This zone is intended to be applied to areas which are designated for such purpose on the general plan or any adopted community plan.

B. PERMITTED USES

1. No land zoned SR shall be used for any purpose other than scientific research and development. No new structure or improvement shall be erected, constructed, established or otherwise created

3. Signs. No signs shall be permitted in the SR Zone except as follows:

- a. - d. The aggregate area of all signs permitted on the premises shall not exceed one square foot for each three lineal feet of the perimeter of the premises.

C. PROPERTY DEVELOPMENT REGULATIONS

No building or portion thereof shall be erected,

constructed, converted, established, altered, enlarged, or used in the SR Zone unless the lot and building shall comply with the following requirements and special regulations:

1. Minimum Lot Dimensions.

c. Rear - 25 feet. Where the required rear yard abuts a public street, such yard shall be landscaped and permanently maintained. Outdoor storage or loading may be permitted in a required rear yard area which does not abut a public street, provided that it is appropriately screened by a landscape or architectural feature so as not to be visible from any adjoining property or street or highway.

ORDINANCE NO. 9818
(New Series)

AN ORDINANCE ESTABLISHING A SCHEDULE OF
COMPENSATION FOR OFFICERS AND EMPLOYEES
OF THE CITY OF SAN DIEGO.

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council finds and determines that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies or comparable services; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for biweekly salaries, containing minimum, maximum and intermediate range steps for each Standard Rate. Said compensation schedule is attached hereto as Exhibit "A."

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION," as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego plus the monetary value, as determined by the department head with the approval of the Civil Service Commission of such housing,

lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the Standard Rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the Standard Rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Unclassified Service, which are identified by the letters (UC), and for all positions in the Classified Service of The City of San Diego, the Standard Rate numbers, providing uniform compensation for like service, attached hereto as Exhibit "B," are hereby adopted.

Section 4. Increases in compensation for employees in the Classified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of the Civil Service Commission therefor.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate numbers attached to the position. In the case

of the City Attorney, said determination and setting shall be made by the City Council pursuant to Section 40 of the City Charter.

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority; provided, however, no exceptional merit increases or increases of more than one step shall be granted to all those serving in the positions listed in Exhibit "B" under ADMINISTRATION, without first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight (8)-hour day and forty (40)-hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average forty (40)-hour week and eight (8)-hour day throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1 1/2) times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual

for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 a.m. or after 6:00 p.m. or (2) on a long-term schedule, working a shift regularly split by more than two (2) consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employee's compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and nonmanagerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work

and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1 1/2) times said rate if the employee is eligible for premium overtime pay.

Section 7. In fixing and approving the Standard Rates for the officers and employees of the City, this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a Standard Rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

Section 8. There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. The compensation schedule established by this ordinance shall become effective July 1, 1968. For accounting purposes, compensation is computed and paid on the basis of biweekly pay-periods, the last of which for the fiscal year ending June 30, 1968, commences on Friday, June 28 and terminates on July 11, 1968. While the compensation schedule established hereunder is effective July 1, 1968, compensation for the pay-period ending July 11, 1968 shall be computed and paid as if the compensation schedule established by Ordinance No. 9634 (New Series) were in effect for such pay-period. Any increase in compensation resulting from the enactment of this ordinance for the period July 1, through July 11, 1968, and not otherwise paid, shall be computed and paid during one or more subsequent pay-periods but in no event later than December 31, 1968.

Section 10. This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

THE SAN DIEGO UNION

STATE OF CALIFORNIA,
COUNTY OF SAN DIEGO, ss.
CITY OF SAN DIEGO,

ORDINANCE NO. 9818
(New Series)

AN ORDINANCE ESTABLISHING A SCHEDULE OF COMPENSATION FOR OFFICERS AND EMPLOYEES OF THE CITY OF SAN DIEGO.

WHEREAS, both the Civil Service Commission and the City Council have made detailed studies of salaries and wages paid by private business and industry in the San Diego area and comparable public agencies in San Diego and other California areas; and

WHEREAS, after such detailed investigation upon the findings and recommendations of the Civil Service Commission, the City Council finds and determines that the salaries and wages established herein are comparable to those paid in private business and industry, as well as other public agencies or comparable services; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. As a schedule of compensation for all officers and employees of The City of San Diego, including the Unclassified and Classified Services, there is hereby adopted and established a Table of Standard Rates of Pay for biweekly salaries, containing minimum, maximum and intermediate range steps for each Standard Rate. Said compensation schedule is attached hereto as Exhibit "A."

The "Equivalent Monthly Rates" set forth in Exhibit "A" are for comparative and information purposes.

Section 2. "COMPENSATION," as used in this ordinance, means the remuneration paid in cash out of City funds controlled by the Council of The City of San Diego plus the monetary value, as determined by the department head with the approval of the Civil Service Commission of such housing, lodging, fuel, public utility services, or other advantages similar in character, furnished to an officer or employee in payment of his services.

For purposes of deduction for contributions of officers and employees required by law, the City Auditor and Comptroller shall use the amount fixed in the Standard Rate hereinafter set forth without regard to the monetary value of the advantages herein enumerated furnished to the officer or employee in payment of his services. Warrants issued for compensation to such officers and employees by such City Auditor and Comptroller shall be for the amount set forth in the Standard Rate attached to the position minus the monetary value of the advantages furnished said employee as compensation, as determined above.

Section 3. For all positions in the Unclassified Service, which are identified by the letters (UC), and for all positions in the Classified Service of The City of San Diego, the Standard Rate numbers, providing uniform compensation for like service, attached hereto as Exhibit "B," are hereby adopted.

Section 4. Increases in compensation for employees in the Classified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority after first receiving the approval of

the Civil Service Commission therefor.

The compensation for officers and employees in the Unclassified Service shall be determined and set by the appointing authority at any one of the range steps of the Standard Rate numbers attached to the position. In the case of the City Attorney, said determination and setting shall be made by the City Council pursuant to Section 40 of the City Charter.

Increases in compensation for officers and employees in the Unclassified Service, within the range limits of the Standard Rate number attached to the position, may be granted by the appointing authority upon the basis of efficiency and seniority; provided, however, no exceptional merit increases or increases of more than one step shall be granted to all those serving in the positions listed in Exhibit "B" under ADMINISTRATION, without first receiving the approval of the City Council therefor.

Section 5. For the purpose of computing vacations, leaves of absence, overtime, and terminal severance pay, the Auditor and Comptroller is hereby authorized to utilize compilations based upon an eight (8)-hour day and forty (40)-hour week.

Section 6. The members of the Classified Service, other than firemen and part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average forty (40)-hour week and eight (8)-hour day throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1½) times an eligible employee's regular rate of pay, or time off in lieu, and shall provide for extra compensation of one Standard Rate whenever an eligible employee is required for a significant period to work at times substantially unusual for his class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8:00 a.m. or after 6:00 p.m. or (2) on a long-term schedule, working a shift regularly split by more than two (2) consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive one Standard Rate increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all records pertaining to said employee's compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class.

The employees in the Classified Service who shall be entitled to

receive overtime compensation, as herein provided, shall be designated by the Civil Service Commission after consultation with the City Manager and nonmanagerial department heads and in accordance with definitions and procedures developed by the Civil Service Commission in collaboration with the said appointing authorities, which said definitions and procedures shall be binding on all appointing authorities.

In addition to the foregoing provisions for extra compensations, an employee who has been released from work and has left the work premises shall, if he is called back to duty, be paid for the reasonable estimate of the time required for him to travel from and to his residence and the work area, and for the time he actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1½) times said rate if the employee is eligible for premium overtime pay.

Section 7. In fixing and approving the Standard Rates for the officers and employees of the City, this Council has recognized the necessity to increase certain salaries heretofore paid, and in so doing the Council has intended and does hereby intend, in fixing said rates, that where a Standard Rate of pay has been increased from that heretofore paid, said officer and employee whose rate of pay has thus been increased, shall be entitled to the percentage rate of increase intended, and that such new rate of pay shall be fixed so as to apply to that same step under the new Standard Rate that said employee occupied under the old Standard Rate.

Section 8. There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, taking terminal leave prior to termination of City service shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences. Upon transfer to said class each employee shall be paid at the rate and step established for the position occupied by him at the time of his transfer. Such employee shall be an employee of the department in which he was serving at the time of his transfer.

Section 9. The compensation schedule established by this ordinance shall become effective July 1, 1968. For accounting purposes, compensation is computed and paid on the basis of biweekly pay-periods, the last of which for the fiscal year ending June 30, 1968, commences on Friday, June 28 and terminates on July 11, 1968. While the compensation schedule established hereunder is effective July 1, 1968, compensation for the pay-period ending July 11, 1968 shall be computed and paid as if the compensation schedule established by Ordinance No. 9634 (New Series) were in effect for such pay-period. Any increase in compensation resulting from the enactment of this ordinance for the period July 1, through July 11, 1968, and not otherwise paid, shall be computed and paid during one or more subsequent pay-periods but in no event later than December 31, 1968.

Section 10. This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

ORDINANCE NO. 9824
(New Series)

AN ORDINANCE CONSENTING TO THE SALE OF ITS FRANCHISE TO OPERATE A COMMUNITY ANTENNA TELEVISION SYSTEM IN THE CITY OF SAN DIEGO BY SOUTHWESTERN CABLE COMPANY AND AMENDING ORDINANCE NO. 9085 (NEW SERIES) TO ACCOMPLISH SUCH A SALE AND TRANSFER.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. Purpose and Intent: Ordinance No. 9085 (N.S.), enacted September 29, 1964, granted Southwestern Cable Company authority to engage in the business of operating and providing a community antenna television system on a nonexclusive basis in that area of the City of San Diego described in "Appendix A" to Ordinance No. 9085 (N.S.). By a joint communication addressed to the City Manager and dated May 14, 1968, Richard A. Moore, president of Southwestern Cable Company, and Clayton H. Brace, vice president and general manager of Station KOGO-AM-FM-TV, a subsidiary of Time-Life Broadcast, Inc., have requested City consent to the transfer of the franchise rights of Southwestern Cable Company under Ordinance No. 9085 (N.S.) to S. W. Cable Inc., a wholly-owned subsidiary of Time-Life Broadcast, Inc. They also have informed the City Manager that Time-Life Broadcast, Inc., through its S. W. Cable Inc. subsidiary has agreed to purchase all outstanding shares of capital stock in Southwestern Cable Company. It is the purpose and intent of the Council in enacting this ordinance to grant consent of the City to transfer of the franchise granted by Ordinance No. 9085 (N.S.) to Southwestern Cable Company and all rights held by the grantee under the franchise from Southwestern Cable Company to S. W. Cable Inc., a wholly-owned subsidiary of Time-Life Broadcast, Inc. It is the further intent of the Council in enacting this ordinance to preserve all rights

to the City which rights are contained in Ordinance No. 9085 (N.S.).

Section 2. Section 2 of Ordinance No. 9085 (N.S.) granting Southwestern Cable Company authority to engage in the business of operating a community antenna television system in the area described in "Appendix A" to that ordinance is hereby amended to read as follows:

"Section 2. NATURE AND EXTENT OF GRANT.

The franchise hereby granted by the City authorizes S. W. Cable Inc., Grantee, to engage in the business of operating and providing a CATV System within the service area as hereinafter described in Section 3, subject to the following provisions herein contained:

(a) To erect, install, construct, replace, repair, reconstruct, maintain and retain:

(1) television antenna, supporting structures and appurtenances in such streets or other public places as may be authorized by the City Engineer, and

(2) poles, wires, cable, coaxial cable, conductors, ducts, conduit, vaults, manholes, amplifiers, appliances, attachments, and other property as may be necessary and appurtenant to the CATV System, in, along and across streets within the City within the service area designated in Section 3 hereof and, in addition, so to use, operate and provide similar properties rented or leased from other persons, firms, or corporations for such purpose; and

(b) To maintain and operate said franchise properties for the collection, transmission, amplification and distribution of electrical or radiant energy for

television and radio reception; and

(c) To provide, use and operate similar properties rented or leased from other persons, firms or corporations for such purpose; and

(d) To engage in the business of the distribution and sale of such energy to subscribers within the City within the service area designated in Section 3 hereof; and

(e) The Grantee shall not engage in the business of selling television or other receivers which make use of signals transmitted by its system, nor shall Grantee engage in the repair of such receivers or the sale of parts for same."

Section 3. The transfer from Southwestern Cable Company to S. W. Cable Inc. of the franchise granted in Ordinance No. 9085 (N.S.) shall be effective on the effective date of this ordinance, provided the new Grantee, S. W. Cable Inc., has filed with the City Clerk within twenty (20) days after the date of adoption of this ordinance a written instrument, addressed to the Council, accepting the transfer of the franchise and agreeing to comply with all the provisions thereof.

Section 4. The new Grantee, S. W. Cable Inc., shall, within twenty (20) days after the date of adoption of this ordinance, file with the City Clerk and, at all times thereafter, maintain in full force and effect an acceptable corporate surety bond, in duplicate, in the amount of FIVE THOUSAND DOLLARS (\$5,000.00), effective for the entire term of this franchise, and conditioned that in the event the Grantee shall fail to comply with any one or more of the provisions of this franchise then there shall be recoverable jointly and severally from the principal and surety of such bond any damages suffered by the City as a result thereof, including the full

amount of any compensation, indemnification, or cost of removal or abandonment of property as prescribed by Sections 15, 17 or 12 of Ordinance No. 9085 (N.S.) which may be in default, up to the full amount of the bond; said condition to be a continuing obligation for the duration of this franchise and thereafter until the Grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of this franchise by the Grantee or from its exercise of any privilege herein granted.

Neither the provisions of Section 16 of Ordinance No. 9085 (N.S.), any bond accepted by the City pursuant thereto, nor any damages recovered by the City thereunder shall be construed to excuse faithful performance by the Grantee or to limit the liability of the Grantee under this franchise or for damages, either to the full amount of the bond or otherwise.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:
Section 1. Purpose and Intent: Ordinance No. 9085 (N.S.), enacted September 29, 1964, granted Southwestern Cable Company authority to engage in the business of operating and providing a community antenna television system on a nonexclusive basis in that area of the City of San Diego described in "Appendix A" to Ordinance No. 9085 (N.S.). By a joint communication addressed to the City Manager and dated May 14, 1968, Richard A. Moore, president of Southwestern Cable Company, and Clayton H. Brace, vice president and general manager of Station KOGO-AM-FM-TV, a subsidiary of Time-Life Broadcast, Inc., have requested City consent to the transfer of the franchise rights of Southwestern Cable Company under Ordinance No. 9085 (N.S.) to S. W. Cable Inc., a wholly-owned subsidiary of Time-Life Broadcast, Inc. They also have informed the City Manager that Time-Life Broadcast, Inc., through its S. W. Cable Inc. subsidiary has agreed to purchase all outstanding shares of capital stock in Southwestern Cable Company. It is the purpose and intent of the Council in enacting this ordinance to grant consent of the City to transfer of the franchise granted by Ordinance No. 9085 (N.S.) to Southwestern Cable Company and all rights held by the grantee under the franchise from Southwestern Cable Company to S. W. Cable Inc., a wholly-owned subsidiary of Time-Life Broadcast, Inc. It is the further intent of the Council in enacting this ordinance to preserve all rights to the City which rights are contained in Ordinance No. 9085 (N.S.).
Section 2. Section 2 of Ordinance No. 9085 (N.S.) granting Southwestern Cable Company authority to engage in the business of operating a community antenna television system in the area described in "Appendix A" to that ordinance is hereby amended to read as follows:
"Section 2. NATURE AND EXTENT OF GRANT.
The franchise hereby granted by the City authorizes S. W. Cable Inc., Grantee, to engage in the business of operating and providing a CATV System within the service area as hereinafter described in Section 3, subject to the following provisions herein contained:
(a) To erect, install, construct, replace, repair, reconstruct, maintain and retain:
(1) television antenna, supporting structures and appurtenances in such streets or other public places as may be authorized by the City Engineer, and
(2) poles, wires, cable, coaxial cable, conductors, ducts, conduit, vaults, manholes, amplifiers, appliances, attachments, and other property as may be necessary and appurtenant to the CATV System, in, along and across streets within the City within the service area designated in Section 3 hereof and, in addition, so to use, operate and provide similar properties rented or leased from other persons, firms, or corporations for such purpose; and
(b) To maintain and operate said franchise properties for the collection, transmission, amplification and distribution of electrical or radiant energy for television and radio reception; and
(c) To provide, use and operate similar properties rented or leased from other persons, firms or corporations for such purpose; and
(d) To engage in the business of the distribution and sale of such

energy to subscribers within the City within the service area designated in Section 3 hereof; and
(e) The Grantee shall not engage in the business of selling television or other receivers which make use of signals transmitted by its system, nor shall Grantee engage in the repair of such receivers or the sale of parts for same."
Section 3. The transfer from Southwestern Cable Company to S. W. Cable Inc. of the franchise granted in Ordinance No. 9085 (N.S.) shall be effective on the effective date of this ordinance, provided the new Grantee, S. W. Cable Inc., has filed with the City Clerk within twenty (20) days after the date of adoption of this ordinance a written instrument, addressed to the Council, accepting the transfer of the franchise and agreeing to comply with all the provisions thereof.
Section 4. The new Grantee, S. W. Cable Inc., shall, within twenty (20) days after the date of adoption of this ordinance, file with the City Clerk and, at all times thereafter, maintain in full force and effect an acceptable corporate surety bond, in duplicate, in the amount of FIVE THOUSAND DOLLARS (\$5,000.00), effective for the entire term of this franchise, and conditioned that in the event the Grantee shall fail to comply with any one or more of the provisions of this franchise then there shall be recoverable jointly and severally from the principal and surety of such bond any damages suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of property as prescribed by Sections 15, 17 or 12 of Ordinance No. 9085 (N.S.) which may be in default, up to the full amount of the bond; said condition to be a continuing obligation for the duration of this franchise and thereafter until the Grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of this franchise by the Grantee or from its exercise of any privilege herein granted.
Neither the provisions of Section 16 of Ordinance No. 9085 (N.S.), any bond accepted by the City pursuant thereto, nor any damages recovered by the City thereunder shall be construed to excuse faithful performance by the Grantee or to limit the liability of the Grantee under this franchise or for damages, either to the full amount of the bond or otherwise.
Section 5. This ordinance shall take effect and be in force on the thirtieth day from and after its passage.

ORDINANCE NO. 9869
(New Series)

AN ORDINANCE OF THE CITY OF SAN DIEGO PROVIDING FOR THE ISSUANCE OF \$10,000,000, 1966 SEWER REVENUE BONDS, SERIES B, AND FIXING THE TERMS AND CONDITIONS THEREOF.

WHEREAS, The City of San Diego, a municipal corporation operating under the provisions of a free-holders' charter, owns and operates a sewer system; and

WHEREAS, pursuant to Section 90.2 of the Charter, proceedings were taken to submit to the qualified voters of the City, on November 8, 1966, the following proposition:

CITY OF SAN DIEGO SEWER DEVELOPMENT REVENUE BOND PROPOSAL: For the purpose of the replacement, construction, reconstruction or enlargement of outgrown, deteriorated or inadequate sewers of the City's sewer system and extensions and other improvements to such system, shall the City incur sewer revenue bonded indebtedness under Section 90.2 of the Charter of the City in the principal amount of Fifteen Million Dollars to provide for the acquisition, construction and completion of such sewer system facilities?

and;

WHEREAS, at said election a majority of the voters voting on such proposition voted in favor thereof; and

WHEREAS, said proceedings having been duly and regularly had and taken, the Council became authorized, under said Section 90.2, to issue in one issue or in separate issues or series from time to time, revenue bonds in total principal amount not to exceed \$15,000,000 to provide money for the purpose set forth in said proposition; and

WHEREAS, the Council has issued, as Series A, a total principal amount of \$5,000,000 so authorized and is herein providing for the issuance of the second series thereof, said bonds to rank on a parity with the SEWER

REVENUE BONDS, 1961, issued under Ordinance No. 8464 (New Series), and the 1966 SEWER REVENUE BONDS, SERIES A, issued under Ordinance No. 9785 (New Series);

NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. Definitions. Unless the context otherwise requires, the following terms shall have the following meanings:

(a) "City" means The City of San Diego.

(b) "Council" means the Council of said City.

(c) "Charter" or "City Charter" means the Charter of The City of San Diego referred to in the recitals hereof.

(d) "Section 90.2" means Section 90.2 of said Charter.

(e) "Bond" or "bonds" or "revenue bonds" means sewer revenue bonds issued hereunder payable from the Sewer Revenue Fund.

(f) "Sewer" or "sewers" means sanitary sewers of the City.

(g) "Sewer system" means all sanitary sewers, sewer works, sewage treatment and disposal works and facilities of the City for the collection, transmission, treatment or disposal of sewage and comprises the entire system of sewers and sewer works and facilities of the City and includes all parts thereof, whether physically connected to other parts of the system or otherwise, and shall include all additions thereto, whether physically connected to other parts of the system or otherwise, and all extensions and improvements of the sewer

system or any part thereof.

(h) "Sewer service charges" means charges, fees, tolls, rates and rentals established or imposed by the City for service by or for the use of the sewer system or any part thereof.

(i) "Revenues" means all sewer service charges received, and any sums received by the City from other cities, districts or public corporations (including the United States of America and the State of California) under contracts providing for the transmission, treatment or disposal of sewage from such other cities, districts or public corporations through or by means of the sewer system or any part thereof, and all other income and revenue derived by the City from the operation of the sewer system or any part thereof. "Revenues" shall not be construed to include taxes or assessments levied by the City.

(j) "Sewer Revenue Fund" means the Sewer Revenue Fund heretofore established in the City Treasury under said Charter into which revenues from the sewer system have been paid and said fund has been, is and shall be derived from revenues.

(k) "Net revenues of the sewer system" means the revenues as defined in (i) above remaining after payments therefrom for the costs of maintenance and operation of the sewer system.

(l) "Maximum amount of annual interest" shall mean an amount equal to the maximum amount required to be paid in any fiscal year on account of interest coming due on the then outstanding bonds.

(m) "Maximum amount of annual debt service" shall mean an amount equal to the maximum amount required to be paid in any fiscal year on account of interest and principal coming due on the then outstanding bonds.

Whenever it is necessary to calculate said maximum amount of annual debt service, said maximum amount shall be deemed to be the maximum sum obtained for any fiscal year thereafter by totaling the following for each fiscal year thereafter:

(a) The principal amount of all outstanding serial bonds* payable in such fiscal year;

(b) The amount of minimum sinking fund payments for term bonds* required to be made in such fiscal year together with the premium thereon, if any be payable; and

(c) The interest which would be due during such fiscal year on the aggregate amount of bonds which would be outstanding in such fiscal year if the bonds are retired as scheduled, but deducting and excluding from such aggregate amount the amount of bonds already retired.

(n) "Fiscal year" means the year period beginning on July 1st and ending on the next following June 30th.

* The SEWER REVENUE BONDS, 1961, were issued as part serial bonds and part term bonds. These bonds are issued entirely as serial bonds.

Section 2. Amount, Issuance, Purpose and Nature of Bonds. The Council hereby provides for and orders the issuance of \$10,000,000 revenue bonds under said Section 90.2 to provide money for the objects and purposes in the proposition, heretofore quoted in the recitals hereof. Such revenue bonds shall rank on a parity with the SEWER REVENUE BONDS, 1961, issued under Ordinance No. 8464 (New Series), and the 1966 SEWER REVENUE BONDS, SERIES A, issued under Ordinance No. 9785 (New Series). Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest, and any premiums upon the redemption thereof prior to maturity, only from the Sewer Revenue Fund; provided, however, that the cost of maintenance and operation of the sewer system (and only such cost) shall be payable from the Sewer Revenue Fund prior to the payment of principal and interest of the revenue bonds or the setting aside in the Bond Service Fund, the Redemption Fund, the Reserve Fund (all as hereinafter provided for), or other fund, monthly or otherwise, of funds therefor; and provided, further, however, that this shall not preclude the payment or redemption of such bonds as are subject to call and redemption prior to maturity from the proceeds of refunding bonds issued to refund said revenue bonds, or the use of accrued interest and premiums paid upon the sale and delivery of the revenue bonds for the payment of principal thereof or interest thereon, or the payment out of the proceeds of any bonds of the whole or a part of the interest accruing on said bonds during the period of acquisition and construction of the work to be paid for out of such proceeds and for the first six months

thereafter. No revenue bond issued hereunder or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of said City except such revenues as are required under the provisions of said Section 90.2 to be paid into the Sewer Revenue Fund. Nothing in this Ordinance shall preclude the issuance, subject to the limitations in the covenants in Section 13 hereof, of additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of said revenues and ranking on a parity with these bonds.

No bond shall be deemed to be outstanding and unpaid within the meaning of this Ordinance if moneys for the purpose of paying the same or redeeming the same prior to maturity and sufficient therefor have been irrevocably set aside in a bond service fund, sinking fund, redemption fund or other trust fund created to insure the payment or redemption thereof.

Section 3. Description of Bonds. Said bonds shall be designated 1966 SEWER REVENUE BONDS, SERIES B, and shall be in the principal amount of \$10,000,000. Bearer bonds shall be of the denomination of \$5,000 each, and such bearer bonds and the coupons pertaining thereto shall be numbered from B1 consecutively upward in order of maturity. Fully registered bonds shall be of a denomination which is \$5,000, or a multiple thereof, shall be of a single maturity and shall be numbered from RB1 consecutively upward in order of issuance.

The bonds shall be dated as of November 1, 1968, and shall be payable on May 1 in each year of maturity in the amounts for each of the several years as follows:

Section 4. Interest. Said bonds shall bear interest at the rate or rates to be hereafter fixed by resolution, but not to exceed six per cent (6%) per annum, payable semiannually on the 1st days of May and November of each year. Each bond shall bear interest until the principal sum thereof has been paid; provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this Ordinance, said bond shall then cease to bear interest. The bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said City, or, at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. Execution of Bonds. The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all of said bonds by their printed, lithographed or engraved facsimile signatures, and the City Clerk of the City is hereby authorized and directed to countersign said bonds and to affix thereto the printed, lithographed or engraved facsimile corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. Types of Bonds, Registration, Discharge and Exchange. To facilitate registration of the Bonds,

two forms of Bonds have been provided: (1) those which shall be initially issued and which are in negotiable form, payable to bearer with negotiable coupons (herein sometimes referred to as "bearer bonds"), and (2) those which are issued to facilitate registration and so are issued as nonnegotiable fully registered bonds payable to the registered owner (herein sometimes referred to as "fully registered bonds").

The bearer bonds are not registrable by endorsement, and, to facilitate their registration, they may be exchanged for fully registered bonds as provided herein.

A bearer bond or bearer bonds may be registered by exchanging the same for a fully registered bond or fully registered bonds, as the case may be. A bearer bond or bearer bonds and a fully registered bond or fully registered bonds may be exchanged for a fully registered bond or fully registered bonds. A fully registered bond may be exchanged in whole for bearer bonds or in part for such bearer bonds and the balance for fully registered bonds. Transfer of ownership of a fully registered bond or fully registered bonds shall be made by exchanging the same for a new fully registered bond or fully registered bonds. All of such exchanges shall be made in such manner and upon such reasonable terms and conditions as may from time to time be determined and prescribed by the Council; provided, however, no such exchange shall be made between the tenth day preceding any interest payment date and such interest payment date. Such exchanges shall be free of any costs or charges to the person, firm or corporation requesting such exchange, except for any tax or governmental charge that may be imposed in connection with such exchange. Each bearer bond issued

pursuant to this Ordinance shall be of the denomination of \$5,000. Each fully registered bond issued pursuant to this Ordinance shall be of a denomination which is \$5,000 or a multiple thereof, and shall be of a single maturity.

To facilitate the first registration, fully registered bonds of a single maturity, of a denomination which is \$5,000 or a multiple thereof may be delivered to the person, firm, corporation or syndicate that originally purchases the bonds registered to such person, firm or corporation as may be designated by such original purchaser within such time limit as may be prescribed in the Notice Inviting Bids for the purchase of the bonds.

If, in any registration, exchange or transfer, the Council is required to or determines to issue new bonds, it may authorize the new bonds and coupons thereof, if any, to be signed in such manner as it determines.

The Treasurer of the City shall keep at his office in San Diego, California, proper registry books for such registration, exchange and transfer. The Treasurer shall have custody of the bearer bonds which are reserved for outstanding fully registered bonds. Said Treasurer is hereby appointed Registrar, and, whenever reference is made hereinafter in this Ordinance to Registrar, such reference shall be deemed to mean the Treasurer.

Section 7. Call and Redemption of Bonds Prior to Maturity. The bonds, or any of them, may be called before maturity and redeemed, at the option of the City, on May 1, 1978, or on any interest payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus a premium equal to one-fourth of one

percent (1/4 of 1%) of the principal amount thereof for each year or fraction of a year from the redemption date to the maturity date of such bond, but in no event shall the premium exceed four and one-half percent (4-1/2%).

If less than all of the outstanding bonds are called for redemption prior to maturity at any one time, the bonds shall be called in inverse order of maturity and within a maturity by lot.

The date on which bonds are to be presented for redemption prior to maturity is herein sometimes called the "redemption date."

(a) Notice of Call and Redemption. Notice of the intended redemption prior to maturity shall be published in one insertion in a newspaper of general circulation in The City of San Diego, California, and in a financial newspaper or journal of national circulation published in the City of New York, New York, said publications to be at least 30 days but not more than 60 days prior to the redemption date. The notice of redemption shall (i) state the redemption date; (ii) state the redemption price; (iii) state the numbers and dates of maturity of the bonds to be redeemed in whole or in part, provided, however, that whenever any call includes all of the bonds of a maturity the numbers of the bonds need not be stated; (iv) require that the bonds involved in the call be surrendered at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City, and, if the same are bearer bonds, with all interest coupons maturing subsequent to the redemption date; and (v) give notice that

further interest on such bonds, or parts thereof, so called for redemption shall cease to accrue after the designated redemption date.

The Treasurer of the City shall, on or before the date of publication of said notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the original purchasers of these bonds from the City; provided, however, that failure of the Treasurer to mail such notice or any defect therein shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption.

If any of the bonds involved in the call are fully registered bonds, or parts thereof, the Treasurer of the City shall, on or before the date of publication of said notice of redemption, mail a similar notice, postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registry books.

The actual receipt by the holder of any bond (hereinafter referred to as "bondholder") of notice of such call and redemption shall not be a condition precedent to redemption, and failure to receive such notice shall not affect the validity of the proceedings for the redemption of such bonds, or parts thereof, or the cessation of interest on the date fixed for redemption. The notice or notices required by this section shall be given by the Treasurer of the City. A certificate by the Treasurer that notice of call and redemption has been given as provided herein shall be conclusive

as against all parties, and no bondholder whose bearer bond or fully registered bond is so called for redemption may object thereto or object to the cessation of interest on the redemption date fixed by any claim or showing that he failed to actually receive such notice of call and redemption.

(b) Redemption Fund. Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as 1966 SEWER REVENUE BONDS, SERIES B, REDEMPTION FUND (hereinafter sometimes referred to as "Redemption Fund"), and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums payable as in this Ordinance provided, the bonds, or parts thereof, as the case may be, so designated in such notice for redemption prior to maturity. Said moneys must be set aside in said fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium) of the bonds, or parts thereof, to be redeemed prior to maturity. If after all of the bonds, or parts thereof, as the case may be, have been redeemed and cancelled, or paid and cancelled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the Sewer Revenue Fund; provided, however, that if said moneys are part of the proceeds of refunding bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding bonds.

(c) Call of Bearer Bonds. Any bearer bonds involved in the call shall be presented and surrendered on the redemption date with all interest coupons maturing after the redemption date at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City.

(d) Call of Fully Registered Bonds. In the case of any fully registered bond issued hereunder, for the purposes of call and redemption prior to maturity, each such fully registered bond shall be treated as representing that number of bearer bonds which is obtained by dividing the principal amount of such fully registered bond by \$5,000. If it is determined that one or more, but not all, of the \$5,000 units of face value represented by any such fully registered bond is to be called for redemption prior to maturity, then, upon the notice as aforesaid, the owner of such fully registered bond shall forthwith surrender such bond to the Treasurer at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies of the City, (1) for payment of the redemption price of the \$5,000 unit or units of face value so called for redemption, and (2) in exchange for a new fully registered bond of the face value of the unredeemed balance of the principal amount of such fully registered bond, such new bond to bear the appropriate fully registered bond number. The issuance of such new bond or bonds shall be made within a reasonable time after the redemption date, as determined by the Council, shall be without charge

to the holders thereof and shall be signed in such manner as the Council may determine.

If the owner of any such fully registered bond shall fail to present such bond for payment and exchange as aforesaid, such bond shall nevertheless become due and payable on the redemption date to the extent of the \$5,000 unit or units of face value so called for redemption, and, to that extent only, interest shall cease to accrue on the portion of such fully registered bond represented by such \$5,000 unit or units of face value after said redemption date.

(e) Effect of Notice and of Availability of Redemption Money. When notice of call and redemption prior to maturity has been given, substantially as hereinbefore provided, and when the amount necessary for the redemption of the bonds, or parts thereof, as the case may be, so called for redemption prior to maturity (principal and premium) is set aside for that purpose in the Redemption Fund as hereinbefore provided:

(1) the bonds, or parts thereof, as the case may be, so designated for redemption shall become due and payable on the redemption date at the redemption price thereof as provided in this Ordinance; and

(2) upon presentation and surrender thereof at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies, accompanied, in the case of bearer bonds, by all interest coupons maturing after the redemption date,

such bonds shall be redeemed at the redemption price out of the Redemption Fund, and, if any accrued interest is payable, the same shall be paid from the Bond Service Fund; and

(3) after the redemption date, the bonds, or parts thereof, so designated for redemption and all unmatured coupons pertaining thereto shall be deemed to be no longer outstanding and such bonds shall cease to bear further interest; and

(4) after the redemption date, no holder of any of said bonds, or parts thereof, so designated for redemption shall be entitled to any of the benefits of this Ordinance, or to any other rights, except with respect to payment of the redemption price and accrued interest, if any, from the amount or amounts so made available, and, in the case of partial call of a fully registered bond, to the issuance of a new bond; but

(5) all interest coupons pertaining to any such bearer bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof, but without interest thereon; and

(6) all unpaid interest payable at or prior to the redemption date upon said fully registered bonds, or parts thereof, so designated for redemption, shall continue to be payable to the respective registered owners of such bonds, but without interest thereon; and

(7) all bonds redeemed and all interest coupons thereof, if any, shall, as provided in Section 16, be cancelled forthwith by the Treasurer of the City and shall not be reissued.

Section 8. Disposition of Bond Proceeds. For the purpose of insuring the application of the proceeds from the sale of bonds to the aforesaid objects and purposes for which said bonds are to be issued, there has been established in the City Treasury a fund to be described or known as 1966 SEWER REVENUE BONDS, CONSTRUCTION FUND (herein sometimes called "Construction Fund"). The proceeds from the sale of said bonds (except premium and accrued interest, if any) shall be paid into the Construction Fund and shall be applied exclusively to the aforesaid objects and purposes; provided, however, (1) that the Sewer Revenue Fund may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made after November 8, 1966; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which said bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said bonds or for redemption of any callable bonds thereof. Money in the Construction Fund may be temporarily invested in any authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, or in negotiable obligations issued pursuant to the Federal Home Loan

Bank Act or the National Housing Act, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled Construction Fund expenditures.

Section 9. Sewer Revenue Fund. All revenues shall be paid into the Sewer Revenue Fund. The Council hereby directs that sums be set aside through transfers from said fund in such amounts and at such times as may be necessary to comply with this Ordinance. From the Sewer Revenue Fund there shall be paid monthly the sums necessary for the cost of maintenance and operation of the sewer system.

Section 10. Bond Service Fund. For the purpose of insuring the payment when due and payable of the principal of and interest on the bonds, there has been established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, BOND SERVICE FUND (herein sometimes referred to as the "Bond Service Fund"). Upon delivery of the bonds to the original purchasers any premium and accrued interest paid by said purchasers shall be paid into said Bond Service Fund. After said delivery of the bonds and thereafter, so long as any of said bonds are outstanding, on the first day of each calendar month, after the payments required by Section 9 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Bond Service Fund sums in equal divisible parts for each half year so that at least the full amount required to pay, as it becomes due, the interest on the bonds and any maturity or installment of principal of the bonds shall be set aside in the Bond Service Fund at least one month prior to the date the installment of interest or principal

becomes due. Such transfer on the first day of the first calendar month subsequent to the date of delivery must be at least sufficient, together with other transfers of the same amount made on the first day of each calendar month thereafter, to provide in said Bond Service Fund one month prior to the due date of the first installment of such interest the full amount of such interest, and to provide in said Bond Service Fund one month prior to the maturity of the first installment of such principal the full amount of such principal. All said sums shall be set aside, transferred to and placed in the Bond Service Fund in such time that the next maturing installment of principal of the bonds and interest on the bonds shall be set aside in the Bond Service Fund at least one month prior to the time the maturity or installment of interest or principal becomes due.

Any amounts required to be set aside, transferred to and placed in the Bond Service Fund may be prepaid, in whole or in part, by being earlier set aside, transferred to and placed in the Bond Service Fund, and in that event the monthly transfer, or any part thereof, which has been so prepaid need not be made at the time appointed therefor. In any event, at least one month prior to the due date of any interest or maturity of principal, all sums required for the payment thereof must be in such Bond Service Fund.

Such sums shall be so set aside out of the Sewer Revenue Fund and not out of any other fund or moneys of the City.

Money set aside and placed in said Bond Service Fund shall remain therein until from time to time expended for the payment of such interest and principal, and shall not

be used for any other purpose whatever, except that any such money so set aside and placed in said Bond Service Fund not immediately needed to pay principal and interest may be temporarily invested in any authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled payments, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Bond Service Fund at the time required by the terms of this section.

The bonds and interest coupons shall recite that they are payable from the Sewer Revenue Fund and said bonds and coupons, pursuant to such recital, shall be paid from the Bond Service Fund, which is derived from said Sewer Revenue Fund and is a subdivision thereof.

Section 11. Reserve Fund. For the purpose of insuring the payment when due and payable of the amounts required to be paid under Section 10 hereof there has been established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, RESERVE FUND (herein sometimes referred to as "Reserve Fund"). On or prior to the delivery of the bonds to the purchasers thereof there shall be transferred from the Sewer Revenue Fund to the Reserve Fund an amount which shall be equal to the maximum amount of annual interest. Thereafter there shall be maintained in such Reserve Fund a sum at least equal to the maximum amount of annual interest.

Moneys in the Reserve Fund shall be used solely for the purpose of paying the principal of and interest on the bonds in the event that the moneys in the Bond Service Fund are insufficient therefor and for that purpose may be withdrawn and transferred to the Bond Service Fund; provided, however, that said moneys may be invested in authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity of any of the above mentioned obligations shall not be later than 12 years from the date of investment. No payment need be made into the Reserve Fund so long as there shall be in said fund a sum at least equal to said maximum amount of annual interest. Whenever moneys are withdrawn from the Reserve Fund for the purposes provided in this section, the amount in the Reserve Fund shall be restored to the amount required in this section by transfers from Surplus (as hereinafter defined). Any amount in the Reserve Fund in excess of the maximum amount of annual interest may be transferred to the Sewer Revenue Fund. Moneys in the Reserve Fund may be applied toward the payment of the last outstanding maturity of the bonds.

Section 12. Surplus. After the monthly transfers required or permitted by Sections 9, 10 and 11 hereof have been made, any remaining balance of the revenues placed in the Sewer Revenue Fund during the preceding month (herein sometimes referred to as "Surplus") shall be used for the restoration, if necessary, of the Reserve

Fund as provided in Section 11 hereof.

After the above use has been made and all other covenants of the City contained herein have been duly performed, such Surplus may be used for any or all of the following:

(1) invested in any securities in which the City may legally invest funds subject to its control,

(2) used for the redemption of any of said bonds which are subject to call and redemption prior to maturity or for the purchase from time to time in the open market any of the outstanding bonds whether or not subject to call and redemption prior to maturity (irrespective of the maturity or number of such bonds) at such prices and in such manner, either at public or private sale, or otherwise as the City in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104-1/2% of the principal amount thereof, or if the bonds are subject to call and redemption prior to maturity shall not exceed the redemption price on the next interest payment date of the bonds so purchased,

(3) for any lawful purpose authorized by the City Charter,

and except as provided in this Ordinance, the Surplus shall not be used for any other purpose.

Section 13. Covenants. So long as any of the bonds or interest coupons thereof are outstanding and unpaid or so long as provision for the full payment and discharge thereof at maturity or upon redemption prior to maturity,

through the setting apart in the Bond Service Fund or in a special trust fund to insure the payment or redemption thereof (as the case may be) of money sufficient for that purpose has not been made, the City makes the following covenants with the bondholders which are necessary and desirable to facilitate the issuance and sale of the bonds and for the protection or security of the bondholders; provided, however, that said covenants do not require the City to expend any funds other than revenues.

Covenant 1. Punctual Payment. The City covenants that it shall duly and punctually pay or cause to be paid the principal of and interest on every bond issued hereunder, together with the premium thereon, if any be payable, on the date, at the place and in the manner mentioned in the bonds and coupons and in accordance with this Ordinance, and that the payments into the Bond Service Fund and the Reserve Fund shall be made, all in strict conformity with the terms of said bonds and of this Ordinance, and that it shall faithfully observe and perform all of the conditions, covenants and requirements of this Ordinance and all resolutions supplemental thereto and of the bonds issued hereunder, and that time of such payment and performance is of the essence of the City's contract with the bondholders.

Covenant 2. Discharge Claims. The City covenants that in order to fully preserve and protect the priority and security of the bonds the City shall pay from the appropriate fund and discharge all lawful claims for labor, materials and supplies furnished for or in connection with the sewer system which, if unpaid, may become a lien or charge upon the revenues prior or superior to

the lien of the bonds and impair the security of the bonds. The City shall also pay from the appropriate fund all taxes and assessments or other governmental charges lawfully levied or assessed upon or in respect of the sewer system or upon any part thereof or upon any of the revenues therefrom.

Covenant 3. Commence Acquisition and Construction. The City covenants that as soon as funds are available therefor, the City shall commence the accomplishment of the purposes for which the bonds are issued and will continue the same to completion with all practical dispatch and in an economical manner.

Covenant 4. Operate Sewer System in Efficient and Economical Manner. The City covenants that it shall operate the sewer system in an efficient and economical manner and shall operate, maintain and preserve the sewer system in good repair and working order.

Covenant 5. Against Sale, Eminent Domain. The City covenants that the sewer system or any substantial part thereof shall not be sold, leased or otherwise disposed of or transferred, unless such sale, lease or other disposition or transfer be so arranged as to provide for the payment in full of the principal of and interest on all of the bonds and premiums, if any, due upon the call or redemption of any thereof prior to maturity. The revenues shall not be mortgaged, encumbered, sold, leased, pledged, any charge placed thereon, or disposed of or used except as authorized by the terms of this Ordinance. The City shall not enter any agreement which impairs the operation of the sewer system or any part thereof necessary to secure adequate revenues to pay the principal of and interest on the

bonds or which otherwise would impair the rights of the bondholders with respect to the revenues or the operation of the sewer system.

If and to the extent that eminent domain can be exercised against property of the City, the City covenants that any amounts received as awards as the result of the taking of all or any part of the sewer system by such exercise shall either be used for the acquisition and/or construction of improvements and extensions of the sewer system or shall be placed in the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

Covenant 6. Insurance. The City covenants that it shall at all times maintain with responsible insurers all such insurance on the sewer system as is customarily maintained with respect to works and properties of like character against accident to, loss of or damage to such sewer system. If any useful part of the sewer system shall be damaged or destroyed, such part shall be restored to use. The money collected from insurance against accident to, loss of or damage to the sewer system shall be used for repairing or rebuilding said sewer system, and to the extent not so applied shall be transferred to the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

The City shall also maintain with responsible insurers workmen's compensation insurance and insurance against public liability and property damage to the extent reasonably necessary to protect the City and the bondholders; provided, however, that with respect to

this insurance, the City may be regarded as a responsible insurer.

Covenant 7. Records and Accounts. The City covenants that it shall cause the books and accounts of the sewer system to be audited annually by an independent certified public accountant or firm of certified public accountants and shall make available for inspection by the bondholders at the office of the City Clerk and the office of the City Auditor and Comptroller a copy of the report of such accountant or accountants, and shall also furnish a copy thereof upon request to any bondholder.

Covenant 8. No Free Service. The City covenants that, except for contracts and agreements existing on the effective date of this Ordinance, no service from the sewer system shall be furnished or rendered to the United States of America, the State of California, the City, any municipal or other public corporation or body or any private corporation or person free, and that, except to the extent that the City is required under contracts and agreements existing on the effective date of this Ordinance, no such service shall be rendered to the aforementioned at rates lower than those charged other persons for similar service. No building or other real property of the sewer system and no services of the sewer system shall be furnished free to other departments of the City. The City shall pay into the Sewer Revenue Fund the reasonable value of any such services rendered other departments of the City and the reasonable rental value of any property so used. Reasonable and proper charges for services rendered or quarters furnished to the sewer system by other City departments shall be paid to the City as a part of the

cost of maintenance and operation of the sewer system. The City covenants that it shall at all times during the period any of the bonds are outstanding maintain and enforce valid regulations for the payment of bills for sewer services; and that such regulations shall at all times during such period provide that where the City furnishes water to the property receiving sewer service, the sewer service charges shall be collected with and not separately from the water rates of the City and all charges, i.e. sewer service charges and water rates of the City, shall be billed upon the same bill and collected as one item; and in the event of non-payment of any part of the bill for the sewer service charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council, which shall be not more than 45 days from the date such bill became delinquent. For sewer users not being rendered water service by the City, the City shall diligently proceed to use every lawful means to collect such sewer service charges.

Covenant 9. Rates and Charges. The City covenants that it shall fix and collect sewer service charges which, with reasonable allowance for contingencies, shall be at least sufficient, together with other revenues, if any, payable into the Sewer Revenue Fund to provide revenues sufficient to pay, as the same shall become due:

(a) all necessary costs of maintenance and operation,

(b) 1.20 times the principal of and interest on all outstanding revenue bonds issued hereunder, including premiums, if any, due upon the redemption of any thereof prior to maturity, and including all

payments required to be made into the Bond Service Fund and the Reserve Fund, and

(c) all other obligations payable from the Sewer Revenue Fund.

Covenant 10. No Priority for Additional Bonds.

The City covenants that no bonds shall be issued pursuant to Section 90.2 or under any other provisions of the Charter or under any other law, having any priority in payment of principal or interest out of the Sewer Revenue Fund over any revenue bonds issued hereunder.

Covenant 11. Limits on Additional Debt. The City covenants that (except for bonds issued to refund revenue bonds payable out of the Sewer Revenue Fund) no additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the Sewer Revenue Fund and ranking on a parity with these bonds shall be created or incurred unless:

First: That the principal of and interest on the bonds issued hereunder have been paid as the same become due; and that payments into the Bond Service Fund and the Reserve Fund have been made, all in conformity with this Ordinance, and

Second: The net revenues of the sewer system as shown by the books of the City for the latest fiscal year or the last completed 12 month period ended prior to the incurring of such additional indebtedness with respect to which such books have been examined and reported upon by an independent certified public accountant or firm of certified public accountants employed by the City, plus, at the option of the City either or both of the items

hereinafter in this Covenant 11 designated (a) and (b) shall have amounted to at least 1.30 times the maximum amount of annual debt service on all such indebtedness to be outstanding immediately subsequent to the incurring of such additional indebtedness.

The items either or both of which may be added to the net revenues of the sewer system for the purpose of applying the restriction contained in this Covenant 11 are the following:

(a) An allowance for any estimated increase in such net revenues from any revenue producing additions to or improvements or extensions of the sewer system which have been made but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, were not in service and from any such additions, improvements or extensions to be made with the proceeds of such additional indebtedness or with the proceeds of bonds previously issued, all in an amount equal to 75% of the estimated additional average annual net revenues of the sewer system to be derived from such additions, improvements and extensions for the first 36 month period in which each addition, improvement or extension is respectively to be in operation, all as shown by the certificate or opinion of a qualified independent engineer employed by the City.

(b) An allowance for estimated increases in such net revenues arising from any increase in sewer service charges which has become effective prior to the incurring of such additional indebtedness

but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, was not in effect, in an amount equal to 75% of the amount by which the net revenues of the sewer system would have been increased if such increase in sewer service charges had been in effect during the whole of such fiscal year, or last completed 12 month period, as the case may be, as shown by the certificate or opinion of a qualified independent engineer employed by the City.

Section 14. Investments. Obligations purchased as an investment of moneys in any funds which are herein authorized to be invested shall be deemed at all times to be a part of such funds and any profit realized from the investment shall be credited to such funds and any loss resulting from such investment shall be charged to such funds and the interest (including interest on investments) accruing thereunder shall be credited to such funds. The City shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from such funds. For the purpose of determining at any given time the balance in any such fund any such investment constituting a part of such fund shall be valued at the then estimated or appraised market value of such investment.

Section 15. Lost, Stolen, Destroyed or Mutilated Bonds. In the event that any bond or any interest coupon pertaining thereto is lost, stolen, destroyed or mutilated, the City will cause to be issued a new bond or coupon similar to the original to replace the same in such manner and upon such reasonable terms and conditions,

including the payment of costs and the posting of a surety bond if the City deems such surety bond necessary, as may from time to time be determined and prescribed by resolution. The City may authorize such new bond or coupon or coupons to be signed and authenticated in such manner as it determines in said resolution.

Section 16. Cancellation of Bonds. All bonds and coupons surrendered to any fiscal agent of the City for payment upon maturity or for redemption prior to maturity shall upon payment therefor be cancelled immediately and forthwith transmitted to the Treasurer of the City. All of the bonds and interest coupons surrendered to the Treasurer for payment or redemption shall upon payment therefor be cancelled immediately. Any bonds purchased by the City, together with all unpaid coupons pertaining thereto, shall be cancelled forthwith and shall not be reissued. All of the cancelled bonds and interest coupons shall remain in the custody of the Treasurer until destroyed pursuant to due authorization.

Section 17. Consent of Bondholders. The City may, from time to time, and at any time, without the consent of bondholders as hereinafter provided, in order to cure any ambiguity, defect or omission in this Ordinance or in any resolution or order in the proceedings for the issuance of the bonds, adopt such additional ordinances, resolutions or orders supplemental hereto as shall not be inconsistent with the terms and provisions hereof, and such supplemental ordinances, resolutions or orders shall thereafter become a part of the proceedings for the issuance of the bonds as referred to in Section 19. The consents of bondholders provided for in this section shall relate solely to the amendment, waiver or modification

of the covenants specified in Section 13 hereof and shall not be effective to waive or modify any other provisions of this Ordinance or any other proceedings for the issuance of said bonds. Any act relating to the amendment, waiver or modification of any of the said covenants consented to by bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of bonds, if any, owned by the City, shall be binding upon the holders and registered owners of all of the bonds and interest coupons, issued hereunder, and shall not be deemed an infringement of any of the provisions of this Ordinance or of said Charter or Section 90.2 thereof, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Ordinance, and after such consent relating to such specified matters has been given, no holder or registered owner of any bond or of any interest coupon, shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the City or any officer thereof from taking any action pursuant thereto. As used herein "bondholder" includes both the holder of any bearer bond and the registered owner of any fully registered bond.

Bondholders may consent by affirmative vote at a bondholders' meeting or may consent in writing without a meeting, all as hereinafter provided.

No such amendment, waiver or modification shall be made which will permit (a) a change in the maturity or term of redemption of the principal of any bond or any installment of interest thereon; (b) a reduction in the principal amount of or redemption price or redemption

premium or rate of interest upon any bond without the consent of the holder of such bond; or (c) a reduction of the percentage of the principal amount of bonds the vote or consent of which is required to effect any such amendment.

For all purposes connected with this Section 17 each \$5,000 of face value of any fully registered bond shall be treated as though it were a separate bond of the denomination of \$5,000.

(a) Calling Bondholders' Meeting. If the City shall desire to obtain any such consent the Council thereof may call a meeting of bondholders, by resolution, for the purpose of considering the action, the consent to which is desired.

(b) Notice of Meeting. Notice specifying the purpose, place, date and hour of such meeting shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days and not more than ninety (90) days prior to the date fixed for the meeting. Such notice shall set forth the nature of the proposed action, consent to which is desired. The City Clerk shall, on or before the first publication of such notice, mail a similar notice, postage prepaid, to the respective registered owners of the fully registered bonds at their addresses appearing on the bond registry books. The place, date and hour of holding such meeting and the date or dates of publishing and mailing such notice shall be determined by the City, in its discretion.

The actual receipt by any bondholder of notice

of any such meeting shall not be a condition precedent to the holding of such meeting, and failure to receive such notice shall not affect the validity of the proceedings thereat. A certificate by the City Clerk, approved by resolution of the Council of said City, that the meeting has been called and that notice thereof has been given as herein provided shall be conclusive as against all parties and it shall not be open to any bondholder to show that he failed to receive notice of such meeting.

(c) Voting Qualifications. Any bondholder may, prior to any such meeting, deliver his bond or bonds to any agency designated by the City for the purpose, and shall thereupon be entitled to receive an appropriate receipt for the bond or bonds so deposited, calling for the redelivery of such bond or bonds at any time after the meeting. The Treasurer of the City shall prepare and deliver to the chairman of the meeting a list of the names and addresses of the registered owners of fully registered bonds, with a statement of the maturities and numbers of the bonds held and deposited by each of such bondholders, and no bondholder shall be entitled to vote at such meeting unless his name appears upon such list or unless he shall present his bond or bonds at the meeting or a certificate of deposit thereof, satisfactory to the City, executed by a bank or trust company. No bondholder shall be permitted to vote with respect to a larger aggregate principal amount of bonds than is set against his name on

such list, unless he shall produce the bonds upon which he desires to vote, or a certificate of deposit thereof as above provided.

(d) Issuer-owned Bonds. The City covenants that it will present at the meeting a certificate, signed and verified by one member of the Council and by the Treasurer of the City stating the maturities and serial numbers of all bonds owned by, or held for account of, the City, directly or indirectly. No person shall be permitted at the meeting to vote or consent with respect to any bond appearing upon such certificate, or any bond which it shall be established at or prior to the meeting is owned by the City, directly or indirectly, and no such bond (in this Ordinance referred to as "issuer-owned bond") shall be counted in determining whether a quorum is present at the meeting.

(e) Quorum and Procedure. A representation of at least sixty percent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall be necessary to constitute a quorum at any meeting of bondholders, but less than a quorum may adjourn the meeting from time to time, and the meeting may be held as so adjourned without further notice, whether such adjournment shall have been had by a quorum or by less than a quorum. The City shall, by an instrument in writing, appoint a temporary chairman of the meeting, and the meeting shall be organized by the election of a permanent chairman and a secretary. At any meeting each bondholder shall be entitled to one vote for every \$5,000

principal amount of bonds with respect to which he shall be entitled to vote as aforesaid, and such vote may be given in person or by proxy duly appointed by an instrument in writing presented at the meeting. The City, by its duly authorized representative, may attend any meeting of the bondholders, but shall not be required to do so.

(f) Vote Required. At any such meeting held as aforesaid there shall be submitted for the consideration and action of the bondholders a statement of proposed action, consent to which is desired, and if such action shall be consented to and approved by bondholders holding at least sixty percent (60%) in aggregate amount of the bonds then outstanding (exclusive of issuer-owned bonds) the chairman and secretary of the meeting shall so certify in writing to the City, and such certificate shall constitute complete evidence of consent of bondholders under the provisions of this Ordinance. A certificate signed and verified by the chairman and the secretary of any such meeting shall be conclusive evidence and the only competent evidence of matters stated in such certificate relating to proceedings taken at such meeting.

(g) Written Consent of Bondholders. If the City shall desire to obtain any such consent in writing, without a meeting of bondholders, the Council thereof may, by resolution, propose the action, to which consent is desired. A copy of such resolution, together with a request to bondholders for their consent to the action proposed therein, shall be published once in a financial

newspaper or journal of national circulation published in the City of New York, New York. The City Clerk shall, on or before the publication of such resolution and request, mail a copy thereof to each registered owner of the fully registered bonds at the address appearing on the bond registry books.

The actual receipt by any bondholder of such resolution and request shall not affect the validity of the proceedings for the obtaining of such consent. A certificate by the City Clerk, approved by resolution of the Council of said City, that said resolution and request has been published and mailed as herein provided shall be conclusive as against all parties, and it shall not be open to any bondholder to show that he failed to receive such resolution and consent.

Each written consent shall be accompanied by proof of ownership of the bonds for which such consent is given. Proof of ownership shall be made in such manner as shall be prescribed by the resolution proposing the action. Any such written consent shall be binding upon the bondholder giving such consent and on any bondholder (whether or not such subsequent bondholder has notice thereof) unless such consent is revoked in writing by the bondholder giving such consent or by the subsequent bondholder. To be effective, any revocation of consent must be filed before the adoption of the resolution accepting consents as hereinafter provided.

After the bondholders holding at least sixty

percent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall have consented in writing, the Council shall adopt a resolution accepting such consents and such resolution shall constitute complete evidence of the consent of bondholders under this Ordinance.

(h) Publication of Consent. Notice specifying the amendment, waiver or modification that has received the consent of bondholders as required by this Section 17 shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days following the final action in the proceedings for the obtaining of such consent. Said notice is only for the information of bondholders and failure to publish such notice or any defect therein shall not affect the validity of the proceedings theretofore taken in the obtaining of such consent.

Section 18. Forms of Bonds. The bearer bonds and the interest coupons pertaining thereto are issued in negotiable form and shall be negotiable, and the same and the fully registered bonds which are provided to facilitate registration shall be substantially in the forms hereinafter set forth. Such forms are hereby approved and adopted as the forms of the Bonds, and of the coupons and redemption, registration, exchange and transfer provisions pertaining thereto.

(b) The amount of minimum sinking fund payments for term bonds required to be made in such fiscal year together with the premium thereon, if any be payable; and

(c) The interest which would be due during such fiscal year on the aggregate amount of bonds which would be outstanding in such fiscal year if the bonds are retired as scheduled, but deducting and excluding from such aggregate amount the amount of bonds already retired.

(n) "Fiscal year" means the year period beginning on July 1st and ending on the next following June 30th.

The SEWER REVENUE BONDS, 1961, were issued as part serial bonds and part term bonds. These bonds are issued entirely as serial bonds.

Section 2. Amount, Issuance, Purpose and Nature of Bonds. The Council hereby provides for and orders the issuance of \$10,000,000 revenue bonds under said Section 90.2 to provide money for the objects and purposes in the proposition, heretofore quoted in the recitals hereof. Such revenue bonds shall rank on a parity with the SEWER REVENUE BONDS, 1961, issued under Ordinance No. 8464 (New Series), and the 1966 SEWER REVENUE BONDS, SERIES A, issued under Ordinance No. 9785 (New Series). Such revenue bonds shall not constitute an indebtedness of the City but shall constitute obligations which shall be payable, principal and interest, and any premiums upon the redemption thereof prior to maturity, only from the Sewer Revenue Fund; provided, however, that the cost of maintenance and operation of the sewer system (and only such cost) shall be payable from the Sewer Revenue Fund prior to the payment of principal and interest of the revenue bonds or the setting aside in the Bond Service Fund, the Redemption Fund, the Reserve Fund (all as hereinafter provided for), or other fund, monthly or otherwise, of funds therefor; and provided, further, however, that this shall not preclude the payment or redemption of such bonds as are subject to call and redemption prior to maturity from the proceeds of refunding bonds issued to refund said revenue bonds, or the use of accrued interest and premiums paid upon the sale and delivery of the revenue bonds for the payment of principal thereof or interest thereon, or the payment out of the proceeds of any bonds of the whole or a part of the interest accruing on said bonds during the period of acquisition and construction of the work to be paid for out of such proceeds and for the first six months thereafter. No revenue bond issued hereunder or any interest payable thereon shall be or become an obligation chargeable or enforceable against any of the tax revenues of the City or any other revenues of said City except such revenues as are required under the provisions of said section 90.2 to be paid into the Sewer Revenue Fund. Nothing in this Ordinance shall preclude the issuance, subject to the limitations in the covenants in Section 13 hereof, of additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of said revenues and ranking on a parity with these bonds.

No bond shall be deemed to be outstanding and unpaid within the meaning of this Ordinance if non-

Section 4. Interest. Said bonds shall bear interest at the rate or rates to be hereafter fixed by resolution, but not to exceed six per cent (6%) per annum, payable semi-annually on the 1st days of May and November of each year. Each bond shall bear interest until the principal sum thereof has been paid; provided, however, that if at the maturity date of any bond, or if the same is callable and redeemable prior to maturity and has been duly called for redemption, and at the redemption date funds are available for the payment or redemption thereof in full accordance with the terms of this Ordinance, said bond shall then cease to bear interest. The bonds and the interest thereon shall be payable in lawful money of the United States of America at the office of the Treasurer of The City of San Diego, in said City, or, at the option of the holder, at any fiscal agency of The City of San Diego in San Diego, California, or in Los Angeles, California, or in Chicago, Illinois, or in New York, New York.

Section 5. Execution of Bonds. The Mayor of the City and the Treasurer of the City are hereby authorized and directed to sign all of said bonds by their printed, lithographed or engraved facsimile signatures, and the City Clerk of the City is hereby authorized and directed to countersign said bonds and to affix thereto the printed, lithographed or engraved facsimile corporate seal of the City, and the Treasurer of the City is hereby authorized and directed to sign the interest coupons of said bonds by his printed, lithographed or engraved facsimile signature.

Section 6. Types of Bonds, Registration, Discharge and Exchange. To facilitate registration of the Bonds, two forms of Bonds have been provided: (1) those which shall be initially issued and which are in negotiable form, payable to bearer with negotiable coupons (herein sometimes referred to as "bearer bonds"), and (2) those which are issued to facilitate registration and so are issued as nonnegotiable fully registered bonds payable to the registered owner (herein sometimes referred to as "fully registered bonds").

The bearer bonds are not registrable by endorsement, and, to facilitate their registration, they may be exchanged for fully registered bonds as provided herein.

A bearer bond or bearer bonds
(Continued on b-11, Col. 1)

(Continued from b-10)

may be registered by exchanging the same for a fully registered bond or fully registered bonds, as the case may be. A bearer bond or bearer bonds and a fully registered bond or fully registered bonds may be exchanged for a fully registered bond or fully registered bonds. A fully registered bond may be exchanged in whole for bearer bonds or in part for such bearer bonds and the balance for fully registered bonds. Transfer of ownership of a fully registered bond or fully registered bonds shall be made by exchanging the same for a new fully registered bond or fully registered bonds. All of such exchanges shall be made in such manner and upon such reasonable terms and conditions as may from time to time be determined and prescribed by the Council; provided, however, no such exchange shall be made between the tenth day preceding any interest payment date and such interest payment date. Such exchanges shall be free of any costs or charges to the person, firm or corporation requesting such exchange, except for any tax or governmental charge that may be imposed in connection with such exchange. Each bearer bond issued pursuant to this Ordinance shall be of the denomination of \$5,000. Each fully registered bond issued pursuant to this Ordinance shall be of a denomination which is \$5,000 or a multiple thereof, and shall be of a single maturity.

To facilitate the first registration, fully registered bonds of a single maturity, of a denomination which is \$5,000 or a multiple thereof may be delivered to the person, firm, corporation or syndicate that originally purchases the bonds registered to such person, firm or corporation as may be designated by such original purchaser within such time limit as may be prescribed in the Notice Inviting Bids for the purchase of the bonds.

If, in any registration, exchange or transfer, the Council is required to or determines to issue new bonds, it may authorize the new bonds and coupons thereof, if any, to be signed in such manner as it determines.

The Treasurer of the City shall keep at his office in San Diego, California, proper registry books for such registration, exchange and transfer. The Treasurer shall have custody of the bearer bonds which are reserved for outstanding fully registered bonds. Said Treasurer is hereby appointed Registrar, and, whenever reference is made hereinafter in this Ordinance to Registrar, such reference shall be deemed to mean the Treasurer.

Section 7. Call and Redemption of Bonds Prior to Maturity. The bonds, or any of them, may be called before maturity and redeemed, at the option of the City, on May 1, 1978, or on any interest payment date thereafter prior to maturity, at a redemption price for each redeemable bond equal to the principal amount thereof plus a premium equal to one-fourth of one per cent (1/4%) of the principal amount thereof for each year or fraction of a year from the redemption date to the maturity date of such bond, but in no event shall the premium exceed four and one-half per cent (4 1/2%).

If less than all of the outstanding bonds are called for redemption prior to maturity at any one time, the bonds shall be called in inverse order of maturity and within a maturity by lot.

The date on which bonds are to be presented for redemption prior to maturity is herein sometimes called the "redemption date."

(a) Notice of Call and Redemption. Notice of the intended redemption prior to maturity shall be published in one insertion in a newspaper of general circulation in The City of San Diego, California, and in a financial newspaper or journal of national circulation published in the City of New York, New York, said publications to be at least 30 days but not more than 60 days prior to the redemption date. The notice of redemption shall (i) state the redemption date; (ii) state the redemption price; (iii) state the numbers and dates of maturity of the bonds to be redeemed in whole or in part, provided, however, that whenever any call includes all of the bonds of a maturity the numbers of the bonds need not be stated; (iv) require that the bonds involved in the call be surrendered at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City, and, if the same are bearer bonds, with all interest coupons maturing subsequent to the redemption date; and (v) give notice that further interest on such bonds, or parts thereof, so called for redemption shall cease to accrue after the designated redemption date.

The Treasurer of the City shall, on or before the date of publication of said notice of call and redemption prior to maturity, mail a similar notice, postage prepaid, to the original purchasers of these bonds from the City; provided, however, that failure of the Treasurer to mail such notice or any defect therein shall not affect the validity of the proceedings for the redemption of such bonds or the cessation of interest on the date fixed for redemption.

If any of the bonds involved in the call are fully registered bonds, or parts thereof, the Treasurer of the City shall, on or before the date of publication of said notice of redemption, mail a similar notice, postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registry books.

The actual receipt by the holder of any bond (hereinafter referred to as "bondholder") of notice of such call and redemption shall not be a condition precedent to redemption, and failure to receive such notice shall not affect the validity of the proceedings for the redemption of such bonds, or parts thereof, or the cessation of interest on the date fixed for redemption. The notice or notices required by this section shall be given by the Treasurer of the City. A certificate by the Treasurer that notice of call and redemption has been given as provided herein shall be conclusive as against all parties, and no bondholder whose bearer bond or fully registered bond is so called for redemption may object thereto or object to the cessation of interest on the redemption date fixed by any claim or showing that he failed to actually receive such notice of call and redemption.

(b) Redemption Fund. Prior to the redemption date there shall be established in the City Treasury a redemption fund to be described or known as 1966 SEWER REVENUE BONDS, SERIES B, REDEMPTION FUND (hereinafter sometimes referred to as "Redemption Fund"), and prior to the redemption date there must be set aside in said Redemption Fund moneys available for the purpose and sufficient to redeem, at the premiums payable as in this Ordinance provided, the bonds, or parts thereof, as the case may be, so designated in such notice for redemption prior to maturity. Said moneys must be set aside in said fund solely for that purpose and shall be applied on or after the redemption date to payment (principal and premium) of the bonds, or parts thereof, to be redeemed prior to maturity. If after all of the bonds, or parts thereof, as the case may be, have been redeemed and cancelled, or paid and cancelled, there are moneys remaining in said Redemption Fund, said moneys shall be transferred to the Sewer Revenue Fund; provided, however, that if said moneys are part of the proceeds of refunding bonds, said moneys shall be transferred to the fund created for the payment of principal of and interest on such refunding bonds.

(c) Call of Bearer Bonds. Any bearer bonds involved in the call shall be presented and surrendered on the redemption date with all interest coupons maturing after the redemption date at the office of the Treasurer of The City of San Diego, in said City, or at any of the aforesaid fiscal agencies of the City.

(d) Call of Fully Registered Bonds. In the case of any fully registered bond issued hereunder, for the purposes of call and redemption prior to maturity, each such fully registered bond shall be treated as representing that number of bearer bonds which is obtained by dividing the principal amount of such fully registered bond by \$5,000. If it is determined that one or more, but not all, of the \$5,000 units of face value represented by any such fully registered bond is to be called for redemption prior to maturity, then, upon the notice as aforesaid, the

owner of such fully registered bond shall forthwith surrender such bond to the Treasurer at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies of the City, (1) for payment of the redemption price of the \$5,000 unit or units of face value so called for redemption, and (2) in exchange for a new fully registered bond of the face value of the unredeemed balance of the principal amount of such fully registered bond, such new bond to bear the appropriate fully registered bond number. The issuance of such new bond or bonds shall be made within a reasonable time after the redemption date, as determined by the Council, shall be without charge to the holders thereof and shall be signed in such manner as the Council may determine.

If the owner of any such fully registered bond shall fail to present such bond for payment and exchange as aforesaid, such bond shall nevertheless become due and payable on the redemption date to the extent of the \$5,000 unit or units of face value so called for redemption, and, to that extent only, interest shall cease to accrue on the portion of such fully registered bond represented by such \$5,000 unit or units of face value after said redemption date.

(e) Effect of Notice and of Availability of Redemption Money. When notice of call and redemption prior to maturity has been given, substantially as hereinbefore provided, and when the amount necessary for the redemption of the bonds, or parts thereof, as the case may be, so called for redemption prior to maturity (principal and premium) is set aside for that purpose in the Redemption Fund as hereinbefore provided:

(1) the bonds, or parts thereof, as the case may be, so designated for redemption shall become due and payable on the redemption date at the redemption price thereof as provided in this Ordinance; and

(2) upon presentation and surrender thereof at the office of the Treasurer of The City of San Diego in said City, or at any of the aforesaid fiscal agencies, accompanied, in the case of bearer bonds, by all interest coupons maturing after the redemption date, such bonds shall be redeemed at the redemption price out of the Redemption Fund, and, if any accrued interest is payable, the same shall be paid from the Bond Service Fund; and

(3) after the redemption date, the bonds, or parts thereof, so designated for redemption and all unmaturing coupons pertaining thereto shall be deemed to be no longer outstanding and such bonds shall cease to bear further interest; and

(4) after the redemption date, no holder of any of said bonds, or parts thereof, so designated for redemption shall be entitled to any of the benefits of this Ordinance, or to any other rights, except with respect to payment of the redemption price and accrued interest, if any, from the amount or amounts so made available, and, in the case of partial call of a fully registered bond, to the issuance of a new bond; but

(5) all interest coupons pertaining to any such bearer bonds which have matured on or prior to the redemption date shall continue to be payable to the respective holders thereof, but without interest thereon; and

(6) all unpaid interest payable at or prior to the redemption date upon said fully registered bonds, or parts thereof, so designated for redemption, shall continue to be payable to the respective registered owners of such bonds, but without interest thereon; and

(7) all bonds redeemed and all interest coupons thereof, if any, shall, as provided in Section 16, be cancelled forthwith by the Treasurer of the City and shall not be reissued.

Section 8. Disposition of Bond Proceeds. For the purpose of insuring the application of the proceeds from the sale of bonds to the aforesaid objects and purposes for which said bonds are to be issued, there has been established in the City Treasury a fund to be described or known

Ord 9869 42.5

1966 SEWER REVENUE BONDS, CONSTRUCTION FUND

(herein sometimes called "Construction Fund"). The proceeds from the sale of said bonds (except premium and accrued interest, if any) shall be paid into the Construction Fund and shall be applied exclusively to the aforesaid objects and purposes; provided, however, (1) that the Sewer Revenue Fund may be reimbursed from such proceeds for expenditures for purposes for which the bonds were issued made after November 8, 1966; (2) that said proceeds may be used for the payment of interest on said bonds during the period of acquisition and construction and for the first six months thereafter; and (3) that when the objects and purposes for which said bonds are issued have been accomplished any remaining unexpended funds derived from the sale of said bonds shall be used for the payment of principal and interest of said bonds or for redemption of any callable bonds thereof. Money in the Construction Fund may be temporarily invested in any authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled Construction Fund expenditures.

Section 9. Sewer Revenue Fund. All revenues shall be paid into the Sewer Revenue Fund. The Council hereby directs that sums be set aside through transfers from said fund in such amounts and at such times as may be necessary to comply with this Ordinance. From the Sewer Revenue Fund there shall be paid monthly the sums necessary for the cost of maintenance and operation of the sewer system.

Section 10. Bond Service Fund. For the purpose of insuring the payment when due and payable of the principal of and interest on the bonds, there has been established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, BOND SERVICE FUND (herein sometimes referred to as the "Bond Service Fund"). Upon delivery of the bonds to the original purchasers any premium and accrued interest paid by said purchasers shall be paid into said Bond Service Fund. After said delivery of the bonds and thereafter, so long as any of said bonds are outstanding, on the first day of each calendar month, after the payments required by Section 9 hereof have been made, there shall be set aside and transferred from the Sewer Revenue Fund to the Bond Service Fund sums in equal divisible parts for each half year so that at least the full amount required to pay, as it becomes due, the interest on the bonds and any maturity or installment of principal of the bonds shall be set aside in the Bond Service Fund at least one month prior to the date the installment of interest or principal becomes due. Such transfer on the first day of the first calendar month subsequent to the date of delivery must be at least sufficient, together with other transfers of the same amount made on the first day of each calendar month thereafter, to provide in said Bond Service Fund one month prior to the due date of the first installment of such interest the full amount of such interest, and to provide in said Bond Service Fund one month prior to the maturity of the first installment of such principal the full amount of such principal. All said sums shall be set aside, transferred to and placed in the Bond Service Fund in such time that the next maturing installment of principal of the bonds and interest on the bonds shall be set aside in the Bond Service Fund at least one month prior to the time the maturity or installment of interest or principal becomes due.

Any amounts required to be set aside, transferred to and placed in the Bond Service Fund may be prepaid, in whole or in part, by being earlier set aside, transferred to and placed in the Bond Service Fund, and in that event the monthly transfer, or any part thereof, which has been so prepaid need not be made at the time appointed therefor. In any event, at least one month prior to the due date of any interest or maturity of principal, all sums required for the payment thereof must be in such Bond Service Fund.

Such sums shall be so set aside

out of the Sewer Revenue Fund and not out of any other fund or moneys of the City.

Money set aside and placed in said Bond Service Fund shall remain therein until from time to time expended for the payment of such interest and principal, and shall not be used for any other purpose whatever, except that any such money so set aside and placed in said Bond Service Fund not immediately needed to pay principal and interest may be temporarily invested in any authorized negotiable direct obligations of the United States or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest, provided that the maturity or maturities thereof shall not be later than the date or dates on which money must be available to meet scheduled payments, but such investment shall not affect the obligation of the City to cause the full amount required by the terms of this section to be available in said Bond Service Fund at the time required by the terms of this section.

The bonds and interest coupons shall recite that they are payable from the Sewer Revenue Fund and said bonds and coupons, pursuant to such recital, shall be paid from the Bond Service Fund, which is derived from said Sewer Revenue Fund and is a subdivision thereof.

Section 11. Reserve Fund. For the purpose of insuring the payment when due and payable of the amounts required to be paid under Section 10 hereof there has been established in the City Treasury a fund to be described or known as the 1966 SEWER REVENUE BONDS, RESERVE FUND (herein sometimes referred to as "Reserve Fund"). On or prior to the delivery of the bonds to the purchasers thereof there shall be transferred from the Sewer Revenue Fund to the Reserve Fund an amount which shall be equal to the maximum amount of annual interest. Thereafter there shall be maintained in such Reserve Fund a sum at least equal to the maximum amount of annual interest.

Moneys in the Reserve Fund shall be used solely for the purpose of paying the principal of and interest on the bonds in the event that the moneys in the Bond Service Fund are insufficient therefor and for that purpose may be withdrawn and transferred to the Bond Service Fund; provided, however, that said moneys may be invested in authorized negotiable direct obligations of the United States, or obligations for which the full faith and credit of the United States are pledged for the payment of principal and interest or in negotiable obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act, provided that the maturity of any of the above mentioned obligations shall not be later than 12 years from the date of investment. No payment need be made into the Reserve Fund so long as there shall be in said fund a sum at least equal to said maximum amount of annual interest. Whenever moneys are withdrawn from the Reserve Fund for the purposes provided in this section, the amount in the Reserve Fund shall be restored to the amount required in this section by transfers from Surplus (as hereinafter defined). Any amount in the Reserve Fund in excess of the maximum amount of annual interest may be transferred to the Sewer Revenue Fund. Moneys in the Reserve Fund may be applied toward the payment of the last outstanding maturity of the bonds.

Section 12. Surplus. After the monthly transfers required or permitted by Sections 9, 10 and 11 hereof have been made, any remaining balance of the revenues placed in the Sewer Revenue Fund during the preceding month (herein sometimes referred to as "Surplus") shall be used for the restoration, if necessary, of the Reserve Fund as provided in Section 11 hereof.

After the above use has been made and all other covenants of the City contained herein have been duly performed, such Surplus may be used for any or all of the following:

(1) invested in any securities in which the City may legally invest funds subject to its control.

(2) used for the redemption of any of said bonds which are subject to call and redemption prior to maturity or for the purchase from time to time in the open market any of the outstanding bonds whether or not subject to call and redemption prior to maturity (irrespective of the maturity or number of such bonds) at such prices and in such manner, either at public or private sale, or otherwise as the City in its discretion may determine, but the purchase price (including brokerage or other charges, but excluding accrued interest) shall not exceed 104 1/2% of the principal amount thereof, or if the bonds are subject to call and redemption prior to maturity shall not exceed the redemption price on the next interest payment date of the bonds so purchased.

(3) for any lawful purpose authorized by the City Charter, and except as provided in this Ordinance, the Surplus shall not be used for any other purpose.

Section 13. Covenants. So long as any of the bonds or interest coupons thereof are outstanding and unpaid or so long as provision for the full payment and discharge thereof at maturity or upon redemption prior to maturity in the Bond Service Fund or in a special trust fund to insure the payment or redemption thereof (as the case may be) of money sufficient for that purpose has not been made, the City makes the following covenants with the bondholders which are necessary and desirable to facilitate the issuance and sale of the bonds and for the protection or security of the bondholders; provided, however, that said covenants do not require the City to expend any funds other than revenues.

Covenant 1. Punctual Payment. The City covenants that it shall duly and punctually pay or cause to be paid the principal of and interest on every bond issued hereunder, together with the premium thereon, if any be payable, on the date, at the place and in the manner mentioned in the bonds and coupons and in accordance with this Ordinance, and that the payments into the Bond Service Fund and the Reserve Fund shall be made, all in strict conformity with the terms of said bonds and of this Ordinance, and that it shall faithfully observe and perform all of the conditions, covenants and requirements of this Ordinance and all resolutions supplemental thereto and of the bonds issued hereunder, and that time of such payment and performance is of the essence of the City's contract with the bondholders.

Covenant 2. Discharge Claims. The City covenants that in order to fully preserve and protect the priority and security of the bonds the City shall pay from the appropriate fund and discharge all lawful claims for labor, materials and supplies furnished for or in connection with the sewer system which, if unpaid, may become a lien or charge upon the revenues prior or superior to the lien of the bonds and impair the security of the bonds. The City shall also pay from the appropriate fund all taxes and assessments or other governmental charges lawfully levied or assessed upon or in respect of the sewer system or upon any part thereof or upon any of the revenues therefrom.

Covenant 3. Commence Acquisition and Construction. The City covenants that as soon as funds are available therefor, the City shall commence the accomplishment of the purposes for which the bonds are issued and will continue the same to completion with all practical dispatch and in an economical manner.

Covenant 4. Operate Sewer System in Efficient and Economical Manner. The City covenants that it shall operate the sewer system in an efficient and economical manner and shall operate, maintain and preserve the sewer system in good repair and working order.

Covenant 5. Against Sale, Eminent Domain. The City covenants that the sewer system or any substantial part thereof shall not be sold, leased or otherwise disposed of or transferred, unless such sale, lease or other disposition or transfer be so arranged as to provide for the payment in full of the principal of and interest on all of the bonds and premiums, if any, due upon the call or redemption of any thereof prior to maturity. The revenues shall not be mortgaged, encumbered, sold, leased, pledged, any charge placed thereon, or disposed of or used except as authorized by the terms of this Ordinance. The City shall not enter any agreement which impairs the operation of the sewer system

or any part thereof necessary to secure adequate revenues to pay the principal of and interest on the bonds or which otherwise would impair the rights of the bond holders with respect to the revenues or the operation of the sewer system.

If and to the extent that eminent domain can be exercised against property of the City, the City covenants that any amounts received as awards as the result of the taking of all or any part of the sewer system by such exercise shall either be used for the acquisition and/or construction of improvements and extensions of the sewer system or shall be placed in the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder.

Covenant 6. Insurance. The City covenants that it shall at all times maintain with responsible insurers all such insurance on the sewer system as is customarily maintained with respect to works and properties of like character against accident to, loss of or damage to such sewer system. If any useful part of the sewer system shall be damaged or destroyed, such part shall be restored to use. The money collected from insurance against accident to, loss of or damage to the sewer system shall be used for repairing or rebuilding said sewer system, and to the extent not so applied shall be transferred to the Bond Service Fund or Redemption Fund and shall be used to pay or call and redeem outstanding bonds issued hereunder. The City shall also maintain with responsible insurers workmen's compensation insurance and insurance against public liability and property damage to the extent reasonably necessary to protect the City and the bondholders; provided, however, that with respect to this insurance, the City may be regarded as a responsible insurer.

Covenant 7. Records and Accounts. The City covenants that it shall cause the books and accounts of the sewer system to be audited annually by an independent certified public accountant or firm of certified public accountants and shall make available for inspection by the bondholders at the office of the City Clerk and the office of the City Auditor and Comptroller a copy of the report of such accountant or accountants, and shall also furnish a copy thereof upon request to any bondholder.

Covenant 8. No Free Service. The City covenants that, except for contracts and agreements existing on the effective date of this Ordinance, no service from the sewer system shall be furnished or rendered to the United States of America, the State of California, the City, any municipal or other public corporation or body or any private corporation or person free, and that, except to the extent that the City is required under contracts and agreements existing on the effective date of this Ordinance, no such service shall be rendered to the aforementioned at rates lower than those charged other persons for similar service. No building or other real property of the sewer system and no services of the sewer system shall be furnished free to other departments of the City. The City shall pay into the Sewer Revenue Fund the reasonable value of any such services rendered other departments of the City and the reasonable rental value of any property so used. Reasonable and proper charges for services rendered or quarters furnished to the sewer system by other City departments shall be paid to the City as a part of the cost of maintenance and operation of the sewer system. The City covenants that it shall at all times during the period any of the bonds are outstanding maintain and enforce valid regulations for the payment of bills for sewer services; and that such regulations shall at all times during such period provide that where the City furnishes water to the property receiving sewer service, the sewer service charges shall be collected with and not separately from the water rates of the City and all charges, i.e. sewer service charges and water rates of the City, shall be billed upon the same bill and collected as one item; and in the event of non-payment of any part of the bill for the sewer service charge and water rate, the water service shall be shut off within such time as may be or shall have been prescribed by the Council, which shall be not more than 45 days from the date such bill became delinquent. For sewer users not being rendered water service by the City, the City shall diligently proceed to use every lawful means to collect such sewer service charges.

Covenant 9. Rates and Charges. The City covenants that it shall fix and collect sewer service charges which, with reasonable allowance for contingencies, shall be at least sufficient, together with other revenues, if any, payable into the Sewer Revenue Fund to provide revenues sufficient to pay, as the same shall become due:

Ord 9869 n.s

(a) all necessary costs of maintenance and operation.

(b) 1.20 times the principal of and interest on all outstanding revenue bonds issued hereunder, including premiums, if any, due upon the redemption of any thereof prior to maturity, and including all payments required to be made into the Bond Service Fund and the Reserve Fund, and

(c) all other obligations payable from the Sewer Revenue Fund.

Covenant 10. No Priority for Additional Bonds. The City covenants that no bonds shall be issued pursuant to Section 90.2 or under any other provisions of the Charter or under any other law, having any priority in payment of principal or interest out of the Sewer Revenue Fund over any revenue bonds issued hereunder.

Covenant 11. Limits on Additional Debt. The City covenants that (except for bonds issued to refund revenue bonds payable out of the Sewer Revenue Fund) no additional indebtedness evidenced by revenue bonds, revenue notes or other similar evidences of indebtedness payable out of the Sewer Revenue Fund and ranking on a parity with these bonds shall be created or incurred unless:

First: That the principal of and interest on the bonds issued hereunder have been paid as the same became due; and that payments into the Bond Service Fund and the Reserve Fund have been made, all in conformity with this Ordinance, and

Second: The net revenues of the sewer system as shown by the books of the City for the latest fiscal year or the last completed 12 month period ended prior to the incurring of such additional indebtedness with respect to which such books have been examined and reported upon by an independent certified public accountant or firm of certified public accountants employed by the City, plus, at the option of the City either or both of the items hereinafter in this Covenant 11 designated (a) and (b) shall have amounted to at least 1.30 times the maximum amount of annual debt service on all such indebtedness to be outstanding immediately subsequent to the incurring of such additional indebtedness.

The items either or both of which may be added to the net revenues of the sewer system for the purpose of applying the restriction contained in this Covenant 11 are the following:

(a) An allowance for any estimated increase in such net revenues from any revenue producing additions to or improvements or extensions of the sewer system which have been made but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, were not in service and from any such additions, improvements or extensions to be made with the proceeds of such additional indebtedness or with the proceeds of bonds previously issued, all in an amount equal to 75% of the estimated additional average annual net revenues of the sewer system to be derived from such additions, improvements and extensions for the first 36 month period in which each addition, improvement or extension is respectively to be in operation, all as shown by the certificate or opinion of a qualified independent engineer employed by the City.

(b) An allowance for estimated increases in such net revenues arising from any increase in sewer service charges which has become effective prior to the incurring of such additional indebtedness but which, during all or any part of such fiscal year, or last completed 12 month period, as the case may be, was not in effect, in an amount equal to 75% of the amount by which the net revenues of the sewer system would have been increased if such increase in sewer service charges had been in effect during the whole of such fiscal year, or last completed 12

month period, as the case may be, as shown by the certificate or opinion of a qualified independent engineer employed by the City.

Section 14. Investments. Obligations purchased as an investment of moneys in any funds which are herein authorized to be invested shall be deemed at all times to be a part of such funds and any profit realized from the investment shall be credited to such funds and any loss resulting from such investment shall be charged to such funds and the interest (including interest on investments) accruing thereunder shall be credited to such funds. The City shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from such funds. For the purpose of determining at any given time the balance in any such fund any such investment constituting a part of such fund shall be valued at the then estimated or appraised market value of such investment.

Section 15. Lost, Stolen, Destroyed or Mutilated Bonds. In the event that any bond or any interest coupon pertaining thereto is lost, stolen, destroyed or mutilated, the City will cause to be issued a new bond or coupon similar to the original to replace the same in such manner and upon such reasonable terms and conditions, including the payment of costs and the posting of a surety bond if the City deems such surety bond necessary, as may from time to time be determined and prescribed by resolution. The City may authorize such new bond or coupon or coupons to be signed and authenticated in such manner as it determines in said resolution.

Section 16. Cancellation of Bonds. All bonds and coupons surrendered to any fiscal agent of the City for payment upon maturity or for redemption prior to maturity shall upon payment therefor be cancelled immediately and forthwith transmitted to the Treasurer of the City. All of the bonds and interest coupons surrendered to the Treasurer for payment or redemption shall upon payment therefor be cancelled immediately. Any bonds purchased by the City, together with all unpaid coupons pertaining thereto, shall be cancelled forthwith and shall not be reissued. All of the cancelled bonds and interest coupons shall remain in the custody of the Treasurer until destroyed pursuant to due authorization.

Section 17. Consent of Bondholders. The City may, from time to time, and at any time, without the consent of bondholders as hereinafter provided, in order to cure any ambiguity, defect or omission in this Ordinance or in any resolution or order in the proceedings for the issuance of the bonds, adopt such additional ordinances, resolutions or orders supplemental hereto as shall not be inconsistent with the terms and provisions hereof, and such supplemental ordinances, resolutions or orders shall thereafter become a part of the proceedings for the issuance of the bonds as referred to in

Section 18. The consents of bondholders provided for in this section shall relate solely to the amendment, waiver or modification of the covenants specified in Section 13 hereof and shall not be effective to waive or modify any other provisions of this Ordinance or any other proceedings for the issuance of said bonds. Any act relating to the amendment, waiver or modification of any of the said covenants consented to by bondholders holding sixty per cent (60%) in aggregate principal amount of the outstanding bonds, exclusive of bonds, if any, owned by the City, shall be binding upon the holders and registered owners of all of the bonds and interest coupons, issued hereunder, and shall not be deemed an infringement of any of the provisions of this Ordinance or of said Charter or Section 90.2 thereof, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Ordinance, and after such consent relating to such specified matters has been given, no holder or registered owner of any bond or of any interest coupon, shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the City or any officer thereof from taking any action pursuant thereto. As used herein "bondholder" includes both the holder of any bearer bond and the registered owner of any fully registered bond.

Bondholders may consent by affirmative vote at a bondholders' meeting or may consent in writing without a meeting, all as hereinafter provided.

No such amendment, waiver or modification shall be made which will permit (a) a change in the maturity or term of redemption of the principal of any bond or any installment of interest thereon; (b) a reduction in the principal amount of or redemption price or redemption premium or rate of interest upon any bond without the consent of the holder of such bond; or (c) a reduction of the percentage of the principal amount of bonds the vote or consent of which is required to effect any such amendment.

For all purposes connected with this Section 17 each \$5,000 of face value of any fully registered bond shall be treated as though it were a separate bond of the denomination of \$5,000.

(a) Calling Bondholders' Meeting. If the City shall desire to obtain any such consent the Council thereof may call a meeting of bondholders, by resolution, for the purpose of considering the action, the consent to which is desired.

(b) Notice of Meeting. Notice specifying the purpose, place, date and hour of such meeting shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days and not more than ninety (90) days prior to the date fixed for the meeting. Such notice shall set forth the nature of the proposed action, consent to which is desired. The City Clerk shall, on or before the first publication of such notice, mail a similar notice, postage prepaid, to the respective registered owners of the fully registered bonds at their addresses appearing on the bond registry books. The place, date and hour of holding such meeting and the date or dates of publishing and mailing such notice shall be determined by the City, in its discretion.

The actual receipt by any bondholder of notice of any such meeting shall not be a condition precedent to the holding of such meeting, and failure to receive such notice shall not affect the validity of the proceedings thereat. A certificate by the City Clerk, approved by resolution of the Council of said City, that the meeting has been called and that notice thereof has been given as herein provided shall be conclusive as against all parties and it shall not be opened to any bondholder to show that he failed to receive notice of such meeting.

(c) Voting Qualifications. Any bondholder may, prior to any such meeting, deliver his bond or bonds to any agency designated by the City for the purpose, and shall thereupon be entitled to receive an appropriate receipt for the bond or bonds so deposited, calling for the redelivery of such bond or bonds at any time after the meeting. The Treasurer of the City shall prepare and deliver to the chairman of the meeting a list of the names and addresses of the registered owners of fully registered bonds, with a statement of the maturities and numbers of the bonds held and deposited by each of such bondholders, and no bondholder shall be entitled to vote at such meeting unless his name appears upon such list or unless he shall present his bond or bonds at the meeting or a certificate of deposit thereof, satisfactory to the City, executed by a bank or trust company. No bondholder shall be permitted to vote with respect to a larger aggregate principal amount of bonds than is set against his name on such list, unless he shall produce the bonds upon which he desires to vote, or a certificate of deposit thereof as above provided.

(d) Issuer-owned Bonds. The City covenants that it will present at the meeting a certificate, signed and verified by one member of the Council and by the Treasurer of the City stating the maturities and serial numbers of all bonds owned by, or held for account of, the City, directly or indirectly. No person shall be permitted at the meeting to vote or consent with respect to any bond appearing upon such certificate, or any bond which it shall be estab-

lished at or prior to the meeting is owned by the City, directly or indirectly, and no such bond (in this Ordinance referred to as "issuer-owned bond") shall be counted in determining whether a quorum is present at the meeting.

(e) Quorum and Procedure. A representation of at least sixty percent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall be necessary to constitute a quorum at any meeting of bondholders, but less than a quorum may adjourn the meeting from time to time, and the meeting may be held as so adjourned without further notice, whether such adjournment shall have been had by a quorum or by less than a quorum. The City shall, by an instrument in writing, appoint a temporary chairman of the meeting, and the meeting shall be organized by the election of a permanent chairman and a secretary. At any meeting each bondholder shall be entitled to one vote for every \$5,000 principal amount of bonds with respect to which he shall be entitled to vote as aforesaid, and such vote may be given in person or by proxy duly appointed by an instrument in writing presented at the meeting. The City, by its duly authorized representative, may attend any meeting of the bondholders, but shall not be required to do so.

(f) Vote Required. At any such meeting held as aforesaid there shall be submitted for the consideration and action of the bondholders a statement of proposed action, consent to which is desired, and if such action shall be consented to and approved by bondholders holding at least sixty percent (60%) in aggregate amount of the bonds then outstanding (exclusive of issuer-owned bonds) the chairman and secretary of the meeting shall so certify in writing to the City, and such certificate shall constitute complete evidence of consent of bondholders under the provisions of this Ordinance. A certificate signed and verified by the chairman and the secretary of any such meeting shall be conclusive evidence and the only competent evidence of matters stated in such certificate relating to proceedings taken at such meeting.

(g) Written Consent of Bondholders. If the City shall desire to obtain any such consent in writing, without a meeting of bondholders, the Council thereof may, by resolution, propose the action, to which consent is desired. A copy of such resolution, together with a request to bondholders for their consent to the action proposed therein, shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York. The City Clerk shall, on or before the publication of such resolution and request, mail a copy thereof to each registered owner of the fully registered bonds at the address appearing on the bond registry books.

The actual receipt by any bondholder of such resolution and request shall not affect the validity of the proceedings for the obtaining of such consent. A certificate by the City Clerk, approved by resolution of the Council of said City, that said resolution and request has been published and mailed as herein provided shall be conclusive as against all parties, and it shall not be open to any bondholder to show that he failed to receive such resolution and consent.

Each written consent shall be accompanied by proof of ownership of the bonds for which such consent is given. Proof of ownership shall be made in such manner as shall be prescribed by the resolution proposing the action. Any such written consent shall be binding upon the bondholder giving such consent and on any bondholder (whether or not such subsequent bondholder has notice thereof) unless such consent is revoked in writing by the bondholder giving such consent or by the subsequent bondholder. To be effective, any revocation of consent must be filed before the adoption of the resolution accepting consents as hereinafter provided.

After the bondholders holding at least sixty percent (60%) in aggregate principal amount of the bonds then outstanding (exclusive of issuer-owned bonds) shall have consented in writing, the Council shall adopt a resolution accepting such consents and such resolution shall constitute complete evidence of the consent of bondholders under this Ordinance.

Ord 9869 N.S.

(h) Publication of Consent. Notice specifying the amendment, waiver or modification that has received the consent of bondholders as required by this Section 17 shall be published once in a financial newspaper or journal of national circulation published in the City of New York, New York, not less than sixty (60) days following the final action in the proceedings for the obtaining of such consent. Said notice is only for the information of bondholders and failure to publish such notice or any defect therein shall not affect the validity of the proceedings theretofore taken in the obtaining of such consent.

Section 18. Forms of Bonds. The bearer bonds and the interest coupons pertaining thereto are issued in negotiable form and shall be negotiable, and the same and the fully registered bonds which are provided to facilitate registration shall be substantially in the forms hereinafter set forth. Such forms are hereby approved and adopted as the forms of the Bonds, and of the coupons and redemption, registration, exchange and transfer provisions pertaining thereto.

(a) A licensee or employee may admit into or permit to be present in a cabaret a person at least eighteen (18) years of age, but under twenty-one (21) years of age if

(i) such cabaret is operated for the primary purpose of serving food;

(ii) the licensee applies for authorization of the City Manager or his delegate, herein called "Manager," for such admittance and presence on forms provided by the Manager; and

(iii) The Manager has issued such authorization to the licensee.

(ii) such cabaret is operated for the primary purpose of serving food;

(iii) such cabaret holds a valid California Department of Alcoholic Beverage Control license as an on-sale beer, wine, or beer and wine bona fide public eating place; and

(iv) the licensee applies for authorization of the Manager for such admittance and presence on forms provided by the Manager; and

(c) In determining whether to approve such application, the Manager shall take the following matters into account:
