consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employee's compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be

designated by the Civil Service Commission after consultation with the City Manager and nonmanagerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1 1/2) times said rate if the employee is eligible for premium overtime pay.

Section 7.

(a) In fixing and approving the Standard Rates for the officers and employees of the Classified Service of the City, this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a Standard Rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

(b) In fixing and approving the Standard Rates for the officers and employees of the Unclassified Service of the City, this Council has intended and does hereby intend that no more than five per cent (5%) increases in compensation

shall be granted to all those serving in the positions listed in Exhibit "B" under I ADMINISTRATION - GENERAL except for Fire Chief, Police Chief, Assistant Building Inspection Director, Deputy Fire Chief, Deputy Police Chief and Retirement Officer to whom seven and one-half per cent (7 1/2%) increases shall be granted. Said officers and employees of the Unclassified Service shall be placed in the step within the range limits of the Standard Rate attached to the position which will affect the foregoing increases.

Section 8. There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. The compensation schedule established by Ordinance No. 9229 (New Series) is hereby continued in force and effect through the pay period ending June 30, 1966. The compensation schedule established by this ordinance shall become effective with the pay period commencing July 1, 1966.

Section 10. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

ORDINANCE NO. 9450
(NEW SERIES)

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council has determined that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies or comparable services; NOW,

Said compensation schedule is attached hereto as Exhibit "A."

Section 2. The Civil Service Commission shall establish and supervise a plan which shall provide overtime pay not to exceed one and one-half (1½) times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required to work at a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1½) times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required to work at a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the

recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a Standard Rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

(b) In fixing and approving the Standard Rates for the officers and employees of the Unclassified Service of the City, this Council has intended and does hereby intend that no more than five per cent (5%) increases in compensation shall be granted to all those serving in the positions listed in Exhibit "B" under I ADMINISTRATION - GENERAL, except for FRAYTON - Chief, Assistant Fire Chief, Police Chief, Assistant Building Inspection Director, Deputy Fire Chief, Deputy Police Chief and Retirement Officer to whom seven and one-half per cent (7½%) increases shall be granted. Section 3. For all positions in the Unclassified Service, which are identified by the letters (U) and (C) for all positions in the Classified Service of the City of San Diego, the Standard Rate numbers, providing uniform compensation for like service, attached hereto as Exhibit "B" are hereby adopted.

Section 4. Increases in compensation for employees in the Classified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority on the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate numbers attached to the position. In the case of the City Attorney said determination and setting shall be made by the City Council pursuant to Section 40 of the City Charter.

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority

majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 a.m. or after 6:00 p.m. or (2) on a long-term schedule, working a shift regularly split by more than two (2) consecutive hours or by other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employee's compensation.

When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

Employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and nonmanagerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1 1/2) times said rate if the employee is eligible for premium overtime pay.

Section 7. (a) In fixing and approving the Standard Rates for the officers and employees of the Classified Service of the City, this Council has

created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department which he was serving at the time of his transfer.

Section 9. The compensation schedule established by Ordinance No. 9229 (New Series) is hereby continued in effect and effect through the pay period ending June 30, 1966. The compensation schedule established by this ordinance shall become effective with the pay period commencing July 1, 1966.

(1) The domestic sewer service charge for each single family dwelling unit serviced by a separate water meter shall be Two Dollars Fifteen Cents (\$2.15) per month.

(2) The monthly sewer service charge for other parcels of real property used for domestic purposes (as herein defined) AND serviced by a 1/2" or 3/4" water meter shall be 50% of the amount of the total water bill for the property, but in no case less than Two Dollars Fifteen Cents (\$2.15) per month, nor more than Two Dollars Fifteen Cents (\$2.15) per dwelling unit per month.

(4) The monthly sewer service charge for premises used EXCLUSIVELY for commercial or industrial purposes shall be 50% of the water bill for water service as computed in accordance with the rates established by this Code for water supplied.

Real property shall be deemed to be used for domestic purposes within the meaning of this section when such real property is used for single family residence or the furnishing of lodging by the operation of hotels, auto courts, apartment houses, bungalow courts, housing units, rooming houses, motels, trailer parks or the rentals of property for lodging purposes.

"SEC. 64.33 PAYMENT OF SEWER SERVICE CHARGE

All sewer service charges imposed under the provisions of this Code shall be due and payable at the times and in the manner provided in the Municipal Code for the payment of water bills. Such sewer service charges shall be billed to the owner or occupant of the premises on the same bill on which the water is billed to said owner or occupant. Such combined bill for water consumed and for sewer service charge shall be paid in its entirety and may not be severed for the separate payment of either portion thereof. Where the premises consume water from a source other than The City of San Diego water system, the sewer service charge shall be billed to the owner or occupant of the premises in a separate bill.

If the sewer service charge is not paid before the close of business or postmarked before midnight of the final date for payment, a penalty of ten per cent (10%) of the amount of said sewer service charge, said penalty not to exceed the amount of Four Dollars Thirty Cents (\$4.30), shall be added thereto; provided, however, that when the final day for payment falls on Saturday, Sunday or a legal holiday, payment may be made without penalty on the next regular business day.

In the event the owner or occupant of any premises shall be delinquent in the payment of his sewer service charge and such delinquency shall continue for a period of five (5) days after the final date for payment of such charge, The City of San Diego shall have the right, forthwith and without notice, to discontinue water service and sewer service to such delinquent owner or occupant, and water and sewer service shall not again be supplied to him until all delinquent sewer service charges plus the penalties thereon as herein provided have been paid. The sewer service charge may be collected by suit in any court of competent jurisdiction or any other manner.

"SEC. 64.34 SEWER SERVICE CHARGE - APPLICANT'S GUARANTEE DEPOSIT

A. Guarantee deposits are required from all applicants for sewer service who are not the legal or equitable owners of the property to be served, except applicants for domestic sewer service.

B. The City of San Diego shall have the right to require deposits from the owner or occupant of any premises who has allowed his bill for sewer service charge to become delinquent or who does not have an acceptable credit rating.

C. Deposits shall be equal to the estimated amount of three (3) months' sewer service charges, but in no event shall the deposit be less than Six Dollars (\$6.00).

ORDINANCE NO. 9499
(New Series)

AN ORDINANCE OF THE CITY OF SAN DIEGO, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL ELECTION TO BE HELD IN THE CITY ON NOVEMBER 8, 1966, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY TWO PROPOSITIONS AMENDING THE CHARTER OF THE CITY OF SAN DIEGO, AND CONSOLIDATING SUCH ELECTION WITH THE STATEWIDE GENERAL ELECTION TO BE HELD ON THE SAME DATE.

WHEREAS, at a meeting held on September 1, 1966, the City Council of The City of San Diego adopted Resolution No. 188216, requesting the Board of Supervisors of the County of San Diego to order the consolidation of a special municipal election to be held on November 8, 1966, with the Statewide General Election to be held on the same date; and

WHEREAS, the Board of Supervisors of the County of San Diego has granted this request and has ordered the consolidation of these two elections, all as contained in Resolution No. 42, dated SEP 6 1966 of the Board; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, California, as follows:

Section 1. A special municipal election is hereby called and ordered to be held in the City of San Diego, California, on November 8, 1966; and, pursuant to the provisions of Section 223 of the Charter of The City of San Diego and the provisions of Section 8 of Article XI of the Constitution of the State of California, the Council of The City of San Diego being the legislative body thereof, hereby proposes and submits to the qualified voters of the City at such special municipal election, the following two propositions amending the Charter of The City of San Diego:

PROPOSITION _____

Amend Section 24 of Article IV of the Charter of The City of San Diego to read as follows:

"Section 24. MAYOR.

The Mayor shall preside at the meetings of the Council and perform such other duties as may be prescribed by this Charter or as may be imposed by the Council, consistent with the duties of his office. He shall have no power of veto, but shall have a vote as a member of the Council. He shall be recognized as the official head of the City for all ceremonial purposes, by the courts for the purpose of serving civil process, for the signing of all legal instruments and documents, and by the Governor for military purposes. On or before the 15th day of January of each year, he shall communicate by message to the City Council a statement of the conditions and affairs of the City, and make recommendations on such matters as he may deem expedient and proper. In time of public danger or emergency, he may, with the consent of the Council, take command of the police, maintain order and enforce the law.

The rate of pay of the Mayor shall be Fifteen Hundred Dollars (\$1,500.00) per month.

In the event of a vacancy occurring in the office of the Mayor, existing by reason of any cause, the Council shall have authority to fill such vacancy, provided, however, that if the Council shall fail to fill such vacancy by appointment within thirty (30) days after the vacancy, the Council must immediately cause an election to be held to fill such vacancy. Any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term."

PROPOSITION _____

Amend Section 12 of Article III of the Charter of The City of San Diego to read as follows:

"Section 12. THE COUNCIL.

The Council shall be composed of nine (9) Councilmen, including the Mayor, and shall be the legislative body of the City, each of the members of which, including the Mayor, shall have the right to vote upon all questions before it.

Councilmen, including the Mayor, shall be elected at a general municipal election held in the odd numbered years and, except as hereinafter provided, shall hold office for the term of four years from and after the first Monday after the first day of December next succeeding their election and until their successors are elected and qualified. Upon any redistricting pursuant to the provisions of this Charter, incumbent councilmen will continue to represent the district in which they reside, unless as a result of such redistricting more than one incumbent councilman resides within any one district, in which case the City Council shall determine by lot which councilman shall represent each district. At the next municipal primary and general elections following a redistricting, councilmen shall be elected from those districts not represented and from those districts represented by incumbent councilmen whose terms expire as of the general election in said year. If as a result of any redistricting more than a simple majority of the City Council as redistricted shall be elected at the general election next following any such redistricting, the City Council prior to any such election shall designate one or more new districts for which the initial councilmanic term shall be two (2) years in order to retain staggered terms for councilmen.

Any vacancy occurring in the Council shall be filled from the District in which the vacancy occurs by appointment by the remaining Councilmen; but in the event that said remaining Councilmen fail to fill such vacancy by appointment within thirty (30) days after the vacancy occurs, they must immediately cause an election to be held to fill such vacancy; provided, however, that any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term.

It is the duty of councilmen to attend all Council meetings. The absence of any councilman from eight (8) consecutive meetings or fifty per cent (50%) of any scheduled meetings within a month shall operate to vacate the seat of such councilman, unless the absence thereof is excused by resolution of the Council.

The rate of pay of each Councilman shall be Seven Hundred Fifty Dollars (\$750.00) per month.

No Councilman shall be eligible during the term for which he was appointed or elected to hold any other office or employment with the City, except as Mayor and a member of any Board, Commission or Committee thereof, of which he is constituted such a member by general law or by this Charter."

Section 2. These propositions shall be presented and printed upon the ballot and submitted to the voters in the manner and form set out in Section 4 of this ordinance.

Section 3. The polls for this special municipal election shall be open at 7:00 a.m. (local time) on November 8, 1966, and shall remain open continuously until 8:00 p.m. (local

time) on the same day at which time the polls shall be closed, except as provided in Section 14436 of the Elections Code of the State of California.

Section 4. Since this election is being consolidated with the Statewide General Election; and since the Board of Supervisors of the County of San Diego is hereby authorized to canvass returns of this election; and since only one form of ballot is authorized, the method of voting upon these propositions shall be as provided in the Elections Code of the State of California; and, on the ballots to be used at this special municipal election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK DOTS (●) ON THE BALLOT ONLY WITH RUBBER STAMP:
