ORDINANCE NO. 9717
(New Series)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1,
OF THE SAN DIEGO MUNICIPAL CODE, BY ADDING
THERETO SECTION 101.0414, REGULATING USES
IN THE RV ZONE (RESIDENTIAL-VISITOR).

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Chapter X, Article 1, of the San Diego
Municipal Code be, and the same is hereby amended by adding
thereto a new section to be known as Section 101.0414, and to
read as follows:

"SEC. 101.0414 RV ZONE (RESIDENTIAL-VISITOR)

A. PURPOSE AND INTENT

The RV Zone is intended to designate areas for rela-
tively small scale hotel and motel developments and
medium density multiple residential developments which
accommodate both short and long-term visitors to the City
and permanent apartment dwellers. The zone is expressly
designed for application to areas in the vicinity of major
tourist attractions or recreational areas where existing
subdivision, ownership and land use patterns make the
assembly and development of large parcels of land to
accommodate extensive commercial recreation facilities
either extremely difficult or impossible. This zone does
not contemplate development of the full range of visitor
services and facilities provided for in the R-5 Zone;
therefore, it is intended that this zone be located in
close proximity to commercial zones which can meet the
convenience and service needs of visitors and residents.
The regulations of the zone are designed to minimize any
adverse effects of motel and hotel facilities on multiple
residential developments within or abutting this zone.

B. PERMITTED USES

In an RV zone, no building or improvement, or portion thereof, shall be erected, constructed, converted, established, altered, or enlarged, nor shall any premises be used except for one or more of the following purposes:

1. Apartment houses, group dwellings and multiple dwellings.

2. Hotels and motels.

3. Private clubs, lodges and fraternal organizations.

4. Public parks, public playgrounds.

5. Public utility electric distribution substations, gas regulators and communication equipment buildings developed in accordance with building and landscaping plans approved by the Board of Architectural Review.

6. Any other use which the Planning Commission may find to be similar in character to the uses, including accessory uses, enumerated in this section and consistent with the purpose and intent of this zone. The adopted resolution embodying such finding shall be filed in the office of the City Clerk.

7. Accessory uses for any of the foregoing permitted uses, including the following:

a. Business services customarily catering to hotel and motel guests and apartment occupants. These may include sales of newspapers and magazines; agencies for laundering, dry cleaning and pressing; barber and beauty shops; agencies for tickets, travel and car rentals, and restaurants and bars; provided, however,

such service facilities may not be established in apartments, group dwellings or multiple dwellings containing less than 80 dwelling units.

b. Recreational facilities including swimming pools, shuffleboard courts, sauna baths, tennis courts, golf putting greens, and exercise rooms.

c. Signs

The following signs shall be permitted:

(1) Wall signs as defined in Section 95.0101 designating the permitted uses of the premises provided that no such sign shall project above the parapet or eaves of the building to which affixed.

(2) Signs designating the permitted uses of the premises on the faces of canopies or porch roofs or hung from the underside of said canopies or porch roofs; provided, however, that signs attached to any face of a canopy or porch roof shall be parallel to the face of said canopy or porch roof and shall not project above the parapet or eaves of the building to which the canopy or porch roof is attached. Signs hung from the underside of canopies or porch roofs shall not project beyond any face of said canopy or porch roof.

(3) One single or double-faced free-standing sign designating the permitted uses of the premises (except the accessory uses

permitted by B.7,a. and B.7,b. above)
facing or adjacent to each street abutting
the property.

Affidavit of Publication of

THE SAN DIEGO UNION

STATE OF CALIFORNIA,
COUNTY OF SAN DIEGO, ss.
CITY OF SAN DIEGO,

In the matter of the publication of ORDINANCE
NO. 9717, NEW SERIES, RV ZONE.

ORDINANCE NO. 9717 (NEW SERIES)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1, OF THE SAN DIEGO MUNICIPAL CODE, BY ADDING THERETO SECTION 101.0414, REGULATING USES IN THE RV ZONE (RESIDENTIAL-VISITOR).

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Chapter X, Article 1, of the San Diego Municipal Code be, and the same is hereby amended by adding thereto a new section to be known as Section 101.0414, and to read as follows:

SEC. 101.0414 RV ZONE (RESIDENTIAL-VISITOR)

A. PURPOSE AND INTENT

The RV Zone is intended to designate areas for relatively small scale hotel and motel developments and medium density multiple residential developments which accommodate both short and long-term visitors to the City and permanent apartment dwellers. The zone is expressly designed for application to areas in the vicinity of major tourist attractions or recreational areas where existing subdivision, ownership and land use patterns make the assembly and development of large parcels of land to accommodate extensive commercial recreation facilities either extremely difficult or impossible. This zone does not contemplate development of the full range of visitor services and facilities provided for in the R-5 Zone, therefore, it is intended that this zone be located in close proximity to commercial zones which can meet the convenience and service needs of visitors and residents. The regulations of the zone are designed to minimize any adverse effects of motel and hotel facilities on multiple residential developments within or abutting this zone.

B. PERMITTED USES

In an RV zone, no building or improvement, or portion thereof, shall be erected, constructed, converted, established, altered, or enlarged, nor shall any premises be used except for one or more of the following purposes:

1. Apartment houses, group dwellings and multiple dwellings.
2. Hotel and motels.
3. Private clubs, lodges and fraternal organizations.
4. Public parks, public playgrounds.
5. Public utility electric distribution substations, gas regulators and communication equipment buildings developed in accordance with building and landscaping plans approved by the Board of Architectural Review.
6. Any other use which the Planning Commission may find to be similar in character to the uses, including accessory uses, enumerated in this section and consistent with the purpose and intent of this zone. The adopted resolution embodying such finding shall be filed in the office of the City Clerk.
7. Accessory uses for any of the foregoing permitted uses, including the following:
 - a. Business services customarily catering to hotel and motel guests and apartment occupants. These may include sales of newspapers and magazines; agencies for laundering, dry cleaning and pressing; barber and beauty shops; agencies for tickets, travel and car rentals, and restaurants and bars; provided, however, such service facilities may not be established in apartments, group dwellings or multiple dwellings containing less than 80 dwelling units.
 - b. Recreational facilities including swimming pools, shuffleboard courts, sauna baths, tennis courts, golf putting greens, and exercise rooms.
 - c. Signs.

The following signs shall be permitted:

- (1) Wall signs as defined in Section 95.0101 designating the permitted uses of the premises provided that no such sign shall project above the parapet or eaves of the building to which affixed.
- (2) Signs designating the permitted uses of the premises on the faces of canopies or porch roofs or hung from the underside of said canopies or porch roofs; provided, however, that signs attached to any face of a canopy or porch roof shall be parallel to the face of said canopy or porch roof and shall not project above the parapet or eaves of the building to which the canopy or porch roof is attached. Signs hung from the underside of canopies

or porch roofs shall not project beyond any face of said canopy or porch roof.

- (3) One single or double-faced free-standing sign designating the permitted uses of the premises (except the accessory uses permitted by B.7.a and B.7.b. above) facing or adjacent to each street abutting the property.
- (4) One directional sign located at each driveway entering or leaving the premises.
- (5) Wall or freestanding signs designating the premises for sale, rent or lease.
- (6) The combined total face area of all wall signs or signs which are attached to the face or hung from the underside of canopies or porch roofs, freestanding signs and directional signs on the premises (excluding signs designating the premises for sale, rent or lease) shall not exceed one-fifth of a square foot for each linear foot of street frontage. The height of any freestanding sign shall not exceed the height of eight feet measured vertically from the base at ground level to the apex of said sign.
- (7) Signs permitted herein may be lighted; however, none shall contain visibly moving parts or be illuminated by flashing lights.

C. SPECIAL REGULATIONS

1. All accessory uses shall be located in the same building as the permitted use or uses which they serve. There shall be no entrance to any such accessory uses except through a foyer, court, lobby, hall, patio or other similar interior area. However, neither of the foregoing regulations shall be applicable to accessory uses exclusively serving outdoor recreational activities. The combined gross floor area of all accessory uses (excluding outdoor recreational facilities) on any premises shall occupy not more than 20 per cent of the gross floor area of the permitted use.
2. No mechanical equipment, tank duct, elevator enclosure, cooling tower or mechanical ventilator shall be erected, constructed, maintained or altered anywhere on the premises unless all such equipment and appurtenances are contained within a completely enclosed penthouse or other portion of a building having walls and roofs with construction and appearance similar to the main building.

ORDINANCE NO. _____
(New Series)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1, SECTION 101.0452.1, OF THE SAN DIEGO MUNICIPAL CODE, RELATING TO THE HEIGHT LIMITATION ZONE IN THE LA JOLLA AREA IN THE CITY OF SAN DIEGO, CALIFORNIA.

WHEREAS, the Planning Commission and the City Council have held public hearings on the matter of an extension of the existing height limitation zone in the La Jolla area in the City of San Diego, California, which area includes:

All that territory lying within the corporate limits of the City of San Diego, County of San Diego, State of California, bounded on the west by the Mean High Tide Line of the Pacific Ocean; on the north by the southerly lines of Pueblo Lots 1311 and 1312; on the east by the easterly right of way line of U. S. Highway 101 as shown on plats of State Highway X1-SD-2-SD, on file in the State Division of Highways' Office in said San Diego County; and on the south by the following described line:

Beginning at the intersection of said easterly right of way line of U. S. Highway 101 with the southerly line of Pueblo Lot 1778, thence westerly along the southerly lines of Pueblo Lots 1778, 1779, 1780 and 1781 to the easterly line of Sea View Heights according to record map thereof No. 1125; thence southerly along said easterly line to the center line of Archer Street, thence westerly along said center line of Archer Street to the center line of Cass Street; thence northerly along said center line of Cass Street to the center line of Van Nuys Street; thence westerly along said center line of Van Nuys Street and the westerly prolongation thereof to the center line of La Jolla Boulevard; thence southeasterly and easterly along said center line of La Jolla Boulevard and the easterly prolongation thereof to the northwesterly prolongation of the southwesterly boundary line of Ocean Villa Tract according to record map thereof No. 977; thence southeasterly along said northwesterly prolongation and said southwesterly line of said Ocean Villa Tract to the northwesterly prolongation of the southeasterly line of Block 6, Pacific Riviera Villas Unit No. 1, according to record map thereof No. 2531; thence southwesterly along said prolongation and continuing along the boundary line of said Pacific Riviera Villas Unit No. 1 in a generally southwesterly direction to the most southerly corner of Lot 18, Block 4 of said Pacific Riviera Villas Unit No. 1; thence leaving said subdivision

boundary southwesterly along the southwesterly prolongation of the southeasterly line of said Lot 18, to the Mean High Tide Line of the Pacific Ocean

as indicated on that certain Zone Map Drawing No. C-256.1, filed in the office of the City Clerk under Document No. 696851; and

WHEREAS, the development of the land thereon could be accomplished in a manner adverse to the people of the City of San Diego, because buildings in excess of fifty (50) feet might not, except under certain circumstances, provide for adequate light and air, for the public health, safety and convenience, and the preservation of the general welfare of the community; and

WHEREAS, said high-rise buildings, unless located in contemplation of community resources, needs and environment may overburden existing inadequate sewage facilities as well as other utilities, including the water supply for fire protection; and

WHEREAS, said high-rise buildings may also create an increase in the vehicular traffic on already taxed, existing narrow streets in the La Jolla area, and may impede proper fire, ambulance and police protection to said area; and

WHEREAS, the City Council is of the opinion that in order to preserve the public peace, safety, morals, health and general welfare, it is compelled to regulate the height of buildings within the La Jolla area to fifty (50) feet except where more restrictive height controls apply, and in certain cases permit buildings to exceed fifty (50) feet in height provided certain findings can be made by the Planning Commission or by the City Council upon appeal; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. That Chapter X, Article 1, Section 101.0452.1
of the San Diego Municipal Code, be amended to read as follows:

"SEC. 101.0452.1 HEIGHT LIMITATION ZONE - LA JOLLA

1. Purpose and Intent. The purpose of this ordinance is
the limitation of the height of buildings and structures within
the La Jolla area to fifty (50) feet, except:

- a. In those areas where more restrictive height
limitations apply, and
- b. At such sites as may be determined by the
Planning Commission or the City Council to
be suitable for buildings exceeding fifty
(50) feet in height.

It is the intent of this ordinance that land development in the
La Jolla area will occur in an orderly manner to the end that
buildings exceeding fifty (50) feet in height be located and
designed so as to be appropriate to such development, taking
into account conditions of development, sound planning practices,
effect on community development, and the public health, safety
and general welfare.

2. Height Limitation. All that portion of the La Jolla
area in the City of San Diego, California, within the boundary
of the area designated on that certain Zone Map Drawing No.
C-256.1, filed in the office of the City Clerk under Document
No. 696851, as more particularly described in the preamble of
this ordinance, except for that land which is, on or after the
effective date of this ordinance, zoned R-1 or R-2 or is in any
other zone, or in any area subject to more restrictive height
limitations, be, and is hereby incorporated into the La Jolla
Height Limitation Zone, which zone establishes a height limita-
tion for new or altered buildings and structures therein of fifty
(50) feet above grade. The height of the building or structure

as herein used is the 'height of building' as defined in the Uniform Building Code as adopted by Section 91.01 of the San Diego Municipal Code.

As used herein 'building' or 'structure' shall not include utility poles or electrical transmission towers, chimneys, ventilators, plumbing stacks, radio and television antennas, flag staffs, and like appurtenances customary and incidental to roofs of buildings and structures.

3. The following property is exempt:

a. Property proposed to be improved with a structure or structures with a height in excess of fifty (50) feet above grade on the effective date of this ordinance as to which,

i. a City building permit for the same has been issued and is valid and subsisting and work thereon is progressing; or

ii. a City building permit has been issued but is, or will be, null and void under the conditions specified in Section 91.02.0302, Subsection 302(d) of the San Diego Municipal Code, provided, however, that as to any such permit so issued a new permit may be obtained within the time limits prescribed in, and subject to the conditions imposed by said Subsection 302(d). In no event may such new permit issue under this exemption after the expiration of one year from the effective date hereof.

b. Nothing herein contained shall prohibit the making of repairs, alterations and modifications of presently existing structures exceeding fifty (50) feet in height provided such repairs, alterations and modifications do not increase the height of such structures.

4. Exceptions

- a. Application. Upon filing of a letter of request with the Planning Department for an exception to the La Jolla Fifty (50) Foot Height Limitation Zone, which letter shall be accompanied by appropriate schematic plot plans, typical floor plans, building elevations and preliminary grading plans, the Planning Commission shall set a public hearing in accordance with the noticing and hearing procedures as set forth in Section 101.0505.2 of the San Diego Municipal Code. It is the intent hereof that such plans shall be limited to such detail as will inform the Planning Commission as to matter included within the criteria set forth below.
- b. Decision. After the public hearing, the Planning Commission may, by resolution, grant an exception to the La Jolla Fifty (50) Foot Height Limitation Zone, if the Planning Commission finds from the evidence presented at the hearing that all of the following facts exist:
 - i. That the proposed structure at the particular location and under the proposed conditions of development with regard to good planning practice, including provisions for height, building bulk, yards, open spaces, lot coverage, grading, and related matters, will provide equally as well for light and air, for the public health, safety, and convenience, and the preservation of the general welfare of the community as if developed to the limits imposed by the fifty (50) foot height limitation and

the other zoning regulations applicable to the property in question;

- ii. That the proposed structure will comply with the regulations and conditions specified in the Code for such structures; and
- iii. That the granting of an exception will not adversely affect any adopted plan of any governmental agency.

In addition to requiring compliance with applicable provisions of the San Diego Municipal Code, the Planning Commission in granting an exception may impose other and additional conditions relating to maximum height, yards, open space, access, and site development, as it may deem necessary or desirable to meet the requirements of this section. In granting any exception the Planning Commission shall make a written finding which shall specify facts relied upon in rendering its decision, and shall set forth wherein the facts and circumstances fulfill or fail to fulfill the requirements of this section. A copy of this written Finding of Fact shall be filed with the City Clerk, the Department of Building Inspection, the City Planning Department, and shall be mailed to the applicant.

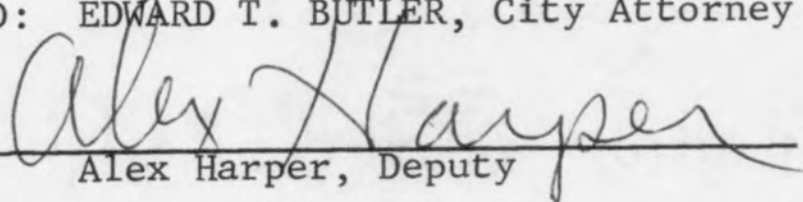

- c. Appeal to the City Council from the decision of the Planning Commission. The decision of the Planning Commission shall be final on the eleventh day following such filing in the office of the City Clerk except when appeal is taken to the City Council in accordance with the procedures as set forth in Section 101.0508 of the San Diego Municipal Code."

Section 2. This ordinance shall remain in force and effect until March 8, 1969.

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

THE SAN DIEGO UNION

ORDINANCE NO. 9760 (New Series)

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 1, SECTION 101.0452.1, OF THE SAN DIEGO MUNICIPAL CODE, RELATING TO THE HEIGHT LIMITATION ZONE IN THE LA JOLLA AREA IN THE CITY OF SAN DIEGO, CALIFORNIA.

WHEREAS, the Planning Commission and the City Council have held public hearings on the matter of an extension of the existing height limitation zone in the La Jolla area in the City of San Diego, California, which area includes:

All that territory lying within the corporate limits of the City of San Diego, County of San Diego, State of California, bounded on the west by the Mean High Tide Line of the Pacific Ocean; on the north by the southerly lines of Pueblo Lots 1311 and 1312; on the east by the easterly right of way line of U.S. Highway 101 as shown on plats of State Highway XI-SD-2-SD, on file in the State Division of Highways' Office in said San Diego County; and on the south by the following described line:

Beginning at the intersection of said easterly right of way line of U.S. Highway 101 with the southerly line of Pueblo Lot 1778, thence westerly along the southerly lines of Pueblo Lots 1778, 1779, 1780 and 1781 to the easterly line of Sea View Heights according to record map thereof No. 1125; thence southerly along said easterly line to the center line of Archer Street, thence westerly along said center line of Archer Street to the center line of Cass Street; thence northerly along said center line of Cass Street to the center line of Van Nuys Street; thence westerly along said center line of Van Nuys Street and the westerly prolongation thereof to the center line of La Jolla Boulevard; thence southeasterly and easterly along said center line of La Jolla Boulevard and the easterly prolongation thereof to the northwesterly prolongation of the southwesterly boundary line of Ocean Villa Tract according to record map thereof No. 977; thence southeasterly along said northwesterly prolongation and said southwesterly line of said Ocean Villa Tract to the northwesterly prolongation of the southeasterly line of Block 6, Pacific Riviera Villas Unit No. 1, according to record map thereof No. 2531; thence southwesterly along said prolongation and continuing along the boundary line of said Pacific Riviera Villas Unit No. 1 in a generally southwesterly direction to the most southerly corner of Lot 18, Block 4 of said Pacific Riviera Villas Unit No. 1; thence leaving said subdivision boundary southwesterly along the southwesterly prolongation of the southeasterly line of said Lot 18, to the Mean High Tide Line of the Pacific Ocean

as indicated on that certain Zone Map Drawing No. C-256.1, filed in the office of the City Clerk under Document No. 696851; and

WHEREAS, the development of the land thereon could be accomplished in a manner adverse to the people of the City of San Diego, because buildings in excess of fifty (50) feet might not, except under certain circumstances, provide for adequate light and air, for the public health, safety and convenience, and the preservation of the general welfare of the community; and

WHEREAS, said high-rise buildings, unless located in contemplation of community resources, needs and environment may overburden existing inadequate sewage facilities as well as other utilities, including the water supply for fire protection; and

WHEREAS, said high-rise buildings may also create an increase in the vehicular traffic on already taxed, existing narrow streets in the La Jolla area, and may impede proper fire, ambulance and police protection to said area; and

WHEREAS, the City Council is of the opinion that in order to preserve the public peace, safety, morals, health and general welfare, it is compelled to regulate the height of buildings within the La Jolla area to fifty (50) feet except where more restrictive height controls apply, and in certain cases permit buildings to exceed fifty (50) feet in height provided certain findings can be made by the Planning Commission or by the City Council upon appeal; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Chapter X, Article 1, Section 101.0452.1 of the San Diego Municipal Code, be amended to read as follows:

3. The following property is exempt:

a. Property proposed to be improved with a structure or structures with a height in excess of fifty (50) feet above grade on the effective date of this ordinance as to which,

i. a City building permit for the same has been issued and is valid and subsisting and work thereon is progressing; or

ii. a City building permit has been issued but is, or will be, null and void under the conditions specified in Section 91.02.0302, Subsection 302(d) of the San Diego Municipal Code, provided, however, that as to any such permit so issued a new permit may be obtained within the time limits prescribed in, and subject to the conditions imposed by said Subsection 302(d). In no event may such new permit issue under this exemption after the expiration of one year from the effective date hereof.

b. Nothing herein contained shall prohibit the making of repairs, alterations and modifications of presently existing structures exceeding fifty (50) feet in height provided such repairs, alterations and modifications do not increase the height of such structures.

4. Exceptions

a. Application. Upon filing of a letter of request with the Planning Department for an exception to the La Jolla Fifty (50) Foot Height Limitation Zone, which letter shall be accompanied by appropriate schematic plot plans, typical floor plans, building elevations and preliminary grading plans, the Planning Commission shall set a public hearing in accordance with the noticing and hearing procedures as set forth in Section 101.0505.2 of the San Diego Municipal Code. It is the intent hereof that such plans shall be limited to such detail as will inform the Planning Commission as to matter included within the criteria set forth below.

b. Decision. After the public hearing, the Planning Commission may, by resolution grant an exception to the La Jolla Fifty (50) Foot Height Limitation Zone, if the Planning Commission finds from the evidence presented at the hearing that all of the following facts exist:

i. That the proposed structure at the particular location and under the proposed conditions of development with regard to good planning practice, including provisions for height, building bulk, yards, open spaces, lot coverage, grading, and related matters, will provide equally as well for light and air, for the public health, safety, and convenience, and the preservation of the general welfare of the community as if developed to the limits imposed by the fifty (50) foot height limitation and the other zoning regulations applicable to the property in question;

ii. That the proposed structure will comply with the regulations and conditions specified in the Code for such structures; and

iii. That the granting of an exception will not adversely affect any adopted plan of any governmental agency.

In addition to requiring compliance with applicable provisions of the San Diego Municipal Code, the Planning Commission in granting an exception may impose other and additional conditions relating to maximum height, yards, open space, access, and site development, as it may deem necessary or desirable to meet the requirements of this section. In granting any exception the Planning Commission shall make a written finding which shall specify facts relied upon in rendering its decision, and shall set forth wherein the facts and circumstances fulfill or fail to fulfill the requirements of this section. A copy of this written Finding of Fact shall be filed with the City Clerk, the Department of Building Inspection, the City Planning Department, and shall be mailed to the applicant.

c. Appeal to the City Council from the decision of the Planning Commission. The decision of the Planning Commission shall be final on the eleventh day following such filing in the office of the City Clerk except when appeal is taken to the City Council in accordance with the procedures as set forth in Section 101.0508 of the San Diego Municipal Code.

Section 2. This ordinance shall remain in force and effect until March 8, 1969.

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Introduced on January 25, 1968. Passed and adopted by the Council of The City of San Diego on February 1, 1968.

Compliance with the provisions of this article by either the principal or the managing agent shall, however, be considered to be compliance by both.

"SEC. 35.0103 TAX IMPOSED.

For the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of five percent (5%) of the rent charged by the operator. Said tax constitutes a debt owed by the transient to the City which is extinguished only by payment to the operator or to the City. The transient shall pay the tax to the operator of the hotel at the time the rent is paid. If the rent is paid in installments, a proportionate share of the tax shall be paid with each installment. The unpaid tax shall be due upon the transient's ceasing to occupy space in the hotel. If for any reason the tax due is not paid to the operator of the hotel, the City Treasurer may require that such tax shall be paid directly to the City Treasurer.

"SEC. 35.0104 EXEMPTIONS.

No tax shall be imposed where the rent is at the rate of two dollars (\$2.00) a day or less.

"SEC. 35.0107 REPORTING AND REMITTING.

Each operator shall, on or before the last day of the month following the close of each calendar quarter, or at the close of any shorter reporting period which may be established by the City Treasurer, make a return to the City Treasurer, on forms provided by him, of the total rents charged and received and the amount of tax collected for transient occupancies. At the time the return is filed, the full amount of the tax collected shall be remitted to the City Treasurer. Returns filed or taxes remitted and actually received by the City Treasurer on or before the last day of the month following the close of each calendar quarter shall be deemed timely filed or remitted. Returns filed or taxes remitted by mail shall be deemed timely filed only if the envelope or similar container enclosing the returns or taxes is addressed to the City Treasurer, has sufficient postage and bears a United States postmark or a postage meter imprint prior to midnight on the last day for reporting or remitting without penalty. If such envelope or other container bears a postage meter imprint as well as a United States post office cancellation mark, the latter shall govern in determining whether the filing or remittance is timely. The City Treasurer may establish shorter reporting periods for any certificate holder if he deems it necessary in order to insure collection of the tax and he may require further information in the return. Returns and payments are due immediately upon cessation of business for any

reason. All taxes collected by operators pursuant to this article shall be held in trust for the account of the City until payment thereof is made to the City Treasurer. All returns and payments submitted by each operator shall be treated as confidential by the City Treasurer and shall not be released by him except upon order of a court of competent jurisdiction or to an officer or agent of the United States, the State of California, the County of San Diego, or The City of San Diego for official use only.

"SEC. 35.0108 PENALTIES.

(a) Original Delinquency. Any operator who fails to remit any tax imposed by this article within the time required shall pay a penalty of ten percent (10%) of the amount of the tax in addition to the amount of the tax.

(b) Continued Delinquency. Any operator who fails to remit any delinquent remittance within thirty (30) days following the date on which the remittance first became delinquent shall pay a second delinquent penalty of ten percent (10%) of the amount of the tax in addition to the amount of the tax and the ten percent (10%) penalty first imposed, provided that the City Treasurer has notified, by certified or registered United States mail, the operator of the delinquency and the ten percent (10%) penalty first imposed, such notification to be given within the thirty (30) day period of the initial delinquency, and provided that the operator has not paid the tax and penalty due within fourteen (14) days after notification or within the thirty (30) day period of the initial delinquency, whichever is later.

(c) Fraud. If the City Treasurer determines that the nonpayment of any remittance due under this ordinance is due to fraud, a penalty of twenty-five percent (25%) of the amount of the tax shall be added thereto in addition to the penalties stated in subparagraphs (a) and (b) of this section.

(d) Audit Deficiency. If, upon audit by the City, an operator is found to be deficient in his return or his remittance or both, the Treasurer shall immediately notify the operator of the net deficiency and the original ten percent (10%) delinquency penalty. If the operator fails or refuses to pay the deficient amount and applicable penalties within fourteen (14) days after the date of the Treasurer's notice, the penalties prescribed in paragraph (b) above shall apply, using the fifteenth day after the date of the Treasurer's notice as the date when the continued delinquency penalty first applies.

"SEC. 35.0109 FAILURE TO COLLECT AND REPORT TAX.

DETERMINATION OF TAX BY CITY TREASURER. If any operator shall fail or refuse to collect the tax and to make, within the time provided in this article, any report and remittance of said tax or any portion thereof required by this article, or if such operator maintains records which are inadequate to show the amount of tax due, the City Treasurer shall proceed in such manner as he may deem best to obtain facts and information on which to base his estimate of the tax due. As soon as the City Treasurer shall procure such facts and information as he is able to obtain upon which to base the assessment of any tax imposed by this article and payable by any operator who has failed or

refused to collect the same and to make such report and remittance, he shall proceed to determine and assess against such operator the tax and penalties provided for by this article. In case such determination is made, the City Treasurer shall give notice of the amount so assessed by delivering it to the operator or by depositing it in the United States mail, postage prepaid, addressed to the operator so assessed at his last known place of address. Such operator may within fourteen (14) days after the serving or mailing of such notice make application in writing to the City Treasurer for a hearing on the amount assessed. If application by the operator for a hearing is not made within the time prescribed, the tax and penalties, if any, determined by the City Treasurer shall become final and conclusive and immediately due and payable. If such application is made, the City Treasurer shall give not less than five (5) days' written notice in the manner prescribed herein to the operator to show cause at a time and place fixed in said notice why said amount specified therein should not be fixed for such tax and penalties. At such hearing, the operator may appear and offer evidence why such specified tax and penalties should not be so fixed. After such hearing, the City Treasurer shall determine the proper tax to be remitted and shall thereafter give written notice to the person in the manner prescribed herein of such determination and the amount of such tax and penalties. The amount determined to be due shall be payable after fourteen (14) days unless an appeal is taken as provided in Section 35.0110.

"SEC. 35.0110 APPEAL.

Any operator aggrieved by any decision of the City Treasurer with respect to the amount of such tax and penalties, if any, involving a dispute, the total amount of which exceeds three hundred dollars (\$300), may appeal to the Council by filing a notice of appeal with the City Clerk within fourteen (14) days of the serving or mailing of the determination of tax due. The City Clerk shall fix a time and place for hearing such appeal, and shall give notice in writing to such operator at his last known place of address. The findings of the Council shall be final and conclusive and shall be served upon the appellant in the manner prescribed above for service of notice of hearing. Any amount found to be due shall be immediately due and payable upon the service of notice. Taxes and penalties, if any, involving a dispute, the total amount of which is three hundred dollars (\$300) or less, shall be resolved by the City Attorney, or his designated representative, whose decision shall be final and conclusive and shall be served upon the appellant in writing. In such cases, where the amount in dispute is three hundred dollars (\$300) or less, no appeal to the Council shall be permitted.

"SEC. 35.0112 REFUNDS.

(a) Whenever the amount of any tax or penalty has been overpaid or paid more than once or has been erroneously or illegally collected or received by the City under this article, it may be refunded as hereinafter provided if a claim in writing therefor, stating under penalty of perjury the specific grounds upon which the claim is founded, is filed with the City Treasurer within three years of the date of payment. The claim shall be on forms furnished by the City Treasurer.

(b) An operator may claim a refund or take as credit against taxes collected and remitted the amount overpaid, paid more than once or erroneously or illegally collected or received when it is established in a manner prescribed by the City Treasurer that the person from whom the tax has been collected was not a transient; provided, however, that neither a refund nor a credit shall be allowed unless the amount of the tax so collected has either been refunded to the transient or credited to rent subsequently payable by the transient to the operator.

(c) A transient may obtain a refund of taxes overpaid or paid more than once or erroneously or illegally collected or received by the City by filing a claim in the manner provided in subparagraph (a) of this section, but only when the transient having paid the tax to the operator, establishes to the satisfaction of the City Treasurer that the transient has been unable to obtain a refund from the operator who collected the tax.

(d) An operator who has remitted an amount in excess of the amount required to be paid by this article may receive a credit to the extent of the excess. If the excess is discovered as a result of an audit by the City, no claim need be filed by the operator. Such credit, if approved by the Treasurer, shall be applied to any deficiency found or any further tax payments due under the rules prescribed by the Treasurer.

(e) No refund shall be paid under the provisions of this section unless the claimant establishes his right thereto by written records showing entitlement thereto.

"SEC. 35.0116 UTILIZATION OF REVENUES.

(a) Eighty percent (80%) of all revenues collected by the City under this article and remaining after payment of eighty percent (80%) of the costs incurred in the administration of this article shall be used solely for the purpose of promoting the City of San Diego.

(1) The total amount of the City's annual contribution to the San Diego Convention and Tourist Bureau, except as affected by subsection (2) below, shall be determined as follows:

(i) Revenue available under this subparagraph (a) shall be used to match dollar for dollar the amount raised by the San Diego Convention and Tourist Bureau from private sources during the preceding fiscal year, provided the amount so used shall not exceed forty percent (40%) of the revenue available under this subparagraph (a) in any single fiscal year.

(ii) Revenue available under this subparagraph (a) shall be used to match dollar for dollar the amount appropriated by the County of San Diego as its annual contribution to the San Diego Convention and Tourist Bureau, provided the amount so used shall not exceed twenty percent (20%) of the revenue available under this subparagraph (a) in any single fiscal year.

(2) The amount of the City's annual contribution to the San Diego Convention and Tourist Bureau shall be not less than \$100,000 regardless of the provisions of subparagraph (a)(1) above.

(3) Any remaining revenues available under this subparagraph (a) shall be used to support any program including but not limited to programs of the San Diego Convention and Tourist Bureau, designed to promote the City, as the Council may direct.

(b) Twenty percent (20%) of all revenue collected by the City under this article and remaining after payment of twenty percent (20%) of the costs in the administration of this article, shall be deposited to the Transient Occupancy Tax Unappropriated Reserve Fund (Fund No. 224), which is hereby created. Money shall be expended from this fund only by an ordinance appropriating part or all of the fund for such purpose or purposes as the Council may direct. Such purpose or purposes may include but need not be limited to promotion of the City."

Section 2. That Chapter III, Article 5 of the San Diego Municipal Code be and the same is hereby amended by adding Sections 35.0117, 35.0118 and 35.0119 to read as follows:

"SEC. 35.0117 TREASURER'S REGULATIONS.

The City Treasurer may prescribe reasonable regulations to implement the provisions of this article. Such regulations shall become effective upon approval by the City Council.

"SEC. 35.0118 DUTY OF SUCCESSOR OF OPERATOR.

If any operator who is liable for any tax or penalty under this article sells or otherwise disposes of his business, his successor shall withhold a sufficient portion of the purchase price to equal the amount of such tax or penalty until the selling operator produces a receipt from the Treasurer showing that the

tax or penalty has been paid or a certificate from the Treasurer stating that no tax or penalty is due. If the seller does not present a receipt or certificate within thirty (30) days after such successor commences to conduct business, the successor shall deposit the withheld amount with the Treasurer pending settlement of the account of the seller.

"SEC. 35.0119 LIABILITY OF SUCCESSOR FOR FAILURE TO WITHHOLD; NOTICE OF AMOUNT DUE; DURATION OF SUCCESSOR'S LIABILITY.

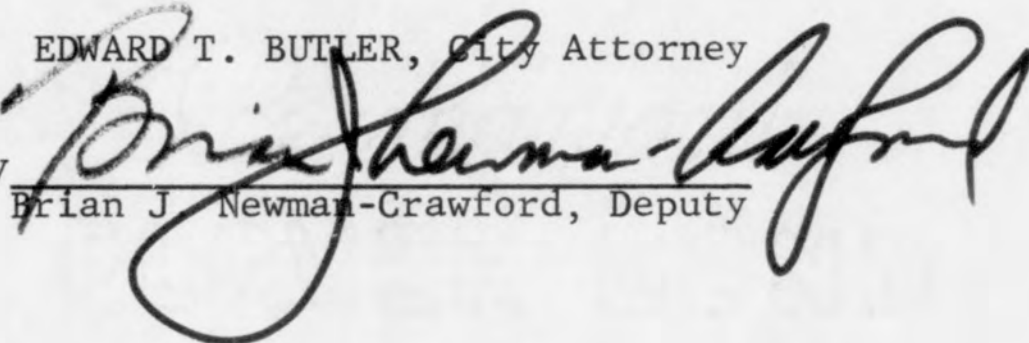

If the successor to the business fails to withhold a portion of the purchase price as required, he shall be liable for the payment of the amount required to be withheld. Within thirty (30) days after receiving a written request from the successor for a certificate, the Treasurer shall either issue the certificate or mail notice to the successor at his address as it appears on the records of the Treasurer of the estimated amount of the tax and penalty that must be paid as a condition of issuing the certificate. The time period within which the obligation of a successor may be enforced shall commence at the time the operator sells or otherwise disposes of his business or at the time that the determination against the operator becomes final, whichever event occurs later, and shall expire, in the absence of fraud, three (3) years thereafter."

Section 3. The rate of tax imposed by this ordinance shall be collected by operators effective April 1, 1968, at 12:01 a.m. local time.

Section 4. This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

Compliance with the provisions of this article by either the principal or the managing agent shall, however, be considered to be compliance by both.

"SEC. 35.0103 TAX IMPOSED.
For the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of five percent (5%) of the rent charged by the operator. Said tax constitutes a debt owed by the transient to the City which is extinguished only by payment to the operator or to the City. The transient shall pay the tax to the operator of the hotel at the time the rent is paid. If the rent is paid in installments, the proportionate share of the tax shall be paid with each installment. The unpaid tax shall be due upon the transient's ceasing to occupy space in the hotel. If for any reason the tax due is not paid to the operator of the hotel, the City Treasurer may require that such tax shall be paid directly to the City Treasurer.

"SEC. 35.0104 EXEMPTIONS.
No tax shall be imposed where the rent is at the rate of two dollars (\$2.00) a day or less.

"SEC. 35.0107 REPORTING AND REMITTING.

Each operator shall, on or before the last day of the month following the close of each calendar quarter, or at the close of any shorter reporting period which may be established by the City Treasurer, make a return to the City Treasurer on forms provided by him, of the total rents charged and received and the amount of taxes collected for transient occupancy. At the time the return is filed, the full amount of the tax collected shall be remitted to the City Treasurer. Returns filed or taxes remitted and actually received by the City Treasurer on or before the last day of the month following the close of each calendar quarter shall be deemed timely filed or remitted. Returns filed or taxes remitted by mail shall be deemed timely filed only if the envelope or similar container enclosing the returns or taxes is addressed to the City Treasurer, has sufficient postage and bears a United States postmark or a meter imprint prior to midnight on the last day for reporting or remitting without penalty. If such envelope or other container bears a postage meter imprint which is a United States postage meter, the latter shall govern in determining whether the filing or remittance is timely. The City Treasurer may establish shorter reporting periods for any certificate holder if he deems it necessary in order to insure collection of the tax and he may require further information in the return. Returns and payments are due immediately upon cessation of business for any reason. All taxes collected by operators pursuant to this article shall be held in trust for the account of the City until payment thereof is made to the City Treasurer. All returns and payments submitted by each operator shall be treated as confidential by the City Treasurer and shall not be released by him except upon order of a court of competent jurisdiction or to an officer or agent of the United States, the State of California, the County of San Diego, or the City of San Diego for official use only.

"SEC. 35.0108 PENALTIES.

(a) Original Delinquency. Any operator who fails to remit any tax imposed by this article within the time required shall pay a penalty of ten percent (10%) of the amount of the tax in addition to the amount of the tax.

(b) Continued Delinquency. Any operator who fails to remit any delinquent tax within thirty (30) days following the date on which the remittance first became delinquent shall pay a second delinquent penalty of ten percent (10%) of the amount of the tax in addition to the amount of the tax and the ten percent (10%) penalty first imposed, provided that the City Treasurer has notified, by certified or registered United States mail, the operator of the delinquency and the ten percent (10%) penalty first imposed, such notification to be given within the thirty (30) day period of the initial delinquency, and provided that the operator has not paid the tax and penalty due within fourteen (14) days after notification or within the thirty (30) day period, whichever is later.

(c) Fraud. If the City Treasurer determines that the nonpayment of any remittance due under this ordinance is due to fraud, a penalty of twenty-five percent (25%) of the amount of the tax shall be added thereto in addition to the penalties stated in subparagraphs (a) and (b) of this section.

(d) Audit Deficiency. If, upon audit by the City, an operator is found to be deficient in his return or his remittance or both, the Treasurer shall immediately notify the operator of the net deficiency and the original ten percent (10%) delinquency penalty. If the operator fails or refuses to pay the deficient amount and applicable penalties within fourteen (14) days after the date of the Treasurer's notice, the penalties prescribed in paragraph (b) above shall apply, using the fifteenth day after the date of the Treasurer's notice as the date when the continued delinquency penalty first applies.

"SEC. 35.0109 FAILURE TO COLLECT AND REPORT TAX.

DETERMINATION OF TAX BY CITY TREASURER. If any operator shall fail or refuse to collect the tax and to make, within the time required in this article, report and remittance of said tax or any portion thereof required by this article, or if such operator maintains records which are inadequate to show the amount of tax due, the City Treasurer shall proceed in such manner as he may deem best to obtain facts and information on which to base his estimate of the tax due. As soon as the City Treasurer shall procure such facts and information as he is able to obtain upon which to base the assessment of any tax imposed by this article and payable by any operator who has failed or refused to collect the same and to make such report and remittance, he shall proceed to determine and assess against such operator the tax and penalties provided for by this article. If the case such determination is made by the City Treasurer shall give no receipt of the amount assessed by days after such determination, depositing it in the United States post office, postage prepaid, addressed to the operator so assessed at his known place of address. Such operator may within fourteen (14) days after the serving or mailing of such notice make application in writing to the City Treasurer for a hearing on the amount assessed. If application by the operator for a hearing is not made within the time prescribed, the City Treasurer shall proceed to collect the tax and penalties if any, determined by the City Treasurer as above provided, and the amount determined shall be due and payable. The amount required to be withheld application is made to the City Treasurer shall give no less than three (3) days' written notice in the manner prescribed herein to the operator to show cause at a time and place fixed in said notice why the said amount specified therein should not be fixed for such tax and penalties. At such hearing, the operator may appear and offer evidence why such specified amount should be paid as a condition of the operator's operation. The tax and penalties should not be assessed after such hearing. The Citation of a successor may be prescribed herein of such determination and the amount of such tax, and penalties. The amount determined to be due shall be payable, three (3) years thereafter, after fourteen (14) days unless appeal is taken as provided in Section 35.0110.

"SEC. 35.0110 APPEAL.

Any operator aggrieved by any decision of the City Treasurer with respect to the amount of such tax and penalties, if any, involving a dispute, the amount of which exceeds three hundred dollars (\$300), may appeal to the Council by filing a notice of appeal with the City Clerk within fourteen (14) days of the serving or mailing of the determination of tax due. THE SAN DIEGO MUNICIPAL CODE

ORDINANCE NO. 9767 (New Series)

AN ORDINANCE AMENDING CHAPTER III, ARTICLE 5 OF THE SAN DIEGO MUNICIPAL CODE BY AMENDING SECTIONS 35.0102, 35.0103, 35.0104, 35.0107, 35.0108, 35.0109, 35.0110, 35.0112 AND 35.0115 AND BY ADDING SECTIONS 35.0117, 35.0118 AND 35.0119 RELATING TO THE TRANSIENT OCCUPANCY TAX.

IT IS ORDAINED, by the Board of the City of San Diego as follows:

Section 1. That Chapter III, Article 5 of the San Diego Municipal Code be and the same is hereby amended by amending Sections 35.0102, 35.0103, 35.0104, 35.0107, 35.0108, 35.0109, 35.0110, 35.0112 and 35.0115 and by adding Sections 35.0117, 35.0118 and 35.0119 to read as follows:

"SEC. 35.0102 DEFINITIONS.

(a) "Hotel" means any building or structure, whether or not occupied or designed for occupancy, in which sleeping quarters are provided for transient occupancy for sleeping purposes and which is occupied or designed for occupancy by transient occupants for sleeping purposes and which is not a permanent dwelling or a transient occupancy as defined in this section.

(b) "Person" means any individual, firm, partnership, joint association, social club, organization, joint stock corporation, estate, business trust, receiver, syndicate, or any other combination acting as a person.

(c) "Occupancy." "Occupancy" means the use or possession, or the right to the use or possession of any room or rooms or portion thereof, in any hotel for dwelling, lodging or sleeping purposes.

(d) "Transient." "Transient" means any person who exercises occupancy or is entitled to occupancy by reason of concession, permit, right of access, license or other agreement for a period of thirty (30) consecutive calendar days or less, counting portions of calendar days as full days. Any person who in fact exercises occupancy or is entitled to occupancy for a period of thirty (30) consecutive calendar days or less, counting portions of calendar days as full days, shall be deemed not to have been a transient with respect to the first thirty (30) days of occupancy or entitlement to occupancy.

(e) "Rent." "Rent" means the consideration charged for the occupancy of space in a hotel valued in money, whether to be received in money, goods, labor or otherwise, including all receipts, cash, credits and property and services of any kind or nature, without any deduction therefrom whatsoever.

(f) "Operator." "Operator" means the person who is proprietor of the hotel, whether in the capacity of owner, lessee, sublessee, mortgagee in possession, licensee, or any other capacity. Where the operator performs his functions through a managing agent of any type or character other than an

employee, the managing agent shall also be deemed an operator for the purposes of this article and shall have the same duties and liabilities as his principal. Compliance with the provisions of this article by either the principal or the managing agent shall, however, be considered to be compliance by both.

"SEC. 35.0103 TAX IMPOSED.
For the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of five percent (5%) of the rent charged by the operator. Said tax constitutes a debt owed by the transient to the City which is extinguished only by payment to the operator or to the City. The transient shall pay the tax to the operator of the hotel at the time the rent is paid. If the rent is paid in installments, the proportionate share of the tax shall be paid with each installment. The unpaid tax shall be due upon the transient's ceasing to occupy space in the hotel. If for any reason the tax due is not paid to the operator of the hotel, the City Treasurer may require that such tax shall be paid directly to the City Treasurer.

"SEC. 35.0104 EXEMPTIONS.
No tax shall be imposed where the rent is at the rate of two dollars (\$2.00) a day or less.

"SEC. 35.0107 REPORTING AND REMITTING.

Each operator shall, on or before the last day of the month following the close of each calendar quarter, or at the close of any shorter reporting period which may be established by the City Treasurer, make a return to the City Treasurer on forms provided by him, of the total rents charged and received and the amount of taxes collected for transient occupancy. At the time the return is filed, the full amount of the tax collected shall be remitted to the City Treasurer. Returns filed or taxes remitted and actually received by the City Treasurer on or before the last day of the month following the close of each calendar quarter shall be deemed timely filed or remitted. Returns filed or taxes remitted by mail shall be deemed timely filed only if the envelope or similar container enclosing the returns or taxes is addressed to the City Treasurer, has sufficient postage and bears a United States postmark or a meter imprint prior to midnight on the last day for reporting or remitting without penalty. If such envelope or other container bears a postage meter imprint which is a United States postage meter, the latter shall govern in determining whether the filing or remittance is timely. The City Treasurer may establish shorter reporting periods for any certificate holder if he deems it necessary in order to insure collection of the tax and he may require further information in the return. Returns and payments are due immediately upon cessation of business for any reason. All taxes collected by operators pursuant to this article shall be held in trust for the account of the City until payment thereof is made to the City Treasurer. All returns and payments submitted by each operator shall be treated as confidential by the City Treasurer and shall not be released by him except upon order of a court of competent jurisdiction or to an officer or agent of the United States, the State of California, the County of San Diego, or the City of San Diego for official use only.

"SEC. 35.0108 PENALTIES.

(a) Original Delinquency. Any operator who fails to remit any tax imposed by this article within the time required shall pay a penalty of ten percent (10%) of the amount of the tax in addition to the amount of the tax.

(b) Continued Delinquency. Any operator who fails to remit any delinquent tax within thirty (30) days following the date on which the remittance first became delinquent shall pay a second delinquent penalty of ten percent (10%) of the amount of the tax in addition to the amount of the tax and the ten percent (10%) penalty first imposed, provided that the City Treasurer has notified, by certified or registered United States mail, the operator of the delinquency and the ten percent (10%) penalty first imposed, such notification to be given within the thirty (30) day period of the initial delinquency, and provided that the operator has not paid the tax and penalty due within fourteen (14) days after notification or within the thirty (30) day period, whichever is later.

(c) Fraud. If the City Treasurer determines that the nonpayment of any remittance due under this ordinance is due to fraud, a penalty of twenty-five percent (25%) of the amount of the tax shall be added thereto in addition to the penalties stated in subparagraphs (a) and (b) of this section.

(d) Audit Deficiency. If, upon audit by the City, an operator is found to be deficient in his return or his remittance or both, the Treasurer shall immediately notify the operator of the net deficiency and the original ten percent (10%) delinquency penalty. If the operator fails or refuses to pay the deficient amount and applicable penalties within fourteen (14) days after the date of the Treasurer's notice, the penalties prescribed in paragraph (b) above shall apply, using the fifteenth day after the date of the Treasurer's notice as the date when the continued delinquency penalty first applies.

"SEC. 35.0109 FAILURE TO COLLECT AND REPORT TAX.

DETERMINATION OF TAX BY CITY TREASURER. If any operator shall fail or refuse to collect the tax and to make, within the time required in this article, report and remittance of said tax or any portion thereof required by this article, or if such operator maintains records which are inadequate to show the amount of tax due, the City Treasurer shall proceed in such manner as he may deem best to obtain facts and information on which to base his estimate of the tax due. As soon as the City Treasurer shall procure such facts and information as he is able to obtain upon which to base the assessment of any tax imposed by this article and payable by any operator who has failed or refused to collect the same and to make such report and remittance, he shall proceed to determine and assess against such operator the tax and penalties provided for by this article. If the case such determination is made by the City Treasurer shall give no receipt of the amount assessed by days after such determination, depositing it in the United States post office, postage prepaid, addressed to the operator so assessed at his known place of address. Such operator may within fourteen (14) days after the serving or mailing of such notice make application in writing to the City Treasurer for a hearing on the amount assessed. If application by the operator for a hearing is not made within the time prescribed, the City Treasurer shall proceed to collect the tax and penalties if any, determined by the City Treasurer as above provided, and the amount determined shall be due and payable, three (3) years thereafter, after fourteen (14) days unless appeal is taken as provided in Section 35.0110.

"SEC. 35.0110 APPEAL.

Any operator aggrieved by any decision of the City Treasurer with respect to the amount of such tax and penalties, if any, involving a dispute, the amount of which exceeds three hundred dollars (\$300), may appeal to the Council by filing a notice of appeal with the City Clerk within fourteen (14) days of the serving or mailing of the determination of tax due. The City Clerk shall fix a time and place for hearing such appeal and shall give notice in writing to such operator at his last known place of address. The findings of the Council shall be final and conclusive and shall be served upon the appellant in the manner prescribed above for service of notice of hearing. Any amount found to be due shall be immediately due and payable upon the service of notice. Taxes and penalties, if any, involving a dispute, the total amount of which is three hundred dollars (\$300) or less, shall be resolved by the City Attorney, or his designated representative, whose decision shall be final and conclusive and shall be served upon the appellant in writing. In such cases, where the amount in dispute is three hundred dollars (\$300) or less, no appeal to the Council shall be permitted.

"SEC. 35.0112 REFUNDS.

(a) Whenever the amount of any tax or penalty has been overpaid or paid more than once or has been erroneously or illegally collected or received by the City under this article, it may be refunded as hereinafter provided if a claim in writing therefor, stating under penalty of perjury the specific grounds upon which the claim is founded, is filed with the City Treasurer within three years of the date of payment. The claim shall be on forms furnished by the City Treasurer.

(b) An operator may claim a refund or take a credit against taxes collected and remitted, the amount overpaid, paid more than once or erroneously or illegally collected or received when it is established in a manner prescribed by the City Treasurer that the person from whom the tax has been collected was not a transient; provided, however, that neither a refund nor a credit shall be allowed unless the amount of the tax so collected has either been refunded to the transient or credited to rent subsequently payable by the transient to the operator.

(c) A transient may obtain a refund of taxes overpaid or paid more than once or

(N.S.), ADOPTED MARCH 23, 1965, RELATING
TO VIDEO CABLE SYSTEMS CORPORATION

BE IT ORDAINED, by the Council of The City of San Diego,
as follows:

Section 1. Purpose and Intent: Ordinance No. 9189
(N.S.) enacted March 23, 1965, granted Video Cable Systems
Corporation authority to engage in the business of operating
and providing a community antenna television system on a
nonexclusive basis in that area of the City of San Diego
described in "Appendix A" to Ordinance No. 9189 (N.S.). Video
Cable Systems Corporation has informed the Council that it
has never installed the community antenna television system
authorized because of an order of the Federal Communications
Commission issued July 25, 1966, prohibiting community
antenna television companies in the San Diego area from
expanding their service to any area not being served by them
on February 15, 1966, on which date Video Cable Systems
Corporation had not commenced operations. Video Cable
Systems Corporation has also notified the Council that its
Board of Directors has decided that it is impossible due to
this FCC order to engage in the activity contemplated under
Ordinance No. 9189 (N.S.) and the Board and shareholders
have elected to dissolve the corporation and relinquish the
franchise. It is the purpose and intent of the Council in
enacting this ordinance to repeal Ordinance No. 9189 (N.S.)
in order to allow Video Cable Systems Corporation to dissolve
and relinquish the franchise rights granted by the repealed
ordinance.

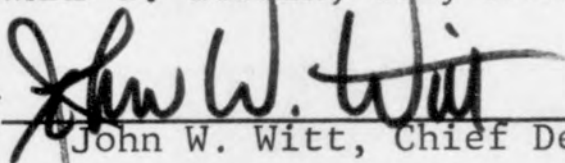

Section 2. Ordinance No. 9189 (N.S.) granting Video
Cable Systems Corporation authority to engage in the business
of operating and providing a community antenna television
system in the area described in "Appendix A" to that

ordinance is hereby repealed. All bonds required to be posted by said ordinance are no longer required.

ORDINANCE NO. 9768
(NEW SERIES)
AN ORDINANCE REPEALING ORDINANCE NO. 9189 (N.S.), ADOPTED MARCH 23, 1965, RELATING TO VIDEO CABLE SYSTEMS CORPORATION

BE IT ORDAINED by the Council of The City of San Diego, as follows:
Section 1. Purpose and Intent: Ordinance No. 9189 (N.S.) enacted March 23, 1965, granted Video Cable Systems Corporation authority to engage in the business of operating and providing a community antenna television system on a nonexclusive basis in that area of the City of San Diego described in "Appendix A" to Ordinance No. 9189 (N.S.). Video Cable Systems Corporation has informed the Council that it has never installed the community antenna television system authorized because of an order of the Federal Communications Commission issued July 25, 1966, prohibiting community antenna television companies in the San Diego area from expanding their service to any area not being served by them on February 15, 1966, on which date Video Cable Systems Corporation had not commenced operations. Video Cable Systems Corporation has also notified the Council that its Board of Directors has decided that it is impossible due to this FCC order to engage in the activity contemplated under Ordinance No. 9189 (N.S.) and the Board and shareholders have elected to dissolve the corporation and relinquish the franchise. It is the purpose and intent of the Council in enacting this ordinance to repeal Ordinance No. 9189 (N.S.) in order to allow Video Cable Systems Corporation to dissolve and relinquish the franchise rights granted by the repealed ordinance.

Section 2. Ordinance No. 9189 (N.S.) granting Video Cable Systems Corporation authority to engage in the business of operating and providing a community antenna television system in the area described in "Appendix A" to that ordinance is hereby repealed. All bonds required to be posted by said ordinance are no longer required.

Section 3. This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

Passed and adopted by the Council of The City of San Diego on March 5, 1968, by the following vote:

YEAS — Councilmen: Cobb, Loftin, Scheidle, Hom, Walsh, Hitch, Schaefer, Curran.

SECTION 1. Amount, Purpose and Description of Bonds.

That said principal amount of \$27,865,000 bonds so authorized at said election of November 8, 1966 having been divided into series may be sold from time to time as money is needed for the purposes and objects set forth in the

propositions stated in the recitals hereof. The proceeds of the sale of each series, this being Series 2, is to be allocated among the purposes and objects for which the Bonds were authorized so that not more Bond proceeds shall be used for each purpose and object than that set forth in each of such above stated propositions. The entire issue shall be designated "THE CITY OF SAN DIEGO, 1966 MUNICIPAL IMPROVEMENT BONDS" (hereinafter sometimes referred to as "1966 MUNICIPAL IMPROVEMENT BONDS") and the second series of such Bonds in the principal amount of \$5,000,000 shall be issued under this ordinance and shall be designated "Series 2." Unless otherwise indicated by the context, the terms "Bonds" or "the Bonds" or similar terms shall be construed to refer only to the Bonds of Series 2.

The Bonds shall be dated as of April 1, 1968, and shall be 1,000 in number, of the denomination of \$5,000 each, shall be numbered from 1 to 1,000, and shall be payable in consecutive numerical order annually on April 1 of each year from 1970 to 1993, in the amounts for each of the several years as follows:

1980	210,000	1992	375,000
1981	220,000	1993	395,000

SECTION 2. Interest, Place of Payment.

The Bonds shall bear interest at the rate or rates to be hereafter fixed by resolution awarding the bonds to the successful bidder but not to exceed six percent (6%) per annum, payable semiannually, on April 1 and October 1 of each year, except that interest for the first year shall be payable at the end of such year, to wit: On April 1, 1969. Each Bond shall bear interest until its principal sum has been paid; provided, however, that if at the maturity date of any Bond or, if a Bond is callable and redeemable prior to maturity and has been duly called for redemption and at the redemption date funds are available for the payment or redemption of such Bond in full accordance with the terms of this ordinance, then such Bond shall cease to bear interest. The Bonds and interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego or, at the option of the holder, at any fiscal agency of the City in the cities of San Diego, Los Angeles or San Francisco, California, or the cities of New York, New York, or Chicago, Illinois.

SECTION 3. Useful Life.

It is hereby found and determined that the term of years within which the Bonds are payable does not exceed the estimated period of usefulness of the property or improvements for which the Bonds are issued.

SECTION 4. Execution of Bonds.

The Mayor and the Treasurer of the City are hereby authorized and directed to sign all of the Bonds by their printed, lithographed or engraved facsimile signatures and

the City Clerk or his duly authorized deputy is hereby authorized and directed to countersign the Bonds manually and to cause the corporate seal of the City to be impressed, imprinted or reproduced on said Bonds. The Treasurer of the City is hereby authorized and directed to sign the interest coupons of the Bonds by his printed, lithographed or engraved facsimile signature.

SECTION 5. Form of Bond and Coupon and Registration.

The form of Bond and Coupon shall be substantially in the form adopted by this Council by Resolution No. 189607 dated February 21, 1967, provided that the form of Bond and Coupon shall conform with the provisions of this ordinance. The Bonds may be registered either as to principal only or as to both principal and interest; the form of registration of any Bond so registered may be changed; any Bond so registered may be transferred or any Bond so registered may be discharged from registration in the manner and with the effect set forth in the provisions for registration which are contained in the form of Bond previously adopted.

SECTION 6. Call and Redemption Prior to Maturity.

The Bonds maturing on or before April 1, 1978, are not subject to call or redemption prior to maturity. The Bonds maturing on or after April 1, 1979, or any of them, may be called prior to maturity and redeemed at the option of the City on April 1, 1978, or on any interest payment date after April 1, 1978, and prior to maturity at a redemption price for each redeemable Bond equal to the principal amount thereof plus a premium equal to one-fourth of one percent of the principal amount thereof for each year or fraction of a year from the redemption date to the maturity date of such Bond, but in no event shall the premium exceed three and three-fourths percent.

16451RP-1

If less than all of the outstanding Bonds subject to call and redemption prior to maturity are called for redemption at any one time, the Bonds shall be called and redeemed in inverse order of maturity and number. The interest payment date on which Bonds are to be presented for redemption prior to maturity is sometimes referred to in this ordinance as the "redemption date."

(a) Notice of Call and Redemption. Notice of the intended redemption prior to maturity shall be published once in a newspaper of general circulation in the City of San Diego and in a financial newspaper or journal of national circulation. Publication shall be at least thirty (30) days but not more than sixty (60) days prior to the redemption date. The notice of call and redemption shall:

- (1) State the redemption date;
- (2) State the redemption price;
- (3) State the numbers and dates of the maturity of the Bonds to be redeemed prior to maturity; provided, however, that whenever any call includes all of the Bonds of a maturity, the numbers of the Bonds need not be stated;

- (4) Require that the Bonds to be redeemed be surrendered with all interest coupons maturing subsequent to the redemption date, except that no coupons need be surrendered on Bonds registered as to both principal and interest. Surrender shall be made at the office of the Treasurer or at the office of any of the fiscal agencies of the City referred to in Section 2 of this ordinance;

- (5) Require that Bonds, which at the time of call are registered so as to be payable otherwise than to bearer, shall be accomplished by appropriate instruments of assignment executed in blank;

(6) Give notice that further interest on Bonds to be so redeemed will not accrue after the redemption date.

The Treasurer shall, on or before the date of publication of the notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the person, firm, corporation or syndicate that originally purchases the Bonds (hereinafter sometimes referred to as "original purchaser"); provided, however, that the failure of the Treasurer to mail such notice or any defect in such notice, shall not affect the validity of the proceedings for the call and redemption prior to maturity of the Bonds or the cessation of interest on the redemption date.

If any of the Bonds called for redemption prior to maturity shall be registered so as to be payable otherwise than to bearer, the Treasurer shall, on or before the date of publication of the notice of call and redemption, mail a similar notice, postage prepaid, to the respective registered holders at the addresses appearing on the Bond Registry Books. The actual receipt by the holder of any Bond of notice of call and redemption shall not be a condition precedent to redemption and failure to receive such notice shall not affect the validity of the proceedings for the redemption of the Bonds or the cessation of interest on the redemption date. A certificate by the Treasurer that notice of call and redemption has been given to the original purchasers and to holders of registered Bonds as provided in this section shall be conclusive as against all parties and no holder whose Bond or registered Bond is called for redemption may object to the call for redemption or to the cessation of interest by any claim or showing that he actually failed to receive the notice of call and redemption.

(b) Redemption Fund. Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as "1966 MUNICIPAL IMPROVEMENT BONDS, SERIES 2, REDEMPTION FUND" (sometimes hereinafter referred to as "Redemption Fund") and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums, if any, payable as in this ordinance provided, the Bonds designated in such notice of redemption. Said moneys must be set aside in said Fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium, if any) of the Bonds to be redeemed upon presentation and surrender of such Bonds and (except as to Bonds registered as to both principal and interest) all interest coupons maturing after the redemption date, and shall be used only for that purpose. Any interest coupons due on or prior to the redemption date shall be paid from the Interest and Principal Fund provided for herein upon presentation and surrender thereof. Any interest due on or prior to the redemption date upon Bonds registered as to both principal and interest shall be paid from said Interest and Principal Fund. Each Bond presented (if unregistered or registered as to principal only) must have attached thereto or presented therewith all interest coupons maturing after the redemption date. Moneys may be paid or transferred from the Redemption Fund, in furtherance of the purpose of its establishment, to any special trust accounts established to insure the payment, when due or payable upon such redemption, of the principal of the Bonds so called for redemption, including premiums,

if any, due upon such redemption, to such extent as may be necessary to make available at each of the designated places of payment in San Diego, Los Angeles, San Francisco, New York and Chicago, respectively, sufficient funds to meet the redemption price upon the presentation at such place, respectively, of any Bonds so called for redemption. If, after all of the Bonds have been redeemed and canceled or paid and canceled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the General Fund of said City; provided, however, that if said moneys are part of the proceeds of refunding Bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding Bonds.

(c) Effect of Notice of Call and Redemption. When notice of call and redemption prior to maturity has been given substantially as provided in this ordinance and when the amount necessary for the redemption of the Bonds called for redemption (principal and premium, if any) is set aside for that purpose in the Redemption Fund, as provided for herein, the Bonds so designated for redemption shall become due and payable on the redemption date, and upon presentation and surrender of said Bonds and (except as to Bonds registered as to both principal and interest) all interest coupons maturing after the redemption date, at the place specified in the notice of redemption and, if any of said Bonds be registered, upon the appropriate assignment thereof in blank, such Bonds shall be redeemed and paid at said redemption price out of the Redemption Fund, and no interest shall accrue on such Bonds so called for redemption or on any interest coupons thereof after the redemption date, and the

holders of said Bonds so called for redemption after such redemption date shall look for the payment of such Bonds and the premium, if any, thereon only to said Redemption Fund. All Bonds redeemed and all interest coupons thereof shall be canceled forthwith by the City Treasurer and shall not be reissued.

All interest coupons pertaining to any redeemed Bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof but without interest thereon. All unpaid interest payable at or prior to the redemption date upon bonds registered in such manner that the interest is payable only to the registered owners shall continue to be payable to the respective registered owners of such Bonds, or their order, but without interest thereon.

SECTION 7. Disposition of Bond Proceeds.

For the purpose of insuring the application of the proceeds from the sale of the Bonds to the purposes and objects for which such Bonds are to be issued, there have been created in the City Treasury the following two special funds:

<u>NAME OF FUND</u>	<u>Amount of Proceeds of Series 2 to be Deposited Therein</u>
1966 MUNICIPAL IMPROVEMENT BONDS (COMMUNITY PARKS AND RECREATIONAL FACILITIES) CONSTRUCTION FUND	\$4,300,000
1966 MUNICIPAL IMPROVEMENT BONDS (COMMUNITY BUILDINGS AND IMPROVEMENTS PURSUANT TO THE CITY PLAN) CONSTRUCTION FUND	\$ 700,000

The proceeds from the sale of the Bonds (except premium, if any, and accrued interest) shall forthwith be

turned over to and placed in the City Treasury in the amounts shown above to the credit of the two above created Construction Funds and shall be applied exclusively to the said respective purposes and objects described in the Bond propositions above referred to by title and fully set forth in the recitals hereof; provided, however, that when the aforesaid purposes and objects for which the Bonds are issued have been accomplished, any moneys remaining in any one or more of the above named Construction Funds shall be transferred to the Interest and Principal Fund created by this ordinance to be used for the payment of the principal of and interest on the Bonds, and further, when such purposes and objects have been accomplished and all principal and interest on the Bonds have been paid, any balance of money then remaining in the above named Construction Funds shall be transferred to the General Fund.

SECTION 8. Tax Levy, Payment of Bonds.

Any premium or accrued interest received from the sale of the Bonds shall forthwith be turned over to and placed in the City Treasury in the Interest and Principal Fund hereinafter created.

For the purpose of paying the principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS (which term has been used in Section 1 and is used in this Section 8 to include the amount of \$27,865,000 Bonds which were authorized November 8, 1966, of which these Bonds of Series 2 are a part), the Council of The City of San Diego shall, at the time of making the general tax levy after incurring such bonded indebtedness by the issuance of the Bonds of this Series 2 and the issuance of subsequent series of

1966 MUNICIPAL IMPROVEMENT BONDS, and annually thereafter until the 1966 MUNICIPAL IMPROVEMENT BONDS so issued are paid or until there is a sum in the Treasury of the City set apart for that purpose sufficient to meet all payments of principal and interest on the 1966 MUNICIPAL IMPROVEMENT BONDS so issued as they become due, levy and collect a tax sufficient to pay the interest on the 1966 MUNICIPAL IMPROVEMENT BONDS so issued and such part of the principal thereof which will become due before the proceeds of a tax levied at the next general tax levy will be available. This tax shall be in addition to all other taxes levied for municipal purposes and shall be levied and collected as other City taxes, and shall forthwith be turned over and paid into a special fund of the City to be known as "1966 MUNICIPAL IMPROVEMENT BONDS, INTEREST AND PRINCIPAL FUND" (herein sometimes referred to as "Interest and Principal Fund"). To the extent that any part of the sum hereby required to be raised by any annual tax levy is appropriated, pursuant to Charter provisions or otherwise, from any fund or funds of the City and placed in the Interest and Principal Fund or set aside in any other fund for the purpose of paying the principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS which otherwise would be paid from such tax levy, the amount to be raised by that annual tax levy may be reduced, and if all of the sums required to be raised by any annual tax levy have been appropriated and placed in the Interest and Principal Fund or set aside in any other fund for the purpose of paying the principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS which otherwise would be paid from such annual tax levy, that annual tax levy need not be made. Said Interest and Principal Fund shall be used

for no other purpose than the payment of said 1966 MUNICIPAL IMPROVEMENT BONDS and interest thereon until said bonds and interest are fully paid. Any sum appropriated and set aside in any other fund for the payment of principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS shall be used only for the payment of that principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS for which it was so appropriated and set aside.

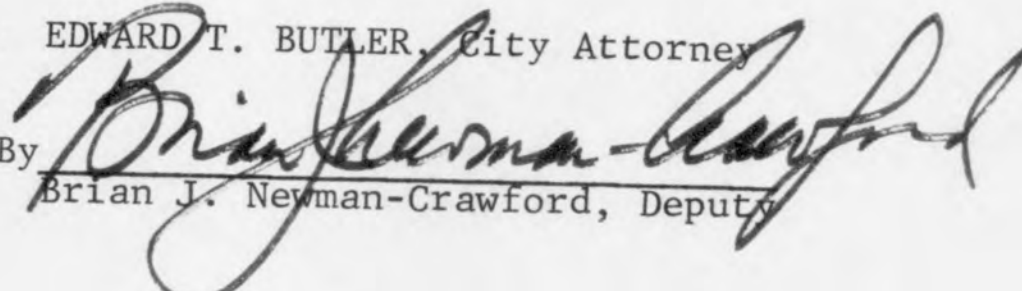

SECTION 9. Publication.

The City Clerk is hereby directed to cause this ordinance to be published once in the San Diego Union, the official newspaper of the City.

SECTION 10. Effective Date.

This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

SECTION 2. Interest, Place of Payment.

The Bonds shall bear interest at the rate or rates to be hereafter fixed by resolution awarding the bonds to the successful bidder but not to exceed six percent (6%) per annum, payable semiannually, on April 1 and October 1 of each year, except that interest for the first year shall be payable at the end of such year, to wit: On April 1, 1969. Each Bond shall bear interest until its principal sum has been paid; provided, however, that if at the maturity date of any Bond or, if a Bond is callable and redeemable prior to maturity and has been duly called for redemption and at the redemption date funds are available for the payment or redemption of such Bond in full accordance with the terms of this ordinance, then such Bond shall cease to bear interest. The Bonds and interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego or, at the option of the holder, at any fiscal agency of the City in the cities of San Diego, Los Angeles or San Francisco, California, or the cities of New York, New York, or Chicago, Illinois.

SECTION 3. Useful Life.

It is hereby found and determined that the term of years within which the Bonds are payable does not exceed the estimated period of usefulness of the property or improvements for which the Bonds are issued.

SECTION 4. Execution of Bonds.

The Mayor and the Treasurer of the City are hereby authorized and directed to sign all of the Bonds by their printed, lithographed or engraved facsimile signatures and the City Clerk or his duly authorized deputy is hereby authorized and directed to countersign the Bonds manually and to cause the corporate seal of the City to be impressed, imprinted or reproduced on said Bonds. The Treasurer of the City is hereby authorized and directed to sign the interest coupons of the Bonds by his printed, lithographed or engraved facsimile signature.

SECTION 5. Form of Bond and Coupon and Registration.

The form of Bond and Coupon shall be substantially in the form adopted by this Council by Resolution No. 189607 dated February 21, 1967, provided that the form of Bond and Coupon shall conform with the provisions of this ordinance. The Bonds may be registered either as to principal only or as to both principal and interest; the form of registration of any Bond so registered may be changed; any Bond so registered may be transferred or any Bond so registered may be discharged from registration in the manner and with the effect set forth in the provisions for registration which are contained in the form of Bond previously adopted.

SECTION 6. Call and Redemption Prior to Maturity.

The Bonds maturing on or before April 1, 1978, are not subject to call or redemption prior to maturity. The Bonds maturing on or after April 1, 1979, or any of them, may be called prior to maturity and redeemed at the option of the City on April 1, 1978, or on any interest payment date after April 1, 1978, and prior to maturity at a redemption price for each redeemable Bond equal to the principal amount thereof plus a premium equal to one-fourth of one percent of the principal amount thereof for each year or fraction of a year from the redemption date to the maturity date of such Bond, but in no event shall the premium exceed three and three-fourths percent.

If less than all of the outstanding Bonds subject to call and redemption prior to maturity are called for redemption at any one time, the Bonds shall be called and redeemed in inverse order of maturity and number. The interest payment date on which Bonds are to be presented for redemption prior to maturity is sometimes referred to in this ordinance as the "redemption date."

(a) Notice of Call and Redemption. Notice of the intended redemption prior to maturity shall be published once in a newspaper of general circulation in the City of San Diego and in a financial newspaper or journal of national circulation. Publication shall be at least thirty (30) days but not more than sixty (60) days prior to the redemption date. The notice of call and redemption shall:

- (1) State the redemption date;
- (2) State the redemption price;
- (3) State the numbers and dates of the maturity of the Bonds to be redeemed prior to maturity; provided, however, that whenever any call includes all of the Bonds of a maturity, the numbers of the Bonds need not be stated;
- (4) Require that the Bonds to be redeemed be surrendered with all interest coupons maturing subsequent to the redemption date, except that no coupons need be surrendered on Bonds registered as to both principal and interest. Surrender shall be made at the office of the Treasurer or at the office of any of the fiscal agencies of the City referred to in Section 2 of this ordinance;
- (5) Require that Bonds, which at the time of call are registered so as to be payable otherwise than to bearer, shall be accomplished by appropriate instruments of assignment executed in blank;
- (6) Give notice that further interest on Bonds to be so redeemed will not accrue after the redemption date.

The Treasurer shall, on or before the date of publication of the notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the person, firm, corporation or syndicate that originally purchases the Bonds (hereinafter sometimes referred to as "original purchaser"); provided, however, that the failure of the Treasurer to mail such notice or any defect in such notice, shall not affect the validity of the proceedings for the call and redemption prior to maturity of the Bonds or the cessation of interest on the redemption date.

If any of the Bonds called for redemption prior to maturity shall be registered so as to be payable otherwise than to bearer, the Treasurer shall, on or before the date of publication of the notice of call and redemption, mail a similar notice, postage prepaid, to the respective registered holders at the addresses appearing on the Bond Registry Books. The actual receipt by the holder of any Bond of notice of call and redemption shall not be a condition precedent to redemption and failure to receive such notice shall not affect the validity of the proceedings for the redemption of the Bonds or the cessation of interest on the redemption date. A certificate by the Treasurer that notice of call and redemption has been given to the original purchasers and to holders of registered Bonds as provided in this section shall be conclusive as against all parties and no holder whose Bond or registered Bond is called for redemption may object to the call for redemption or to the cessation of interest by any claim or showing that he actually failed to receive the notice of call and redemption.

(b) Redemption Fund. Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as "1966 MUNICIPAL IMPROVEMENT BONDS, SERIES 2, REDEMPTION FUND" (sometimes hereinafter referred to as "Redemption Fund") and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums, if any, payable as in this ordinance provided, the Bonds designated in such notice of redemption. Said moneys must be set aside in said Fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium, if any) of the Bonds to be redeemed upon presentation and surrender of such Bonds and (except as to Bonds registered as to both principal and interest) all interest coupons maturing after the redemption date, and shall be used only for that purpose. Any interest coupons due on or prior to the redemption date shall be paid from the Interest and Principal Fund provided for herein upon presentation and surrender thereof. Any interest due on or prior to the redemption date upon Bonds registered as to both principal and interest shall be paid from said Interest and Principal Fund. Each Bond presented (if unregistered or registered as to principal only) must have attached thereto or presented therewith all interest coupons maturing after the redemption date. Moneys may be paid or transferred from the Redemption Fund, in furtherance of the purpose of its establishment, to any special trust accounts established to insure the payment, when due or payable upon such redemption, of the principal of the Bonds so called for redemption, including premiums, if any, due upon such redemption, to such extent as may be necessary to make available at each of the designated places of payment in San Diego, Los Angeles, San Francisco, New York and Chicago, respectively, sufficient funds to meet the redemption price upon the presentation at such place, respectively, of any Bonds so called for redemption. If, after all of the Bonds have been redeemed and canceled or paid and canceled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the General Fund of said City; provided, however, that if said moneys are part of the proceeds of refunding Bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding Bonds.

(c) Effect of Notice of Call and Redemption. When notice of call and redemption prior to maturity has been given substantially as provided in this ordinance and when the amount necessary for the redemption of the Bonds called for redemption (principal and premium, if any) is set aside for that purpose in the Redemption Fund, as provided for herein, the Bonds so designated for redemption shall become due and payable on the redemption date, and upon presentation and surrender of said Bonds and (except as to Bonds registered as to both principal and interest) all interest coupons maturing after the redemption date, at the place specified in the notice of redemption and, if any of said Bonds be registered, upon the appropriate assignment thereof in blank, such Bonds shall be redeemed and paid at said redemption price out of the Redemption Fund, and no interest shall accrue on such Bonds so called for redemption or on any interest coupons thereof after the redemption date, and the holders of said Bonds so called for redemption after such redemption date shall look for the payment of such Bonds and the premium, if any, thereon only to said Redemption Fund. All Bonds redeemed and all interest coupons thereof shall be canceled forthwith by the City Treasurer and shall not be reissued.

All interest coupons pertaining to any redeemed Bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof but without interest thereon. All unpaid interest payable at or prior to the redemption date upon bonds registered in such manner that the interest is payable only to the registered owners shall continue to be payable to the respective registered owners of such Bonds, or their order, but without interest thereon.

SECTION 7. Disposition of Bond Proceeds.

For the purpose of insuring the application of the proceeds from the sale of the Bonds to the purposes and objects for which such Bonds are to be issued, there have been created in the City Treasury the following two special funds:

NAME OF FUND	Amount of Proceeds of Series 2 to be Deposited Therein
1966 MUNICIPAL IMPROVEMENT BONDS (COMMUNITY PARKS AND RECREATIONAL FACILITIES) CONSTRUCTION FUND	\$4,300,000
1966 MUNICIPAL IMPROVEMENT BONDS (COMMUNITY BUILDINGS AND IMPROVEMENTS PURSUANT TO THE CITY PLAN) CONSTRUCTION FUND	\$ 700,000

The proceeds from the sale of the Bonds (except premium, if any, and accrued interest) shall forthwith be turned over to and placed in the City Treasury in the amounts shown above to the credit of the two above created Construction Funds and shall be applied exclusively to the said respective purposes and objects described in the Bond propositions above referred to by title and fully set forth in the recitals hereof; provided, however, that when the aforesaid purposes and objects for which the Bonds are issued have been accomplished, any moneys remaining in any one or more of the above named Construction Funds shall be transferred to the Interest and Principal Fund created by this ordinance to be used for the payment of the principal of and interest on the Bonds, and further, when such purposes and objects have been accomplished and all principal and interest on the Bonds have been paid, any balance of money then remaining in the above named Construction Funds shall be transferred to the General Fund.

SECTION 8. Tax Levy, Payment of Bonds.

Any premium or accrued interest received from the sale of the Bonds shall forthwith be turned over to and placed in the City Treasury in the Interest and Principal Fund hereinafter created.

For the purpose of paying the principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS (which term has been used in Section 1 and is used in this Section 8 to include the amount of \$27,865,000 Bonds which were authorized November 8, 1966, of which these Bonds of Series 2 are a part), the Council of The City of San Diego shall, at the time of making the general tax levy after incurring such bonded indebtedness by the issuance of the Bonds of this Series 2 and the issuance of subsequent series of 1966 MUNICIPAL IMPROVEMENT BONDS, and annually thereafter until the 1966 MUNICIPAL IMPROVEMENT BONDS so issued are paid or until there is a sum in the Treasury of the City set apart for that purpose sufficient to meet all payments of principal and interest on the 1966 MUNICIPAL IMPROVEMENT BONDS so issued as they become due, levy and collect a tax sufficient to pay the interest on the 1966 MUNICIPAL IMPROVEMENT BONDS so issued and such part of the principal thereof which will become due before the proceeds of a tax levied at the next general tax levy will be available. This tax shall be in addition to all other taxes levied for municipal purposes and shall be levied and collected as other City taxes, and shall forthwith be turned over and paid into a special fund of the City to be known as "1966 MUNICIPAL IMPROVEMENT BONDS, INTEREST AND PRINCIPAL FUND" (herein sometimes referred to as "Interest and Principal Fund"). To the extent that any part of the sum hereby required to be raised by any annual tax levy is appropriated, pursuant to Charter provisions or otherwise, from any fund or funds of the City and placed in the Interest and Principal Fund or set aside in any other fund for the

purpose of paying the principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS which otherwise would be paid from such tax levy, the amount to be raised by that annual tax levy may be reduced, and if all of the sums required to be raised by any annual tax levy have been appropriated and placed in the Interest and Principal Fund or set aside in any other fund for the purpose of paying the principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS which otherwise would be paid from such annual tax levy, that annual tax levy need not be made. Said Interest and Principal Fund shall be used for no other purpose than the payment of said 1966 MUNICIPAL IMPROVEMENT BONDS and interest thereon until said bonds and interest are fully paid. Any sum appropriated and set aside in any other fund for the payment of principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS shall be used only for the payment of that principal and interest of the 1966 MUNICIPAL IMPROVEMENT BONDS for which it was so appropriated and set aside.

SECTION 9. Publication.

The City Clerk is hereby directed to cause this ordinance to be published once in the San Diego Union, the official newspaper of the City.

This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

Section 4. **Interest.** Said bonds shall bear interest at the rate or rates to be hereafter fixed by resolution, but not to exceed six per cent (6%) per annum, payable semiannually on the 1st days of November and May of each year. Each bond shall bear interest until the principal sum thereof has been paid; provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this

Ordinance, said bond shall then cease to bear interest. The bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said City, or, at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. Execution of Bonds. The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all of said bonds by their printed, lithographed or engraved facsimile signatures, and the City Clerk of the City is hereby authorized and directed to countersign said bonds and to affix thereto the printed, lithographed or engraved facsimile corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. Types of Bonds, Registration, Discharge and Exchange. To facilitate registration of the Bonds, two forms of Bonds have been provided: (1) those which shall be initially issued and which are in negotiable form, payable to bearer with negotiable coupons (herein sometimes referred to as "bearer bonds"), and (2) those which are issued to facilitate registration and so are issued as non-negotiable fully registered bonds payable to the registered owner (herein sometimes referred to as "fully registered bonds").

The bearer bonds are not registrable by endorsement, and, to facilitate their registration, they may be exchanged for fully registered bonds as provided herein.

A bearer bond or bearer bonds may be registered by exchanging the same for a fully registered bond or fully registered bonds, as the case may be. A bearer bond or bearer bonds and a fully registered bond or fully registered bonds may be exchanged for a fully registered bond or fully registered bonds. A fully registered bond may be exchanged in whole for bearer bonds or in part for such bearer bonds and the balance for fully registered bonds. Transfer of ownership of a fully registered bond or fully registered bonds shall be made by exchanging the same for a new fully registered bond or fully registered bonds. All of such exchanges shall be made in such manner and upon such reasonable terms and conditions as may from time to time be determined and prescribed by the Council; provided, however, no such exchange shall be made between the tenth day preceding any interest payment date and such interest payment date. Such exchanges shall be free of any costs or charges to the person, firm or corporation requesting such exchange, except for any tax or governmental charge that may be imposed in connection with such exchange. Each bearer bond issued pursuant to this Ordinance shall be of the denomination of \$5,000. Each fully registered bond issued pursuant to this Ordinance shall be of a denomination which is \$5,000 or a multiple thereof, and shall be of a single maturity.

To facilitate the first registration, fully registered bonds of a single maturity, of a denomination which is \$5,000 or a multiple thereof may be delivered to the person, firm, corporation or syndicate that originally purchases the bonds registered to such person, firm or corporation as may be designated by such original purchaser within such time limit as may be prescribed in the Notice Inviting Bids for the purchase of the bonds.

If, in any registration, exchange or transfer the Council is required to or determines to issue new bonds, it may authorize the new bonds and coupons thereof, if any, to be signed in such manner as it determines.

The Treasurer of the City shall keep at his office in San Diego, California, proper registry books for such registration, exchange and transfer. The Treasurer shall have custody of the bearer bonds which are reserved for outstanding fully registered bonds. Said Treasurer is hereby appointed Registrar, and, whenever reference is made hereinafter in this Ordinance to Registrar, such reference shall be deemed to mean the Treasurer.

Section 7. Call and Redemption of Bonds Prior to Maturity. The bonds, or any of them, may be called before maturity and redeemed, at the option of the City, on May 1, 1978, or on any interest

payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus a premium equal to one-fourth of one percent ($\frac{1}{4}$ of 1%) of the principal amount thereof for each year or fraction of a year from the redemption date to the maturity date of such bond, but in no event shall the premium exceed four and one-half percent ($4\frac{1}{2}\%$).

If less than all of the outstanding bonds are called for redemption prior to maturity at any one time, the bonds shall be in inverse order of maturity within a maturity by lot.

The date on which bonds are to be presented for redemption prior to maturity is herein sometimes called the "redemption date".

(a) **Notice of Call and Redemption.** Notice of the intended redemption prior to maturity shall be published in one insertion in a newspaper of general circulation in The City of San Diego, California, and in a financial newspaper or journal of national circulation published in the City of New York, New York, said publications to be at least 30 days but not more than 60 days prior to the redemption date. The notice of redemption shall (i) state the redemption date; (ii) state the redemption price; (iii) state the numbers and dates of maturity of the bonds to be redeemed in whole or in part, provided, however, that whenever any call includes all of the bonds of a maturity the numbers of the bonds need not be stated; (iv) require that the bonds involved in the call be surrendered at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City, and, if the same are bearer bonds, with all interest coupons maturing subsequent to the redemption date; and (v) give notice that further interest on such bonds, or parts thereof, so called for redemption shall cease to accrue after the designated redemption date.

The Treasurer of the City shall, on or before the date of publication of said notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the original purchasers of these bonds from the City; provided, however, that failure of the Treasurer to mail such notice or any defect therein shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption.

If any of the bonds involved in the call are fully registered bonds, or parts thereof, the Treasurer of the City shall, on or before the date of publication of said notice of redemption, mail a similar notice, postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registry books.

The actual receipt by the holder of any bond (hereinafter referred to as "bondholder") of notice of such call and redemption shall not be a condition precedent to redemption, and failure to receive such notice shall not affect the validity of the proceedings for the redemption of such bonds, or parts thereof, or the cessation of interest on the date fixed for redemption. The notice or notices required by this section shall be given by the Treasurer of the City. A certificate by the Treasurer that notice of call and redemption has been given as provided herein shall be conclusive as against all parties, and no bondholder whose bearer bond or fully registered bond is so called for redemption may object thereto or object to the cessation of interest on the redemption date fixed by any claim or showing that he failed to actually receive such notice of call and redemption.

(b) **Redemption Fund.** Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as 1966 SEWER REVENUE BONDS, SERIES A, REDEMPTION FUND (hereinafter sometimes referred to as "Redemption Fund"), and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums payable as in this Ordinance provided, the bonds, or parts thereof, as the case may be, so designated in such notice for redemption prior

to maturity. Said moneys must be set aside in said fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium) of the bonds, or parts thereof, to be redeemed prior to maturity. If after all of the bonds, or parts thereof, as the case may be, have been redeemed and cancelled, or paid and cancelled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the Sewer Revenue Fund; provided, however, that if said moneys are part of the proceeds of refunding bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding bonds.

(c) **Call of Bearer Bonds.** Any bearer bonds involved in the call shall be presented and surrendered on the redemption date with all interest coupons maturing after the redemption date at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City.

(d) **Call of Fully Registered Bonds.** In case of any fully registered bond issued hereunder, for the purposes of call and redemption prior to maturity, each such fully registered bond shall be treated as representing that number of bearer bonds which is obtained by dividing the principal amount of such fully registered bond by \$5,000. If it is determined that one or more, but not all, of the \$5,000 units of face value represented by any such fully registered bond is to be called for redemption prior to maturity, then, upon the notice as aforesaid, the owner of such fully registered bond shall forthwith surrender such bond to the Treasurer at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies of the City, (1) for payment of the redemption price of the \$5,000 unit or units of face value so called for redemption, and (2) in exchange for a new fully registered bond of the face value of the unredeemed balance of the principal amount of such fully registered bond, such new bond to bear the appropriate fully registered bond number. The issuance of such new bond or bonds shall be made within a reasonable time after the redemption date, as determined by the Council, shall be without charge to the holders thereof and shall be signed in such manner as the Council may determine.

If the owner of any such fully registered bond shall fail to present such bond for payment and exchange as aforesaid, such bond shall nevertheless become due and payable on the redemption date to the extent of the \$5,000 unit or units of face value so called for redemption, and, to that extent only, interest shall cease to accrue on the portion of such fully registered bond represented by such \$5,000 unit or units of face value after said redemption date.

(e) **Effect of Notice and of Availability of Redemption Money.** When notice of call and redemption prior to maturity has been given, substantially as hereinbefore provided, and when the amount necessary for the redemption of the bonds, or parts thereof, as the case may be, so called for redemption prior to maturity (principal and premium) is set aside for that purpose in the Redemption Fund as hereinbefore provided:

(1) the bonds, or parts thereof, as the case may be, so designated for redemption shall become due and payable on the redemption date at the redemption price thereof as provided in this Ordinance; and

(2) upon presentation and surrender thereof at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies, accompanied, in the case of bearer bonds, by all interest coupons maturing after the redemption date, such bonds shall be redeemed at the redemption price out of the Redemption Fund, and, if any accrued interest is payable, the same shall be paid from the Bond Service Fund; and

(3) after the redemption date, the bonds, or parts thereof, so designated for redemption and all unmatured coupons pertaining thereto shall be deemed to be no longer outstanding and such bonds shall cease to bear further interest; and

(4) after the redemption date, no holder of any of said bonds, or parts thereof, so designated for redemption shall be entitled to any of the benefits of this Ordinance, or to any

other rights, except with respect to payment of the redemption price and accrued interest, if any, from the amount or amounts so made available, and, in the case of partial call of a fully registered bond, to the issuance of a new bond; but

(5) all interest coupons pertaining to any such bearer bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof, but without interest thereon; and

(6) all unpaid interest payable at or prior to the redemption date upon said fully registered bonds, or parts thereof, so designated for redemption, shall continue to be payable to the respective registered owners of such bonds, but without interest thereon; and

(7) all bonds redeemed and all interest coupons thereof, if any, shall, as provided in Section 16, be cancelled forthwith by the Treasurer of the City and shall not be reissued.

Section 8. Disposition of Bond Proceeds. For the purpose of insuring the application of the proceeds from the sale of bonds to the aforesaid objects and purposes for which said bonds are to be issued, there is hereby established in the City Treasury a fund to be described or known as 1966 SEWER REVENUE BONDS, CONSTRUCTION FUND (herein sometimes called "Construction Fund"). The proceeds from the sale of said bonds (except premium and accrued interest, if any) shall be paid into the Construction Fund and shall be applied exclusively to the aforesaid objects and purposes; provided, however, (1) that the Sewer Revenue Fund may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made after November 8, 1966; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which said bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said bonds or for redemption of any callable bonds thereof. Money in the Construction Fund may be temporarily invested in any authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled Construction Fund expenditures.

Section 9. Sewer Revenue Fund. All revenues shall be paid into the Sewer Revenue Fund. The Council hereby directs that sums be set aside through transfers from said fund in such amounts and at such times as may be necessary to comply with this Ordinance. From the Sewer Revenue Fund there shall be paid monthly the sums necessary for the cost of maintenance and operation of the sewer system.

Section 10. Bond Service Fund. For the purpose of insuring the payment when due and payable of the principal of and interest on the bonds, there is hereby established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, BOND SERVICE FUND (herein sometimes referred to as the "Bond Service Fund"). Upon delivery of the bonds to the original purchasers any premium and accrued interest paid by said purchasers shall be paid into said Bond Service Fund. After said delivery of the bonds and thereafter, so long as any of said bonds are outstanding, on the first day of each calendar month, after the payments required by Section 9 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Bond Service Fund sums in equal divisible parts for each half year so that at least the full amount required to pay, as it becomes due, the interest on the bonds and any maturity or installment of principal of the bonds shall be set aside in the Bond Service Fund at least one month prior to the date the installment of interest or principal becomes due. Such transfer on the first day of the first calendar

month subsequent to the date of delivery must be at least sufficient, together with other transfers of the same amount made on the first day of each calendar month thereafter, to provide in said Bond Service Fund one month prior to the due date of the first installment of such interest the full amount of such interest, and to provide in said Bond Service Fund one month prior to the maturity of the first installment of such principal the full amount of such principal. All said sums shall be set aside, transferred to and placed in the Bond Service Fund in such time that the next maturing installment of principal of the bonds and interest on the bonds shall be set aside in the Bond Service Fund at least one month prior to the time the maturity or installment of interest or principal becomes due.

Any amounts required to be set aside, transferred to and placed in the Bond Service Fund may be prepaid, in whole or in part, by being earlier set aside, transferred to and placed in the Bond Service Fund, and in that event the monthly transfer, or any part thereof, which has been so prepaid need not be made at the time appointed therefor. In any event, at least one month prior to the due date of any interest or maturity of principal, all sums required for the payment thereof must be in such Bond Service Fund.

Such sums shall be so set aside out of the Sewer Revenue Fund and not out of any other fund or moneys of the City.

Money set aside and placed in said Bond Service Fund shall remain therein until from time to time expended for the payment of such interest and principal, and shall not be used for any other purpose whatever, except that any such money so set aside and placed in said Bond Service Fund not immediately needed to pay principal and interest may be temporarily invested in any authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled payments, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Bond Service Fund at the time required by the terms of this section.

The bonds and interest coupons shall recite that they are payable from the Sewer Revenue Fund and said bonds and coupons, pursuant to such recital, shall be paid from the Bond Service Fund, which is derived from said Sewer Revenue Fund and is a subdivision thereof.

Section 11. Reserve Fund. For the purpose of insuring the payment when due and payable of the amounts required to be paid under Section 10 hereof there is hereby established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, RESERVE FUND (herein sometimes referred to as "Reserve Fund"). On or prior to the delivery of the bonds to the purchasers thereof there shall be transferred from the Sewer Revenue Fund to the Reserve Fund an amount which shall be equal to the maximum amount of annual interest. Thereafter there shall be maintained in such Reserve Fund a sum at least equal to the maximum amount of annual interest.

Moneys in the Reserve Fund shall be used solely for the purpose of paying the principal of and interest on the bonds in the event that the moneys in the Bond Service Fund are insufficient therefor and for that purpose may be withdrawn and transferred to the Bond Service Fund; provided, however, that said moneys may be invested in authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity of any of the above mentioned obligations shall not be later than 12 years from the date of investment. No payment need be made into the Reserve Fund so long as there shall be in said fund a sum at least equal to said maximum amount of annual interest. Whenever moneys are withdrawn from the Reserve Fund for the purposes provided in this section, the

amount in the Reserve Fund shall be restored to the amount required in this section by transfers from Surplus (as hereinafter defined). Any amount in the Reserve Fund in excess of the maximum amount of annual interest may be transferred to the Sewer Revenue Fund. Moneys in the Reserve Fund may be applied toward the payment of the last outstanding maturity of the bonds.

Section 12. **Surplus.** After the monthly transfers required or permitted by Sections 9, 10 and 11 hereof have been made, any remaining balance of the revenues placed in the Sewer Revenue Fund during the preceding month (herein sometimes referred to as "Surplus") shall be used for the restoration, if necessary, of the Reserve Fund as provided in Section 11 hereof.

After the above use has been made and all other covenants of the City contained herein have been duly performed, such Surplus may be used for any or all of the following:

(1) invested in any securities in which the City may legally invest funds subject to its control,

(2) used for the redemption of any of said bonds which are subject to call and redemption prior to maturity or for the purchase from time to time in the open market any of the outstanding bonds whether or not subject to call and redemption prior to maturity (irrespective of the maturity or number of such bonds) at such prices and in such manner, either at public or private sale, or otherwise as the City in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104½% of the principal amount thereof, or if the bonds are subject to call and redemption prior to maturity shall not exceed the redemption price on the next interest payment date of the bonds so purchased,

(3) for any lawful purpose authorized by the City Charter,

and except as provided in this Ordinance, the Surplus shall not be used for any other purpose.

Section 13. **Covenants.** So long as any of the bonds or interest coupons thereof are outstanding and unpaid or so long as provision for the full payment and discharge thereof at maturity or upon redemption prior to maturity, through the setting apart in the Bond Service Fund or in a special trust fund to insure the payment or redemption thereof (as the case may be) of money sufficient for that purpose has not been made, the City makes the following covenants with the bondholders which are necessary and desirable to facilitate the issuance and sale of the bonds and for the protection or security of the bondholders; provided, however, that said covenants do not require the City to expend any funds other than revenues.

Covenant 1. **Punctual Payment.** The City covenants that it shall duly and punctually pay or cause to be paid the principal of and interest on every bond issued hereunder, together with the premium thereon, if any be payable, on the date, at the place and in the manner mentioned in the bonds and coupons and in accordance with this Ordinance, and that the payments into the Bond Service Fund and the Reserve Fund shall be made, all in strict conformity with the terms of said bonds and of this Ordinance, and that it shall faithfully observe and perform all of the conditions, covenants and requirements of this Ordinance and all resolutions supplemental thereto and of the bonds issued hereunder, and that time of such payment and performance is of the essence of the City's contract with the bondholders.

Covenant 2. **Discharge Claims.** The City covenants that in order to fully preserve and protect the priority and security of the bonds the City shall pay from the appropriate fund and discharge all lawful claims for labor, materials and supplies furnished for or in connection with the sewer system which, if unpaid, may become a lien or charge upon the revenues prior or superior to the lien of the bonds and impair the security of the bonds. The City shall also pay from the appropriate fund all taxes and

assessments or other governmental charges lawfully levied or assessed upon or in respect of the sewer system or upon any part thereof or upon any of the revenues therefrom.

Covenant 3. Commence Acquisition and Construction. The City covenants that as soon as funds are available therefor, the City shall commence the accomplishment of the purposes for which the bonds are issued and will continue the same to completion with all practical dispatch and in an economical manner.

Covenant 4. Operate Sewer System in Efficient and Economical Manner. The City covenants that it shall operate the sewer system in an efficient and economical manner and shall operate, maintain and preserve the sewer system in good repair and working order.

Covenant 5. Against Sale, Eminent Domain. The City covenants that the sewer system or any substantial part thereof shall not be sold, leased or otherwise disposed of or transferred, unless such sale, lease or other disposition or transfer be so arranged as to provide for the payment in full of the principal of and interest on all of the bonds and premiums, if any, due upon the call or redemption of any thereof prior to maturity. The revenues shall not be mortgaged, encumbered, sold, leased, pledged, any charge placed thereon, or disposed of or used except as authorized by the terms of this Ordinance. The City shall not enter any agreement which impairs the operation of the sewer system or any part thereof necessary to secure adequate revenues to pay the principal of and interest on the bonds or which otherwise would impair the rights of the bondholders with respect to the revenues or the operation of the sewer system.

If and to the extent that eminent domain can be exercised against property of the City, the City covenants that any amounts received as awards as the result of the taking of all or any part of the sewer system by such exercise shall either be used for the acquisition and/or construction of improvements and extensions of the sewer system or shall be placed in the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

Covenant 6. Insurance. The City covenants that it shall at all times maintain with responsible insurers all such insurance on the sewer system as is customarily maintained with respect to works and properties of like character against accident to, loss of or damage to such sewer system. If any useful part of the sewer system shall be damaged or destroyed, such part shall be restored to use. The money collected from insurance against accident to, loss of or damage to the sewer system shall be used for repairing or rebuilding said sewer system, and to the extent not so applied shall be transferred to the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

The City shall also maintain with responsible insurers workmen's compensation insurance and insurance against public liability and property damage to the extent reasonably necessary to protect the City and the bondholders; provided, however, that with respect to this insurance, the City may be regarded as a responsible insurer.

Covenant 7. Records and Accounts. The City covenants that it shall cause the books and accounts of the sewer system to be audited annually by an independent certified public accountant or firm of certified public accountants and shall make available for inspection by the bondholders at the office of the City Clerk and the office of the City Auditor and Comptroller a copy of the report of such accountant or accountants, and shall also furnish a copy thereof upon request to any bondholder.

Covenant 8. No Free Service. The City covenants that, except for contracts and agreements existing on the effective date of this Ordinance, no service from the sewer system shall be furnished or rendered to the United States of America, the State of California, the City, any municipal or other

public corporation or body or any private corporation or person free, and that, except to the extent that the City is required under contracts and agreements existing on the effective date of this Ordinance, no such service shall be rendered to the aforementioned at rates lower than those charged other persons for similar service. No building or other real property of the sewer system and no services of the sewer system shall be furnished free to other departments of the City. The City shall pay into the Sewer Revenue Fund the reasonable value of any such services rendered other departments of the City and the reasonable rental value of any property so used. Reasonable and proper charges for services rendered or quarters furnished to the sewer system by other City departments shall be paid to the City as a part of the cost of maintenance and operation of the sewer system. The City covenants that it shall at all times during the period any of the bonds are outstanding maintain and enforce valid regulations for the payment of bills for sewer services; and that such regulations shall at all times during such period provide that where the City furnishes water to the property receiving sewer service, the sewer service charges shall be collected with and not separately from the water rates of the City and all charges, i.e. sewer service charges and water rates of the City, shall be billed upon the same bill and collected as one item; and in the event of non-payment of any part of the bill for the sewer service charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council, which shall be not more than 45 days from the date such bill became delinquent. For sewer users not being rendered water service by the City, the City shall diligently proceed to use every lawful means to collect such sewer service charges.

Covenant 9. **Rates and Charges.** The City covenants that it shall fix and collect sewer service charges which, with reasonable allowance for contingencies, shall be at least sufficient, together with other revenues, if any, payable into the Sewer Revenue Fund to provide revenues sufficient to pay, as the same shall become due:

- (a) all necessary costs of maintenance and operation,
- (b) 1.20 times the principal of and interest on all outstanding revenue bonds issued hereunder, including premiums, if any, due upon the redemption of any thereof prior to maturity, and including all payments required to be made into the Bond Service Fund and the Reserve Fund, and
- (c) all other obligations payable from the Sewer Revenue Fund.

Covenant 10. **No Priority for Additional Bonds.** The City covenants that no bonds shall be issued pursuant to Section 90.2 or under any other provisions of the Charter or under any other law, having any priority in payment of principal or interest out of the Sewer Revenue Fund over any revenue bonds issued hereunder.

Covenant 11. **Limits on Additional Debt.** The City covenants that (except for bonds issued to refund revenue bonds payable out of the Sewer Revenue Fund) no additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the Sewer Revenue Fund and ranking on a parity with these bonds shall be created or incurred unless:

First: That the principal of and interest on the bonds issued hereunder have been paid as the same become due; and that payments into the Bond Service Fund and the Reserve Fund have been made, all in conformity with this Ordinance, and

Second: The net revenues of the sewer system as shown by the books of the City for the latest fiscal year or the last completed 12 month period ended prior to the incurring of such additional indebtedness with respect to which such books have been examined and reported upon by an independent certified public accountant or firm of certified public accountants employed by the City, plus, at the option of the City either or both of the items hereinafter in this Covenant 11

designated (a) and (b) shall have amounted to at least 1.30 times the maximum amount of annual debt service on all such indebtedness to be outstanding immediately subsequent to the incurring of such additional indebtedness.

The items either or both of which may be added to the net revenues of the sewer system for the purpose of applying the restriction contained in this Covenant 11 are the following:

(a) An allowance for any estimated increase in such net revenues from any revenue producing additions to or improvements or extensions of the sewer system which have been made but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, were not in service and from any such additions, improvements or extensions to be made with the proceeds of such additional indebtedness or with the proceeds of bonds previously issued, all in an amount equal to 75% of the estimated additional average annual net revenues of the sewer system to be derived from such additions, improvements and extensions for the first 36 month period in which each addition, improvement or extension is respectively to be in operation, all as shown by the certificate or opinion of a qualified independent engineer employed by the City.

(b) An allowance for estimated increases in such net revenues arising from any increase in sewer service charges which has become effective prior to the incurring of such additional indebtedness but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, was not in effect, in an amount equal to 75% of the amount by which the net revenues of the sewer system would have been increased if such increase in sewer service charges had been in effect during the whole of such fiscal year, or last completed 12 month period, as the case may be, as shown by the certificate or opinion of a qualified independent engineer employed by the City.

Section 14. **Investments.** Obligations purchased as an investment of moneys in any funds which are herein authorized to be invested shall be deemed at all times to be a part of such funds and any profit realized from the investment shall be credited to such funds and any loss resulting from such investment shall be charged to such funds and the interest (including interest on investments) accruing thereunder shall be credited to such funds. The City shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from such funds. For the purpose of determining at any given time the balance in any such fund any such investment constituting a part of such fund shall be valued at the then estimated or appraised market value of such investment.

Section 15. **Lost, Stolen, Destroyed or Mutilated Bonds.** In the event that any bond or any interest coupon pertaining thereto is lost, stolen, destroyed or mutilated, the City will cause to be issued a new bond or coupon similar to the original to replace the same in such manner and upon such reasonable terms and conditions, including the payment of costs and the posting of a surety bond if the City deems such surety bond necessary, as may from time to time be determined and prescribed by resolution. The City may authorize such new bond or coupon or coupons to be signed and authenticated in such manner as it determines in said resolution.

Section 16. **Cancellation of Bonds.** All bonds and coupons surrendered to any fiscal agent of the City for payment upon maturity or for redemption prior to maturity shall upon payment therefor be cancelled immediately and forthwith transmitted to the Treasurer of the City. All of the bonds and interest coupons surrendered to the Treasurer for payment or redemption shall upon payment therefor be cancelled immediately. Any bonds purchased by the City, together with all unpaid coupons pertaining thereto, shall be cancelled forthwith and shall not be reissued. All of the cancelled bonds and interest coupons shall remain in the custody of the Treasurer until destroyed pursuant to due authorization.

Section 17. **Consent of Bondholders.** The City may, from time to time, and at any time, without the consent of bondholders as hereinafter provided, in order to cure any ambiguity, defect or omission in this Ordinance or in any resolution or order in the proceedings for the issuance of the bonds, adopt such additional ordinances, resolutions or orders supplemental hereto as shall not be inconsistent with the terms and provisions hereof, and such supplemental ordinances, resolutions or orders shall thereafter become a part of the proceedings for the issuance of the bonds as referred to in Section 19. The consents of bondholders provided for in this section shall relate solely to the amendment, waiver or modification of the covenants specified in Section 13 hereof and shall not be effective to waive or modify any other provisions of this Ordinance or any other proceedings for the issuance of said bonds. Any act relating to the amendment, waiver or modification of any of the said covenants consented to by bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of bonds, if any, owned by the City, shall be binding upon the holders and registered owners of all of the bonds and interest coupons, issued hereunder, and shall not be deemed an infringement of any of the provisions of this Ordinance or of said Charter or Section 90.2 thereof, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Ordinance, and after such consent relating to such specified matters has been given, no holder or registered owner of any bond or of any interest coupon, shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the City or any officer thereof from taking any action pursuant thereto. As used herein "bondholder" includes both the holder of any bearer bond and the registered owner of any fully registered bond.

Bondholders may consent by affirmative vote at a bondholders' meeting or may consent in writing without a meeting, all as hereinafter provided.

No such amendment, waiver or modification shall be made which will permit (a) a change in the maturity or term of redemption of the principal of any bond or any installment of interest thereon; (b) a reduction in the principal amount of or redemption price or redemption premium or rate of interest upon any bond without the consent of the holder of such bond; or (c) a reduction of the percentage of the principal amount of bonds the vote or consent of which is required to effect any such amendment.

For all purposes connected with this Section 17 each \$5,000 of face value of any fully registered bond shall be treated as though it were a separate bond of the denomination of \$5,000.

(a) **Calling Bondholders' Meeting.** If the City shall desire to obtain any such consent the Council thereof may call a meeting of bondholders, by resolution, for the purpose of considering the action, the consent to which is desired.

(b) **Notice of Meeting.** Notice specifying the purpose, place, date and hour of such meeting shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days and not more than ninety (90) days prior to the date fixed for the meeting. Such notice shall set forth the nature of the proposed action, consent to which is desired. The City Clerk shall, on or before the first publication of such notice, mail a similar notice, postage prepaid, to the respective registered owners of the fully registered bonds at their addresses appearing on the bond registry books. The place, date and hour of holding such meeting and the date or dates of publishing and mailing such notice shall be determined by the City, in its discretion.

The actual receipt by any bondholder of notice of any such meeting shall not be a condition precedent to the holding of such meeting, and failure to receive such notice shall not affect the validity of the proceedings thereat. A certificate by the City Clerk, approved by resolution of the Council of said City, that the meeting has been called and that notice thereof has been given as

herein provided shall be conclusive as against all parties and it shall not be open to any bondholder to show that he failed to receive notice of such meeting.

(c) **Voting Qualifications.** Any bondholder may, prior to any such meeting, deliver his bond or bonds to any agency designated by the City for the purpose, and shall thereupon be entitled to receive an appropriate receipt for the bond or bonds so deposited, calling for the redelivery of such bond or bonds at any time after the meeting. The Treasurer of the City shall prepare and deliver to the chairman of the meeting a list of the names and addresses of the registered owners of fully registered bonds, with a statement of the maturities and numbers of the bonds held and deposited by each of such bondholders, and no bondholder shall be entitled to vote at such meeting unless his name appears upon such list or unless he shall present his bond or bonds at the meeting or a certificate of deposit thereof, satisfactory to the City, executed by a bank or trust company. No bondholder shall be permitted to vote with respect to a larger aggregate principal amount of bonds than is set against his name on such list, unless he shall produce the bonds upon which he desires to vote, or a certificate of deposit thereof as above provided.

(d) **Issuer-owned Bonds.** The City covenants that it will present at the meeting a certificate, signed and verified by one member of the Council and by the Treasurer of the City stating the maturities and serial numbers of all bonds owned by, or held for account of, the City, directly or indirectly. No person shall be permitted at the meeting to vote or consent with respect to any bond appearing upon such certificate, or any bond which it shall be established at or prior to the meeting is owned by the City, directly or indirectly, and no such bond (in this Ordinance referred to as "issuer-owned bond") shall be counted in determining whether a quorum is present at the meeting.

(e) **Quorum and Procedure.** A representation of at least sixty per cent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall be necessary to constitute a quorum at any meeting of bondholders, but less than a quorum may adjourn the meeting from time to time, and the meeting may be held as so adjourned without further notice, whether such adjournment shall have been had by a quorum or by less than a quorum. The City shall, by an instrument in writing, appoint a temporary chairman of the meeting, and the meeting shall be organized by the election of a permanent chairman and a secretary. At any meeting each bondholder shall be entitled to one vote for every \$5,000 principal amount of bonds with respect to which he shall be entitled to vote as aforesaid, and such vote may be given in person or by proxy duly appointed by an instrument in writing presented at the meeting. The City, by its duly authorized representative, may attend any meeting of the bondholders, but shall not be required to do so.

(f) **Vote Required.** At any such meeting held as aforesaid there shall be submitted for the consideration and action of the bondholders a statement of proposed action, consent to which is desired, and if such action shall be consented to and approved by bondholders holding at least sixty per cent (60%) in aggregate amount of the bonds then outstanding (exclusive of issuer-owned bonds) the chairman and secretary of the meeting shall so certify in writing to the City, and such certificate shall constitute complete evidence of consent of bondholders under the provisions of this Ordinance. A certificate signed and verified by the chairman and the secretary of any such meeting shall be conclusive evidence and the only competent evidence of matters stated in such certificate relating to proceedings taken at such meeting.

(g) **Written Consent of Bondholders.** If the City shall desire to obtain any such consent in writing, without a meeting of bondholders, the Council thereof may, by resolution, propose the action, to which consent is desired. A copy of such resolution, together with a request to bondholders for their consent to the action proposed therein, shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York. The City Clerk shall, on or before the publication of such resolution and request, mail a copy thereof

to each registered owner of the fully registered bonds at the address appearing on the bond registry books.

The actual receipt by any bondholder of such resolution and request shall not affect the validity of the proceedings for the obtaining of such consent. A certificate by the City Clerk, approved by resolution of the Council of said City, that said resolution and request has been published and mailed as herein provided shall be conclusive as against all parties, and it shall not be open to any bondholder to show that he failed to receive such resolution and consent.

Each written consent shall be accompanied by proof of ownership of the bonds for which such consent is given. Proof of ownership shall be made in such manner as shall be prescribed by the resolution proposing the action. Any such written consent shall be binding upon the bondholder giving such consent and on any bondholder (whether or not such subsequent bondholder has notice thereof) unless such consent is revoked in writing by the bondholder giving such consent or by the subsequent bondholder. To be effective, any revocation of consent must be filed before the adoption of the resolution accepting consents as hereinafter provided.

After the bondholders holding at least sixty per cent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall have consented in writing, the Council shall adopt a resolution accepting such consents and such resolution shall constitute complete evidence of the consent of bondholders under this Ordinance.

(h) **Publication of Consent.** Notice specifying the amendment, waiver or modification that has received the consent of bondholders as required by this Section 17 shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days following the final action in the proceedings for the obtaining of such consent. Said notice is only for the information of bondholders and failure to publish such notice or any defect therein shall not affect the validity of the proceedings theretofore taken in the obtaining of such consent.

Section 18. **Forms of Bonds.** The bearer bonds and the interest coupons pertaining thereto are issued in negotiable form and shall be negotiable, and the same and the fully registered bonds which are provided to facilitate registration shall be substantially in the forms hereinafter set forth. Such forms are hereby approved and adopted as the forms of the Bonds, and of the coupons and redemption, registration, exchange and transfer provisions pertaining thereto.

(m) "Maximum amount of annual debt service" shall mean an amount equal to the maximum amount required to be paid in any fiscal year on account of interest and principal coming due on the then outstanding bonds.

Whenever it is necessary to calculate said maximum amount of annual debt service, said maximum amount shall be deemed to be the maximum sum obtained for any fiscal year thereafter by totaling the following for each fiscal year thereafter:

(a) The principal amount of all outstanding serial bonds* payable in such fiscal year;

(b) The amount of minimum sinking fund payments for term bonds* required to be made in such fiscal year together with the premium thereon, if any be payable; and

(c) The interest which would be due during such fiscal year on the aggregate amount of bonds which would be outstanding in such fiscal year if the bonds are retired as scheduled, but deducting and excluding from such aggregate amount the amount of bonds already retired.

(n) "Fiscal year" means the year period beginning on July 1st and ending on the next following June 30th.

*The SEWER REVENUE BONDS, 1961, were issued as part serial bonds and part term bonds. These bonds are issued entirely as serial bonds.

Section 2. **Amount, Issuance, Purpose and Nature of Bonds.** The Council hereby provides for and orders the issuance of \$5,000,000 revenue bonds under said Section 90.2 to provide money for the objects and purposes in the proposition, heretofore quoted in the recitals hereof. Such revenue bonds shall rank on a parity with the SEWER REVENUE BONDS, 1961, issued under Ordinance No. 8464 (New Series). Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest, and any premiums upon the redemption thereof prior to maturity, only from the Sewer Revenue Fund; provided, however, that the cost of maintenance and operation of the sewer system (and only such cost) shall be payable from the Sewer Revenue Fund prior to the payment of principal and interest of the revenue bonds or the setting aside in the Bond Service Fund, the Redemption Fund, the Reserve Fund (all as hereinafter provided for), or other fund, monthly or otherwise, of funds therefore; and provided further, however, that this shall not preclude the payment or redemption of such bonds as are subject to call and redemption prior to maturity from the proceeds of refunding bonds issued to refund said revenue bonds, or the use of accrued interest and premiums paid upon the sale and delivery of the revenue bonds for the payment of principal thereof or interest thereon, or the payment out of the proceeds of any bonds of the whole or a part of the interest accruing on said bonds during the period of acquisition and construction of the work to be paid for out of such proceeds and for the first six months thereafter. No revenue bond issued hereunder or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of said City except such revenues as are required under the provisions of said Section 90.2 to be paid into the Sewer Revenue Fund. Nothing in this Ordinance shall preclude the issuance, subject to the limitations in the covenants in Section 13 hereof, of additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of said revenues and ranking on a parity with these bonds.

No bond shall be deemed to be outstanding and unpaid within the meaning of this Ordinance if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund or other trust fund created to insure the payment or redemption thereof.

Section 4. Interest. Said bonds shall bear interest at the rate or rates to be hereafter fixed by resolution, but not to exceed six per cent (6%) per annum, payable semiannually on the 1st days of November and May of each year. Each bond shall bear interest until the principal sum thereof has been paid; provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this Ordinance, said bond shall then cease to bear interest. The bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said City, or at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. Execution of Bonds. The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all of said bonds by their printed, lithographed or engraved facsimile signatures, and the City Clerk of the City is hereby authorized and directed to countersign said bonds and to affix thereto the printed, lithographed or engraved facsimile corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. Types of Bonds, Registration, Discharge and Exchange. To facilitate registration of the Bonds, two forms of Bonds have been provided: (1) those which shall be initially issued and which are in negotiable form, payable to bearer with negotiable coupons (herein sometimes referred to as "bearer bonds"), and (2) those which are issued to facilitate registration and so are issued as nonnegotiable fully registered bonds payable to the registered owner (herein sometimes referred to as "fully registered bonds").

The bearer bonds are not registrable by endorsement, and, to facilitate their registration, they may be exchanged for fully registered bonds as provided herein.

A bearer bond or bearer bonds may be registered by exchanging the same for a fully registered bond or fully registered bonds, as the case may be. A bearer bond or bearer bonds and a fully registered bond or fully registered bonds may be exchanged for a fully registered bond or fully registered bonds. A fully registered bond may be exchanged in whole for bearer bonds or in part for such bearer bonds and the balance for fully registered bonds. Transfer of ownership of a fully registered bond or fully registered bonds shall be made by exchanging the same for a new fully registered bond or fully registered bonds. All of such exchanges shall be made in such manner and upon such reasonable terms and conditions as may from time to time be determined and prescribed by the Council; provided, however, no such exchange shall be made between the tenth day preceding any interest payment date and such interest payment date. Such exchanges shall be free of any costs or charges to the person, firm or corporation requesting such exchange, except for any tax or governmental charge that may be imposed in connection with such exchange. Each bearer bond issued pursuant to this Ordinance shall be of the denomination of \$5,000. Each fully registered

bond issued pursuant to this Ordinance shall be of a denomination which is \$5,000 or a multiple thereof, and shall be of a single maturity.

To facilitate the first registration, fully registered bonds of a single maturity, of a denomination which is \$5,000 or a multiple thereof may be delivered to the person, firm, corporation or syndicate that originally purchases the bonds registered to such person, firm or corporation as may be designated by such original purchaser within such time limit as may be prescribed in the Notice Inviting Bids for the purchase of the bonds.

If, in any registration, exchange or transfer the Council is required to or determines to issue new bonds, it may authorize the new bonds and coupons thereof, if any, to be signed in such manner as it determines.

The Treasurer of the City shall keep at his office in San Diego, California, proper registry books for such registration, exchange and transfer. The Treasurer shall have custody of the bearer bonds which are reserved for outstanding fully registered bonds. Said Treasurer is hereby appointed Registrar, and, whenever reference is made hereinafter in this Ordinance to Registrar, such reference shall be deemed to mean the Treasurer.

Section 7. Call and Redemption of Bonds Prior to Maturity. The bonds, or any of them, may be called before maturity and redeemed, at the option of the City, on May 1, 1978, or on any interest payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus a premium equal to one-fourth of one percent (1/4 of 1%) of the principal amount thereof for each year or fraction of a year from the redemption date to the maturity date of such bond, but in no event shall the premium exceed four and one-half percent (4 1/2%).

If less than all of the outstanding bonds are called for redemption prior to maturity at any one time, the bonds shall be in inverse order of maturity within a maturity by lot.

The date on which bonds are to be presented for redemption prior to maturity is herein sometimes called the "redemption date".

(a) Notice of Call and Redemption. Notice of the intended redemption prior to maturity shall be published in one insertion in a newspaper of general circulation in The City of San Diego, California, and in a financial newspaper or journal of national circulation published in the City of New York, New York, said publications to be at least 30 days but not more than 60 days prior to the redemption date. The notice of redemption shall (i) state the redemption date; (ii) state the redemption price; (iii) state the numbers and dates of maturity of the bonds to be redeemed in whole or in part, provided, however, that whenever any call includes all of the bonds of a maturity the numbers of the bonds need not be stated; (iv) require that the bonds involved in the call be surrendered at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City, and, if the same are bearer bonds, with all interest coupons maturing subsequent to the redemption date; and (v) give notice that further interest on such bonds, or parts thereof, so called for redemption shall cease to accrue after the designated redemption date.

The Treasurer of the City shall, on or before the date of publication of said notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the original purchasers of these bonds from the City; provided, however, that failure of the Treasurer to mail such notice, or any defect therein shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption.

If any of the bonds involved in the call are fully registered bonds, or parts thereof, the Treasurer of the City shall, on or before the date of publication of said notice of redemption, mail a similar notice, postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registry books.

The actual receipt by the holder of any bond (hereinafter referred to as "bondholder") of notice of such call and redemption shall not be a condition precedent to redemption, and failure to receive such notice shall not affect the validity of the proceedings for the redemption of such bonds, or parts thereof, or the cessation of interest on the date fixed for redemption. The notice or notices required by this section shall be given by the Treasurer of the City. A certificate by the Treasurer that notice of call and redemption has been given as provided herein shall be conclusive as against all parties, and no bondholder whose bearer bond or fully registered bond is so called for redemption may object thereto or object to the cessation of interest on the redemption date fixed by any claim or showing that he failed to actually receive such notice of call and redemption.

(b) Redemption Fund. Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as 1966 SEWER REVENUE BONDS, SERIES A, REDEMPTION FUND (hereinafter sometimes referred to as "Redemption Fund"), and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums payable as in this Ordinance provided, the bonds, or parts thereof, as the case may be, so designated in such notice for redemption prior to maturity. Said moneys must be set aside in said fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium) of the bonds, or parts thereof, to be redeemed prior to maturity. If after all of the bonds, or parts thereof, as the case may be, have been redeemed and cancelled, or paid and cancelled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the Sewer Revenue Fund; provided, however, that if said moneys are part of the proceeds of refunding bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding bonds.

(c) Call of Bearer Bonds. Any bearer bonds involved in the call shall be presented and surrendered on the redemption date with all interest coupons maturing after the redemption date at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City.

(d) Call of Fully Registered Bonds. In case of any fully registered bond issued hereunder, for the purposes of call and redemption prior to maturity, each such fully registered bond shall be treated as representing that number of bearer bonds which is obtained by dividing the principal amount of such fully registered bond by \$5,000. If it is determined that one or more, but not all, of the \$5,000 units of face value represented by any such fully registered bond is to be called for redemption prior to maturity, then, upon the notice as aforesaid, the owner of such fully registered bond shall forthwith surrender such bond to the Treasurer at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies of the City, (1) for payment of the redemption price of the \$5,000 unit or units of face value so called for redemption, and (2) in exchange for a new fully registered bond of the face value of the unredeemed balance of the principal amount of such fully registered bond, such new bond to bear the appropriate fully registered bond number. The issuance of such new bond or bonds shall be made within a reasonable time after the redemption date, as determined by the Council, shall be without charge to the holders thereof and shall be signed in such manner as the Council may determine.

If the owner of any such fully registered bond shall fail to present such bond for payment and exchange as aforesaid, such bond shall nevertheless become due and payable on the redemption date to the extent of the \$5,000 unit or units of face value so called for redemption, and, to that extent only, interest shall cease to accrue on the portion of such fully registered bond represented by such \$5,000 unit or units of face value after said redemption date.

(e) Effect of Notice and Availability of Redemption Money. When notice of call and redemption prior to maturity has been given, substantially as hereinbefore provided, and when the amount necessary for the redemption of the bonds, or parts thereof, as the case may be, so called for redemption prior to maturity (principal and premium) is set aside for that purpose in the Redemption Fund as hereinbefore provided:

(1) the bonds, or parts thereof, as the case may be, so designated for redemption shall become due and payable on the redemption date at the redemption price thereof as provided in this Ordinance; and

(2) upon presentation and surrender thereof at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies, accompanied, in the case of bearer bonds, by all interest coupons maturing after the redemption date, such bonds shall be redeemed at the redemption price out of the Redemption Fund, and, if any accrued interest is payable, the same shall be paid from the Bond Service Fund; and

(3) after the redemption date, the bonds, or parts thereof, so designated for redemption and all unmaturing coupons pertaining thereto shall be deemed to be no longer outstanding and such bonds shall cease to bear further interest; and

(4) after the redemption date, no holder of any of said bonds, or parts thereof, so designated for redemption shall be entitled to any of the benefits of this Ordinance, or to any other rights, except with respect to payment of the redemption price and accrued interest, if any, from the amount or amounts so made available, and, in the case of partial call of a fully registered bond, to the issuance of a new bond; but

(5) all interest coupons pertaining to any such bearer bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof, but without interest thereon; and

(6) all unpaid interest payable at or prior to the redemption date upon said fully registered bonds, or parts thereof, so designated for redemption, shall continue to be payable to the respective registered owners of such bonds, but without interest thereon; and

(7) all bonds redeemed and all interest coupons thereof, if any, shall, as provided in Section 16, be cancelled forthwith by the Treasurer of the City and shall not be reissued.

Section 8. Disposition of Bond Proceeds. For the purpose of insuring the application of the proceeds from the sale of bonds to the aforesaid objects and purposes for which said bonds are to be issued, there is hereby established in the City Treasury a fund to be described or known as 1966 SEWER REVENUE BONDS, CONSTRUCTION FUND (herein sometimes called "Construction Fund"). The proceeds from the sale of said bonds (except premium and accrued interest, if any) shall be paid into the Construction Fund and shall be applied exclusively to the aforesaid objects and purposes; provided, however, (1) that the Sewer Revenue Fund may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made after November 8, 1966; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which said bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said bonds or for redemption of any callable bonds thereof. Money in the Construction Fund may be temporarily invested in any authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled Construction Fund expenditures.

Section 9. Sewer Revenue Fund. All revenues shall be paid into the Sewer Revenue Fund. The Council hereby directs that sums be set aside through transfers from said fund in such amounts and at such times as may be necessary to comply with this Ordinance. From the Sewer Revenue Fund there shall be paid monthly the sums necessary for the cost of maintenance and operation of the sewer system.

Section 10. Bond Service Fund. For the purpose of insuring the payment when due and payable of the principal of and interest on the bonds, there is hereby established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, BOND SERVICE FUND (herein sometimes referred to as the "Bond Service Fund"). Upon delivery of the bonds to the original purchasers any premium and accrued interest paid by said purchasers shall be paid into said Bond Service Fund. After said delivery of the bonds and thereafter, so long as any of said bonds are outstanding, on the first day of each calendar month, after the payments required by Section 9 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Bond Service Fund sums in equal divisible parts for each half year so that at least the full amount required to pay, as it becomes due, the interest on the bonds and any maturity or installment of principal of the bonds shall be set aside in the Bond Service Fund at least one month prior to the date the installment of interest or principal becomes due. Such transfer on the first day of the first calendar month subsequent to the date of delivery must be at least sufficient, together with other transfers of the same amount made on the first day of each calendar month thereafter, to provide in said Bond Service Fund one month prior to the due date of the first installment of such interest the full amount of such interest, and to provide in said Bond Service Fund one month prior to the maturity of the first installment of such principal the full amount of such principal. All said sums shall be set aside, transferred to and placed in the Bond Service Fund in such time that the next maturing installment of principal of the bonds and interest on the bonds shall be set aside in the Bond Service Fund at least one month prior to the time the maturity or installment of interest or principal becomes due.

Any amounts required to be set aside, transferred to and placed in the Bond Service Fund may be prepaid, in whole or in part, by being earlier set aside, transferred to and placed in the Bond Service Fund, and in that event the monthly transfer, or any part thereof, which has been so prepaid need not be made at the time appointed therefor. In any event, at least one month prior to the due date of any interest or maturity of principal, all sums required for the payment thereof must be in such Bond Service Fund.

Such sums shall be so set aside out of the Sewer Revenue Fund and not out of any other fund or moneys of the City.

Money set aside and placed in said Bond Service Fund shall remain therein until from time to time expended for the payment of such interest and principal, and shall not be used for any other purpose whatever, except that any such money so set aside and placed in said Bond Service Fund not immediately needed to pay principal and interest may be temporarily invested in any authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled payments, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Bond Service Fund at the time required by the terms of this section.

The bonds and interest coupons shall recite that they are payable from the Sewer Revenue Fund and said bonds and coupons, pursuant to such recital, shall be paid from the Bond Service Fund, which is derived from said Sewer Revenue Fund and is a subdivision thereof.

Section 11. **Reserve Fund.** For the purpose of insuring the payment when due and payable of the amounts required to be paid under Section 10 hereof there is hereby established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, RESERVE

FUND (herein sometimes referred to as "Reserve Fund"). On or prior to the delivery of the bonds to the purchasers thereof there shall be transferred from the Sewer Revenue Fund to the Reserve Fund an amount which shall be equal to the maximum amount of annual interest. Thereafter there shall be maintained in such Reserve Fund a sum at least equal to the maximum amount of annual interest.

Moneys in the Reserve Fund shall be used solely for the purpose of paying the principal of and interest on the bonds in the event that the moneys in the Bond Service Fund are insufficient therefor and for that purpose may be withdrawn and transferred to the Bond Service Fund; provided, however, that said moneys may be invested in authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity of any of the above mentioned obligations shall not be later than 12 years from the date of investment. No payment need be made into the Reserve Fund so long as there shall be in said fund a sum at least equal to said maximum amount of annual interest. Whenever moneys are withdrawn from the Reserve Fund for the purposes provided in this section, the amount in the Reserve Fund shall be restored to the amount required in this section by transfers from Surplus (as hereinafter defined). Any amount in the Reserve Fund in excess of the maximum amount of annual interest may be transferred to the Sewer Revenue Fund. Moneys in the Reserve Fund may be applied toward the payment of the last outstanding maturity of the bonds.

Section 12. **Surplus.** After the monthly transfers required or permitted by Sections 9, 10 and 11 hereof have been made, any remaining balance of the revenues placed in the Sewer Revenue Fund during the preceding month (herein sometimes referred to as "Surplus") shall be used for the restoration, if necessary, of the Reserve Fund as provided in Section 11 hereof.

After the above use has been made and all other covenants of the City contained herein have been duly performed, such Surplus may be used for any or all of the following:

- (1) invested in any securities in which the City may legally invest funds subject to its control,
- (2) used for the redemption of any of said bonds which are subject to call and redemption prior to maturity or for the purchase from time to time in the open market any of the outstanding bonds whether or not subject to call and redemption prior to maturity (irrespective of the maturity or number of such bonds) at such prices and in such manner, either at public or private sale, or otherwise as the City in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104½% of the principal amount thereof, or if the bonds are subject to call and redemption prior to maturity shall not exceed the redemption price on the next interest payment date of the bonds so purchased,
- (3) for any lawful purpose authorized by the City Charter, and except as provided in this Ordinance, the Surplus shall not be used for any other purpose.

Section 13. **Covenants.** So long as any of the bonds or interest coupons thereof are outstanding and unpaid or so long as provision for the full payment and discharge thereof at maturity or upon redemption prior to maturity, through the setting apart in the Bond Service Fund or in a special trust fund to insure the payment or redemption thereof (as the case may be) of money sufficient for that purpose has not been made, the City makes the following covenants with the bondholders which are necessary and desirable to facilitate the issuance and sale of the bonds and for the protection or security of the bondholders; provided, however, that said covenants do not require the City to expend any funds other than revenues.

Covenant 1. **Punctual Payment.** The City covenants that it shall duly and punctually pay or cause to be paid the principal of and interest on every bond issued hereunder, together with the premium thereon, if any be payable, on the date, at the place and in the manner mentioned in the bonds and coupons and in accordance with this Ordinance, and that the payments into the Bond Service Fund and the Reserve Fund shall be made, all in strict conformity with the terms of said bonds and of this Ordinance, and that it shall faithfully observe and perform all of the conditions, covenants and requirements of this Ordinance and all resolutions supplemental thereto and of the bonds issued hereunder, and that time of such payment and performance is of the essence of the City's contract with the bondholders.

Covenant 2. **Discharge Claims.** The City covenants that in order to fully preserve and protect the priority and security of all lawful claims for labor, materials and supplies furnished for or in connection with the sewer system which, if unpaid, may become a lien or charge upon the revenues prior or superior to the lien of the bonds and impair the security of the bonds. The City shall also pay from the appropriate fund all taxes and assessments or other governmental charges lawfully levied or assessed upon or in respect of the sewer system or upon any part thereof or upon any of the revenues therefrom.

Covenant 3. **Commence Acquisition and Construction.** The City covenants that as soon as funds are available therefor, the City shall commence the accomplishment of the purposes for which the bonds are issued and will continue the same to completion with all practical dispatch and in an economical manner.

Covenant 4. **Operate Sewer System in Efficient and Economical Manner.** The City covenants that it shall operate the sewer system in an efficient and economical manner and shall operate, maintain and preserve the sewer system in good repair and working order.

Covenant 5. **Against Sale, Eminent Domain.** The City covenants that the sewer system or any substantial part thereof shall not be sold, leased or otherwise disposed of or transferred, unless such sale, lease or other disposition or transfer be so arranged as to provide for the payment in full of the principal of and interest on all of the bonds and premiums, if any, due upon the call or redemption of any thereof prior to maturity. The revenues shall not be mortgaged, encumbered, sold, leased, pledged, any charge placed thereon, or disposed of or used except as authorized by the terms of this Ordinance. The City shall not enter any agreement which impairs the operation of the sewer system or any part thereof necessary to secure adequate revenues to pay the principal of and interest on the bonds or which otherwise would impair the rights of the bondholders with respect to the revenues or the operation of the sewer system.

If and to the extent that eminent domain can be exercised against property of the City, the City covenants that any amounts received as awards as the result of the taking of all or any part of the sewer system by such exercise shall either be used for the acquisition and/or construction of improvements and extensions of the sewer system or shall be placed in the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

Covenant 6. **Insurance.** The City covenants that it shall at all times maintain with responsible insurers all such insurance on the sewer system as is customarily maintained with respect to works and properties of like character against accident to, loss of or damage to such sewer system. If any useful part of the sewer system shall be damaged or destroyed, such part shall be restored to use. The money collected from insurance against accident to, loss of or damage to the sewer system shall be used for repairing or rebuilding said sewer system, and to the extent not so applied shall be transferred to the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

The City shall also maintain with responsible insurers workmen's compensation insurance and insurance against public liability and property damage to the extent reasonably necessary to protect the City and the bondholders; provided, however, that with respect to this insurance, the City may be regarded as a responsible insurer.

Covenant 7. **Records and Accounts.** The City covenants that it shall cause the books and accounts of the sewer system to be audited annually by an independent certified public accountant or firm of certified public accountants and shall make available for inspection by the bondholders at the office of the City Clerk and the office of the City Auditor and Comptroller a copy of the report of such accountant or accountants, and shall also furnish a copy thereof upon request to any bondholder.

Covenant 8. **No Free Service.** The City covenants that, except for contracts and agreements existing on the effective date of this Ordinance, no service from the sewer system shall be furnished or rendered to the United States of America, the State of California, the City, any municipal or other public corporation or body or any private corporation or person free, and that, except to the extent that the City is required under contracts and agreements existing on the effective date of this Ordinance, no such service shall be rendered to the aforementioned at rates lower than those charged other persons for similar service. No building or other real property of the sewer system and no services of the sewer system shall be furnished free to other departments of the City. The City shall pay into the Sewer Revenue Fund the reasonable value of any such services rendered other departments of the City and the reasonable rental value of any property so used. Reasonable and proper charges for services rendered or quarters furnished to the sewer system by other City departments shall be paid to the City as a part of the cost of maintenance and operation of the sewer system. The City covenants that it shall at all times during the period any of the bonds are outstanding maintain and enforce valid regulations for the payment of bills for sewer services; and that such regulations shall at all times during such period provide that where the City furnishes water to the property receiving sewer service, the sewer service charges shall be collected with and not separately from the water rates of the City and all charges, i.e. sewer service charges and water rates of the City, shall be billed upon the same bill and collected as one item; and in the event of non-payment of any part of the bill for the sewer service charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council, which shall be not more than 45 days from the date such bill became delinquent. For sewer users not being rendered water service by the City, the City shall diligently proceed to use every lawful means to collect such sewer service charges.

Covenant 9. **Rates and Charges.** The City covenants that it shall fix and collect sewer service charges which, with reasonable allowance for contingencies, shall be at least sufficient, together with other revenues, if any, payable into the Sewer Revenue Fund to provide revenues sufficient to pay, as the same shall become due:

- (a) all necessary costs of maintenance and operation,
- (b) 1.20 times the principal of and interest on all outstanding revenue bonds issued hereunder, including premiums, if any, due upon the redemption of any thereof prior to maturity, and including all payments required to be made into the Bond Service Fund and the Reserve Fund, and
- (c) all other obligations payable from the Sewer Revenue Fund.

Covenant 10. **No Priority for Additional Bonds.** The City covenants that no bonds shall be issued pursuant to Section 90.2 or under any other provisions of the Charter or under any other law, having any priority in payment of principal or interest out of the Sewer Revenue Fund over any revenue bonds issued hereunder.

Covenant 11. **Limits on Additional Debt.** The City covenants that (except for bonds issued to refund revenue bonds payable out of the Sewer Revenue Fund) no additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the Sewer Revenue Fund and ranking on a parity with these bonds shall be created or incurred unless:

First: That the principal of and interest on the bonds issued hereunder have been paid as the same become due; and that payments into the Bond Service Fund and the Reserve Fund have been made, all in conformity with the Ordinance, and

Second: That the net revenues of the sewer system as shown by the books of the City for the latest fiscal year or the last completed 12 month period ended prior to the incurring of such additional indebtedness with respect to which such books have been examined and reported upon by an independent certified public accountant or firm of certified public accountants employed by the City, plus, at the option of the City either or both of the items hereinafter in this Covenant 11 designated (a) and (b) shall have amounted to at least 1.30 times the maximum amount of annual debt service on all such indebtedness to be outstanding immediately subsequent to the incurring of such additional indebtedness.

The items either or both of which may be added to the net revenues of the sewer system for the purpose of applying the restriction contained in this Covenant 11 are the following:

(a) An allowance for any estimated increase in such net revenues from any revenue producing additions to or improvements or extensions of the sewer system which have been made but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, were not in service and from any such additions, improvements or extensions to be made with the proceeds of such additional indebtedness or with the proceeds of bonds previously issued, all in an amount equal to 75% of the estimated additional average annual net revenues of the sewer system to be derived from such additions, improvements and extensions for the first 36 month period in which each addition, improvement or extension is respectively to be in operation, all as shown by the certificate or opinion of a qualified independent engineer employed by the City.

(b) An allowance for estimated increases in such net revenues arising from any increase in sewer service charges which has become effective prior to the incurring of such additional indebtedness but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, was not in effect, in an amount equal to 75% of the amount by which the net revenues of the sewer system would have been increased if such increase in sewer service charges had been in effect during the whole of such fiscal year; or last completed 12 month period, as the case may be, as shown by the certificate or opinion of a qualified independent engineer employed by the City.

Section 14. **Investments.** Obligations purchased as an investment of moneys in any funds which are herein authorized to be invested shall be deemed at all times to be a part of such funds and any profit realized from the investment shall be credited to such funds and any loss resulting from such investment shall be charged to such funds and the interest (including interest on investments) accruing thereunder shall be credited to such funds. The City shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from such funds. For the purpose of determining at any given time the balance in any such fund any such investment constituting a part of such fund shall be valued at the then estimated or appraised market value of such investment.

Section 15. **Lost, Stolen, Destroyed or Mutilated Bonds.** In the event that any bond or any interest coupon pertaining thereto is lost, stolen, destroyed or mutilated, the City will cause to be issued a new bond or coupon similar to the original to replace the same in such manner and upon such reasonable terms and conditions, including the payment of costs and the posting of a surety bond if the City deems such surety bond necessary, as may from time to time be determined and prescribed by resolution. The City may authorize such new bond or coupon or coupons to be signed and authenticated in such manner as it determines in said resolution.

Section 16. **Cancellation of Bonds.** All bonds and coupons surrendered to any fiscal agent of the City for payment upon maturity or for

redemption prior to maturity shall upon payment therefor be cancelled immediately and forthwith transmitted to the Treasurer of the City. All of the bonds and interest coupons surrendered to the Treasurer for payment or redemption shall upon payment therefor be cancelled immediately. Any bonds purchased by the City, together with all unpaid coupons pertaining thereto, shall be cancelled forthwith and shall not be reissued. All of the cancelled bonds and interest coupons shall remain in the custody of the Treasurer until destroyed pursuant to due authorization.

Section 17. Consent of Bondholders. The City may, from time to time, and at any time, without the consent of bondholders as hereinafter provided, in order to cure any ambiguity, defect or omission in this Ordinance or in any resolution or order in the proceedings for the issuance of the bonds, adopt such additional ordinances, resolutions or orders supplemental hereto as shall not be inconsistent with the terms and provisions hereof, and such supplemental ordinances, resolutions or orders shall thereafter become a part of the proceedings for the issuance of the bonds as referred to in Section 13. The consents of bondholders provided for in this section shall relate solely to the amendment, waiver or modification of the covenants specified in Section 13 hereof and shall not be effective to waive or modify any other provisions of this Ordinance or any other proceedings for the issuance of said bonds. Any act relating to the amendment, waiver or modification of any of the said covenants consented to by bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of bonds, if any, owned by the City, shall be binding upon the holders and registered owners of all of the bonds and interest coupons, issued hereunder, and shall not be deemed an infringement of any of the provisions of this Ordinance or of said Charter or Section 90.2 thereof, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Ordinance, and after such consent relating to such specified matters has been given, no holder or registered owner of any bond or of any interest coupon, shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the City or any officer thereof from taking any action pursuant thereto. As used herein "bondholder" includes both the holder of any bearer bond and the registered owner of any fully registered bond.

Bondholders may consent by affirmative vote at a bondholders' meeting or may consent in writing without a meeting, all as hereinafter provided.

No such amendment, waiver or modification shall be made which will permit (a) a change in the maturity or term of redemption of the principal of any bond or any installment of interest thereon; (b) a reduction in the principal amount of or redemption price or redemption premium or rate of interest upon any bond without the consent of the holder of such bond; or (c) a reduction of the percentage of the principal amount of bonds the vote or consent of which is required to effect any such amendment.

For all purposes connected with this Section 17 each \$5,000 of face value of any fully registered bond shall be treated as though it were a separate bond of the denomination of \$5,000.

(a) **Calling Bondholders' Meeting.** If the City shall desire to obtain any such consent the Council thereof may call a meeting of bondholders, by resolution, for the purpose of considering the action, the consent to which is desired.

(b) **Notice of Meeting.** Notice specifying the purpose, place, date and hour of such meeting shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days and not more than ninety (90) days prior to the date fixed for the meeting. Such notice shall set forth the nature of the proposed action, consent to which is desired. The City Clerk shall, on or before the first publication of such notice, mail a similar notice, postage prepaid, to the respective registered owners of the fully registered bonds at their addresses appearing on the bond registry books. The place, date and hour of holding such meeting and the date or dates of publishing and mailing such notice shall be determined by the City, in its discretion.

The actual receipt by any bondholder of notice of any such meeting shall not be a condition precedent to the holding of such meeting, and failure to receive such notice shall not affect the validity of the proceedings thereat. A certificate by the City Clerk, approved by resolution of the Council of said City, that the meeting has been called and that notice thereof has been given as herein provided shall be conclusive as against all parties and it shall not be open to any bondholder to show that he failed to receive notice of such meeting.

(c) **Voting Qualifications.** Any bondholder may, prior to any such meeting, deliver his bond or bonds to any agency designated by the City for the purpose, and shall thereupon be entitled to receive an appropriate receipt for the bond or bonds so deposited, calling for the redelivery of such bond or bonds at any time after the meeting. The Treasurer of the City shall prepare and deliver to the chairman of the meeting a list of the names and addresses of the registered owners of fully registered bonds, with a statement of the maturities and numbers of the bonds held and deposited by each of such bondholders, and no bondholder shall be entitled to vote at such meeting unless his name appears upon such list or unless he shall present his bond or bonds at the meeting or a certificate of deposit thereof, satisfactory to the City, executed by a bank or trust company. No bondholder shall be permitted to vote with respect to a larger aggregate principal amount of bonds than is set against his name on such list, unless he shall produce the bonds upon which he desires to vote, or a certificate of deposit thereof as above provided.

(d) **Issuer-owned Bonds.** The City covenants that it will present at the meeting a certificate signed and verified by one member of the Council and by the Treasurer of the City stating the maturities and serial numbers of all bonds owned by, or held for account of, the City, directly or indirectly. No person shall be permitted at the meeting to vote or consent with respect to any bond appearing upon such certificate, or any bond which it shall be established at or prior to the meeting is owned by the City, directly or indirectly, and no such bond (in this Ordinance referred to as "issuer-owned bond") shall be counted in determining whether a quorum is present at the meeting.

(e) **Quorum and Procedure.** A representation of at least sixty per cent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall be necessary to constitute a quorum at any meeting of bondholders, but less than a quorum may adjourn the meeting from time to time, and the meeting may be held as so adjourned without further notice, whether such adjournment shall have been had by a quorum or by less than a quorum. The City shall, by an instrument in writing, appoint a temporary chairman of the meeting, and the meeting shall be organized by the election of a permanent chairman and a secretary. At any meeting each bondholder shall be entitled to one vote for every \$5,000 principal amount of bonds with respect to which he shall be entitled to vote as aforesaid, and such vote may be given in person or by proxy duly appointed by an instrument in writing presented at the meeting. The City, by its duly authorized representative, may attend any meeting of the bondholders, but shall not be required to do so.

(f) **Vote Required.** At any such meeting held as aforesaid there shall be submitted for the consideration and action of the bondholders a statement of proposed action, consent to which is desired, and if such action shall be consented to and approved by bondholders holding at least sixty per cent (60%) in aggregate amount of the bonds then outstanding (exclusive of issuer-owned bonds) the chairman and secretary of the meeting shall so certify in writing to the City, and such certificate shall constitute complete evidence of consent of bondholders under the provisions of this Ordinance. A certificate signed and verified by the chairman and the secretary of any such meeting shall be conclusive evidence and the only competent evidence of matters stated in such certificate relating to proceedings taken at such meeting.

(g) **Written Consent of Bondholders.** If the City shall desire to obtain any such consent in writing, without a meeting of bondholders, the Council thereof may, by resolution, propose the action, to which consent is desired. A copy of such resolution, together with a request to bondholders for their consent to the action proposed therein, shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York. The City Clerk shall, on or before the publication of such resolution and request, mail a copy thereof to each registered owner of the fully registered bonds at the address appearing on the bond registry books.

The actual receipt by any bondholder of such resolution and request shall not affect the validity of the proceedings for the obtaining of such consent. A certificate by the City Clerk, approved by resolution of the Council of said City, that said resolution and request has been published and mailed as herein provided shall be conclusive as against all parties, and it shall not be open to any bondholder to show that he failed to receive such resolution and consent.

Each written consent shall be accompanied by proof of ownership of the bonds for which such consent is given. Proof of ownership shall be made in such manner as shall be prescribed by the resolution proposing the action. Any such written consent shall be binding upon the bondholder giving such consent and on any bondholder (whether or not such subsequent bondholder has notice thereof) unless such consent is revoked in writing by the bondholder giving such consent or by the subsequent bondholder. To be effective, any revocation of consent must be filed before the adoption of the resolution accepting consents as hereinafter provided.

After the bondholders holding at least sixty per cent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall have consented in writing, the Council shall adopt a resolution accepting such consents and such resolution shall constitute complete evidence of the consent of bondholders under this Ordinance.

(h) **Publication of Consent.** Notice specifying the amendment, waiver or modification that has received the consent of bondholders as required by this Section 17 shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days following the final action in the proceedings for the obtaining of such consent. Said notice is only for the information of bondholders and failure to publish such notice or any defect therein shall not affect the validity of the proceedings theretofore taken in the obtaining of such consent.

Section 18. Forms of Bonds. The bearer bonds and the interest coupons pertaining thereto are issued in negotiable form and shall be negotiable, and the same and the fully registered bonds which are provided to facilitate registration shall be substantially in the forms hereinafter set forth. Such forms are hereby approved and adopted as the forms of the Bonds, and of the coupons and redemption, registration, exchange and transfer provisions pertaining thereto.

"SEC. 101.0409 R-2 ZONE

A. PURPOSE AND INTENT

~~The R-2 zone is intended to provide for and encourage the development of medium density one- and two-family dwelling areas, as projected by the General Plan.~~

The R-2 Zone is intended primarily for the development of one and two-family dwellings and multiple residential structures containing four or less units at a maximum density of approximately 14 dwelling units per net acre. The provisions of the zone are designed to encourage compatible development of detached dwelling and apartment structures at a relatively low intensity of multiple residential development with regard to building bulk, height, lot coverage and density. This zone will normally be applied in areas served adequately by community facilities and where permitted density of the zone would appropriately satisfy the objectives of the low-medium density designation of adopted community plans.

B. PERMITTED USES

In the R-2 Zone, no building or improvement or portion thereof, shall be erected, constructed, converted, established, altered or enlarged, nor shall any lot or premises be used except for one or more of the following purposes:

1. Any use permitted in an R-1 zone, subject to the off-street parking regulations thereof. One and two-family dwellings.
2. One- and two-family dwellings (one three- or four-family dwelling may be permissible if additional units are authorized in accordance with Subsection 6(1) below): Apartment houses, group dwellings, and multiple family dwellings, excluding premises designed or used for the temporary residence of persons for less than one month.
3. Public schools (primary, elementary, junior high and senior high).

4. Church, temple, or building of a permanent nature used primarily for religious purposes. Public parks and playgrounds.
5. Accessory buildings and uses customarily incidental to any permitted uses including the following:
 - a. Not more than two lodgers per dwelling unit, when housed within said dwelling unit.
 - b. Boarding home for not more than six children, including children of the operator, provided there is not more than one additional dwelling unit with no other boarders or lodgers on the same lot or premises.
 - c. Signs
 - (1) For each dwelling unit, one nameplate with a maximum area of one square foot.
 - (2) One unlighted sign with a maximum area of eight square feet offering the premises for sale or rent. -- Such sign may be located anywhere within the required front yard, provided it does not exceed a height of four feet measured vertically from the base at ground level to the apex.
 - (3) Churches shall be permitted one sign structure, single or double faced, each face to have a maximum area of 20 square feet. -- No sign attached to the face of a building shall project above the supporting wall. -- No free-standing sign shall exceed a height of six feet measured vertically from the base at ground level to the apex of said sign. -- Any illumination employed shall be of an indirect nature.
 - (4) No sign shall be illuminated by or contain changing or animated lights or parts.

Churches, temples or buildings of a permanent nature used primarily for religious purposes.

6. The growing of all types of plants, grasses, and trees; provided, however that all fertilizer, empty containers and nursery supplies are stored back of the front 70 feet or within the rear 30 percent of the lot, entirely within an enclosed fence impervious to light and debris or entirely within a completely enclosed building. This paragraph does not permit the sale of any product, crop or merchandise on the premises.
7. Temporary real estate sales offices in new subdivisions, subject to the limitations as set forth in Section 101.0407.
8. Accessory uses and buildings customarily incidental to any permitted uses including the following:
 - a. Not more than two lodgers per dwelling unit when housed within said dwelling unit.
 - b. Boarding homes for not more than six children, including children of the operator, provided there is not more than one additional dwelling unit with no other boarders or lodgers on the same lot or premises.
 - c. Signs.
 - (1) For each dwelling unit, one unlighted nameplate with a maximum area of one square foot.

- (2) For apartment houses, group dwellings, multiple family dwellings, and churches, wall signs as defined in Section 95.0101 designating the permitted uses of the premises, provided that no such sign shall project above the parapet or eaves of the building to which affixed and one single or double-faced freestanding sign designating the permitted uses of the premises facing or adjacent to each street abutting the property. The combined total face area of all wall and freestanding signs on the premises (excluding signs designating the premises for sale, rent or lease and directional signs at parking lots) shall not exceed 20 square feet. The height of any freestanding sign shall not exceed eight feet measured vertically from the base at ground level to the apex of the sign.
- (3) For parking lots, one single or double-faced, unlighted, freestanding directional sign located at each driveway entering or leaving the premises. Said directional sign shall not exceed two square feet in total face area and four feet in height measured vertically from the base at ground level to the apex of the sign.
- (4) For all premises, one unlighted single or double-faced, freestanding sign with a maximum area of eight square feet offering the premises for sale, rent or lease. Such

sign may be located anywhere within any required yard, provided that it does not exceed a height of four feet measured vertically from the base at ground level to the apex of the sign.

(5) No signs permitted herein shall contain visibly moving parts or be illuminated by flashing lights.
